Questions
1. Please describe how your qualifications, education and/or work experience / training would be relevant to your role as a councilmember.

I have been a public servant for over four decades, representing California as a consumer protection advocate, educator, Sacramento Supervisor from February 1994 through 2010, and as a member of the State Assembly from 2010 to 2014.

I am currently the Policy Director for CivicWell, a state nonprofit that works with mayors, council members, and supervisors around the state on issues regarding climate, housing, water, energy, and transportation. I represent the organization on state legislation.

I currently serve on the boards of the MS Society of Northern California, the Aerospace Museum of California, and the Sacramento Tree Foundation, and am a co-founder of SMART, Sacramento Metro Advocates for Rail and Transit. I received my undergraduate degree from the University of California at Berkeley, and my law degree at UCLA in 1976.

2. What has your previous involvement with the City of Sacramento been? Please include any service organizations or community engagement specific to the City of Sacramento have you participated in and what your role was.

I have served on numerous boards, commissions, and advisory committees relevant to the City. My first appointment was to the North Sacramento Community Plan Citizens Advisory Committee in 1981. Among other boards I have served on are: Sacramento First 5 Commission, Sacramento Regional Transit Board, Sacramento Flood Control Agency Board, Sacramento Public Library Authority Board, Capitol Corridor Joint Powers Authority Board, Sacramento Area Council of Governments, Sacramento Air Quality Management District Board. I have also worked with council members and City staff on a host of issues including homeless assistance, Lower American River Parkway, economic development, planning, transportation, climate, and redevelopment.

3. Please provide a brief description of your interest in serving on the Sacramento City Council.

My wife and I have lived in North Sacramento for more than 40 years and I represented North Sacramento for nearly 21 years on the Board of Supervisors and in the Assembly. In the last decade, it has been troubling to watch our part of the City decline as attention and resources have gone elsewhere and effective representation has been absent. My interest is in turning that trend line around and restoring hope, vitality, and prosperity to the people, neighborhoods, and businesses of District 2.
4. What are the top 3 issues facing District 2? a. Why do you think these are most important? b. What is your solution to addressing those key issues and how will you work with your fellow city council colleagues in addressing them?

Three top issues: 1) blight and homelessness, 2) lack of a vibrant business community, and 3) lack of sufficient support for youth development. These issues are the most important because they reflect the foundational challenges faced in District 2.

My solutions include:
1. Focusing on prevention of homelessness while expanding shelter and wraparound services for those on the street
2. Investing in public infrastructure that can stimulate and attract private investment and new businesses and housing
3. Increasing investment in early childhood and youth development, collaborating with our schools on improving educational outcomes, and expanding technical and vocational educational opportunities.

I will build on the relationships I have at the local, state, and federal levels to identify shared programmatic and fiscal priorities and to adopt implementation steps and strategies to accomplish the City’s goals and objectives.

5. Provide any additional information that you feel is relevant to your application.

My priority is to improve the quality of life for all in District 2 and to contribute to the City's commitment to foster a strong economy; to protect and preserve the environment; and to create a vital and vibrant place to live, work, and play.
