

The Florin Road Community Beautification Project, funded by Clean California, aimed to improve a stretch of Florin Road from Tamoshanter Way to Franklin Boulevard. The project brought together community partners and stakeholders with a mission to reduce waste and debris, beautify and improve public spaces, and advance equity for the area's underserved communities. The project added updated landscaping, public seating, and eye-catching art installations which vibrantly display the diversity and culture of the Meadowview neighborhood.
