Description/Analysis
Issue Detail: The City has agreements with Axon for various products and related software and services. These agreements (as amended) support tools used by both the Police and Fire Departments:

1) City Agreement 2021-0629 (Officer Safety Plan); expired September 30, 2026

The Police Department's interview room recording systems, body-worn cameras, and less-lethal

conductive electrical devices.

2) City Agreement 2023-1740 (FUSUS); expired September 30, 2026
The Police Department's real-time video and data platform that combines live feeds and information for situational awareness.

3) City Agreement PRC003602 (Officer Safety Plan); expires October 31, 2027
The Fire Department's body-worn camera devices.

4) City Agreement 2023-1749 (Axon Investigate); expires December 31, 2028
The Police Department's digital review and analysis platform for multimedia evidence.

5) City Agreement 2024-0001 (Axon Fleet); expires December 31, 2028
The Police Department's in-car camera systems.

6) City Agreement 2025-4706 (DeDrone); expires November 30, 2029
The Police Department's detection and tracking platform identifies unauthorized drones and supports airspace security.

Staff recommends ending these separate agreements and combining them into one enterprise contract for Police and Fire. A single agreement will improve administrative efficiency, align services, and simplify financial planning. It will also renew the two expired agreements (2021-0629 and 2023-1740), so services continue without interruption. Staff also recommend combining Police Department CIP appropriations into a single CIP project for its Axon products, software, and services.

Policy Considerations: The recommendation follows the City Code and Council priorities. City Code Section 3.64.020 requires Council approval for agreements of $250,000 or more. City Code Section 4.04.020 requires agreements of $1,000,000 or more to be posted for public review at least 10 days before Council action. Budget Resolution 2026-0159 also requires Council approval to establish a CIP and transfer CIP appropriations of $250,000 or more. This item was published for 10-day review on November 5, 2026, in compliance with the City Code.

Economic Impacts: None.

Environmental Considerations: The action is not a "project" under the California Environmental Quality Act (CEQA) because it is an administrative activity and will not cause physical environmental changes. This follows CEQA Guidelines Section 15378(b)(5).

Sustainability: Not applicable.

Commission/Committee Action: Not applicable.

Rationale for Recommendation: A cooperative purchasing agreement allows the City to obtain the Axon products and services they already depend on through a streamlined process. Using the NPPGov cooperative purchasing agreement (Contract League of Oregon Cities #PS25640; RFP 2650) gives the City access to competitive pricing and reduces procurement time. A single enterprise agreement to include the Police and Fire Department purchases will also help avoid service gaps by placing all Axon systems under one contract with the same schedule for updates and maintenance.

Axon systems are already built into daily Police and Fire operations. They support digital evidence management, device interoperability, and predictable annual costs that include repairs, services, and cloud services. Staying with Axon ensures compatibility with current workflows and supports long-term upgrades. Warranty coverage also helps reduce maintenance costs.

Overall, one consolidated agreement will make contract management easier, improve service consistency, and align with the City's approach to public safety technology.

Finally, managing Axon-related costs across multiple CIP projects has resulted in funding being spread out across separate sources, which makes contract administration, budget oversight, and cost tracking more difficult. Consolidating these appropriations into a single CIP project will centralize funding, streamline financial management, and support long-term planning for Axon products and services.

Financial Considerations: The Police Department has enough funding in its CIP appropriations to cover Year 1 costs. Future appropriations will be addressed as part of the City's annual budget development activities.

The Fire Department has enough funding in its operating budget to cover its yearly costs.

The total not-to-exceed amount for the five-year agreement with Axon is $17,728,291. Departmental and annual costs are as follows:

Table: Contract Costs by Year & Department (rounded)

	Year 1 2026/27	Year 2 2027/28	Year 3 2028/29	Year 4 2029/30	Year 5 2030/31	Total
Police	$3,249,961	$3,359,319	$3,493,692	$3,633,440	$3,778,777	$17,515,189
Fire	$40,190	$43,228	$43,228	$43,228	$43,228	$213,102
Total	$3,290,151	$3,402,547	$3,536,920	$3,676,668	$3,822,005	$17,728,291

Local Business Enterprise (LBE): Cooperative purchasing agreements are created, evaluated, and

awarded by other government agencies that may or may not have similar local business programs. Axon Enterprise, Inc., is not an LBE vendor.

Contract NPP: League of OR Cities #PS25640 is incorporated by reference into the terms and conditions of this Agreement. In the event of conflict the terms of Axon's Master Services and Purchasing Agreement shall govern.

STANDARD TERMS AND CONDITIONS

Axon Master Services and Purchasing Agreement:
This Quote is limited to and conditional upon your acceptance of the provisions set forth herein and Axon's Master Services and Purchasing Agreement (posted at https://www.axon.com/sales-terms-and-conditions), as well as the attached Statement of Work (SOW) for Axon Fleet and/or Axon Interview Room purchase, if applicable. In the event you and Axon have entered into a prior agreement to govern all future purchases, that agreement shall govern to the extent it includes the products and services being purchased and does not conflict with the Axon Customer Experience Improvement Program Appendix as described below.

ACEIP:
The Axon Customer Experience Improvement Program Appendix, which includes the sharing of de-identified segments of Agency Content with Axon to develop new products and improve your product experience (posted at www.axon.com/legal/sales-terms-and-conditions), is incorporated herein by reference. By signing below, you agree to the terms of the Axon Customer Experience Improvement Program.

Acceptance of Terms:
Any purchase order issued in response to this Quote is subject solely to the above referenced terms and conditions. By signing below, you represent that you are lawfully able to enter into contracts. If you are signing on behalf of an entity (including but not limited to the company, municipality, or government agency for whom you work), you represent to Axon that you have legal authority to bind that entity. EXCEPTIONS TO STANDARD TERMS AND CONDITIONS

Agency has existing contract(s) originated via Quote(s):

Q-401060, Q-736600.

Agency is terminating those contracts effective 10/1/2026. Any changes in this date will result in modification of the program value which may result in additional fees or credits due to or from Axon.

The parties agree that Axon is applying a Transfer Balance of -$24,108.08.

Any credits contained in this quote are contingent upon payment in full of the following amounts:

Pending Billing - Q-401060 - 10/1/2026 - $25,050.19

Rewrite Estimates
Estimated Amounts and Contract Terminations. Any amounts stated as due under existing or terminated contracts — including contract transfer balances carried forward to new or pending contracts — are estimates based on payments received as of the calculation date. These estimates may be adjusted if new contracts are not executed on the anticipated dates or if expected payments are not made.

Refresh Shipment Timing
Technology Assurance Plan (TAP) Refresh Prior to Renewal. For Customers with expiring agreements that include TAP refresh rights, Axon may, in its discretion, ship refresh hardware under the existing contract while renewal or replacement agreements are in progress. Any such shipments will be deemed made under the terms of the existing contract until the new contract is fully executed, after which any applicable updates, fees, or adjustments will apply.

Shipment Timing
Shipment Variance . Estimated shipment dates are provided for planning purposes only and are not guarantees. Axon may ship hardware before or after the estimated shipment date, and failure to meet an estimated shipment date will not, by itself, constitute a breach, provided Axon uses commercially reasonable efforts to meet estimated shipment dates.

Resolution

Adopted by the Sacramento City Council

[DATE]

Axon: Master Service Agreement

BACKGROUND

A. The City has agreements with Axon Enterprises, Inc. (Axon) for various products, software, and services used by the Police and Fire Departments, including body-worn cameras, in-car cameras, conducted electrical devices, interview room systems, digital evidence tools, real-time video and data integration (FUSUS), multimedia review and analysis tools (Investigate), and drone-detection technology (DeDrone).

B. Several of these agreements have expired or will expire soon, and the City intends to place all systems under one contract to keep services aligned and ensure consistent schedules for updates and maintenance.

C. Axon costs for the Police Department are currently spread across multiple Capital Improvement Program (CIP) projects, which makes cost tracking and budget management complex. Consolidating these appropriations into one CIP project will simplify oversight and support long-term planning.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1

The City Manager, or designee, is authorized to execute a cooperative purchasing agreement with Axon Enterprises, Inc. (Axon) for Officer Safety Plan, FUSUS, Investigate, Fleet, and DeDrone products, software, and services for an amount not to exceed $17,728,291 through September 30, 2031.

Section 2

The City Manager, or designee, is authorized to close the Police Department's CIP project F11100500 and establish a new CIP project (F11101000).

Section 3

The City Manager, or designee, is authorized to transfer $3,579,426 in appropriations from Police Department CIP projects F11100500 ($2,378,426), F11100700 ($700,000) and F11100800 ($500,000) to the new CIP project (F11101100).
