

City of Sacramento, California

Recovery Plan

State and Local Fiscal Recovery Funds: 2021 Report (08/31/2021)

Draft Plan:

At this time nothing has been formally approved by our legislative body. The City Council for the City of Sacramento had an initial discussion on a Proposed American Rescue Plan framework and funding priorities document on Tuesday, August 24, 2021, (https://sacramento.granicus.com/MetaViewer.php?view_id=22&clip_id=5030&meta_id=642121).

However, we have completed our revenue replacement calculations and based on this may be reporting our entire ARP allocation of \$112 million under the revenue replacement category (6.1) and with the intention of using these resources for general governmental purposes.
