COUNCIL UPDATES

Dr. Flo Coffey and Kevin McCarty lead the Sacramento Mayoral Race and will go head-to-head in the November 2024 Election.

OUR NEXT MAYOR??

VOTE

Council Passes a new workforce development opportunity for youth with Sierra Service Project called **"Sacramento Sustainability Academy"** will train and employ 37 additional youth and young adults during the spring and summer months. There will be a Urban Agriculture, Community Building, Energy Conservation, and Computer drafting cohort.

SUSTAINABILITY

@CETEAMSAC

CITY CONNECT MIXER

@ OAK PARK BREWING CO.

April 18

5:30 PM TO 8:30 AM

CityConnect is a monthly mixer series where Sacramento residents can meet City staff outside of City Hall. Every third Thursday will coincide with a theme for our resources and activities. In honor of Earth Day, April's theme is Sustainability.

MEET CITY STAFF + THE COMMUNITY ENGAGEMENT TEAM

URBAN WOOD RESCUE @ SAC TREE FOUNDATION

From seed to slab, we're growing the urban forest that makes this region livable and lovable. By milling and drying logs from Sacramento's fallen trees, we extend the beauty, carbon sequestration and legacy of our urban forest.

Come visit 6045 Midway Street to find local, sustainable, one-of-a-kind live-edge slabs and dimensional lumber for your home, business, and artistic projects. All sales support the stewardship and educational efforts of the Sacramento Tree Foundation.

URBAN FOREST PLAN

The Sacramento Urban Forest Plan (SUFFP) is the City's primary planning tool for the protection, expansion, maintenance, sustainability, and enhancement of Sacramento's urban forest.

Scan the QR code to provide input on how we can make tree growth and maintenance policies stronger in your neighborhood.

TIP:

DONT RECYLCE THESE ITEMS

"Greasy pizza boxes, a half used mayonnaise jar, and a bottle of BBQ sauce. Contamination. All in the mix," Erin Treadwell, Outreach Manager for the Sacramento Solid Waste and Recycling Department.
