I. Policy Statement

The City of Sacramento (City) is an equal opportunity employer. It is committed to creating and maintaining a work environment that is free of all forms of discrimination and harassment, including sexual harassment, retaliation, and malicious false accusation by any supervisor, manager, coworker, and/or parties who have contact with a City employee. In furtherance of this commitment, the City will appropriately address any report of harassment, discrimination, retaliation, or malicious false accusation.

All employees, applicants, and independent contractors working with the City are to be treated with dignity and respect, and the City will not tolerate discrimination, harassment, or retaliation in the hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. Further, the City will not tolerate harassment or discrimination of its employees by others with whom the City has a business, service, or professional relationship.

The non-discrimination policies of the City may be more comprehensive than state or federal law. Conduct that violates these policies may not violate state or federal law but still could subject an employee to discipline. The City will take preventive and corrective action, up to and including termination, to address any of the following, but not exhaustive, list of behaviors:

- Failure to follow any provision of this policy and/or for behavior that violates this policy or the rights it is designed to protect.
- Making malicious false allegations of discrimination, harassment, or retaliation.
- Purposely impeding an investigation involving harassment or discrimination.
- Retaliation related to the reporting or investigation of harassment or discrimination.

The Director of Human Resources is the City Manager's designee to direct, coordinate, and supervise the activities associated with the City's Equal Employment Opportunity Policy and the Discrimination/Harassment Complaint Procedure.

II. Policy Statement on Discrimination, Harassment, and Retaliation

Discrimination, harassment, and/or retaliation will not be tolerated. The City prohibits all forms of discrimination, harassment, and/or retaliation, including any employment-related action by an employee that adversely affects an applicant or employee and is based on any protected classification identified in this policy, including age (age 40 or over), ancestry, color, physical or mental disability, gender, gender expression, gender identity, genetic information, marital status, medical condition, military and veteran status, national origin, race, religious creed, sex, sexual orientation, and any other classification protected by law.

The City's commitment to equal opportunity and non-discrimination extends to all job

applicants, employees, and all aspects of employment, including but not limited to recruitment, hiring, training, assignment, promotion, compensation, transfer, layoff, reinstatement, benefits, education, and termination, as well as to the provision of reasonable accommodation to qualified persons with disabilities.

III. Policy Statement on Sexual Harassment

Sexual harassment is a form of harassment. Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.
- Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the worker.
- Such conduct has the purpose or effect of substantially interfering with a worker's work performance or creating an intimidating, hostile, or offensive work environment.

The City will not tolerate any form of sexual harassment.

IV. Policy Statement on Racial Harassment

The City will not tolerate any racial harassment. Examples of racial harassment include derogatory remarks based on race, discriminatory behavior based on race, and any act which places the employee at a deliberate disadvantage based on race.

V. Policy Statement on Disability Discrimination

Discrimination on the basis of disability against any applicant or employee who is a qualified individual with a disability, or is perceived to have a disability, by a supervisor, management employee or coworker will not be tolerated. This policy applies to the job application process and all terms and conditions of employment including, but not limited to: recruitment, hiring, training, assignment, promotion, compensation, transfer, layoff reinstatement, benefits, education, termination and also in the provision of City programs, services and activities.

A. Discrimination on the basis of disability includes, but is not limited to, the following:

1. Limiting, segregating, or classifying a job applicant or employee in a way that may adversely affect opportunities or status because of the applicant's or employee's actual, perceived, or history of disability.
2. Participating in a contract which could subject an applicant or employee with a disability to discrimination.

3. Using any standards, criteria or method of evaluation which could have the effect of discriminating on the basis of disability.
4. Denying equal jobs or benefits because of a disability or the perception of a disability.
5. Failing to make reasonable accommodations for known physical or mental limitations of an otherwise qualified individual unless it can be shown that the accommodation would impose an undue hardship or create a direct threat.
6. Using selection criteria which exclude persons with disabilities unless the criteria is job-related and consistent with business necessity; and
7. Failing to use employment tests in a manner that ensures that the test results accurately reflect the applicant's or employee's skills or aptitude for a particular job.

Other Considerations

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or general standards of professional decorum including but not limited to:

Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission and the Civil Rights Department guidelines.

- Reasonable requests or demands by a supervisor that an employee improve their work quality or output, that the employee report to the job site on time, that the employee comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and employee. Inability to meet these demands due to limitations produced by an employee's disability will result in the engagement of the interactive process, and requests for accommodation will be reviewed on a case-by-case basis.

VI. Policy Statement on Driver's Licenses

The City cannot require an employee to present a driver's license unless required by state or federal law or when otherwise permitted by law (e.g., a driver's license is needed to perform an essential function of the job).

The City prohibits discrimination against an individual for possessing a driver's license which was obtained without the individual showing proof of lawful presence in the United States at time of issuance.

The City prohibits discrimination against an individual who has opted to select an "X" (instead of an "M" or an "F") as a gender nonbinary marker on their driver's license. Further, the City prohibits discrimination against an individual whose gender on their driver's license does not match their appearance.

IX. City Employee Roles and Responsibilities

This policy applies to all employees. All employees shall follow the intent of this policy in a manner that reflects professional workplace standards and the best interest of the City and its mission.

To achieve the goal of this City policy it is necessary that each employee understand the importance of the policy and their individual responsibility to contribute toward its maximum fulfillment.

A. Individual Employees (who are not management or supervisory personnel)

1. Any employee who believes that they has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.
2. Any employee who believes they are experiencing discrimination, harassment or retaliation are encouraged to inform the individual that their behavior is unwelcome. However, this step is not required. If the employee feels uncomfortable, threatened, or has difficulty expressing their concern, or if doing so does not resolve the concern, assistance should be sought from a supervisor or manager who is at least one (1) level higher than the alleged transgressor. Human Resources may also assist.
3. Any employee who observes others engaging in harassing or discriminating behavior toward another employee shall report the actions to a supervisor or manager, even if the person harassed does not complain.
4. All employees are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor, whether that conduct is directed at that employee, or the employee has observed such conduct directed at another employee.
5. Any employee who is not comfortable with reporting violations of this policy to their immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the department head, the Human Resources Director, Equal Opportunity Office staff, or Labor Relations' staff.
6. Employees are required to complete the mandatory EEO training upon hire and renew the mandatory EEO training every two (2) years thereafter.

B. Management and Supervisory

Management and supervisory personnel have particular responsibilities related to the City's EEO Policy. All managers and supervisors shall:

1. Continually monitor the work environment and strive to ensure that it is free from all

types of unlawful discrimination, including harassment or retaliation.

2. As soon as possible and no later than the next business day, notify Human Resources in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation.
3. Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
4. Take appropriate steps to ensure their subordinate employees understand the responsibility of supervisors, manager, and employees under this policy.

6. Complete mandatory EEO training upon hire or promotion to a manager or supervisor role from a non-managerial or supervisory role and renew the training every two years thereafter. Managers and supervisors should also ensure that their employees complete their mandated EEO training upon hire and renew their mandated EEO training every two (2) years.
7. Because of differences in individuals, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing, or retaliatory. Supervisors and managers shall be aware of the following considerations:
 - a. Behavior of supervisors and managers should represent the mission, vision, values, and goals of the City and professional work-place standards.
 - b. False accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent employees.
 - c. Supervisors and managers must act promptly and responsibly in the prevention, reporting, and resolution of any form of discrimination, harassment, or retaliation.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining work assignments, evaluating or counseling employees or issuing discipline, in a manner that is consistent with established procedures.

C. Human Resources

The Director of Human Resources or their designee is responsible for:

1. Keeping records of all harassment complaints for a minimum of thirty-six (36) months. No destruction should be made without compliance with the City's records destruction resolution.
2. Taking all complaints seriously and coordinating an unbiased investigation of complaints.
3. Tracking each investigation into each complaint to ensure that the investigation is concluded in a timely fashion, and that the complaining party receives an appropriate and timely response.
4. Initiating appropriate disciplinary action based on the finding of an investigation undertaken in consultation with the department head and/or supervisor.
5. Taking appropriate action to prevent retaliation against a complaining party.

X. Training

All new hires shall receive mandatory EEO training on discrimination, harassment, and retaliation. Incumbent employees shall receive training on discrimination, harassment, and retaliation in a manner consistent with this policy and applicable state and federal statute.

In addition to receiving mandatory EEO training upon hire, employees are required to take the mandatory EEO training every two (2) years thereafter.

All new employees shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new employee. The employee shall certify by signing the prescribed form that they have been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during their term of employment.

Following the adoption of this policy, all employees shall receive information on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

XI. Complaint Procedures

Employees who are not managers or supervisors are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor, whether the conduct is directed at that employee or the employee has observed such conduct directed at another employee.

Any non-managerial or supervisory employee who is not comfortable with reporting violations of this policy to their immediate supervisor may bypass the chain of command and

make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the department head, the Human Resources Director, Equal Employment Opportunity Office staff, or Labor Relations' staff. Complaints may be made verbally, in writing, or by using the City's online Discrimination Complaint Form on the Equal Employment Office webpage.

Managers and supervisors are required to notify Human Resources in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation as soon as possible and no later than the next business day.

Any manager, supervisor, department head, or Human Resources employee receiving a complaint of harassment, discrimination, or retaliation shall immediately document the complaint in writing and refer the complaint to the Human Resources Director or the party designated by the Human Resources Director to receive EEO complaints on behalf of the City, who will ensure that a timely, effective, thorough, and objective confidential investigation of the allegation(s) is undertaken.

All complaints of discrimination or harassment shall be documented and promptly and thoroughly investigated. The complainant party or parties should be protected against retaliation. The complaint and related investigation should be kept confidential to the extent possible.

The assigned investigator has the full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any employees involved. No influence will be used to suppress any complaint and no employee will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

During the pendency of any investigation, the supervisor/manager of the involved employees should, in cooperation with the Equal Employment Opportunity Office or Labor Relations, take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment.

Formal investigation of the complaint will be confidential to the extent possible. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

If it is determined that harassment, discrimination, or retaliation has occurred, effective remedial action will be taken in a manner consistent with the circumstances. Discipline ranging from verbal or written warnings and up to and including termination may be administered.

After the investigation and findings have been concluded, the City will communicate the confidential finding to the complainant, the accused, and, where appropriate, other concerned party.

No provision of this policy shall be construed to prevent any employee from seeking legal redress outside the Department. Employees who believe they have been harassed or

discriminated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Employees are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements. Additionally, if an employee thinks they have been harassed, discriminated against, or that they have been retaliated against for complaining, that person may file a complaint or obtain additional information from the State of California Civil Rights Department at 800-884-1684 and/or U.S. Equal Employment Opportunity Commission, 800-669-4000.
