Introductory Section

John F. Shirey City Manager City Hall 915 I Street, Fifth Floor Sacramento, CA 95814-2604 916-808-5704

December 24, 2015

Honorable Mayor and City Council City of Sacramento, California:

Dear Mayor and Members of the City Council:

We are pleased to transmit to you the Comprehensive Annual Financial Report (CAFR) for the City of Sacramento (City) for the fiscal year ended June 30, 2015. Article IX of the City Charter, federal and state law requires that the City issue an annual report on its financial position and activity, and that the report be audited by an independent firm of certified public accountants. Vavrinek, Trine, Day & Co., LLP, a statewide certified public accounting firm, performed the audit for the fiscal year ended June 30, 2015. Their unmodified ("clean") opinion has been included as the first component of the financial section of the CAFR.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE CITY

The City of Sacramento, capital of the State of California, was established in 1849. The sixth largest city in California based on population, Sacramento also serves as the seat of Sacramento County government. The State of California Department of Finance estimates the population on January 1, 2015 at 480,105 for the City and 1,470,912 for the County of Sacramento. Encompassing 99 square miles, Sacramento is located in the northern section of California's Central Valley at the confluence of the Sacramento and American rivers.

Sacramento is a charter city operating under a Council-Manager form of government. The City provides a full range of municipal services including police, fire, emergency medical response, water, wastewater, storm drainage, solid waste, construction and maintenance of streets and parks, community development, recreational and cultural activities, economic development, and administrative services.

REPORTING ENTITY

This CAFR presents the financial status of the City and its five component units:

Sacramento City Financing Authority (SCFA) Sacramento Public Financing Authority (SPFA) Sacramento City Employees' Retirement System (SCERS) Successor Agency to the Redevelopment Agency of the City of Sacramento (RASA) Sacramento Regional Arts Facilities Financing Authority (SRAFFA)

Component units are separate legal entities included in this report due to significant operational or financial relationships with the City as defined below:

SCFA and SPFA are entities created to issue debt to finance City projects. Both are reported on a blended basis as part of the primary government because the boards are composed of all City Council members.

SCERS, a single employer pension plan for certain City employees and retirees, is reported as a fiduciary-type component unit. The SCERS pension plan was closed to new enrollment of employees in 1978.

RASA was created to serve as the custodian for the assets and to wind down the affairs of the former Redevelopment Agency of the City of Sacramento. RASA is reported as a fiduciary-type component unit.

SRAFFA was created for the purpose of financing the expansion of the H Street Theater complex and is a discretely presented component unit. Discretely presented component units do not function as an integral part of the primary government. As such, SRAFFA is reported in a separate column in the government-wide financial statements to differentiate its financial position and operational results from those of the City.

BUDGET INFORMATION

The City Charter requires that the City Manager submit a proposed budget to the City Council at least 60 days prior to the start of each fiscal year. Once approved by City Council, the annual budget serves as the foundation for the City's financial planning, control and reporting. Budgetary control is maintained at the department level by fund. Budgetary control for multi-year projects is maintained at the individual project level by fund. Additional budgetary information can be found in Note 1 to the financial statements and on the City's website.

LOCAL ECONOMY

The regional economy and employment base continues its long-term transition from a state government concentration to a diverse economic base including health care providers, high-tech manufacturers, software development companies, biotechnology and medical research laboratories, food processors, and medical equipment manufacturers. The region is also a transportation hub served by air cargo airports, an international airport, a deep water shipping

port, two major interstate freeways, freight and passenger rail lines, and an extensive regional commuter bus and light-rail system. These key industries interface with Sacramento's service, hospitality and government employers.

Like most cities in the country, Sacramento continued its economic recovery in 2015. As of June 2015, unemployment for the Sacramento metropolitan area and Sacramento County was 5.6% and 5.8%, respectively, compared to 6.9% and 7.1%, respectively, as of June 30, 2014. According to the latest University of California, Los Angeles Economic Forecast, growth in employment in California is expected to continue in 2016.

The long-term forecast for the City's secured property taxes continues to be positive with the addition of the Golden 1 Center in the downtown area, lifting of the building moratorium in North Natomas and other development projects underway throughout the city. The new Golden 1 Center is expected to transform the former Downtown Plaza area, now known as Downtown Commons, into a center of entertainment and activity providing Sacramento with a first-class venue for sports, entertainment and cultural events.

While there is an expectation of continued economic growth, recent economic data indicates that economic growth in the Sacramento region will be slow, and will continue to generally lag behind national trends and other areas of California. It is encouraging that the most recent edition of the Brookings Institution Metro Monitor (July 2015) showed growth in employment in the first quarter of 2015 along with higher housing values and a slight increase of total value of goods and services produced in the metro area.

BUDGET INITIATIVES AND LONG-TERM FINANCIAL PLANNING

While revenues have improved, the City continues to carefully prioritize spending going forward to meet the critical needs over the long-term. Measure U, a voter approved 1/2 cent sales and use tax, continues to provide resources to protect and restore vital City programs and services. However, given the temporary nature of these resources, it remains critical that we continue to reevaluate not only how we deliver services and meet citizen needs, but also which programs and services the City can afford to deliver if expenditure growth continues to outpace that of revenue. The City's management team continues to look for ways to build a stronger, more sustainable fiscal framework and to provide the leadership and discipline needed to ensure that we are implementing long-term solutions to address the City's financial challenges.

RELEVANT FINANCIAL POLICIES

The City maintains a General Fund Economic Uncertainty Reserve (EUR) for the purpose of bridging a gap between projected revenue and expenditures during periods of significant revenue declines and/or expenditure growth and to ensure the City has adequate resources in case of an emergency or unforeseen events. The City Council's stated goal is to gradually achieve a reserve balance equal to 10% of annual General Fund revenue. The City Council added \$0.4 million to the EUR in the approved budget for fiscal year 2014/15. The Council also directed that unbudgeted one-time general revenue received in a fiscal year, not required to balance the budget as part of the midyear review or year-end close for that fiscal year, be added to the EUR. Unbudgeted one-time general revenue of \$4.85 million was added to the EUR during year-end close bringing the balance to \$38.9 million, approximately 9.7% of estimated

FY2015/16 General Fund revenues. Additional resources to fund this reserve will be identified on an ongoing basis and can include positive year-end results or other one-time resources. The EUR is reported in the CAFR as committed fund balance in the General Fund.

During the year the City adopted several new policies to promote prudent financial management including Pension Funding, Risk Management Funding and Reserve and Interfund Loans.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended June 30, 2014. This marks the 26th consecutive year the City has received this award. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to receive this award the City published an easily readable and efficiently organized CAFR. The report satisfied accounting principles generally accepted in the United States of America and applicable legal requirements. We believe this CAFR also meets the requirements of the program and we will be submitting it to the GFOA to determine its eligibility for the certificate.

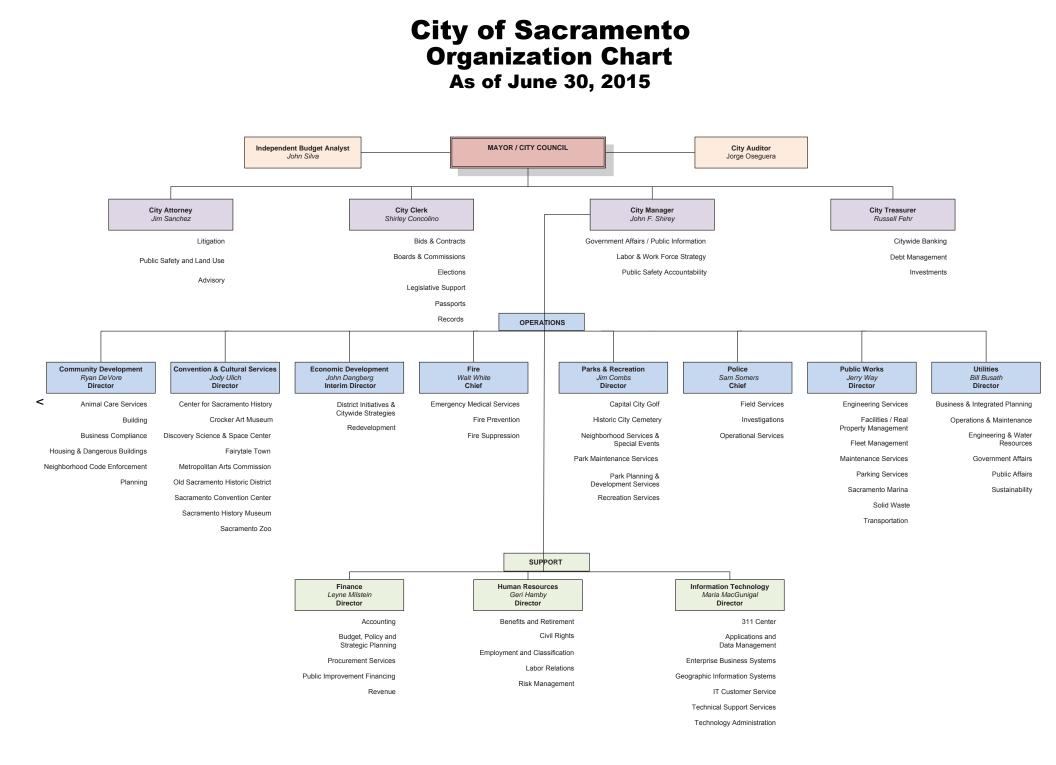

The Department of Finance, in particular the Accounting Division, takes great pride in the preparation of the CAFR. The professionalism, commitment and effort of each employee of the Accounting Division have made this report possible. We also want to thank the other employees of the Department of Finance as well as those in other City departments who contributed to the preparation of this report. Finally, we thank the Mayor and City Council for their continuing interest and support in planning and conducting the City's financial operations in a responsible manner, consistent with the City's mission to protect, preserve and enhance the guality of life for present and future generations.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council City of Sacramento Sacramento, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Sacramento, California (City), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and the Measure U Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Implementation of New Accounting Standards

As described in Note 1 to the financial statements, the City adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statements No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 and No. 71, Pension Transition For Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68, effective July 1, 2014. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of funding progress and pension schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 24, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Vaurinik, Trine, Day & Co. LLP

Sacramento, California December 24, 2015

THIS PAGE INTENTIONALLY LEFT BLANK

This section of the City's CAFR presents a narrative overview and analysis of the City's financial activities for the fiscal year ended June 30, 2015. City management recommends this information be read in conjunction with the transmittal letter located in the introductory section, and with the City's financial statements which follow this discussion.

FINANCIAL HIGHLIGHTS

- The City embarked on a two-year \$31 million renovation of the historic Train Depot in the Downtown Railyards scheduled to be completed by the end of 2016. The renovated 68,000square-foot building will include new Amtrak offices, leasable office and retail space and food vendors. The building and adjacent property was purchased by the City from Union Pacific Railroad in 2006. It's the seventh busiest train station in the country. Funding for the station's makeover includes a U.S. Department of Transportation \$15 million Transportation Investment Generating Economic Recovery (TIGER) discretionary grant. Also in the Downtown Railyards, the City spent \$11.1 million on the construction of 5th Street and Railyards Boulevard.
- The City invested \$31.2 million during fiscal year 2015 on construction of the Cosumnes River Boulevard Extension and Interstate 5 Interchange project. The project will provide arterial eastwest connectivity between Highway 99, Interstate 5 and Freeport Boulevard by extending Cosumnes River Boulevard west from Franklin Boulevard for 3.2 miles to the Sacramento River. The estimated \$112 million cost is funded through a public-private partnership including use of Measure A transportation sales tax revenue, federal and state funding, as well as funds from the private developer for the Delta Shores development. The grand opening for this project was celebrated in December 2015. The project provides access to the 800-acre Delta Shores development. At build-out, Delta Shores will support 5,000 homes and 1.3 million square feet of retail space.
- During fiscal year 2015, the City spent \$64.4 million on the \$170 million rehabilitation project at the City's original water treatment plant, built on the Sacramento River in 1923, and the E.A. Fairbairn water treatment plant on the American River. This three-year construction project, funded with water revenue bonds issued in 2013, will secure the City's water supply for Sacramento residents and businesses.
- The City's General Fund revenue and other financing sources (uses) exceeded expenditures by \$24.5 million in fiscal year 2015. This is primarily attributable to growth in property tax, real property transfer tax, and other tax revenue; a sales tax-sharing payment from the County; a reimbursement from the State for mandated costs; and reimbursements related to ambulance transportation services.
- The City's total government-wide net position, excluding the discretely presented component unit, increased in the current year by \$112 million before accounting for the restatement of beginning net position of governmental and business-type activities of \$637 million and \$97 million, respectively, as a result of implementing GASB 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's CAFR consists of four main components: (1) MD&A, (2) the basic financial statements, (3) required supplementary information, and (4) combining non-major fund financial statements. The basic financial statements include two kinds of statements that present different views of the City, the government-wide and the fund financial statements.

- The government-wide financial statements provide both long-term and short-term information about the City's overall financial status.
- The fund financial statements focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.

The basic financial statements also include notes that provide additional information essential to understanding the data contained in the government-wide and fund financial statements. The statements and notes are followed by required supplementary information: the Schedule of Changes in Net Pension Liability and Related Ratios, the Schedule of Contributions for the City's pension plans, and the Schedule of Funding Progress for the City's other post-employment benefit plan. In addition to these required elements, we have included combining statements and schedules that provide details about the City's other governmental funds, the Water enterprise fund, the Wastewater enterprise fund, other enterprise funds, internal service funds, investment trust funds, agency funds, and the discretely-presented component unit, each of which is presented in a column in the basic financial statements.

Government-wide Financial Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the City's assets and liabilities, as well as any deferred outflows or inflows of resources. The statement of activities includes all current year revenues and expenses regardless of when cash is received or paid. These government-wide statements report the City's net position and how the City's net position has changed during the fiscal year. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial health of the City is improving or deteriorating.

The government-wide financial statements of the City are divided as follows:

- *Governmental activities* Most of the City's basic services are included here, such as police, fire, public works, community development, parks and recreation, and general government. Taxes and state and federal grants finance most of these activities.
- *Business-type activities* Certain services provided by the City are funded by customer fees. Among these are the City's utility services, convention center, and off-street parking facilities.
- Component unit The City includes the Sacramento Regional Arts Facilities Financing Authority in its basic financial statements because, although legally separate, the City is financially accountable for it.

Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements provide more detailed information about the City's largest funds, not the City as a whole.

The City has three types of fund financial statements:

- Governmental funds Governmental fund statements tell how general government services such as police, fire and public works were financed in the short-term as well as what remains for future spending. Most of the City's basic services are included in governmental funds, which focus on (1) short-term inflows and outflows of spendable resources, and (2) the remaining year-end balances available for spending. Because this information does not encompass the additional long-term focus of the government-wide statements, reconciliations that explain the relationship (or differences) between governmental funds and governmental activities follow the governmental fund statements.
- *Proprietary funds* Services for which customer fees are intended to finance the costs of operations are generally reported in proprietary funds. Proprietary fund statements, like the government-wide statements, provide short-term and long-term financial information about the activities the City operates like businesses, such as utility services.
- *Fiduciary funds* Fiduciary fund statements provide information about the financial relationships in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources belong. The City is the trustee, or *fiduciary*, for a closed pension plan. It is also responsible for other assets, reported in an investment trust fund, which because of trust agreements, can be used only for the trust beneficiaries. The City elected to serve as the successor agency for its former redevelopment agency which was dissolved by state law. The successor agency activity is accounted for in a private purpose trust fund.

The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the City's government-wide financial statements because the City cannot use these resources to finance its operations.

FINANCIAL ANALYSIS OF THE GOVERNMENT-WIDE STATEMENTS

This section provides analysis of the government-wide financial statements including long-term and short-term information about the City's overall financial condition. The following tables address the financial results of the City as a whole.

City of Sacramento

The June 30, 2015 balances reflect the implementation of GASB Statement No 68. The prior year balances were not restated because information was not available.

Analysis of net position

Total net position of the primary government increased \$112 million during fiscal year 2015, before accounting for the restatement of total net position of \$734 million attributable to the implementation of GASB Statement No. 68. Total assets increased \$108 million and total liabilities, excluding net pension liabilities, decreased \$4 million.

The following analysis of governmental and business-type activities provides more detailed information for these changes.

Governmental activities

Current and other assets increased \$50 million primarily due to unspent property tax, real property transfer tax, Measure U sales tax and other revenue collected in excess of budget.

Capital assets increased \$36 million primarily related to construction costs of \$31.2 million on the Cosumnes River Boulevard Extension and Interstate 5 Interchange Project, \$10.7 million on the Train Depot renovation and \$11.1 million on 5th Street and Railyards Boulevard, partially offset by

City of Sacramento Management's Discussion and Analysis (Continued) (Required Supplementary Information - Unaudited) For the Fiscal Year Ended June 30, 2015

depreciation expense. More detailed capital asset information is located in the Capital Assets section of this MD&A and in Note 4 to the financial statements.

Implementation of GASB Statement No. 68 resulted in significant balances reported in the government-wide financial statements. In addition to the required reporting of the net pension liabilities, the City is required to report deferred outflows of resources for the recognition of pension contributions subsequent to the actuarial valuation measurement date and deferred inflows of resources for the recognition of the net differences between projected and actual earnings on plan investments. Changes in the deferred outflows of resources and deferred inflows of resources are reported as a component of pension expense. Recognition of the City's net pension liabilities for governmental activities in the government-wide financial statements resulted in a deficit balance in unrestricted net position of \$592 million.

Net investments in capital assets increased \$51 million due to capital asset additions and retirement of capital-related debt, partially offset by depreciation expense.

Business-type activities

Current and other assets of business-type activities decreased \$62 million compared to the prior year primarily due to water and wastewater capital project spending of 2013 bond proceeds.

Capital assets increased \$84 million due to capital asset additions including rehabilitation of the water treatment plants, partially offset by current year depreciation. More detailed capital asset information is located in the Capital Assets section of this MD&A and in Note 4 to the financial statements.

Long-term liabilities, excluding net pension liabilities, decreased \$23 million primarily due to retirement of existing debt. More detailed information about long-term liabilities can be found in Note 7 to the financial statements.

Net investments in capital assets increased \$14 million due to capital asset additions and retirement of capital-related debt, partially offset by depreciation expense.

Recognition of the City's net pension liabilities for business-type activities, partially offset by positive fiscal year 2015 operating results, led to the \$71 million reduction in unrestricted net position compared to the prior year.

The beginning net position for fiscal year 2015 does not agree to the prior year ending net position because the activity presented for the prior year was not restated for GASB Statement No. 68. Additional information on the restatement required by GASB Statement No. 68 can be found at Note 18 of the Notes to the Financial Statements.

Analysis of the changes in net position

Total government-wide revenues of the primary government increased \$75.7 million, an 8.6 percent increase from the prior year, and total expenses increased \$41.1 million, a 5.1 percent increase. These changes are discussed in more detail below.

Governmental activities

Total revenues for governmental activities increased \$63.2 million from the prior year, a 10.5 percent increase. Total expenses increased \$36.5 million, a 6.2 percent increase, and net transfers from business-type activities increased \$3.6 million, a 12.5 percent increase from the prior year. Transfers in primarily consist of payments in lieu of taxes paid by the business-type activities to the General Fund. Transfers out primarily consist of capital assets transferred from governmental activities to business-type activities. Net transfers in were higher in 2015 because of transfers from the Community Center Fund and Parking Fund for debt service and more capital assets transferred from governmental activities to business-type activities.

Revenue

Capital grants and contributions revenue increased \$25.8 million from the prior year largely due to land dedications of \$7 million, RASA contributions of \$3.3 million, developer dedications of \$2 million and a \$4.9 million contribution for public art to be located at the Golden 1 Center. Operating grants and contributions increased \$4.9 million compared to the prior year primarily due to predevelopment cost reimbursements related to the Golden 1 Center.

Property tax revenue in 2015 increased \$7.2 million compared to 2014 due to the continued recovering of the Sacramento area commercial and residential real estate assessed valuations. Measure U local sales tax revenue increased \$2.1 million due to increased sales activity. Other tax revenues, including utility users tax, state shared sales taxes, and in lieu sales taxes, increased a net \$4.5 million in 2015.

Expenses

As indicated above, total governmental expenses increased by \$36.5 million. This increase is attributable to general government (up \$11.3 million), police (up \$9.5 million), interest on long-term debt (up \$6.9 million), parks and recreation (up \$4.2 million), community development (up \$3.7 million) and library (up \$1.9 million).

General government expense increases resulted from rising labor costs and costs associated with litigation and the financing of the Golden 1 Center. Police and parks and recreation expense increases resulted from rising labor costs as well as one-time labor grievance settlements. In addition, police expenses increased \$5 million as a result of filling positions funded by Measure U.

Community development expenses increased during the year as a result of new development projects throughout the City. The library increase is a result of an additional library services parcel tax assessed on property owners by the City and remitted to the Sacramento Public Library Authority. Interest on long-term debt increased for the forward bond purchase agreement for the Golden 1 Center financing and inflation adjustments on the North Natomas development impact fee credits.

Business-type activities

Total revenues for business-type activities increased \$12.4 million from the prior year, a 4.4 percent increase. Total expenses for business-type activities increased \$4.7 million from the prior year, a 2.2 percent increase. Net transfers to governmental activities increased \$3.6 million as a result of transfers from the Community Center Fund and Parking Fund for debt service.

Revenue

Charges for services increased \$8.9 million as a result of water and wastewater rate increases in fiscal year 2015 of 10 and 15 percent, respectively.

Capital grants and contribution revenue increased by \$2.9 million mostly due to an increase in wastewater capital grants from the State Department of Water Resources for the 7th Street Sewer Replacement and 9th Street Sewer Improvement projects.

Expenses

Water expenses increased \$2.8 million compared to the prior year primarily due to programs implemented to address the drought totaling \$1.6 million and additional depreciation expense of \$0.5 million related to new capital assets.

Storm drainage expenses increased \$5.2 million mainly due to labor cost increases of \$3.9 million and contributions to the Fleet Fund for the purchase of 7 vehicles totaling \$0.9 million.

Solid Waste expenses decreased by \$1.9 million primarily due to lower contributions to the Fleet Fund as a result of fewer vehicles purchased during 2015 compared to 2014, which accounted for a decrease of about \$4 million, offset by an increase in labor costs of about \$1.3 million.

Parking expenses decreased \$1.4 million compared to the prior year as a result of various projects completed during fiscal year 2014.

FINANCIAL ANALYSIS OF THE FUND STATEMENTS

Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes. The fund financial statements focus on individual parts of City government, reporting City operations in more detail than the government-wide statements.

Governmental Funds

The City's governmental funds provide information on near-term inflows, outflows and balances of spendable resources. Total fund balance for governmental funds increased by \$43.8 million in fiscal year 2015. For the fiscal year ended June 30, 2015, compared to the prior year, total revenues for governmental funds increased by \$40.8 million, total expenditures increased \$54.9 million, and net other financing sources and uses increased \$12.3 million. Reasons for these changes are discussed in more detail below.

General Fund

Total General Fund revenues increased \$23 million in the current year mostly due to increases in tax revenues of \$12 million, charges for services revenues of \$7 million, and intergovernmental revenue of \$4 million. Tax revenue increases were mainly due to increases in property tax of \$7.2 million, sales and use tax of \$2.3 million, real property transfer tax of \$1.2 million, business operations tax of \$0.7 million, and other taxes \$0.7 million. The increase in charges for services was primarily attributable to construction permits and ambulance service fees and reimbursements. The increase in intergovernmental resulted partly from a one-time \$1.7 million. State reimbursement for mandated cost claims and \$1.5 million payment from a fire district received in fiscal year 2015 for services provided in fiscal year 2014.

Total General Fund expenditures increased by \$14.2 million during fiscal year 2015. There were expenditure increases in the police and fire Departments of \$5.0 million and \$2.8 million, respectively. General government and parks and recreation had expenditure increases of \$2.2 million and \$2.8 million, respectively. The increase in police and fire expenditures was primarily attributable to labor costs. The \$2.2 million increase in general government was mostly due to costs of Golden 1 Center litigation. The \$2.8 million increase in parks and recreation was primarily due to a labor grievance settlement.

General Fund net other financing sources and uses decreased \$3.4 million from the prior year, mainly due to prior year capital lease proceeds of \$3.1 million for parking meters.

<u>General Fund Budgetary Highlights</u> - The City Council revised the budget throughout the fiscal year with midyear revenue and appropriation adjustments, changes made to appropriations for the use of committed fund balance, and other revenue and appropriation adjustments after the original budget was adopted.

After taking into account these adjustments, actual expenditures were \$36.9 million lower than final budget amounts. Capital outlay expenditures were less than budgeted amounts by \$29.9 million because of the multi-year nature of most capital projects. Unspent multi-year project budgets, as well as other unspent Council-approved program budgets, are carried over to the subsequent fiscal year. Most General Fund departments reported favorable operating expenditure budget variances primarily as a result of salary savings from vacant positions. The Police and Parks and Recreation departments reported unfavorable operating expenditure variances due largely to one-time unbudgeted labor costs associated with grievance settlements.

General Fund revenues were \$21.3 million higher than final budgeted amounts. Property tax and real property transfer tax collections exceeded the budgeted amounts by \$2.7 million and \$3.7 million respectively. Charges for services and intergovernmental revenue exceeded budgeted amounts by \$7.6 million and \$2.4 million, respectively. The City collected unbudgeted revenue of \$1.7 million in State SB90 Mandated Cost Reimbursements and a \$2.6 million sales tax-sharing payment from the County.

City of Sacramento Management's Discussion and Analysis (Continued) (Required Supplementary Information - Unaudited) For the Fiscal Year Ended June 30, 2015

Measure U Fund

Measure U Fund revenue and expenditures were higher in fiscal year 2015 compared to fiscal year 2014 by \$0.8 million and \$9.3 million, respectively. Expenditures are higher in fiscal year 2015 as a result of funding additional police officer and sergeant positions as well as filling most other Measure U-funded positions. Measure U resources are being used to restore police, fire, and parks and recreation services.

Capital Grants Fund

Capital Grant Fund revenue and expenditures increased \$2.3 million and \$9.3 million, respectively. Significant projects funded by capital grants in fiscal year 2015 included the Train Depot Renovation, 5th Street and Railyards Boulevard, the Sacramento City College Pedestrian and Bicycle Bridge, and the R Street Market Plaza.

1997 Lease Revenue Bond Fund

The lease receivable and associated revenue from the Sacramento Kings ownership group for debt service on the 1997 lease revenue bonds decreased in accordance with the bond payment schedule as described in Note 7 to the financial statements.

Other Governmental Funds

Total other governmental fund revenues increased \$14.4 million due largely to the following fluctuations:

- \$7.1 million increase in charges for service in plan check fees, construction permits, special use permits, planning technology fees, and planning operations resulting from increased development activity
- \$3.3 million contribution from RASA bond proceeds to fund various City projects

Total other governmental fund expenditures increased \$21.9 million due largely to the following fluctuations:

- \$12.1 million increase in capital outlay due to construction and infrastructure improvement projects funded by special districts, financing plans, and bond proceeds
- \$7.8 million one-time costs related to the forward bond purchase agreement for the financing of the City's contribution to the Golden 1 Center
- \$3.7 million inflation adjustment to North Natomas development impact fee credits

Other financing sources in other governmental funds increased \$15.7 million primarily from proceeds of the sale of the Army Depot for \$9.4 million and 3.12 acres of land on the southwest corner of Fair Oaks Boulevard and Howe Avenue for \$3.1 million.

Enterprise Funds

The City's enterprise fund financial statements provide the same type of information as the government-wide financial statements but in greater detail. Total operating revenues increased \$8.9 million and operating expenses increased \$5.1 million. Net non-operating revenues increased \$1.1 million and capital contributions increased \$6.2 million. Reasons for these changes are discussed in more detail below.

Water Fund

Water Fund operating revenue increased \$6.1 million compared to the prior year because of a 10 percent rate increase. Operating expenses increased \$2.6 million compared to the prior year primarily due to programs implemented to address the drought totaling \$1.6 million and additional depreciation expense of \$0.5 million related to new capital assets. The Water Fund also recognized a \$4.6 million special item revenue in fiscal year 2015 for a settlement with a vendor regarding defective water meters.

Wastewater Fund

Wastewater Fund operating revenue increased \$3.7 million compared to the prior year because of a 15 percent rate increase. Operating expenses in the current year did not change significantly compared to the previous year. Wastewater capital contributions increased \$3.8 million due to additional capital grant revenue and developer impact fees.

Storm Drainage Fund

Storm Drainage Fund operating expenses increased \$5.2 million compared to the prior year primarily due to increases in employee labor costs of \$3.9 million and contributions to the Fleet Fund to purchase seven vehicles totaling \$0.9 million. Operating revenues remained flat compared to the previous year. Storm drainage fees cannot be increased under Proposition 218 without the approval of a majority of property owners subject to the fee or two-thirds of voters.

Solid Waste Fund

Solid Waste Fund operating revenue increased by \$0.6 million compared to the prior year due to collection of receivable for delinquent rent written off in the prior year. Operating expenses decreased \$1.8 million due to lower contributions to the Fleet Fund for vehicle purchases compared to the prior year, partially offset by higher labor costs.

Parking Fund

Parking Fund operating revenue decreased \$2 million compared to the prior year mainly due to the loss of 1,612 parking spaces at the Downtown Plaza for the construction of the Golden 1 Center. Total operating expenses decreased \$1.4 million compared to the prior year as a result of the loss of the downtown parking spaces and various projects that were completed during 2014.

City of Sacramento Management's Discussion and Analysis (Continued) (Required Supplementary Information - Unaudited) For the Fiscal Year Ended June 30, 2015

Community Center Fund

Community Center Fund transient occupancy tax revenue increased \$2.2 million due to a continuing upward trend in Sacramento area hotel room occupancy and room rates. Additionally, the first of three \$2 million transfers to the Golden 1 Center debt service fund to establish the liquidity reserve was made in fiscal year 2015.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

As of June 30, 2015, the City had invested \$2.9 billion in a broad range of capital assets, including police and fire equipment, land, buildings, parks and park improvements, roads, bridges, and water, wastewater and storm drainage transmission and distribution systems. The current year capital asset additions of \$254 million were offset by current year depreciation expense of \$127 million and retirements of \$7 million for a net increase in capital assets of \$120 million.

City of Sacramento Capital Assets

This year's major capital asset additions include:

- \$31.2 million for the Cosumnes River Boulevard Extension and Interstate 5 Interchange
- \$64.4 million for the Sacramento River & E.A. Fairbairn Water Treatment Plants Rehabilitation
- \$11.1 million for construction of 5th Street and Railyards Boulevard in the Downtown Railyards
- \$8.0 million for the Land Park Water Main Replacement project
- \$10.7 million for the Train Depot Renovation project

City of Sacramento Management's Discussion and Analysis (Continued) (Required Supplementary Information - Unaudited) For the Fiscal Year Ended June 30, 2015

Other capital projects in progress include the LED Streetlight conversion, 7th Street Combined Sewer System Replacement, and the Oak Park and Colonial Manor Water Main Replacement projects. Many other capital projects were completed during fiscal year 2015 and transferred from construction in progress to the appropriate capital asset categories.

More detailed information about the City's capital assets is presented in Note 4 to the financial statements.

Long-term Debt

The following table summarizes the City's outstanding debt at June 30, 2015 and 2014:

| City of Sacramento Outstanding Debt As of June 30, 2015 and 2014 (in millions) | | | | | | | | | | | | | | |
|---|---|-----------------|----|---------------------|----|----------------|----|----------------|----|-----------------------------|----|-----------------|---|-----|
| | Governmental Business-Type Activities Activities | | | | | | | | | Total Primary Government | | | | |

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Economic Factors

Sacramento's economy continues to improve. Unemployment in the Sacramento metropolitan area has fallen from 6.9 percent at the end of fiscal year 2014 to 5.8 percent at the end of fiscal year 2015. The housing market continued to improve during fiscal year 2015. Although the economic recovery has resulted in increases in revenues, commitments for labor contracts, increasing retirement contributions and rising costs for utilities continue to add costs to the City's General Fund budget.

Next Year's Budget

General Fund budget appropriations for fiscal year 2016 are \$404 million, an increase of 5.4 percent compared to the fiscal year 2015 approved budget. In addition to the allocation of resources for several City Council priority initiatives, the approved budget appropriated \$1 million for a contribution to the City's OPEB trust fund.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances, and to demonstrate the City's accountability for the money it receives. If you have questions about this report, need additional financial information, or would like to obtain component unit financial statements, contact the City of Sacramento Department of Finance, Accounting Division, 915 I Street, Fourth Floor, Sacramento, CA, 95814, or visit the City's web page at <u>http://www.cityofsacramento.org</u>.

Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

| Net change in fund balances - total governmental funds | | \$ 43,773 |
|---|----------|--------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| Governmental funds report capital outlay as expenditures. In the statement of activities, however, the cost of those assets is allocated over their estimated useful lives as depreciation expense. | | |
| Capital outlay | 112,903 | |
| Depreciation expense | (77,146) | 35,757 |
| Capital asset proceeds recorded in the governmental funds exceed gain on sale of capital assets recorded in the governmental activities. | | (7,175) |
| Revenues in the statement of activities that do not provide current financial resource are not reported as revenues in the governmental funds: Infrastructure dedications | 98 | 11,010 |
| Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. | | |
| Issuance of long-term debt | (3,984) | |
| Principal repayments on long-term debt | 23,699 | 19,715 |
| Revenue and other resources not available to liquidate liabilities of the current period are not recognized in governmental funds. Revenue in the statement of activities is not limited by availability, so certain renues need to be reduced by the amounts that were unavailable at the beginning of the year and increased by the amounts that were unavailable at the end of the year. This adjustment records a net decrease in revenues - unavailable revenues at the end of the year | | |
| were less than beginning unavailable revenues by this amount. | | (3,434) |

Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

| Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. | | | |
|---|----------|----|----------|
| Compensated absences | (846) | | |
| Claims and judgements | (103) | | |
| Pension expense | 4,368 | | |
| Other post-employment benefits | (22,454) | | |
| Pollution remediation | (87) | | |
| Interest | 126 | | |
| Amortization of prepaid bond issuance | (51) | | |
| Amortization of bond discount | (9) | | |
| Amortization of bond premium | 956 | | |
| Amortization of gain/loss on refunding | (376) | | |
| | | | (18,476) |
| Capital assets transferred from governmental activities to business-type activities are reported as transfers in the statement of activities. The transfers are not reported in the governmental funds as the amount did not involve the transfer of financial resources. | | | (3,846) |
| Internal service funds are used by management to charge the costs of certain activities, such as insurance and fleet, to individual funds. The net expense of the internal service funds is reported with the governmental activities. | | | (7,458) |
| | | • | 00.000 |
| Change in net position of governmental activities | | \$ | 69,866 |

Notes to the Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DEFINITION OF REPORTING ENTITY

The City of Sacramento (City) was incorporated in 1849 under the laws of the State of California. Sacramento is a charter city and operates under a City Council – City Manager form of government. The City provides a full range of municipal services including police, fire, water, wastewater, storm drainage, solid waste, construction and maintenance of streets, planning and zoning, code enforcement, parks, recreation programs, and cultural activities.

These basic financial statements present the financial status of the City and its component units, which are included in the City's reporting entity because of the significance of their operational or financial relationships with the City. Component unit financial statements may be obtained from the City's Department of Finance.

Blended Component Unit

The <u>Sacramento City Financing Authority (SCFA)</u> is a joint exercise of powers entity created by the City and the former Redevelopment Agency of the City of Sacramento to facilitate the financing and refinancing of public capital facilities. Most of the debt by the SCFA is backed by the City's General Fund. The SCFA is governed by the City Council.

The <u>Sacramento Public Financing Authority (SPFA)</u> is a joint exercise of powers entity created by the City and the Sacramento City Housing Authority to facilitate the financing and refinancing of public capital facilities. The SPFA is governed by the City Council.

Fiduciary-type Component Units

<u>Sacramento City Employees' Retirement System (SCERS)</u> is a single employer pension plan sponsored and administered by the City for City employees, except public safety employees, hired before January 29, 1977 and public safety employees who retired with SCERS benefits before December 30, 1989. Under provisions of the City Charter, SCERS is managed by the Administration, Investment and Fiscal Management Board (the Board), consisting of the City Manager, City Director of Finance, City Treasurer and two residents of the City appointed by the City Council. Duties of the Board include the adoption of investment standards for SCERS, the establishment of contribution rates, the administration and investment of funds, the selection of investment advisors, the crediting of interest and any action relating to the fiscal management of SCERS. Complete standalone financial statements may be obtained by writing the City of Sacramento Department of Finance, 915 I Street, 4th Floor, Sacramento, CA 95814.

The <u>Successor Agency to the Redevelopment Agency of the City of Sacramento</u> (Successor Agency) was created to serve as a custodian for the assets and to wind down the affairs of the former Redevelopment Agency of the City of Sacramento. The City was designated to serve as the Successor Agency subject to control of an Oversight Board. The Oversight Board is comprised of seven member representatives from local government bodies: two appointed by the Mayor, two County of Sacramento (County) representatives, the County Superintendent of Education, the Chancellor of California Community Colleges, and the largest special district taxing entity. Based upon the nature of the Successor Agency's custodial role, it is reported as a fiduciary fund (private purpose trust fund).

Discretely Presented Component Unit

The <u>Sacramento Regional Arts Facilities Financing Authority (SRAFFA)</u> is reported in a separate column in the government-wide financial statements to emphasize its legal separation from the City. The SRAFFA is a joint powers agency between the City and County created for the purpose of financing the expansion of the theater complex located on H Street. The authority is governed by a board of five directors whose members are three designees of the City Council and two designees of the County Board of Supervisors. The members of the board serve at the pleasure of their respective legislative bodies and may be removed at will. Upon future dissolution, any remaining assets revert to the City and County of Sacramento in such manner as determined by the board. The SRAFFA is presented as a business-type activity in the component unit column of the government-wide statements. The SRAFFA does not issue separate financial statements.

ACCOUNTING POLICIES

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below.

New Pronouncements

GASB Statement No. 68 – In June 2012, the GASB issued Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27. The objective of this Statement is to improve accounting and financial reporting by state and local government for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency. The Statement is effective for periods beginning after June 15, 2014. As a result of implementing this statement, the City has restated beginning net position for certain City funds, as well as, governmental and business-type activities. See Note 18 for more information.

GASB Statement No. 71 – In November 2013, the GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB 68.* The objective of this Statement is to address an issue regarding application of the transition provisions of Statement 68, *Accounting and Financial Reporting for Pensions.* The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. As a result of implementing this statement, the City has restated beginning net position for certain City funds, as well as, governmental and business-type activities. See Note 18 for more information.

The City is currently analyzing its accounting and financial reporting practices to determine the potential impact on the financial statements of the following GASB Statements:

GASB Statement No. 72 – In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*. This Statement requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. These disclosures should be organized by type of asset or liability reported at fair value. It also requires additional disclosures regarding investments in certain entities that calculate net asset value per share (or its equivalent). The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015. The City has not determined its effect on the financial statements.

GASB Statement No. 73 – In June 2015, GASB issued Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. The provisions in Statement 73 are effective for fiscal years beginning after June 15, 2015 – except those provisions that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68, which are effective for fiscal years beginning after June 15, 2016. The City has not determined its effect on the financial statements.

New Pronouncements (Continued)

GASB Statement No. 74 – In June 2015, GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans.* Statement No. 74 replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, as amended,* and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple - Employer Plans.* It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, as amended,* Statement 43, and Statement No. 50, *Pension Disclosures.* The provisions in Statement 74 are effective for fiscal years beginning after June 15, 2016. The City has not determined its effect on the financial statements.

GASB Statement No. 75 – In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Statement 75 establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities. The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017. The City has not determined its effect on the financial statements.

GASB Statement No. 76 – In June 2015, GASB issues Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments.* The objective of this Statement is to identify – in the context of the current governmental financial reporting environment – the hierarchy of generally accepted accounting principles (GAAP). This Statement supersedes Statement No. 55, The Hierarchy of Generally Accepted Accepted Accounting Principles for State and Local Governments. This statement is not effective until the fiscal year ending June 30, 2016. The City has not determined the effect of this statement.

GASB Statement No. 77 – In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*. The objective of this Statement is to provide financial statement users with essential information about the nature and magnitude of the reduction in tax revenues through tax abatement programs. This statement is not effective until the fiscal year ending June 30, 2017. The City has not determined the effect of this statement.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the City is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Certain indirect costs are allocated to expenses and capital assets of governmental and business-type activities. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

As a general rule the effect of interfund activity has been removed from the government-wide financial statements. Internal service fund activity has been eliminated from the statement of activities. The effect of interfund services provided and used between functions, such as the sale of water from the Water Fund to the General Fund, has not been eliminated in the statement of activities. The City's payments in lieu of taxes from its enterprise funds to the General Fund are reported as interfund transfers.

Government-wide and Fund Financial Statements (Continued)

The accounts of the City are organized on the basis of funds. A fund is a separate accounting entity with a selfbalancing set of accounts. Each fund was established for the purpose of accounting for specific activities in accordance with applicable regulations, restrictions or limitations. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary trust fund financial statements. Agency funds, included in the fiduciary fund financial statements, are also reported using the accrual basis of accounting, however they are not reported using a measurement focus because only assets and liabilities are presented. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, utility users taxes, intergovernmental revenue, special assessments, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund and accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Measure U Special Revenue Fund was established to account for the temporary half-cent sales tax approved by voters on November 6, 2012.

The Capital Grants Fund is used to account for capital improvement program projects that are funded by parties outside of the City including the State and Federal governments.

The 1997 Lease Revenue Bond Fund accounts for the loan receivable, debt service activities and related transactions concerning the acquisition and lease back of a sports and entertainment arena.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The City reports the following major enterprise funds:

The Water Fund accounts for the operation and maintenance of the City's water treatment and water transmission and distribution systems.

The Wastewater Fund accounts for the operation and maintenance of the City's wastewater system.

The Storm Drainage Fund accounts for the operation and maintenance of the City's surface drainage system.

The Solid Waste Fund accounts for the collection and disposal of refuse throughout the City and for landfill closure.

The Community Center Fund accounts for the operation and maintenance of the City's Community Center, including the theater and exhibit halls.

Additionally, the City reports the following fund types:

Internal service funds account for the financing of fleet and risk management services to other departments on a cost reimbursement basis.

The Pension Trust Fund accounts for the assets held on behalf of the Sacramento City Employees' Retirement System (SCERS) for pension benefit payments to qualified employees.

Investment trust funds account for the net position held on behalf of investors, in the City's investment pool and individual accounts, who are not part of the City's financial reporting entity.

The Private Purpose Trust Fund accounts for the assets received by the Successor Agency from the City's former redevelopment agency in order to liquidate its enforceable obligations, pursuant to Assembly Bill X1 26 which dissolved redevelopment agencies in California.

Agency funds account for assets held by the City as an agent for bonded assessment and community facilities districts.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, including fees, fines and forfeitures, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Program revenues also include earnings on investments that are legally restricted for a specific program. Internally dedicated resources are reported as general revenues rather than as program revenue. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted net position are available for use, it is the City's practice to use restricted resources first followed by unrestricted resources as they are needed. When all fund balance types are available, it is the City's practice to use restricted resources first, followed by committed, assigned and unassigned resources as they are needed.

Budget Information

The City Manager submits a proposed budget to the City Council no later than 60 days prior to the commencement of the fiscal year. The City Council holds public hearings, modifies the City Manager's recommendations, and adopts a final budget in June. The budget adoption resolution specifies that budgets will be controlled at the department level (e.g., police, fire, public works, parks and recreation etc.) by fund.

Annual budgets are adopted for the General Fund, Measure U Fund, the City/County Office of Metropolitan Water Planning (CCOMWP) Fund, the Cal EPA Fund, as well as certain activities within the Transportation and Development Fund, the Culture and Leisure Fund, and the Parks and Recreation Fund, and the Special Districts Fund. Annual budgets are also adopted for the enterprise and internal service funds, although they are not legally required. Multi-year project-length budgets are adopted for the General Fund, capital projects funds, and the Operating Grants special revenue fund where appropriations remain authorized for each project until closed, irrespective of fiscal year. Expenditures are appropriated on a modified accrual basis, except that commitments related to purchase orders are treated as expenditures in the year of commitment.

Budgets are modified throughout the year when the tax base changes, fees are modified, new revenue sources are identified, or programs are changed. The City Manager is authorized to administratively amend the budget during the year for transactions up to \$100 without City Council approval. All other appropriation adjustments during the year require City Council approval. Significant appropriation adjustments were not required during the year ended June 30, 2015. Unencumbered annual budget appropriations lapse at fiscal year-end. The City honors contracts represented by year-end encumbrances and the appropriations carried over provide authority to complete these transactions in future years. Multi-year project-length budget appropriations are automatically carried over into the next fiscal year.

Financial Statement Elements

Investments - City investments are recorded at fair value, except real estate mortgages, which are recorded at cost. The estimated fair value of all investments is the quoted market price. Certain bond covenants require that interest earned on assessment district construction proceeds, which are reported in other governmental funds, be credited to reserve accounts, which are reported in Agency funds. Interest earned on all other cash and investments is credited to the fund which holds the investment.

Property Taxes - Article XIII of the California Constitution (Proposition 13) limits ad valorem taxes on real property to one percent of value plus taxes necessary to pay indebtedness approved by voters prior to July 1, 1978. The Article also established the 1975/76 assessed valuation as the base and limits annual increases to the cost of living, not to exceed two percent, for each year thereafter. Property may also be reassessed to full market value after a sale, transfer of ownership, or completion of new construction. The State is prohibited under the Article from imposing new ad valorem, sales, or transactions taxes on real property. Local governments may impose special taxes (except on real property) with the approval of two-thirds of the qualified electors.

Property taxes are levied annually by the Sacramento County Assessor on July 1 and become a lien on property on the preceding January 1. Taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively.

The City participates in an alternative method of distribution of property tax levies and assessments known as the "Teeter Plan". The State Revenue and Taxation Code allow counties to distribute secured real property, assessment and supplemental property taxes on an accrual basis resulting in full payment to cities each fiscal year. Any subsequent delinquent payments and related penalties and interest during a fiscal year will revert to Sacramento County. The Teeter Plan payment, which includes 95% of the outstanding accumulated delinquency, is included in property tax revenue. Under the Teeter Plan code, 5% of the delinquency must remain with the County as a reserve for Teeter Plan funding.

Financial Statement Elements (Continued)

Receivables and Payables – Property taxes, sales taxes, and utility user taxes, and other taxes, related to the current fiscal year are accrued as revenue and accounts receivable and considered available if received within 60 days of year end.

Federal and State grants are considered receivable and accrued as revenue when all eligibility requirements have been met under the accrual basis of accounting in the government-wide statement of net position. The amount recognized as revenue under the modified accrual basis of accounting is limited to the amount that is deemed measurable and available as described above.

Long-term loans receivable reported in the governmental fund statements are recorded with offsetting unavailable revenue or nonspendable fund balance for noncurrent assets because the resources cannot be spent. Long-term loans receivable reported in the proprietary fund statements, as well as long-term loans reported in the government-wide statements, are not offset by unavailable revenue. Unbilled utility revenue earned is recognized as revenue and accounts receivable in the enterprise funds.

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Inventories and Prepaid Items - Inventories in the proprietary funds are stated at the lower of average cost or market and consist of expendable materials and supplies.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets - Certain proceeds of debt issues, as well as certain resources set aside for their repayment, are classified as restricted assets on the statements of net position and balance sheets because their use is limited by applicable bond covenants. Unspent developer impact fees are classified as restricted assets on the statements of net position for the Water and Wastewater enterprise funds.

Capital Assets - Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are recorded at the lower of actual historical cost or fair value (as of the date donated for contributed assets) although for certain older assets estimated historical costs are used.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Building and improvements Transmission and distribution systems Machinery, vehicles and equipment Software Roadway network Street light network Parks and park improvements Primarily 15 to 70 years Primarily 15 to 100 years Primarily 5 to 30 years Primarily 5 to 20 years Primarily 20 to 70 years Primarily 40 to 50 years Primarily 15 to 30 years

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Elements (Continued)

It is the policy of the City to capitalize all land, buildings and improvements, equipment, and infrastructure assets, except assets costing less than \$20, unless a federal funding source is utilized. The City also capitalizes all intangible capital assets, primarily easements and software, except assets costing less than \$100, unless a federal funding source is utilized. All capital assets in excess of \$5 financed by a federal funding source are capitalized. Costs of capital assets sold or retired (and related amounts of accumulated depreciation/amortization) are eliminated from the accounts in the year of sale or retirement and the resulting gain or loss is included in the operating statement of the related proprietary fund, governmental activities, and business-type activities. In governmental funds, the sale of general capital assets is included in the statement of revenues, expenditures and changes in fund balances as proceeds from sale.

Major outlays for capital assets are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. When the asset constructed in business-type activites is financed by a specific bond issue, the interest included is net of interest earned on the invested bond proceeds over the same period. The total interest cost incurred by the City during the current fiscal year was \$56,495. Of this amount, \$10,125, consisting of interest cost of \$11,399 net of interest earned of \$1,274, was included as part of the cost of capital assets under construction.

The Crocker Art Museum's collection of works of art, held in trust by the City, has not been reported in these financial statements. The City has elected not to report the collection because it meets the three criteria for waiving capitalization: the collection is held for reasons other than financial gain; the collection is protected, kept unencumbered, cared for, and preserved; and the collection is subject to an organizational policy requiring that the proceeds from sales of collection items be used to acquire other items for the collection.

Deferred Outflows/Inflows of Resources - In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an expense/expenditure until then. The City has three items, loss on refunding of debt, accumulated decrease in fair-value of hedging derivative instrument and deferred outflows related to pensions, which qualifies for reporting in this category.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position and fund balance that applies to a future period(s) and so will not be recognized as revenue until then. The City has two items recognized in the statement of net position, deferred service concession arrangement revenue and deferred inflows related to pensions. In addition, there is one item recognized in the governmental funds, unavailable revenue, which qualifies for reporting in this category.

Compensated Absences - Benefit qualified employees accrue vacation, sick, and holiday benefits. A full time employee may accumulate up to sixty days of vacation. Sick leave vests and may be accumulated until retirement. An employee with sixty or more days of accumulated sick leave at the end of a calendar year may elect to receive a 25% payment of any unused sick leave earned in the previous calendar year. The amount of sick leave paid is deducted from the employee's total accumulation. Upon retirement, employees with a minimum of 20 years of City service, excluding SCERS employees, have the option of converting their sick leave accumulated sick leave. The City accrues expected cash payments of accumulated sick leave at fiscal year end. Employees who leave the City and are not retiring forfeit any remaining sick leave.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Elements (Continued)

Employees receive 14 holidays per calendar year. Employees accrue all or a portion of these 14 days during the year depending on their job classification. Classifications that accrue all 14 days get paid in cash throughout the year whenever their holiday leave balances exceed the 14 day total. All other employees accrue one or two days of "floating" holiday time, depending on the bargaining unit, throughout the year in conjunction with their remaining twelve holidays. Employees who accrue "floating" holiday time get paid annually in January for any calendar year-end balance greater than eight hours.

All hourly employees have the option of being compensated for their overtime pay with compensatory time off (CTO). Depending on the employee's CTO plan, the employee may accrue a maximum of 80, 120 or 160 hours of CTO. The employee's applicable labor agreement or the City Council's resolution for unrepresented employees determines the maximum accruable number of CTO hours.

All compensated absences are accrued when earned in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Unavailable Revenue / Unearned Revenue - Unavailable revenue in governmental funds arise when potential revenue does not meet the "available" criteria for recognition in the current period. Unearned revenue in accrual based statements arises when resources are received by the City before it has a legal claim to them (i.e., when grant monies are received prior to the incurrence of qualifying expenditures).

Long-term Obligations - In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Gains and losses on debt refunding are deferred and amortized over the shorter of the remaining life of the old debt or the life of the new debt using the straight-line method. Bonds payable are reported net of bond premium or discount and net of gains and losses on debt refunding. Bond issuance costs are reported as expenditures when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Balance - In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Nonspendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Amounts that are restricted to specific purposes, either by a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation, are classified as restricted fund balances. Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Council through a resolution, which is the highest form of decision authority, are classified as committed fund balances. Amounts that are constrained by the City Council's intent to be used for specific purposes through a resolution, but are neither restricted nor committed, are classified as assigned fund balances. Negative fund balance in governmental funds, after determining the fund balance classifications described above, is reported as unassigned fund balance.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Elements (Continued)

The City's Economic Uncertainty Reserve (Reserve) is a stabilization arrangement in the General Fund reported as committed fund balance. The City Council reaffirmed its policy goal for the Reserve in its resolution number 2015-0169 adopted with the fiscal year 2015/16 annual budget. The adopted Reserve goal is to achieve a reserve equal to 10% of annual General Fund revenue. The City Manager may recommend a release from the Reserve when the gap between projected revenue and expenditures is greater than \$1,000 in the proposed budget. Additions and releases from the Reserve must be approved by City Council by resolution.

Statement of Cash Flows - For purposes of the statement of cash flows, cash equivalents are defined as investments with original maturities of 90 days or less, which are readily convertible to known amounts of cash. The City considers all pooled cash and investments (consisting of cash and investments and restricted cash and investments) held by the City as cash and cash equivalents because the pool is used essentially as a demand deposit account from the standpoint of the funds. The City also considers all non-pooled cash and investments (consisting of cash with fiscal agent and restricted cash and investments held by fiscal agent) as cash and cash equivalents because investments meet the criteria for cash equivalents defined above.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Pensions - For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees Retirement System (CalPERS) and Sacramento Employee's Retirement System (SCERS) Plans and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS and SCERS, respectively. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2 - CASH AND INVESTMENTS

The following is a summary of cash and investments at June 30, 2015:

| | Government-wide Statement of Net Position | | | | | | |
|---|--|--------------------|---|-------------------------|--|--|--|
| | Primary Government | Component Units | Fiduciary Funds Statement of Net Position | Total | | | |
| Cash and investments Restricted cash and investments | \$ 665,732 213,080 | \$- 1,088 | \$ | \$ 1,181,439 214,168 | | | |
| Total | \$ 878,812 | \$ 1,088 | \$ 515,707 | \$ 1,395,607 | | | |

Under the authority of the Sacramento City Charter, the Sacramento City Council, by Resolution 2014-0291, has delegated its investment authority to the City Treasurer. The City Treasurer manages the City's investments in accordance with the City's Investment Policy, which was last reaffirmed by the City Council on August 26, 2014. The City's investment policy requires compliance with the California Government Code for investments of public funds. The City's investment policy also provides limits on rate anticipation, arbitrage, and other swap investments.

SCERS pension trust fund investments are managed by the Administration, Investment and Fiscal Management Board pursuant to an Investment Policy adopted by the Board and approved by the City Council. Investment standards adopted by the SCERS Board were last approved by the City Council on August 26, 2014. The Investment Policy allows the Board to invest in fixed income and equity securities deemed prudent by the Board. Pursuant to the Investment Policy, the Board annually allocated the funds to different investment groups. For fiscal year 2015, the asset allocations consisted of the following: 40% Fixed Income securities, 35% Large Cap Growth stocks, 15% Equity Income stocks and 10% International stocks. The Investment Policy allows for up to 5% variance from these approved allocation levels to provide flexibility to investment activities without altering the risk profile of the SCERS portfolio.

The table below identifies the investment types that are authorized for public funds of the City by the California Government Code. The table also identifies certain provisions of the California Government Code that address interest rate risk, credit risk, and concentration of credit risk.

| Authorized Investment Type | Maximum | Maximum | Maximum | Minimum |
|-------------------------------------|----------|-------------------|------------|---------|
| | Maturity | Percentage of | Investment | Rating |
| | - | Portfolio | in One | - |
| | | | Issuer | |
| | | | | |
| Local agency bonds | 5 years* | None | None | None |
| U.S. Treasury obligations | 5 years* | None | None | None |
| U.S. agency securities | 5 years* | None | None | None |
| Bankers acceptance | 180 days | 40% | 30% | None |
| Commerical paper | 270 days | 25% | 10% | A1/P1 |
| Negotiable certificates of deposit | 5 years | 30% | None | None |
| Repurchase agreements | 1 year | None | None | None |
| Reverse repurchase and | 92 days | 20% of base value | None | None |
| securities lending agreements | | | | |
| Medium term notes (bank notes and | 5 years* | 30% | None | А |
| corporate bonds) | | | | |
| Mutual funds | N/A | 20% | 10% | Aaa |
| Money market mutual funds | N/A | 20% | 10% | Aaa |
| Collateralized bank deposits | 5 years | None | None | None |
| Mortgage pass-through securities | 5 years | 20% | None | AA |
| Time deposits | 5 years | None | None | None |
| Joint Powers Authority pool | N/A | None | None | None |
| County pooled investment | N/A | None | None | None |
| Local Agency Investment Fund (LAIF) | N/A | None | None | None |

*The City investment policy allows these investments to have maximum maturities of 5 years, plus not more than 30 days. Such approved maturity extensions are authorized by California Government Code section 53601.

The table above does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the City, or investments held by the SCERS pension trust fund or other trust funds.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City's investment policy limits interest rate risk by requiring compliance with the California Government Code for investments of public funds, as described in detail above. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturing evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustees) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity. The remaining maturity of the City's investments included in the table below is based on the stated maturity dates of the individual investments, except in the case of variable rate investments where the maturity date below is the next reset date. Variable rate securities are investments with terms that provide for the adjustment of interest rates on specified dates based on predefined mathematical formulas. The fair value of such investments can reasonably be expected to be affected at each interest rate reset date.

Interest Rate Risk (Continued)

Investments in equities, or in debt securities with remaining maturities longer than five years, are held by the SCERS pension trust fund, other trust funds, or by bond trustees pursuant to debt agreements.

The City's cash and investments by maturities as of June 30, 2015 are as follows:

| | Remai | | | | | g Maturity i | | | | |
|---|-------|----------|----|---------|----|--------------|----|--------|----|-----------|
| Cash and Investment Type | No | Maturity | ι | Jnder 1 | | 1-5 | (| Over 5 | Fa | air Value |
| Certificates of deposit | \$ | - | \$ | 64,552 | \$ | 10,830 | \$ | - | \$ | 75,382 |

| | | | | | | | | | | |

Investments in callable bonds are investments that, although having clearly defined maturities, allow for the issuer to redeem or call such bonds earlier than their respective maturity dates. The investor must then replace the called bonds with investments that may have lower yield than the original bonds. The fair values of the callable bonds held at June 30, 2015 by investment type are as follows:

| Investment Type | Fair Value |
|-----------------|------------|
| Corporate bonds | \$ 11,866 |
| Municipal bonds | 17,526 |
| U.S. agencies | 122,376 |

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's investment policy limits credit risk by requiring compliance with the California Government Code for investments of public funds, as described in detail above. At June 30, 2015, the City's deposits and investments, and corresponding credit ratings, are as follows:

| Cash and Investment Type | S & P | Moody's | Fair Value |
|--|------------|-----------|------------|
| | | | |
| Certificates of deposit | A1 | P1 | \$ 20,001 |

Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) which represent 5% or more of total investments at June 30, 2015:

| Federal Home Loan Bank (All in City Pools) | \$ 104,965 |
|---|---------------|
| General Electric Corporation (City Pools) | \$ 56,106 |
| General Electric Corporation (SCERS) | \$ 25,914 |
| Toyota Motor Credit Corporation (All in City Pools) | \$ 88,161 |

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code has provisions for financial institutions that limit custodial credit risk for deposits. Financial institutions are required to secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. The City's financial institutions also have insurance through the Federal Depository Insurance Corporation (FDIC). The City's investment policy has no additional provisions for limiting custodial credit risk for deposits.

Custodial Credit Risk (Continued)

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments; however, it is the practice of the City Treasurer that all investments are insured, registered or held by the Treasurer's custodial agent in the City's name.

City Sponsored Investment Pool

As part of the City's total cash and investments portfolio, the City Treasurer manages an investment pool, which includes both internal and external investors. The pool is not registered with the Securities and Exchange Commission as an investment company. The City Treasurer is granted authority for managing the pool by City Charter Section 73 and City Council ordinances and resolutions. Monthly, the City Treasurer reports investment activity to the Council for review.

The fair value of investments is determined monthly. Participants' shares sold and redeemed are determined by the daily cash balance deposited in the pool (the value of its pool shares). The value of the pool shares is based upon amortized cost in day to day operations but is adjusted to the fair value at year-end. The investments are reported at fair value. The value of the shares is supported by the value of the underlying investments. External participants, including various joint powers agencies, comprise 6.59% of pool participation. The City Sponsored Investment Pool excludes activities of the pension trust fund, SHRA and funds held by fiscal agents.

The following represents a condensed statement of net position and changes in net position for the City Sponsored Investment Pool as of June 30, 2015:

| Statement | of | Net | Position: |
|-----------|----|-----|------------------|
|-----------|----|-----|------------------|

| sponsored investment pool | \$ | 937,577 | \$ | 937,301 | | |

Participation in External Investment Pools

The City is a voluntary participant in the California LAIF that is regulated by the California Government Code under the oversight of the Local Investment Advisory Board (Board). The Board consists of five members as designated by state statute. The balance available for withdrawal is based on the accounting records maintained by the LAIF, which are recorded on an amortized cost basis, which is different from the fair value of the City's position in the LAIF pool. As of June 30, 2015, the City's investment in LAIF is \$20,000. The total amount invested by all public agencies in LAIF at that date is \$21,495,235. LAIF is part of the California Pooled Money Investment Account (PMIA), which at June 30, 2015 had a balance of \$69,641,162. Of that amount, 97.92% is invested in non-derivative financial products, and 2.08% is invested in derivative financial products.

The City is also a voluntary participant in the CaITRUST which is a Joint Powers Authority governed by a Board of Trustees made up of local treasurers and investment officers. The Board of Trustees sets overall policy for CaITRUST, and selects and supervises the activities of the Investment Manager and other agents. As of June 30, 2015, the City's investment in CaITRUST is \$169,482, of which \$18,240 was invested in the Money Market Fund, \$74,419 in the Short-term pool and \$76,823 in the Medium-term pool. Amounts that may be withdrawn from the Money Market Fund are based upon the fund's assets valued using the amortized cost method. Amounts that may be withdrawn from the Short-term and Medium-term pools are based on the net asset value per share and the number of shares held by participants in each pool.

NOTE 3 - RECEIVABLES

Receivables as of June 30, 2015, were as follows:

| | Taxes | A | ccounts | Loans | Inter- jovern- mental | In | terest | Total |
|--|---|----|---|--|--|----|---------------------------------------|--|

| | \$ 2,647 | \$ | 45,587 | \$ 9,752 | \$ 4,411 | \$ | 1,575 | \$ 63,972 |
| Component unit Sacramento Regional Arts Facilities Financing Authority | \$ _ | \$ | _ | \$ 11,533 | \$ | \$ | - | \$ 11,533 |

Included in the Accounts Receivable amounts above are allowances for doubtful accounts of \$11,260 in governmental activities and \$1,342 in business-type activities.

Included in the Loans Receivable amount related to Other governmental funds above is the present value of the installment payments under the golf service concession arrangement of \$6,912, reported with the associated deferred inflow in the government-wide statement of net position.

The California Music Theater is required to make a yearly payment in the amount equal to principal and interest to the SRAFFA component unit to repay the loan receivable.

NOTE 4 – CAPITAL ASSETS

The June 30, 2014 beginning balance of governmental activities and business-type activities have been restated to reflect the net pension liability required by GASB Statement No. 68, in the amounts of \$679,691 and \$104,795, respectively.

The following is a list of long-term debt issues outstanding at June 30, 2015, including the amount of original debt issuance, a description of the debt issue, and disclosure of pledged revenue.

Revenue and Other Bonds

Issued Amount

- \$130,425 1993 Refunded Revenue Bonds, Series A Authorized and issued September 1993, due in annual installments of \$2,186 to \$8,875 through November 2020, bearing interest rates of 4.5% to 5.13%, for the purpose of refunding the 1986 Public Facilities Certificates of Participation and a portion of the 1991 Marks-Roos Revenue Bonds.
- \$95,480 1993 Refunded Revenue Bonds, Series B Authorized and issued September 1993, due in annual installments of \$1,634 to \$6,070 through November 2020, bearing interest rates of 4.5% to 5.13%, for the purpose of refunding the 1989 Public Facilities Certificates of Participation.
- \$7,290 1996 Lighting and Landscaping Bonds Authorized and issued October 1996, due in annual installments of \$235 to \$565 through fiscal year 2017, bearing interest rates of 4.5% to 5.5%, for the purpose of financing park and lighting maintenance and capital improvements. The debt service on the bonds is payable from special assessments to be levied and collected from property owners. The City pledged future Citywide lighting and landscaping special assessment revenues to repay the bonds. The bonds are payable solely from special assessment revenue through September 2016. Total principal and interest remaining to be paid on the bonds is \$1,161. Current year principal and interest paid was \$585 and special assessment revenue in the Citywide Lighting and Landscaping District was \$15,254.
- \$73,725 1997 Lease Revenue Bonds

Authorized and issued July 1997, due in annual installments of \$1,060 to \$2,665 through July 2017, at which time there will be a mandatory remarketing. The bonds were issued to finance the acquisition and lease back of a sports and entertainment arena. The bonds were issued as variable rate bonds for which a ten-year interest rate hedge was purchased to mitigate risk of interest rate fluctuations to a fixed rate of 5.607%. The debt service on the bonds is paid from lease revenue from the arena owner. The City pledged future lease revenues to repay the bonds. The bonds are payable solely from lease revenue through July 2027. Total remaining principal and interest of \$84,913 will be paid using 100% of future lease revenue. Current year principal and interest paid was \$5,599 and lease revenue was \$5,599.

Revenue and Other Bonds (Continued)

Issued Amount

- \$2,910 1999 Community Facilities District No. 2 Revenue Bonds, Series A Authorized and issued January 1999, due in annual installments of \$35 to \$255 through September 2023, bearing interest rates of 4.8% to 6.25%, for the purpose of financing capital improvements of the North Natomas CFD of benefit to City property.
- \$160,475 2002 Capital Improvement Revenue Bonds Authorized and issued July 2, 2002, for the purpose of financing certain capital projects within the City of Sacramento and to make a loan to the Redevelopment Agency of Sacramento for certain redevelopment projects within the City of Sacramento. In July 2005, \$32,935 of the bonds were defeased through the issuance of the 2005 Refunding Revenue bonds, and in December 2006, \$51,285 of the bonds were defeased through the issuance of the 2006 Series E Refunding Revenue bonds. The balance is due in annual installments of \$250 to \$5,310 through December 2017, bearing interest rates of 4% to 5.38%.
- \$68,470 2003 Capital Improvement Revenue Bonds Authorized and issued September 30, 2003, with the net proceeds of \$67,841 utilized for financing construction of the 911 Call Center and certain other capital projects within the City of Sacramento. In December 2006, \$35,805 of the bonds were defeased through the issuance of the 2006 Series E Refunding Revenue bonds. The balance was due in annual installments of \$150 to \$3,360 through December 2033, bearing interest rates of 2.25% to 5%.
- \$167,860 2005 Refunding Revenue Bonds Authorized and issued July 12, 2005, due in annual installments of \$360 to \$15,315 through December 1, 2029, bearing interest rates of 4% to 5%. Net proceeds of \$187,563 were utilized for the purpose of establishing an irrevocable escrow to refund \$173,440 principal amount of the outstanding 2000 Capital Improvement Revenue Bonds and a portion of the outstanding 1999, 2001 and 2002 Capital Improvement Revenue Bonds. As a result, the refunded bonds are considered defeased and the liabilities have been removed from the governmental and business-type activities columns of the statement of net position.
- \$95,900 2006 Capital Improvement Revenue Bonds Series A (Tax Exempt) Authorized and issued June 15, 2006, due in annual installments of \$2,060 to \$5,070 through December 1, 2036, bearing interest rates of 3.75% to 5%. Net proceeds of \$89,808 are being utilized for the purpose of financing certain public capital improvements and redevelopment projects including the expansion of the Crocker Art Museum, the new Valley Hi–North Laguna Library and other capital projects within the City.
- \$55,235 2006 Capital Improvement Revenue Bonds Series B (Taxable) Authorized and issued June 15, 2006, due in annual installments of \$720 to \$3,760 through December 1, 2036, bearing interest rates of 5.4% to 5.8%. Net proceeds of \$50,692 are being utilized for the purpose of financing certain public capital improvements and redevelopment projects including an arts rehearsal building, Pocket Area Library and other capital projects within the City.
- \$28,825 2006 Capital Improvement Revenue Bonds Series C (Tax Exempt) Authorized and issued December 12, 2006, due in annual installments of \$245 to \$1,955 through December 1, 2036, bearing interest rates of 4% to 5%. Net proceeds of \$30,500 were utilized for the purpose of financing the acquisition and improvements of the 300 Richards Boulevard land and building in the City.

Revenue and Other Bonds (Continued)

Issued Amount

\$2,430 2006 Capital Improvement Revenue Bonds Series D (Tax Exempt) Authorized and issued December 12, 2006, due in annual installments of \$475 to \$685 through December 1, 2016, bearing an interest rate of 5.16%. Net proceeds of \$2,400 were utilized for the purpose of financing the acquisition and improvements of the 300 Richards Boulevard land and building in the City.

\$186,950 2006 Capital Improvement Revenue Bonds Series E (Refunding)

Authorized and issued December 12, 2006, due in annual installments of \$402 to \$8,570 through December 1, 2033, bearing interest rates of 4% to 5.25%. Net proceeds of \$216,661 plus cash of \$13,441 have been utilized for the purpose of establishing an irrevocable escrow to defease \$218,000 principal amount of the outstanding 2001 Capital Improvement Revenue Bonds and a portion of the outstanding 2002 and 2003 Capital Improvement Revenue Bonds, and the associated liabilities have been removed from the governmental and business-type activities columns of the statement of net position.

- \$215,195 Water Revenue Bonds, Series 2013 Authorized and issued March 2013, due in annual installments of \$9,731 to \$14,018 through fiscal year 2043, bearing interest rates of 1% to 5%, for the purpose of financing the costs of improvements to the City's municipal water system. The debt service on the bonds is secured by the pledge of, and payable solely from, the Trust Estate, which consist primarily of all system net revenues and trustee accounts held under the indenture. Total principal and interest remaining to be paid on the bonds is \$392,442 as of June 30, 2015. Current year principal and interest paid was \$14,011 and Water Fund system revenue was \$100,476.
- \$30,855 Wastewater Revenue Bonds, Series 2013 Authorized and issued June 2013, due in annual installments of \$951 to \$1,958 through fiscal year 2043, bearing interest rates of 3% to 5%, for the purpose of financing the costs of improvements to the City's wastewater system. The debt service on the bonds is secured by a pledge of, and payable solely from, the Trust Estate, which consists primarily of all system net revenues and trustee accounts held under the indenture. Total principal and interest remaining to be paid on the bonds is \$54,752 as of June 30, 2015. Current year principal and interest paid was \$1,404 and Wastewater Fund system revenue was \$31,203.

Certificates of Participation

\$16,580 Sacramento Regional Arts Facilities 2002 Series Certificates of Participation (COPs) Authorized and issued in August 2002, due in annual principal and interest installments of \$754 to \$1,063 through September 2032, bearing interest rates of 2% to 5%. Net proceeds of \$16,428 were utilized for the purpose of financing and refinancing the acquisition, renovation and construction of the H Street Theatre facilities. The COPs are payable solely from lease revenue received by the City through September 2032. Total remaining principal and interest of \$18,785 will be paid using 100% of future lease revenue. Current year principal and interest paid was \$1,050 and lease payments received were \$1,050.

Notes Payable

\$2,220 1985 Sacramento Marina Note Payable, Phase I

Authorized July 1985, issued November 1985, refinanced August 1998, to the California Department of Boating and Waterways, due in annual installments of \$20 to \$82 through August 2030, bearing an interest rate of 4.5%, for the purpose of financing the expansion of the Sacramento Marina.

Notes Payable (Continued)

Issued Amount

- \$3,229 1985 Sacramento Marina Note Payable, Phase II Authorized July 1985, issued September 1987, refinanced August 1998, to the California Department of Boating and Waterways, due in annual installments of \$27 to \$150 through August 2037, bearing an interest rate of 4.5%, for the purpose of financing the expansion of the Sacramento Marina.
- \$1,829 1985 Sacramento Marina Note Payable, Phase III Authorized July 1985, issued March 1988, refinanced August 1998, to the California Department of Boating and Waterways, due in annual installments of \$50 to \$120 through August 2018, bearing an interest rate of 4.5%, for the purpose of financing the expansion of the Sacramento Marina.
- \$1,117 1985 Sacramento Marina Note Payable, Phase IV Authorized July 1985, issued February 1989, refinanced August 1998, to the California Department of Boating and Waterways, due in annual installments of \$29 to \$73 through August 2019, bearing an interest rate of 4.5%, for the purpose of financing the expansion of the Sacramento Marina.
- \$10,477 2008 Sacramento Marina Note Payable, South Basin Authorized February 2005, the City has made loan draws of \$9,000 plus accrued interest of \$1,477 through June 30, 2013, from the California Department of Boating and Waterways, for the purpose of constructing the South Basin Improvements at the Sacramento Marina. Principal and interest is due in 30 annual installments of \$204 to \$662, through August 2041, bearing an interest rate of 4.603%. The City has made no principal or interest payments on this loan since 2013, and is working with DB&W on a loan restructure. As of June 30, 2015, the DB&W and the City have not executed a formal agreement to restructure this loan.
- \$1,380 1997 State Department of Boating and Waterways Note Payable
 Authorized January 1997, issued May 1999, due in annual installments of \$89 to \$98 through 2018, for the purpose of financing a visitor dock at Old Sacramento.
- \$2,619 State Water Resources Control Board Note Payable Authorized July 1998, issued September 1998, due in annual installments of \$166 through March 2018, bearing an interest rate of 2.6% for the purpose of financing the City's reservoir rehabilitation project. The City pledged future wastewater and storm drainage fee revenue to repay the note. The note is payable solely from the wastewater and storm drainage fee revenue through March 2018. Total principal and interest remaining to be paid on the note is \$497. Current year principal and interest paid was \$166 and wastewater and storm drain fee revenue was \$67,387.
- \$37,016 State Water Resources Control Board Note Payable Authorized March 1999, issued beginning July 1999, due in annual installments of \$2,373 through November 2020, bearing an interest rate of 2.2%, for the purpose of financing various wastewater projects. The City pledged future wastewater and storm drainage fee revenue to repay the note. The note is payable solely from the wastewater and storm drainage fee revenue through November 2020. Total principal and interest remaining to be paid on the note is \$14,203. Current year principal and interest paid was \$2,367 and wastewater and storm drain fee revenue was \$67,387.

Notes Payable (Continued)

Issued Amount

- \$5,177 State Water Resources Control Board Note Payable
 - Authorized March 2001, issued July 2001, due in annual installments of \$342 through September 2019, bearing an interest rate of 2.6%, for the purpose of financing the construction of underground storage and pumping facilities. The City pledged future wastewater and storm drainage fee revenue to repay the note. The note is payable solely from the wastewater and storm drainage fee revenue through September 2019. Total principal and interest remaining to be paid on the note is \$1,710. Current year principal and interest paid was \$342 and wastewater and storm drain fee revenue was \$67,387.
- \$2,603 State Water Resources Control Board Note Payable Authorized June 2001, issued beginning May 2002, due in annual installments of \$149 through May 2021, bearing an interest rate of 2.6%, for the purpose of financing the replacement of sewer lines. In fiscal year 2003 there was an additional draw of \$250. The City pledged future wastewater and storm drainage fee revenue to repay the note. The note is payable solely from the wastewater and storm drainage fee revenue through May 2021. Total principal and interest remaining to be paid on the note is \$990. Current year principal and interest paid was \$165 and wastewater and storm drain fee revenue was \$67,387.
- \$5,672 State Water Resources Control Board Note Payable Authorized February 2002, issued beginning February 2002, due in annual installments of \$397 through February 2021, bearing an interest rate of 2.6%, for the purpose of financing the replacement of sewer lines. The City pledged future wastewater and storm drainage fee revenue to repay the note. The note is payable solely from the wastewater and storm drainage fee revenue through February 2021. Total principal and interest remaining to be paid on the note is \$2,383. Current year principal and interest paid was \$397 and wastewater and storm drain fee revenue was \$67,387.
- \$10,000 California Department of Public Health Authorized September 2009 for the installation of approximately 13,000 water meters. The note, with a 2.5% interest rate, will be repaid over 20 years with annual principal and interest payments of approximately \$639. The City pledged future water enterprise fund revenue to repay the note. Water Fund system revenue was \$100,476. The note is payable solely from water enterprise fund revenue through 2033.
- \$2,975 California Infrastructure and Economic Development Bank (I-Bank) Authorized in December 2007, due in annual principal and interest installments from \$187 to \$196 through August 2032, bearing an interest rate of 3.17%, for the purpose of financing the purchase and construction of the Basin 31 Detention Basin. The City pledged future storm drainage fee revenue to repay the note. The note is payable solely from the storm drainage fee revenue through August 2032. Total principal and interest remaining to be paid on the note is \$3,654. Current year principal and interest paid was \$163 and storm drainage fee revenue was \$36,184.

Capital Lease Obligations

The City has entered into several long-term leases to finance the acquisition of building improvements and equipment. The leases qualify as capital leases for accounting purposes as defined under the GASB Statement No. 62 and have been recorded at the present value of the future minimum lease payments. As of June 30, 2015, future minimum lease payments to be made by the City's General, Solid Waste, Wastewater and Culture and Leisure Funds are as follows:

| Fiscal Year Ending June 30, | G | overnmental Activities | ness-Type ctivities | Total |
|---|----|---------------------------|------------------------|--------------|
| 2016 | \$ | 3,388 | \$ 1,817 | \$ 5,205 |
| 2017 | | 3,006 | 1,818 | 4,824 |
| 2018 | | 2,271 | 569 | 2,840 |
| 2019 | | 1,358 | - | 1,358 |
| 2020 | | 722 | - | 722 |
| 2021 - 2025 | | 349 | - | 349 |
| Total minimum lease payments | | 11,094 | 4,204 | 15,298 |
| Less amounts representing interest | | (638) | (129) | (767) |
| Net present value of minimum lease payments | \$ | 10,456 | \$ 4,075 | \$ 14,531 |

The following is a schedule of property under capital leases by major classes at June 30, 2015:

| | Governmental Busines Activities Activ | | | | be Total | | | |
|---|--|-------------------|----|---------|-------------|--------------------|--|--|
| Builidings and improvements | \$ | 1,523 | \$ | - | \$ | 1,523 | | |
| Equipment Less: accumulated depreciation | | 20,006 (7,317) | | 13,166 | | 33,172 (15,406) | | |
| Less. accumulated depreciation | | (7,317) | | (8,089) | | (15,400) | | |
| Total | \$ | 14,212 | \$ | 5,077 | \$ | 19,289 | | |

Other Long-term Liabilities

Accrued claims and judgements – Estimated liabilities of the City's workers' compensation, auto, and general liability self-insurance programs administered through the Risk Management Internal Service Fund. The first year of salary continuation in the City's workers compensation program is accrued and paid by the City's General Fund, enterprise funds, and internal service funds.

Compensated absences – Estimated amounts due to employees for earned, but unused, compensated absence accounts, including leave balances for vacation, sick, holiday and compensated time off. Compensated absences are generally liquidated by the City's General Fund, enterprise funds, and internal service funds.

OPEB liability (other post-employment benefits) – Actuarially determined obligation for retiree medical benefits. The City established its OPEB liability at zero as of June 30, 2007. This liability reflects six years of contributing less than the annual required contribution. OPEB liabilities are generally liquidated by the City's General Fund, internal service funds and enterprise funds. See note 9 for more information.

Pollution remediation obligations – Estimated liabilities to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities.

Derivative instrument - interest rate swap – Amount represents the fair value of the interest rate swap associated with the 1997 Lease Revenue bonds. See additional disclosures regarding interest rate swap below.

Other Long-term Liabilities (Continued)

Financing plan fee credits – Issued to developers as consideration for infrastructure and other capital improvements constructed on behalf of the City within the scope of the North Natomas, Jacinto Creek and other development impact fee programs. Credits are redeemable from or against future impact fees assessed within the geographic boundaries of the finance plan.

Water fee credits – Issued to developers as consideration for infrastructure constructed on behalf of the City. Credits are redeemable from or against future water development impact fees.

Liability for landfill closure – Estimated post-closure maintenance and monitoring costs for the closed landfill sites.

Net pension liability - The City implemented GASB Statement No. 68 for the year ended June 30, 2015. The net pension liability resulting from the implementation is \$573,024 and \$89,769 for governmental activities and business-type activities, respectively, at June 30, 2015. Refer to Note 8 for more detailed information.

Future Debt Service Requirements

The following tables disclose the annual debt service requirements for the City and the Sacramento Regional Arts Facilities Financing Authority component unit long-term debt outstanding as of June 30, 2015.

Annual debt service requirements of governmental activities to maturity are as follows:

| | Revenue Bonds | | | Notes Payable | | | | |
|--------------------------------|---------------|-----------|----|---------------|----|----------|----|---------|
| Fiscal Year Ending June 30, | F | Principal | 1 | nterest | P | rincipal | h | nterest |
| 2016 | \$ | 21,222 | \$ | 19,574 | \$ | 954 | \$ | 700 |
| 2017 | | 22,379 | | 18,421 | | 611 | | 674 |
| 2018 | | 21,629 | | 17,309 | | 640 | | 645 |
| 2019 | | 19,110 | | 16,292 | | 669 | | 616 |
| 2020 | | 19,195 | | 15,308 | | 448 | | 586 |
| 2021 - 2025 | | 89,524 | | 62,314 | | 2,072 | | 2,649 |
| 2026 - 2030 | | 96,868 | | 36,991 | | 2,592 | | 2,129 |
| 2031 - 2035 | | 73,373 | | 14,479 | | 3,240 | | 1,480 |
| 2036 - 2040 | | 21,016 | | 1,137 | | 3,217 | | 709 |

| Less: Issuance discounts | | (89) | | - | |
| Totals | \$ | 12,381 | \$ | 6,314 | |

Derivative Instrument - Interest Rate Swap

Objective of the interest rate swap. The Sacramento City Financing Authority (the "Authority") entered into an interest-rate swap in 2007 in connection with remarketing of its 1997 Lease Revenue Bonds (Arco Arena Acquisition) variable-rate bonds (the "Bonds"). In effect, the swap changed the Bonds variable rate to a synthetic fixed rate of 5.607% through the end of the swap agreement's term, thereby hedging the Authority's interest-rate risk and lowering the Authority's borrowing cost compared to the cost of issuing traditional fixed-rate bonds. As of June 30, 2015, the amount of outstanding Bonds was \$59,790. The interest and principal payments on the Bonds are insured.

Derivative Instrument - Interest Rate Swap (Continued)

Terms. The Bonds mature on July 15, 2027; are subject to remarketing on July 19, 2017; and carry an interest rate equal to 3-month London Interbank Offered Rate ("LIBOR") plus 0.25% (total rate not to exceed 14%), payable quarterly, until July 19, 2017. The swap was entered at the same time the Bonds were remarketed in July 2007. The swap agreement terminates on July 19, 2017, and has a notional amount as of June 30, 2015, of \$59,790. The notional amount of the swap and the par amount of the Bonds each decline according to the same schedule through 2017. Under the swap, the Authority pays the swap provider a fixed interest payment of 5.607% and receives a variable-interest payment of LIBOR plus 0.25% (total rate not to exceed 14%). The Authority's payments to the swap provider are insured.

Fair value. As of June 30, 2015, the swap had a negative value to the Authority of \$5,727, which reflects the decline in interest rates since 2007. (Because the interest rates on the Bonds adjust as LIBOR adjusts, the Bonds do not have a corresponding value increase.) The swap's value was estimated using the zero-coupon method, which calculates the future net-settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot-interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

Provider credit risk. The value of the swap to the Authority depends on the "provider credit risk," which is the swap provider's ability to meet its payment obligations under the swap. Often this risk is addressed by requiring the swap provider to enter into a "collateral agreement" if its credit rating falls below specified levels. Such an agreement provides for the collateralization of the swap provider's obligations under the swap, as measured by the estimated "settlement amount" if the swap is terminated. But when the Authority entered into this swap, the swap provider, Goldman Sachs Capital Markets, L.P., was not rated by credit rating agencies, so a rated affiliate of the swap provider, The Goldman Sachs Group, Inc., provided credit support. Goldman Sachs Capital Markets, L.P. was subsequently replaced by a rated swap provider, Goldman Sachs Bank USA. The swap agreement requires the swap provider to enter into a collateral agreement if the credit support provider is rated A3 or lower by Moody's Investor Service or A- or lower by Standard & Poor's. As of June 30, 2015, the swap provider was rated A1 by Moody's Investors Services and A by Standard & Poor's, and the swap provider and the Authority had not entered into a collateral agreement.

Basis risk. The swap agreement provides that the payment received by the Authority must be at LIBOR plus 0.25% (total rate not to exceed 14%), which is identical to the interest rate on the Bonds. This mitigates the Authority's exposure to basis risk.

Termination risk. Under certain circumstances, either the swap provider or the Authority may terminate the swap. If the swap is terminated, then the Authority would no longer pay a synthetic fixed-interest rate on the Bonds but would instead pay the variable rate. And if, at the time of termination, the swap has a negative value, then the Authority would be liable to the swap provider for a payment equal to the swap's value.

Rollover Risk. The Authority is exposed to rollover risk on the swap because the maturity date of the swap agreement is July 2017 whereas the Bonds mature in July 2027.

Derivative Instrument - Interest Rate Swap (Continued)

Swap payments and associated debt. Using rates in effect on June 30, 2015, the debt-service requirements of the Bonds and the net swap payments, assuming interest rates remain the same through the July 2017 termination date of the swap and tender date on the Bonds, are as follows:

| Fiscal Year Ending June 30 | P | rincipal | Int | erest | rest Rate aps, Net | Total |
|-------------------------------|----|--------------------------|-----|------------------|-----------------------------|--------------------------------|
| 2016 2017 2018 | \$ | 2,475 2,665 54,650 | \$ | 314 294 73 | \$ 2,979 2,799 693 | \$ 5,768 5,758 55,416 |
| TOTAL | \$ | 59,790 | \$ | 681 | \$ 6,471 | \$ 66,942 |

The interest rates on the Bonds will vary after July 2017, when the swap terminates and the Bonds must be remarketed.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the U.S. Department of Treasury at least every five years. During the current year, the City performed calculations of excess investment earnings on various bonds and determined the liability to be zero at June 30, 2015.

Special Assessment Debt

Total matured and unmatured bonds outstanding related to special assessment and special tax districts are \$142,105 at June 30, 2015. The City acts as an agent for the property owners in collecting special assessments, forwarding the collections to bondholders and initiating foreclosure proceedings, when appropriate. The City is not liable for repayment of the special district bonds, and accordingly, they are not reflected in the accompanying basic financial statements. Cash held on deposit and corresponding amounts payable for the districts are reported in the Assessment Districts and Community Facilities Districts Agency Funds.

Conduit Debt

Outstanding obligations related to special facility and redevelopment agency revenue bonds total \$244,516 at June 30, 2015. Special facility revenue bonds were issued to provide administrative and service facilities for four non-profit organizations and for offices leased to the State of California Department of General Services (State). The bonds issued are special limited obligations of the City, payable solely from and secured by a pledge of revenue to be received from loan or lease agreements between the City and the non-profit organizations or the State. The redevelopment agency bonds were issued by the Sacramento City Financing Authority to finance redevelopment activities and to refund certain other obligations of the redevelopment agency. The City is not liable for repayment of these bonds, and accordingly, they are not reflected in the accompanying basic financial statements.

NOTE 8 – PENSION PLANS

Defined Benefit Plan Description

The City of Sacramento provides defined benefit retirement benefits through the California Public Employees' Retirement System (CalPERS) and the Sacramento City Employees' Retirement System (SCERS). CalPERS is an agent multiple-employer public employee defined benefit pension plan. SCERS is a single-employer defined benefit pension plan.

As of June 30, 2015, the City reported total net pension liability, deferred outflows of resources and deferred inflows of resources for CalPERS (Miscellaneous and Safety Plans) and SCERS plan as follows:

| Net Pension Liability | | | | Deferred Outflo Resources | | Deferred Inflows of Resources | |
|--------------------------|-----------------------------|---|---------------------|---|--|----------------------------------|--|
| + | -) - | + | , | \$ | 54,030 78,550 | | |
| 7 | 75,215 | | 4,908 | ¢ | - 132,580 | | |
| 9 | Liabilit 5 21 37 7 | Liability 213,647 373,931 75,215 | Liability Resources | Liability Resources 213,647 \$ 22,711 373,931 36,638 75,215 4,908 | Liability Resources Resources 213,647 \$ 22,711 \$ 373,931 36,638 \$ \$ 75,215 4,908 \$ \$ | | |

CalPERS

All full-time and certain part-time City employees hired after January 28, 1977 and City safety employees, regardless of date of hire, are eligible to participate in CalPERS. CalPERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and their beneficiaries. Copies of CalPERS' annual financial report may be obtained from the CalPERS Executive Office at 400 Q Street, Sacramento, CA 95814. A separate report for the City's plan within CalPERS is not available.

General Information about the Pension Plan

Plan Description - All qualified permanent and probationary employees are eligible to participate in the City's separate Safety (police and fire) and Miscellaneous (all other) Plans, agent multiple employer defined benefit pension plans administered by the CalPERS, which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website at http://www.calpers.ca.gov/index.jap?bc=/about/forms-pubs/calpers-reports/actuarial-reports/home.xml.

Benefits Provided - CalPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees, and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

General Information about the Pension Plan (Continued)

The Plans' provisions and benefits in effect at June 30, 2015, are summarized as follows:

| | Miscellar | neous |
|---|--------------------------|--------------------------------|
| | Classic | PEPRA |
| Hire Date | Prior to January 1, 2013 | On or after January 1, 2013 |
| Formula | 2% @ 55 | 2% @ 62 |
| Benefit vesting schedule | 5 years of service | 5 years of service |
| Benefit payments | monthly for life | monthly for life |
| Retirement age | 50-55 | 52-67 |
| Monthly benefits, as a % of annual salary | 1.4% to 2.7% | 1.0% to 2.5% |
| Required employee contribution rates | 6.80% | 6.75% |
| Required employer contribution rates | 14.42% | 14.42% |

| | Safety | | |
|---|--------------------------|---------------------|--|
| | Classic | PEPRA | |
| | Prior to January 1, 2013 | On or after January | |
| Hire Date | | 1, 2013 | |
| Formula | 3% @ 50, 3% @ 55 | 2.7% @ 57 | |
| Benefit vesting schedule | 5 years of service | 5 years of service | |
| Benefit payments | monthly for life | monthly for life | |
| Retirement age | 50 | 50-57 | |
| Monthly benefits, as a % of annual salary | 3.0% | 2.0% to 2.7% | |
| Required employee contribution rates | 9% | 12% | |
| Required employer contribution rates | 31.12% | 31.12% | |

Employees Covered - At June 30, 2015, the following employees were covered by the benefit terms for each Plan:

0-1-1-

| | Miscellaneous | Safety |
|--|---------------|--------|
| Inactive employees or beneficiaries currently receiving benefits | 1,769 | 1,016 |
| Inactive employees entitled to but not yet receiving benefits | 4,092 | 377 |
| Active employees | 2,435 | 1,120 |
| Total | 8,296 | 2,513 |

Contributions - Section 20814(c) of the California Public Employees' Retirement law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rates of employees. For the fiscal year ended June 30, 2015, the contributions for the miscellaneous and safety plans were \$22,711 and \$36,638 respectively.

Net Pension Liability

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2014, using an annual actuarial valuation as of June 30, 2013 rolled forward to June 30, 2014. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Net Pension Liability (Continued)

Actuarial Assumptions - The total pension liabilities in the June 30, 2013 actuarial valuations were determined using the following actuarial assumptions:

| | Miscellaneous | Safety |
|---------------------------|----------------------------------|----------------------------------|
| Valuation Date | June 30, 2013 | June 30, 2013 |
| Measurement Date | June 30, 2014 | June 30, 2014 |
| Actuarial Cost Method | Entry-Age Normal Cost Method | Entry-Age Normal Cost Method |
| Actuarial Assumptions: | | |
| Discount Rate | 7.5% | 7.5% |
| Inflation | 2.75% | 2.75% |
| Payroll Growth | 3.0% | 3.0% |
| Projected Salary Increase | 3.3% - 14.2% ⁽¹⁾ | 3.3% - 14.2% ⁽¹⁾ |
| Investment Rate of Return | 7.5% ⁽²⁾ | 7.5% ⁽²⁾ |
| Mortality | 2010 CalPERS Experience Study | 2010 CalPERS Experience Study |

(1) Depending on age, service and type of employment

(2) Net of pension plan investment expenses, including inflation

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2013 valuation were based on the results of a January 2014 actuarial experience study for the period of 1997 to 2011. Further details of the Experience Study can be found on the CalPERS website at:

http://www.calpers.ca.gov/index.jsp?bc=/about/forms-pubs/calpers-reports/actuarial-reports.xml

Discount Rate - The discount rate used to measure the total pension liability was 7.50% for each Plan. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the City's contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS staff took into account both short-term and longterm market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

Net Pension Liability (Continued)

The table below reflects long-term expected real rates of return by asset class. The rates of return were calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

| | | Real Return | Real Return |
|-------------------------------|-------------------|------------------|---------------|
| Asset Class | Target Allocation | Years 1 - 10 (1) | Years 11+ (2) |
| Global Equity | 47% | 5.25% | 5.71% |
| Global Fixed Income | 19% | 0.99% | 2.43% |
| Inflation Sensitive | 6% | 0.45% | 3.36% |
| Private Equity | 12% | 6.83% | 6.95% |
| Real Estate | 11% | 4.50% | 5.13% |
| Infrastructure and Forestland | 3% | 4.50% | 5.09% |
| Liquidity | 2% | (0.55%) | (1.05%) |
| Total | 100% | | |

(1) An expected inflation of 2.5% used for this period

(2) An expected inflation of 3% used for this period

Changes in the Net Pension Liability - The changes in the Net Pension Liability for each Plan for the measurement date of June 30, 2014 are as follows: <u>Miscellaneous Plan</u>:

| | Increase (Decrease) | | | | |
|---|----------------------------|--------------------------------|----------------------------------|--|--|
| | Total Pension Liability | Plan Fiduciary Net Position | Net Pension Liability/(Asset) | | |
| Balance at June 30, 2014 | \$ 949,465 | \$ 678,261 | \$ 271,204 | | |
| Changes in the year: | | | | | |
| Service Cost | 23,110 | - | 23,110 | | |
| Interest on the total pension liability | 70,942 | - | 70,942 | | |
| Contribution - employer | - | 21,613 | (21,613) | | |
| Contribution - employee | - | 11,670 | (11,670) | | |
| Net investment income | - | 118,326 | (118,326) | | |
| Benefit payments, including refunds of | | | | | |
| employee contributions | (30,240) | (30,240) | | | |
| Net changes | 63,812 | 121,369 | (57,557) | | |
| Balance at June 30, 2015 | \$ 1,013,277 | \$ 799,630 | \$ 213,647 | | |

Safety Plan:

| | Increase (Decrease) | | | |
|---|----------------------------|--------------------------------|----------------------------------|--|
| | Total Pension Liability | Plan Fiduciary Net Position | Net Pension Liability/(Asset) | |
| Balance at June 30, 2014 | \$ 1,447,520 | \$ 994,493 | \$ 453,027 | |
| Changes in the year: | | | | |
| Service Cost | 29,539 | - | 29,539 | |
| Interest on the total pension liability | 107,189 | - | 107,189 | |
| Contribution - employer | - | 27,935 | (27,935) | |
| Contribution - employee | - | 16,094 | (16,094) | |
| Net investment income | - | 171,795 | (171,795) | |
| Benefit payments, including refunds of | | | | |
| employee contributions | (66,215) | (66,215) | - | |
| Net changes | 70,513 | 149,609 | (79,096) | |
| Balance at June 30, 2015 | \$ 1,518,033 | \$ 1,144,102 | \$ 373,931 | |
| Totals of both Miscellaneous and Safety Plans | \$ 2,531,310 | \$ 1,943,732 | \$ 587,578 | |

Net Pension Liability (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the net pension liability of the City for each Plan, calculated using the discount rate for each Plan, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

| | Mis | cellaneous | Safety | Total | |
|--|-----|------------------|------------------------|-------|------------------|
| 1% Decrease Net Pension Liability | \$ | 6.50% 361,536 | \$ 6.50% 582,633 | \$ | 6.50% 944,169 |
| Current Discount Rate Net Pension Liability | \$ | 7.50% 213,647 | \$ 7.50% 373,931 | \$ | 7.50% 587,578 |
| 1% Increase Net Pension Liability | \$ | 8.50% 91,999 | \$ 8.50% 202,344 | \$ | 8.50% 294,343 |

Pension Plan Fiduciary Net Position - Detailed information about each pension plans' fiduciary net position is available in the separately issued CalPERS financial reports.

Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2015 the City recognized pension expense of \$45,477 attributable to the CalPERS plans. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | Deferred Inflows of Resources | |
|---|--------------------------------------|-------------|-------------------------------------|--------------|
| Pension contributions subsequent to measurement date Net differences between projected and actual earnings on plan investments | \$ | 59,349 - | \$ | - 132.580 |
| Total | \$ | 59,349 | \$ | 132,580 |

The amount of \$59,349 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred inflows of resources related to pensions will be recognized as reductions of pension expense as follows:

| Fiscal Year Ended June 30, | |
|-------------------------------|-----------------|
| 2016 | \$ (33,145) |
| 2017 | (33,145) |
| 2018 | (33,145) |
| 2019 | (33,145) |
| Total | \$ (132,580) |
| | |

SCERS

The City reports SCERS as a pension trust fund. SCERS issues a publicly available financial report that includes financial statements and required supplementary information. The financial report may be obtained by writing the City of Sacramento Department of Finance, 915 I Street, 4th Floor, Sacramento, CA 95814. The following is a summary of significant accounting policies:

Basis of Accounting – SCERS' financial statements are prepared using the accrual basis of accounting. Member contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments – Investments are reported at fair value, except mortgage loans which are recorded at amortized cost. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

General Information about the Pension Plan

Plan Description - The SCERS is a closed defined benefit pension plan. It has not accepted new members since January 28, 1977. All full-time, non-safety employees hired before January 29, 1977, are eligible to participate in SCERS.

Benefits Provided - SCERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries based on the plan that they belong. SCERS have the following plans:

Charter Section 399 Plan - This defined benefit plan was established effective January 1, 1977 to provide retirement, disability and death benefits. Active members contribute at a rate based upon entry age and type of employment. The benefits for this plan are based on the average monthly compensation times years of service times benefit factor, but no larger than 75% of final average earnings. Employees may retire at age 70, or age 50 and 5 years of service.

Equal Shares Plan - This defined benefit plan was established July 1, 1970 to provide retirement, disability and death benefits to all City employees electing coverage at that date and to all employees who were hired from that date through January 1, 1977. The benefits for this plan are based on the average monthly compensation times years of service times benefit factor, but no larger than 75% of final average earnings. Employees may retire at age 70, or age 50 and 5 years of service.

Charter Section 175 Plan – This defined benefit plan was established in 1953 to provide for retirement, disability and death benefits at a lower amount than the successor Equal Shares Plan. The benefits for this plan are based on the average monthly compensation times years of service times benefit factor. For retirement after age 65 with 20 years of service, benefit is minimum of \$60 per month. Employees may retire at age 70, or age 55 and 20 years of service.

An employee who leaves the City service may withdraw his or her contributions, plus any accumulated interest, under all the retirement and disability benefit plans described above.

General Information about the Pension Plan (Continued)

Benefit factors at sample ages for the benefit plans described above are following:

| | | Section 399 and |
|-----------------------|-------------|-----------------|
| Retirement Age | Section 175 | Equal Share |
| 50 | N/A | 1.10% |
| 55 | 1.10% | 1.75% |
| 60 | 1.67% | 2.40% |
| 65 | 2.44% | 2.40% |

Employees Covered - At June 30, 2015 the following employees were covered by the benefit terms for each plan:

| | Section 399 | Equal Shares | Section 175 | Total |
|---|----------------|-----------------|----------------|-------|
| Inactive members or beneficiaries receiving benefits | 997 | 74 | 70 | 1,141 |
| Inactive members entitled to but not yet receiving benefits | 12 | - | 2 | 14 |
| Active plan members | 19 | | - | 19 |
| Total plan members | 1,028 | 74 | 72 | 1,174 |

Cost-of-living Adjustment - This adjustment, established in 1969, provides for annual retirement benefit increases of up to 3% of normal benefits based on a corresponding rise in the consumer price index. Cost-of-living benefits are payable to retirees and beneficiaries of all of the above plans after one year of retirement. The cost-of-living adjustment was 3.0% for fiscal year 2015. Members contribute to this adjustment at a rate of 1% of their normal retirement contributions. The City is required to fund all costs in excess of members' contributions and investment earnings.

Social Security Reductions - For members participating in Social Security, their benefit will be reduced at the later of age 62 or actual retirement age. The amount of the reduction is one half of the primary insurance amount (PIA) from Social Security, multiplied by the ratio of the sum of salary earned from the City to the sum of salary from all sources used in the calculation of the Social Security amount. The member's benefit under the System plus the amount received from Social Security cannot be less than the member's benefit under the System calculated with no reductions as of this retirement age. The City applies this offset to service retirees, not to disabled retirees.

Contributions - The City Charter grants the authority to establish and amend the contribution requirements of the City and active employees to the SCERS Board. The Board establishes rates based on actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrual liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the year ended June 30, 2015, the average active employee contribution rate was 5.76 percent of annual pay, and the City's average contribution rate was 2.9 percent of annual payroll. For the fiscal year ended June 30, 2015, the contributions for the SCERS plan were \$9,183.

NOTE 8 - PENSION PLANS (Continued)

Net Pension Liability

The City's net pension liability for SCERS was measured as of June 30, 2015 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumption - The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement:

| Inflation | 3.0% | |
|---------------------------|------|---|
| Salary increase | 3.0% | CPI Plus 0.5% merit, average |
| Investment rate of return | 6.5% | percent, net of pension plan investment |
| | | expense, including inflation |

Mortality rates for service retirements and beneficiaries were based on the CalPERS 1997-2007 Mortality Table projected for future mortality improvement utilizing Society of Actuaries Scale AA. Mortality rates for disability retirements were based on the CalPERS 1997-2007 Mortality Table for non-work Disabled Retirees for Miscellaneous and CalPERS 1997-2007 Mortality Table for work-related Disabled Retirees for Safety. Both tables were projected for future mortality improvement utilizing Society of Actuaries Scale AA.

The actuarial assumption used in the June 30, 2015 valuation were based on the results from the CalPERS 1997-2007 Experience Study, projected with fully generational Scale AA.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | Long-Term Expected Real Rate |
|------------------|-------------------|------------------------------|
| Asset Class | Target Allocation | of Return |
| Fixed Income | 40% | 1.55% |
| Large Cap Growth | 35% | 5.35% |
| Equity Income | 15% | 5.35% |
| International | 10% | 5.35% |
| Total | 100% | |

An expected inflation of 3% was used for this period.

Discount Rate – The discount rate used to measure the total pension liability was 6.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contributions rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 8 - PENSION PLANS (Continued)

Net Pension Liability (Continued)

Changes in the Net Pension Liability - The changes in the Net Pension Liability for the SCERS Plan for the measurement date June 30, 2015 is as follows:

| | Increase (Decrease) | | | | | | | |
|---|---------------------|-------------------------|----|---------------------------|----------------------------------|----------|--|--|
| | | al Pension Liability | | n Fiduciary t Position | Net Pension Liability/(Asset) | | | |
| Balance at June 30, 2014 | \$ | 372,670 | \$ | 312,414 | \$ | 60,256 | | |
| Changes in the year: | | | | | | | | |
| Service Cost | | 131 | | - | | 131 | | |
| Interest | | 23,134 | | - | | 23,134 | | |
| Change of assumptions | | 23,117 | | | | 23,117 | | |
| Differences between expected and actual | | | | | | | | |
| experience | | (8,783) | | | | (8,783) | | |
| Contribution - employer | | - | | 9,183 | | (9,183) | | |
| Contribution - employee | | - | | 82 | | (82) | | |
| Net investment income | | - | | 13,375 | | (13,375) | | |
| Benefit payments, including refunds of | | | | | | | | |
| employee contributions | | (33,791) | | (33,791) | | - | | |
| Net changes | | 3,808 | | (11,151) | | 14,959 | | |
| Balance at June 30, 2015 | \$ | 376,478 | \$ | 301,263 | \$ | 75,215 | | |

Change of assumptions and changes in experience affecting the measurement of the Total Pension Liability since the prior measurement date – The mortality rate tables were updated from the CalPERS 1997 -2007 Experience Study, projected with fully generational Scale AA. In addition, monthly benefits for approximately 300 retirees were updated to reflect a recalculation for those who retired or turned age 62 after January 1, 2005.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the net pension liability of the City for the SCERS plan, calculated using the discount rate for the Plan, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

| | 1% decrease (5.5%) | | D | Current iscount te (6.5%) | 1% increase (7.5%) | | |
|-----------------------------|-----------------------|---------|----|---------------------------------|---------------------------|--|--|
| SCERS net pension liability | \$ | 110,440 | \$ | 75,215 | \$ 45,119 | | |

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued SCERS financial report.

NOTE 8 - PENSION PLANS (Continued)

Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2015, the City recognized pension expense of \$19,235 attributable to the SCERS plans. At June 30, 2015, the City reported deferred outflows of resources related to pensions from the following sources:

| | Deferred Outflows of | | | |
|---|-------------------------|---------|--|--|
| | Res | sources | | |
| Net differences between projected and actual earnings on plan investments | \$ | 4,908 | | |
| Total | \$ | 4,908 | | |

Amounts reported as deferred outflows of resources related to pensions will be recognized as pension expense as follows:

 Z016
 \$
 1,227

 2017
 1,227

 2018
 1,227

 2019
 1,227

 Total
 \$
 4,908

Defined Contribution Plan

The City also provides defined contribution retirement benefits through the City's 401(a) Money Purchase Plan (the 401(a)). The 401(a) is administered by the International City Management Association Retirement Corporation. 401(a) provisions and contribution requirements are established and may be amended by City Council. Unrepresented exempt and certain represented employees may elect to participate. Participating employees of the aforementioned groups are required to contribute 5% and 2%, and the City contributes 4% and 2%, respectively, of covered salary. For the year ended June 30, 2015, employees contributed \$3,102 and the City contributed \$2,622 to the 401(a).

NOTE 9 - POST-EMPLOYMENT HEALTH AND DENTAL CARE BENEFITS

Plan Description

The City provides contributions for post-employment medical, dental and vision benefits to employees who retire directly from the City and their dependents through a single-employer defined benefit OPEB plan (the plan). Participants have the choice of enrolling in one of several health plans, one of two dental plans and one vision plan. To be eligible for the City paid benefits, the employee must retire with a minimum of ten full years of active service and be 55 or 50 years of age for miscellaneous and safety employees, respectively. Participants with a minimum of twenty years of service are eligible for 100% of the maximum benefit. Participants with more than fifteen years but less than twenty years of service are eligible for 75% of the maximum benefit. Participants with more than ten years but less than fifteen years of service are eligible for 50% of the maximum benefit. The post-retirement health care and dental care employer contributions range from \$0 and \$774 per month per participant, which covers between 0% and 100% of the benefit cost, depending on the choice of plan and number of dependents. The post employment health, dental and vision care contributions are defined by labor agreements and resolutions approved by the City Council. The City does not issue a separate stand-alone financial report for its OPEB plan.

NOTE 9 - POST-EMPLOYMENT HEALTH AND DENTAL CARE BENEFITS (Continued)

Funding Policy

The City is currently funding the OPEB plan on a pay-as-you-go basis. However, the City Council authorized the City Manager to establish an OPEB trust fund with CalPERS in the California Employers' Retiree Benefit Trust (CERBT) fund program. As of June 30, 2015, the City had deposited a total of \$5,000 to the trust fund from the General Fund. Additional deposits may be made in the future. Separate financial statements for the CERBT may be obtained by writing to CalPERS at Lincoln Plaza North 400 Q Street, Sacramento, California 95814 or by visiting the CalPERS website at www.calpers.ca.gov.

Annual OPEB Cost and Net OPEB Obligation

The City's annual OPEB cost is calculated based on the annual required contribution (ARC) of the City, an amount that is actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The current ARC rate is 16.3 percent of annual covered payroll. The following table shows the components of the City's annual OPEB cost for the year, the amount contributed to the plan, and the changes in the City's net OPEB obligation.

| Annual required contribution (ARC) | \$ 43,383 |
|---|---------------|
| Interest on beginning OPEB liability | 6,939 |
| Adjustment to the ARC | (9,011) |
| Annual OPEB cost | 41,311 |
| Contributions made | (13,524) |
| Trust prefunding | (1,000) |
| Increase in net OPEB obligation | 26,787 |
| Net OPEB obligation - Beginning of year | 154,197 |
| Net OPEB obligation - End of year | \$ 180,984 |
| Covered payroll (active plan members) | \$ 257,498 |
| UAAL as a percentage of covered payroll | 168.4% |

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the current fiscal year and the two preceding years were as follows:

| Fiscal year ended | Annua | I OPEB Cost | Co | ntribution | Percentage of OPEB Cost Contributed | Net OPEB Obligation |
|------------------------|-------|------------------|----|------------------|---|------------------------|
| 6/30/2013 | \$ | 39,379 | \$ | 12,843 | 33% | \$ 131,739 |
| 6/30/2014 6/30/2015 | | 39,930 41,311 | | 17,473 14,524 | 43 35 | 154,197 180,984 |

Funding Status and Progress

As of June 30, 2013, the most recent actuarial valuation date of the plan was 0% funded. The actuarial accrued liability was \$433,695 and the actuarial value of assets was \$0 resulting in an unfunded actuarial accrued liability (UAAL) of \$433,695. The annual covered payroll was \$257,498 and the ratio of the unfunded actuarial accrued liability to the annual covered payroll was 168.4%. The Schedule of Funding Progress is presented as RSI following the notes to the financial statements.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into future. Examples of these estimates and assumptions include future employment trends, mortality and the health care cost trend. Amounts are determined regarding

NOTE 9 - POST-EMPLOYMENT HEALTH AND DENTAL CARE BENEFITS (Continued)

the funded status of the plan, and the annual required contribution of the employer are subject to the continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefits costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of calculations.

In the June 30, 2013, actuarial valuation, the entry age normal actuarial cost method was used. The actuarial assumptions utilized a 3% inflation rate, a 4.5% discount rate and a medical trend rate of 8.2% for fiscal year 2015, reduced by decrements of 0.5% each year to an ultimate rate of 5%. The UAAL is being amortized as a level percentage of projected payrolls on an open basis. The remaining amortization period at June 30, 2013 was 23 years.

NOTE 10 - FUND EQUITY AND EXCESS OF EXPENDITURES OVER APPROPRIATIONS

At June 30, 2015, the government-wide statement of net position reported restricted net position of \$190,369 in governmental activities. Of this amount, \$14,330 is restricted for enabling legislation.

The Culture and Leisure Fund, a special revenue fund, had a deficit fund balance of \$3,073 as of June 30, 2015. Both the Golf and Marina programs within this fund had deficit fund balances of \$5,821 and \$715, respectively. It is anticipated that this deficit will be funded by future operating subsidies and surpluses.

The 4th R Child Development Fund, an enterprise fund, had a deficit net positioin of \$3,658 as of June 30, 2015. It is anticipated that this deficit will be funded by future operating subsidies.

For the fiscal year ended June 30, 2015, General Fund expenditures for police, general services, and parks and recreation exceeded appropriations by \$2,100, \$142, and \$1,403 respectively and overspending was funded by revenue collected in excess of budgeted amounts.

For the fiscal year ended June 30, 2015, expenditures exceeded appropriations in the Transportation and Development special revenue funds by \$75. This overspending was funded by revenue collected in excess of budgeted amounts.

NOTE 11 - INTERFUND TRANSACTIONS

Interfund Transfers

Interfund transfers report the nonreciprocal contribution of resources from one fund to another. The following is a summary of transfers for the fiscal year ended June 30, 2015:

| | Description | Tra | nsfers In | Tra | nsfers Out | Net | Transfers |
|--|-----------------------|-----|-----------|-----|------------|-----|-----------|
| Governmental activities: | | | | | | | |
| General Fund | Debt service | \$ | 2,743 | \$ | (23,192) | \$ | (20,449) |
| General Fund | In-lieu tax transfers | | 28,303 | | - | | 28,303 |
| General Fund | Program support | | 229 | | (2,073) | | (1,844) |
| Capital Grants Fund | Program support | | - | | (15) | | (15) |
| Other Governmental Funds | Debt service | | 35,036 | | (7,396) | | 27,640 |
| Other Governmental Funds | Program support | | 2,806 | | (591) | | 2,215 |
| Internal Service Funds | Debt service | | 415 | | (64) | | 351 |
| Internal Service Funds Adjustment for transfer of capital | Program support | | - | | (207) | | (207) |

NOTE 11 - INTERFUND TRANSACTIONS (Continued)

Interfund Balances

Interfund balances report lending transactions between funds. The following is a summary of interfund balances as of June 30, 2015:

| | Red | ceivables | P | ayables | Interfund Balances | | | |
|--------------------------------|-----|-----------|----|----------|-----------------------|----------|--|--|
| Capital Grants Fund | \$ | - | \$ | (11,940) | \$ | (11,940) | | |
| Other Governmental Funds | | - | | (7,143) | | (7,143) | | |
| Internal Service Funds | | 25,327 | | - | | 25,327 | | |
| Total governmental activities | | 25,327 | | (19,083) | | 6,244 | | |
| Community Center Fund | | - | | (6,244) | | (6,244) | | |
| Total business-type activities | | - | | (6,244) | | (6,244) | | |
| Total | \$ | 25,327 | \$ | (25,327) | \$ | - | | |

\$25,327 was loaned by the City's internal service funds to cover short-term operating deficits (approximately \$11,940) and to assist in development of community resources (approximately \$13,387).

\$11,940 was borrowed by the Capital Grants Fund for short-term loans.

\$7,143 was borrowed by the Golf Fund for development of community resources.

\$6,244 was borrowed by the Community Center Fund for development of community resources.

NOTE 12 - RISK MANAGEMENT

The City is exposed to various risks of loss related to following: worker's compensation; torts including errors and omissions; employment practices; theft of, damage to and destruction of assets; and natural disasters for which the City self-insures and/or carries commercial insurance. Earthquake damage is not included in the property insurance coverage carried by the City.

The Risk Management Internal Service Fund self-insures the first \$2,000 of each workers' compensation claim. Excess worker's compensation insurance is purchased through the California State Association of Counties' Excess Insurance Authority and it provides statutory coverage over the City's \$2,000 self-insured retention. The fund self-insures the first \$2,000 of general and auto liability claims plus claim costs that exceed commercial insurance coverage. Commercial insurance for general and automobile liability claims provides \$30,000 in coverage, with a \$1,000 loss corridor deductible, for claims over the City's self-insured retention.

Liabilities are estimated based on recommendations from an independent actuarial evaluation. Liabilities are based on estimated ultimate cost of settling claims, including effects of inflation and other social and economic factors. Estimated liability is then discounted by the City's expected rate of return and anticipated timing of cash outlays to determine the present value of the liability. For the fiscal year ended June 30, 2015, the expected rate of return was 3 percent. Settled claims have not exceeded insurance coverage for each of the past three fiscal years.

All funds of the City participate in the program and make payments to the Risk Management Internal Service Fund based on estimates of the amounts needed to pay operating costs, insurance premiums, and prior and current year claims. At June 30, 2015, the Risk Management Internal Service Fund had a net position of \$25,759.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, economic and social factors, and trends in damage awards. Accordingly, claims are reevaluated periodically to consider the effects of these factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

Changes in the Risk Management Internal Service Fund's claims liability for the past two fiscal years are summarized as follows:

| | 2015 | 2014 | |
|---|--------------|--------------|--|
| Accrued claims and judgements, July 1 | \$ 63,107 | \$ 59,850 | |
| Incurred claims and adjustment expenses | 19,196 | 15,469 | |
| Claim payments | (11,610) | (12,212) | |
| | | | |
| Accrued claims and judgements, June 30 | \$ 70,693 | \$ 63,107 | |

NOTE 13 - COMMITMENTS AND CONTINGENCIES

Commitment of Enterprise Fund Revenues

Revenues of the Wastewater and Storm Drainage Enterprise Funds are pledged to the payment of principal and interest on the State Water Resources Control Board Notes Payable. Revenue of the Wastewater Enterprise Fund is pledged to the payment of principal and interest on the Wastewater Revenue Bonds, Series 2013. Revenue of the Water Enterprise Fund is pledged to the payment of principal and interest on the California Department of Public Health Notes Payable and the Water Revenue Bonds, Series 2013. Revenue of the Storm Drainage Enterprise Fund is pledged to the payment of principal and interest on the California Leconomic Development Bank Loan. See Note 7 for more information.

Construction and Other Commitments

The City has commitments of \$149,916 for contracts awarded but not completed as of June 30, 2015. The following table shows the distribution of those commitments among major and nonmajor funds.

| Governmental Activities: | | Business-type Activities: | |
|-------------------------------|--------------|--------------------------------|--------------|
| General Fund | \$ 6,172 | Water Fund | \$ 64,225 |
| Measure U | 243 | Wastewater Fund | 4,805 |
| Capital Grants Fund | 29,711 | Storm Drainage Fund | 6,195 |
| Other governmental funds | 30,131 | Solid Waste Fund | 2,665 |
| Internal service funds | 4,553 | Community Center Fund | 653 |
| | | Other enterprise funds | 563 |
| Total governmental activities | \$ 70,810 | Total business-type activities | \$ 79,106 |

The major contracts outstanding are \$30,292 for water treatment plant upgrades and replacements, \$22,810 for renovation of the intermodal transportation facility, \$12,017 for the residential water meter retrofit program, \$9,393 for road and interchange improvements on Cosumnes Boulevard, \$4,557 for the East Sacramento water main replacement, \$4,501 for a well rehab program, \$4,300 for Golden 1 Center artwork, \$4,057 for City College bike and pedestrian crossing, \$3,584 for the Roseville Road bridge project, \$2,046 for a revenue control system upgrade in the parking garages, and \$1,527 for a Land Park water main replacement.

Contingent Liabilities

The City participates in a number of federal, state and local grant programs, the principal of which is the Federal Highway Planning and Construction program. These programs are subject to financial and compliance audits by the grantors or their representatives. The audits of these programs for earlier years and the year ended June 30, 2015 have not been completed in all cases; accordingly, final determination of the City's compliance with applicable grant requirements may be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The City believes any such claims would be immaterial to the City's financial position at June 30, 2015. Receipt of these grant revenues is not assured in the future.

Litigation

Various claims and lawsuits are pending against the City. As discussed in Note 12, the City is primarily selfinsured and has accrued a liability for estimated claims outstanding. Although the outcome of these claims and lawsuits is not presently determinable, management, after consultation with legal counsel, is of the opinion that final outcome of these matters will not have a material adverse effect on the financial condition of the City.

NOTE 13 - COMMITMENTS AND CONTINGENCIES (Continued)

Postclosure Care Cost

The City has several landfill sites which have stopped accepting waste, have been covered, and are closed. State and federal laws and regulations require that the City perform certain maintenance and monitoring functions at these sites after closure. A recent engineering report estimated that \$1,177 is required for future postclosure monitoring costs as of June 30, 2015. The estimate is based on current cost and may change due to inflation or deflation, technology, or applicable laws and regulations. The City received approval from state regulators to fund the postclosure costs, along with cost increases due to inflation, with user charges for solid waste disposal.

Pollution Remediation Obligations

A pollution remediation obligation is an obligation to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities. The City is responsible for pollution remediation activities at several sites that have soil contaminated with petroleum, hydrocarbons, and/or metals. Regulatory agencies providing oversight of the City's pollution remediation obligations and activities include the State of California Regional Water Quality Control Board, the State of California Department of Toxic Substance Control, and the Sacramento County Department of Environmental Management. The estimated obligation was \$532 at June 30, 2014 and \$619 at June 30, 2015. Pollution remediation outlays totaled approximately \$96 for the fiscal year ended June 30, 2015. Pollution remediation obligations are measured based on outlays expected to be incurred to settle all estimable remediation efforts. Pollution remediation obligations are measured at the current value of reasonable and supportable assumptions about future events that may affect the eventual settlement of the obligations. Pollution remediation obligations are measured using the expected cash flow technique, which measures the obligation as the sum of probability-weighted amounts in a range of possible cash flows. Estimates are based on all currently available information, as well as the facts and circumstances of each situation, but may change due to price changes, changes in laws or regulations, changes in remediation technologies, or as additional information become available. Estimated recoveries from other parties that are included in the calculation of the City's pollution remediation obligations total \$70.

NOTE 14 – JOINT VENTURES AND JOINTLY GOVERNED ORGANIZATIONS

JOINT VENTURES

Sacramento Housing and Redevelopment Agency

The City is a participant with the County of Sacramento in the Sacramento Housing and Redevelopment Agency (SHRA). SHRA is a stand-alone agency governed by the County Board of Supervisors over County housing activities and the City Council over City housing activities. Although the City does not have an equity interest in SHRA, it does have an ongoing financial interest. Based upon the approval process for activities of the Housing Authority of the City of Sacramento (Housing Authority), the City has the ability to directly influence SHRA to undertake projects for the citizenry of the City. Because the City's primary government does not have an equity interest in SHRA, SHRA's financial information is not included in these financial statements. Separately issued financial statement may be obtained from the Sacramento Housing and Redevelopment Agency, 801 12th Street, Sacramento, California, 95814.

SHRA administered the redevelopment agencies of the City and County until February 1, 2012. In 2011 the California Legislature enacted AB 1x 26 which, coupled with a subsequent decision of the State Supreme Court, resulted in the dissolution of redevelopment agencies. Upon the dissolution of the redevelopment agency, the City elected to become the successor agency for the non-housing redevelopment agency activities. More information can be found in Note 15 – Successor Agency Trust Fund. The City designated the Housing Authority as the local authority to retain the housing assets and functions previously performed by the redevelopment agency, and the Housing Authority affirmatively elected pursuant to Health and Safety Code Section 34176 that it would serve as the "Successor Housing Agency" to the former redevelopment agency.

NOTE 14 - JOINTLY GOVERNED AND RELATED ORGANIZATIONS (Continued)

Sacramento Public Library Authority

The City is a participant with the County of Sacramento and the cities of Citrus Heights, Elk Grove, Galt, Isleton and Rancho Cordova in the Sacramento Public Library Authority (Library), a joint powers agency created to provide library services to the residents of the participating municipalities. The Library is governed by a board made up of five County appointees and various numbers of appointees from each city, depending upon population. As of June 30, 2015, five of seventeen members of the Library board were appointed by the City. The current joint powers agreement was effective beginning July 1, 2007. After June 30, 2010, any party may withdraw from the Authority upon no less than one year's written notice. Upon withdrawal a party shall retain ownership of those capital facilities to which it holds title. The City is committed to fund annual contributions to operate library branches in the City. The City's General Fund and Measure U Fund contributions for the fiscal year ended June 30, 2015, were \$7,636. The City also contributed the use of its library facilities to the Library. In order to provide funding for additional services and hours in City libraries, the City also levies and passes through to the Library two parcel taxes which totaled \$6,860 for the fiscal year ended June 30, 2015. Financial statements may be obtained from the Sacramento Public Library Authority, 828 I Street, Sacramento, California, 95814.

Sacramento Regional Fire/EMS Communication Center

The City is a participant with Sacramento Metropolitan Fire District and other local fire agencies in the Sacramento Regional Fire/EMS Communication Center (SRFECC), a fire dispatch center. SRFECC provides fire protection and emergency medical service dispatching for 1,000 square miles and 1.3 million residents in Sacramento and Placer Counties. The City provided \$3,437 of support to SRFECC during the fiscal year ended June 30, 2015. Financial statements may be obtained from the Sacramento Regional Fire/EMS Communication Center, 10230 Systems Parkway, Sacramento, California, 95827.

Northern California Regional Public Safety Training Authority

The City is a participant with the County of Sacramento, the Los Rios Community College District and the Regional Fire and Rescue Authority in the Northern California Regional Public Safety Training Authority (NCRPSTA) which operates the Northern California Regional Public Safety Training College located at McClellan Park. During the fiscal year ended June 30, 2015, the City provided \$451 of annual support to the NCRPSTA. Rent payments during the fiscal year ended June 30, 2015 were \$10. The City also paid \$942 to provide upgrades to the firing ranges at NCRPSTA facilities and to reimburse costs for facility improvements. Financial statements may be obtained from the NCRPSTA Administrative Offices, 2409 Dean Street, Suite 119, McClellan, California, 95652.

Regional Fire and Rescue Training Authority

The City is a participant with the Sacramento Metropolitan Fire District and the California Governor's Office of Emergency Services in the Regional Fire and Rescue Training Authority which provides training for fire and rescue personnel throughout the region as well as operating the California Regional Fire Academy. During the fiscal year ended June 30, 2015, the City provided general support of \$45, paid \$293 for training courses for City staff and provided staff support. Financial statements may be obtained from the Regional Fire and Rescue Training Authority Business Office, 9320 Tech Center Drive, Sacramento, CA 95826.

NOTE 14 – JOINTLY GOVERNED AND RELATED ORGANIZATIONS (Continued)

JOINTLY GOVERNED ORGANIZATIONS WITH RELATED PARTY TRANSACTIONS

The City participates in several jointly governed organizations for which it appoints a minority of board members. The City may also provide minor financial support or have other financial transactions with these organizations, but it does not have a financial interest in or responsibility to the organizations. The following organizations had financial transactions with the City during the fiscal year ended June 30, 2015:

The City provided \$91 in annual support and \$210 in project/program expenses to the Regional Water Authority.

The City provided \$99 in annual support to the Sacramento Area Council of Governments.

The City processed payroll for the Sacramento Area Flood Control Agency (SAFCA) and received an administrative fee for the service. During FY15, the City also received \$460 from SAFCA in reimbursement for levee maintenance costs.

The City paid \$48 for services provided related to safe neighborhood and gang violence reduction programs to the Sacramento Employment and Training Agency.

The City provided \$108 in annual support to the Sacramento Groundwater Authority.

NOTE 15 - SUCCESSOR AGENCY TRUST FUND

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 ("the Bill") which dissolved all redevelopment agencies in the State of California. Successor agencies are allocated property tax revenue in an amount necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full. In accordance with the timeline set forth in the Bill (as modified by the California Supreme Court on December 29, 2011), all redevelopment agencies in the State of California were dissolved and ceased to operate as legal entity as of February 1, 2012.

On January 31, 2012, the City of Sacramento (City) elected to serve as the successor agency to the Redevelopment Agency of the City of Sacramento (Agency) for the Agency's non-housing assets and liabilities pursuant to the provisions of AB 1x26 (Chapter 5, Statutes of 2011). Also on January 1, 2012, the City Council elected not to serve as the successor agency for the former redevelopment agency's housing assets and functions, but instead designated the City's Housing Authority to serve as the successor housing agency.

Prior to February 1, 2012, California Redevelopment Law provided tax increment financing as a source of revenue to redevelopment agencies to fund redevelopment activities. Once a redevelopment area was adopted, the former Agency could only receive tax increment to the extent that it could show on an annual basis that it has incurred indebtedness that must be repaid with tax increment. Due to the nature of redevelopment financing, the former Agency liabilities exceeded its assets. Therefore, the Agency historically carried a deficit, which was expected to be reduced as future tax increment revenues were received and used to repay its outstanding long-term debt. This deficit was transferred to the successor agency on February 1, 2012. At June 30, 2015, the successor agency had a deficit of \$228,693 which will be eliminated with future property tax revenue distributions from the Redevelopment Property Tax Trust Fund administered by the County Auditor-Controller.

On June 27, 2012, Assembly Bill 1484 was enacted. Under AB 1484 (Chapter 16, Statutes of 2012; Health and Safety Code section 34173, subdivision (g)), the dissolution law was clarified to provide that the Agency is a separate legal entity from the City. Also, AB 1484 provided that the Agency's bond fund assets can be expended in a manner consistent with the bonds covenants after compliance with certain requirements.

On September 20, 2013, the Agency received its Finding of Completion from the State Department of Finance (DOF) and is now able to spend the Agency's unencumbered bond funds in a manner consistent with the original bonds covenants. Pursuant to Health and Safety Code (HSC) section 34179.7, the DOF has verified that the Agency does not owe any amounts to the taxing entities as determined under HSC section 34179.6, subdivisions (d) or (e) and HSC section 34183.5.

The Agency's SERAF loan will be paid off in FY16. According to HSC section 34191.4 (b)(2)(A), the maximum annual repayment amount is limited to one-half of the increase between the amount distributed to the taxing entities in FY13-14 and the amount distributed to taxing entities in the FY12-13 base year.

A bond expenditure agreement outlining the transfer of pre-2011 unexpended bond proceeds for a total of \$5,880 in FY15 was approved by the Oversight Board and DOF. \$4,330 of unexpended bond proceeds were transferred to the City to fund the Powerhouse Science Center, 700 Block of K Street, Lowell Street sidewalk, and 14th Avenue extension projects. The remaining \$1,550 of unexpended bond proceeds was transferred to SHRA for 700 Block of K Street Project. These projects are an eligible use of the bond proceeds.

The contracts payable reported in the private-purpose trust fund are allocations of the SHRA OPEB and pension unfunded liabilities for the former redevelopment agency employees.

Capital Assets

The following is a summary of changes in capital assets:

| | Beginning Balance | | Increases | | Decreases | | Ending Balance | |
|---|----------------------|---------|-----------|-------|-----------|----------|-------------------|--------------|
| Capital assets not being depreciated/amortized Land | \$ | 45,566 | \$ | - | \$ | (19,425) | (1) | \$ 26,141 |
| Depreciable/amortizable capital assets Buildings and improvements | | 16,315 | | - | | (9,757) | (1) | 6,558 |
| Less accumulated depreciation/amortization for: Buildings and improvements | | (2,824) | | (286) | | 1,678 | (1) | (1,432) |
| Depreciable/amortizable capital assets, net | | 13,491 | | (286) | | (8,079) | | 5,126 |
| Total capital assets, net | \$ | 59,057 | \$ | (286) | \$ | (27,504) | ; | \$ 31,267 |

Note: (1) The 700 Block of K Street properties with a net book value of \$20,488 at June 30, 2015 were transferred to the City to fulfill an enforceable obligation to 700 Block Investors, LP and 700 Block Commercial at no cost. Five of the twenty-five assets classified by the RASA Oversight Board and DOF as government purpose with a net book value of \$7,016 were conveyed to the City.

Long-term Debt

The following is a summary of changes in long-term debt for the year ended June 30, 2015:

| | | eginning alance | Ac | ditions | _ | Re | ductions | Ending Balance | | e Within ne Year |

| Less: Unaccreted interst | | (95,638) | | - | |
| Total | \$ | 304,754 | \$ | 60,068 | |

Special Item

The special item recognized in the fiduciary fund statements is for the loss on disposition of the 700 Block of K Street Properties to fulfill an enforceable obligation to 700 Block Investors, LP and 700 Block Commercial with a book value of \$20,488 and a pollution remediation obligation of \$374 at June 30, 2015. The properties are conveyed subject to regulatory agreements and at a purchase price of one dollar pursuant to the terms and conditions of the DDA. After the property has been conveyed the Developer assumed all obligations related to the 700 Block Property, the 700 K Street Project, the DDA, and the Funding Commitment Letter, the Agency will be relieved of these obligations.

On July 16, 2014, the City agreed to assume all obligations related to the 700 Block Properties, the 700 K Street Project, a Disposition and Development Agreement with 700 Block LLC, and a June 22, 2011 Funding Commitment Letter issued by the Agency. Additionally, the Agency agreed to transfer bond funds to the City pursuant to Health and Safety Code section 34191.4, subdivision (c). On August 18, 2014, the Oversight Board for RASA approved an allocation of the Agency bond funds.

On September 30, 2014, DOF approved allocation of the Agency bonds funds in order to comply with the terms of the Settlement Agreement dated July 16, 2014 (Superior Court Case No. 34-2013-80001637) and authorize the Agency and the City to enter into Excess Bond Expenditure Agreement. The settlement agreement has been approved by the DOF, the State Controller, the Developer, RASA, Downtown Sacramento Revitalization Corporation, the County Auditor-Controller, and the Oversight Boards. All parties agreed to transfer the Agency's 700 Block Properties and the \$1,026 in bond funds to the City to implement the 700 Block of K Street Project.

On October 7, 2014 the City Council adopted amended agreements and allocations of funding for the 700 Block of K Street Project with 700 Block Investors, LP and 700 Block Commercial, LP to transfer the 700 Block of K Street properties for the Project.

Extraordinary Item

The extraordinary item recognized in the fiduciary fund statements is for the loss on disposition of assets constructed and used for government purposes. Five parcels that were approved by the DOF for transfer were conveyed to the City with a book value of \$7,016 and a pollution remediation obligation of \$358 at June 30, 2015. The dissolution of all redevelopment agencies in the State of California was a state-wide event that was both unusual in nature and infrequent in occurrence.

NOTE 16 – SPECIAL ITEM

The City recognized one special item transaction in Business-type activities during the fiscal year ended June 30, 2015. A special item was recognized in the Water Fund totaling \$4,554 due to credit memos received for defective Datamatic AMI hardware purchased by the City.

NOTE 17 - SERVICE CONCESSION ARRANGEMENT FOR CITY GOLF COURSES

Effective January 1, 2012, the City entered into a service concession agreement with Morton Golf LLC (Morton) under which Morton operates and maintains City golf courses, collects user fees and remits a monthly payment for rent to the City. Morton pays the City minimum installment payments plus a percentage of gross revenues over the 10-year lease period. The present value of the installment payments was initially estimated to be \$10,634. The City reports a loan receivable and deferred inflow of \$6,912 in the government-wide statement of net position as of June 30, 2015.

NOTE 18 – RECLASSIFICATIONS AND RESTATEMENTS

Fund Reclassification

The beginning fund balance of several transportation and development programs totaling \$37,303 have been reclassified from the Other Special Revenue Transportation and Development Fund to the Other Capital Projects Transportation and Development Fund. These reclassifications do not change net position reported in the government-wide statements because they occurred between nonmajor governmental funds.

Implementation of GASB 68 and GASB 71

For the year ended June 30, 2015, the City implemented GASB 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 and GASB 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB 68. As a result, in accordance with the pronouncement, the beginning net position of governmental and business-type activities has been restated as follows:

| | Net position, as of | | Restatement due to the | | Net position, as | | |
|--|---------------------|-----------------------------------|------------------------|------------------------------------|----------------------|---------------------------------|--|
| | June 30, 2014, as | | implementation | | of June 30, 2014, as | | |
| | originally reported | | of GASB 68 and GASB 71 | | restated | | |
| Governmental activites Business-type activites Total | \$ | 1,610,616 946,264 2,556,880 | \$ | (636,870) (97,522) (734,392) | \$ | 973,746 848,742 1,822,488 | |

NOTE 18 - RECLASSIFICATIONS AND RESTATEMENTS

Implementation of GASB 68 and GASB 71(Continued)

Beginning net position of the proprietary funds has been restated as follows:

| | Net position, as of June 30, 2014, as originally reported | | Restatement due to the implementation of GASB 68 and GASB 71 | | Net position, as of June 30, 2014, as restated | | |

| Community Center Fund | | 51,075 | | (5,937) | | 45,138 | |
| Other enterprise funds | | 42,654 | | (7,945) | | 34,709 | |
| Total | \$ | 946,264 | \$ | (97,522) | \$ | 848,742 | |
| Internal service funds | \$ | 92,509 | \$ | (10,503) | \$ | 82,006 | |

NOTE 19 - SUBSEQUENT EVENT

On August 3, 2015, the SPFA issued Taxable Lease Revenue Bonds, Series 2015, (Golden 1 Center), in a variable-rate mode, to pay a portion of the costs of construction of a multi-purpose entertainment and sports center located in the downtown area of the City. On October 6, 2015, the SPFA remarketed the Lease Revenue Bonds from an index floating rate to a fixed rate of 5.67 percent with \$272,870 of aggregate principal amount fixed-rate bonds. The aggregate amount of the bond proceeds will be used to establish a project fund escrow, a capitalized interest fund, a debt service reserve, and pay costs of issuance. The sources of the annual debt-service payments will be revenues generated by the City's parking system, Golden 1 Center facility lease payments made to the City from Sacramento Downtown Arena LLC or their affiliates (the Sacramento Kings ownership group), and property taxes on the facility. Total development cost for the Golden 1 Center is currently estimated to be \$509,438, with \$223,130 representing the City's cash contribution from the issuance of the Lease Revenue Bonds. The remaining project cost will be borne by the Sacramento Kings ownership group.

On October 14, 2015, the City issued the 2015 Refunding Revenue Bonds (Master Lease Program Facilities), in the aggregate principal amount of \$183,380, to provide funds, together with other available resources, and certain proceeds of the Tax Allocation Bonds, to refund \$222,765 of the 2002 Revenue Bonds, Series A, the 2003 Capital Improvement Revenue Bonds, the 2005 Refunding Revenue Bonds, and the 2006 Capital Improvement Revenue Bonds, Series A and C.

Also on October 14, 2015, the RASA issued the 2015 Tax Allocation Refunding Bonds, Series A (tax-exempt), in the aggregate principal amount of \$62,135, and the 2015 Tax Allocation Refunding Bonds, Series B (taxable), in the aggregate principal amount of \$41,915, to refund certain obligations of the former Redevelopment Agency of the City currently outstanding in aggregate principal amount of \$119,360.

Notes to the Required Supplementary Information

1. This information is intended to help users assess the OPEB funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits and make comparisons with other public employers.

THIS PAGE INTENTIONALLY LEFT BLANK

OTHER GOVERNMENTAL FUNDS

Other governmental funds are nonmajor funds reported in the other governmental funds column of the governmental funds financial statements and include:

OTHER SPECIAL REVENUE FUNDS are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. These funds are generally required by statute, charter or ordinance to finance specific governmental functions. The individual funds are listed in the other special revenue funds section of the CAFR.

OTHER DEBT SERVICE FUNDS are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest, or that are being accumulated for principal and interest maturing in future years. The individual funds are listed in the other debt service funds section of the CAFR.

OTHER CAPITAL PROJECTS FUNDS are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for governmental capital assets. The individual funds are listed in the other capital projects funds section of the CAFR.

PERMANENT FUNDS are used to account for and report resources that are held by the City which are legally restricted to the extent that only earnings may be used for purposes that support City programs. The individual funds are listed in the permanent funds section of the CAFR.

OTHER SPECIAL REVENUE FUNDS

Other Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. These funds are generally required by statute, charter or ordinance to finance specific government functions. The following other special revenue funds have been classified as nonmajor funds:

THE TRANSPORTATION AND DEVELOPMENT FUND is used to account for the receipts of taxes and fees which are used to maintain and repair streets, bridges and bikeways as well as for traffic safety and community development activities.

THE CULTURE AND LEISURE FUND is used to account for a variety of cultural arts and leisure activities. Programs in the Culture and Leisure Fund include the Sacramento Zoo, Fairytale Town, Art in Public Places, Old Sacramento Market, H Street Theatre, Golf, Marina, the Crocker Master Trust and the Winchester G. and Mary Alice Felt Endowment.

THE PARKS AND RECREATION FUND is used to account for a variety of parks programs and recreation activities. Programs in the Parks and Recreation Fund include START, Quimby, Special Recreation, Land Park, Sutter Park Sites, Special Program Donations and the Ethel MacLeod Hart Trust.

THE ECONOMIC DEVELOPMENT FUND accounts for the receipts and disbursements of former redevelopment property tax revenues as well as the Brownfield Revolving Loan Program and the Sheraton Master Owner Participation Agreement (MOPA).

THE OPERATING GRANTS FUND is used to account for federal, state and other agency grants received for various specific purposes.

THE CCOMWP FUND is used to account for the revenue and expenditures associated with the City/County Office of Metropolitan Water Planning. The CCOMWP was formed to develop the Water Forum Agreement with objectives to provide a reliable water supply for planned development to the year 2030, and to preserve the region's Lower American River.

OTHER SPECIAL REVENUE FUNDS (continued)

THE SPECIAL DISTRICTS SPECIAL REVENUE FUND is used to account for a variety of programs that provide infrastructure maintenance and other services for specific areas of the City where special assessments or special taxes are levied. The Special Districts Special Revenue Fund includes the Business Improvement Districts Program, the Landscaping and Lighting Districts Program, the Maintenance Benefit Area Program and the Assessment District Maintenance Program.

THE CAL EPA FUND is used to account for the expenditures associated with the maintenance of the Joe Serna, Jr. California EPA Headquarters Building.

OTHER DEBT SERVICE FUNDS

Other debt service funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest, or that are being accumulated for principal and interest maturing in future years. The following debt service funds have been classified as nonmajor funds:

THE 1993 SERIES A REVENUE BOND FUND is used to account for refunded debt service activities related to the City of Sacramento's 1986 COP issue and for the debt service activity related to the partial refunding of the City of Sacramento's 1991 Marks-Roos Revenue Bond issuance.

THE 1993 SERIES B REVENUE BOND FUND is used to account for refunded debt service activities related to the City of Sacramento's 1989 COP issuance.

THE 2002 CAPITAL IMPROVEMENT REVENUE BOND FUND is used to account for debt service activities related to financing various capital improvements and redevelopment projects including the new Civic Center, I-5 Arena Interchange and certain fire trucks and fire stations. These bonds were partially refunded with the 2005 Refunding Revenue Bonds, and with the 2006 Series E Refunding Revenue Bonds.

THE 2003 CAPITAL IMPROVEMENT REVENUE BOND FUND is used to account for debt service activities related to financing the acquisition and construction of the 911 Dispatch and Training Facility, a regional park, a corporation yard, a library, fire stations and other municipal projects. These bonds were partially refunded by the 2006 Series E Refunding Revenue Bonds.

THE 2005 REFUNDING REVENUE BOND FUND is used to account for refunded debt service related to refinancing all of the 2000 Capital Improvement Revenue Bonds and a portion of the 1999, 2001 and 2002 Capital Improvement Revenue Bonds.

THE 2006 SERIES A REVENUE BOND FUND is used to account for debt service activities related to financing the expansion of the Crocker Art Museum and other public capital improvements and redevelopment projects.

THE 2006 SERIES B REVENUE BOND FUND is used to account for debt service activities related to financing an arts rehearsal facility and other public capital improvements and redevelopment projects.

THE 2006 SERIES C REVENUE BOND FUND is used to account for debt service activities related to financing the City's new Richards Boulevard building and improvements.

OTHER DEBT SERVICE FUNDS (continued)

THE 2006 SERIES D REVENUE BOND FUND is used to account for debt service activities related to financing the City's new Richards Boulevard building and improvements.

THE 2006 SERIES E REVENUE BOND FUND is used to account for refunding debt service related to refinancing all of the 2001 Capital Improvement Revenue Bonds and a portion of the 2002 and 2003 Capital Improvement Revenue Bonds.

THE 2015 GOLDEN 1 CENTER REVENUE BOND FUND is used to account for debt service activities related to financing a portion of the costs of construction of a multi-purpose entertainment and sports center located in the downtown area of the City.

THE OTHER CITY DEBT FUND is used to account for debt service activities related to financing equipment for street lighting and other programs of the City.

OTHER CAPITAL PROJECTS FUNDS

Other capital projects funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for governmental capital assets. The following capital projects funds have been classified as nonmajor funds:

THE GENERAL FUND CAPITAL PROJECTS FUND is used to account for the proceeds of bond issues and associated capital projects.

THE TRANSPORTATION AND DEVELOPMENT CAPITAL PROJECTS FUND is used to account for the receipts of taxes and fees which are used to construct transportation-related capital projects.

THE CROCKER ART MUSEUM EXPANSION FUND is used to account for contributions from the Crocker Art Museum Association (CAMA) and related expenditures for the museum expansion project.

THE FINANCING PLANS FUND is used to account for the construction of public infrastructure funded by developer impact fees authorized under financing plans.

THE SPECIAL DISTRICTS CAPITAL PROJECTS FUND is used to account for the proceeds of special assessment bond issues which are used in the construction of street lighting, curbs, gutters, sidewalks and drainage infrastructure.

PERMANENT FUNDS

Permanent funds are used to account for and report resources that are held by the City which are legally restricted to the extent that only earnings may be used for purposes that support City programs. The resources must be spent as provided in legal trust agreements and related state laws. The following permanent funds have been classified as nonmajor funds:

THE ANN LAND FUND is used to account for gifts to the City. The investment income is available to aid destitute persons in the City.

THE BERTHA HENSCHEL FUND is used to account for gifts to the City. The investment income is available to aid destitute persons in the City.

THE GEORGE CLARK SCHOLARSHIP FUND is used to account for an endowment established by George Clark, Mayor of Sacramento in 1900. The investment income is available to provide college scholarships for Sacramento high school seniors.

THE ALICE MILLER FUND is used to account for gifts to the City. The investment income is available to care for a specific area of the Old City Cemetery.

THE SACRAMENTO HISTORY MUSEUM FUND is used to account for gifts to the Museum. The investment income is available to help pay the operating expenses of the Museum.

OTHER ENTERPRISE FUNDS

Enterprise funds are used to account for self-supporting City programs that provide services on a user-fee basis to the general public. The following enterprise funds have been classified as nonmajor funds:

THE PARKING FUND is used to account for the operation and maintenance of the City's off-street parking facilities throughout the City.

THE 4th R CHILD DEVELOPMENT FUND is used to account for a program that provides school age child care services at various locations throughout the City.

INTERNAL SERVICE FUNDS

Internal service funds are established to account for goods or services provided by one department within the City to other departments on a cost reimbursement basis. The following are internal service funds:

THE FLEET MANAGEMENT FUND is used to account for the operation, maintenance and replacement of the City's fleet of vehicles that serve the transportation and operating needs of all City departments and divisions.

THE RISK MANAGEMENT FUND is used to account for the City's selffunded general and automobile insurance program and workers' compensation insurance program.

INVESTMENT TRUST FUNDS

Investment trust funds account for assets and related liabilities of legally separate entities for which the City provides investment services.

Investment Pool is used to account for assets and liabilities held for external participants in the City Sponsored Investment Pool.

Individual Investment Accounts are used to account for assets and liabilities, held for entities external to the City, which are not invested in the City Sponsored Investment Pool.

Statistical Section

Statistical Section

This part of the City's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Financial Trends Information

These schedules contain trend information to help the reader understand how the City's financial performance and condition have changed over time.

Revenue Capacity Information

These schedules contain trend information to help the reader understand the City's most significant local revenue source, property taxes.

Debt Capacity Information

These schedules present information to help the reader assess the affordability of the City's current level of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Successor Agency Information

These schedules present revenue and debt capacity information related to the Successor Agency for the former Redevelopment Agency of the City of Sacramento. These schedules contain trend information to help the reader understand the Successor Agency's primary revenue source, property tax distributions from the county redevelopment property tax trust fund, and affordability of the Successor Agency's current level of outstanding debt.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

s: (1) The City of Sacramento implemented GASB 54 for the period ended June 30, 2011. GASB 54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.
 (2) FY13 amounts have been restated for the effects of Marina fund reclassification to a governmental activity.

(modified accrual basis of accounting, in thousands)

Notes: (1) In lieu sales tax was reported as intergovernmental revenue in fiscal year 2006.

This revenue is reported as property tax in fiscal year 2007 and subsequent fiscal years.

(2) Includes residual property tax from redevelopment agency dissolution.

(3) Includes Measure U local sales and use tax.

| 2015 | 37,918,666 | 1,585,876 | 18,173 | 39,522,715 | 455,212 | 39,067,503 | 1.00 |

Notes: (1) Article XIII A, added to California Constitution by Proposition 13 in 1978, fixed the base for valuation of property subject to taxes at the full cash value appeared on the Assessor's 1975-76 assessment roll. Therefore, full cash value can be increased to reflect:

a) annual inflation up to 2%

- b) current market value at time of ownership change
- c) market value for new construction.

Estimated actual value of taxable property cannot easily determined as the property in the City is not reassessed annually. Reassessment normally occurs when ownership changes

(2) This 1.00% is shared by all taxing agencies for which the subject property resides within.

(3) The decrease in public utility assessed value is primarily due to the transfer of the downtown railyards from a railroad company to a private developer and the City.

City of Sacramento Direct and Overlapping Property Tax Rates ⁽¹⁾ Per \$100 of Assessed Value Last Ten Fiscal Years

Note: (1) Overlapping governments are those that coincide, at least in part, with the geographical boundaries of the City of Sacramento. This schedule estimates the portion of outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government. Details regarding the City's outstanding debt can be found in the notes to the financial statements.

Source: Data regarding overlapping debt is obtained from California Municipal Statistics, Inc.

Notes: (1) The threshold for investigation of a fire was raised from \$10,000 or \$30,000 in fiscal year 2005

(2) Due to a system problem in October 2009, only 11 months of data are available

(3) In FY10, the decrease in number of lunches served through food programs was due to decrease in number of sites in operation from 112 to 43. The sites were scaled back to better manage the program and reduce waste.

(4) In FY11, the reason for the significant drop in the number of traffic investigations completed was due to the decrease in calls from the General Public. In addition, FY11 onwards, Maintenance Calls were excluded.

(5) In FY11, the reasons for the significant drop in the number of citations writtens were due to a) the depressed economy; (b) there were 4 fewer parking enforcement officers; and c) the staff were furloughed.

(6) In FY11, the reason for the significant drop in the commercial garbage collected was primarily due to loss of two major accounts, i.e. Sacramento City Unified School District to Atlas Disposal and California State University, Sacramento to Allied Waste.

(7) In FY12, the number of school sites the City of Sacramento served under START program were reduced from 57 to 46, thus reducing the total number of students enrolled.

(8) In FY12, the number of lunches served through food programs decreased significantly because the federal grant for this program ended in September 2011. (9) The number of students enrolled in 4th R program has been declining since FY09 due to substantial decline in the subsidy-side of enrollees.

Due to the recession many parents/guardians lost their employment and were not pursuing post secondary education/skill training which make them ineligible to receive these subsidies because the requirement for eligibility is either employment or post secondary education/skill training.

In addition, there was also some decline in fee based enrollment. (10) In FY12, the number of vehicles abated by City decreased significantly due to the slow economic conditions which led to people holding onto their vehicles longer as well as turning in vehicles for the cost of parts or scrap metal. (11) In FY12, the number of complaints for housing and dangerous buildings declined largely due to proactive inspections performed under the City's Rental Housing Inspection

(1) In FY12, the number of animal licenses issued declined largely due to economic down turn as pet owners make tough choices licensing suffered.
 (12) Fire Prevention has been working deligently to improve the way they track inspection data. Therefore, current year data is more accurate than prior years data (13) In FY13, the number of animal licenses issued declined largely due to economic down turn as pet owners make tough choices licensing suffered.

(14) Partnership with outside agencies in California and other states resulted in an increase in the number of animal outplacements in FY13.

(15) In FY13, the number of entertainment events at Memorial Auditorium declined largely due to a major stage extension maintenance/replacement project that limited its use for approximately four months, no sold-out and extended-run performances. FY12 included sold out extended run performances of Wicked. (16) In FY13, the summer food program is terminated.

(17) The reduction in flows have occurred due to water conservation efforts and reduced system infiltration caused by the below normal rainfall influence on the water table. There was less rainfall in FY13 than in FY12.

(18) Prior to FY13, reported as Development and Code Enforcement Departments.

(19) Amount of storm drain pumped/distributed is dependent on rainfall. There was less rainfall in FY14 than in FY13 and FY12.

(20) Solid Waste commercial garbage collection was discontinued in October 2012.

CITY OF SACRAMENTO FACTS

The City of Sacramento was founded in 1849 and is the oldest incorporated city in California.

In 1920, city voters adopted a Charter (municipal constitution) and a City Council/City Manager form of government.

The City is divided into eight districts.

Elected members of the City Council serve four-year terms.

The Mayor is elected by all voters in the City. In 2002, voters approved a measure for the Mayor to serve full-time. All other Councilmembers are elected by district and serve part-time.

The Mayor and other Councilmembers have an equal vote in all matters.

The City of Sacramento currently encompasses approximately 100 square miles.

The current estimated population is 480,105.
