

**Certificate of Compliance
For Installation of CPVC Plumbing Materials
(Pursuant to California Plumbing Code 604.1.1)**

To: Chief Building Official

I am licensed by the State of California as a C-36 plumbing contractor and seek a building permit for installation of CPVC plumbing materials in residential construction as provided for under the California Plumbing Code section 604.1.1. Pursuant to section 604.1.1, I hereby certify that:

- I. I am aware of the health and safety hazards associated with CPVC plumbing installations. All precautions for personnel protection during the CPVC installation process including but not limited to the wearing of nitrile gloves, proper ventilation and/or wearing of respirators will be taken.
- II. My company's Illness and Injury Prevention Plan satisfies the worker training safety guidelines of the California Department of Industrial Relations and includes information about the hazards associated with CPVC plumbing pipe installations.
- III. My company will comply with all the installation and health and safety requirements of the California Plumbing Code applicable to the installation of CPVC plumbing materials. These include but are not limited to the mandatory system flushing procedures.
