For faster response, email sue@pactforanimals.org

PACT for Animals has two foster programs to assist pet owners who temporarily cannot care for their pets, so they can be reunited once they are able.

- ✓ The military program provides foster care for the pets of our military members when they are on deployment, training, relocation, change of station. The military program also covers military support personnel.
- ✓ The medical program provides foster care for the pets of hospital patients requiring extended stay or recovery. This includes mental illness or drug/alcohol treatment.

IN-HOME CARE & EUTHANASIA

www.lapoflove.com

Services include in-home hospice, pet euthanasia services, cremation & aftercare, virtual advice, and pet loss support.

LOW-COST VET CARE & FINANCIAL ASSISTANCE

BRADSHAW ANIMAL ASSISTANCE TEAM

916-875-2228

The Bradshaw Animal Assistance Team (B.A.A.T.) Mobile Outreach Trailer provides vaccine and wellness services to specific areas of the community, where a disproportionate number of animals come to animal shelters or areas that have limited access to veterinarian care. The mobile clinic is staffed by a veterinarian and registered vet technicians. Specific communities will be notified locally about the days and times the BAAT mobile is able to provide medical services.

Frankie's Friends Fund provides financial assistance grants to family-owned pets in need of lifesaving emergency or specialty veterinary care whose caregivers cannot afford the full cost of treatment. Grants are not guaranteed and will not exceed \$2000 per pet, per household.

Before applying, you must have (1) an estimate of the cost of care from a veterinarian that has already seen your pet, (2) a clear diagnosis, and (3) a treatment plan with a "good" prognosis as determined by a licensed veterinarian.

The mission is specific to emergency and specialty veterinary care of family-owned pets only.

<https://www.onyxandbreezy.org/grant-application.html>

The Onyx & Breezy Foundation provides funding and support to:

- Spay and Neuter Programs
- Food, Medicine, and Supplies
- Cancer Research
- Medicine and Equipment for Military and Police Canines
- Pets of Individuals Where Medical Hardship is Present
- Helping the Dogs of Veterans Suffering from PTSD
- Other Endeavors that Benefit the Welfare of Animals

All grant applications must be returned with the following to be presented for consideration:

- Financial -Tax Return (copies only)
- Diagnosis & Prognosis (if applicable)
- Estimate of Cost
- Care Credit Status (Individuals must apply for care credit and submit evidence of either denial or approval with available balance)
- Telephone Number that Accepts Calls from a "Blocked" Telephone Number

If urgent, email application to info@onyxandbreezy.org (email attachment must be in PDF format and contain no more than 10 pages).

PET ASSISTANCE INC

<https://www.petassistanceinc.org/financialaid>

Pet Assistance Inc. helps solely with independent, privately owned hospitals. Veterinary care subsidies are for urgent or life-threatening emergencies only. They cannot help financially with new or recently acquired pets. Grants are based on urgency, prognosis and financial needs. The owner must contribute to their pet's treatment or surgery. A written estimate from a veterinarian is required for financial assistance. Most inquiries will be addressed within 36 hours. If the application is about a life-threatening emergency, a response will be provided as soon as possible.

THE PET FUND

info@thepetfund.com

www.thepetfund.com

The Pet Fund works **ONLY** on non-basic, non-urgent care. There are four categories of care:

1. Basic care (spay and neuter procedures, dental, vaccinations, etc.)
2. Non-basic, non-urgent care (cancer treatment, heart disease, chronic conditions, endocrine diseases, eye diseases, etc.)
3. Urgent care (diagnostic testing, broken leg, torn ligament, etc.)
4. Emergency care (life-threatening injuries or illnesses)

Eligible pet owners can apply for a one-time grant, which must be for already adopted animals whose medical needs match our care category and wait list time. To be eligible for the program:

1. Your animal must need non-basic, non-urgent care only, and both you and your companion animal must meet our program criteria.
2. Your animal's medical needs must be able to wait the length of our current wait list.
3. You must contact us by email with your request prior to sending your application.

If you think your animal may be eligible for this program, email info@thepetfund.com with a description of your animal's medical needs. Include a phone number where you can be reached with your email as well. If your animal's medical needs match the program criteria, we will advise you to complete the application. Do not send the application before the staff has had the opportunity to review your email request for assistance.

REDROVER

<https://redrover.org/relief/urgent-care-grants/>

The RedRover Relief Urgent Care grant program provides financial assistance, resources, and emotional support for pet guardians struggling with economic hardship when pets are in life-threatening situations. The average grant is around \$250 and is intended to fill a small gap in funding that is keeping an animal from care.

PAYMENT PLAN FOR VETERINARY CARE

CARECREDIT

800-677-0718

www.carecredit.com/vetmed

Offers veterinary financing to help keep your most cherished family members in top shape. Whether you use it to cover annual expenses like preventative care check-ups or for unexpected costs like pet prescriptions and house calls, the CareCredit healthcare credit card makes it easy to give your pets the care they need when they need it. Ask your veterinarian's office if they accept the CareCredit healthcare credit card.

Here are some of the many small-animal and large-animal veterinary procedures you can use your CareCredit healthcare credit card for:

Annual Check-Ups	Rehabilitation
Care of Chronic Pet Diseases	Parasites
Dermatology	Pet Food and Nutrition
Diagnostics	Spaying and Neutering
Emergency Services	Surgical Procedures
Medication	Teeth Cleaning
Microchipping	Vaccinations

SCRATCHPAY

855-727-2395

www.scratchpay.com

Scratchpay provides you with simple, friendly payment plans. Finding a plan option will not affect your credit score, since they perform a soft credit inquiry. There are no hidden fees, no prepayment penalty, no deferred interest, and no hard credit check.

Scratchpay's platform allows individuals with vet bills from \$200 to \$10,000 to apply for payment plans. If approved, applicants view and choose between various payment and interest options. Once the plan is set, the vet receives a confirmation email and Scratchpay pays the vet through direct deposit.

FEEDING PETS OF THE HOMELESS

775-841-7463

www.petsofthehomeless.org/get-help

If your pet experiences illness or injury, please call 775-841-7463. A case manager will conduct an interview to see if you and your pet qualify for assistance through the Emergency Vet Care Program. If you are eligible, a case manager will approve an exam and help you make an appointment for your pet at a local hospital or clinic. Case managers are available for new cases Monday – Friday from 9 am to 3 pm. New emergency calls are not responded to after-hours or on weekends. Leave a message and a case manager will return your call the next business day. A case manager may be working remotely and may be calling you back from a private number, so be sure to answer your phone.

This organization has partnered with pet food providers across the nation, including food banks, pantries, soup kitchens, and shelters. If you need food or supplies for your pet, please search the resources map on the website for a pet food provider near you and call to see if they have supplies on hand.

For an upcoming wellness clinic near you, please call or contact this organization to find a date and location.
