	<b>DR25-108</b>	811 GRAND AVE  The entitlement requested with this application is Site Plan and Design Review for the facade improvements to Buildings A, B, and C at the HeartLand Child and Family Services campus at 811 Grand Avenue in North Sacramento. The facade improvements at Building A facing Grand Avenue include a cement plaster parapet extension to the conceal the new rooftop equipment installed as part a separate commercial kitchen tenant improvement project (COM-2320310), and an angled corner element is intended to address the lack of windows necessary for the new commercial kitchen improvements, and help draw visitors from Grand Avenue as the primary entry into the site. The angled form begins with a projecting cement plaster wall with the HeartLand logo in the form of a painted mural. The form extends to the corner with an overhang framed in exposed steel, and beneath the overhang, at the pedestrian level, there are a series of multi-colored painted vertical metal fins to provide visual interest and help obscure the columns required to support the added parapet. The metal fins also repeat on the remainder of the Building A facade facing Grand Ave. to the south and facing west. The multi-colored metal fins relate to the same colors of the triangular parapet design that was approved for Building D (COM-2501988). The remainder of the facades for Building A, and at the facades at Buildings B and C are proposed to have the same triangular parapet design. With the facade improvements proposed, the building will have a cohesive and colorful appearance to welcome children and families to the HeartLand campus.
