

Appendix E

Cultural Resources Data

Archaeological Testing Plan Outline for the Railyards Specific Plan Update

INTRODUCTION

- Description and Purpose of Project
- Regulatory Context
- Purpose and Application of Archaeological Testing Plan
- Agency Review
- Interested Party and Native American Consultation

PRE-FIELD RESEARCH

- Methods
 - Records Search
 - Historical Research
- Findings

TESTING PLAN

- Identification Plan and Methods
- Identification of Archaeological Resources
- Evaluation of Historic Properties
 - Prehistoric Archaeological Sites
 - Historic Archaeological Sites
- Laboratory Methods
 - Discard Policy
 - Special Studies
- Procedures for Dealing with Human Remains
- Procedures for Archaeological Discoveries During Construction
- Curation
- Health and Safety Procedures

DATA RECOVERY/MITIGATION REQUIREMENTS

- Data Recovery Plan

Archaeological Monitoring Plan Outline for the Railyards Specific Plan Update

INTRODUCTION

- Description and Purpose of Project
- Regulatory Context
- Purpose and Application of Archaeological Monitoring Plan
- Agency Review
- Interested Party and Native American Consultation

EXPECTED ARCHAEOLOGICAL AND HISTORICAL RESOURCE TYPES

- Prehistoric Property Types
- Historic-Period Property Types
 - Domestic
 - Railroad Related
 - Other
- Isolated Burials and Features
- Isolated Artifacts
- Architecture
- Infrastructure
- Refuse

MONITORING PROCEDURES

- Locations
- Frequency
- Termination of Monitoring

DISCOVERY PROCEDURES

- Stop Work
- Notifications
- Resource Protection
- Procedures for Significance Determinations
- Procedures for Mitigation
