

Small Project Rapid Review (SPRR) Plan Review Request

SPRR is not intended for Minor Permits or other permit types that do not require plan review. If your project qualifies as a Minor Permit, please [visit the Minor Permits page](#) and follow the applicable permit application process.

Before selecting this application type, please visit the [Small Project Rapid Review page](#) and carefully review all SPRR terms, eligibility criteria, and limitations. If your project does not fully comply with the SPRR program requirements, select "Building Permit Submittal Clearance" when creating your planning application.

Small Project Rapid Review (SPRR) Memorandum of Understanding

- I agree there is no guaranteed qualification for Small Project Rapid Review and that many aspects of a project's scope can disqualify it from participation.
- I understand that if this project is determined to be ineligible, my request will be forwarded automatically to our Electronic Plan Check (EPC) Intake Staff and rejections are not subject to appeal.
- I confirm that my plans conform to the SPRR criteria as outlined on the Small Project Rapid Review page.
