		A request to divide 12 parcels totaling 3.477 acres in the R-1 Zone into 17 residential lots, ranging from approximately 0.121 acres to 0.446 acres, and an approximately 0.1-acre lot for flood control. As part of the Tentative Map, the applicant is requesting to create a flag lot and one landlocked parcel that would be served by a private easement. No development is proposed at this time. This request requires approval of a Tentative Map to create the 18 lots with a tentative map design deviation and Site Plan and Design Review for the review of the Tentative Map layout with deviations to parcel depth. This request requires a director-level review.

P23-015		dabbes@cityofsacramento.org A request to construct a new carwash and oil change facility at Stockton Blvd. and Dias Avenue on a 3-acre site consisting of 4 parcels. The request requires a rezone of the most easterly parcel from C-1 to C-2 so that the entire site would be zoned General Commercial (C-2), a Conditional Use Permit to establish an automobile service use in the C-2 zone, and Site Plan and Design Review to construct the new carwash, oil change facility, and associated site improvements. The proposal requires approval by City Council. A previous file (Z21-006) approved a new carwash and oil change facility on the south portion of the subject site to replace the existing buildings and site. This current proposal moves the carwash and oil change facility toward Dias Avenue and the corner of Stockton Blvd. onto different parcels and proposes future retail use at the south portion of the subject site.
