

# PENDING PROJECT LIST

Posting Date: 5/15/2026

CURRENT STATUS	FILE #	ADDRESS DESCRIPTION	PLANNER	REVIEW LEVEL
<b>Council District - In Progress</b>				
	P21-017	0 UNKNOWN	Matthew Aijala 916-808-7176 maijala@cityofsacramento.org	City Council
A request to annex approximately 470 acres of vacant land in North Natomas. The project proposes a Sphere of Influence Amendment, Annexation, General Plan Amendment, Pre-Zoning, creation of a Planned Unit Development, a Development Agreement, a Master Parcel Map, and Site Plan Design Review. The project site would be designated for light industrial/warehousing and highway-oriented commercial uses.				
<hr/>				
<b>Council District - 1 In Progress</b>				
	DR25-165		Sarah Scott 916-808-2688 sscott@cityofsacramento.org	Staff
Request for Site Plan and Design Review to construct 165 single-unit dwellings on an approximately 39.82-acre parcel in the Single-Unit Dwelling and Single-Unit or Duplex Dwelling Zones (R-1,R-1A-PUD) in the Panhandle Planned Unit Development (Cononelos subdivision approved under Z23-043) and design review area.				
	DR26-078	5421 E LEVEE RD	Kevin Valente 916-372-6100 KValente@raneymanagement.com	Design Director
Request for Site Plan and Design review to install a prefabricated accessory structure on an approx. 4.16-acre parcel in the A zone within the Citywide design review area. Deviation for exceeding maximum wall height,				
	DR26-087	4201 E COMMERCE WAY	Kevin Valente 916-372-6100 KValente@raneymanagement.com	Staff
Project consists of the construction of 763 parking stalls in an area on the southwesterly side of the existing Centene buildings in the (C-1,EC-50,SC)PUD zone in Citywide Design Review District. Natomas Crossing #3 PUD.				
To offset the construction of these 763 new parking stalls, 763 existing parking stalls, that are located entirely in the future Parcel C area, will be decommissioned such that there will be no net change in Centene parking stalls on the property. The construction of 763 new parking stalls will allow Parcel C to be marketed for possible future development without impacting the contractual obligations to Centene to provide a certain number of parking stalls. The proposed project will provide surface parking with trees and planting consistent with the remainder of the site. The project will also relocate the existing fencing and gates to maintain emergency vehicle circulation and secure access to the Centene facilities. A Tentative Parcel Map was approved on April 2, 2026 and a parcel map waiver process is underway to subdivide the parcel into 3 parcels.

		<p>The project building is a single story 27,000 square foot blow molding facility consisting of tilt-up concrete wall construction and TPO roof. A conveyor bridge conveys newly formed bottles over an existing truck aisle into the existing facility. Exterior color will match the existing facility. Exterior light and sound are not a generator above existing plant activities. No process effluent is produced or discharged from this new facility. Excess blow molded material is recycled on site. Bottles that are deemed ineligible for recycling on site, are recycled offsite. The project is expected to have minimal emissions of volatile organic compounds (VOC) and particulate matter associated with operation of new equipment. Particulate matter emissions from material conveyance or grinding are controlled by a dust collection system. There is a net zero increase of plastic wrap waste or recycled products over current operations. General refuse from the project's small office area is either removed through a janitorial service or bagged and taken to the existing facility's trash.</p>		
	<b>DR25-228</b>	2250 MORLEY WAY	Mia Bell 916-808-4758 mbell@cityofsacramento.org	Staff
		<p>Site Plan and Design Review to propose a new front and rear addition totaling approximately 1200sqft in the R-1-Single-Unit dwelling zone in Citywide Design Review District.</p> <p>1. On the east side/rear, add a new Guest Suite including a new private Bathroom. Also include a new Laundry/Mud Room near the existing Garage. Area beside the existing Kitchen may be reconfigured to achieve the best layout option. 2. On the front side, add two (2) new Bedrooms including on-suite Bathrooms. Also add on to the existing Living/Dining Areas while keeping the existing vaulted ceiling. 3. Remove the wall that separates the existing Living and Dining Rooms. 4. Demolish the existing Enclosed Rear Covered Patio (to be replaced with a new Covered Patio - not part of this set of plans). 5. Push out the existing Dining Room wall (facing the backyard) to be even with the Kitchen/Living Room walls. 6. Reconfigure existing Kitchen area. 7. Remodel existing Bathrooms to include showers only.</p>

		The current single-family residence is a single-story floodplain home.		
		The owner's project proposes lifting the building in place and adding a new ground floor beneath the existing floor.		
		The project will also slightly expand the building footprint on the south and east sides.		
		The new ground floor plan will include a studio junior ADU of approximately square feet.		
		The remaining portion of the new ground floor will connect to the new second floor through an interior stairway.		
		The junior ADU will also connect to the new ground floor space of the single-family residence.		
		The ADU will initially be used by a family member.
