Help Line: 916-264-5011 CityofSacramento.org/dsd

 The second secon	
Fire: If alterations are proposed to an existing building equipped with a fire suppression and	
monitoring systems, fire sprinkler plans and supporting documents are required. If the proposed	
scope does not result in the need to modify the existing systems, a letter from a C-16 Fire	
Protection Contractor is required indicating that the existing systems will not be negatively affected by the proposed work.	
Changes to an existing use/occupancy may also necessitate the installation of new fire protection systems.	
Mechanical/Plumbing: If alterations are proposed to the existing Plumbing or Mechanical systems.	
<b>Planning:</b> If on the Planning Referral sheet (PR), in the <b>Plan Check Required</b> section any of the boxes other than the <b>Not Required</b> box is selected.	
<b>Landscape:</b> Remodel or tenant improvement projects which involve the installation of new or rehabilitated landscaping equal to or greater than 2,500 square feet in area.	
Structural: Remodel or tenant improvement projects which involve alterations to the existing	
Foundation, roof framing, ceiling framing, load bearing wall penetrations, floor framing, lateral	
resisting systems (examples may include but are not limited to perimeter shear walls, interior shear walls, braced frames, etc.)	
<b>Development Engineering:</b> If the remodel or tenant improvement involves the creation of a new	
driveway or relocation of an existing driveway or any work in the public right of way (street, alley or sidewalk).	
<b>Utilities:</b> If the remodel or tenant improvement involves a change to the domestic water service, fire protection service, irrigation water service, sewer service or storm water inlets.	
When the scope of your project necessitates the following documents are required:	
Structural Calculation	
Soils or Geotechnical Reports	
Truss Calculations	
Fire Sprinkler Calculations
