Re: Greenbriar Project Draft Addendum to EIR (SCH # 2005062144)

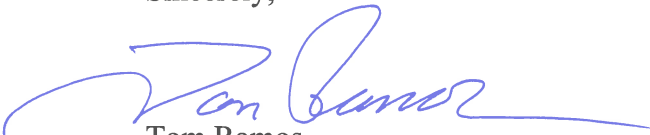

Ms. Mahaffey,

In light of your request that written comments on the Greenbriar Project Draft Addendum to its previously-certified EIR be submitted by February 13, 2017; we want to make you aware that Metro Air Park, LLC (MAP) continues along with the County of Sacramento (County), to analyze the document and as such wish to reserve submission of possible comments to a later time.

MAP is very interested in understanding the Greenbriar Project's ultimate design and possible impacts. In addition, MAP and the County have been meeting with the Greenbriar proponents and the City of Sacramento (City) on an ongoing basis to discuss possible cost share of common facilities and how we may assist each other in making our projects successful. As of today we do not have a clear enough understanding to properly determine if comment on the document is needed.

We appreciate your understanding and cooperation in this matter and are available to discuss further if necessary.

Sincerely,

Tom Ramos
President
