Questions
1. Please describe how your qualifications, education and/or work experience / training would be relevant to your role as a councilmember.

I have served as a trustee for the Twin Rivers Unified School District (TRUSD) I understand budgets and how to work with other board members for the betterment of our community. I was instrumental in collaborating with the city council to work together to open the Grant High swimming pool and budget for city-paid employees. This created more jobs and a place for our community to cool off during the hot summers. During the summers I am a graduate of the City Planning Academy. I have been actively engaged in the 2040 long-range plan for the city. I was selected to be on the committee to assist with the Use of Force policy by Chief Hahn. I also founded the Benito Juarez Association in North Sacramento, helping immigrants and Spanish-speaking residents access police services and other services that were not familiar with. I founded the Christmas luncheon for our officers for the last four years. It’s held on Christmas day to acknowledge that they have to patrol the streets on this day when we are all at home with our families. I organized a soccer game with the officers and the members of the Benito Juarez Association so we could continue to build bridges with the Latino community and our officers. I was recognized by Attorney General Bonta for my work around civil rights. My role as a community advocate goes back to 1980 I am a 43 year resident of North Sacramento and I have a strong desire to continue to serve my community in a more formal capacity.

2. What has your previous involvement with the City of Sacramento been? Please include any service organizations or community engagement specific to the City of Sacramento have you participated in and what your role was.

3. Please provide a brief description of your interest in serving on the Sacramento City Council.

I am interested in continuing to serve my district but in a more formal position I have always been actively engaged in my community and can do more as a council member. There has been a steady decline in our district, and I know that with my years of serving as a community advocate, I can help move it in the right direction. I am a lifelong community resident and I have children that have been born and raised here I have a desire to make our community and streets safe and clean.

I
4. What are the top 3 issues facing District 2? a. Why do you think these are most important? b. What is your solution to addressing those key issues and how will you work with your fellow city council colleagues in addressing them?

- Safe Streets
- Clean Streets
- Businesses closing

Budget for cleaner streets with the help of the unhoused and create small stipends and incentives. This way people can have more ownership over their community.

Create incentives and workshops in multiple languages reflecting the community of North Sac and help create small businesses. Create a pathway to encourage more small businesses to open by making the process more user friendly.

With cleaner streets we have safer streets I would also incentivize more neighborhood groups to engage in helping keep our streets safe.

5. Provide any additional information that you feel is relevant to your application.

I am passionate about my community and want to ensure that we all have the right to safe streets, clean streets, and build up our community as it was back in the early 1980's
