

Business Assistance Starts *Here*

From expert advice to tailored resources –
our team is here to help.

The Business Solutions Center helps
Sacramento's small businesses start, grow, and
thrive. Whether it's building a business plan,
marketing your services, or securing funding –
we'll connect you to the right support.

Explore Business Data Tools

Use SizeUp Sacramento, a powerful analytics
platform, to:

- Compare your business performance
- Identify competitors
- Discover target customer segments

Perfect for new entrepreneurs and established
businesses alike.

One-on-One Consultations At No Cost to You

Receive free, customized consulting from industry experts. Whether you need help with:

- Writing a business plan
- Improving your marketing
- Expanding your e-commerce presence

We’ll match you with the right support for your goals. Complete 5 hours of consulting to become eligible for funding programs.

Funding Opportunities for Your Business

Micro-Capital Program

Get up to \$5,000 in microgrant funding to put expert recommendations into action – whether that means new equipment, launching services, or enhancing operations.

Fee Credit Program

Receive up to \$2,500 in City fee credits to offset costs like permitting, business licensing, or inspections – helping reduce common barriers to growth.
