H29. Financial Assistance for Affordable ADUs	The City shall identify potential funding sources and community partners to develop and implement a financial assistance program that would provide loans and/or grants to encourage homeowners to construct an ADU with an agreement to charge rents affordable for lower income households or rent the ADU to Housing Choice Voucher participants.	2025	CDD (primary); OIED, Treasurer’s Office	The City anticipates completing this program by the end of 2025.
H30. Regional Analysis of Impediments to Fair Housing	The City shall continue to participate in a regional collaborative approach to analyzing and addressing fair housing issues through the five-year review and update of the regional Analysis of Impediments to Fair Housing Choice. The City shall take affirmative actions to further fair housing choice in the City by implementing the solutions developed in the Regional Analysis of Impediments to Fair Housing Choice (AI) to mitigate and/or remove fair housing impediments.	2025	SHRA (primary); CDD (primary)	SHRA continues to take affirmative actions to further fair housing choice in the City by implementing the Renter’s Helpline (RHL) and coordinating with Legal Services of Northern California (LSNC). On February 9, 2023, HUD published in the Federal Register a Notice of Proposed Rulemaking (NPRM) entitled “Affirmatively Furthering Fair Housing”. The AI will be updated when guidance is finalized.
H31. Monitor Status of Flood Protection Improvements and Impact on Meeting the RHNA	The City shall monitor the status of flood protection improvements in the Natomas Basin planned for 2025 and the associated residential cap on building permits in the Natomas Basin (i.e., 1,000 single units and 500 multi-units per calendar year). If the residential building permit cap would impact the City’s ability to meet the lower-income RHNA, the City will take action to eliminate the potential impact or will ensure that adequate sites are available, or made available, in other areas of the City.	Monitor residential building permits annually; make determination of impact on ability to meet lower-income RHNA in 2025, and take action to eliminate impact or identify replacement sites by the end of calendar year 2025.	CDD	The City continues to monitor the status of flood protection improvements in the Natomas Basin. The Housing Element sites inventory contains capacity for over 4,000 units of lower income housing and over 2,500 of moderate-income housing in vacant and underutilized sites and approved projects in this area of the City. Per the City’s Floodplain Management Regulations (15.104.065 Zone A99 regulations), for the calendar year 2024, the allowed number of permits to be issued for single unit dwellings is 3,311, and the allowed number of permits to be issued for multi-unit dwellings is 2,189. These caps are well in excess of the amount of recent development activity and projected development activity for the calendar year 2024. Thus, the cap on residential building permits will not affect the City’s ability to meet the lower income RHNA.

H47. Preserve Existing Supply of Affordable Housing	The Sacramento Housing and Redevelopment Agency (SHRA) shall track expiring subsidy contracts and regulatory agreements on regulated affordable housing. SHRA will prioritize multifamily lending such that preserving affordable housing at risk of converting to market rate comes first when funding is available. SHRA will ensure that owners have complied with Government Code Sections 65863.10, 65863.11, and 65863.13 before releasing regulatory agreements or approving ownership transfers for projects affiliated with SHRA. In addition, at least annually, SHRA will review the list of properties with expiring regulatory agreements and contact owners whose properties' restrictions will expire within the following 36 months. SHRA will coordinate with qualified entities upon initial noticing and pursue and support applications for funding. To maximize tenant protections, SHRA will offer coordination assistance – developer outreach for owners planning to sell and tenant education for owners planning to allow their restrictions to expire. In addition, the City will ensure compliance with the “no net loss” provisions of the adopted Housing Authority Repositioning Strategy, ensuring that, during rehabilitation and revitalization of public housing properties, there is no net loss of units affordable to extremely low-income families.	SHRA will track expiring subsidy contracts on an ongoing basis and will conduct an annual review.
