

MEMORANDUM

DATE: July 24, 2018
TO: Engineers, Architects and Developers
SUBJECT: **City of Sacramento Design and Procedures Manual; Section 9 (Sewer), 11 (Drainage) and 13 (Water)**

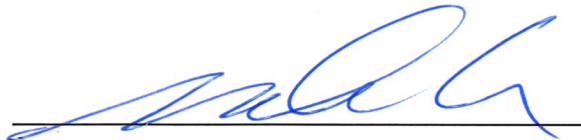

The Department of Utilities has completed an update to sections 9 (Sewer), 11 (Drainage) and 13 (Water) of the City of Sacramento Design and Procedures Manual. These sections shall be used to plan and design public sewer, drainage and water system improvements in the City's service area.

The designer is responsible for using the most current version of the Design and Procedures Manual posted on the City's website.

For questions related to any of items addressed in these sections of the Design and Procedures Manual please call (916) 808-1400 and ask to speak with an engineer in the Department of Utilities Development Review Section.

CITY OF SACRAMENTO:

Approved by:

William O. Busath, Director of Utilities
