CITY OF SACRAMENTO

# Program Oriented Development (POD)

### **Program Oriented Development (POD) Review**

POD Review provides an inventory the City's programs and services. The outcome is the consideration of the role of city government and a renewed focus on the delivery of the most essential/core services.

As part of the POD Review, City departments provided the following information relative to all programs and services:

- What we do?
- Why we do it?
- How we do it?

Programs and services are prioritized based on the following criteria:

#### **Mandated Services**

Does the City have the authority to stop doing it?

- Is it required by law (Federal or State) to provide this service?
- Is it required by the City Charter?
- Is there an irrevocable agreement from which the City has no relief?

#### **Essential Services**

Level 1 – Life/Safety

- Does someone risk bodily harm or death if we stop doing it?
- Is it critical that we provide the service to prevent death or injury?
- Is there an urgency factor to providing the service to prevent death or injury?

#### Level 2 – Public Health

- Is there a significant public health risk if the service is not provided?
- Is it critical that we provide the service in a timely manner to avoid a major health risk to the community?

#### Level 3 – Risk/Liability

- Is there a significant risk/liability exposure to the City if the service is not provided?
- Is it critical to provide the service in a timely manner to avoid significant liability exposure to the City?
- Would the likely level of exposure exceed the cost of providing the service?

#### **Existing Services**

All other programs and services

### **Budget vs POD Cost Summary by Fund Report**

This report compares the current approved budget by fund (top) to the POD cost summary by fund (bottom) per department. PODs (programs/services) are broken out by fund.

Ultimately, the Fund Total lines in the POD (bottom) section must balance with all Budget allocated 100% to PODs.

- A. Department/Operating Unit
- B. Fund
  - a. Budget = funding source from the approved budget
  - b. POD = funding source broken down by programs/services
- C. FTE
  - a. Budget = the total authorized FTE from the approved budget
  - b. POD = the total allocated FTE broken down by programs/services
- D. Labor
  - a. Budget = the total labor cost from the approved budget.
  - b. POD = the total allocated labor cost broken down by programs/services
- E. Other Employee Services (ex. Vacation, Sick Leave, Automobile Allowance, etc.)
  - a. Budget = the other employee services from the approved budget
  - b. POD = the total allocated other employee services broken down by programs/services
- F. Total Employee Services
  - a. Budget = Total of Labor + Other Employee Services from the approved budget
  - b. POD = Total of Labor + Other Employee Services broken down by programs/services
- G. Supplies and Services
  - a. Budget = the services and supplies cost from the approved budget
  - b. POD = the total allocated services and supplies broken down by programs/services
- H. Property (ex. Computer Equipment, Furniture, etc.)
  - a. Budget = the property costs from the approved budget
  - b. POD = the total allocated property cost broken down by programs/services
- I. Interdepartmental Transfers (ex. Labor Supply Offsets)
  - a. Budget = the interdepartmental transfers from the approved budget
  - b. POD = the total allocated interdepartmental transfers broken down by programs/services
- J. Expenditure Subtotal
  - a. Budget = Total of Summary Labor + Other Employee Services + Service and Supplies + Property + Interdepartmental Transfers
  - b. POD = Total of Summary Labor + Other Employee Services + Service and Supplies + Property + Interdepartmental Transfers
- K. Revenues
  - a. Budget = the total revenues from the approved budget
  - b. POD = the total allocated revenues broken down by programs/services
- L. Net Budget
  - a. Budget = Total of Expenditure Subtotal less Revenue
  - b. POD = Total of Expenditure Subtotal less Revenue
- M. Current department approved budget
- N. Total department FTE and approved budget allocated by fund
- O. Current department approved budget allocated to PODs
- P. Difference between current approved budget and current approved budget allocated to PODs. This line should ultimately be zeros across the board, but occasionally there are rounding issues with labor.

#### **POD Detail Sheets**

The detail sheets contain all the general and/or youth information about a particular POD (program/service).

### POD POD 190 Detail Sheet by POD

- 1. Fiscal Year Current fiscal year
- 2. Program Status Active or inactive
- 3. Department Department/operating unit number and name
- 4. Group This is an optional field to group the POD programs/services, not required.
- 5. POD Category
  - a. Mandated Required by law/Charter/agreement
  - b. Essential 1-3
    - i. Essential 1: Life/Safety if the program/service stops, is there risk of harm or death?
    - ii. Essential 2: Public Health if the program/service stops, is there a significant public health risk?
    - iii. Essential 3: Risk/Liability if the program/service stops, is there a significant risk/liability exposure to the City?
  - c. Fully Offset Program brings in enough revenue/fees to cover expenditures for the program and is self-reliant.
  - d. Existing All the remaining services/programs
  - 6. POD Function Charter, Operations, or Support
    - a. Support is used for Citywide Support Functions, not internal department support.
    - b. Department support is rolled into existing programs and/or established as a separate program in operations see examples below.
      - i. Program: Fire Operations Support, POD Category is *Operations*
      - ii. Program: Grant Administration, POD Category is *Operations*
      - iii. Program: Payroll, POD Category is **Support**
  - 7. Program Services Service program/service provides
  - 8. Program Description Description of program/service
  - 9. Legal Requirements Specific code, law, authority, rulings with brief explanation.
  - 10. Budget Comments N/A Information not required at this time
  - 11. CMO Comments N/A Information not required at this time
  - 12. Can this be contracted out? Yes or no
  - 13. Could the level of service be changed? Yes or no
  - 14. What are the potential dollar savings from contracting out ~ level of service change (LOS)? Identified savings and LOS change
    - a. Currently, this information is not up to date. Will re-visit when and if information is required.
  - 15. How many full-time equivalent (FTE) positions could be reduced by contracting out ~ LOS change? Identified FTE for reduction
    - a. Currently, this information is not up to date. Will re-visit when and if information is required.

- 16. How long would contracting out take?
  - a. Currently, this information is not up to date. Will re-visit when and if information is required.
- 17. What is the minimum legal requirement? Based on the answer in Legal Requirements, the minimum required by specific code, law, authority and/or ruling is explained.
  - a. Example: Can program be cut by 25% and still meet the legal requirements?
  - b. Example: Can the City contract out and just provide oversight to meet requirements?
- 18. Impact from contracting out. Change in LOS? Potential programmatic and cost impact.
  - a. Example: Cutting program by 25% would save \$X and reduce FTE by X, resulting in an increase in response time from 48 hours to a week.
  - b. Example: A decrease of X FTE will save \$X and will increase average wait time from 30 minutes to 60 minutes.
- 19. What happens if we do not do this program/service? Who will enforce? Discussion of impact and alternative (if any)
  - a. Example: Abandoned vehicles will stay on streets longer.
  - b. Example: Youth will not have after school options and could result in increased crime.
  - c. Example: Seniors will not have a cool place to go during heat wave.
- 20. Can revenue be increased ~ established to provide General Fund offset for this program/service? Yes or No. Information provided, if available.
- 21. If General Fund support is cut, what is the impact on revenues? Information provided, if available.
- 22. Youth Program youth programming (if any) for the current POD. Yes or No. Information provided, if available.
- 23. Goal of Program
  - a. Example: Career development
- 24. Service Category
  - a. Academic Support
  - b. Culture & Arts
  - c. Early Childhood
  - d. Education Enrichment
  - e. Family Support
  - f. Gang Prevention
  - g. Job Training/Employment
  - h. Leadership Development
  - i. Out-of-School-Time 6-13
  - i. Recreation
  - k. Safety
  - I. Sports/Physical Fitness
  - m. Other
- 25. Prevention/Intervention Either Prevention or Intervention
- 26. Ages Served
  - a. 0-5
  - b. 6-12

- c. 13-17
- d. 18-24
- e. 0-24
- 27. Number Served Number of individuals served with the current program/service
- 28. Demographics Demographics of individuals served with the current program/service
- 29. Provider
  - a. City
  - b. Community Based Organization (CBO)
  - c. School
  - d. Other
- 30. Fund Funding code and description of funding source.
- 31. Authorized FTE Total allocated FTE by fund for POD program/service
- 32. Labor Total allocated labor by fund for POD program/service
- Other Employee Services Total allocated other employee services by fund for POD program/service
- 34. Total Employee Services Total allocated labor + other employee services by fund for POD program/service
- 35. Service and Supplies Total allocated services and supplies by fund for POD program/service
- 36. Property Total allocated property by fund for POD program/service
- 37. Interdepartmental Transfers Total allocated interdepartmental transfers by fund for POD program/service

Program Services

Performance Audit

#### **Program Description**

The Performance Audit Division of the Office of the City Auditor provides independent, objective, and reliable information regarding the City's ability to meet its goals and objectives and establish an adequate system of internal controls.

#### Legal Requirement

In November 2018, the Sacramento City Government Accountability and Efficiency Act (Measure K) was passed by voters. This established the City Auditor as a charter officer and combined the duties of the City Auditor and the Independent Budget Analyst and codified the Office of the City Auditor in the City's Charter. Section 2-70 of the Charter identified the City Auditor as a Charter Officer. Section 2.18.010 of the City Code outlines the requirements of the Office.

#### **Budget Comments**

#### **CMO Comments**

How Many FTE Could be What is the potential dollar How long would Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Contracted Out? Service Be Changed? LOS change? LOS Change? take? Yes Yes 5 3-6 months

#### What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

Loss of employees with in-depth knowledge of City operations, reduction in overall level of accountability and follow up. Reduction in service quality to the public.

What happens if we don't do this in Program? Who will enforce?

Can revenues be increased - established to provide General Fund offset for this program?

No.

If General Fund Support is cut what is the impact on Revenues?

**Program Services** 

Whistleblower Investigations

#### **Program Description**

The Whistleblower Hotline Division of the Office of the City Auditor investigates allegations of potential fraud, waste, and abuse reported through the City#s whistleblower hotline.

#### Legal Requirement

In March 2012, Council approved the establishment of a Whistleblower Hotline within the Office of the City Auditor. Section 2.18.050 of the City Code states that "The city auditor shall manage the city#s whistleblower hotline and determine if allegations of fraud, waste, abuse, or illegal acts need further investigation."

Brownfield Remediation

#### **Program Description**

The inability or failure to follow-through on the Environmental Protection Agency/City contract for Brownfields Remediation would mean less federal funds for characterization and remediation of otherwise developable sites (i.e. no further development of such sites would occur in the foreseeable future with the attendant loss of environmental clean- up related jobs), construction jobs and full-time employee jobs. Additionally, the relationship with the Federal EPA could be seriously jeopardized. Brownfields redevelopment is a fiscally-sound way to bring investment back to Sacramento's neglected neighborhoods and business corridors; clean-up the environment; reuse infrastructure; eliminate blight; and relieve pressure on urban fringe

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out • LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No			

#### What is the Minimal Legal Requirement?

The City is responsible for administering the grants according the to signed agreement, submitting quarterly reports, and marketing the program

#### Impact from Contracting Out? Change in LOS?

Contracting out would most likely result in the loss of future funding and the established relationship would be jeopardized. Since the grant does not allow grant administration costs, to contract out would require EPA to approved a new contractor and contracting out would be an additional expense to the city with no corresponding revenue; hence worsening the City and department budget.

#### What happens if we don't do this in Program? Who will enforce?

These funds are Federal grants. If we do not do the program, the funds will have to be returned.

#### Can revenues be increased - established to provide General Fund offset for this program?

Revenues are only increased if the City is awarded additional grants. Some payroll costs are covered under the programmatic/direct service portion of the grant. Grant Administration costs are not covered by the grant.

#### If General Fund Support is cut what is the impact on Revenues?

None.

#### **Program Services**

Business Attraction/Retention

#### **Program Description**

The Business Attraction/Retention program is not federal or state mandated (although it is a City Council priority) but failure to exercise the program would mean abrogating existing contracts with Metro Chamber of Commerce on Business Retention/Expansion efforts and with Greater Sacramento for attraction efforts. Further, existing program supports businesses which provide goods and services, generates revenue, provides jobs, pays taxes and spurs new business and industry. Business attraction and business retention are at the core of the City's economic prosperity and equity strategy.

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out • LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How long would contracting out take?

Yes

No

#### What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

A portion of the program is already contracted out. SACTO is the City's partner comprising most of the City's attraction efforts. Additional contracting out would mean complete reliability on outside agencies to provide these services and deliver program. Selected partners not only represent Sacramento, but all cities within the six-county region. There would be a significant decrease in the ability to deliver services to the Sacramento business community, since their sole obligation is not only to Sacramento. As a result, this would equate to less revenue generated, jobs, taxes and business in Sacramento.

#### What happens if we don't do this in Program? Who will enforce?

Without this program, we would have an unsupported business environment; the City will see higher unemployment rates, less revenue to general fund and a higher level of service cost throughout City organizations.

#### Can revenues be increased - established to provide General Fund offset for this program?

More private sector jobs and more taxes generate more revenue to the general fund.

#### If General Fund Support is cut what is the impact on Revenues?

Reduced efforts will result in less jobs and less tax revenue.

Small Business Assistance

#### **Program Description**

The Small Business Program is not federal or state mandated (although it is a City Council Priority) but failure to exercise the program would ignore any efforts to encourage growth in the most vital element of the local economy.# Small businesses are the backbone of the local economy and Sacramento is home to thousands of small-to-mid size businesses.# Supporting innovators and entrepreneurs to start, invest and expand their businesses here in Sacramento lead to direct benefits to the City. Additionally, the Economic Development Department works with Sacramento area organizations that provide or administer a number of small business programs to assist with finance, training

#### Legal Requirement

City Ordinance Section 3.56.020 and Sacramento City Code Chapter 3.60 Article VIII

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Service Se Changed?

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How long would contracting out LOS Change?

#### What is the Minimal Legal Requirement?

Council directive and City Ordinance Section 3.56.020 and Sacramento City Code Chapter 3.60 Article VIII

#### Impact from Contracting Out? Change in LOS?

Due to the confidential nature of the information small businesses provide in order to be certified and because the State of California also conducts a certification program that the city can leverage, the certification duties will need to remain within the City.

#### What happens if we don't do this in Program? Who will enforce?

If the City decided not to continue this administration of the programs, it would not just harm affected businesses, it would curtail the flow of federal funds via the State to the City and direct State funds to the City, which are then funneled to eligible small businesses and contractors. The Services help create jobs for residents, improve distribution of goods and services and add additional revenue to the City.

#### Can revenues be increased - established to provide General Fund offset for this program?

No.

#### If General Fund Support is cut what is the impact on Revenues?

If General Fund support is cut the certification component of the program would have to be cut also and this could lead to loss in revenue to the City via Utility Tax, Property Tax, Trans Occupancy Tax, Sales Tax and Development Tax.

Long Term Property Mgmt (LTPM) Plan for RASA

#### **Program Description**

In 2012, the City if Sacramento elected to serve as the Redevelopment Agency Successor Agency (RASA). In that role the City is required, by state law, to dispose of all the redevelopment agency assets and manage all the administrative duties required to unwind the redevelopment agency functions and duties. This includes preparing annual obligation schedules, managing all loans and development agreements, and serving as portfolio manager of agency obligations.

#### Legal Requirement

Pursuant to Health and Safety Code (HSC) Section 34173(d), on January 31, 2012, the City of Sacramento elected to serve as the successor agency to the Redevelopment Agency of the City of Sacramento (Agency) for its non-housing assets and functions (Resolution No. 2012-012). By this action, the City of Sacramento became the Redevelopment Agency Successor Agency (RASA) as of February 1, 2012.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	8		

#### What is the Minimal Legal Requirement?

At a minimum, the Redevelopment Agency is obligated to fulfill all reporting requirements to the State, expend funds according to the CRL requirements, obtain proper approvals from the Agency Board, and coordinate with the Sacramento Housing and Redevelopment Agency for the delivery of affordable housing.

#### Impact from Contracting Out? Change in LOS?

Contracting out this function would result in a loss in grant funding; loss of jobs, both permanent and construction; and delays in the delivery of City infrastructure.

Additionally, contracting out would result in the loss of the ability to leverage redevelopment funds with other department revenue sources such as transportation, diminished coordination with other City departments and delayed implementation of City Council priorities. This is because in house staff knows the CRL, the City structure, its division of responsibilities, and the community partners, the division can respond quickly and effectively to changing priorities. Also, the cross-departmental skill levels required to implement Redevelopment projects include Planning, Finance and Construction, which would be costly and difficult to find in a consultant team.

#### What happens if we don't do this in Program? Who will enforce?

If the City ceases to do this program it will be out of compliance with State law, which will be enforced by the State Department of Housing and Community Development, at a minimum. The City center will suffer from increasing blight, loss of jobs and erosion of its economic base. The advances which have been attained over the last two decades will begin to be eroded.

#### Can revenues be increased - established to provide General Fund offset for this program?

This program does not use General Fund money. It generates funds for the City priority projects. It also stimulates development of other revenues like sales tax and property tax.

#### If General Fund Support is cut what is the impact on Revenues?

None.

What is the potential dollar How Many FTE Could be How long would Could the Level Of Can This be reduced by contracting out -LOS Change? savings from contracting out contracting out Contracted Out? Service Be Changed? LOS change? take? 9 Yes Yes N/A

#### What is the Minimal Legal Requirement?

Collect 4% special BOT taxes and issue permits with minimal review.

#### Impact from Contracting Out? Change in LOS?

LOS - loss of revenue; loss of control, and potential under-reporting of tax.

#### What happens if we don't do this in Program? Who will enforce?

Cannabis businesses would have to cease to operate without issuance of local permits. Many would continue to operate without local authorization. The State would not enforce violations of City Code.

#### Can revenues be increased - established to provide General Fund offset for this program?

Program already fully fee supported. Any further tax increase would need voter approval.

#### If General Fund Support is cut what is the impact on Revenues?

Cannabis operations are fully fee supported with no impact to the general fund. Potential loss of special 4% Business Operations Tax collected monthly, currently estimated at \$23.6 million.

#### Youth Program

#### Goal of Program

PRO Youth, in collaborat on with SCCY and the Social Changery, a woman-owned, local social justice impact firm, proposes that youth and family cannabis prevention and education outreach funds from the Office of Cannabis Management be used to leverage, strengthen, and expand the existing #Futures program, bolster local cannabis primary prevention and education campaigns, and add additional harm reduction messaging to local public awareness campaigns.

#### What happens if we don't do this in Program? Who will enforce?

The Citywide Youth Development Plan & Framework for Children and Youth Programs (Youth Plan) was unanimously adopted by City Council in December 2017. The Youth Plan was developed to accelerate and guide the City's response to youth needs and improve the design, evaluation and implementation of City-run and City-funded children and youth investments. If the program is not run by the City, then the program will cease to exist and the City Council's priorities would not be fulfilled.

#### Can revenues be increased - established to provide General Fund offset for this program?

This program does not generate revenues.

#### If General Fund Support is cut what is the impact on Revenues?

None

#### Youth Program

#### Goal of Program

The Youth Plan guides the City in the design, operations and evaluation of its children and youth program investments, with a concerted application of resources toward young people in greatest need. The Youth Plan outlines goals from cradle-to-career, as well as a framework for integrating youth program quality at scale through common evidence-informed practices.

The Youth Plan framework summarizes over a half century of research that shows only high-quality programs improve youth development outcomes. To support continuous quality improvement, the City is committed to using data, assessment, and stakeholder input to inform strategic investments in equitable and accessible pathways for young people to succeed while creating clearer linkages across youth-serving systems and programs.

OYD's Continuous Quality Improvement (CQI) team broadly supports the design and application of the City's first evaluation, learning and continuous quality improvement system across all youth investments while centering racial equity and social justice. This comprehensive CQI system operates on multiple levels - participant, program, and systems – working with youth and community to improve outcomes in all three areas.

#### **Program Services**

The Chief Housing Officer will perform a broad range of residential policy and development work including coordination with all City departments and taking an active role with internal and external partners to develop and analyze best practices and policies focused on increasing the supply and quality of housing in the City.

#### **Program Description**

There is a need for housing in the City of Sacramento and focus attention to the development of housing policy and promote development for additional housing, particularly affordable housing.

#### Legal Requirement

Impact from Contracting Out? Change in LOS?

#### What happens if we don't do this in Program? Who will enforce?

The City Council continues to call out affordable housing as a high priority within the City's framework with the adoption of a Housing Bond framework in early 2020, setting aside \$31.5M at mid-year budget review in early 2021, and identifying sites and funding for transitional and permanent housing in the Comprehensive Siting Plan, adopted August 2021. Without this City implemented program, will not be carry-out City Council's priorities.

Can revenues be increased - established to provide General Fund offset for this program?

If General Fund Support is cut what is the impact on Revenues?

#### Youth Program

#### Goal of Program

Approximately 3,900 are currently experiencing unsheltered homelessness, with 2,85% of those experiencing unsheltered homelessness within the City of Sacramento. This population includes veterans, women, children, persons with disabilities, seniors, and other vulnerable groups. The number of people experiencing homelessness is significant, and these persons are without the ability to obtain shelter. The youth goal of this program is to provide housing and rental assistance for families at risk of eviction; homeless prevention.

How long would contracting out take? n/a

No

No

What is the Minimal Legal Requirement?

City Charter section 72

#### Impact from Contracting Out? Change in LOS?

Contracting out decreases ability to adequately monitor overall office performance, including cost efficiencies, and assuring appropriate staffing levels required to represent, advise and defend the City and other departmental programs. If the work of other CAO programs was contracted out, the need for administration may increase to monitor and pay for outside counsel.

What happens if we don't do this in Program? Who will enforce?

### **Program Services**

Litigation

#### **Program Description**

Responsible for defense of all litigation filed against the City, defense of employees and City, employment and labor litigation/arbitration defense of City. Performs proactive litigation, representing City in lawsuits against third parties and in early stages of projects, claims and disputes.

#### Legal Requirement

City Charter Section 72, Government Code Section 995, and case law.

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Contracted Out?

Yes

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How long would contracting out take?

#### What is the Minimal Legal Requirement?

City Charter section 72; Gov't Code Section 995

### Impact from Contracting Out? Change in LOS?

No savings to City. City will pay more for outside legal counsel. Financial hardship to City as elimination would necessitate sending all litigation cases to outside counsel range \$165 - 360 per hour for general litigation matters compared to our blended rate of \$125. Also, the number of litigated cases would increase since part of the function of this program entails being pro-active in early stages of claims and disputes to prevent such lawsuits. Other LOS impacted is elimination of ability to handle Pitchess (see PSLU), amicus matters, debt collection.

#### What happens if we don't do this in Program? Who will enforce?

Without opposition or defense by City, Plaintiffs would receive court judgments in amounts prayed for in complaints, resulting in further legal action to enforce judgment and collect debts owed by City. California Attorney General may seek court appointment of attorneys to defend City and its employees, and file injunction to compel the City to reimburse them for legal services.

### Can revenues be increased - established to provide General Fund offset for this program?

No

#### If General Fund Support is cut what is the impact on Revenues?

Most of recovered revenues affect City's risk funds costs; City claims and tax recoveries would decline ranging from \$0 to \$900,000 per year for proactive litigation.

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? How long would contracting out take?

Yes Yes - - - unknown

#### What is the Minimal Legal Requirement?

City Charter obligation; Council Resolution and MOU with DA for Criminal Prosecution.

#### Impact from Contracting Out? Change in LOS?

Lack of social nuisance abatement (drug house/apts, problem liquor stores, drug dealers, gang injunctions) and code enforcement would significantly degrade public safety and quality of life in neighborhoods. Change in LOS has same impact.

#### What happens if we don't do this in Program? Who will enforce?

Code violations would not be enforced. Private persons may seek Court order to compel City to fund prosecutorial services of City Attorney.

#### Can revenues be increased - established to provide General Fund offset for this program?

Yes. In FY15 a contract for prosecutorial services was established with the City of Rancho Cordova for services rendered in enforcing their municipal code, with all contract revenue going back to the General Fund. Grants received by other City enforcement branches may be apportioned for prosecutorial services.

#### If General Fund Support is cut what is the impact on Revenues?

Would not be able to collect fees on social nuisance violations.

#### **CMO Comments**

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out • LOS change?

How Many FTE Could be reduced by contracting out • LOS Change?

How long would contracting out take? unknown

### What is the Minimal Legal Requirement?

City Charter Sections 72 and 392.

#### Impact from Contracting Out? Change in LOS?

Increased costs associated with contracting outside counsel as advisors.

#### What happens if we don't do this in Program? Who will enforce?

Elimination of legal services across the City, including requests for legal advice, preparing legislation, review of fiscal matters, review/drafting of contracts and other transactional documents. Increase in lawsuits due to exposure that could have been prevented with advance legal input.

#### Can revenues be increased - established to provide General Fund offset for this program?

This program has some offsets that reduce reliance on the general fund: revenue associated with advising the Library Authority (\$52,000 budgeted and additional that is set aside for department IT purchases), 1.0 FTE Senior Deputy City Attorney (DOU advisor) reimbursed from funds 6005, 6006, 6011 and 7103.

### If General Fund Support is cut what is the impact on Revenues?

Library Authority attorneys fees; fees collected for development-related activities.

**Program Services** 

Strategic Projects and Research

#### **Program Description**

Provide strategic support to the Council's policy-making function by providing legal advice and response to counsel initiatives and issues including immigration, cannabis, human trafficking, predatory lending, and homelessness.

#### Legal Requirement

City Charter Section 72 City Code Sections 2.16.130; 2.16.190; 2.64.130

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out -LOS Change? How long would contracting out take?

Yes

Unknown

Unknown

Unknown

## What is the Minimal Legal Requirement?

Impact from Contracting Out? Change in LOS?

What happens if we don't do this in Program? Who will enforce?

#### Can revenues be increased - established to provide General Fund offset for this program?

Some legal services under this program have asspcoated fees

depending upon the work being provided. Ex.:bond work has associated fees and charges that provide some cost recovery. Each year the cost of these services is reestablished through the fees and charges resolution, based on the current year labor costs.

### If General Fund Support is cut what is the impact on Revenues?

Revenue would be eliminated.

Pre-issuance due diligence, document preparation and Council actions to issue debt.

#### Legal Requirement

Internal Revenue Code of 1986 - Section 6599.1 of the California Government Code - Article XVI, Section 18 of the California Constitution - Municipal Improvement Act of 1911, 1913, & 1915 Act(s) - Article XIII of the California Constitution - SEC Rule 15c2-12 - Treasury Regulation Section 1.148-1(f) - California Senate Bill 1029 - California Senate Bill 450 - California Assemby Bill 2109 - Tax Equity and Fiscal Responsibility Act of 1982 - SEC Rule 15c2-12 (as amended effective February 27, 2019) - Mello-Roos Community Facilities Act of 1982 - Enterprise Revenue Bonds Law (Section 3.152 of the City Code) - TOT Revenue Bond Law (Section 3.154 of the City Code) - Sacramento Tourism Infrastructure District No. 2018-04 (Section 3.92.055 of the City Code) - Support to departments mandated and operating from Federal and State regulations.

#### **Budget Comments**

#### CMO Comments

Can This be Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? How long would contracting out take?

No No - - - N/A

#### What is the Minimal Legal Requirement?

State Law and applicable sections of the City Code authorize the issuance of debt.

Federal and State Law govern the eligibility of debt for tax-exempt status.

Federal and State law govern disclosure, sale, and trading of the bonds.

#### Impact from Contracting Out? Change in LOS?

Contracting out would likely require the same amount of work to gather and prepare internally held information for submittal to an outside consultant, who in turn would forward the info to required parties, thus resulting in likely little to no staff savings and additional costs for a consultant. Some specialized functions are currently performed by outside consultant i.e. arbitrage calculations for complex issues, however, it still requires City input (gathering of all information from City financial system, third parties, trustee, etc.) and review and approval of final product. Ultimately, the City has the requirement and fiduciary responsibility to ensure accuracy of all information.

### What happens if we don't do this in Program? Who will enforce?

City does not have to borrow money, however the funding and availability of those improvements could be delayed. Designated by Council and Charter, and governed by State and Federal law, as well as sections of the City Code. Need for Capital - maintenance, growth & economic development.

### Can revenues be increased - established to provide General Fund offset for this program?

There is not an opportunity to increase fees as services provided are regulated and limited to actual cost of service delivery and dependent upon issuance of debt.

#### If General Fund Support is cut what is the impact on Revenues?

City Treasurer's Office has an overall negative net cost to the General Fund - the functions are all integrated with one another and bring in more revenue than expenditures.

Investor/Rating Agency Relations

#### **Program Description**

Responding to inquiries from rating agencies and bond investors.

#### Legal Requirement

Necessary to maintain or improve the City's credit ratings - vital to borrow future debt issues at costs as low as possible. Provides transparency to stakeholders that could maintain or lower future costs of borrowing.

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Contracted Out? Service Be Changed? What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? LOS Change? How long would contracting out take?

No No - - - N/A

#### What is the Minimal Legal Requirement?

Federal and State law govern disclosure, sale, and trading of bonds. SEC Rule 15c2-12 - IRS Form 14002

### Impact from Contracting Out? Change in LOS?

Contracting out would likely require the same amount of work to gather and prepare internally held information for submittal to an outside consultant. End result; little to no staff savings and additional costs for a consultant.

#### What happens if we don't do this in Program? Who will enforce?

Impacts to debt management program would erode investor confidence, potentially impacting the City#s credit ratings, and could result in higher borrowing costs in the future. Additionally, violation of tax laws would result in payment of significant penalties - up to treble damages, and ultimately could result in significant financial impacts from investor & regulatory agency legal actions.

### Can revenues be increased - established to provide General Fund offset for this program?

There is not an opportunity to increase fees as services provided are regulated and limited to actual cost of service delivery and dependent upon issuance of debt.

### If General Fund Support is cut what is the impact on Revenues?

City Treasurer's Office has a negative net cost to the General Fund - the functions are all integrated with one another and bring in more revenue than expenditures.

#### What is the Minimal Legal Requirement?

CA GC 53601 CA GC 53607 GC 53646(b)

### Impact from Contracting Out? Change in LOS?

Contracting for outside investment management for a portfolio of \$1.3 billion would have a negative impact on fee revenue and expenditure. Knowledgeable staff would be required to oversee appropriate and prudent cash management and investment of public funds. Cost for contracted specialized financial services greatly exceeds staff costs by approximately 47%.

#### What happens if we don't do this in Program? Who will enforce?

Failure to proactively manage cash will result in significant negative fiscal impact to the City and other partner organizations.

### Can revenues be increased - established to provide General Fund offset for this program?

Increased fees in the current market environment would be detrimental to City General and Enterprise Funds, as well as partner organizations.

### If General Fund Support is cut what is the impact on Revenues?

City Treasurer's Office has an overall negative net cost to the General Fund - the functions are all integrated with one another and bring in more revenue than expenditures.

Yes

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

LOS Change?

2 3+Months

#### What is the Minimal Legal Requirement?

Charter Article XVI GC 53601

## Impact from Contracting Out? Change in LOS?

- 1) Significant increase in asset management expense.
- 2) Loss of transparency
- 3) Loss of investment control
- 4) Lose control of asset custody
- 5) Added risk to plan assets. Contracting out with another investment firm may take about three months to get the documents completed and the assets to be transitioned to a third party. Cost for contracted specialized financial services greatly exceeds staff costs by approximately 60%.

#### What happens if we don't do this in Program? Who will enforce?

This program is mandated by the Charter and state and federal laws.

### Can revenues be increased - established to provide General Fund offset for this program?

This program is a revenue generator for the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

City Treasurer's Office has an overall negative net cost to the General Fund

# POD P031 Detail Sheet by POD

Fiscal Year: FY2022/23

Program Status: Active Youth Program: No Youth Program

Department: 06000:Finance Group: Missing Group POD Category: Essential 1 POD Function: Support

Program Services
Central Cashiering

#### **Program Description**

The primary collection and recording of City cash and revenue is handled within the Finance Department/Revenue Division, Room 1214, New City Hall. This function/unit is the main depository of cash and revenues within the City. Required for the administration of these funds because a decentralized process could lead to revenue losses.

#### Legal Requirement

Mandated by GAAP, GASB and FASB for proper recording of all money received by the City. Required for the administration of these funds because a decentralized process could lead to revenue losses. Mandated by City Charter, Section 115 Accounting Systems and 116 Receipts and Disbursements, which requires the City to establish and maintain a system of financial procedures, accounts and controls.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out • LOS Change? How long would contracting out take?

Yes

Yes

### What is the Minimal Legal Requirement?

The City must establish and maintain a system of financial procedures, accounts and controls. Having these controls in one central location makes the process of depositing and recording to the ledgers more efficient.

#### Impact from Contracting Out? Change in LOS?

Payment collections for parking tickets, utilities and invoice payments are currently contracted out. If all other payments or fees due were contracted out then there would be a potential for fraud or theft. There would be no control over the customer service given by an outside vendor and customer inconvenience would be a problem.

#### What happens if we don't do this in Program? Who will enforce?

Payments due to the City that are not currently contracted out would not be collected resulting in a loss of Revenue to the General Fund and other enterprise funds. If this program did not continue, there would be no one to enforce the program and we would rely on the integrity of the customers to pay their fees on time. Inefficient to contract out misc. payments.

## Can revenues be increased - established to provide General Fund offset for this program?

As allowed by law, the various programs may increase their fees for services.

#### If General Fund Support is cut what is the impact on Revenues?

City revenue would not be collected resulting in a loss of City funds and services.

#### POD Cost P031

### **Program Services**

Parking Customer Service (On-street)

### **Program Description**

The Revenue Division is charged with the responsibility of providing customer service support to the general public, for collecting parking citation fines and issuing residential parking permits.

#### Legal Requirement

Citation processing set forth in CVC 40200 if parking citations are issued. City Code Chap 10.56. On Street - Residential Parking Permit Issuance City Code Chap 10.48

#### **Budget Comments**

#### **CMO Comments**

What is the potential dollar How Many FTE Could be How long would Can This be Could the Level Of reduced by contracting out -LOS Change? savings from contracting out contracting out Contracted Out? Service Be Changed? LOS change? take? Yes Yes

#### What is the Minimal Legal Requirement?

People who receive parking citations must be able to contest the citation and pay the citation. Residential parking permit areas can be dissolved.

#### Impact from Contracting Out? Change in LOS?

No in-person for customer service walk-in. Quality control of work impacted.

### What happens if we don't do this in Program? Who will enforce?

Not enforcing parking in Sacramento would be disruptive.

#### Can revenues be increased - established to provide General Fund offset for this program?

Yes, as citation amounts can be increased.

#### If General Fund Support is cut what is the impact on Revenues?

Citation revenue will decrease.

**Business Permits** 

#### **Program Description**

Issuance of various business regulatory permits, such as taxi driver, taxi vehicle, tow driver, tow vehicle, mobile food vendors, etc. to qualified individuals and businesses to ensure the public health and safety.

#### Legal Requirement

The City Council has adopted codes by ordinance for the permitting of certain businesses as directed by City Charter 180

#### **Budget Comments**

**CMO Comments** 

Can This be Contracted Out?

Could the Level Of Service Be Changed?

No

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out -LOS Change? How long would contracting out take?

No

### What is the Minimal Legal Requirement?

The City Council votes to regulate ordinances into codes to protect the health & safety of the public, as well as the City of Sacramento. Therefore, this is a local legal requirement to insure policies are in place to protect the public health and safety of the citizens and visitors of Sacramento. City Council could decide to remove regulation of

### Impact from Contracting Out? Change in LOS?

Since this is voted and adopted by City officials, if this were to be contracted out, it would change the integrity of the programs since staff reports to the City Manager, and the City Manager works with the City Council to ensure all policies are being maintained and regulated. Also, in other government agencies these programs have not been

### What happens if we don't do this in Program? Who will enforce?

The City of Sacramento will lose revenue, as the programs have become self sufficient. The public may be harmed physically or defrauded.

### Can revenues be increased - established to provide General Fund offset for this program?

Yes, if a strategy were in place, fees could be increased. No program is currently 100% cost recovered from permit fees.

### If General Fund Support is cut what is the impact on Revenues?

Crime would increase, as well as health issues. The codes the Business Permit Unit manages are to protect all citizens living in and visiting the City of Sacramento.

**CMO Comments** 

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out -LOS Change? How long would contracting out take?

No

No

What is the Minimal Legal Requirement?

None

Impact from Contracting Out? Change in LOS?

Budget review is currently limited to Financial and major policy checks only. Increased risk of errors resulting in reports lacking proper authority; therefore requiring additional City Council clean up.

What happens if we don't do this in Program? Who will enforce?

Possible delays in report processing due to reports being returned to authors for correction/clarification at the last minute.

Can revenues be increased - established to provide General Fund offset for this program?

If General Fund Support is cut what is the impact on Revenues?

None.

# Program Services

Accounts Payable

#### **Program Description**

Processing invoices and creating vouchers to ensure that city's liabilities are pay in a timely manner.

#### Legal Requirement

Internal support of government operations, Internal Revenue Code, EDD regulations (deadbeat parent reporting), California Revenue and Taxation Code, Accounting in accordance with generally accepted accounting procedures (GAAP) required by City Charter Article IX. GAAP for state and local governments is promulgated by the Governmental Accounting Standards Board (GASB)

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How long would contracting out take?

The City is obligated to pay its vendors in a timely manner for services received and/or purchases made.

No

No

### What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

N/A

### What happens if we don't do this in Program? Who will enforce?

The City will not be able to pay vendors for goods and services received. Vendors may no longer conduct business with the City. Additionally, if the invoices are not pay on time, the City will be losing potential discounts.

#### Can revenues be increased - established to provide General Fund offset for this program?

Nο

#### If General Fund Support is cut what is the impact on Revenues?

**Program Services** 

Accounts Receivable

#### **Program Description**

The process of issuing various City invoices covering a multitude of City services, fees, fines, etc. The process involves billing, collections, and maintenance of the Accounts Receivable database. Required per the signed agreements. Loss of funding would impact City Council discretionary funds.

#### Legal Requirement

Mandated by GAAP, GASB and FASB - OMB Circular A-133 - "Audits of State, Local Governments, and Non Profit Organizations" for proper recording of cash and accounts receivable. Mandated by City Charter, Section 115 Accounting Systems, Section 116 Receipts and Disbursements and Section 117 Annual Audits, which requires the City to "establish and maintain a system of financial procedures, accounts and controls." California Government Code 17550.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out • LOS Change? How long would contracting out take?

Yes

Yes

## What is the Minimal Legal Requirement?

The City must establish and maintain a system of financial procedures, accounts and controls.

### Impact from Contracting Out? Change in LOS?

Contracting out would be difficult because major decisions regarding the security of the financial system would need to be made. An outside company would need access to eCAPS, which could compromise the integrity of our financial data. Interfaces to an outside company could be made but those interfaces could take years to create, test and implement. The City would have no control over the billing and collection of fees, resulting in potential loss of revenues for fees that were not billed properly. Customer Service would suffer because it would take customers longer to get program questions answered.

#### What happens if we don't do this in Program? Who will enforce?

Funds due to the City will not be billed or collected, resulting in a loss of Revenue to the General Fund and other enterprise funds. If this program did not continue, there would be no one to enforce the program and we would rely on the integrity of the customers to establish what they owe and pay it on time.

### Can revenues be increased - established to provide General Fund offset for this program?

As allowed by law, the various programs may increase their fees for services.

#### If General Fund Support is cut what is the impact on Revenues?

City revenue would not be collected resulting in a loss of City funds and services.

# **Program Services**

Business Improvement Area (BIA) Administration

#### **Program Description**

Process involves the administration of various business improvement areas, primarily in the area of collection of fees for pass-through to the designated business improvement areas.

# Legal Requirement

City Codes (3.96.070; 3.100.070; 3.104.070; 3.108.070; and 3.112.070) allow for the disestablishment of BIA's unless a majority of businesses protest at a hearing.

#### **Budget Comments**

# **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How Iona would contracting out take?

Yes

Yes

# What is the Minimal Legal Requirement?

These fees must be collected along with the Business Operations Tax (BOT) (3.96.040; 3.100.040; 3.104.040; 3.108.040; 3.112.040)

# Impact from Contracting Out? Change in LOS?

Would have to contract out the entire BOT collection process, not just the BIA portion.

# What happens if we don't do this in Program? Who will enforce?

The City Council could disestablish all BIA areas.

# Can revenues be increased - established to provide General Fund offset for this program?

City code could be changed to include an Administrative Fee charged to each BIA to offset the cost.

# If General Fund Support is cut what is the impact on Revenues?

No impact on City revenues.

# **Program Services**

Administrative Penalties, Delinquent Collections and Lien Process

#### **Program Description**

The centralized process or function of collecting delinquent funds due to the City, whether by direct customer contact, small claims actions, or referring delinquent accounts to external collection agencies. If funds are due to the City and no effort is made to collect the funds, than a violation may occur. A decentralized collection process often leads to a fragmented and less efficient collection process, especially in collecting delinquent revenue.

#### Legal Requirement

Mandated by California Constitution (Article 16, Section 6) Public Finance which prohibits any public agency from making "any gift of public money." The collection of debt is governed by the Fair Debt Collection Practice Act and Fair Credit Reporting Act both enforced by the Federal Trade Commission. City Code Chap 8.28 for Weed Abatement, Code Chap 12.32 for Sidewalk Repairs and Code Chap 8.12 for Rental Housing Inspection Program allow for uncollectible debts to be added to the property taxes of a homeowner when all other methods of collection have been exhausted.

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out - LOS change?

What is the potential dollar reduced by contracting out - LOS Change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

# What is the Minimal Legal Requirement?

An attempt to collect all monies due to the City of Sacramento must be made until the point that those funds are deemed uncollectible. The attempts to collect are within the guidelines of the Fair Debt Collection Practice Act and Fair Credit Reporting Act both enforced by the Federal Trade Commission.

### Impact from Contracting Out? Change in LOS?

Contracting out would be difficult because major decisions regarding the security of the financial system would need to be made. An outside company would need access to eCAPS which could compromise the integrity of our financial data. Interfaces to an outside company could be made but those interfaces could take a year to create, test and implement. After City staff's legally required efforts, delinquent accounts are contracted out to third party collectors.

# What happens if we don't do this in Program? Who will enforce?

Funds due to the City will not be collected resulting in a loss of Revenue to the General Fund and other enterprise funds. If this program did not continue, there would be no one to enforce the program and we would rely on the integrity of the customers.

#### Can revenues be increased - established to provide General Fund offset for this program?

As allowed by law, the various programs may increase their fees for services.

#### If General Fund Support is cut what is the impact on Revenues?

City revenue would not be collected resulting in a loss of City funds and services.

#### **Program Services**

eCAPS/Hyperion Transaction and Functional Support

#### **Program Description**

Essential to maintaining the integrity and functionality of the City's financial system and its processes. The Budget Office provides training manuals, conducts training, reviews and approves budget journals, and administration of quarterly fund analysis reports.

#### Legal Requirement

Mandated by GAAP, GASB and FASB - OMB Circular A-133 - "Audits of State, Local Governments, and Non Profit Organizations" for proper recording of cash and accounts receivable. Mandated by City Charter Article IX, Section 115 Accounting Systems, which requires the City to "establish and maintain a system of financial procedures, accounts and controls."

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No			

#### What is the Minimal Legal Requirement?

The City must maintain a system of financial procedures, accounts and controls. The citywide financial system is eCAPS. Support for this function is at the bare minimum.

#### Impact from Contracting Out? Change in LOS?

Contracting out would be difficult because major decisions regarding the security of the financial system and the cashiering system would need to be made. An outside company would need access to eCAPS which could compromise the integrity of our financial data. Interfaces to an outside company could be made but those interfaces could take years to create, test and implement. The City would have no control over updates or upgrades resulting in potential loss of revenue and financial data.

# What happens if we don't do this in Program? Who will enforce?

The City's control over the financial system would be lost resulting in a loss of financial reporting data and funds.

### Can revenues be increased - established to provide General Fund offset for this program?

No

# If General Fund Support is cut what is the impact on Revenues?

City revenue may not be properly collected and recorded. Important financial data could be lost.

Finance Plan Development and Administration

#### Program Description

Development and administration of finance plans for infill and new growth areas and of impact fees not tied to specific maps or land use plans. Finance plans cover both detailed infrastructure and maintenance requirements and the methods of financing both. Methods used for the construction of infrastructure are designed to facilitate and incentivize development and to provide for the timely development of infrastructure. Fee programs Assessment and Mello-Roos districts are created and administered to include project cost verification, reimbursements, and the periodic update of all finance plans

Methods used for financing maintenance include the specific identification of likely costs for all new areas and maps and the creation and administration of assessment or Mello-Roos districts.

#### Legal Requirement

Mandated administration once the City establishes a finance plan. California Constitution articles XIIIC and XIIID (Proposition 218), California Government Code Section 66000 (Mitigation Fee Act) and Section 53331-53368.3 (Mello-Roos Act), development agreements, acquisition agreements, reimbursement agreements, bond Indentures, Subdivision Map Act, CEQA, etc.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out -LOS Change?

How long would contracting out take?

Yes

No

#### What is the Minimal Legal Requirement?

Unchanged from the legal requirements of the program. In addition, if finance plans were not created at all, CEQA mitigations and/or lack of Mello-Roos districts would make many projects infeasible or result in degradations to level of service (LOS) requirements or standards at the risk of litigation. Once plans are created, they must be administered and maintained in accordance with the Mello-Roos and Mitigation Fees Acts, as well as other statutes that apply (such as if redevelopment funds are used). A thorough understanding of relevant case law is also needed

# Impact from Contracting Out? Change in LOS?

Would be more expensive, as we have learned, and result in finance plans created and administered without the best interests of the City as the overarching imperative.

#### What happens if we don't do this in Program? Who will enforce?

See Minimum Legal Requirement and Impact from Contracting Out, Also, with passage of Proposition 26, this area is specifically exempted, remaining one of the growth areas for cost recovery.

# Can revenues be increased - established to provide General Fund offset for this program?

Program is already self supporting.

#### If General Fund Support is cut what is the impact on Revenues?

Special District Formation and Administration

#### **Program Description**

Creation and administration of assessment and Mello-Roos districts that may, or may not, be associated with finance plans.

#### Legal Requirement

Mandated administration once the City establishes a special district. State law including the Streets and Highways Code Sections 22500-22679 (Landscaping and Light Act of 1972), the Mello-Roos Act, federal statutes and regulations (bonds), City Code, district formation resolutions and related documents (development agreements, reimbursement agreements, Subdivision Map Act, CEQA documents, etc.)

#### **Budget Comments**

#### CMO Comments

Can This be Contracted Out?

Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out • LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How long would contracting out take?

Yes

No

#### What is the Minimal Legal Requirement?

Consistent with the legal requirements of the program. If districts were not created at all, the City could not recover the maintenance cost of development and, in the case of districts for which the City issues bonds, most projects with significant public improvements would not be feasible.

#### Impact from Contracting Out? Change in LOS?

We already contract out to greatest extent possible. To contract out further runs the significant risk of inaccurate assessments and taxes. This is a fact that we have learned the hard way, given the errors our consultants have made in calculating taxes. Those errors have resulted in the City having to refund taxes to some property owners and to collect "escaped" taxes from others. This is not acceptable. Needless to say, we have very little confidence in the firms providing this service out there today.

# What happens if we don't do this in Program? Who will enforce?

See Minimum Legal Requirement and Impact from Contracting Out. Also, with passage of Proposition 26, this area is specifically exempted, remaining one of the growth areas for cost recovery.

# Can revenues be increased - established to provide General Fund offset for this program?

Program is already self supporting.

# If General Fund Support is cut what is the impact on Revenues?

**Program Services** 

Tax Collection & UUT Rebate

# **Program Description**

The centralized process or function of collecting, recording, and reconciling various taxes due the City, such as property, sales, utility user, real property transfer, transient occupancy, and business operations.

#### Legal Requirement

The Charter (Article 9, Section 112) requires the collection of taxes; City Code (Title 3) imposes and instructs how to collect taxes.

### **Budget Comments**

# **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	5	3.	<u>.</u>

#### What is the Minimal Legal Requirement?

City Charter Article 9, Section 112 requires the collection of taxes, while City Code Title 3 imposes and instructs how to collect taxes.

# Impact from Contracting Out? Change in LOS?

Less accountability and control for collecting funds due the Clty. Less customer service from contractors.

# What happens if we don't do this in Program? Who will enforce?

If current/existing taxes (property, sales, utility user, real property transfer, transient occupancy, business operations) are not collected, City would lose millions of dollars in revenue; therefore, the collection of taxes would have to be contracted out if not collected in-house.

# ${\sf Can\ revenues\ be\ increased\cdot established\ to\ provide\ General\ Fund\ offset\ for\ this\ program?}$

No revenue increase expected resulting from contracting out this program. Contractor would merely be collecting current/existing taxes collected in-house, with less customer

# If General Fund Support is cut what is the impact on Revenues?

No impact on revenue collection, as contractor would be responsible for collecting all taxes currently being collected in-house.

# **Program Services**

Parking Revenue (off street)

# **Program Description**

The Revenue Division is charged with the responsibility of providing customer service support to the general public for issuing parking garage applications, validations, and processing payments, in addition to discounted employee parking permits.

Off Street - Not General Fund

#### Legal Requirement

No known legal requirement for providing off street parking (parking garages)

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out • LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

Yes

Y

# What is the Minimal Legal Requirement?

No known legal requirement to provide off street parking.

#### Impact from Contracting Out? Change in LOS?

No in-person for customer service walk-in. Quality control of work impacted.

# What happens if we don't do this in Program? Who will enforce?

Not providing off street parking by City would likely result in private vendors providing the service; thereby, reducing the City's control over this service.

# Can revenues be increased - established to provide General Fund offset for this program?

Currently, not a General Fund operation, other than the parking customer service support provided by the Revenue Division staff.

# If General Fund Support is cut what is the impact on Revenues?

Parking garage revenues would likely decrease.

Program Services

Data Architecture

#### **Program Description**

This program is responsible for the administration and support of mission-critical enterprise application back-end databases for the City. The City utilizes Oracle and Microsoft SQL Server databases for storing of critical application data and is responsible for the installation, configuration, management, and maintenance of City business applications. The program is responsible for designing and managing a data warehouse, various cloud integration platforms and gateways to report and present from various data sources.

### Legal Requirement

This system facilitates the City's requirements related mission-critical business systems, including: eCAPS, CCM, GIS, etc.

#### **Budget Comments**

# **CMO Comments**

What is the potential dollar How Many FTE Could be How long would Can This be Could the Level Of savings from contracting out reduced by contracting out - LOS Change? contracting out Contracted Out? Service Be Changed? LOS change? take? 4.25 Yes Yes 1 Year

#### What is the Minimal Legal Requirement?

This system facilitates the City's requirements related to mission critical business systems, including: eCAPS, CCM, GIS, etc.

#### Impact from Contracting Out? Change in LOS?

Higher outsourcing support costs will be expected due to unique system configurations, periodic updates, and regular system tuning/maintenance (including after-hours support) on multiple citywide and departmental business systems. Existing support staff also provides other technology support for other initiatives including open data, system administration, and project management support for other business systems. The support cost for the additional services provided will significantly increase outsourcing costs.

#### What happens if we don't do this in Program? Who will enforce?

Critical business data stored within the business systems supported by this program will not be available and the system will no longer function. This will negatively impact most business systems and related business operations throughout the City.

# Can revenues be increased - established to provide General Fund offset for this program?

Possibly. Current system maintenance and staff support costs are allocated to other departments/funds through the Cost Allocation Plan. Operating staff support structure is at a minimum. Optimum support requires additional staffing resources that could be offset by additional revenue sources.

# If General Fund Support is cut what is the impact on Revenues?

This citywide program supports most City business systems. Without proper funding for this program (including the loss of general fund support), the supported systems will not function which will have a negative impact on revenues.

#### **Program Services**

Customer Care and Billing (CCB) Utility Billing Applications Support

#### **Program Description**

CCB Support services group provides application development and technical support services for the City's CCB system as administered by the Department of Utilities (DOU).

The CCB application generates approximately 1.7 million utility bills for 147,000 customer accounts on an annual basis. Services include: data analysis, query and reporting; design, development, and maintenance of customer information system application functions; design, development and maintenance of interfaces with other systems (i.e. cashiering, meter reading, county property database, GIS, collection agency, work order, online bill pay/presentment, etc). DOU is unable to issue utility bills, manage revenue or customer services without this system.

#### Legal Requirement

# **Budget Comments**

# CMO Comments

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes		9.25	2 Years

#### What is the Minimal Legal Requirement?

The Customer Care and Billing system supports the City's utilities services to citizens that may have certain legal requirements.

# Impact from Contracting Out? Change in LOS?

Higher support costs will be expected if this program is contracted out, the software has recently been upgraded to the Oracle Customer Care and Billing suite of tools. By adopting a Software as Service model, the recurring cots to the Department would be significantly higher and the DOU would not have the ability to adapt to system to the City of Sacramento's unique requirements, some of which are mandated by City Charter and would not be available in a generic, hosted instance.

# What happens if we don't do this in Program? Who will enforce?

The City will not have the ability to provide utility billing services to City customers, will not be able to address customer issues, will not be able to add water services, handle change of addresses, will not be able to collect revenue, etc.

# Can revenues be increased - established to provide General Fund offset for this program?

This is an Enterprise funded program that does not impact the general fund.

### If General Fund Support is cut what is the impact on Revenues?

N/A

Fund	Authorized FTE	Summary Labor	Other Employee Services	Total Employee Services	Services and Supplies	POD Property	MYOPS	Inter- depætmental Transfers	Debt Service	Expenditure Subtotal	Revenue	Net Budget

Document Management and Business Process Automation

#### **Program Description**

Citywide Content Management (CCM) is the official city repository for numerous sets of critical records. Hard copy documents no longer exist but are maintained in CCM for essential document types such as HR documents, public records, etc. CCM tools allow capturing, managing, storing, preserving, and delivery of all content related to the city. Business Process Management (BPM) software allows the City to streamline and provide an efficient way to model the business process to link human actions and applications in the end-to-end business automation. Combination of CCM and BPM provide opportunities throughout the organization automate business and create staff efficiencies, reduce manual processes, and paper consumption.

#### Legal Requirement

### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes		5.53	2 Year

#### What is the Minimal Legal Requirement?

This system facilitates the City's requirements related to records retention/disposition policies mandated by the state and federal legislations.

# Impact from Contracting Out? Change in LOS?

Higher outsourcing support costs will be expected due to unique system configurations, periodic updates, and regular system tuning/maintenance (including after-hours support). Existing support staff also provide other technology support for the other initiatives including Automated Policies and Procedures (APP) as well as the Automated Accounts Payable initiative. Support costs for additional services provisions will significantly increase outsourcing costs in additional to the basic support services for the CCM system.

# What happens if we don't do this in Program? Who will enforce?

The information and documents held within the systems will not be available. This will negatively impact most business operations throughout the City.

# Can revenues be increased - established to provide General Fund offset for this program?

Current system maintenance and staff support costs are currently allocated out to other departments/ funds through the Cost Allocation Plan. The CCM system could be leveraged to support other business functions but will require additional staffing resources that could be offset by additional revenue sources or charged back through the Cost Allocation Plan.

#### If General Fund Support is cut what is the impact on Revenues?

This citywide program supports many City business systems and document storage requirements. Without proper funding for this program (including the loss of general fund support), the CCM system will not function and will negatively impact document storage and retrieval services and could put the City at risk for fines and other legal actions.

Customer Relationship & Asset Lifecycle Management

07000:Information Technology

#### **Program Description**

The City's 311 Call Center Operation uses Salesforce Customer Relationship Management (CRM) and Google DialogFlow virtual agent application for tracking requests and inquiries from residents, visitors, and employees. CRM is integrated with downstream back-end enterprise systems like CC&B, CityWorks, CitizenServe, Chameleon, and Infor EAM//7i. Public Works (PW) and Youth, Parks, & Community Enrichment (YPCE) track city assets and related work orders for facilities maintenance, street maintenance, traffic signals, Urban Forestry, park maintenance, and parking which makes the Infor solutions an integral part of day-to-day business operations of the city. Assetworks M5 is used by Public Works (PW) Fleet Management Division for tracking asset management, maintenance schedules, fueling history and many other functionalities. M5 has direct integration with NAPA for tracking parts for purchasing.

How long would contracting out take? 2 Year

Yes

Yes

# What is the Minimal Legal Requirement?

These business systems facilitate the City's requirements related to the most mission critical business operations.

# Impact from Contracting Out? Change in LOS?

Reduced level of service and increase cost.

# What happens if we don't do this in Program? Who will enforce?

This will impact several mission critical City services like 311 and related work order systems.

# Can revenues be increased - established to provide General Fund offset for this program?

# If General Fund Support is cut what is the impact on Revenues?

Increased manual work processes, long customer response times, etc.

# **Program Services**

eCAPS/Hyperion Applications Support

#### **Program Description**

eCAPS and Hyperion are the City's core business applications that manage information and provide administrative processing of essential services that support key business operations including: Finance, Payroll, HR/Benefits, Budget, Treasury Support, Custom Software Development, System Interface and Integration, SCERS Retirement, Procurement, Contract Management, Strategic Sourcing, and Susiness Process Analysis. In addition, team is also responsible for supporting the HR workers compensation case management system and its various integrations.

### Legal Requirement

# **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	0	14.2	1.5 Year

#### What is the Minimal Legal Requirement?

The eCAPS system supports all administrative mission critical business functions that may have certain legal requirements.

#### Impact from Contracting Out? Change in LOS?

Higher support costs are projected if this program is contracted out. The software system currently used by the eCAPS system is PeopleSoft. PeopleSoft technology skills are at a premium on the open market and could cost significantly more to contract out. Existing staff also support other technology initiatives that are aligned with the City's Digital Strategy including Work Order and Asset Management Consolidation, Automated Accounts Payables, and other eCAPS system integration projects. The support cost for the additional services provided would significantly increase the outsourcing costs.

#### What happens if we don't do this in Program? Who will enforce?

This would negatively impact all business operations throughout the City. In addition, this would require other manual processes to perform critical business functions including payroll processing, financial transactions, SCERS retirement operations, HR/benefits, treasury support, business process analysis, procurement, etc.

# Can revenues be increased - established to provide General Fund offset for this program?

Other revenues or increased allocation costs to departments could be considered. Current system maintenance and staff support costs are currently allocated out to other departments/funds through the Cost Allocation Plan. The eCAPS system could be leveraged to support other business functions but would require additional staffing resources that could be offset by additional revenue sources or charged back through the Cost Allocation Plan.

# If General Fund Support is cut what is the impact on Revenues?

The reduction of IT services will cause service level reductions to City business services that may generate revenue.

#### **Program Services**

Geographic Information Systems (GIS)

#### **Program Description**

The Geographic Information System (GIS) is a system designed to capture, store, manipulate, analyze, manage, and present spatial or geographic data. The City manages and maintains over 500 GIS datasets & 25 web services to support critical business functions. A portion of this information is available through the open data portal for citizens. The GIS program is deeply integrated with key mission critical operations including 311, Public Safety dispatch, DOU, PW, Economic Development, and CDD.

Management and support of Enterprise GIS infrastructure, servers, and databases, GIS software, applications and location-based data is essential for all city departments. Without accurate locations, City staff are unable to respond to 911 and 311 calls; track, manage, and maintain critical assets such as traffic lights and signs, as well as water, sewer, and drainage equipment. GIS data is also essential for public safety incident tracking, solid waste routing, code enforcement, tree management, permitting, and rental inspection programs. GIS data is an essential component in the calculation of location-based fees and taxes.

#### Legal Requirement

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Se Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes		18.25	2 Year

#### What is the Minimal Legal Requirement?

This system facilitates the City's requirements related to mission critical business systems.

# Impact from Contracting Out? Change in LOS?

Higher out- sourced support costs would be expected to support current GIS operations that are a critical element to many City business systems.

# What happens if we don't do this in Program? Who will enforce?

The systems identified will no longer be supported which will impact several mission critical City services like 911 and 311.

# Can revenues be increased - established to provide General Fund offset for this program?

Possibly. Current system maintenance and staff support costs are currently allocated to other departments/funds through the Cost Allocation Plan. The operating staff support structure is at a minimum. Optimum support will require additional staffing resources that could be offset by additional revenue sources.

# If General Fund Support is cut what is the impact on Revenues?

GIS data is an essential component in the calculation of the location-based fees and taxes, such as L&L, transfer tax, special districts, etc.

Fund	Authorized FTE	Summary Labor	Other Employee Services	Total Employee Services	Services and Supplies	POD Property	MYOPS	Inter- departmental Transfers	Debt Service	Expenditure Subtotal	Revenue	Net Budget

Program Services
IT Security Services

# **Program Description**

Information security is an essential component of defending business information systems from unauthorized access, use, disclosure, disruption, modification, or destruction. IT security functions including: firewall management, VPN services, web & email filtering, anti-virus/malware services, PCI compliance, system security patches/updates, training and education, security policy and procedure management, and technical support for projects and new technology initiatives. Without these services, the City would be vulnerable to a security breach and susceptible to dangerous viruses or other malware that could quickly result in total shut down of most computer systems throughout the City.

#### Legal Requirement

### **Budget Comments**

#### **CMO Comments**

What is the potential dollar How Many FTE Could be How long would Can This be Could the Level Of contracting out savings from contracting out reduced by contracting out -Contracted Out? Service Be Changed? LOS change? LOS Change? take? 5.25 1 Year Yes Yes 0

#### What is the Minimal Legal Requirement?

Security functions are essential to ensuring City systems are secure. These services support other mission critical business functions that may have certain legal requirements.

#### Impact from Contracting Out? Change in LOS?

Higher cost for similar or lesser service. Limited ability to support new and existing initiatives.

### What happens if we don't do this in Program? Who will enforce?

Without these services, the City will be extremely vulnerable to a security breach and susceptible to dangerous viruses or other malware that could quickly result in total shut down of most computer systems throughout the City. A loss in security services would also put our PCI status at risk and we could potentially lose the ability to take credit card payments.

# Can revenues be increased - established to provide General Fund offset for this program?

Potential consolidation/ coordination with other agencies could reduce or share program costs.

### If General Fund Support is cut what is the impact on Revenues?

The reduction of IT services will cause service level reductions to City business services that may generate revenue.

Program Services
IT Regional Support

#### **Program Description**

IT Regional Support is the City's primary point of engagement between customers and the IT Department for monitoring and owning incidents, addressing user requests and questions, and handling user communications for events such as outages and planned changes to services. This program provides 24/7 Service Desk operations, end-user computing, and end-user technical training. End-user computing activities consist of provisioning, maintaining, and supporting end-user devices through their entire lifecycle, which includes desktops, laptops, mobile devices, phones, and other devices. The division manages nearly 12,000 end-user devices across all City departments. This program is also responsible for Software Asset Management (SAM) that entails the tracking and reporting of software license assignments and usage with the goal to ensure compliance and reduce the City's annual license cost.

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	0	23.7	2.5 Year

#### What is the Minimal Legal Requirement?

This section supports city customers and business functions that may have certain legal requirements.

#### Impact from Contracting Out? Change in LOS?

The level of service will be decreased.

# What happens if we don't do this in Program? Who will enforce?

Unable to provide technical services to City staff. This will result in loss of productivity and will increase the overall cost to the City.

# Can revenues be increased - established to provide General Fund offset for this program?

The City has started sharing resources among departments for IT services under the consolidation effort resulting in citywide efficiencies.

#### If General Fund Support is cut what is the impact on Revenues?

The reduction of IT services will cause service level reductions to City business services that may generate revenue.

#### **Program Services**

Network & Telecommunications Services

#### Program Description

The Network & Telecommunications team supports all network equipment necessary for communication between devices (computer to server) and people (email, phones, etc.). These highly complex systems require skilled technical engineers to maintain them. Services provided include provision and support of the infrastructure necessary to deploy, operate, and maintain the City's voice and data communications and information systems, as well as design, ordering, installation, configuration, deployment, and maintenance, repair, and upgrades. Telecommunications support includes the Public Safety Radio 800 MHz system, fiber and microwave connectivity for remote city facilities, Internet of Things (IoT) devices and traffic intersection control, security camera system operations, as well as all connectivity inside city facilities. This team also supports the media production services in the City Council Chambers and the presentation equipment in conference rooms.

### CMO Comments

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes		16.25	1.5 Years

#### What is the Minimal Legal Requirement?

The functions within this program facilitates the City's requirements related to most mission critical business systems, including: enterprise messaging, eCAPS, CCM, CRM, GIS, etc.

# Impact from Contracting Out? Change in LOS?

Higher outsourcing support costs will be expected due to the unique system configurations, periodic updates, and regular system tuning/maintenance (including after-hours support) on multiple citywide and departmental business systems. Existing staff also support other technology initiatives aligned with the City's Digital Strategy, including: Wi-Fi expansion, data center migration efforts, radio system upgrades, fiber expansion, etc. The support cost for the additional services provided will significantly increase the outsourcing costs.

# What happens if we don't do this in Program? Who will enforce?

The systems identified will no longer be supported which would impact most essential City technology services.

# Can revenues be increased - established to provide General Fund offset for this program?

Other revenues or increased allocation costs to departments could be considered. Current system maintenance and staff support costs are currently allocated out to other departments/funds through the Cost Allocation Plan.

# If General Fund Support is cut what is the impact on Revenues?

This citywide program supports most City business systems. Without proper funding for this program (including the loss of general fund support), the supported systems could not function which could have a negative impact to City business services that may generate revenue.

**Program Services** 

311

#### **Program Description**

311 is responsible for assisting the public with all non-public safety service requests, and questions regarding City services and policies. This program provides dispatching services for Solid Waste, Parking Enforcement, Animal Care, Utilities, and on-call support for most City Departments. This program receives over 400,000 requests for city information or services through a variety of channels including telephone calls, email, online and smartphone apps 24/7 from the general public and internal city customers.

#### Legal Requirement

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	0	41.5	1 Year

# What is the Minimal Legal Requirement?

This program directly supports the work of various mandated programs and mission critical business functions that may have certain legal requirements.

### Impact from Contracting Out? Change in LOS?

The support for the internal city departments will be greatly impacted. 311 currently changes on a moment#s notice with each departmental change. An outside contracted company would not be able to change as quickly. 311 is a unique call center due to its ability to operate 24/7 as well as dispatching service calls to field crews.

### What happens if we don't do this in Program? Who will enforce?

No resident or city field crew will be able to report a request for service or an issue in their neighborhood.

# Can revenues be increased - established to provide General Fund offset for this program?

No. This program is fully offset and is currently supported through direct charge back to user departments.

#### If General Fund Support is cut what is the impact on Revenues?

There will be a decrease in revenue across the City since 311 is the primary call center for DOU enterprise funds and Public Works enterprise funds. 311 compiles and provides data citywide for each division, including which types of calls are made and whether they increased and/or decreased. This data allows divisions to be more efficient and gives them the ability to adjust their business processes as needed which allows for the possibility of increased revenues.

Program Services
Permitting System

### Program Description

The City uses the Accela Land Management Solution for Planning, Permitting, Inspection, and other development related activities. The internal customers include Community Development Department (Building and Planning Divisions), Public Works (Development Engineering), Finance Revenue and the Cannabis Program. The City subscribes to the hosted Cloud service from Accela Inc., with various integrations such as Chase Paymentech and GIS systems. The Accela Citizen Access Online portal provides citizens 24-hour online access to view, track, submit, schedule, and coordinate activities. Accela mobile solutions accelerate staff productivity in and out of the office. In addition, team is also responsible for configuring and supporting the code enforcement case management system.

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	0	7.2	2 year

#### What is the Minimal Legal Requirement?

These business systems facilitate the City's requirements relating to mission critical business operations.

# Impact from Contracting Out? Change in LOS?

Same or similar services.

# What happens if we don't do this in Program? Who will enforce?

Without this program it will be difficult for the City to issue building permits, implement controls and audit functions built into the permitting software. The City would also be unable to meet the state and federal building regulations, appropriate fee collection, automate some of the review, approval, and building inspection processes that will result in more manual work and require more paper files. There will also be a significant delay with the overall permitting process that will hinder the housing development growth within the Sacramento region. Without this program, the city will be unable to track and enforce the code enforcement cases.

# Can revenues be increased - established to provide General Fund offset for this program?

Yes

# If General Fund Support is cut what is the impact on Revenues?

This service is self-supported by generating revenue. No impact on revenue if GF support is out.

# **Budget Comments**

CMO Comments

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	0	2.54	1 year

#### What is the Minimal Legal Requirement?

This system facilitates the City's requirements for information sharing with the public.

#### Impact from Contracting Out? Change in LOS?

Same or similar services.

# What happens if we don't do this in Program? Who will enforce?

Outdated or incorrect public information on the City#s websites will have a serious negative impact to City business operations. The public will not be properly informed about public meetings, City Council decisions, general information, and will not have access to open data content or other online transaction services like online payments. This will create public frustration, confusion, and lead to increases in manual work through phone calls, email inquiries, and PRAs for general information. Outdated website content will also damage City's creditability and transparency which could generate complaints to City elected officials and management staff.

# Can revenues be increased - established to provide General Fund offset for this program?

Nο

# If General Fund Support is cut what is the impact on Revenues?

Increased manual work processes, long customer response times, etc.

#### **Program Services**

Utilities Plant and Station Work Management and Advanced Metering Infrastructure Management

#### **Program Description**

Maintenance Connection plans, schedules, and tracks all preventive, corrective and operational work done for treatment plants, pump stations and sumps at Department of Utilities (DOU). All work performed, including: labor hours, motive equipment, rental equipment, parts, and materials, are recorded in Maintenance Connection with an associated interface to eCAPS to assist DOU crews with calculating their time and attendance. In addition, this group manages the Advanced Metering infrastructure (AMI) and advanced metering analytics (AMA) to ensure accurate and prompt water meter readings for the utility customers.

# **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	No	0	2.25	1 year

#### What is the Minimal Legal Requirement?

The program supports the City's utilities services to citizens that may have certain legal requirements.

# Impact from Contracting Out? Change in LOS?

Loss of service. Loss of flexibility to change procedures and intact enhancements.

#### What happens if we don't do this in Program? Who will enforce?

Without Maintenance Connection support approximately 100 DOU personnel will be unable to schedule work, perform preventive maintenance on equipment, track corrective work or maintain any maintenance history which is vital to predictive maintenance.

# Can revenues be increased - established to provide General Fund offset for this program?

This is an enterprise funded program that does not impact the general fund.

# If General Fund Support is cut what is the impact on Revenues?

N/A

#### **Program Services**

Utilities Field Work Management Support and Utilities Information Hub

#### **Program Description**

Cityworks plans, schedules, and tracks all preventive, corrective and operational work done in the water, sewer, and drainage networks within the City by DOU crews. All work performed, including: labor hours, motive equipment, rental equipment, parts, and materials recorded in Cityworks as they relate to the above ground assets and buried linear assets within the City of Sacramento. Cityworks is used by 250 DOU personnel every day of the week over the span of three duty shifts. In addition, this team manages GraniteNet - utilities CCTV system for wastewater and storm drainage system inspections, DigSmart - a damage prevention software that integrated with Cityworks to manage Underground Service Alert (USA) requests to prevent accidental damage to underground lines or facilities, and DOU Information Hub and data warehouse - the one-stop-shop of essential data, information, applications, web maps, performance dashboards, and reports focusing on utilities operations and decision-making support.

#### Legal Requirement

# **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	No	0	2.25	1 year

#### What is the Minimal Legal Requirement?

The program supports the City's utilities services to citizens that may have certain legal requirements.

### Impact from Contracting Out? Change in LOS?

Loss of service. Loss of around the clock support. Additional time for work to get assigned and completed.

# What happens if we don't do this in Program? Who will enforce?

Without Cityworks support, approximately 100 DOU personnel would be unable to schedule work, perform preventive maintenance on equipment, track corrective work or maintain any maintenance history which is vital to predictive maintenance. Several Consent Decrees that the DOU has to comply with would be in jeopardy and there would be an increase in Sewer Overflows, Drainage Overflows and Water Outages.

### Can revenues be increased - established to provide General Fund offset for this program?

This is an enterprise funded program that does not impact the general fund.

# If General Fund Support is cut what is the impact on Revenues?

**Program Services** 

Public Safety IT Engineering Services

#### Program Description

Engineering is responsible for maintaining, securing, and supporting mission critical systems for the Police and Fire departments. This includes systems such as Police Records Managements System (police reports, evidence, criminal history), 911 dispatch/Computer Aided Dispatch (CAD), Electronic Patient Care Reports (EPCR), backup and disaster recovery, body wom camera/ICC systems, and evidence management systems. Physical and network security of systems are maintained in over 40 police and fire locations throughout the city. PSIT provides secure networking for transmission of HIPPA, CLETS, and CJIS data. Maintain and secure mobile networks, including: VPN, cellular, Wi-Fi, and private radio networks.

#### Legal Requirement

### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?	
Yes	Yes	0	6.5	2-3 years	

#### What is the Minimal Legal Requirement?

There are Federal, State, and Local mandates that require information be collected and submitted to various government agencies. Systems Engineering manages and secures systems to provide UCR stats, criminal history, victim information, email/communications, officer personnel files, IA investigations, and DOJ access.

#### Impact from Contracting Out? Change in LOS?

Contracting employees would need to be available 24/7 and respond physically to locations throughout the Sacramento area. Contracting employees would need to undergo a full background in order to work on systems within the police and fire departments. We maintain several systems that are no longer in production and require specific historical institutional knowledge that new staff would take years to learn. Potential for increasing response time for police and fire units, putting the public at risk to crime/injury/death.

### What happens if we don't do this in Program? Who will enforce?

If we stop maintaining systems, police and fire departments will lose access to DOJ, DMV, CLETS. Federal and State agencies will enforce non-compliance.

# Can revenues be increased - established to provide General Fund offset for this program?

The police department could start charging more for reports and services. We could start charging for \$\text{PWC/ICC}\$ requests to DA and outside agencies.

# If General Fund Support is cut what is the impact on Revenues?

None

### **Program Services**

Public Safety Application Services

#### **Program Description**

Implementing, maintaining, and supporting mission critical enterprise applications for Police and Fire. Core systems include Police Computer Aided Dispatch (CAD) and Records Management System (RMS), Fire RMS and Staff Scheduling. Other responsibilities include implementing, maintaining, and supporting third party applications utilized by Department staff for daily functions. Lastly, staff is responsible for developing, implementing, maintaining, and supporting custom software when product is not available via resellers or no product meets minimum workflow requirements.

#### Legal Requirement

### **Budget Comments**

#### CMO Comments

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	0	8	2-3 Years

### What is the Minimal Legal Requirement?

There are Federal, State, and Local mandates that require information be collected and submitted to various government agencies.

### Impact from Contracting Out? Change in LOS?

Contracting out will require training contractors to get up-to-speed on responsibilities, technologies, and workflow. It will also require all contractors be vetted through an extensive background process before a contractor will be granted access to a Police or Fire system. The level of service will decline due to inexperience of contractors and lack of institutional knowledge.

### What happens if we don't do this in Program? Who will enforce?

The City of Sacramento will be held in violation of mandates and subsequently penalized at the State and Federal level. The most critical penalty will come from the California Department of Justice because of CLETS violations. Sacramento Police could lose CLETS access which is an integral part for criminal investigations.

### Can revenues be increased - established to provide General Fund offset for this program?

No

### If General Fund Support is cut what is the impact on Revenues?

N/A

### **Program Services**

Public Safety Help Desk and Desktop Support

#### **Program Description**

Provides 24/7 technical support for mission critical systems and applications used by the Police and Fire Departments. Support is spread across more than 40 different sites throughout the city of Sacramento and over 350 emergency vehicles for Police and Fire. In addition, technical support ensuring various services throughout the departments run uninterrupted including: dispatch for 911 and other calls, Police and Fire investigations, property and evidence tracking, crime scene investigations (CSI), emergency medical services (EMS), traffic and air operations, patrol divisions, SWAT team, and fire prevention.

#### Legal Requirement

### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out • LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	12.3	0	2-3 Years

#### What is the Minimal Legal Requirement?

There are Federal, State, and Local mandates that require information be collected and submitted to various government agencies. The systems that Help Desk support, collect and process this information for submittal in a timely fashion.

### Impact from Contracting Out? Change in LOS?

Contracting out provides an immediate loss in productivity and emergency services which will be affected negatively. The program is already short staffed, so contracting out will lower the level of service until those people can be trained and learn the necessary skills to provide support.

### What happens if we don't do this in Program? Who will enforce?

There will be a greater risk to public safety as Police and Fire response times will increase due to computer equipment not being maintained. Computers will run slower and breakdown more often, preventing critical information to not be relayed to emergency support personnel. This also means Police and Fire personnel will see an increase risk in their safety as mission critical information may not always be available. Expected public services such as missing persons, fire and police investigations, police patrol, and fire prevention will also have longer response times.

### Can revenues be increased - established to provide General Fund offset for this program?

No

### If General Fund Support is cut what is the impact on Revenues?

Revenues will decrease due to reduced IT support. Computer equipment used to generate revenue will not be kept fully functional, will slow down, and more performance failures will occur.

**Program Services** 

Digital Equity Response Program

#### **Program Description**

Digital access in the wake of the COVID-19 pandemic is a prerequisite for not only full and meaningful participation in our economy and society but has become a necessity for access to basic health care, food, and social services. This ongoing program addresses the immediate need of insufficient, or total lack, of digital access created in the wake of the COVID-19 pandemic by providing internet, computer equipment, and training to targeted individuals who lack equitable access and resources to technology and whose needs are unmet by existing resources and who historically face barriers to digital resources and knowledge. The Digital Equity Response Program will bring much needed digital resources and opportunities to many Sacramento residents who have lost their jobs due to layoffs and/or closures resulting from the COVID-19 pandemic.

#### Legal Requirement

#### **Budget Comments**

This program is funded by small cell lease revenues collected by the City.

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?

Program Services

HR Administration

#### **Program Description**

Necessary to ensure competitive bidding requirements, and to ensure compliance with contact terms with existing agreements. Administration and Oversight of Management Appointment Process for the City. Equal Opportunity (EEO) Program Oversight, Compliance, and Investigations, Litigation Avoidance. Citywide Volunteer Coordination, Volunteer management, records and reporting.

#### Legal Requirement

City Code Chapter 3.56 Purchasing of Supplies and Services. Civil Service Rules. Unruh V=Civil Rights Act. AB1825, AB1661, Title VII of the Civil Rights Act of 1964, The Age Discrimination in Employement Act of 1967, Title I of the Americans with Disabilities Act, California Fair Housing & Employment Act

#### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out- LOS Change?	How long would contracting out take?
No	No		5	살

### What is the Minimal Legal Requirement?

Contract for goods or services over 100K must go through the competitive bidding process.

### Impact from Contracting Out? Change in LOS?

Will cost more

### What happens if we don't do this in Program? Who will enforce?

Violation of City charter, and potentially state law regarding competitive bidding. Potential vendors may bring lawsuit to enforce. Departments would have to oversee management appointment process without HR involvement. The Equal Employment Opportunity Commission and the California Department of Fair Housing and Employment will Enforce

### Can revenues be increased - established to provide General Fund offset for this program?

N/A

### If General Fund Support is cut what is the impact on Revenues?

N/A

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	¥ .	2	Currently

### What is the Minimal Legal Requirement?

Recuperation of damages to City property and expenses as result of loss.

### Impact from Contracting Out? Change in LOS?

Contracted out 10/1/2011. Increased LOS and potential for recoverable damages.

### What happens if we don't do this in Program? Who will enforce?

Loss of revenue and recourse for damaged City assets.

# Can revenues be increased - established to provide General Fund offset for this program?

Yes, pursuant to recoverable costs and claim frequency/severity.

### If General Fund Support is cut what is the impact on Revenues?

\$300-\$550k annually.

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	Unknown at this time. Have not requested costs from potential contractors.	Estimated 1.0.	Unknown - would have to conduct and RFP and extensively interview bidders.

#### What is the Minimal Legal Requirement?

The City must adhere to the negotiated labor agreements and charter.

### Impact from Contracting Out? Change in LOS?

Potential negative impact to the City receiving a favorable outcome from grievance filing.

### What happens if we don't do this in Program? Who will enforce?

This is a labor and meet and confer issue that is required, along with requirements to comply with state and federal regulations

## Can revenues be increased - established to provide General Fund offset for this program?

No

## If General Fund Support is cut what is the impact on Revenues?

This program has no revenue and cannot charge to fight grievances filed by employees.

**CMO Comments** 

Can This be Contracted Out?

Yes

Could the Level Of Service Be Changed?

Yes

What is the potential dollar savings from contracting out - LOS change?

Depends on level of

program desired to be

provided. Estimate is 50%

savings.

How Many FTE Could be reduced by contracting out - LOS Change?

3.0

How long would contracting out take?

Unknown requires RFP, interviewing bidders, and determination

determination bidders can provide the service to the

City's expectation.

What is the Minimal Legal Requirement?

None

Impact from Contracting Out? Change in LOS?

LOS is likely to be reduced due to nature of the work.

What happens if we don't do this in Program? Who will enforce?

Nobody.

Can revenues be increased - established to provide General Fund offset for this program?

This program does not provide services for fees.

If General Fund Support is cut what is the impact on Revenues?

No revenue.

**Program Services** 

Office of the Chief

### **Program Description**

Criminal Intelligence Unit, Public Information Office, and administrative

### Legal Requirement

The Office of the Chief functions that are legally required include: carrying a concealed weapon (CCW) permits (penal code), Public Records Act (PRA) requests (government code), contract administration (city code, Title 3), abide by S\$1421 mandates, and council reports (city code, Title 3).

#### **CMO Comments**

How Many FTE Could be What is the potential dollar How long would Can This be Could the Level Of reduced by contracting out -LOS Change? savings from contracting out contracting out Contracted Out? Service Be Changed? LOS change? take? N/A No No

### What is the Minimal Legal Requirement?

N/A- None of the legally required services can be incrementally reduced.

### Impact from Contracting Out? Change in LOS?

### What happens if we don't do this in Program? Who will enforce?

Failure to provide these services at the department level could result in loss of funding from contracts and inadequate support for front-line personnel. In addition, reductions in Civilian staffing will result in Sworn personnel having to absorb Civilian workloads at a higher cost.

### Can revenues be increased - established to provide General Fund offset for this program?

### If General Fund Support is cut what is the impact on Revenues?

N/A.

## What is the Minimal Legal Requirement?

N/A- None of the legally required services can be incrementally reduced.

### Impact from Contracting Out? Change in LOS?

N/A.

### What happens if we don't do this in Program? Who will enforce?

A decrease in services will contribute to a decreased ability to investigate crime and may contribute to an increased level of crime.

### Can revenues be increased - established to provide General Fund offset for this program?

No.

# If General Fund Support is cut what is the impact on Revenues?

N/A.

Fiscal / Alarms Billing

### Program Description

### Legal Requirement

The Fiscal / Alarms Billing functions that are legally required include: grant administration (federal and state grant regulations), procurement / contract administration (city code, Title 3), and alarms ordinance (city code, Title 2).

#### **Budget Comments**

**CMO Comments** 

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take? N/A

No

No

### What is the Minimal Legal Requirement?

N/A- None of the legally required services can be incrementally reduced.

### Impact from Contracting Out? Change in LOS?

N/A.

### What happens if we don't do this in Program? Who will enforce?

A decrease in services at the department level could result in loss of funding from grants/contracts and inadequate support for front-line personnel. In addition, reductions in Civilian staffing will result in Swom personnel having to absorb Civilian workloads at a higher cost.

### Can revenues be increased - established to provide General Fund offset for this program?

A review of the alarm ordinance can be done to see if there is room for fee increases.

## If General Fund Support is cut what is the impact on Revenues?

Potential decrease in alarms revenue.

Program Services

Community Outreach

### **Program Description**

Community Outreach (Cops & Clergy, Youth Services, Recruiting, Peer Support), Community Support (Impact & Mental Wellness), Crime Prevention Through Environmental Design (CPTED), Contracts for Kaiser and Sutter Hospitals, Contract for Natomas Unified School District

#### Legal Requirement

The legal requirement for this program is to fulfill contract terms with Kaiser and Sutter Hospitals and Natomas and Sacramento Unified School District to provide police services.

### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	*	*	N/A

### What is the Minimal Legal Requirement?

N/A - None of the legally required services can be incrementally reduced.

### Impact from Contracting Out? Change in LOS?

N/A

#### What happens if we don't do this in Program? Who will enforce?

Failure to provide these services at the department level will result in a decreased ability to proactively engage with the community and may increase calls for service at the schools and hospitals that are currently covered by contracts. In addition, reductions in Civilian staffing will result in Sworn personnel having to absorb Civilian workloads at a higher cost.

### Can revenues be increased - established to provide General Fund offset for this program?

Revenues for contracts are reviewed and adjusted as necessary upon renewal.

### If General Fund Support is cut what is the impact on Revenues?

Contract positions and revenue go away if contracts are ended.

### Youth Program

### Goal of Program

Advance community and law enforcement relationship through community hosted and attended events with youth. Events include back to school drives, shop with a cop, pop up health and safety fairs, bike safety classes/demonstrations, leadership camps, afterschool programs, field visits to troubled identified youth and gang diversion programs.

• Service Category: Education Enrichment/Family support/gang prevention/Leadership Development/Recreation/ Safety/Sports & Physical Fitness

#### **Program Services**

Hazardous Material Response program includes response to Hazardous Materials incidents contracts with Sacramento County to provide Hazardous Materials response. Fire Boat Rescue- Provides rescue response to waterways fight fires on the waterways and rescue during flood response. National Urban Search and Rescue Program- The City is one of 28 sponsoring agencies across the United States, the system provides over 6000 first responders for all types of disasters that overwhelm the local entity.

## **Program Description**

Hazardous Material and Fire Boat Response

Hazardous Material Response program includes response to Hazardous Materials incidents contracts with Sacramento County to provide Hazardous Materials response. Fire Boat Rescue- Provides rescue response to waterways fight fires on the waterways and flood response. Technical rescue Response program includes response to high angle rescue, confined space rescue, rescue swimmers and commercial/heavy machinery entrapment rescue incidents, the rescue program provides response to City departments and cooperates with the other county rescues as a force multiplier in complex incidents. Special Operations division supports the National Urban Search and Rescue Program, more information is provided in POD # 206

California Code of Regulations Section 5192City Code 8.60.010 Paragraph B - Additonal HazMat/WMD Required for USAI Grant Compliance - Provision of emergency response and base mitigation to Hazardous Materials events

### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	32000	2	1÷ year

### What is the Minimal Legal Requirement?

Fire Suppression workforce must be trained to the "Fire Response Operational" Level

## Impact from Contracting Out? Change in LOS?

Hazardous Material Response- Additional costs to the City for contracting out and increased response time to residents.

Fire Boat Response- If contracted services out there would be a reduction and/or no response on rivers from the fire department. There would be no flood response and no ability to fight fires from the river and reduce the Fire Departments# ability to mitigate fire along the rivers and levees.

## What happens if we don't do this in Program? Who will enforce?

Hazardous Material Response- CHP, Sacramento Sheriff and Sacramento County Environmental. Fire Boat Response-Coast Guard for rescue and Sheriff for rescue/recovery.

## Can revenues be increased - established to provide General Fund offset for this program?

Yes to individual "in City" responses

## If General Fund Support is cut what is the impact on Revenues?

Loss of revenues currently generated

## **Program Services**

**Emergency Medical Response** 

#### Program Description

Program provides 24/7 Emergency Medical response to the residents of Sacramento. Audits electronic Patient Care Reports (PCR's) and transmits billing information to a third party biller, track and maintains current records of all personnel's certificates and licensees to ensure they are valid and insures our department is in compliance with mandated State of California and Sacramento County Emergency Medical Services Agency (SCEMSA) regulations. Provides all necessary continuing education training to meet County and State mandates.

#### Legal Requirement

City Code 2.24.100 & Reso #93-414 & 93-513 Provision of Basic and Advanced Life Support Services to the community

## **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed? Yes

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out -LOS Change? 108

How long would contracting out take? 5-7 years

Yes

19078795

## What is the Minimal Legal Requirement?

None

### Impact from Contracting Out? Change in LOS?

Reduction of patient care, increased response time, lack of coordination, and a negative financial impact.

## What happens if we don't do this in Program? Who will enforce?

This is not an enforcement issue this is a quality of life issue relating to our residents.

## Can revenues be increased - established to provide General Fund offset for this program?

Fees are reviewed annually.

## If General Fund Support is cut what is the impact on Revenues?

If Emergency Medical Services is reduced it would impact the General Fund by millions of dollars.

Fiscal Year: FY2022/23

Program Status: Active Youth Program: No Youth Program

Department: 12000:Fire Group: Missing Group POD Category: Mandated POD Function: Operations

Program Services

Fire Investigations

### **Program Description**

Fire/Arson investigation program is staffed by peace officers responsible for determining fire origin & cause, conducting criminal investigations, identifying and arresting person(s) responsible for arson or other fire related crimes, collaborating with local law enforcement agencies in joint criminal investigations, and cooperating with the County District Attorney's Office with criminal prosecution proceedings related to arson or other fire related crimes.

### Legal Requirement

California Code of Regulations Title 24 Part 9 Sections 104.10 & 104.10.1, CA Health & Safety Code 13100 et.al. Required to Determine Cause & Origin of all fires, California Penal Code Section 830.37, 832, 832.05, 450-457.1

#### **Budget Comments**

### **CMO Comments**

## What is the Minimal Legal Requirement?

Required to determine cause and origin of fires

## Impact from Contracting Out? Change in LOS?

Contracted services, if available and credible, would likely be limited to fire origin & cause investigations only with no capability to enforce laws related to arson or other fire related crimes.

#### What happens if we don't do this in Program? Who will enforce?

There will be a reduction in the department's ability to identify community fire risks, problems and trends as this data is ascertained through competent and thorough fire investigations. The enforcement of laws related to arson of other fire related crimes would cease. However, legally the State Fire Marshall would be responsible for investigating and enforcement.

## Can revenues be increased - established to provide General Fund offset for this program?

No

## If General Fund Support is cut what is the impact on Revenues?

None

### **Program Services**

The Urban search and rescue Team (CA-TF7) is part of the national response framework and is part of a 28-team network that provides over 6000 personnel. The system has the ability to respond to all technical rescue situations from simple to the most complex Including: heavy building collapse, confined space, swift water, High angle rescue and large area search. The system also coordinates search assets across the nation and all the Emergency System Functions (ESF's) of which there are 15 that are all coordinated by FEMA and the National Response Coordination Center (NRCC) Having the team also brings a high level of training to the firefighters in the City of Sacramento and its participating agencies. The City of Sacramento is the sponsoring agency for California Task Force 7 (CA-TF7) with participation agencies from: City of West Sacramento, City of Folsom, El Dorado Fire District, Cosumnes Services District, City of Roseville, Sacramento Metropolitan Fire District, County of Sacramento Airport, Kaiser Permanente, Cal Fire Amador- El Dorado Unit and additional individual task force members in the region, which makes it a true regional asset.

### **Program Description**

National Urban Search and Rescue Program. The City is one of 28 sponsoring agencies across the United States. City of Sacramento is the sponsoring agency for California Task Force 7 (CA-TF7) with participation agencies from: City of West Sacramento, City of Folsom, El Dorado Fire District, Cosumnes Services District, City of Roseville, Sacramento Metropolitan Fire District, County of Sacramento Airport, City of Woodland, Kaiser Permanente, Cal Fire Amador- El Dorado Unit and additional individual task force members.

## Legal Requirement

Urban Search and Rescue ( US&R), Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities

### **Budget Comments**

Contracting out LOS Change \$1.2 to 9.5 Million

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	Щ	5	N/A

## What is the Minimal Legal Requirement?

No Minimum Legal requirement

## Impact from Contracting Out? Change in LOS?

FTE Loss

## What happens if we don't do this in Program? Who will enforce?

The Program and its assets will be reassigned to another Metropolitan city on the West Coast.

## Can revenues be increased - established to provide General Fund offset for this program?

established to provide General Fund offset for this program? Non-revenue generating program, grant funded.

## If General Fund Support is cut what is the impact on Revenues?

None

## **POD P332 Detail Sheet by POD**

Fiscal Year: FY20

FY2022/23

Program Status: Active

Youth Program: No Youth Program

Department: 12000; Fire

Group: Missing Group

POD Category: Mandated

POD Function: Operations

#### **Program Services**

Perform state-mandated annual fire inspections of schools, apartments, motels, and high-rise buildings. As required by the CA Health and Safety Code. In addition, mandated inspections of residential care facilities and day cares. Also responsible for follow up of long term or severe violations. Issues administrative penalties and builds cases for hearings. Inspects businesses requiring an operations permit by the CA Fire Code. The division conducts plan review services and inspections of new buildings under construction for fire and life safety regulations.

#### **Program Description**

Perform School, Institution & Day Care inspections. Also responsible for follow up of long term or severe violations. Issues administrative penalties and builds cases for hearings. Inspects businesses requiring an operations permit by the CA Fire Code. Inspects apartments, hotels, and high rises as required by the CA Health and Safety Code.

### Legal Requirement

CA Health & Safety Code Sections 13145, 13146, 13235,13217 Provide for the timely and consistent regulations of CA Health and Safety Codes, including scheduled as well as spot inspections.

## **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	- F	2	n/a

### What is the Minimal Legal Requirement?

City is legally required to inspect schools, hospitals, institutions, apartments, daycare facilities, business and new construction.

## Impact from Contracting Out? Change in LOS?

Residents of Sacramento would see a reduction in services provided for life safety inspection leading to more fires and harm to the community. Certain Inspections and authority could not be contracted out due to state mandates.

## What happens if we don't do this in Program? Who will enforce?

If the Prevention division was eliminated the following services would no longer be supported: Engine Company Inspections, resolution for outstanding Code Violations, special events safety, follow up on entertainment permits, school inspections, apartment inspections, and new construction reviews.

## Can revenues be increased - established to provide General Fund offset for this program?

Yes. Fees were increased during FY 18 and a CPI was built in for the next 3-5 years.

## If General Fund Support is cut what is the impact on Revenues?

General Fund offsets will be reduced by a reciprocal amount.

## Program Services

Fire Suppression

## **Program Description**

Provides response to and mitigating of incidents involving fires, medical emergencies, and hazardous conditions within our service area. Fire Department also participates in an automatic and mutual aid agreements with our neighboring fire jurisdictions, as well as State and Federal agencies.

### Legal Requirement

City Charter Article VIII Sec 95 & City Code -Title 2, Chapter 2.24 Emergency Response to Fires, containment/ extinguishment of fire, rescue of affected individuals, and pre fire planning.

## **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take? 3-5 Years

No

Yes

## What is the Minimal Legal Requirement?

City Charter Article VIII Sec 95 & City Code -Title 2, Chapter 2.24 Emergency Response to Fires, containment/ extinguishment of fire, rescue of affected individuals, and pre fire planning.

## Impact from Contracting Out? Change in LOS?

Residents of Sacramento would see a reduction of level of service and would increased response time for an effective and safe response. Would create holes in response district and decreased reliability of service level.

### What happens if we don't do this in Program? Who will enforce?

Other surrounding fire agencies.

Can revenues be increased - established to provide General Fund offset for this program?

## If General Fund Support is cut what is the impact on Revenues?

Any revenues received would go away.

#### Program Services

The Emergency Medical Services Internship Program (EMS Intern Program) hires Emergency Medical Service Trainees (EMS Trainees) to provide education, training, and paid work experience over 12-48 months to prepare for employment as a Paramedic with the Sacramento Fire Department (SFD). The EMS Trainees will be enrolled in and attend required college courses as part of the EMS Intern Program while working part-time and gaining valuable work experience. All tuition and associated college expenses will be paid by the SFD through a zero-interest loan program that can be forgiven through continued employment with SFD. Program length and placement for EMS Trainees are dependent on the level of experience and college readiness upon entry into the EMS Internship Program. Based on readiness, experience, and current certifications, EMS Trainees can start in one of two internship tiers: Emergency Medical Technician (EMT) Internship or Paramedic Internship.

### Program Description

The EMS Intern Program aims to train, certify, and hire community members as Paramedics with the SFD through a paid EMS Internship Program. The program goal is to recruit, train and employ Paramedic professionals reflecting the community we serve. We will accomplish this by providing an EMS pathway to quality education, work experience, and resources through community-based partnerships for participants committed to a career with the SFD. The program will provide a pipeline for community members and participants in our Pipeline and Youth Programs that will serve as a pathway to hiring directly from our diverse City.

### Legal Requirement

"Fire has been directed to have a more diverse and inclusive workforce. A successful diversity initiative requires reviewing how the department hires future candidates. Identifying alternatives for growing our own local Paramedic talent pool takes time and money. Working closely within our community to provide an EMS Internship pathway for preparing and hiring directly from our community will give long-term outcomes of reflecting the community we serve to serve our community better. The EMS Intern Program provides a flow from community connections, to High School pathways, to adult pipeline programs to be able to directly interact with the diverse Sacramento community in engaging and beneficial ways that provide the necessary skills and guidance needed to become highly qualified Paramedics."

## **Budget Comments**

#### CMO Comments

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out • LOS change?

How Many FTE Could be reduced by contracting out -LOS Change?

How long would contracting out take?

No

No

## What is the Minimal Legal Requirement?

None. Program was developed to increase diversity and hiring within our city.

## Impact from Contracting Out? Change in LOS?

The program cannot be contracted out. Internship Programs reside with the agency providing the Internship.

## What happens if we don't do this in Program? Who will enforce?

The option exists not to fund the EMS Internship Program. In that case, we will continue our current hiring practices of competing with other agencies over the same small candidate pool that has failed to provide the level of diversity the department desires to hire.

## Can revenues be increased - established to provide General Fund offset for this program?

Not a revenue generator

## If General Fund Support is cut what is the impact on Revenues?

## Youth Program

## Goal of Program

Career development through financial support, professional guidance, and comprehensive work experienceto achieve a Paramedic License needed to work for the SFD

#### Program Services

Pipeline Hiring Programs: the Pipeline Hiring Programs section's primary role will be developing and managing innovative workforce diversity pathways that provide training and internship opportunities for our community. Youth Programs: the Youth Programs Units' primary role is to provide quality youth development programs that deliver education and orientation to the Sacramento Fire Department career. Current partnerships include Valley High School's Fire and Emergency Services Career Technical Education (CTE) Pathway, Inderkum High School's Public Safety CTE Pathway, Sacramento Firefighter Youth Academy, and Sacramento Area Girls Fire Camp. Outreach & Recruitment: the Outreach and Recruitment Unit's primary role is to develop and coordinate programs and activities for the Sacramento community that spark an interest or positively impact the Department and profession.

## **Program Description**

The Diversity, Outreach & Recruitment Division (DOR) supports a strategy that encourages hiring women and men of diverse backgrounds, including developing and implementing an ongoing, targeted recruitment effort within the Sacramento community. The goal is to inform, educate, and prepare potential firefighter applicants for the skills, knowledge, abilities, and traits necessary to become a Firefighter for the Sacramento Fire Department and develop an applicant pool reflective of the communities we serve. Our team shall be culturally competent and mindful of the political, economic, and social influences that affect our outreach and recruitment activities, events, and programs in our neighborhoods. Increasing diversity leads to a more effective and responsive workforce that can serve our citizens better through greater understanding, respect, and trust from a culturally competent workforce developed by our members in partnership with the community. The DOR will set goals and continually evaluate diversity, equity, and inclusion efforts to ensure structural barriers to entry and advancement are removed, creating equitable access and pathways to promising future fire service careers. The Division supports the City of Sacramento's Race & Gender Equity Action Plan to ensure The City of Sacramento workforce reflects the racial and gender makeup of the community, creating an inclusive, effective, and competitive future. For additional details on services see P856 - Sacramento Firefighter Youth Academy; P857 - Sacramento Area Girls Camp; P858 - Sacramento Fire Reserve Program; P859 - Valley High School - Fire and Emergency Services Career Pathway; and P860 - Inderkum High School - Public Safety Pathway.

## Legal Requirement

Fire has been directed to have a more diverse and inclusive workforce. The DOR Division provides a flow from community connections, to High School pathways, to adult pipeline programs to be able to directly interact with the diverse Sacramento community in engaging and beneficial ways that provide the necessary skills and guidance needed to become highly qualified Fire Recruit Candidates.

#### **Program Services**

Department:

"Reserves provide logistical support to the SFD workforce during emergency events. Reserves also participate in community service and outreach events in the City. Program started as Sacramento Fire Auxiliary for Civil Defense in 1953 and has grown to become a training and hiring pipeline for SFD. All Reserves are provide Uniforms and receive weekly training based on their experience. They receive career guidance and training to become highly qualified Fire Recruit Candidates for the SFD. The program provides three levels of entry and Reserves can remain in the program as long as desired, moving into leadership roles as they progress.

Level I-Reserve Candidate: Must be a High School graduate or have a GED. No experience required. Staff provides training and guidance to prepare and qualify for the next level.

Level II - Reserve Trainee: High School graduate or GED, Drivers License, EMT certification. Trainees are qualified to participate in the Firefighter I Training Academy at ARC. The Department sponsors 10 Reserve Trainees annually.

Level III - Reserve: High School graduate or Ged, Drivers License, EMT certification or higher, Firefighter I Certified. Reserves take on higher levels of responsibility including Shift Lead and Lieutenant Commander positions and serve as peer mentors to Reserve Candidates and Reserve Trainees."

### **Program Description**

A guided pathway program to becoming a career firefighter. Reserves are trained to provide logistical support to the SFD workforce during emergency events. Reserves also participate in community service and outreach events in the City. Program started as Sacramento Fire Auxiliary for Civil Defense in 1953 and has grown to become a training and hiring pipeline for SFD.

Labor Funding (Expense) for P858 Sacramento Fire Reserve Program is found under P765 Diversity, Outreach and Recruitment (parent POD)

#### Legal Requirement

Fire has been directed to have a more diverse and inclusive workforce. This program is the next step from our High School programs. HS Graduates and young adults from our diverse community receive direction and opportunities to train and receive the necessary skills needed to become highly qualified Fire Recruit Candidates.

#### **Budget Comments**

This is an ongoing program. Funding is provided for uniforms, training, and fire rehabilitation food/water.

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	0

## What is the Minimal Legal Requirement?

None. Program expanded to increase diversity and hiring within our city.

## Impact from Contracting Out? Change in LOS?

This is a Volunteer Fire program directly affiliated with the SFD and City of Sacramento. They are all in better impact as volunteers and respond to calls under the SFD policies and procedures and Manual of Operations guidelines.

## What happens if we don't do this in Program? Who will enforce?

Young adults from our diverse community will not receive opportunities to gain the skills necessary to become qualified Fire Recruit Candidates

## Can revenues be increased - established to provide General Fund offset for this program?

No

## If General Fund Support is cut what is the impact on Revenues?

## Youth Program

## Goal of Program

Guided Career Pathway for young adults.

- Training received includes:
- \*Firefighter I training (15 college units through ARC, CA State FF-I Certification)
- \*Rehab Unit Certified
- \*Air Support Certified
- \*Advanced First Aide and CPR Certified
- \*EMT Sponsorship & priority seating with ARC
- \*Paramedic Sponsorship and priority seating with ARC

Fiscal Year: FY2022/23

Program Status: Active Youth Program: Full Youth Program

Department: 12000:Fire Group: Missing Group POD Category: Existing POD Function: Support

#### **Program Services**

SFD Personnel provides support to the Instructor as Subject Matter Experts. They provide mentorship and guidance to the students as they progress through the program. Youth will receive opportunities to interact with on-duty fire crews and will understand the next steps needed if pursuing a Fire Career. Interested graduates will be encouraged to join the SFD Reserve Program.

### **Program Description**

Career Technical Education program for grades 9-12.

Students have one period each day that focuses on Fire and Emergency Services Career exploration. Curriculum is developed. Some classes may be qualified for College Units (Curriculum approval in Development) Started in 2017/18 school year with Freshmen students.

Funding (Revenue and Expense) for P859 Valley High School, Career Pathway is found under P765 Diversity, Outreach and Recruitment (parent POD)

#### Legal Requirement

Fire has been directed to have a more diverse and inclusive workforce. This program is a high school program that begins the recruitment process for girls within our diverse community.

## **Budget Comments**

-

### **CMO Comments**

Can This be Contracted Out? Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

No

No

### What is the Minimal Legal Requirement?

None. Program was developed to increase diversity and hiring within our city.

#### Impact from Contracting Out? Change in LOS?

The SFD will not have opportunities to interact directly with Youth from our community who may want to be firefighters.

## What happens if we don't do this in Program? Who will enforce?

Youth will not receive the guidance from SFD personnel. Other Fire Agencies could be asked to take our place.

## Can revenues be increased - established to provide General Fund offset for this program?

## If General Fund Support is cut what is the impact on Revenues?

## Youth Program

## Goal of Program

Career pathway pipeline for students interested in careers in fire service.

Close partnership with School District to provide technical support, mentorship, etc.

## POD P128 Detail Sheet by POD

Fiscal Year: FY2022/23

Program Status: Active Youth Program: No Youth Program

Department: 14000:Utilities Group: Missing Group POD Category: Mandated POD Function: Operations

### **Program Services**

Development Services -1341

#### Program Description

Review planning and building projects, providing entitlement conditions and building permit corrections prior to approval, related to water, wastewater, drainage, water quality and floodplain management. Provide development related information and support to City departments, developers, engineers and the public.

### Legal Requirement

Authority and legal requirements of the Service are derived from the Safe Drinking Water Act, FEMA regulations, Federal Clean Water Act (NPDES requirements), portions of the State Subdivision Map Act, City Code, State Building and Fire Code and certain City Ordinances and Council Resolutions related to land use and development standards.

## **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

### What is the Minimal Legal Requirement?

All requirements are regulatory in nature and should be enforced or face legal sanctions, penalties and/or result in failure of City Policy.

### Impact from Contracting Out? Change in LOS?

Regulatory in nature so cannot be contracted out except Plan Review Service. Contracting out would not result in significant savings. Longer plan review time should be expected if Plan Review Service is contracted out. Reduced LOS would mean eliminated Plan Review engineering position, which would be replaced with a consulting engineering firm (a one for one exchange).

## What happens if we don't do this in Program? Who will enforce?

If service is canceled, it will result in lack of compliance to regulations by new growth and infill development. Also, it may subject City to legal sanctions and penalties. It may also pose the City to civil legal liability. No other enforcement mechanisms exist for this regulatory activity.

## Can revenues be increased - established to provide General Fund offset for this program?

This program is paid for through development fees collected for providing services such as plan review, entitlement review, subdivision map review, etc. The fees associated with these services are evaluated each fiscal year and updated through the Fees and Charges process. Services provided through this program that are not related to development are supported through rate payer revenues. Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Fund	Authorized FTE	Summary Labor	Other Employee Services	Total Employee Services	Services and Supplies	POD Property	MYOPS	Inter- departmental Transfers	Debt Service	Expenditure Subtotal	Revenue	Net Budget

Fiscal Year: FY2022/23

Program Status: Active Youth Program: No Youth Program

Department: 14000:Utilities Group: Missing Group POD Category: Mandated POD Function: Operations

Program Services

Customer Service -1621

## **Program Description**

Update billing account records for property ownership, process payments, and answer customer questions and/or concerns related to utility billing and services.

### Legal Requirement

City Code 13.12.010 states services must be billed to the legal owner.

### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

### What is the Minimal Legal Requirement?

City Code 13.12.010 states services must be billed to the legal owner. Must respond when demands from title companies are received.

## Impact from Contracting Out? Change in LOS?

Contracting out the Customer Service contact center work would potentially lead to negative impact on quality control and 99% accurate billing due to the lack of expertise of a new call center. In addition the customer's ability to change service levels, question and escalate billing issues and overall access to the Department would be negatively impacted. The timeliness and accuracy of bills would be reduced and customers would be required to wait longer to have their questions, concerns, and escalations answered.

#### What happens if we don't do this in Program? Who will enforce?

Billing for services rendered as required by Proposition 218 could no longer be achieved as changes to accounts such as ownership, name and address changes, etc. would no longer be performed. Audits and inspections that reveal changes in requirements for properties such as room counts would not be changed within the billing system resulting in a failure to collect required revenue.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 21\$, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Department: 14000:Utilities Group: Missing Group POD Category: Mandated POD Function: Operations

Program Services

Fiscal Operations -1611

## **Program Description**

Administration of the Department of Utilities (DOU) budgeting and accounting operations. This includes financial reporting, the development and administration of DOU operating and capital budgets, general ledger monitoring, wholesale water pricing agreements, review of council reports and management of the accounts payable function.

### Legal Requirement

City Charter Article 9 (Sections 111 and 115); CA State Govt Code 66013 requires a balanced budget. DOU has several requirements, including bond covenants related to annual financial reporting. Prop 218 requires DOU to carefully monitor all financial transactions.

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

### What is the Minimal Legal Requirement?

A balanced budget must be presented by May 1 of each fiscal year. Only the cost of providing the service can be charged. Contractual obligations to pay invoices timely. Bond covenants and other regulations require timely and accurate financial reporting.

#### Impact from Contracting Out? Change in LOS?

Due to the unique restrictions required by Proposition 218, the majority of services provided by Fiscal Operations are not appropriate for contracting out. These services require specialized knowledge of Utilities# operations, as well as City financial, inventory and billing systems.

## What happens if we don't do this in Program? Who will enforce?

Fiscal disarray; no recovery of revenue for grants; inaccurate rates for service; late fees and non payment of bills. Any public interest group or financial auditors can enforce.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

## POD P385 Detail Sheet by POD

Fiscal Year: FY2022/23

Program Status: Active Youth Program: No Youth Program

Department: 14000:Utilities Group: Missing Group POD Category: Mandated POD Function: Operations

### **Program Services**

Security and Emergency Preparedness - 1222

#### Program Description

Includes water, wastewater, and drainage security and emergency activities. Responsible for the operation and staffing of the department's Department of Operation's Center (DOC) as well as the security of over 200 DOU facilities. Reviews and manages the department's Security Master Plan, which includes security considerations for facilities and employees. Update and maintain emergency response plans, training requirements, and drills.

### Legal Requirement

Homeland Security Presidential Directives (HSPD) 7 - 9, Public Health Security and Bioterrorism Preparedness and Response Act (Bioterrorism Act) of 2002.

## **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?	
No	No	0	0	N/A	

#### What is the Minimal Legal Requirement?

HSPD 7 establishes a national policy for Federal departments and agencies to identify and prioritize critical infrastructure (of which water utilities are listed) and to protect them from terrorist acts. The directive defines relevant terms in 31 policy statements. These policy statements define what the directive covers and the roles of various federal, state, and local agencies.

## Impact from Contracting Out? Change in LOS?

There is no potential dollar savings from contracting out or changing LOS. This program requires everyday contact on site with staff in order to obtain knowledge of DOU operations and staff which would be in violation of contractor versus full-time employee rules.

## What happens if we don't do this in Program? Who will enforce?

Not protecting critical infrastructure and maintaining the DOC would be in direct violation of HSPD 7 as well as city policy. In addition, it would jeopardize staff safety by not having policies and procedures in place that protect employees from criminal acts. Consequences of failures could result in flooding, sewer overflows, and water treatment plants being shut down as well as liability issues due to ignoring staff safety.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 21\$, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

tive Youth Program: No Youth Program

Department: 14000:Utilities Group: Missing Group POD Category: Mandated POD Function: Operations

#### **Program Services**

Water Production Operations -1111

#### **Program Description**

The Water Production Program is responsible for treating precipitation runoff from 25,000 square miles of watershed to our surface water sources of the American and Sacramento Rivers. The Sacramento River and E.A. Fairbairn Water Treatment Plants supply drinking water from specially designed processes. In addition, the City operates two groundwater basins, north and south of the American River. All sources are carefully treated using processes to ensure safe and reliable water is delivered from the distribution system and storage reservoir. The reservoirs allow the treatment processes to operate consistently and provide an operational buffer for emergency situations. A team of specially trained water treatment personnel operate these facilities with support from many specialized positions.

#### Legal Requirement

Compliance with GASB, GAAP, County EMD, DTSC, Labor Agreements, City Codes and policies. As well as Federal: The EPA Clean Water Act and amendments, Safe Drinking Water Act, Lead and Copper Rule, Long Term 1 Enhanced Surface Water Treatment Rule (LT1ESWTR), Long Term 2 Enhanced Surface Water Treatment Rule (LT2ESWTR), Stage 1 and Stage 2 Disinfectants and Disinfection Byproduct Rule, the Total Coliform Rule, the Arsenic Rule etc. State: State Water Code, CCR Titles 17, 20 and 22, CA PUC General Order 103-A, CA Health and Safety Code, Div. 104, Part 12, Chapter 4 the California Safe Drinking Water Act. Also, included are mandatory orders from these various regulators.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Se Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Operations, maintenance and monitoring of the system according to Federal, State, and local regulatory requirements as stated in Legal Requirement above.

### Impact from Contracting Out? Change in LOS?

Reducing LOS will violate regulations. The regulations dictate the level of operation, maintenance and monitoring, and the current program is set to meet the set levels of service.

## What happens if we don't do this in Program? Who will enforce?

Potential for disease and illness of epidemic proportion, compromised fire suppression, additional operational audits are conducted impacting staff time and resources, reduced public confidence, reduced funding because of the reduction in trust from our City Council members and customers etc. Federal and State authorities enforce and can levy fines, as well as find an administrator to take over our system.

#### Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Drainage Operations and Maintenance ·1131 and 1161

#### **Program Description**

Operations and maintenance of the storm water conveyance system and pumping facilities, including the combined system pumping operations and the cleaning of sump wet wells. Water, wastewater, drainage and citywide emergency generator maintenance and operations for emergency preparedness are also included.

#### Legal Requirement

Maintaining compliance with discharge requirements of the Municipal Separate Sewer Storm System (MS4) permit. CA State Water Resources Control Board (State Water Board) adopted Statewide General Waste Discharge Requirements (WDRs) for MS4. Water Quality Order No. R5-2016-0040. The MS4 requires public agencies that own or operate sanitary sewer systems to develop and implement sewer system management plans (SSMP) and report all sanitary sewer overflows (SSOs) to the State Water Boards online SSO database. Drainage maintenance is responsible for maintaining compliance with the Air Quality Permit.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

The minimum requirements are set by the MS4 permit which require proper operations and maintenance of the storm water conveyance systems.

## Impact from Contracting Out? Change in LOS?

Decrease in prioritization of scheduling can lead to possible fines and flooding. Level of Service Standards are set based on permit requirements.

#### What happens if we don't do this in Program? Who will enforce?

Flooding can result in possible fines from the state and lawsuits from the public.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

#### **Program Services**

Environmental and Regulatory Compliance -1331

#### **Program Description**

Regulatory support, program development and implementation, technical expertise and evaluations, and regulatory liaison for DOU's water quality regulatory programs including Source Water Protection, Stormwater and CSS NPDES permits and Sanitary Sewer WDR/SSMP.

## Legal Requirement

Compliance with the Federal Clean Water Act, State Porter-Cologne Water Quality Control Act, and the Federal Combined Sewer Overflow Policy. Compliance with the Federal and State Safe Drinking Water Acts, Title 22 California Code of Regulations, California Surface Water Treatment Rule, and Federal Interim Enhanced Surface Water Treatment Rule.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Comply with State permits for combined sewer, sewer, and drainage systems. Eliminate non-stormwater discharges and sewer overflows and reduce discharges from combined sewer system overflows & urban runoff pollution. Drinking water quality programs include required watershed sanitary surveys to evaluate the City's surface water supply and treatment, and source water protection activities to help ensure that drinking water standards are met and to prevent contamination.

#### Impact from Contracting Out? Change in LOS?

Significant savings are not expected by outsourcing implementation of these regulatory programs. FTE would be a one for one exchange. Inspection activities could be contracted out reducing one FTE; however, there would be no potential dollar savings. City would still be liable for all regulatory programs.

#### What happens if we don't do this in Program? Who will enforce?

Violations, significant fines, cease and desist orders, additional regulatory requirements, loss of consumer confidence, consumer notifications, water contamination and citizen lawsuits. Sewer and Stormwater Permits enforced by the California State and Regional Water Quality Control Boards. Source Water and Drinking Water Quality enforced by California State Water Board Division of Drinking Water (DDW) and US EPA.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 21%, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

Wastewater Collection -1421

#### **Program Description**

Maintain and repair combined and separated wastewater collection systems infrastructure.

#### Legal Requirement

CA State Water Resources Control Board (State Water Board) adopted Statewide General Waste Discharge Requirements (WDRs) for Sanitary Sewer Systems. Water Quality Order No. 2006-0003 (Sanitary Sewer Systems WDR) on May 2, 2006. The Sanitary Sewer Systems WDR requires public agencies that own or operate sanitary sewer systems to develop and implement sewer system management plans and report all sanitary sewer overflows (SSOs) to the State Water Boards online SSO database.

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Federal National Pollutant Discharge Elimination System (NPDES) and State WDR permits significantly limit discharges and SSOs. CA State Water Quality Order No. 2006-0003 requires SSMP. SSMP is required to include a variety of maintenance activities including Root Control, Fats, Oils, Grease (FOG) Program, a Winter Plan, Combined System maintenance, and QA/QC routine CCTV inspections.

## Impact from Contracting Out? Change in LOS?

Level of Service Standards are set based on permit requirements. Significant savings are not expected by outsourcing implementation of these regulatory maintenance activities.

## What happens if we don't do this in Program? Who will enforce?

Reduction in water quality, increased public health issues from SSOs. Environmental Protection Agency (EPA) and state regulatory agencies may issue administrative orders which require facilities to correct violations and assess monetary penalties. The laws also allow EPA and state agencies to pursue civil and criminal actions the may include mandatory injunctions or penalties, as well as jail sentences for persons found willfully violating requirements and endangering the health and welfare of the public or environment. A member of the general public can take legal action if they find that a facility is violating its NPDES permit.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 21\$, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

### If General Fund Support is cut what is the impact on Revenues?

#### **CMO Comments**

What is the potential dollar How Many FTE Could be How long would Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Contracted Out? Service Be Changed? LOS Change? LOS change? take? N/A No No

#### What is the Minimal Legal Requirement?

The minimum legal requirements are described in the Legal Requirements section.

## Impact from Contracting Out? Change in LOS?

The downtown area would be at risk from inexperience of contractor. The combined system is a unique, complicated system. Loss of reliability and potentially increased liability, with increased flooding in the CWCS. The only way to cut this program would be if the County of Sacramento would agree to take over this process.

## What happens if we don't do this in Program? Who will enforce?

This is a state mandated program. If we were unable to achieve the goals set by the federal Government, the city would be subject to fines and federal takeover. Federal and State regulators including California Dept. of Health & Federal EPA.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

### If General Fund Support is cut what is the impact on Revenues?

USA Program -1461

## Program Description

Marking all Department of Utilities infrastructure and all Public Works fiber optic, traffic loops, signals, and streetlights.

#### Legal Requirement

California Government Code Title 8, Section 1541 and Section 4216 require construction excavations to be marked. The code specifies that only qualified persons shall perform subsurface installation locating activities, and all such activities shall be performed in accordance with this section and Government Code Sections 4216 through 4216.9. Persons who complete a training program in accordance with the requirements of Section 1509, Injury and Illness Prevention Program (IIPP), that meets the minimum training guidelines and practices of the Common Ground Alliance (CGA) Best Practices, Version 3.0, published March 2006, or the standards of the National Utility Locating Contractors Association (NULCA), Standard 101: Professional Competence Standards for Locating Technicians, 2001, First Edition.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Se Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Respond within 48 hours and mark underground utility assets to prevent pressurized system breaks and contamination of potable water supplies.

## Impact from Contracting Out? Change in LOS?

Level of Service Standards are set based on the State requirements to respond within 48 hours. Failure to meet time requirements would transfer financial and public safety liability and risk to City. Outsourcing may result in customer service reductions due to lack of external knowledge of intricate City systems and may result in higher frequency of missed marks.

#### What happens if we don't do this in Program? Who will enforce?

Hits to pressurized systems will result in property damage and increased risk to both life and safety of the public. Enforcement is from California Construction Authority (CCA).

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Program Status: Active Youth Program: No Youth Program

Department: 14000:Utilities Group: Missing Group POD Category: Mandated POD Function: Operations

#### **Program Services**

Account Management -1631

#### **Program Description**

Management of utility accounts and related rates, services and adjustments. Integrity management of the billing system, including audits, city code compliance, reconciliations, system enhancements and modifications. Administration of billing programs and processes such as Sacramento Utility Rate Assistance Program, Identity Theft Protection Program, liens, special assessment levies and service discontinuance.

#### Legal Requirement

City Code 13.12 requires the City to bill the legal owner of a parcel monthly and include an administrative process for delinquencies, special assessments and hearings related to billing.

Proposition 218 requires that utility rates be set in accordance with the cost to provide the service.

## **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

City Code 13.12 requires the City to bill the legal owner of a parcel monthly and include an administrative process for delinquencies, special assessments and hearings related to billing.

Proposition 218 requires that utility rates be set in accordance with the cost to provide the service.

#### Impact from Contracting Out? Change in LOS?

Monthly invoicing for services already contracted out. Account management, system maintenance, city code enforcement & rates done in-house. The billing system is highly customized and automated. All system enhancements and modifications are managed in-house by staff included in the Billing budget. Contracting out everything means costly ongoing audits & oversight of the contractor to ensure appropriate billing. The cost for the billing system has already been paid for & ongoing costs are minimal. Switching from monthly to bi-monthly billing would take 1.5 years and cost \$1M and saves \$500k annually but means higher bills every other month.

## What happens if we don't do this in Program? Who will enforce?

The Department cannot capture its revenues for the services provided or ensure accurate bills without billing services and/or having oversight over billing.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

**Program Services** 

Wastewater Operation -1121

#### **Program Description**

Operations and maintenance of the separated and combined sewer systems including pumping maintenance and treatment plant operations. Mechanical and electrical maintenance of the separated and combined sewer pumping systems.

#### Legal Requirement

Maintaining compliance with discharge requirements of the separated sewer system and combined sewer system along with associated pumping facilities and water treatment plants. CA State Water Resources Control Board (State Water Board) adopted Statewide General Waste Discharge Requirements (WDRs) for Sanitary Sewer Systems. Water Quality Order No. 2006-0003 (Sanitary Sewer Systems WDR) on May 2, 2006. The Sanitary Sewer Systems WDR requires public agencies that own or operate sanitary sewer systems to develop and implement sewer system management plans (SSMP) and report all Sanitary Sewer Overflows (SSOs) to the State Water Boards online SSO database.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out • LOS change?	How Many FTE Could be reduced by contracting out LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

The minimum requirements are set by the National Pollutant Discharge Elimination System (NPDES) and Municipal Separate Storm Sewer System (MS4) permits which require proper operations and maintenance of the wastewater collection systems.

## Impact from Contracting Out? Change in LOS?

Cost of contracting out is unknown. The scope of these activities would be extremely difficult to estimate, still leaving the city responsible for all liabilities for omissions or errors by the contractors. Level of Service Standards are set based on permit requirements.

#### What happens if we don't do this in Program? Who will enforce?

Increased exposure to Sanitary Sewer Overflows (SSOs) and Combined System Overflows (CSOs) which would result in health and safety risks for the public and detrimental impacts to the environment. Enforcement comes from the Regional Water Quality Control Board, State and Federal EPA.

### Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 21\$, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Water Policy & Regional Planning - 1381

#### **Program Description**

The Water Policy & Regional Planning section provides for local and regional engagement in support of water supply planning and conservation efforts. Participation in various Board and commissions such as the Regional Water Authority, Water Forum, Association of California Water Agencies, California Water Efficiency Partnership, American Water Works Association (both CA/NV Section and nationally) and local Groundwater Authorities to further the City's integrated water management objectives. Key objectives include protecting, planning, and enhancing the City's water rights and supply portfolio in support of current and future water demands. Activities include managing the City's water rights and associated permits, collaborating on regulatory issues,

#### Legal Requirement

State Water Resource Control Board (SWRCB) directives on water rights, CA State Senate Bill (SBX7-7) and the developing SWRCB long term conservation standards, City of Sacramento Outdoor Water Conservation Ordinance, Article XI of Chapter 13.04, Article II of Chapter 13.04, Leaking Fixtures, Senate Bill 407, Assembly Bill 1881 State Model Water Efficient Landscape Ordinance adopted by City in 2009, AB 2572, Prop 84 - Integrated Regional Water Management Plan for the American River Basin, AB797 - Urban Water Management Planning Act, Water Forum Agreement, AB1420, Senate Bill 555 (Water loss) - regulating water loss management, SB610-governs water supply assessments, and AB1739/SB1168, SB1319 that set forth Sustainable Groundwater Management directives.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Se Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	0	0	N/A

#### What is the Minimal Legal Requirement?

The City is regulated by the State Water Resources Control Board and as a minimum threshold must demonstrate that water is being used in a beneficial fashion that avoids waste and unreasonable use. Must ensure a reliable and sustainable minimum supply of water for the public health, safety and welfare. The enforcement of water conservation regulations is necessary to manage the City's potable water supply and to avoid or minimize the effects of drought and shortage, including state intervention. As a collective user of groundwater resources, the City must partner in ensuring that the resource is sustainably managed. Requirements to meet the City's long term water conservation target will be shared by CA Department of Water Resources (DWR) and SWRCB in late 2022 and early 2023, and these requirements will change over time and will be in place through 2028.

### Impact from Contracting Out? Change in LOS?

Delegating responsibility to meet state requirements related to water rights or water efficiency to others risk disconnecting the City from mandatory compliance. Change in level of service via a reduction in efficiency compliance or enforcement of water waste (City Code) is possible. Impact of reduction in water conservation compliance, or appropriate water rights management poses substantial risk to future grant eligibility, state intervention, and potential loss of surface water rights.

#### What happens if we don't do this in Program? Who will enforce?

Potential violation of SWRCB requirements and subsequent adverse water right proceeding. City has obligations to implement conservation measures per state law. Lack of meeting sustainable groundwater objectives will trigger state intervention and fees in groundwater usage by the CA DWR. Lack of appropriate implementations of Urban Water Management planning produces vulnerability to future development or water supply reliability during periods of shortage.

#### Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund. Water Marketing and Transfer opportunities can generate revenue during drier hydrologic conditions in the State.

## If General Fund Support is cut what is the impact on Revenues?

Program Services

Water Distribution -1411

#### **Program Description**

The Water Distribution Team serves almost one-half million customers within a 100 square-miles service area delivering 37 billion gallons of potable water per year. The Team ensures we meet our goal of providing the community with safe and reliable water. They are responsible for meter reading, testing and repairs, operations and maintenance of the distribution system including 1,700 miles of pipeline.

#### Legal Requirement

Compliance with GASB, GAAP, OSHA, County EMD, DTSC, Labor Agreements, City Codes and policies. As well as Federal: The EPA Clean Water Act and amendments, Safe Drinking Water Act, Lead and Copper Rule, Long Term 1 Enhanced Surface Water Treatment Rule (LT1ESWTR), Long Term 2 Enhanced Surface Water Treatment Rule (LT2ESWTR or LT2 rule), Stage 1 and Stage 2 Disinfectants and Disinfection Byproduct Rule, the Total Coliform Rule, the Arsenic Rule etc. State: State Water Code, CCR Titles 17, 20 and 22, CA PUC General Order 103-A, CA Health and Safety Code, Div. 104, Part 12, Chapter 4 the California Safe Drinking Water Act. Also, included are mandatory orders from these various regulators.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

Maintenance and testing of the system according to Federal, State, and local regulatory requirements as stated in Legal Requirement above.

## Impact from Contracting Out? Change in LOS?

Reducing LOS will violate various regulations. The regulations dictate the level of service.

#### What happens if we don't do this in Program? Who will enforce?

Potential for disease and illness of epidemic proportion, compromised fire suppression, additional operational audits are conducted impacting staff time and resources, reduced public confidence, reduced funding because of the reduction in trust from our City Council members and customers, etc. Federal and State authorities enforce and can levy fines as well as find an administrator to take over our system.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 21\$, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

### Program Services

Water Quality Lab and R&D - 1371

#### **Program Description**

The WQLRP Program is responsible for water quality monitoring to ensure protection of public health and regulatory compliance, mandated regulatory reporting, research and development into emerging water quality issues and treatment process optimization. The WQLRD team responds to customer water quality concerns, acts as the Water Division's primary contact with regulators, and prepares the City's drinking water regulatory reports. These include the monthly drinking water report, annual Consumer Confidence Report, Public Health Goals Report, and Annual Drinking Water Report. This group also keeps the City's Water Quality Data Portal up to date.

#### Legal Requirement

Compliance with GASB, GAAP, OSHA, County EMD, DTSC, Labor Agreements, City Codes and policies. As well as Federal: The EPA Clean Water Act and amendments, Safe Drinking Water Act, Lead and Copper Rule, Long Term 1 Enhanced Surface Water Treatment Rule (LT1ESWTR), Long Term 2 Enhanced Surface Water Treatment Rule (LT2ESWTR or LT2 rule), Stage 1 and Stage 2 Disinfectants and Disinfection Byproduct Rule, the Total Coliform Rule, the Arsenic Rule etc. State: State Water Code, CCR Titles 17, 20, and 22, CA PUC General Order 103-A, CA Health and Safety Code, Div. 104, Part 12, Chapter 4 the California Safe Drinking Water Act. 428-Director's Office Administration -1011

#### **Program Description**

The Office of the Director administers the Department of Utilities and provides general management and strategic guidance to the operations of the department. The Office represents the City on water supply, sewer, flood protection, drainage issues, and advises the Mayor/City Council and City Manager's Office on these issues; The Office coordinates with other departments and outside agencies.

#### Legal Requirement

The Director is responsible for all programs and services for DOU that must remain in compliance with several Federal, State, and Local mandates. The Department could not function without a Director.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Unable to run department without Director and support staff.

## Impact from Contracting Out? Change in LOS?

Minimal potential savings from contracting out director position and potential loss of ownership.

#### What happens if we don't do this in Program? Who will enforce?

Approximately \$400k budgeted for consulting and membership fees. Would lose standing in region to influence legislation and regulatory changes. Inability to conduct studies for rate structure or best practice models in the industry.

#### Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

#### **Program Services**

Engineering and Water Resources Administration -1311

#### **Program Description**

Provides the support function for the division including the Capital Improvement Program, Electrical & Instrumentation Operations and Maintenance, Water Policy & Regional Planning, Development Review, and Environmental and Regulatory Compliance. These division functions support compliance with numerous Federal and State mandates.

#### Legal Requirement

This program supports several Federal, State, and local mandates including, but not limited to, National Flood Insurance Program, Proposition 218, Federal Safe Drinking Water Act, Federal Clean Water Act, State Porter Cologne Water Quality Act, water conservation regulations, and other Federal and State mandates.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar saving s from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Non-compliance with Federal and State mandates that could result in fines and civil liabilities from a number of outside agencies.

## Impact from Contracting Out? Change in LOS?

This service cannot be contracted out.

#### What happens if we don't do this in Program? Who will enforce?

Failure to perform engineering administration function could lead to non-compliance with Federal and State mandates resulting in fines and civil liability penalties. Enforcement would come from a number of agencies including FEMA, State Water Resources Control Board, Regional Water Quality Control Board, State Department of Public Health, Division of Drinking Water and/or USEPA.

#### Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Program Services

Logistics - 1451

## **Program Description**

Warehousing, procurement, contracting, equipment and facility maintenance.

## Legal Requirement

Internal and External auditor's recommendations regarding Warehouse Best Management Practices (BMPs); California Constitution Articles XIII C and D (218) requires segregation of Enterprise Fund accounting and inventory management, and Federal GAO-02-447G guidelines regarding warehouse BMPs.

#### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	0	0	N/A

#### What is the Minimal Legal Requirement?

Adherence to warehousing, accounting and fiscal oversight and best management practices in accordance with Prop 218, and Federal GAO-02-447G guidelines.

## Impact from Contracting Out? Change in LOS?

Potential risks and inability to maintain 218 compliance. Reductions in levels of service would lead to loss of fiscal, procurement and security oversight of warehouse operations. Additionally, it would significantly inhibit or delay the department's ability to procure essential goods and services needed to maintain the City's aging water infrastructure and essential services to City residents.

#### What happens if we don't do this in Program? Who will enforce?

Violation of Articles XIII C and D of State of California Constitution (Proposition 218). Enforcement likely to occur via litigation from City ratepayers and/or State agencies.

#### Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Metropolitan Water Planning -1051

## **Program Description**

This is a joint powers authority (JPA) with the County. The following agreements established the JPA: City Agreement 91-203 (the first interagency agreement) dated 10/30/1991 which established the City-County Office of Metropolitan Water Planning (CCOMWP) with a 50/50 split on cost between the City and County, this agreement was amended six times extending the CCOMWP existence to 02/28/2001. City Agreement 2001-005 (the second interagency agreement) dated 01/09/2001 which created the Water Forum Successor Effort (WFSE) and continued the CCOMWP to 12/31/2030, discussed funding from City, County, and other water purveyors. City Agreement 1999-9222 a Memorandum of Understanding, (the Water Forum Agreement) dated 11/23/1999 signed by 40 stakeholder organizations.

Program Services
Public Affairs -1061

Department:

#### **Program Description**

Chief of Staff provides admin support for the Director as well as oversees the Department's media and outreach program. Public outreach is essential for customer education about our services, projects, and opportunities for rebates. Public Outreach is mandated as part of the regulatory requirements for the National Pollutant Discharge Elimination System (NPDES) Permit, NFIP program and Water Conservation. In addition, it leads programs essential to the mandated programs for SSMP and Water Quality Reporting Requirements.

#### Legal Requirement

- Stormwater NPDES Permit Section D.12 (Public Outreach and Public Education) requires implementation of a Public Outreach Program to the general public, school children, and businesses.
- -Statewide General WDR for Sanitary Sewer System Section D.13.vii.a (FOG Control Program) requires an implementation plan and schedule for a public outreach program that promotes proper disposal of FOG.
- -CSS NPDES Permit Section VI.C.4.b.i.f (Fats, Oil, and Grease (FOG) Control Program) requires implementation of a FOG control program. (It doesn't specifically list outreach as a component; however, outreach is typically part of a program).
- Water Conservation outreach is mandated via CUWCC 2008 MOU referenced in CA State Senate Bill SBX7-7
- Flood Plain Other minor NFIP/CRS outreach falls under City Code Sections 15.108.030 & 15.108.040.
- Flood Plain Section 300 of the Community Rating System Program requires many outreach activities (this is a volunteer program under the NFIP program (National Flood Insurance Program) that enables residents to get discounted flood insurance).

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

Varies based on program.

## Impact from Contracting Out? Change in LOS?

N/A, increased cost for the same LOS.

## What happens if we don't do this in Program? Who will enforce?

Potential for fines and loss of funding and discounts on flood insurance. Enforcement will vary based on programs.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the Enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage Fund.

## If General Fund Support is cut what is the impact on Revenues?

This program has no impact on the General Fund.

#### **Program Services**

Floodplain Management - a portion of 1341

#### **Program Description**

As part of the National Flood Insurance Program (NFIP), this section ensures compliance with local, state, and federal floodplain regulations and allows federally backed mortgages in flood zone areas. In addition, the program supports the Department's Wastewater and Drainage Division in its role as the Local Maintaining Agency for several miles of federal project levees.

### Legal Requirement

Federal statute: The National Flood Insurance Act, Title 42 USC section 4001 et seq.

Federal regulations: Title 44 CFR Parts 59 and 60. Sacramento City Code: Title 15 Chapter 15.104.

## **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Enact and enforce development regulations related to floodplains, maintain records of floodplain development, assist in the preparation and revision of floodplain maps, conduct public outreach, participate in the Community Rating System (CRS), update the Comprehensive Flood Management Plan, update the Local Hazard Mitigation Plan, etc.

## Impact from Contracting Out? Change in LOS?

Significant savings are not expected by outsourcing implementation of this regulatory program. Implementation of this program requires a solid understanding of the City's drainage collection system, levees and floodplain maps and a good rapport with our department stakeholders.

#### What happens if we don't do this in Program? Who will enforce?

Loss of ability to participate in NFIP. No federally backed mortgages available in flood zones. Loss of CRS program would result in higher flood insurance rates. Neither of these programs is mandatory, but failure to participate and meet requirements would be catastrophic.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218 the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Drainage Collection -1431

#### **Program Description**

1) Rain & Levee Patrol 2) Weed Abatement (Fire Breaks) for All Levees, Ditches, Canals, and Basins 3) Protection of Critical Infrastructure 4) South Sacramento Streams Group Project 5) Preventative Drainage Collection System Maintenance.

### Legal Requirement

1) Rain and Levee Patrol is mandated per the CA State Department of Water Resources (DWR) High Water Notifications requirement for 24-hour levee patrol when the Sacramento River levee reaches 25.0 ft of elevation at the I Street Bridge Gauge; 2) Weed abatement is required by Sacramento City Code 8.28.010 pursuant to CA State Government Code Title 4, Division 3, Part 2 Section 39500; 3) Protection of critical infrastructural is required by Sacramento City Code 8.140.010; 4) South Sac Streams maintenance required per CA State DWR pursuant to CA Water Code 12670.14(d) and by the MOU agreement with Sacramento Area Flood Control Agency (SAFCA). City of Sacramento is designated as a local maintaining agency (LMA) by CA State DWR; 5) General interior drainage maintenance and flood protection required per Federal Emergency Management (FEMA) -PL8499- 8499 and National Pollutant Discharge Elimination System (NPDES) Permit, Sacramento Regional County Sanitation District (SRCSD) Permit, State Clean Water Quality Act-Title 23, State Health and Safety Code Title 17, City Charter Chapter 17, Ordinance 17.156, FEMA Ordinance 99-015-Floodway Management.

#### **CMO Comments**

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

No

No

## What is the Minimal Legal Requirement?

Rain Patrol is the best management practice for flood prevention providing protection for life environmental and property for the City. 24-hr Levee Patrol monitoring is required when the Sac River reaches 27.3 ft as mandated by the State of CA. Minimum requirement for levee maintenance is prescribed by the current DWR Framework document, All firebreaks must be mowed by July 1st each year. Compliance under NPDES Permit for our State Clean Water Quality Act; Title 23.

#### Impact from Contracting Out? Change in LOS?

Level of Service Standards are set based on State and Federal requirements for levee/basin/canal patrol and maintenance to maintain flood protection.

## What happens if we don't do this in Program? Who will enforce?

Increased risk of City interior flooding resulting in increased property damage, flood insurance, and public safety hazards. Federal and State agency enforcement is from FEMA, National Flood Insurance Program (NFIP), and CA Water Resources Control Board.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Department: 14000:Utilities Group: Missing Group POD Category: Mandated POD Function: Operations

#### **Program Services**

Water Operations and Maintenance Administration -1211

#### Program Description

Water Operations and Maintenance has mandatory programs that necessitate proper oversight and administrative support to comply with operation and financial regulations, including State Proposition 218. The Administrative Support Team was developed to assist the division in meeting compliance requirements of the City Auditor, GASB, GAAP, State Drinking Water Regulations and Federal Safe Drinking Water Act, and other operational regulations for meter repairs, inspections, testing, operations and maintenance of the water distribution system, plants, wells and reservoirs; construction coordination with capital improvements for meter installation and infrastructure upgrades; water regulatory reporting; water quality monitoring and regulatory compliance; research and development for input into regulatory change, optimization of processes, and water quality issues.

#### Legal Requirement

Compliance with GASB, GAAP, OSHA, County EMD, DTSC, Labor Agreements, City Codes and policies. As well as Federal: The EPA Clean Water Act and amendments, Safe Drinking Water Act, Lead and Copper Rule, Long Term 1 Enhanced Surface Water Treatment Rule (LT1ESWTR), Long Term 2 Enhanced Surface Water Treatment Rule (LT2ESWTR or LT2 rule), Stage 1 and Stage 2 Disinfectants and Disinfection Byproduct Rule, the Total Coliform Rule, the Arsenic Rule etc. State: State Water Code, CCR Titles 17, 20 and 22, CA PUC General Order 103-A, CA Health and Safety Code, Div. 104, Part 12, Chapter 4 the California Safe Drinking Water Act. Also, included are mandatory orders from these various regulators.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Compliance with the Legal Requirements indicated above must be met.

#### Impact from Contracting Out? Change in LOS?

Reducing LOS will violate various regulations. The regulations dictate the level of service.

#### What happens if we don't do this in Program? Who will enforce?

Potential for disease and illness of epidemic proportion, compromised fire suppression, additional operational audits are conducted impacting staff time and resources, reduced public confidence, reduced funding because of the reduction in trust from our City Council members and customers etc. Federal and State authorities enforce and can levy fines, as well as find an administrator to take over our system. The Administrative Support Team was developed to assist the division in meeting these requirements.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

**Program Services** 

Department:

Business Services Administration - 1661

### **Program Description**

Business Services Admin provides oversight and administrative support to the Account Management, Customer Service, Fiscal Operations, Long Range Financial Planning and Logistics programs. The office coordinates with other departments and outside agencies on all financial matters for the department and provides support and oversight to ensure compliance with Proposition 218.

#### Legal Requirement

Business Services Division (BSD) is responsible for Prop 218 compliance for all financial planning, transactions, and reporting, including, but limited to, rate adjustment planning and implementation, budgetary and accounting, billing and account management, and procurement and contracting.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Maintaining compliance with Prop 218

## Impact from Contracting Out? Change in LOS?

Due to the unique restrictions required by Proposition 218 the majority of services provided by the Business Services Division (BSD) are not appropriate for contracting out. These services require specialized knowledge of Utilities# operations as well as City financial rate modeling, inventory and billing systems.

#### What happens if we don't do this in Program? Who will enforce?

Proposition 218 compliance and administrative oversight and support to the reporting workgroups would be reduced.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218 the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

Electrical/SCADA/Instrument - 1361

#### **Program Description**

Electrical - Responsible for maintaining electrical systems and equipment rated from 21KV to 50 volts at the Department's water plants, reservoirs, lift stations, and wells. Provide technical assistance for design and review of electrical installations and upgrades on CIPs.

Instrumentation and SCADA- Responsible for process control equipment, operator interface equipment, SCADA network, calibration of water quality instruments and chemical detection equipment. Maintains all process control instruments as well as signal and communication equipment at department water plants, reservoirs, lift stations, and wells. Provide technical assistance for design and review of instrumentation equipment for updates on CIPs.

#### Legal Requirement

Compliance with the National Fire Protection Association (NFPA), National Electric Code (NEC), OSHA, Federal Clean Water Act (FCWA), National Flood Insurance Program (NFIP), Federal Safe Drinking Water Act (FSDWA), and other Federal and State mandates.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

Compliance with federal and state programs including NFPA, NEC, OSHA, FCWA, NFIP, FSDWA and other federal and state mandates.

## Impact from Contracting Out? Change in LOS?

N/A

#### What happens if we don't do this in Program? Who will enforce?

Non-compliance with legal requirements resulting in fines, penalties and potential employee injury or death.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

#### If General Fund Support is cut what is the impact on Revenues?

N/A

#### **Program Services**

Employee & Administrative Services - 1651

#### **Program Description**

Department-wide administrative support including coordination with Human Resources related to personnel actions, recruitment and hiring and on-boarding efforts, and Labor Relations items. Coordinating across the department's assigned staff for all personnel, recruitment, hiring, on-boarding, and separation efforts Coordinate reporting of Out-of-Class assignments for CalPERS reporting requirement; Developed and oversees the department's employee recognition program. Leads community outreach efforts for employment opportunities in the department. Process and coordinate all Public Records Act requests for the department.

#### Legal Requirement

Ensure compliance with ADA, FMLA, CSB Rules, MOUs, and OSHA requirements. Follow EEO practices, Public Records Act compliance; CalPERS AB1847, and Federal I-9 management for employment verification.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

N/A

## Impact from Contracting Out? Change in LOS?

This is an internal function and could not be contracted out.

## What happens if we don't do this in Program? Who will enforce?

If this program is not funded, the Department would need to rely on HR for assistance with employee services and would not have internal coordination amongst staff on personnel related assignments. Each division would need to invest time and funding into personnel administration, employee recognition, on-boarding, and response to Public Records Act requests. The Employee Recognition Program would dissolve and there would not be any staff knowledgeable of the current PRA process.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

This program has no impact on the general fund.

Sustainability - 1081

#### **Program Description**

Long-range planning and development of projects and programs that promote water conservation, water quality, and adaption to climate change to improve the overall energy efficiency and sustainability of City of Sacramento's Utility facilities and operations.

## Legal Requirement

General Plan 2035, Climate Action Plan

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Sustainability program is necessary to manage the City's potable water supply, wastewater, and drainage systems to avoid or minimize the effects of climate change impacts on efficiency and resiliency of the City's infrastructure. General Plan U 1.1.3 Sustainable Facilities and Services - The City shall continue to provide sustainable utility services and infrastructure in a cost-efficient manner. Climate Action Plan, internal operations goal to improve water management efficiencies and achieve reductions in community-wide water demands to reduce 1,641 MTCO2e in emissions from the 2020 BAU scenario. State legislation requires a 20% reduction in per capita water consumption (SBX7-7).

## Impact from Contracting Out? Change in LOS?

This is an existing position

## What happens if we don't do this in Program? Who will enforce?

Utilities has obligations to comply with Climate Action Plan and General Plan 2035 goals developed.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 21%, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

Wastewater & Drainage O&M Admin - 1101

#### **Program Description**

Operations and Maintenance have mandatory programs that necessitate oversight and administrative support to comply with operations and financial regulations including State Proposition 218. The administrative support team was developed to assist the division in meeting compliance with internal business needs and external environmental regulatory requirements and is responsible for ensuring adequate equipment and staffing resources for division program compliance. The administration team provides reporting and permit renewal tracking support and management of the Municipal Separate Storm Sewer System (MS4), National Pollutant Discharge Elimination System (NPDES) Permit, Hazardous Materials Permit (HMP), Air Quality Permit, and Sanitary Sewer Management Plan (SSMP).

#### Legal Requirement

Honoring internal and external memorandum of understanding (MOU), City codes and policies, and adhering to regulatory requirements of the MS4, NPDES, HMP, Air Quality permits and the SSMP.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out • LOS change?	How Many FTE Could be reduced by contracting out LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

Maintaining compliance and avoiding violations.

#### Impact from Contracting Out? Change in LOS?

Prioritization and scheduling would be decreased if service is contracted out.

### What happens if we don't do this in Program? Who will enforce?

Administration support to the operations and maintenance sections is reduced.

#### Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

#### If General Fund Support is cut what is the impact on Revenues?

Governmental Affairs - 1071

#### **Program Description**

The Government Affairs section engages in legislative and regulatory matters that affect the Department's operations. In general, changes are sought in these matters to ensure the Department's customers continue to receive cost effective reliable service. The section coordinates with and directs lobbyists and attorneys. The section assists in the policy development for the Department. This section analyzes and responds to regulatory, judicial, or legislative matters that affect the Department's functions. The section is the lead in Water Rights matters.

#### Legal Requirement

There are no legal requirements for this program.

#### **Budget Comments**

#### **CMO Comments**

Department: 14000:Utilities Group: Missing Group POD Category: Mandated POD Function: Operations

#### **Program Services**

Long Range Financial Planning - 1671

#### **Program Description**

The Long Range Financial Planning (LRFP) section within DOU's Business Services Division (BSD) is responsible for mandated and essential long range financial strategies, that includes, but is not limited to, strategically diversifying the portfolio of funding options (e.g., utility rates, grants, bonds, low-interest loans, fees, charges, etc.) to provide the City with the greatest flexibility to replace and/or repair aging infrastructure, while minimizing potential risks.

#### Legal Requirement

Proposition 218 requires an extensive process (e.g., public hearings, education, outreach, customer voting, etc.) for new or increased property related utility fees. In addition, Proposition 218 requires a vote by the property owners for Storm Drainage rate adjustments. Grants, low-interest loans, and bonds each have regulations, laws, ordinances, and other mandated requirements (e.g., debt coverage ratio, rate stabilization funds, single audit requirements, etc.). The annual fees and charges are subject to compliance with exemption to two of Proposition 26.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out • LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

Currently, the City is required to meet the legal requirements of existing grant agreements, a low-interest loan and bond covenants. For any water, wastewater, and/or storm drainage rate adjustments, Proposition 218 requirements must be met. For any water, wastewater, and/or storm drainage fees or charges, exemption to two of Proposition 26 must be met. For any future grants and/or low-interest loans, they are dependent on annual federal appropriations and state budget allocations and eligibility of projects.

Sonds are dependent on market conditions and rating agency requirements.

### Impact from Contracting Out? Change in LOS?

If the City decided to not pursue rate adjustments as a reduced level of service, then the City may not be able to meet bond payment requirements and/or properly maintain aging infrastructure, which could cause health, safety, and financial liabilities.

## What happens if we don't do this in Program? Who will enforce?

If the City were not to evaluate and pursue future rate adjustments, over time, normal costs of doing business for operations and aging infrastructure replacement would exceed current levels of utility fee revenues. In addition, the City could have financial impacts for not meeting grant, low-interest loan, and/or bond financial reporting and audit requirements.

#### Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

#### If General Fund Support is cut what is the impact on Revenues?

N/A

Program Services

Water Engineering - 1322

#### **Program Description**

Water Engineering provides planning for future water demands and develops capital improvement projects that maintain and improve current water infrastructure and facilities. Activities include developing master plans, supporting operation and maintenance programs and projects, and developing projects in compliance with various Federal and State regulations. Water Engineering also provides water infrastructure design reviews to support development and other agency projects within the City of Sacramento.

#### Legal Requirement

Compliance with California State and Regional Water Quality Control Boards. Source Water and Drinking Water Quality enforced by California State Water Board Division of Drinking Water (DDW) and US EPA.

- -Federal Clean Water Act regulates addition of pollutants into nations waters
- -Federal Safe Drinking Water Act regulates public drinking water supply by setting primary drinking water standards
- -Porter-Cologne Water Quality Control Act principal law governing water quality in California, applies to both surface and groundwater
- -Assembly Bill 2572 (Water Meter Program) requires all water suppliers to install water meters on all municipal and industrial water service connections by January 1, 2023
- -Water Conservation Act Senate Bill X7-7 requires all water suppliers to increase their water use efficiency
- -Senate Bill 555 (Water loss) regulates water loss management
- -LCRR Lead and Copper Rule Revision regulates definitions of lead pipe and requires all water suppliers to provide an inventory of service line material on both the public and private laterals
- -California Code of Regulations Title 17 and 22 regulates requirements such as operator certification, backflow preventers, monitoring and reporting, waterworks standards
- -State of California Water Quality Control Board
- -Division of Drinking Water

#### CMO Comments

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

Compliance with the programs noted in the Legal Requirements section.

## Impact from Contracting Out? Change in LOS?

Many of the services provided by Water Engineering are not appropriate for contracting out because it requires a solid understanding of the City's water distribution system and good rapport with our stakeholders. There is also no significant cost savings gained by contracting out as costs for private sector engineering services are higher than internal City labor costs. Since DOU is providing service to the public, changes to the level of service would significantly impact the public and would not be favorable to our customers.

## What happens if we don't do this in Program? Who will enforce?

The services provided by Water Engineering is a crucial component to providing high quality water to the residents of Sacramento City. Discontinuing this program would jeopardize the integrity of the water distribution infrastructure and facilities, lead to non-compliance with Federal and State regulations, and ultimately fail to meet the water demands for the City. Regulatory enforcement will come from several agencies listed in the Legal Requirements section.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

#### **Program Services**

Drainage Engineering - 1324

#### **Program Description**

The Drainage Engineering program provides long term planning and hydraulic modeling to ensure compliance with City established levels of service to protect property from flood damage caused by rainfall runoff; design and delivery of capital improvement projects; engineering support for operations and maintenance activities; and design review of development and other agency projects that impact drainage infrastructure to ensure compliance with city codes and standards.

The Construction management team oversees, contract management, construction of capital projects for compliance with specifications and standards, contract change management and final project documentation. This team is responsible for updating policy and procedures to maintain consistency with the Departments construction delivery goals.

#### Legal Requirement

Support Federal Emergency Management Agency (FEMA) flood mapping evaluations by providing hydraulic model data.

Support compliance of Nation Pollutant Discharge Elimination System (NPDES) permit for stormwater discharges from municipal sources (MS4) - provide planning, hydraulic model and capital projects to ensure compliance with regulations.

Support Federal levee recertification efforts on area rivers - Provide engineering support to ensure compliance with regulations for local drainage encroachments in area river levees.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

Compliance with programs listed in the Legal Requirements section.

### Impact from Contracting Out? Change in LOS?

Many of the services provided by Drainage Engineering are not appropriate for contracting out because it requires a solid understanding of our drainage collection system and good rapport with our stakeholders. There is also no significant cost savings to contracting out these services as costs for private sector engineering services are higher than internal City labor costs. Since DOU is providing service to the public, changes to the level of service would significantly impact the public and would not be favorable to our customers. Construction Management is a critical component for construction of capital assets and requires close coordination with a variety of stakeholders. A breakdown of this coordination leads to inefficiencies and additional costs. There is no significant cost savings by contracting these services out because consultants cost more than city staff, and experience has shown that they cannot achieve the same level of coordination that in-house staff can.

### What happens if we don't do this in Program? Who will enforce?

The services provided by Drainage Engineering are crucial for the development of water quality features that protect the environment and the protection of City property from flooding. Discontinuing this program would jeopardize the integrity of the drainage collection system and supporting facilities, lead to non-compliance with Federal and State regulations, and ultimately lead to flooded properties during rain events. Regulator enforcement will come from several agencies listed in the Legal Requirements section. The services provided by the Construction Management team are crucial for construction of water, sewer, and drainage infrastructure. Discontinuance of these services will negatively affect contract and labor compliance with codes and standards. The State of California would enforce compliance of these provisions.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

#### If General Fund Support is cut what is the impact on Revenues?

N/A

Electrical Engineering - 1363

#### Program Description

Electrical Engineering provides planning and development of future capital improvement projects that maintain and improve new and current electrical infrastructure for our water, wastewater, and drainage facilities; preparation of electrical studies of our facilities; preparation of request for proposals to test our electrical infrastructure. Activities include developing budgets, preparation of plans and specifications, construction support, supporting operations and maintenance programs and projects, and developing projects in compliance with various Federal and State regulations. Electrical Engineering also provides electrical infrastructure design reviews to support development and or agency projects within the City of Sacramento. In addition, Electrical Engineering implements sustainable, reliable, and cost-effective measures to improve energy efficiency and conservation in the water, wastewater and drainage systems; maximize energy, performance, reduce operating expenses, and minimize asset risk by actively and responsibly managing energy usage.

#### Legal Requirement

Prop 218 requires the Department of Utilities to itemize electricity and gas expenses using the appropriate funds for multi-funded facilities. No comingling of funds is allowed. Electrical Engineering complies with National Electrical Code, IEEE, NFPA 70E, and NFPA 70E.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

Compliance with the requirements noted in the Legal Requirements section.

## Impact from Contracting Out? Change in LOS?

Many of the services provided by Electrical Engineering are not appropriate for contracting out because it requires a solid understanding of our electrical infrastructure and good rapport with our stakeholders. There is no significant cost savings to contracting out as costs for private sector engineering services are higher than internal City labor costs. Since DOU is providing services to the public, changes to the level of service would significantly impact the public and would not be favorable to our customers.

## What happens if we don't do this in Program? Who will enforce?

Failure to perform electrical studies on our facilities every five years, per NFPA 70E, could result in equipment failures, potential injuries to city staff, and potential fines from OSHA. Failure to perform regular testing of breakers and relays per NFPA 70B could result in equipment failures. Failure to perform energy management functions could lead to increases in greenhouse gas emissions, equipment failures, and operations costs and decreases in equipment performance and efficiency resulting in higher capital and operating costs.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

### If General Fund Support is cut what is the impact on Revenues?

Cross Connection Control - 1471

#### **Program Description**

The Cross Connection Control group serves to test City owned back flow devices and evaluate cross connections with the City's water system to minimize concerns related to cross connections and back flows per regulatory requirement. The team ensures we meet our goal of providing the community with safe and reliable water.

#### Legal Requirement

Compliance with GASB, GAAP, OSHA, County EMD, DTSC, Labor Agreements, City Codes, and policies. As well as Federal: The EPA Clean Water Act and amendments, Safe Drinking Water Act, Lead and Copper Rule, Long Term 1 Enhanced Surface Water Treatment Rule (LT1ESWTR). Long Term 2 Enhanced Surface Water Treatment Rule (LT2ESWTR or LT2 rule), Stage 1 and Stage 2 Disinfectants and Disinfection Byproduct Rule, the Total Coliform Rule, the Arsenic Rule, etc. State: State Water Code, CCR Titles 17, 20, and 22, CA PUC General Order 103-A, CA Health and Safety Code, Div. 104, Part 12, Chapter 4 the California Safe Drinking Water Act. Also, included are mandatory orders from various regulators.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be redu ced by contracting out LOS Change?	How long would contracting out take?
No	No	0	0	N/A

## What is the Minimal Legal Requirement?

Maintenance and testing of the system according to Federal, State, and local regulatory requirements as stated in Legal Requirement above.

#### Impact from Contracting Out? Change in LOS?

Reducing LOS will violate various regulations. The regulations dictate the level of service.

### What happens if we don't do this in Program? Who will enforce?

Potential for diseases and illness of epidemic proportion, compromised fire suppression, additional operational audits are conducted impacting staff time and resources, reduced public confidence, reduced funding because of the reduction in trust from our City Council members and customers, etc. Federal and State authorities enforce and can levy fines as well as find an administrator to take over our system.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 219, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Stormwater Classroom Presentation Services for Youth

#### **Program Description**

The Stormwater Classroom Presentation Services offers in-classroom interactive presentations that educate students in grades 3-6 on stormwater pollution and how they can improve water quality.

#### Legal Requirement

This outreach is required by the National Discharge Elimination System (NPDES) permit.

#### Budget Comments

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	No	0	0	There is an existing contract for this program.

## What is the Minimal Legal Requirement?

Staying in compliance with the NPDES permit.

## Impact from Contracting Out? Change in LOS?

The program is designed to be contracted out.

## What happens if we don't do this in Program? Who will enforce?

If program is not carried out, we will be out of compliance with the National Pollution Discharge Elimination System (NPDES) permit requirements.

## Can revenues be increased - established to provide General Fund offset for this program?

Per Proposition 218, the enterprise fund revenues can be increased through council approval for the Water and Wastewater funds and voter initiative for the Storm Drainage fund. This program has no impact on the General Fund.

## If General Fund Support is cut what is the impact on Revenues?

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

1 year

Yes

Yes

What is the Minimal Legal Requirement?

Impact from Contracting Out? Change in LOS?

Loss of full time employees. Changes in the Level of Service or potential savings (if any) would be dependent on how the contracts are written and enforced.

What happens if we don't do this in Program? Who will enforce?

Staff from other City Departments will have to make other arrangements for mail service; both interoffice and U.S. mail.

Can revenues be increased - established to provide General Fund offset for this program?

No

If General Fund Support is cut what is the impact on Revenues?

None, unless accounting and budgeting processes for Facilities funding changes to track goods or services shifted between departments on a cost reimbursement basis such as an internal service fund.

#### **Program Services**

Asset Management - right-of-way and real property acquisition, appraisals/reviews, disposal, and property leases leases.

#### **Program Description**

Right-of-way and real property acquisition, appraisals/reviews, disposal, property leases, & cell tower leases

#### Legal Requirement

Federal and State (Caltrans) regulations related to federally funded projects. State code requirements related to acquisitions and land sales (i.e. Surplus Land Act). Legal requirements negotiated in contract agreements.

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Contracted Out? Service Be Changed? Yes What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? How long would contracting out take?

### What is the Minimal Legal Requirement?

Caltrans sets requirements in order to qualify as a Local Public Agency and acquire property for federally funded right of way projects. City currently meets Caltrans requirements.

#### Impact from Contracting Out? Change in LOS?

Some tasks are already contracted out on an as-needed basis (i.e. appraisal, property sales). Additional contracting out of tasks may jeopardize project delivery, Caltrans certification, lease and property database management.

#### What happens if we don't do this in Program? Who will enforce?

Risk losing Caltrans certification, and therefore cannot acquire property for federally funded right of way projects.

# Can revenues be increased - established to provide General Fund offset for this program?

Leasing revenue can only be increased as negotiated in lease contracts. New lease revenues dependent on market forces at that time. A majority of lease revenue is controlled by managing department and does not offset Real Estates expenses. Lease revenues can be directed to offset General Fund costs.

# If General Fund Support is cut what is the impact on Revenues?

Loss of employees could lead to loss of lease revenue (new and existing) due to inadequate management of leases.

Department: 15000:Public Works Group: Group 9 POD Category: Essential 1 POD Function: Operations

#### **Program Services**

Respond to emergency requests for maintenance and repair that impact the health and safety of City staff and the public

#### Program Description

Ensure employee and public safety at City facilities and securing City property and associated assets.

#### Legal Requirement

Life Safety as defined by multiple agencies and codes including: Federal Occupational Safety and Health Administration, California Building, Electrical, Mechanical, codes

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Contracted Out?

Yes

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out-LOS change?

What is the potential dollar reduced by contracting out-LOS Change?

How Many FTE Could be reduced by contracting out-LOS Change?

How long would contracting out-LOS Change?

### What is the Minimal Legal Requirement?

The City is required to comply with all applicable codes and regulations, such as the California Building Code Title 24 that is a broad set of requirements for energy conservation, green design, construction and maintenance, fire and life safety, and accessibility."

### Impact from Contracting Out? Change in LOS?

Additional contracting out would result in loss of full time employees. However, a large amount of work is already contracted out with City staff performing oversight.

#### What happens if we don't do this in Program? Who will enforce?

The City may face fines and shutdowns, potential life safety code violations, and injuries. Enforcement would be done by Federal Occupational Safety and Health Administration, Fire Marshall, and other applicable agencies.

# Can revenues be increased - established to provide General Fund offset for this program?

No, unless accounting and budgeting processes for Facilities funding changes to track goods or services shifted between departments on a cost reimbursement basis, such as an internal service fund.

# If General Fund Support is cut what is the impact on Revenues?

Facilities would not have the staff to perform the work and would not collect the revenue from performing the work.

#### **Program Services**

Fleet Management provides asset management and budgeting for new and replacement vehicles and equipment. Specifications for replacement vehicles and equipment are developed consistent with the city's Fleet Sustainability Policy and with customer involvement to provide the most effective "tools" for their operations. Mandated record keeping, licensing, permitting, and reporting.

### **Program Description**

Replacement equipment is essential for operating departments to perform mission critical services cost effectively.

#### Legal Requirement

California Department of Motor Vehicles, Title 13, California Air Resources Board, California EPA, Sacramento County Environmental, California Highway Patrol 800H (REV08-07) OPI 062,, US EPA, Cal EPA, Federal Clean Air Act, California Health & Safety Code, US Department of Transportation. Health and Safety Code Section 44019, sub-sections (a-d).

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out • LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

Yes

Yes

22

1-2 years

What is the Minimal Legal Requirement?

Impact from Contracting Out? Change in LOS?

Currently, much of the sidewalk repairs are contracted out. A change in Level of Service will reduce response to customer complaints about trip/fall hazards, exposing the city to more trip/fall claims, increased liability and litigation, which may eliminate any cost savings realized by the change.

What happens if we don't do this in Program? Who will enforce?

Increase in trip/fall claims, increased liability and litigation.

Can revenues be increased - established to provide General Fund offset for this program?

n/a

If General Fund Support is cut what is the impact on Revenues?

Program is offset by Gas Tax, Measure A Maintenance, CIP reimbursements and revenues.

Program Services

Speed Limit Program

**Program Description** 

Implementation of easonable and enforceable speed limits to minimize speeding and collisions.

Legal Requirement

CVC Sec. 40802 requires this program if we want the ability to enforce speed limits

**Budget Comments** 

**CMO Comments** 

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?
1-2 years

Yes

What is the Minimal Legal Requirement?

California Vehicle Code division 11 requires posting of speed limits for enforcement.

Impact from Contracting Out? Change in LOS?

No cost savings anticipated.

What happens if we don't do this in Program? Who will enforce?

Enforcement of speed limits will not be possible. Potential for increase in collision liability and increase number of investigations.

Can revenues be increased - established to provide General Fund offset for this program?

No.

If General Fund Support is cut what is the impact on Revenues?

This program is fully offset by transportation related funds.

### **Program Services**

Street Lights & Traffic Signals Maintenance

### **Program Description**

ADA Support, Safety Lighting & Safety Intersection Control Maintenance (pedestrians, vehicles, bicyclists, Fire Dept. equipment), and replacement of damaged and "knocked down" poles.

### Legal Requirement

# **Budget Comments**

#### CMO Comments

Can This be Contracted Out? Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

Yes

Yes

17

1-2 years

#### What is the Minimal Legal Requirement?

### Impact from Contracting Out? Change in LOS?

Inability to respond to emergency and routine service calls would place safety and security of the public at risk. Impact on utility of roadways (movement of people and goods) would affect economic development. Street Light re-lamping (routine maintenance) is already contracted out.

### What happens if we don't do this in Program? Who will enforce?

Safety of the roadways would be a liability issue

# Can revenues be increased - established to provide General Fund offset for this program?

n/a

### If General Fund Support is cut what is the impact on Revenues?

This program is offset by Gas Tax, CIP's, Measure A Maintenance, and Landscaping & Lighting funds.

Traffic Signal Operations

**Program Description** 

Operating traffic signals properly is essential for safe operations of intersections.

Legal Requirement

CVC Sec. 21455; SCC Sec. 10.08.040

**Budget Comments** 

**CMO Comments** 

Can This be Contracted Out?

Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out-LOS Change?

How long would contracting out take?

1 Year

Yes

No

What is the Minimal Legal Requirement?

Operating traffic signals properly is essential for safe operations of intersections.

Impact from Contracting Out? Change in LOS?

Corridor timing work is already contracted out. No savings realized by contracting out additional work.

What happens if we don't do this in Program? Who will enforce?

Increased congestion on city streets. Exposes City to increased liability and litigation. Increase the number of investigations required.

Can revenues be increased - established to provide General Fund offset for this program?

No

If General Fund Support is cut what is the impact on Revenues?

This program is partially offset by Gas Tax.

### **Program Services**

Design and construction management for City facility improvements.

### **Program Description**

City facilities project and construction management

### Legal Requirement

Americans with Disabilities Act (ADA) Title 24 Accessibility Standards,
California Building Code Title 24,OSHA indoor air quality title 8, National Fire Protection Association (NFPA) section 25,
SMAQMD rule 411, California Health and safety code section 25401-25402.3,
and California code of regulations title 22 of division 4.5.

### **Budget Comments**

### **CMO Comments**

#### What is the Minimal Legal Requirement?

The City is required to comply with all applicable codes and regulations, such as the California Building Code Title 24 that is a broad set of requirements for energy conservation, green design, construction and maintenance, fire and life safety, and accessibility.

### Impact from Contracting Out? Change in LOS?

Already Contracted out, with staff performing oversight. If the remaining services were contracted out, in addition to what is already contracted out loss of Full time Employees and loss of continuity, quality and standards throughout the City. Level of Service would be dependent on the contracts. Changes in Level of Service would depend on how the contracts are written and enforced.

# What happens if we don't do this in Program? Who will enforce?

Projects would not get completed and departments may elect to manage their own projects. There would be a loss of continuity and quality of standards throughout the City.

# Can revenues be increased - established to provide General Fund offset for this program?

No, unless accounting and budgeting processes for Facilities funding changes to track goods or services shifted between departments on a cost reimbursement basis, such as an internal service fund.

# If General Fund Support is cut what is the impact on Revenues?

Facilities would not have the staff to perform the work and would not collect the revenue from performing the work.

**Program Services** 

Property management for downtown properties and multi-use facilities

**Program Description** 

Property management for downtown properties and multi-use facilities

Legal Requirement

City obligations are specified in lease agreements.

**Budget Comments** 

**CMO Comments** 

Can This be Contracted Out? Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out-LOS Change? How long would contracting out take?

Yes

Yes

What is the Minimal Legal Requirement?

Specified in lease agreements.

### Impact from Contracting Out? Change in LOS?

Loss Full Time Employees. Changes in Level of Services would be dependent on how the contracts are written and enforced.

### What happens if we don't do this in Program? Who will enforce?

Properties would not be managed, lease obligations would not be met, vacancy rates would increase (no management). Large negative impact on the building occupants of the City's multi-use facilities.

# Can revenues be increased - established to provide General Fund offset for this program?

Yes, if all vacant lease spaces can be leased out, potential for additional revenue. In multi-use facilities, charging "rent" to departments, based on area occupied could increase revenues.

# If General Fund Support is cut what is the impact on Revenues?

This change would decrease revenues from unmanaged leases, no new leases. General fund revenue would decrease.

#### **Program Services**

Response to citywide departments and public inquiries regarding city property

#### Program Description

Asset Mgmt is primary repository of historic information regarding City's real property assets. Significant impact to department projects if property rights are unknown/unconfirmed, potential legal risks if not performed. Providing public access to needed information.

### Legal Requirement

Public Records Act

### **Budget Comments**

### **CMO Comments**

Can This be Could the Level Of Contracted Out?

Yes

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How long would contracting out take?

### What is the Minimal Legal Requirement?

The City has to comply with Public Records Act, that expressly declared that access to information concerning the conduct of the people's business is a fundamental and necessary right of every person in this state.

### Impact from Contracting Out? Change in LOS?

Unknown

#### What happens if we don't do this in Program? Who will enforce?

Violations of the state Public Records Act are not in accordance with principles of good governance and transparency, and have a potential risk of litigation from the media and private citizens

# Can revenues be increased - established to provide General Fund offset for this program?

No

### If General Fund Support is cut what is the impact on Revenues?

None, unless accounting and budgeting processes for Facilities funding changes to track goods or services shifted between departments on a cost reimbursement basis, such as an internal service fund.

### **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out -LOS Change? How long would contracting out take?

Yes

No

Fleet parts management is currently contracted out to NAPA IBS.

# What is the Minimal Legal Requirement?

# Impact from Contracting Out? Change in LOS?

The City is already contracting out these services, so no additional savings would be realized. Contracting out has reduced costs and exposure to inventory loss.

# What happens if we don't do this in Program? Who will enforce?

City departments would have to incur cost of unbilled parts inventory of \$3 million and manage inventory.

# Can revenues be increased - established to provide General Fund offset for this program?

Not applicable as Fleet is an internal service fund.

### If General Fund Support is cut what is the impact on Revenues?

Not applicable as Fleet is an internal service fund.

Yes

No

What is the Minimal Legal Requirement?

Impact from Contracting Out? Change in LOS?

No additional savings is anticipated by contracting out as the cost for the Fleet Services program is typically lower than contracting out with the associated management costs.

What happens if we don't do this in Program? Who will enforce?

Each department would be responsible for arranging temporary vehicle rentals or transportation for staff.

Can revenues be increased - established to provide General Fund offset for this program?

Not applicable as Fleet is an internal service fund.

If General Fund Support is cut what is the impact on Revenues?

Not applicable as Fleet is an internal service fund.

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out • LOS change?

How Many FTE Could be reduced by contracting out • LOS Change?

How long would contracting out take?

INO

Yes

# What is the Minimal Legal Requirement?

Per City Code protected tree removal, maintenance, plans and permits are required to be reviewed, issued and enforced, along with requirements of various Landscaping and Lighting assessment districts.

### Impact from Contracting Out? Change in LOS?

Reduction in Level of Service would result in reduced technical support, and possibly increased liability. potential savings (if any) from contracting out is unknown.

### What happens if we don't do this in Program? Who will enforce?

Ability to enforce city's tree ordinance is reduced. Increase in claims, liability and litigation.

# Can revenues be increased - established to provide General Fund offset for this program?

Yes. Collect fee for arborist's review of development projects. Bill insurance companies for damage to trees resulting from vehicle accidents.

# If General Fund Support is cut what is the impact on Revenues?

Program is offset with Measure A Maintenance and Landscaping & Lighting funds

**Program Services** 

Sustainability

### **Program Description**

This program has responsibility for development, implementation, monitoring, and communicating critical Public Works# sustainability initiatives and coordination with other City and regional efforts, with a goal to integrate sustainability as a core element into City practices. Program initiative areas include public buildings, transportation system and clean mobility options, energy, activities in the right-of-way, grants/rebates, and more. In addition, the program provides technical advice, subject matter expertise, and capacity building to other departments and divisions and is responsible for critical Climate Action Plan tasks and implementing Council's climate agenda.

### Legal Requirement

Advance implementation of the City's Climate Action Plan, pursuant to SB32 (California Global Warming Solutions Act) and SB 375 (Sustainability Communities and Climate Protection Act).

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Contracted Out? Service Be Changed? Yes What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? How long would contracting out take?

### What is the Minimal Legal Requirement?

The City is legally required to implement and monitor the Climate Action Plan, in support of General Plan CEQA mitigation. Coordination, management, and facilitation is necessary to ensure effective implementation.

#### Impact from Contracting Out? Change in LOS?

Contracting services out would limit the ability of the Department to implement critical internal support functions and priority climate initiatives. This would impair the Department's ability to secure funding, accelerate, and deploy programs. Costs to contract out would not provide significant savings, and would fail to deliver the critical internal coordinating and internal leadership that the program provides.

# What happens if we don't do this in Program? Who will enforce?

Enforcement would fall to operational divisions and other departments. But the absence of this program would result in gaps of overarching coordination, accountability, implementation, and subject matter expertise.

# Can revenues be increased - established to provide General Fund offset for this program?

No other revenue options have been identified, but long-term savings from the program's investment more than cover the cost of the program.

### If General Fund Support is cut what is the impact on Revenues?

Loss of future potential cost savings. To date, the program has already implemented projects that are anticipated to deliver annual savings in excess of \$1 million across City fund lines, when averaged for project life cycles. The program also helps implement resiliency strategies that can help avoid future costs from the impacts of climate change.

### **CMO Comments**

How Many FTE Could be How long would What is the potential dollar Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Contracted Out? Service Be Changed? LOS Change? LOS change? take? 1 6 months Yes Yes

#### What is the Minimal Legal Requirement?

Compliance with City Code Chapter 2.100 establishing the Active Transportation Commission

### Impact from Contracting Out? Change in LOS?

Eliminating this program would reduce the City's ability build relationships and trust with the community as well reduce ability to implement pedestrian and bicycle improvements, reducing the number of federal, state, and regional grants the City could obtain.

### What happens if we don't do this in Program? Who will enforce?

Eliminating this program would reduce the City's ability to implement pedestrian and bicycle improvements, reducing the number of federal and state funded grants the City would likely be able to obtain.

Can revenues be increased - established to provide General Fund offset for this program?

# If General Fund Support is cut what is the impact on Revenues?

This program is offset by project reimbursements and Gas Tax.

Program Services

Project Development

### **Program Description**

Responsible for the scoping, estimating, and initiation of transportation capital improvement projects (CIP's) that include the expansion and modifications of the public ROW and transportation network, including feasibility studies and concept development. Establishes budgets, schedules, and manages transportation CIPs including state and federal grant funded projects. Prepares grants for competitive programs to fund roadway improvements, bridges, streetscapes, trails, and bikeways. Forecasts grant match requirements and other local expenses. Manages regional programming and updates for capital projects and federal authorizations. Procures and manages professional engineering services for studies and improvements per local, state and federal requirements. Provides project documentation, technical reports, city reviews, and environmental clearance for transportation CIPs. Interfaces with transportation planners, Caltrans, SACOG, Council offices, the media, and the public. Services are fully offset with Capital and Private Development funds.

### Legal Requirement

Compliance with City, state, and federal audit requirements, Public Contract Code Sec. 10373, U.S. Government Code, Federal Code of Regulations Titles 23, 24, 26, 29, 41, 48, and 49. California Civil Code and Code of Civil Procedure for procurement of professional services. California Streets and Highway Codes.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	0	0	<b>₩</b>

#### What is the Minimal Legal Requirement?

Failing infrastructure that is immediate safety concern would need to be scoped to determine cost by professional engineering staff. Accounting and auditing for existing projects is mandated by federal and state grant agreements.

# Impact from Contracting Out? Change in LOS?

Contracting out would reduce responsiveness to community and council member questions, would reduce the number of transportation projects developed and then subsequently built, resulting in less transportation funding.

### What happens if we don't do this in Program? Who will enforce?

Eliminating this program would result in the City's inability to initiate and deliver transportation CIPs, resulting in fewer improvement projects and missed opportunities for state and federal funding. Current grant funded project efforts would cease and put the City in default with state and federal grant agreements. Currently obligated and future programmed funds would be lost due to fund requirement timelines, and the failure to deliver. Transportation funds would be reduced.

# Can revenues be increased - established to provide General Fund offset for this program?

This program is fully offset. For decades this program has had no general fund reliance because of the availability of local discretionary transportation matching funds. With the expiration of Old Measure A funds, the program will need new local discretionary fund revenues to continue pursuing programming transportation capital grant opportunities. The regional metropolitan planning organization (SACOG) requires an 11.47% match on the federal funds programmed through competitive programs. This match requirement is true for the state Active Transportation Program, the state Highway Bridge Program, and the state Highway Safety Improvement Program. In addition, the SB1 Local Regional Partnership program requires a 50% match. To continue leveraging state and federal funds new local match sources must be identified or the city will lose a significant amount of transportation funds available through grants.

### If General Fund Support is cut what is the impact on Revenues?

Reduced federal, state, and local transportation dollars would be realized. Program is currently fully offset.

Program Services

Streetscape Maintenance

### **Program Description**

Well-maintained transportation corridor landscaping contributes to public safety, neighborhood liveability, and increased property values.

### Legal Requirement

City financing plans and annual assessment districts (Citywide Landscaping and Lighting District and other landscape and maintenance districts).

#### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	7.E	4	6-12 months

#### What is the Minimal Legal Requirement?

Landscaping and Lighting district requirements

### Impact from Contracting Out? Change in LOS?

Services are currently contracted out. Inspections are completed by City staff.

### What happens if we don't do this in Program? Who will enforce?

The City's 565+ acres of streetscapes would be in serious risk of failure, significantly impacting quality of life and economic development. Millions of dollars of public infrastrucutre investment would be at risk.

### Can revenues be increased - established to provide General Fund offset for this program?

n/a

# If General Fund Support is cut what is the impact on Revenues?

This program is funded by special district funds.

Program Services

Illegal Dumping

## **Program Description**

Recycling and Solid Waste Division dedicates resources to combat and prevent illegal dumping. The division provides code enforcement services and the collection and disposal of illegally dumped waste.

#### Legal Requirement

Title 13, Chapter 13.10.130 of the City Code

#### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	*	8	1 Year

### What is the Minimal Legal Requirement?

No legal requirement to pick up illegally dumped refuse. The City is required to pay a reward for information that leads to the arrest and conviction of one who violates illegal dumping provisions.

## Impact from Contracting Out? Change in LOS?

Reductions in Level of Service will result in accumulation of illegally dumped debris across the City.

### What happens if we don't do this in Program? Who will enforce?

Other City departments, such as Community Development or Community Response, will have to provide services should this program be eliminated, or illegally dumped refuse will accumulate, creating health and safety risks.

## Can revenues be increased - established to provide General Fund offset for this program?

No.

## If General Fund Support is cut what is the impact on Revenues?

If general funding is cut then RSW cannot provide illegal dumping services as funds generated by rate payers cannot be used for this type of service. It is a violation of Prop 218. Illegal dumping services are funded by general fund and L&L.

## Youth Program

## Goal of Program

Enrichment of lives by providing development program integrating education job skills training and work experience.

Sustainability, LEED. Energy management, monitoring utility account management system (Energy Cap)

#### Program Description

Sustainability, LEED, Energy management, monitoring utility account management system (Energy Cap)

### Legal Requirement

Support new local mandates from the City's New Building Electrification Ordinance for City facilities, and implementation of the City's Climate Action Plan for municipal buildings. Ensure City compliance with mandatory state energy reporting for large buildings pursuant to the State's Building Energy Benchmarking Program, established by AB 802. Advise citywide policy and program development for green building standards. Support compliance with forthcoming state requirements for zero-emission public fleets in the Advanced Clean Fleets Regulation.

## **Budget Comments**

## **CMO Comments**

Can This be Could the Level Of Contracted Out? Service Be Changed? What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? LOS Change? How long would contracting out take?

#### What is the Minimal Legal Requirement?

The City must comply with local and state ordinances for new building electrification standards, and must ensure that local standards do not impose a barrier to compliance with other laws and regulations for critical facilities. Energy benchmarking reports must be submitted to the state annually for large facilities. Future City fleet purchases must comply with forthcoming Advanced Clean Fleets Regulations, necessitating the expansion of fleet charging infrastructure.

#### Impact from Contracting Out? Change in LOS?

If the remaining services were contracted out, in addition to what is already contracted out, loss of Full Time Employees and loss of continuity, quality and standards throughout the City. Level of Service would be dependent on how the contracts were written and enforced.

## What happens if we don't do this in Program? Who will enforce?

Tracking and monitoring of Energy management and Sustainability would not get completed, departments may elect to manage their own projects, loss of continuity, quality and standards throughout the City.

### Can revenues be increased - established to provide General Fund offset for this program?

No, unless accounting and budgeting processes for Facilities funding changes to track goods or services shifted between departments on a cost reimbursement basis such as an internal service fund.

### If General Fund Support is cut what is the impact on Revenues?

Facilities would not have the staff to perform the work and would not collect the revenue from performing the work.

Off-Street Parking Facilities

#### **Program Description**

The City of Sacramento owns and manages parking facilities throughout the city to provide off-street parking services, including monthly and event parking, to service residents, visitors, and businesses of Sacramento.

How long would

contracting out

take?

12 months

### Legal Requirement

**Budget Comments** 

**CMO Comments** 

Can This be Could the Level Of Service Be Changed?

Yes

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

LOS Change?

What is the Minimal Legal Requirement?

### Impact from Contracting Out? Change in LOS?

Loss of control of the parking program, such as elimination of discount parking programs.

## What happens if we don't do this in Program? Who will enforce?

Negative impact on economic development inclusive of loss of service to special events, potential tax revenue and \$13.5 million of program revenue.

## Can revenues be increased - established to provide General Fund offset for this program?

N/A

## If General Fund Support is cut what is the impact on Revenues?

The Off Street Parking program is \$8 million cash positive.

### Youth Program

## Goal of Program

City Volunteers & Interns Parking Program:

Support youth internships offered by the City at locations in the downtown area by offering free parking at Memorial Garage for City volunteers and interns (not restricted to youth).

## **Program Services**

On-Street Parking Enforcement

### **Program Description**

On-Street Parking Enforcement ensures compliance of local and state parking regulations to facilitate the safe turnover and availability of parking spaces throughout the city.

#### Legal Requirement

**Budget Comments** 

**CMO Comments** 

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take? 12 months

No

Yes

#### What is the Minimal Legal Requirement?

There is no legal requirement to provide on-street parking enforcement. However, if the service adds safety and encourages turnover of parking spaces to support the community.

## Impact from Contracting Out? Change in LOS?

## What happens if we don't do this in Program? Who will enforce?

Parking enforcement encourages compliance with parking regulations which increases safety for the community.

## Can revenues be increased - established to provide General Fund offset for this program?

The program expects to continue contributing to General Fund with the increasing recovery from the pandemic.

## If General Fund Support is cut what is the impact on Revenues?

This program is self-funding.

## POD P286 Detail Sheet by POD

Fiscal Year: FY2022/23

Program Status: Active Youth Program: No Youth Program

Department: 15000:Public Works Group: Group 2 POD Category: Fully Offset POD Function: Operations

#### **Program Services**

Project Design and Delivery

#### **Program Description**

Manage and prepare the design of civil and electrical improvement plans, specifications and estimates as construction contract bid documents, manage the City's transportation capital improvement projects and programs, develop and administer citywide standard construction specifications and improvement standards for transportation infrastructure within the public right-of-way, and manage the project design oversight and administration of capital improvement projects through construction completion. Services are fully offset with Capital and Private Development funds.

#### Legal Requirement

State of California Professional Engineer's Act. Sec. 6735 requires a State of California Licensed/Registered Civil Engineer to approve all plans for construction. Also a condition of state and federal construction funding.

#### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	0	0	**

#### What is the Minimal Legal Requirement?

State of California Professional Engineer's Act Sec. 6735 requires that all civil engineering plans, calculations, specifications and reports shall be prepared by or under the responsible charge of a State of California Licensed/Registered Civil Engineer. Similarly, State of California Professional Engineer#s Act Sec. 6735.1 requires all electrical engineering plans, specifications, calculations, and reports shall be prepared by, or under the responsible charge of a licensed electrical engineer.

Also, as a condition of state and federal construction funding and consistent with 23 CFR 172.9, a local agency must designate a full-time, public employee in responsible charge of each project. The role of the responsible charge is to ensure that the work delivered under contract is complete, accurate, and consistent with the terms, conditions, and specifications of the contract.

## Impact from Contracting Out? Change in LOS?

Contracting out would reduce responsiveness and accountability to communities and the City Council; would reduce the number of transportation projects developed and then subsequently built, resulting in less transportation funding.

## What happens if we don't do this in Program? Who will enforce?

Eliminating this program would preclude the City from delivering its transportation CIP and would result in the loss of local, state, and federal transportation funds.

### Can revenues be increased - established to provide General Fund offset for this program?

This program is fully offset. For decades this program has had no general fund reliance because of the availability of local discretionary transportation matching funds. With the expiration of Old Measure A funds, the program will need new local discretionary fund revenues to continue pursuing programming transportation capital grant opportunities. The regional metropolitan planning organization (SACOG) requires an 11.47% match on the federal funds programmed through competitive programs. This match requirement is true for the state Active Transportation Program, the state Highway Bridge Program, and the state Highway Safety Improvement Program. In addition, the SB1 Local Regional Partnership program requires a 50% match. To continue leveraging state and federal funds new local match sources must be identified or the city will lose a significant amount of transportation funds available through grants.

## If General Fund Support is cut what is the impact on Revenues?

Reduced federal, state, and local transportation funds would be realized. Program is currently fully offset. However, because Old Measure A has expired new local matching funds should be identified to participate in future grant funds available from state, regional, and federal funding sources in order to advance transportation capital improvement efforts.

**Program Services** 

Survey

### **Program Description**

Provide topographic survey and construction staking for CIPs; map property boundaries, easements, and the public right-of-way for the development of CIPs; maintain the City's vertical datum; prepare legal plats and descriptions for the acquisition and management of the City's real property assets. Services are fully offset with Capital and Private Development funds.

## Legal Requirement

Professional Engineers and Land Surveyors Act Articles 1, 3, and 5. City Ordinance No. 3425. Subdivision Map Articles 1 & 3.

## **Budget Comments**

## **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes		6	6 months

#### What is the Minimal Legal Requirement?

City is required to provide Professional Land Surveyor services per the California Subdivision Map Act.

## Impact from Contracting Out? Change in LOS?

Reducing this program would result in reduced levels of service to private development and for the delivery of Transportation CIPs.

## What happens if we don't do this in Program? Who will enforce?

Eliminating this program in its entirety is not practicable as the City is required to provide Professional Land Surveyor services per the California Subdivision Map Act. Reducing this program would result in reduced levels of service to private development and for the delivery of Transportation CIPs.

### Can revenues be increased - established to provide General Fund offset for this program?

Currently this program is fully offset.

## If General Fund Support is cut what is the impact on Revenues?

Currently, this program is fully offset.

Operate Sacramento Marina

## **Program Description**

The Sacramento Marina is a 475 slip public marina at the southern end of Front Street providing access to the Sacramento River for the greater Sacramento region. It is a full service marina proving monthly slip rental, overnight guest usage, fuel, sewage pump out, potable water and miscellaneous boating supplies in a retail store.

#### Legal Requirement

Irrevocable agreement (CM2005-0307) with the State's Department of Boating and Waterways requires the Marina to remain open, and functional throughout the term of the loan employing only City employees.

## **Budget Comments**

## **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	*	*	9 months

## What is the Minimal Legal Requirement?

The Miller family donated the 57 acre parcel to the City with the requirement that it be maintained as a park and marina.

### Impact from Contracting Out? Change in LOS?

AMA

### What happens if we don't do this in Program? Who will enforce?

The Marina Fund would be unable to make debt service payments if the Marina were closed.

## Can revenues be increased - established to provide General Fund offset for this program?

No General Fund impact. Insufficient funds to cover direct operation and full debt service.

## If General Fund Support is cut what is the impact on Revenues?

Currently, there is no General Fund support received.

**Program Description** 

Americans with Disabilities Act construction projects and compliance

Legal Requirement

American with Disability Act. (ADA), California Building Code Title 24.

**Budget Comments** 

**CMO Comments** 

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out-LOS Change?

How long would contracting out take?

Yes

Yes

## What is the Minimal Legal Requirement?

Legal requirements are due to the American with Disability Act. (ADA), and California Building Code Title 24 that is a broad set of requirements for energy conservation, green design, construction and maintenance, fire and life safety, and accessibility that apply to the structural, mechanical, electrical, and plumbing systems in a building.

## Impact from Contracting Out? Change in LOS?

If the remaining services were contracted out, in addition to what is already contracted out, it would result in loss of full time employees and loss of continuity, and quality and standards throughout the City. Changes in Level of Service would be dependent on how the contracts were written and enforced.

### What happens if we don't do this in Program? Who will enforce?

Potential disabilities accessibility lawsuits.

## Can revenues be increased - established to provide General Fund offset for this program?

No, unless accounting and budgeting processes for Facilities funding changes to track goods or services shifted between departments on a cost reimbursement basis such as an internal service fund.

### If General Fund Support is cut what is the impact on Revenues?

Facilities would not have the staff to perform the work and would not collect the revenue from performing the work.

Can This be Could the Level Of Contracted Out? Service Be Changed? Yes What is the potential dollar savings from contracting out-LOS change? How Many FTE Could be reduced by contracting out-LOS Change? How long would contracting out-LOS Change?

### What is the Minimal Legal Requirement?

The City is required to complying with all applicable codes and regulations, such as the California Building Code Title 24 that is a broad set of requirements for energy conservation, green design, construction and maintenance, fire and life safety, and accessibility.

## Impact from Contracting Out? Change in LOS?

A large amount of work is already contracted out but City staff performs oversight. If the remaining services were contracted out, it would result in a loss of full time employees and loss of continuity, quality and standards throughout the City. Changes in Level of Service would be dependent on how the contracts were written and enforced.

#### What happens if we don't do this in Program? Who will enforce?

Projects would not get completed, departments may elect to manage their own projects, loss of continuity, loss quality and standards throughout the City.

## Can revenues be increased - established to provide General Fund offset for this program?

No, unless accounting and budgeting processes for Facilities funding changes to track goods or services shifted between departments on a cost reimbursement basis such as an internal service fund.

## If General Fund Support is cut what is the impact on Revenues?

Facilities would not have the staff to perform the work and would not collect the revenue from performing the work.

Department: 15000:Public Works Group: Group 2 POD Category: Mandated POD Function: Operations

### **Program Services**

Americans with Disabilities Act in the Public Right-of-Way

#### **Program Description**

Manage accessibility in the public right-of-way and staff the City's Disabilities Advisory Commission. Services are fully offset with Capital and Private Development funds.

#### Legal Requirement

Compliance with Barden Settlement Agreement and State Government Codes 4450 et seq. 1135 et seq. Compliance with Title 24, CCR, Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Sec. 794 et seq. Compliance with Title II of the Americans with Disabilities Act of 1990, 42 U.S.C. Sec 12132 et seq. and 28 CFR Part 35, Sec. 35.104 et seq. Compliance with the California Streets and Highways Code.

### **Budget Comments**

#### **CMO Comments**

What is the potential dollar How Many FTE Could be How long would Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Contracted Out? Service Be Changed? LOS change? LOS Change? take? 0 0 No Yes

#### What is the Minimal Legal Requirement?

Compliance with Barden Settlement to make required contributions for ADA improvements.

## Impact from Contracting Out? Change in LOS?

Would require additional oversight by in-house staff, which would delay responsiveness, reduce accountability, and add additional costs to the program.

## What happens if we don't do this in Program? Who will enforce?

Eliminating this program would result in reduced compliance with legal accessibility requirements and result in potential risk of litigation.

## Can revenues be increased - established to provide General Fund offset for this program?

This program is fully offset. For decades this program has had no general fund reliance because of the availability of local discretionary transportation matching funds. With the expiration of Old Measure A funds, the program will need new local discretionary fund revenues to continue pursuing programming transportation capital grant opportunities. The regional metropolitan planning organization (SACOG) requires an 11.47% match on the federal funds programmed through competitive programs. This match requirement is true for the state Active Transportation Program, the state Highway Bridge Program, and the state Highway Safety Improvement Program. In addition, the SB1 Local Regional Partnership program requires a 50% match. To continue leveraging state and federal funds new local match sources must be identified or the city will lose a significant amount of transportation funds available through grants.

## If General Fund Support is cut what is the impact on Revenues?

Reduced federal, state, and local transportation funds would be realized. Program is currently fully offset. However, because Old Measure A has expired new local matching funds should be identified to participate in future grant funds available from state, regional, and federal funding sources in order to advance transportation capital improvement efforts.

**Program Services** 

Construction Inspections

#### Program Description

Provide construction engineering services for transportation CIPs, manage all construction activities and enforce traffic control within the public right-of-way, inspect private development for compliance with City standards. Services are fully offset with Capital and Private Development funds.

#### Legal Requirement

City Code Title 12, Street, Sidewalks & Public Places; Title 15, Buildings and Construction; Title 16, Subdivisions; and Title 18, Development Requirements; Compliance with the California Map Act. Requirement for receiving federal transportation grants.

### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	*	5	6 months

#### What is the Minimal Legal Requirement?

City must accept public transportation improvements.

## Impact from Contracting Out? Change in LOS?

Decreased time for inspections for private development and CIPs, would add to overall cost of improvements due to increased contractor costs due to longer construction time line.

#### What happens if we don't do this in Program? Who will enforce?

Eliminating this program would preclude the City from verifying compliance with City public improvement standards for both CIPs and private development work within the public right-of-way. Lack of inspections could result in unsafe improvements or use of the public right-of-way and increased legal vulnerability. This would essentially be self-enforced by contractors/developers performing work.

## Can revenues be increased - established to provide General Fund offset for this program?

Currently, this program is fully offset. For decades this program has had no general fund reliance because of the availability of local discretionary transportation matching funds. With the expiration of Old Measure A funds, the program will need new local discretionary fund revenues to continue pursuing programming transportation capital grant opportunities. The regional metropolitan planning organization (SACOG) requires an 11.47% match on the federal funds programmed through competitive programs. This match requirement is true for the state Active Transportation Program, the state Highway Bridge Program, and the state Highway Safety Improvement Program. In addition, the SB1 Local Regional Partnership program requires a 50% match. To continue leveraging state and federal funds new local match sources must be identified or the city will lose a significant amount of transportation funds available through grants.

### If General Fund Support is cut what is the impact on Revenues?

Reduced federal, state, and local transportation funds would be realized. Program is currently fully offset. However, because Old Measure A has expired new local matching funds should be identified to participate in future grant funds available from state, regional, and federal funding sources in order to advance transportation capital improvement efforts.

**Program Services** 

Development Plan Review

#### **Program Description**

Review and approve all private development improvement plans for work within the public right-of-way and enforce conditions of approval placed on private projects. Services are fully offset with Capital and Private Development funds.

#### Legal Requirement

City Code Title 12, Streets, Sidewalks & Public Places; Title 15, Building and Construction, City Code Title 17, Planning and Development Code, California Subdivision Map Act, and City Standard Specifications.

## **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	*	3	6 months

## What is the Minimal Legal Requirement?

City approval of private development by a registered professional civil engineer for major encroachment projects and City approval for minor encroachment projects.

### Impact from Contracting Out? Change in LOS?

Would delay approval of private development, increase in administrative time and labor costs for project reconciliation and oversight, with no reduction in costs.

#### What happens if we don't do this in Program? Who will enforce?

Elimination of this program is not practicable. Would be enforced by City Attorney.

## Can revenues be increased - established to provide General Fund offset for this program?

Revenues are based on full cost recovery.

## If General Fund Support is cut what is the impact on Revenues?

This is fully offset by project reimbursements. A reduction in GF could result in a negative impact to GF.

Map Review

### **Program Description**

Review and process for approval final maps, final parcel maps, lot line adjustments, lot mergers, easement abandonments (public utility easements, roadway easements, etc...), and alley closures. Services are fully offset with Capital and Private Development funds.

#### Legal Requirement

Professional Engineers and Land Surveyors Act; California Subdivision Map Act; City Code Title 17.832 Final and Parcel Maps, Title 17 Planning and Development City Resolution 96-176, California Streets and Highways Code Section \$300.

## **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	*	3	6 months

## What is the Minimal Legal Requirement?

Review and approval of maps and abandonments for recordation.

### Impact from Contracting Out? Change in LOS?

Would result in longer time frames for approval and recordation of maps, increase in administrative time and labor costs for project reconciliation and oversight. City Surveyor with professional Land Surveyor license must sign all final maps prior to recordation.

## What happens if we don't do this in Program? Who will enforce?

It would not be possible to subdivide land or merge lots within the City, which would be a violation of State law. Enforcement would occur through City Attorney.

## Can revenues be increased - established to provide General Fund offset for this program?

These revenues are full cost recovery.

### If General Fund Support is cut what is the impact on Revenues?

This program is fully offset by project reimbursements.

Program Services

**Landfill Operations** 

### **Program Description**

State and federal law requires the City of Sacramento to provide monitoring, reporting, operations, and maintenance for the post closure of landfills

### Legal Requirement

State Mandate CalRecycle Title 27, Subchapter 4: Criteria for Landfills and Disposal Sites and Subchapter 5: Closure and Post Closure Maintenance

#### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	No		6	1 year

#### What is the Minimal Legal Requirement?

The City's landfills must be monitored per the post-closure plan filed with the State. There is not an option to do less than this plan or what the City currently does to adhere to the plan.

## Impact from Contracting Out? Change in LOS?

Contracting out the post closure activities at the landfill is possible but the cost does not make it a prudent choice. SCS Engineers, the City's landfill consultant, could staff the landfill to do the post closure gas monitoring, but the City would still need at least 1.00 FTE onsite at the landfill to watch over the facilities and make repairs as needed. The cost to add SCS Engineers to do the monitoring will likely exceed the cost of a 2nd City FTE to do the monitoring as it is currently done.

## What happens if we don't do this in Program? Who will enforce?

The City must comply with the landfill post closure plan as mandated by State law. There is not an option to discontinue this program. While contracting out these services is possible to maintain compliance, it comes at a greater cost to the City.

## Can revenues be increased - established to provide General Fund offset for this program?

Nο

## If General Fund Support is cut what is the impact on Revenues?

N/A

## **Program Services**

Residential Garbage Collection

### **Program Description**

The Recycling and Solid Waste Division (RSWD) provides a range of waste and recycling collection services to approximately 131,000 residential accounts within the City of Sacramento. Garbage is collected weekly.

#### Legal Requirement

Title 40 of the Code of Federal Regulations (Protection of Environment), Part 243 Guidelines for the Storage and Collection of Residential, Commercial and Institutional Solid Waste

## **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out -LOS Change? 51

How long would contracting out take?

1 year

Yes

No

Ħ

## What is the Minimal Legal Requirement?

Section 243.203-1 of the Federal mandate requires that solid wastes be collected at a minimum of once during each week; therefore, bi-weekly collection or other service levels changes are not an option.

## Impact from Contracting Out? Change in LOS?

The cost of contract out and change in level of service are unknown.

## What happens if we don't do this in Program? Who will enforce?

Mandated program, service must be performed.

## Can revenues be increased - established to provide General Fund offset for this program?

No

### If General Fund Support is cut what is the impact on Revenues?

If this program is cut or contracted out, there will likely be cuts to General Funded departments that provide support to this program, including City 311 and Fleet.

Program Services

Street Sweeping

#### **Program Description**

The Recycling and Solid Waste Division (RSWD) sweeps more than 150,000 miles of public right-away every year. Street sweeping not only keeps streets looking neat, it also prevents debris from entering storm drains, causing street flooding and damage to our waterways. City streets are swept approximately every four weeks from February through October.

### Legal Requirement

NPDES: Paragraph 10, Municipal Operations Program Sub Paragraph F, Streets and Road Maintenance of NPDES.

## **Budget Comments**

#### **CMO Comments**

What is the potential dollar How Many FTE Could be How long would Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Contracted Out? Service Be Changed? LOS change? LOS Change? take? Yes Yes 11 1 year

#### What is the Minimal Legal Requirement?

As long as the City continues to provide loose in the street green waste service, it will need to provide street sweeping to ensure debris and material stay out of the storm drains.

## Impact from Contracting Out? Change in LOS?

The cost of contract out and change in level of service are unknown. Changes in level of service may lead to damage to storm drains and an increase in street flooding.

### What happens if we don't do this in Program? Who will enforce?

If the City does not provide this program, debris and other materials may clog or damage our storm drains and increase City costs to fix these issues.

### Can revenues be increased - established to provide General Fund offset for this program?

No

## If General Fund Support is cut what is the impact on Revenues?

If this program is cut or contracted out, there will likely be cuts to General Funded departments that provide support to this program, including City 311 and Fleet.

**Program Services** 

Residential Recycling Collection

Program Description

The Recycling and Solid Waste Division (RSWD) provides curbside collection of mixed recyclables every other week

Legal Requirement

State Regulations - CalRecycle Title 14

**Budget Comments** 

**CMO Comments** 

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

Yes

Yes

## What is the Minimal Legal Requirement?

There is no minimum legal requirement on collection frequency. To meet the obligations of CalRecycle Title 14, the City is required to dispose of no more than 6.9 pounds per person per day.

## Impact from Contracting Out? Change in LOS?

The cost of contract out and change in level of service are unknown. Reducing level of service may put the City at risk of fines and loss of funding.

## What happens if we don't do this in Program? Who will enforce?

If the City does not provide recycling collection, customers will dispose of their recyclables into the trash and the City will not meet our State mandated diversion requirements. If the City fails to comply, it will be subject to \$10K per day in fines until we do so. The division will also not receive approximately \$100K in proceeds from the sale of recyclables.

### Can revenues be increased - established to provide General Fund offset for this program?

No

## If General Fund Support is cut what is the impact on Revenues?

If this program is cut or contracted out, there will be cuts to General Funded departments that provide support to this program, including City 311 and Fleet.

**Program Services** 

Green Waste Collection (containerized)

#### **Program Description**

Recycling and Solid Waste Division provides curbside collection of containerized yard waste weekly. Leaf season Citywide collection of yard waste piles occur only in November, December and January.

### Legal Requirement

State Regulations - CalRecycle Title 14

#### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes		37	1 year

#### What is the Minimal Legal Requirement?

There is no minimum legal requirement. Customers have the option to leave their green waste curbside or put it in a container for collection. To meet the obligations of CalRecycle Title 14, the City is required to dispose of no more than 6.9 pounds per person per day.

### Impact from Contracting Out? Change in LOS?

The cost of contracting out and change in level of service are unknown. If level of service were reduced, customers may dispose more of their green waste into the trash.

### What happens if we don't do this in Program? Who will enforce?

If the City does not provide green waste service, customers will dispose of their green waste into the trash and the City will not meet our State mandated 50% diversion requirements. If the City faila to comply, it will be subject to \$10K per day in fines.

## Can revenues be increased - established to provide General Fund offset for this program?

No

### If General Fund Support is cut what is the impact on Revenues?

If this program is cut or contracted out, there will likely be cuts to General Funded departments that provide support to this program, including City 311 and Fleet.

How Many FTE Could be What is the potential dollar How long would Can This be Could the Level Of reduced by contracting out -LOS Change? savings from contracting out contracting out Contracted Out? Service Be Changed? LOS change? take? 0 0 Yes No N/A

### What is the Minimal Legal Requirement?

As the property owner the City is required to manage the property per the agreement with the State of California. The Property Management Agreement will terminate on June 30, 2023, corresponding with the scheduled date of acquisition of the property by the State of California.

### Impact from Contracting Out? Change in LOS?

Service is already contracted out to a property management firm.

#### What happens if we don't do this in Program? Who will enforce?

## Can revenues be increased - established to provide General Fund offset for this program?

Revenue rates are set in the executed contract and revenues fluctuate based on actual costs.

## If General Fund Support is cut what is the impact on Revenues?

N/A

Commercial Waste Regulation

#### **Program Description**

Recycling and Solid Waste is responsible for regulating commercial waste material collection for both haulers and generators. The compliance is required to meet state mandates for landfill diversion.

## Legal Requirement

Title 13, Chapter 13.24.00

### **Budget Comments**

## **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	No		5	1 Year

### What is the Minimal Legal Requirement?

Inspections and reporting on 5,000+ commercial generators# adhering to state mandate and reporting to CalRecycle. Overseeing franchise haulers ability to legally operated in the City.

## Impact from Contracting Out? Change in LOS?

Inspections and reporting on 5,000+ commercial generators# adhering to state mandate and reporting to CalRecycle. Overseeing franchise haulers ability to legally operated in the City

## What happens if we don't do this in Program? Who will enforce?

Collection will be unregulated and the City would be in line for sanctions from CalRecycle for not meeting state mandates for diversion.

## Can revenues be increased - established to provide General Fund offset for this program?

Increase commercial hauler fees

## If General Fund Support is cut what is the impact on Revenues?

The program is fully funded by franchise hauler fees. No discretionary general fund is used.

### **Program Services**

Program and Maintain the Old Sacramento Historic District. Maintain and Manage the Old Sacramento Public Market Buildings/Leases, Waterfront Leases and Public Boat Dock

#### Program Description

Program to assure continual improvement of the City's Historic District / attraction / special event venue. Public Market Building tenants/leases. Manage Old Sac agreements, leases, and multiple CIP's.

#### Legal Requirement

The City's Master Lease with State Lands Commission (87074), as well as agreements with Joe's Crab Shack (2001-067); Delta King (85042); Rio City Cafe (93-098-3) and Homblower Cruises, Inc. (2009-0671-05). Downtown Sacramento Partnership (2015-188805). (The City contracts out Old Sac. maintenance services to DSP beginning from 10/01/14. As of FY22, current maintenance and management contract is \$858,000 with \$368,000 from the History Division budget. A total of 6.7 maintenance FTE is eliminated from here and a new POD# 596 is created for Old Sac. Maintenance and Management Services).

#### **Budget Comments**

#### **CMO Comments**

Can This be Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? How long would contracting out take?

#### What is the Minimal Legal Requirement?

- -The City's Master Lease with State Lands Commission (87074),
- -Agreements with Joe's Crab Shack (2001-067); Delta King (85042); Rio City Cafe (93-098-3) and Hornblower Cruises, Inc. (2009-0671-05), River City Queen (2019-1109), Sac Brew Boat (2019-1025), Sacramento River Tours (2019-1474-05)
- -The maintenance and management contract with Downtown Sacramento Partnership (2015-1888-05) effective 7/1/21. Services contracted out since 2014.

-City owns Public Market buildings property. Manages and leases spaces in both properties.
-Manages

and operates the Old Sacramento public boat dock

# Impact from Contracting Out? Change in LOS?

N/A

# What happens if we don't do this in Program? Who will enforce?

Potential litigation for non-compliance with City leases. Leases and permit would not be managed. The Public Market, waterfront properties and docks in Old Sacramento will become unsafe and unsanitary. Loss of income from rental property. No one else will manage it.

# Can revenues be increased - established to provide General Fund offset for this program?

Lease contracts are reviewed periodically for max revenue. Pubic dock has the potential for increased revenue with higher usage/fee increases. The Public Market Fund 2601 does not have General Fund support.

#### If General Fund Support is cut what is the impact on Revenues?

It will impact lease management, revenue and tourism for the entire district. Public market does not have General Fund support.

Program Services

Art in Public Places

# **Program Description**

Install/maintain/repair artwork properly, remove vandalization, and uninstall with proper process.

Manage the artist selection and design review process, fabrication and installation of artworks, education and public relations

#### Legal Requirement

The Art in Public Places program is established in City Code, 2.84.120 and MOU, and a great liability to the City if the artwork is not maintained properly, vandalized (and not repaired), or if it is removed without proper process, mandated by the Visual Arts Protection Act.

# **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	2	12	28

# What is the Minimal Legal Requirement?

2% of construction projects by City ordinance. Project management is funded by a portion of the 2%.

### Impact from Contracting Out? Change in LOS?

Program growth and contracts based on number of City and County projects.

### What happens if we don't do this in Program? Who will enforce?

The program now includes more than 650 works of art.

State law requires appropriate care and maintenance of these art works.

The care and maintenance is not included in the 2% allocation.

# Can revenues be increased - established to provide General Fund offset for this program?

...

# If General Fund Support is cut what is the impact on Revenues?

No General Fund support.

Services

# **Program Services**

City Support to Sacramento History Museum

# **Program Description**

Operation Sacramento History Museum and historical programming in district

#### Legal Requirement

The SHM received \$500,000 in funding from the 2006 CRCIP, and if the site were to be leased for private use, that could violate the restriction of the tax exempt status of the bonds. Additionally, the museum was built in part with private funds.

### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	×	*	×

### What is the Minimal Legal Requirement?

Current support marginally meets need to keep museum open.

### Impact from Contracting Out? Change in LOS?

Currently contracted with nonprofit, Sacramento History Alliance

#### What happens if we don't do this in Program? Who will enforce?

Not supporting the SHM would result in a great risk / liability to the City due to the fact that the SHM would not be able to remain open without the City's support. If the Museum were to close, that could result in extreme vandalism and blight on the current property, violate bond requirements, and original donor expectations. It also generates visitors to the district and would impact negatively on retail, hotels and restaurants. It is a strategic location for waterfront development, abandoning funding would cause blight and the removal of tour programs that draw visitors to the district. The SHM school programs draw around 30,000 visitors per year to the district. The tour programs draw visitors to the district and increase use of hotels and restaurants in the area that feed into TOT funds.

# Can revenues be increased - established to provide General Fund offset for this program?

The History Museum has the potential to increase revenue with increased educational and tour programs. Due to covid, that is not possible this year.

#### If General Fund Support is cut what is the impact on Revenues?

Museum will close.

# **Program Services**

Support the Operation of the Sacramento Zoo

#### **Program Description**

This program is contracted out to the SZS (Sacramento Zoological Society).

#### Legal Requirement

US Department of Agriculture Animal Welfare Act (http://awic.nal.usda.gov/) The Association of Zoos and Aquariums (http://www.aza.org/)

### **Budget Comments**

# **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

No

Yes

### What is the Minimal Legal Requirement?

C1997-0021-09.

### Impact from Contracting Out? Change in LOS?

Possible closure of Zoo.

#### What happens if we don't do this in Program? Who will enforce?

Not supporting the Sacramento Zoo would result in a great risk / liability to the City due to the fact that the Zoo would not be able to remain open without the City's support. If the Zoo were to close, that could result in extreme vandalism and blight on the current property. Closing the Zoo would take 3 - 5 years wherein costs would increase for the City as offseting revenue from the public and contribution from the SZS would me minimal.

# Can revenues be increased - established to provide General Fund offset for this program?

All revenue related to admissions, programs, contributed income is generated and collected directly by the Sacramento Zoological Society.

### If General Fund Support is cut what is the impact on Revenues?

If the Zoo were to begin closing, contributed income would cease and revenue would decline.

Prevention

#### Youth Program

### Goal of Program

Offer a safe day out for the youth community to be entertained, educated, and connected to wildlife. With programs such as the Zoo Summer Camp, the Sacramento Zoo is continuing to explore strategic opportunities to reach even more people within the Sacramento region and beyond in the future.

### **Program Services**

Arts Education and Outreach

# **Program Description**

The Arts Education program provides access to & engagement in arts learning experience for K-12 students in the greater Sacramento region, primarily through its Any Given Child Program. The program also provides community residencies, workshops, resources and opportunities for arts organizations, schools, social service and community organizations, teaching artists, and educators yo participate in educational programming.

#### Legal Requirement

Not applicable

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes		2	12 months

### What is the Minimal Legal Requirement?

None

### Impact from Contracting Out? Change in LOS?

Without this program, arts educational offerings in local schools will dwindle and many school districts will not be able to offer art assemblies and residencies in their schools. Teaching artists will lose valuable support and professional development opportunities and communities will lose access to many arts education program.

#### What happens if we don't do this in Program? Who will enforce?

There will be fewer or no Arts Education programs available to Sacramento schools. There will be no various arts education programs.

# Can revenues be increased - established to provide General Fund offset for this program?

Yes. Minimal revenues via cost sharing agreements.

### If General Fund Support is cut what is the impact on Revenues?

Revenues would be eliminated.

#### Youth Program

### Goal of Program

- 1. Facilitate collaborations between the arts community and public and private organizations, to develop educational programming in all the performing, visual and literary arts.
- 2. To advocate for regular arts learning activities in schools for all ages. 3. Create model arts teaching programs for replication across the region. 4. Provide connection and support to artists, educators, and arts organizations working in educational and community settings.

Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

No

Yes

#### What is the Minimal Legal Requirement?

The Powerhouse Science Center currently has undertaken a new Science Center project at the City-owned, historic, former PG&E Powerhouse. The City pays annual rent payments of \$1M under new project lease (\$400K from Innovation & Growth Fund and \$600K from GF with reimbursement from TOT as available).

### Impact from Contracting Out? Change in LOS?

Currently contracted out to non-profit.

# What happens if we don't do this in Program? Who will enforce?

Science Center may close.

# Can revenues be increased - established to provide General Fund offset for this program?

All revenue related to admission, programs, contributed income is generated and collected directly by the PHS.

# If General Fund Support is cut what is the impact on Revenues?

The new PHS might not be able to open.

# Youth Program

# Goal of Program

Provide a premier institution for informal science education in Sacramento and the Northern California Region. The Museum piques curiosity and sparks imagination with hands-on interactive exhibits and programming that explore the wonders of science, technology, engineering, art, and math. The new state-of-the-art exhibits address global and local issues and topics relating to energy, water, health, nature, space, and design engineering. The digital dome theater will screen a variety of spectacular film and star shows. The rotating gallery will feature special exhibitions that will continually bring new experiences and ideas to the Sacramento region.

How Many FTE Could be reduced by contracting out-LOS Change? How long would contracting out take?

No

Yes

What is the Minimal Legal Requirement?

C2017-0614

Impact from Contracting Out? Change in LOS?

FTT is contracted out to the Friends of Fairytale Town nonprofit. Minimal City funds are provided for facility maintenance for which it is difficult to raise private dollars.

What happens if we don't do this in Program? Who will enforce?

Maintaining the FTT facilities (restrooms, etc) will be reduced. There will be no enforcement.

Can revenues be increased - established to provide General Fund offset for this program?

If General Fund Support is cut what is the impact on Revenues?

No General Fund revenues.

#### Youth Program

### Goal of Program

Provide children and families opportunity to enjoy a magical, safe place to imagine, play, and learn. This nonprofit storybook park and education center promotes the imagination, creativity, and education of children. Visitors laugh and learn at the main park while at-risk youth benefit from hands-on exploration at the Sacramento Adventure Playground located in South Sacramento.

SAFE Credit Union Convention & Performing Art District Operations

# **Program Description**

Operate, maintain and manage the SAFE Credit Union Convention & Performing Arts District facilities (SAFE Credit Union Convention Center, SAFE Credit Union Performing Arts Center and Sacramento Memorial Auditorium).

# Legal Requirement

**Budget Comments** 

# **CMO Comments**

Can This be Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? How long would contracting out take?

Yes No - 90.05 12 -18 months

### What is the Minimal Legal Requirement?

Operate building to meet annual debt payment requirements.

### Impact from Contracting Out? Change in LOS?

Loss of City positions, loss of programming control and use of City building. Various contracts with outside service providers are still in place.

#### What happens if we don't do this in Program? Who will enforce?

The SAFE Credit Union Convention & Performing Arts District is a significant risk/liability to the City because closing the District would result in lost City revenue in the form of lost sales tax, City parking revenue, General Fund support, and TOT proceeds generated by one million visitors annually. City General Fund would be required to fund approximately \$20 million annual debt payment. The buildings and the grounds would be a potential target for graffiti, vandalism, blight, and loitering; and take away from the visual appeal of a significant downtown anchor. Additionally, the Sacramento Memorial Auditorium is on the National Register for Historic buildings and Places and thus the City has additional responsibility for its preservation.

# Can revenues be increased - established to provide General Fund offset for this program?

Revenues are monitored, evaluated and updated annually through the City budget process.

#### If General Fund Support is cut what is the impact on Revenues?

No General Fund support. General fund receives \$3.1 million in indirect cost, franchise fees, and property tax.

### **Program Services**

Center for Sacramento History - Official repository for City / County Records and Historical Collections

#### Program Description

City's repository for records and historical artifacts

# Legal Requirement

California Public Records Act, Section 6253, "...records are open to inspection at all times during the office hours of the state or local agency and every person has a right to inspect any public record." The City holds these collections in the public trust for access and preservation.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	*		390

#### What is the Minimal Legal Requirement?

Current level is minimally meeting access requirements. However, service could legally be reduced by reducing the minimal public hours.

#### Impact from Contracting Out? Change in LOS?

City- and County-owned legal records and collections.

# What happens if we don't do this in Program? Who will enforce?

Courts. The collections are held in public trust.

# Can revenues be increased - established to provide General Fund offset for this program?

Minimal increase in revenues for copying records and selling commercial use of collections (ie KCRA/KOVR film collection). As of 7/1/20, film use fees were increased and digitization fees added. Revenues are increasing with digital access to film collection. In FY20, the Center received grant funding from the County to purchase a digitization machine so that film digitization can be done in-house and fees will be collected for that service.

Sponsorship revenue is currently obtained to pay exhibition and program costs.

# If General Fund Support is cut what is the impact on Revenues?

No staff to research, locate, or copy records results in no revenue. No staff to digitize film or process film/photo orders which means no revenue collected. No sponsorship revenue. We do receive grant funding and potentially more County funding. Cut public access that is required by law. Center staff creates exhibits for the Sacramento History Museum using Center staff and collections. If Center staff is eliminated, it eliminates the exhibits and the operations/revenue of the History Museum. This would also affect the Center's work with Preservation and the City Cemetery.

# **Program Services**

City Support to Crocker Art Museum

# **Program Description**

The Trust obligates the City, in joint and equal management and control with the Crocker Art Museum Association, to operate the Museum for the purposes of promoting art, advancing education and learning, and aiding the non-profit in operating the Museum. All property, including millions of dollars worth of works of art gifted and purchased since 1885, have been placed in the Trust.

#### Legal Requirement

Supporting the Crocker Art Museum is mandated due to the fact that the Museum and collections were gifted to the City by Margaret Crocker's 1885 Deed of Gift in Trust. This irrevocable Trust Agreement requires the City of Sacramento to maintain, in good condition, the Museum and its collections forever.

# **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Se Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out LOS Change?	How long would contracting out take?
No	No	¥	¥	ş

#### What is the Minimal Legal Requirement?

1885 Deed of Trust - maintain in good condition.

# Impact from Contracting Out? Change in LOS?

Current operating partnership with CAMA according to Deed of Trust.

#### What happens if we don't do this in Program? Who will enforce?

Additionally, should the "new Crocker" close, over \$80 million of privately donated funds would need to be refunded, as would public fund donations from the State, County and Federal government. Prop 40 grant funds used for construction for instance require that the Museum be open to the public for a minimum of 25 years. CAMA would also default on City loans.

### Can revenues be increased - established to provide General Fund offset for this program?

# If General Fund Support is cut what is the impact on Revenues?

No General Fund revenues.

# POD P596 Detail Sheet by POD

FY2022/23 Fiscal Year:

Program Status: Active Youth Program: No Youth Program

17000:Convention and Cultural Department: Group: Missing Group POD Category: Essential 1 POD Function: Operations Services

# **Program Services**

Old Sac. Maintenance and Management Services

### **Program Description**

Contract out maintenance and management services to Downtown Sacramento Partnership (DSP) in Old Sacramento Historic District.

#### Legal Requirement

The City has an obligation to maintain and repair all public right-of-ways in safe, sanitary and pristine condition. Not doing so would pose a significant public health and safety risk leaving piles of garbage unattended, small rodent infestation and unattended safety hazards detrimental to tourists and local customers. Contracted with DSP for services since 2014. Current contract for maintenance, management and security, 2015-1888-05 effective 7/1/21--6/30/22.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes		7	잘

### What is the Minimal Legal Requirement?

City contracts maintenance and management over to Downtown Partnership (C2015-1888-05)

### Impact from Contracting Out? Change in LOS?

This is contracted out. No change in LOS. Current contract 2015-1888-05, effective 7/1/21-6/30/22.

### What happens if we don't do this in Program? Who will enforce?

Unsanitary condition, enforced by Sacramento County and State Health Department. Potential litigation for non-compliance with City leases. Sasic health and safety, events, management and promotion of the district. Liability for people getting hurt. Old Sacramento is a top destination for tourists. Lack of tourism due to neglect will detract from district revenue.

### Can revenues be increased - established to provide General Fund offset for this program?

## If General Fund Support is cut what is the impact on Revenues?

Reduced maintenance and management will impact tourism. Low visitation would reduce TOT revenue and tax revenue the City receives from the merchants in the district.

Program Status: Active Youth Program: No Youth Program

17000:Convention and Cultural POD Category: Missing Group: Missing Group POD Function: Operations Department: Category

Services

# **Program Services**

Comprehensive film directory, location information, suggestions and photographs, up-to-date contact information for permits and budgeting details, liaison between production companies and local communities.

### **Program Description**

Promote and develop Sacramento's film industry by making strategic investments to leverage growth in the region's film sector. The office will provide film permits, location assistance, grant opportunities, and ordinance information to those interested in filming in the city.

### Legal Requirement

None

#### **Budget Comments**

# **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	0	1	12 Months

# What is the Minimal Legal Requirement?

# Impact from Contracting Out? Change in LOS?

It will be harder to coordinate with other City departments and would create confusion to film productions.

### What happens if we don't do this in Program? Who will enforce?

Non-compliance with the City's film ordinance and loss of economic impact to the City of Sacramento

#### Can revenues be increased - established to provide General Fund offset for this program?

Yes, with outreach to different film production companies to promote Sacramento as a viable film location.

## If General Fund Support is cut what is the impact on Revenues?

Loss of approximately \$150k of economic impact to the City of Sacramento

Youth, Parks, and Community Enrichment

NC-24 - 14

# POD P145 Detail Sheet by POD

Fiscal Year: FY2022/23

Program Status: Active Youth Program: No Youth Program

Department: 19000:Youth, Parks, and Community Enrichment Group: Missing Group POD Category: Essential 3 POD Function: Operations

**Program Services** 

Park Safety Services

### **Program Description**

Provides customer services and enforces City ordinances in City parks and parkways. Responds to citizen complaints. Helps ensure paying customers receive services in public parks and off street biketrails. "Essential 3" as Park Safety addresses hazards in the park system and mitigates public safety issues prior to need for police services.

Legal Requirement

**Budget Comments** 

**CMO Comments** 

Can This be Contracted Out?

Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

No

No

What is the Minimal Legal Requirement?

Impact from Contracting Out? Change in LOS?

#### What happens if we don't do this in Program? Who will enforce?

Failure to address safety hazards and mitigate public safety issues, community/customer concerns and damage to park facilities before they escalate. Inability to enforce park rules and regulations, City codes and laws. SPD will not be able to absorb this function.

# Can revenues be increased - established to provide General Fund offset for this program?

Services related to large events have been addressed with City Council. The Department allocates fees for picnic and field rentals, etc. to Park Safety now and these rates are what the market will bear.

# If General Fund Support is cut what is the impact on Revenues?

Could be significant as Park Safety helps ensure paying customers get services they paid for such as reserved picnic areas and fields.

Enrichment

# **Program Services**

Community Recreation: Youth and Adult Sports Leagues, Facility Rentals.

#### **Program Description**

Community Recreation includes several youth and adult contract classes and Adult Sports program. The City of Sacramento Department of Youth, Parks & Community Enrichment has been offering Adult Sports programs in the greater Sacramento area for over 40 years and is committed to providing excellence in healthy and fun leisure activities. Current Programming Includes: Adult Softball Leagues: Men's women's co-ed, and senior leagues at both the complex and Tahoe and Roosevelt Park. Three leagues are held per year during Spring, Summer, and Fall. Current Programming Includes: Adult Softball Leagues: Men's women's co-ed and senior leagues at both the complex and Tahoe and Roosevelt Park. Three leagues are held per year during Spring Summer and Fall. Year-round Youth and adult softball tournament rentals are held at the complex. Youth league rentals at the Softball complex during Spring and Summer. Youth and Adult Volleyball rentals at the complex during Spring, Summer and Fall. Youth and Adult Tennis clinics and private lessons - year-round.

### Legal Requirement

Instructors must obtain a BOT license, Recreation Services Contract and insurance in order to hold classes. Softball leagues and tournaments partner with the Greater Sacramento Softball Association (GSSA) and USA softball and follow the standard rules and regulations set forth for all levels of play. Umpires and officials are also secured through GSSA.

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	\$260,387	6	1-2 years

#### What is the Minimal Legal Requirement?

See Legal Requirments for Program

# Impact from Contracting Out? Change in LOS?

Loss of revenue, reduction in staff; less quality control over delivery of programs.

# What happens if we don't do this in Program? Who will enforce?

Approximately 4500 residents would need to seek out other league organizers (other cities/municipalities, churches, YMCA etc.)

# Can revenues be increased - established to provide General Fund offset for this program?

Yes - currently under evaluation

### If General Fund Support is cut what is the impact on Revenues?

If Measure U support is cut, Community Recreation Division would have to cut program offerings which would have a Direct Impact on General Fund Revenues. Revenues are generated from fee for service program offerings.

# Youth Program

# Goal of Program

Youth league rentals at the Softball complex

Youth and Adult Volleyball rentals at the complex - Spring, Summer, Fall. Youth and Adult Tennis clinics and private lessons - year round.

Youth and adult softball tournament rentals at the complex.

Leisure Enrichment Provider - Tennis Instruction Program name: Tennis by Ken Selby This is a Leisure Enrichment Provider contracted with the City to provide Tennis Instruction to youth and adults. Instructor receives 70% of revenues earned and City receives 30%

# **Program Services**

Camp Sacramento

#### Program Description

Camp Sacramento is an outdoor camp, serving youth and families over the last 100 years by the City of Sacramento. Camp is located on leased grounds with the US Forest Service, approximately 89 miles from Sacramento and 17 miles from South Lake Tahoe. Camp accommodations include lodging in rustic cabins, food service, and programing for youth and families. Camp also offers youth development and enrichment opportunities for underserved youth. Additionally, camp serves rental groups including youth organizations, senior programs, corporate retreats and more.

#### Legal Requirement

Camp Sacramento maintains American Camp Association Accreditation.

# **Budget Comments**

### **CMO Comments**

How Many FTE Could be What is the potential dollar How long would Can This be Could the Level Of savings from contracting out . reduced by contracting out contracting out Service Be Changed? Contracted Out? LOS Change? LOS change? take? No No

#### What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

No service provider would contract for Camp Sacramento without major upgrades.

#### What happens if we don't do this in Program? Who will enforce?

Youth and Families would need to seek out other opportunities.

Closed facilities could be vandalized; property is leased from Forest Service. Implications of closure would need further assessment.

### Can revenues be increased - established to provide General Fund offset for this program?

Rates are adjusted annually to cover costs.

#### If General Fund Support is cut what is the impact on Revenues?

If Measure U support is cut, Camp Sacramento would have to cut program offerings which would have a Direct Impact on General Fund Revenues. Revenues will drop if campers have unsatisfactory services and experiences. Revenues are generated from fee for service program offerings.

# Youth Program

# Goal of Program

Camp Sacramento has been a cherished place for generations of Sacramento Valley residents. From its inception 100 years ago, Camp Sacramento's historic "return to nature" focus has offered a unique family getaway experience for participants of all ages to reflect, reconnect, and refresh. What has started as an effort to reintroduce and reintegrate urban population back to natural environment, continued through the decades of camp service to unplug, celebrate the natural environment, and enjoy fellowship and comradery of a camp community. Today, our programs not only offer fun and engaging one-of-a-kind family getaway to unwind, but also offers intentional environmental education and stewardship opportunities.

As a part of the City of Sacramento's Youth, Parks and Community Enrichment department, Camp provides an essential recreational and educational outdoor opportunity for the resident communities and plays a unique role in raising the awareness of parks and recreation. Average annual attendance is: 3000. Camp also provides youth program day camp opportunities for underserved youth.

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out -LOS Change?

How long would contracting out take?

What is the Minimal Legal Requirement?

Impact from Contracting Out? Change in LOS?

Contracting out: City may pay as much or possibly more to outside firms for master planning, design, construction; loss of control, consistency and accountability on most visible Parks & Rec. Dept. program; some oversight by City staff still required. Anticipate a lack of satisfaction in the community and with the Council, and challenges with City accountability and quality assurance.

LOS change: Capital project completion could be slowed to unacceptable level and responsiveness could drop to an unacceptable level.

# What happens if we don't do this in Program? Who will enforce?

Park land development and renovation would cease and revenues returned; grant funds returned.

# Can revenues be increased - established to provide General Fund offset for this program?

Yes (cost recovery fees to developers and/or increased admin. charges on revenues), but balanced with developer needs and tolerance.

# If General Fund Support is cut what is the impact on Revenues?

This unit has no general fund support.

#### **Program Services**

Access Leisure and Adaptive Sports

#### **Program Description**

Access Leisure provides enhanced life experiences to people with physical, developmental, and intellectual disabilities through accessible recreation programs and services. Programs include recreational and competitive sports, social and leisure functions, and outdoor educational and residential camping adventures. During the pandemic, our target populations have been virtually engaged to ensure that our community continues to be safe, healthy, and united during this challenging time.

80+ social programs are held each year including holiday parties, movie outings, art programs, residential nature camps for children, youth, and adults, and winter sports camps at area ski resorts. A Virtual Zoom Book Club is available for young adults and adults (18+) with intellectual and/ or developmental disabilities. Program Coordinators for the adult social programs (Certified Therapeutic Recreation Specialists) provide a support group (Champion Group) for parents, guardians, family members, and care providers of individuals with disabilities. River Cats Independence Field provides opportunities for baseball play to youth, teens, and adults. Additional opportunities for people with physical disabilities include wheelchair rugby, wheelchair basketball, wheelchair tennis and adaptive cycling on customized equipment, and other sporting programs throughout the year. Access Leisure collaborates with the Recreational Therapy Department at California State University Sacramento to provide additional community and student programming for individuals of all ages with disabilities. Full inclusive group playdates are held at accessible playgrounds for children ages 3-12 of all abilities. Additionally, the Access Leisure team collaborates with Community Center staff to facilitate an inclusive modification request process for all YPCE programs. Through this process, customers of all abilities can request an inclusive modification in equest process for all YPCE programs have always been inclusive and adhere to Title II of the ADA, this n

CMO Comments

Can This be Contracted Out?

Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

.

No

What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

No other local service provider has been identified. Cannot reduce GF further and maintain services

#### What happens if we don't do this in Program? Who will enforce?

The well-organized disability community has the expectation that recreational opportunities will be provided. Families with children and young adults with disabilities would lose an important resource for normalizing life for their dependents

#### Can revenues be increased - established to provide General Fund offset for this program?

Not significantly

#### If General Fund Support is cut what is the impact on Revenues?

If Measure U Support is cut, Access Leisure Division would have to cut program offerings which would have a Direct Impact on General Fund Revenues. Revenues are generated from fee for service program offerings.

Youth Program

Goal of Program

## POD P242 Detail Sheet by POD

Goals of Access Leisure programming for youth include: 1) increased socialization in a fun, positive environment; 2) improved sense of wellbeing, self-care, and acceptance; 3) increased technology skills 4) increased confidence and community integration through participation in challenging activities; and enhanced life skills. Goals are reached through programming in the following arenas: a social events; b. sports and fitness opportunities; c. overnight camps, including wilderness camps, snow camps, cycling camp, and traditional summer camp; d. full inclusion group playdates at accessible parks. Access Leisure saw continued participation in social programs due to utilizing exciting virtual outlets and outdoor events throughout the pandemic.

Our Community Integration - Therapeutic Recreation in Schools (CI - TRIS) program provides monthly class sessions for students that are designed by Access Leisure (including several recreational therapists). This program has been offered to high school age and transition age students with intellectual and/ or developmental disabilities. Sessions include a variety of topics, activities, and skill building opportunities that cater to the needs of students. Goal areas include community integration, teamwork, social skills, communication skills, online safety, wellness, physical fitness, coping skills and more.

The Access Leisure team has collaborated with Community Center staff to create and implement a new inclusive modification request process for all YPCE programs. Through this process, customers of all ages and abilities can request an inclusive modification if a modification is needed for successful participation. While YPCE programs have always been inclusive and adhere to Title II of the ADA, this new management process allows for efficient and HIPAA-compliant communication between residents and YPCE staff. Access Leisure staff is providing youth program observations and departmentwide trainings regarding this process, inclusion best practices, and disability efficient.

The estimated youth attendance in Access Leisure programs throughout the last year is approximately 11% of total attendance. According to 2021 census data, 22.4% of the 525,041 Sacramento residents are under the age of 18 (approximately 117,609 residents under the age of 18). Approximately 8.7% of residents under the age of 65 reported having one or more disability. With the addition of a new Program Coordinator in 2022 (specifically focusing programming for youth and teens with disabilities), Access Leisure anticipates an increase of youth attendance citywide in both specialized and inclusive programming, including increased access to programs for teens with disabilities. Access Leisure is actively working on an updated collaboration with the ALTA Regional Center which would provide funding for recreational programming for those who need it (with intellectual and/ or developmental disabilities).

**Program Services** 

Older Adult Services

#### **Program Description**

The Older Adult Services (OAS) section is responsible for the operation and oversight of the Ethel MacLeod Hart Senior Center and three Triple-R Adult Day sites. Triple-R provides respite for caregivers and recreation for older adults with dementia and is licensed by the State of California, Department of Social Services. The Ethel MacLeod Hart Senior Center is the hub for recreation and community resources for adults aged 50 years and older offering lifelong learning opportunities as well as social and recreational classes. In addition to managing these four locations, OAS provides the following services: 50+ Wellness Program hosts an annual regional soccer tournament with 700+ participants and an annual Arts & Adventure Summer Camp for older adults, Information and Assistance Program to link seniors to needed community services and TechConnections to support seniors use of technology. OAS staff also manages and provide services offered through the Ethel McLeod Hart Trust Fund.

#### Legal Requirement

Triple R Program must be licensed by the State of California.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	n/a

#### What is the Minimal Legal Requirement?

Triple R Program must be licensed by the State of California.

#### Impact from Contracting Out? Change in LOS?

#### What happens if we don't do this in Program? Who will enforce?

Valuable services to this growing population would be lost. No other agency would fill the gap for most of the programs and services that would be terminated. Current service level for older adult population is considered a minimum for a City of Sacramento's size.

#### Can revenues be increased - established to provide General Fund offset for this program?

Potentially, however, many older adults (particularly the very old who are \$0+) are often on a limited budget

#### If General Fund Support is cut what is the impact on Revenues?

If Measure U support is cut, this would have a direct impact on General Fund Revenues in Older Adults Services division. 95% of revenues collected are fee-for service programming. Fees cover staff costs for licensed program with staff/participant ration requirement.

**CMO Comments** 

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out -LOS change?

How Many FTE Could be reduced by contracting out -LOS Change?

How long would contracting out take?

Yes

Yes

6 months to 1 year

#### What is the Minimal Legal Requirement?

Labor union contracts and park facilities developed with State or Federal grant funds require continued public access.

#### Impact from Contracting Out? Change in LOS?

Contracting out: Limits flexibility to support events, reservations, or respond to special requests. Service delivery and response time impacted. Contractor will only perform contracted services.

Level of Service Reduction: Less frequent weed abatement, repair, watering, mowing, trash removal. Anticipate continued increase in citizen and sport group complaints.

#### What happens if we don't do this in Program? Who will enforce?

#### Can revenues be increased - established to provide General Fund offset for this program?

If residents determine a higher property assessment.

#### If General Fund Support is cut what is the impact on Revenues?

May affect fee revenue supporting permitting and events in that customers are further dissatisfied with picnic areas, sports fields, etc. and opt not to reserve

Fiscal Year: FY2022/23

Program Status: Active Youth Program: Partial Youth Program

Department: 19000:Youth, Parks, and Community Enrichment

Group: Group 3 POD Category: Essential 1 POD Function: Operations

#### **Program Services**

Community Centers and Clubhouses

#### **Program Description**

- •The City of Sacramento has 17 Community Center and Clubhouses located throughout the city. Each center delivers programming and resources for youth, adults and families, to support the needs of surrounding neighborhoods and communities. Offerings include health and fitness, sports, youth programs such as 0-5, after school and summer camps; Teen Hot Spots, special events for youth and their families, as well as a variety of Active Adult and Senior programs.
- •Our centers also offer room rentals for holiday parties wedding receptions classes meetings and birthday parties. Community Centers and staff also provide critical community resources including emergency shelters for clean air, cooling and warming, and food distribution programs for youth and families. Centers accept fee reductions and waivers for youth and community based programs/events/user groups that qualify based on council approved resolution.
- •The Reservations Office is located at the Coloma Community Center and issues park picnic permits and sports field permits for all City of Sacramento parks. Park Picnic permits are issued on a first come first serve basis and sports field permits are issued on a monthly and annual basis for both youth and adults. Long term sports permits are allocated on an annual basis and give priority to City of Sacramento programming and youth and non-profits.
- •Community Centers/Clubhouses include: Belle Cooldege, Clunie Coloma, East Portal, Elmo Slider Evelyn Moore, George Sim, Hagginwood, Hart Senior Centers, Johnston, Oak Park, Robertson, Sam and Bonnie Pannell, Shepard Garden & Arts, South Natomas, Southside Clubhouse, Woodlake Clubhouse.
- •Community Centers also offer a variety of fee for Service Leisure Enrichment Classes. Leisure Enrichment includes contracted classes in drama, music, sports, technique sports, camps, fitness, science camps, martial arts, Tiny Tot preschool (South Natomas) enrichment, dance, and language. Programs take place at community centers and parks and multiple staff are involved in the facilitation and oversight daily. Registration assistance and supplemental information for these classes are provided by front counter staff.

#### Legal Requirement

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	Estimated 25% of overall youth budget could be saved from contracting out appoximatly \$1.8 Million. Which would include a reduction in non-career/parttime staff. Some youth programming is already contracted out and other components could be, but not entire community center operations. LOS and community center operations would be interrupted and would still require significant staff support to maintain buildings and continue other adult, family, and community programs	6.80 - (34 .20 FTE Rec. Aides that support Summer Camps)	4-6 years

#### What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

Limited oversight of quality programming/offerings; reduction in workforce/staff. Some smaller centers clubhouses are currently contracted out; many third party operating groups are experiencing staffing, budget and operating challenges and are turning operations back over to city. Level of Service: Could continue to reduce schedule of remaining centers and/or close them.

## POD P476 Detail Sheet by POD

#### What happens if we don't do this in Program? Who will enforce?

#### Can revenues be increased - established to provide General Fund offset for this program?

Fees only partially offset Dept. Costs. Fees for Center rentals, field permits, park permits etc. could be increased with Council approval but fee increases would not fully offset operational costs

#### If General Fund Support is cut what is the impact on Revenues?

If Measure U Support is cut, Community Center Division would have to cut program and service offerings which would have a Direct Impact on General Fund Revenues. Revenues are generated from fee for service program offerings such as Facility Rentals, Field Rentals, Park Permits Leisure Enrichment Classes etc.

#### Youth Program

#### Goal of Program

Centers support lifelong learning and recreation opportunities for people of all ages and critical pathways for youth development. Youth Programing includes: Contracted Enrichment Providers, Leisure Enrichment Providers (fee for service) and City operated youth programs. The 18,000 Youth served in structured programs including: Preschool Recreation program and story times, Summer Kids and Teen Scene Camps, Afterschool Rec Express and Teen Scene programs, Teen Hot Spot Remix, youth enrichment and sports and leisure classes (including dance, preschool, gymnastics, music, sports and martial arts). Additionally, thousands of youth utilize centers for access to resources and safe spaces. Approximately 10,000 served in youth special events and private and community-based organization rentals. Park picnic permits serve members of all communities and average 2,500 bookings annually. Youth and adult sports field rentals average 8,000 bookings a year and include permits for soccer, softball, baseball, football, and rugby on lighted and unlighted fields.

Approximately 50% of center space is dedicated to youth programming. Majority of structured program delivery and staff time in centers is youth focused.

#### **Program Services**

The Aquatic's Division offers programming at 17 pools citywide. These programs include recreational swim, youth development programs such as swim lessons, swim team, Jr. Lifeguarding and Lifeguarding classes, special events, as well as aquatic fitness programs including water aerobics and lap swimming. The Aquatics program contributes to public safety and drowning prevention by providing a safe and supervised environment to swim and a focus on water safety and developing swimming skills in youth.

#### Program Description

The Aquatics program provides a safe environment for youth, adults, and families to enjoy a variety of recreational swimming and aquatic programming at 17 pools citywide. These programs include recreational swim, youth development programs such as swim lessons, swim team, Jr. Lifeguarding and Lifeguarding classes, special events, as well as aquatic fitness programs including water aerobics and lap swimming. The Aquatics program contributes to public safety and drowning prevention by providing a safe and supervised environment to swim and a focus on water safety and developing swimming skills in youth. The newly opened North Natomas Community Center and Aquatics Complex further expands aquatics offerings throughout the year, in addition to an extended season at Clunie Pool with the recent addition of a pool heater. The North Natomas Community Center/Event Space is operated by the aquatics section and offers a rentable space for recreation programming and community and regional events. Additionally, the aquatics program directly supports youth workforce development and employment as youth comprise the majority of its workforce and also includes lifeguard scholarship opportunities for youth seeking employment with the City's Aquatics section.

#### Legal Requirement

All safety staff must posses and provide certifications before hire. Required certifications include American Red Cross Lifequarding, CPR/AED for the Professional Rescuer, and First Aid. In addition to obtaining the above certifications, before the season begins all new and returning safety staff are required to attend preseason trainings, and also

Aquatic Recreation Supervisor, Aquatic Recreation Coordinators, Plant Operator and Junior Plant Operators must hold current Aquatic Facility Operator (AFO) or Certified Pool Operator (CPO) certification. All aquatics facilities must adhere to Sacramento County Health Code standards and receive an inspection every season.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes, Level of service and number of operating pools would be significantly impacted.	0	64	3-5 years for all facilities

### What is the Minimal Legal Requirement?

See Legal Requirments for Program

#### Impact from Contracting Out? Change in LOS?

Less quality control over aquatics programs and facility maintenance; significant reduction in staff.

#### What happens if we don't do this in Program? Who will enforce?

Over 200,000 youth and adults visits to pools annually will not be served and would need to find alternative safe swimming environment during summer months, including recreational swim, swim lessons, water safety and lifeguard training, and water fitness program opportunities.

#### Can revenues be increased - established to provide General Fund offset for this program?

Yes, partially. Fees could be increased but will only partially offset operational costs.

#### If General Fund Support is cut what is the impact on Revenues?

If MU support is cut - Aquatics Division would have to reduce program offerings which could include the closure of some City Pools. If Pools close General Fund revenues are impacted.

#### Youth Program

#### Goal of Program

Provide safe aquatic recreation programming throughout the city of Sacramento for youth and adults.

Provide youth development programming at pools (Swim lessons, swim team, Jr. Lifeguard and Lifeguard classes, and special events).

Prevent drownings through programs promoting water safety and swimming skills as well as providing a safe and supervised environment to swim. Provide avenues to youth employment in aquatics and employ youth.

#### **Program Services**

"Special Events includes citywide permitting of streets, sidewalks, parks, alleys and other public space for special events, such as marches, rallies, parades, protests, concerts, street festivals, neighborhood block parties, sports tournaments, Second Saturday Art Walk, filming, etc.

#### Program Description

The Permitting and Events Divisions primary function is to manage and support Special Events throughout the City of Sacramento. Some of the services the Division offers are: permits approximately 1,000 events annually in parks and the public right of way (streets, sidewalks and alleys); services approximately 110 council member events annually by providing equipment (stages, tables, chairs, fencing, audio, etc.), supplying recreation activities at the events, staffing and overall coordination of the event details; and supports Parking Services with posting No Parking signs for non\_metered parking reservations. Essential 3 due to significant risk to City if events in parks or on the public right of way are not properly reviewed, coordinated and permitted (street closures, security, amplified sound, notification, etc.).

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No	0	0	N/A

#### What is the Minimal Legal Requirement?

City Code mandated for use of public space for special events; see legal requirements for program

#### Impact from Contracting Out? Change in LOS?

Loss of revenue control and accountability. Potential risk of losing high level of service offered in connection to the community.

Level of Service - A reduction risks loss of large and signature events to other cities and resulting economic benefit loss. Anticipate customer complaints.

#### What happens if we don't do this in Program? Who will enforce?

Significant loss of revenue and a lack of structure jeopardizes public safety; weaker community partnerships and collaborations

#### Can revenues be increased - established to provide General Fund offset for this program?

Yes, partially. Permit fees can be increased but would not fully offset operational costs.

#### If General Fund Support is cut what is the impact on Revenues?

If Special Events were to lose Measure U funding, it would directly result in the loss of General Fund revenue and decrease in community events throughout the City. We are already operating with a skeleton crew and if Special Events were to lose any funding, it would correlate to losing staff. Special Events would not be able to provide the level of service we are currently providing. Less events would be permitted which could result in rogue public space use. If people are using public space without the use defined in a permit, this could lead to safety issues and illegal activity.

The 4th "R" is a year-round licensed school-age child care program for Kindergarten - 6th Grade. The program is held on the campuses of 19 elementary school sites in Sacramento, including schools in Natomas, Sacramento City and Twin Rivers school districts. Childcare is a critical need in Sacramento and data has shown that there are not enough childcare facilities in the area to meet the childcare demand. This is a priority initiative for CM Guerra.

#### **Program Description**

The 4th "R" introduces children to a variety of recreational activities while providing a well-planned, nurturing environment that promotes healthy development of the child. Qualified staff provide a wide variety of group and individual activities to enhance a child's physical, social, and emotional development.

The 4th "R" is a licensed child care program and is required to follow Department of Social Services, Title 22 regulations. Child Care Licensing Program ensures the health

safety of children in care. The licensing is mandated by law to provide preventive, protective and quality serves to children in care by ensuring that licensed facilities meet established health and safety standards through monitoring facilities, providing technical assistance, and establishing partnerships with providers, parents, and the child care

What is the potential dollar How Many FTE Could be How long would Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Contracted Out? Service Be Changed? LOS Change? LOS change? take? 129 1 year No Yes

#### What is the Minimal Legal Requirement?

See Legal Requirements for Program

#### Impact from Contracting Out? Change in LOS?

We would not contract out services, we would not provide them. This would be very disruptive for families and school districts. A transition period would be needed for parents to find other service providers or advocate for school districts to contract with service providers on their campuses. Hundreds of City employees would be laid off.

#### What happens if we don't do this in Program? Who will enforce?

Over 2000 youth and their families would be left without childcare, before and/or after school and during spring, winter and summer break.

#### Can revenues be increased - established to provide General Fund offset for this program?

### If General Fund Support is cut what is the impact on Revenues?

None. Enterprise fund.

#### Youth Program

### Goal of Program

Provide children with a recreation based before and afterschool program that licensed through the Department of Social Services. Breaks and Summer care is also available.

Enrichment

#### **Program Services**

START is an expanded learning program designed to support student success by providing academic support and enrichment opportunities after school. The program receives funding support from the After School Education and Safety (ASES) grant, which requires partnerships between schools and local community resources to provide literacy, academic enrichment and safe constructive alternatives for students in kindergarten through ninth grade. The program also provides students from marginalized (particularly

students who attend schools in need of improvement) with academic enrichment opportunities and supportive services to help the students meet state and local standards in core content areas. The programs are created through partnerships between schools and local community resources and must meet program compliance requirements.

#### **Program Description**

"Sacramento START has been operating after school programs in the City of Sacramento since November 1995 and is a recognized community leader in the expanded learning community. START has made a difference in the lives of over 100,000 students in low-income neighborhoods of Sacramento, created partnerships with as many at 64 schools in five districts and brought more than \$100 million of outside funding into our communities. The START program has been a dependable employer, providing jobs for over 4,500 employees through the years. START currently operates at five school sites in Robla School District and serves over 500 children every day. START believes that children should be given every opportunity to be successful and fosters enthusiasm for learning by engaging children in fun, literacy-focused activities, in a safe and caring environment. START expands the school day before and after hours, and supports district goals. At each site, the program works to support students in all areas of their development by offering a variety of activities that include visual and performing arts, community involvement, physical activity, sports, and nutrition. As well as support in: language arts, reading, math, science, social studies, nutrition, fitness, character development, leadership, mentoring, sports skills, visual and performing arts, dance, and recreation. The quality of programming goes well beyond what is typically seen in other expanded learning programs. START honors the uniqueness of every school and child by designing programs in ways that reflect the priorities of local student populations, site administrators and faculty members. This approach has paid huge dividends in helping students achieve their potential and districts and schools meet their goals.

#### Legal Requirement

The City of Sacramento is the authorized provider/contractor of the ASES grant through CDE. As the authorized grantor the City must follow the rules and regulations set forth by the CDE regarding the funds and qualifications needed to operate. Some of these requirements are outlined as follows: "The ASES program must be aligned with the content of regular school day and other extended learning opportunities. The program must provide a safe physical and emotional environment as well as opportunities for relationship building. After school programs must consist of the two elements below:

An educational and literacy element to provide tutoring and/or homework assistance designed to help students meet state standards in one or more of the following core academic subjects: reading/language arts, mathematics, history and social studies, or science. A broad range of activities may be implemented based on local student needs and interests.

The educational enrichment element must offer an array of additional services, programs, and activities that reinforce and complement the school's academic program. Educational enrichment may include but is not limited to, positive youth development strategies, recreation and prevention activities. Such activities might involve the visual and performing arts, music, physical activity, health/nutrition promotion, and general recreation; career awareness and work preparation activities; community servicelearning; and other youth development activities based on student needs and interests. Enrichment activities may be designed to enhance the core curriculum.

#### **Budget Comments**

#### **CMO Comments**

How Many FTE Could be What is the potential dollar How long would Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Service Be Changed? Contracted Out? LOS Change? LOS change? take? 0 27 1 vear

#### What is the Minimal Legal Requirement?

"All staff members who directly supervise pupils must meet the minimum qualifications, hiring requirements, and procedures for an instructional aide in the school district. School site principals approve site supervisors for the after school program and ensure that the program maintains a pupil-to-staff member ratio of no more than 20 to 1. A nutritious snack is provided daily to students participating in the program. The snack provided must meet the standards identified in EC Section 49430. After School Program grantees are required to operate programs a minimum of 15 hours per week and at least until 6:00 p.m., beginning immediately upon conclusion of the regular school day. Programs must plan to operate every regular school day during the regular school year.

#### Impact from Contracting Out? Change in LOS?

Loss of 27 FTE's

#### What happens if we don't do this in Program? Who will enforce?

School District would be left without an after school program. There is no guarantee that another afterschool provider would qualify to receive ASES funding. For 2022-23 over 500 students would potentially be without an after school academic & enrichment program. This would greatly impact around 500 students from an under resourced community that would not have care or support. Another impact would be the layoff of over 50 staff.

#### Can revenues be increased - established to provide General Fund offset for this program?

No. free program

#### If General Fund Support is cut what is the impact on Revenues?

N/A

#### Youth Program

#### **Program Services**

City Golf Course Administration

#### **Program Description**

Golf program and maintenance services are contracted out. City has various obligations for capital improvements to structures. This program manages the lease agreement and relationships, performs auditing functions and collects lease rent to pay debt service and contract administration. Courses include Haggin Oaks, Bing Maloney, Land Park and Bartley Cavanaugh.

#### Legal Requirement

**Budget Comments** 

#### CMO Comments

How Many FTE Could be What is the potential dollar How long would Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Contracted Out? Service Be Changed? LOS change? LOS Change? take? Yes No N/A

#### What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

Already contracted out.

#### What happens if we don't do this in Program? Who will enforce?

City GF would be required to assume \$750,000 annual debt payment and risk of lawsuit from Morton Golf.

The Golf Special Revenue Fund would be unable to pay required debt service payments or maintain the facilities without the revenue generated by these golf courses.

#### Can revenues be increased - established to provide General Fund offset for this program?

No - revenues established by contract with Morton Golf.

#### If General Fund Support is cut what is the impact on Revenues?

If general fund support of 50% of admin costs is cut, revenues would be reduced by the same amount - i.e. Golf Fund would have to cover that expense instead. In addition, Measure U subsidizes the operation of William Land Golf Course and is required per contract; if subsidy is discontinued, Morton Golf is not required to continue managine this golf course.

### Program Services

Young Leaders of Tomorrow

#### **Program Description**

Youth 10-12 years old and living in the Sacramento city limits gain skills in teamwork, problem-solving, leadership, study skills, financial literacy, communication, goal setting, and community service. Youth successfully completing all components receive a certificate of completion along with a monetary stipend of \$350. Due to COVID restrictions and staffing challenges YLOT delivery has been paused. Program reopens in September 2022 and is expected to serve 100 youth annually. Focusing on cradle to career, this program feeds into the Prime Time Teen work readiness training program.

Enrichment

#### **Program Services**

ASES Middle School program serves 6th through Sth grade afterschool and during summer. ASES is an expanded learning program designed to support student success by providing academic support and enrichment opportunities after school. The program receives funding support from the After School Education and Safety (ASES) grant, which requires partnerships between schools and local community resources to provide literacy, academic enrichment and safe constructive alternatives for students in kindergarten through ninth grade. The program also provides students from marginalized (particularly students who attend schools in need of improvement) with academic enrichment opportunities and supportive services to help the students meet state and local standards in

core content areas. The programs are created through partnerships between schools and local community resources and must meet program compliance requirements

#### **Program Description**

ASES (Teen Services) programs provides a Youth Development based program designed for middle school children. The program allows the students the opportunity to develop enthusiasm for enrichment and recreation through participation in a variety of exciting, challenging, activities such as academic enrichment, sports, visual and performing arts, science and technology, service learning, cooking, multi-cultural activities, life skills education, special events and trips.

#### Legal Requirement

The City of Sacramento is the grantee of a middle school ASES program funded through Sacramento Unified School District. The City is under an MOU to provide services as outlined in our contract with the school district.

#### **Budget Comments**

#### CMO Comments

How Many FTE Could be What is the potential dollar How long would Can This be Could the Level Of savings from contracting out reduced by contracting out contracting out Contracted Out? Service Be Changed? LOS Change? LOS change? take? 5 FTE 1 year No No

#### What is the Minimal Legal Requirement?

Service Contract with Sacramento City Unified

#### Impact from Contracting Out? Change in LOS?

If this program is contracted out, we lose the quality control of providing a safe and enriched afterschool program with experienced and trained youth development staff. Loss of 5 FTE

#### What happens if we don't do this in Program? Who will enforce?

If we do not provide services to this program, we would impact 112 middle school students who are in an underserviced and resourced neighborhood. They would lack the opportunity to gain self-esteem, tutoring support, a safe place for them to talk and engage in afterschool. If this program was cut, we would be doing as disservice to vulnerable population who need the support of positive mentors and resources in order for them to make positive choices in life.

#### Can revenues be increased - established to provide General Fund offset for this program?

#### If General Fund Support is cut what is the impact on Revenues?

Grant funding would go away.

#### Youth Program

#### Goal of Program

Provide academic support, recreation and enrichment activities to promote Youth Development.

Summer Oasis

#### **Program Description**

Summer program that runs for § weeks during the summer season. Monday through Friday, 9:00 am to 1:00 pm. The Summer Oasis experience is specially designed to offer educational enrichment opportunities, social emotional learning, creative play with plenty of individual hands-on activities, and supervised exploration in an environment that is emotionally/culturally/physically/psychologically safe and fun. Program is designed for participants to build healthy relationships with staff and peers. Summer Oasis is delivered in outdoor park settings and includes snacks and lunch to address food insecurities.

#### Legal Requirement

None.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
Yes	Yes	0	3	6 months

#### What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

If this program is contracted out, we lose the quality control of providing a safe and enriched camp with experienced and trained youth development staff.

#### What happens if we don't do this in Program? Who will enforce?

If we don't provide the camp, over \$00 youth will not have a safe space to engage in STEAM (science, technology, engineering, arts, math), fitness activities, and meaningful relationship building that children need for healthy development. Youth would also lose access to the Free Summer Food program which provides free meals to youth under the age of 18 to address food insecurities in the community.

#### Can revenues be increased - established to provide General Fund offset for this program?

Yes, revenue can be increased but will create an access barrier and enrollment will be reduced thus providing less engagement opportunities for young people and support for families.

#### If General Fund Support is cut what is the impact on Revenues?

Revenue from program would go away, program would not exist.

#### Youth Program

#### Goal of Program

Provide youth participants an affordable summer program where they have the opportunity to build/maintain healthy relationships, develop self-confidence, build leadership skills, connect with their community, and elevate decision-making skills in a safe and supervised program.

Department: 19000:Youth, Parks, and Community Enrichment Group: Missing Group POD Category: Existing POD Function: Operations

#### **Program Services**

Workforce Innovation and Opportunity Act (WIOA)

#### **Program Description**

The WIOA program is a federally funded grant program providing in-school seniors, who meet federal grant eligibility requirements, job readiness, paid work experience and life skills trainings. Program targets the most vulnerable high school seniors who are low income, unhoused, foster youth, youth with disabilities, English as a second language learner, juvenile justice experience, pregnant/parenting experiencing barriers to academics and career. This program aligns with Mayor and Council youth workforce development goals and priority initiatives.

#### Legal Requirement

Students must meet Sacramento Employment and Training Agency (SETA) eligibility requirements (low-income, HS senior, able to obtain work permit, additional barriers such as foster youth, pregnant/parenting, juvenile justice, homeless, etc.) This program is funded by a federal grant administered through SETA. As a grantee, the City is required to remain in compliance by following all federal grant guidelines.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	No			

#### What is the Minimal Legal Requirement?

#### Impact from Contracting Out? Change in LOS?

The City is under contract with the Sacramento Employment and Training (SETA) to provide the WIOA program and cannot be contracted out.

### What happens if we don't do this in Program? Who will enforce?

Less opportunities and paid work experience would be available for Sacramento youth. SETA would seek out other providers to deliver the WIOA program. The Sacramento Regional firefighter Academy supporting youth through Sac Fire in partnership with WIOA would lose funding for the qualifying Youth Aides hired through WIOA.

#### Can revenues be increased - established to provide General Fund offset for this program?

No

#### If General Fund Support is cut what is the impact on Revenues?

None

#### Youth Program

#### Goal of Program

Provide job-readiness, life skills education, college/career exploration, mentoring and support that prepares high school seniors for college and career. The youth hired for this program experience a higher level of disconnect to school, face additional barriers and need additional supports to achieve success to graduate.

**Program Services** 

Prime Time Teen

#### Program Description

Youth 14-17 years of age that reside in the Sacramento city limits participate in work-readiness opportunities to gain skills in job/career searching, resume development, completing job applications, interviewing, financial literacy, communication, leadership, teamwork, problem-solving and community services. Youth successfully completing all components receive a certificate of completion along with a monetary stipend of \$500. Due to COVID restrictions and modifications, the program pivoted to a full virtual platform during FY22 that included instructional sessions through ZOOM. All virtual program sessions were hosted successfully during summer (4 session cohorts), fall (3 session cohorts), and spring (2 session cohorts). For FY23 all programming for PTT has transitioned back to in-person programming. This program aligns with Mayor and Council youth workforce development goals and priority initiatives. Two staff (less than 2.0 FTE) are assigned to work this program and serve approximately 400 young people annually.

Summer @ City Hall & Returning Youth Program

#### **Program Description**

Provides incoming juniors and seniors a rare opportunity to learn first-hand about local governmental structure and process, the importance of being civically engaged. A monetary stipend of \$500 is provided along with five high school electives credits or community service hours. The Returning Youth component provides graduates of the prior year an opportunity to be part of the implementation team by training on various youth development focused supports and opportunities along with workforce development skills. Due to COVID restrictions the Summer @ City Hall program continued to be hosted on a virtual platform during the summer of 2021. For FY23 programming was a hybrid model with both virtual and in-person daily instructional sessions, Public Service Careers Speakers Series, graduation, and City Council/Sacramento Youth Commission project presentations. This program aligns with Mayor and Council youth workforce development goals and priority initiatives.

### **Program Services**

28th & Skate and Urban Art Park

### **Program Description**

The operations of the facility are in line with establishing a safe and creative environment for local skateboarders, roller skaters, roller bladers, and scooter enthusiast to ride on a variety of ramps and obstacles. The programs are designed to provide not only a place to skate but also an environment that fosters the youth skate culture and family atmosphere. During the COVID pandemic the facility was closed but reopened October 30, 2021. Prior to the re-opening of the facility, the implementation of SK8 Clinics at local city skate parks was introduced with great success. SK8 Camp began implementation once the park was reopened with two sessions.

### Legal Requirement

Can This be Could the Level Of Contracted Out?

Service Be Changed?

No

No

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

LOS Change?

Take?

#### What is the Minimal Legal Requirement?

### Impact from Contracting Out? Change in LOS?

### What happens if we don't do this in Program? Who will enforce?

The skate park would remain vacant and attract negative activity including gang graffiti, broken bottles, illegal break-ins, etc.

### Can revenues be increased - established to provide General Fund offset for this program?

Yes, however it would deter users from paying general admission to skate at the park.

### If General Fund Support is cut what is the impact on Revenues?

Significant because operational hours and rentals would be reduced and/or eliminated causing revenues to decrease.

### Youth Program

### Goal of Program

Safe & supervised space for young person and families to visit to skateboard and scooter.

Program Services

Junior Giants

### **Program Description**

This is a 10-week summer co-ed baseball & softball program that includes various baseball/softball fundamentals and life skills as well as character development for children 5-15 years of age. Participants engage in a once-a-week practice and game play on Saturdays. Players learn the Junior Giants Four Bases of Character Development - Confidence, Integrity, Leadership, and Teamwork. Coaching is provided by parent volunteers and limited city staff. The yearly program begins during the month of June and is completed by August.

### **Program Services**

Elementary & Middle School Sports Leagues

### **Program Description**

Youth in co-ed leagues are exposed to a variety of fitness, recreation, and fundamental skill development of various sporting activities with a youth development focus. Youth are provided the opportunity to develop fundamental sports skills and teamwork. The fluidness of returning back to in-person sporting activities adjusted implementation strategies during FY22. Both fall and winter sports leagues activities were implemented with modifications.

### Legal Requirement

None.

#### **Budget Comments**

### **CMO Comments**

### What is the Minimal Legal Requirement?

### Impact from Contracting Out? Change in LOS?

### What happens if we don't do this in Program? Who will enforce?

Impacts to this vulnerable age group could lead to negative activities being the alternative to a positive outlet of sporting opportunities.

### Can revenues be increased - established to provide General Fund offset for this program?

No. Programming is offset by Measure U. It eliminates an access barrier by providing free enrollment.

### If General Fund Support is cut what is the impact on Revenues?

None.

### Youth Program

### **Program Services**

Funding from Sacramento Housing Region Authority will be utilized in District 1 to support the youth residing in the underserved areas.

#### **Program Description**

To provide opportunities and activities for youth residing in the North Natomas affordable housing developments at no cost to youth.

### Legal Requirement

The Housing Authority of the City of Sacramento (HACS) collects Supplemental Annual Administrative Fees (Fees) from affordable housing projects that file for property tax exemptions. Within North Natomas, eight projects file for such exemptions, generating about \$100,000 annually in Fees. HACS has used these Fees for after school and summer programs that serve low income youth from these developments.

Licensing & Rabies Control

**Program Description** 

Provides support services to the field enforcement and sheltering operations that are mandated by City Code (Chapter 9.44 Animals). Rabies control through pet licensing.

Legal Requirement

Health and Safety Codes, Division 105; Communicable Disease Prevention and Control, Part 6; Veterinary Public Health and Safety, Chapter 1; Rabies Control 121690.

**Budget Comments** 

**CMO Comments** 

Can This be Contracted Out? Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

No

No

What is the Minimal Legal Requirement?

To provide local rabies control.

Impact from Contracting Out? Change in LOS?

### What happens if we don't do this in Program? Who will enforce?

We would not be able to provide the administrative support to the field enforcement and shelter operations; this would increase the length of stay for shelter animals, increase the medical care expenses for shelter animals, reduce the revenue collected from pet owners who redeem their animals, and reduce adoption revenue.

### Can revenues be increased - established to provide General Fund offset for this program?

We could increase fees for animal licensing and shelter fees in FY24. However, we regularly waive or reduce licensing fees to impounded owned animals to decrease the length of stay for owned animals so that we don't have to continue providing basic and veterinary care.

### If General Fund Support is cut what is the impact on Revenues?

We would have fewer employees to collect revenue.

### **Program Services**

Neighborhood Code Enforcement

#### **Program Description**

The program responds to complaints that provides the community mitigation of blighted and unsafe conditions related to private property within the city. It includes provisions for exclusion and abatement of various nuisances as identified in Sacramento City Code 8.04, which includes but are not limited to the removal of junk and debris, inoperable vehicles, infestations of vermin and rodents from buildings/properties located within the city, and provides for cost recovery and related appeal processes. Administers and conducts City hearings and associated meetings.

The program also enforces provisions of Title 12 to address overgrown landscaping and obstructions posing a potential hazard to traffic including vehicles and pedestrians. It addresses parking requirements by enforcing provisions of Chapter 8.04 and sections of Title 10. To maintain quality of life within resident neighborhoods the program also addresses the City's Noise Standards

Additionally, the program enforces the California Vehicle Code (CVC) and investigates over 20,000 vehicles annually. The program has spent significant resources responding to complaints of occupied recreational vehicles in violation of the CVC. To ensure a comprehensive approach to occupied vehicles, CDD has 2.0 FTE Code Enforcement Officers opt-con to the Department of Community Response. This collaboration ensures that services are offered to persons experiencing homelessness as part of the process of enforcing the CVC.

#### Legal Requirement

Sacramento City Charter Ch. 8.04 Nuisances Generally

To protect the health, safety, and welfare of all residents and to establish a standard to ensure a positive effect on property value, to preserve and maintain the livability, values and integrity of our neighborhoods, community appearance, and neighborhood pride.

City Code Chapter 1.28

California Code of Civil Procedures Sections 1094.5 and 1094.6; Government Code 53069.4.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Se Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	<u>*</u>	¥	*

### What is the Minimal Legal Requirement?

See legal requirements above.

### Impact from Contracting Out? Change in LOS?

### What happens if we don't do this in Program? Who will enforce?

Increase in citizen complaints.

Jeopardize public health and safety from vector-borne diseases.

Deterioration of quality of life in neighborhoods.

Proliferation of code violations throughout the city that often affects the city's most vulnerable.

Should CDD not conduct the appeals and hearings the following departments/offices would be affected: Fire, Police, YPCE, Public Works, and the Clerk's Office.

### Can revenues be increased - established to provide General Fund offset for this program?

Require a failed inspection fee for all non-compliant re-inspections after a warning notice has been issued and the time for compliance has expired. (This would cover the cost for the city to perform their duties.) Research if an ordinance can be passed to show that fees are for the cost of service by the city and are not penalties therefore not able to be appealed or waived.

### If General Fund Support is cut what is the impact on Revenues?

Fund	Authorized FTE	Summary Labor	Other Employee Services	Total Employee Services	Services and Supplies	POD Property	MYOPS	Inter- departmental Transfers	Debt Service	Expenditure Subtotal	Revenue	Net Budget

Rental Housing Inspection Program (RHIP)

### **Program Description**

State statute mandates enforcement of its laws, which allow local jurisdictions to go beyond response to complaints and provide proactive inspection of housing related to the health and safety of the occupants and general public. This program provides proactive systematic health and safety inspection of all residential rental properties.

### Legal Requirement

State Building Code Section 108.3

State Health and Safety Code Sections 17961, 18935, 17960.

Specific Requirement: City Code 8.120.080 "All rental housing properties and rental housing units are subject to routine periodic inspection by the City as provided by this chapter."

Zoning Enforcement

### **Program Description**

To maintain a healthy, safe, and clean environment; to carry out land use policy; and to preserve the quality of life standards that residents and businesses enjoy in our community.

### Legal Requirement

City Code Titles 15, 16, 17, and 18 require enforcement in order to maintain compliance with state laws, carry out the City Council's policies and direction, and improve the City's regulatory environment.

### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	0	0	Contracting out would likely have a higher hourly cost. Lower LOS would reduce customer service and internal staff support.

### What is the Minimal Legal Requirement?

Not applicable.

### Impact from Contracting Out? Change in LOS?

A reduction in LOS would result in fewer zoning investigations, delayed response to citizen complaints, and increased incidence of zoning violations.

### What happens if we don't do this in Program? Who will enforce?

Neighborhood deterioration; intrusion of illegal and objectionable uses. Public health, safety, and welfare severely impacted. Elimination would go against Council direction and cease regulatory reform and improvement initiatives.

### Can revenues be increased - established to provide General Fund offset for this program?

Yes, largely at the expense of homeowners and small businesses who currently pay half or less of actual cost.

### If General Fund Support is cut what is the impact on Revenues?

Not applicable.

Program Services
Business Compliance

### Program Description

The program responds to complaints related to various business activities including entertainment, tobacco retailing, taxicabs, pedi-cabs, food trucks, massage parlors, and short-term rental properties. It ensures all applicable standards/criteria are met, and that all necessary permits, current business operations, tax certifications, et cetera, are obtained and current. The City addresses and responds to complaints for outdoor vending on city streets, sidewalks, and public places.

As of July 2022, the BCU was staffed with five dedicated FTE that work nights to routinely and proactively inspect the businesses listed above to ensure compliance with federal, state, and local standards. The intent of this team is to assist the Sacramento Police and Fire Department with the regulation of entertainment venues, sidewalk vendors, massage establishments and more. The unit spends significant time routinely inspecting tobacco retailers since the ordinance was amended in 2019, which prohibited the sale of flavored tobacco products. Sting operations with the Sacramento Police Department are conducted to minimize the sale of tobacco products to persons under 21 years of age and educate tobacco retail operators. Additionally, City Council adopted an ordinance requiring a massage establishment permit and various operational requirements. The ordinance was established to shift focus from the person providing massage to the business operator. Massage establishments are often associated with sex trafficking and criminal activity. CDD predicts that there are over 250 massage establishments operating without the required permits within the city limits. The program also investigates complaints of short-term rentals operating without required permits and properties with permits that are violating conditions set on short-term rental permits include excessive occupancy, exceedance of rental term, and use of uninhabitable spaces for sleeping quarters.

### Legal Requirement

Title 5 - Business Licenses/Regulations Chapter 5.12; Amusement Devices, Chapter 5.20; Billiard/Pool Parlors; Business Licenses/Regulations Chapter 5.108, Entertainment Establishments (2003), Chapter 5.136 Taxicabs (2006), and Chapter 5.138, Tobacco Retailer Ordinance (2004), 5.114 Short-term rentals, 5.68 Food Vending Vehicles, 5.88 Outdoor Vending, 5.90 Sidewalk Vending, 5.124 Massage Therapy.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Se Changed?	What is the potential dollar savings from contracting out • LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	, ×	¥	*

### What is the Minimal Legal Requirement?

### Impact from Contracting Out? Change in LOS?

### What happens if we don't do this in Program? Who will enforce?

Public health and safety at risk (noise, occupancy, disturbances, etc.).

Increased complaints from citizens, residents, and business owners. Not providing this service could have negative impacts on businesses, residents, visitors, patrons, and employees.

Increase in underage tobacco sales and possible addiction.

Increased calls to Fire and Police Departments.

### Can revenues be increased - established to provide General Fund offset for this program?

Require a failed inspection fee for all non-compliant re-inspections after a warning notice has been issued and the time for compliance has expired. (This would cover the cost for the city to perform their duties.) Research if an ordinance can be passed show that fees are for the cost of service by the city and are not penalties therefore not able to be appealed or waived. Business permit fees could be increased to cover a greater portion of the program cost, but higher fees may burden small businesses and hinder economic development.

### If General Fund Support is cut what is the impact on Revenues?

Program Services Graffiti Abatement

#### Program Description

Adopted by the City Council in 1997 (Ordinance 97-073 Section 2: prior code 61.17.1700), this ordinance recognized that the increase of graffiti on both public and private buildings, structures, and other places creates a condition of blight within the city that can result in the deterioration of property values, business opportunities, and enjoyment of life for persons using adjacent and surrounding properties. Additionally, that the presence of graffiti is inconsistent with the City's goals of maintaining property, preventing cr me, and preserving aesthetic standards. Unless graffiti is quickly removed, it encourages the creation of additional graffiti on nearby buildings and structures. This ordinance provides a process for the quick removal of graffiti within the city, including a method for cost recovery. Gang graffiti is treated as an immediately dangerous condition and is summarily abated.

CDD has 2.0 FTE assigned to removing graffiti from public and private property. Additionally, it has established a Crew Leader position to oversee the youth program that is part of Graffiti Abatement. The position will supervise Youth Aides and ensure all equipment to remove graffiti are utilized safely.

#### Legal Requirement

Title 8 Health & Safety Chapter 8.24 Graffiti Abatement, California Penal Code 594

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes			

### What is the Minimal Legal Requirement?

The minimal legal requirement of the Graffiti Abatement Program is pursuant to Title 8 of the Sacramento Municipal Code and it regulate and enforce provisions of chapter 8.24 for abatement and removal of graffiti.

### Impact from Contracting Out? Change in LOS?

Loss of control and further delayed response.

### What happens if we don't do this in Program? Who will enforce?

Encourages continued vandalism;

Community pride decreases, businesses suffer, deterioration of quality of life;

Significant damage to property investment;

Economic impact on community when graffiti is left unabated;

Increased citizen complaints;

Lack of graffiti prevention and educational outreach;

Jeopardize public health and safety.

### Can revenues be increased - established to provide General Fund offset for this program?

Require a failed inspection fee for all non-compliant re-inspections after a warning notice has been issued and the time for compliance has expired. (This would cover the cost for the city to perform their duties.) Research if an ordinance can be passed show that fees are for the cost of service by the city and are not penalties therefore not able to be appealed or waived.

### Program Services

**Entitlements** 

#### **Program Description**

Review development applications to ensure new development is consistent with the General Plan, Zoning and Subdivision regulations, Historic Preservation plans and policies, and Design Guidelines. Review also helps ensure development is compatible with the surrounding neighborhoods. This POD also includes Environmental Planning Services, which implements the California Environmental Quality Act for both private development and other City departments. Plan check staff assures that building permits are issued consistent with planning conditions of approval and staff that provide public counter services.

#### Legal Requirement

Government Code 65000-66035 (Planning) and Government Code 66410-66499.58 (Subdivision)

City Code Titles 15, 16, 17, 18

California Health and Safety Code 2007 California Building Code (CBC)

National Envir. Policy Act (http://www.epa.gov/compliance/nepa/)

California Public Resources Code 21000-21177

California Code of Regs Title 14 Div. 6 Ch. 3 15000-15387 (California Environmental Quality Act)

### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out - LOS change?

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

Yes

Yes

### What is the Minimal Legal Requirement?

Permit Streamlining Act requires a decision on applications within 180 days. The California Environmental Quality Act (CEQA) establishes deadlines for project review for private and City projects, as well as enforcement of mitigation measures.

### Impact from Contracting Out? Change in LOS?

Contracting out would likely have a higher hourly cost. LOS could be reduced, resulting in increasing the average processing time for permits.

### What happens if we don't do this in Program? Who will enforce?

Elimination would result in violation of federal, state, and local laws. Fees are collected to provide service; elimination would result in loss of department revenue. Elimination would result in negative impact in quality of life. Processing of nominations is potentially billable. City is legally obligated for habitat plan requirements and affected state and federal permits that could result in enforcement.

### Can revenues be increased - established to provide General Fund offset for this program?

Yes, largely at the expense of homeowners and small businesses, who currently pay half or less of actual cost for land use permits. The processing of nominations to the Historic Register is potentially billable and fees for the processing of 3rd party appeals could be increased to reflect actual cost of service.

### If General Fund Support is cut what is the impact on Revenues?

Revenue would be reduced due to increased processing timelines and increased illegal construction without permits.

Program Services

Long Range Planning

### **Program Description**

- 1) Ensures that the General Plan and the Planning and Development Code (Title 17) are kept up to date and responsive to state mandates and Council direction.
- 2) Serves as City liaison with other governmental agencies that affect citywide planning. Analyzes effects of agency proposals and prepares recommendations to City Manager and City Council on how to respond.
- 3) Informs and educates decision makers and the public on matters affecting citywide and area-specific planning.
- 4) Satisfies Attorney General's requirement for compliance with the California Environmental Quality Act (CEQA) for greenhouse gas mitigation.
- 5) Economic development incentive for planned development by streamlining future development.
- 6) Prepares and implements portions of the City's Climate Action & Adaptation Plan.
- 7) Addresses the housing crisis through implementing housing streamlining, obtain housing grant funds, and developing housing policy that facilitates affordable housing development.

### Legal Requirement

State Government Code 65350 (Authority for and Scope of General Plans); Resolution 2015-0060 CEQA mitigation requirement of the 2035 General Plan; City Code 2.112 (City Planning); Council Direction per Resolution 2015-0088 adopting the General Plan (Chapter 4 Implementation).

### **Budget Comments**

#### CMO Comments

What is the potential dollar How Many FTE Could be How long would Can This he Could the Level Of contracting out savings from contracting out reduced by contracting out -Contracted Out? Service Be Changed? LOS Change? LOS change? Yes 0 N/A No

### What is the Minimal Legal Requirement?

Minimum state requirements are that the City have an adequate General Plan, climate action plan, and certified housing element. Because new legislation constantly alters the City's obligations to maintain an adequate General Plan and zoning code, staff must keep abreast of statutory changes and recommend appropriate actions to the City Manager and City Council. The level of effort devoted to administration, implementation, and reporting of the General Plan is determined by the City Council per Chapter 2.112 and policies in Part 4 of the 2035 General Plan.

### Impact from Contracting Out? Change in LOS?

Loss of staff knowledge and expertise associated with local land uses, community values, and concerns. A portion of the work is being contracted out because it requires specialized professional services; however, the current FTE devoted to this program are essential to deliver the program and ensure compliance with City contracting requirements.

Further reduction in LOS could result in failure to comply with current (General Plan, CEQA) and new state laws. It would be difficult to find a contractor with the knowledge of city land use and community values and concerns who could perform as well as in-house staff.

### What happens if we don't do this in Program? Who will enforce?

Elimination of this program would eventually result in an unmaintained, and therefore inadequate General Plan and zoning code, subjecting the City to legal challenges, and potentially halting development. Interested parties could sue the City to prevent issuance of development permits or amendment of plans and ordinances that are contrary to state law. Program elimination would make the City ineligible for grants for cities that are in compliance with their housing elements, such as the Affordable Housing Sustainable Communities Grant and Infill Infrastructure Grant. The City would reduce its ability to obtain professional analysis and recommendations for how to anticipate and proactively manage changing land use, economic, and livability issues.

If eliminated the City would cease to be in compliance with CEQA and this could result in legal challenge by any person to the adequacy of the General Plan and potential moratorium on development. Furthermore all future development projects would be subject to case-by-case challenge on adequacy of CEQA analysis and mitigation of greenhouse gas emissions. Effectiveness of the General Plan and Master EIR role in in streamlining development and project review would be reduced.

### Can revenues be increased - established to provide General Fund offset for this program?

Yes. This program is supported by the General Plan Maintenance Fee that is levied on building permits, which was increased with FY21. Further increases to the fee could fully offset the program cost. Also, the Housing Trust Fund and Housing Impact fees include an administrative set-aside that was devoted to SHRA's housing that is now part of Planning to offset costs associated with consultants.

### If General Fund Support is cut what is the impact on Revenues?

None.

Required by City Code Title 17 - Applications

Government Code 56375 (a) - Cortese-Knox-Hertzberg law

CEQA

#### **Budget Comments**

### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Be Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	Yes	÷	<u>u</u>	2

#### What is the Minimal Legal Requirement?

Permit Streamlining Act requires that decisions on applications must be made within 180 days.

### Impact from Contracting Out? Change in LOS?

Contracting out would likely have a higher hourly cost. Lower LOS would reduce customer service and internal staff support and result in inconsistent and less knowledgeable staff representation of City interests in Natomas and other new growth areas. Lower LOS could be reduced, resulting in increasing the average processing time for permits and would reduce customer service and internal staff support.

### What happens if we don't do this in Program? Who will enforce?

This program is critical for the City to understand and respond to development proposals outside of the City, such as recent County proposals in the Natomas Basin Vision Area. Elimination undermines support for the General Plan on its focus on infill. No annexations or sphere of influence amendments would occur, and it would hamper economic recovery of Natomas (sale of bonds and development proposals). Plays a key role in facilitating tax exchange agreements for annexations. These agreements are important in ensuring adequate tax revenue to support the additional City services that would come with annexations. Extensive coordination by staff with affected local, regional, and state agencies would be substantially reduced, exposing the City to effects of unplanned growth.

### Can revenues be increased - established to provide General Fund offset for this program?

Fees could be raised for developer applications; City-initiated actions would have to be paid by the General Fund. Development impact fees could be increased to fund this administrative expenditure.

### If General Fund Support is cut what is the impact on Revenues?

Not applicable.

Housing & Dangerous Buildings

#### Program Description

The purpose and intent of the Housing and Dangerous Building Program is to regulate structures consistently with state law and city ordinances to ensure a strong and effective enforcement plan to protect the health, safety, and welfare of the residents of the city. Buildings or structures which endanger the life, limb, health, property, safety, or welfare of the general public or their occupants, may be required to be repaired, vacated, demolished or secured.

The provisions of this program shall apply to all substandard or dangerous buildings which are now in existence or which may hereafter be constructed within this city. This program provides the procedures for abatement and the standards for rehabilitation of such buildings so as to conform with the minimum standards prescribed by the housing code. Administers and conducts applicable City hearings and associated meetings.

#### Legal Requirement

CA Building Code 108.3, State Health and Safety Code 19990 (a), 17961, 18935, 17960

California Code of Civil Procedures Sections 1094.5 and 1094.6; Government Code 53069.4

City Code Sections: 1.28 (appeals/hearings), 8.96 (dangerous buildings), 8.24 (graffiti abatement), 8.20 (summary abatement of dangerous vehicles). Chapters: 8.100.070 vacant building monitoring; 8.100.1200 vacant blighted property.

Specific Requirement: Article 3 of State Housing Law "the governing body of every city or county shall adopt ordinances or regulations imposing the requirements contained in this subchapter."

### **Budget Comments**

### **CMO Comments**

Can This be Could the Level Of Service Be Changed?

No

Yes

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How long would contracting out take?

### What is the Minimal Legal Requirement?

The legal minimum requirement of the Housing and Dangerous Buildings program pursuant to Title 8 of the Sacramento Municipal Code is to regulate and enforce provisions of Chapter 8.96 and 8.100 as they relate to dangerous and substandard structures. Required by the California Health and Safety Code and by the 2019 California Building Code.

### Impact from Contracting Out? Change in LOS?

If the Housing and Dangerous Buildings Program were to be contracted out, there would be a decrease in the level of service which would impact the safety of residents and the enforcement of building standards and regulations, a loss of revenue, and control of the housing and building stock.

### What happens if we don't do this in Program? Who will enforce?

If the code and regulations established by the state and the city were not enforced, it would reduce the safety and quality of life for residents of the city and increase the occurrences of blight and public nuisances.

It should be noted that Building Inspectors have extensive knowledge and professional certification in the codes and statutes pertaining to the construction, maintenance, and rehabilitation of structures, thus ensuring that all buildings within the city are safe to be occupied.

There would be a substantial loss of revenue, property values. Neighborhood destabilization, increased crime, and structural loss.

Under the tenets of the City Charter and Municipal Codes, the enforcement of these regulations can only be performed by individuals duly authorized as Building Inspectors for the Housing and Dangerous Buildings Program for the City of Sacramento. There are no alternative enforcement agencies.

Should CDD not conduct the appeals and hearings, the following departments/office would be affected: Fire, Police, YPCE, Public Works, and the Clerk's Office.

### Can revenues be increased - established to provide General Fund offset for this program?

As the program currently exists, it generates revenue that offsets the fiscal impact on the General Fund. A fee study would determine which fees and amounts should be charged. Fees are charged but other collection methods may need to be explored.

Require a failed inspection fee for all non-compliant re-inspections after a warning notice has been issued and the time for compliance has expired. (This would cover the cost for the city to perform their duties.) Research if an ordinance can be passed show that fees are for the cost of service by the city and are not penalties therefore not able to be appealed or waived.

Vehicle Abatement (On-street)

#### Program Description

To remove or cause to remove abandoned, inoperable, hazardous, and unregistered vehicles that become a blight, create a public nuisance, and are a health and safety hazard on streets within the city.

### Legal Requirement

California Vehicle Code 4000: Registration Required

California Vehicle Code 5204: Registration Tabs

California Vehicle Code 22500: Prohibited Stopping, Standing, Parking

California Vehicle Code 22523: Abandonment Prohibited

California Vehicle Code 22651: Circumstances Permitting Removal

California Vehicle Code 22669 (a) Authority to abate abandoned vehicles left on any city street or alley

California Vehicle Code 22669(d) Authority to abate vehicles that are immobilized on any city street, alley, or public right-of-way that lacks parts necessary to operate or creates a hazard to the general public

California Vehicle Code 22669 (o) Authority to abate vehicles parked on public right-of-way with expired registration in excess of six months.

California Vehicle Code 22669 (k) Authority to abate vehicles parked in excess of 72 hours on a city street or alley.

City Code 8.20 Summary Abatement of Dangerous Vehicles pursuant to California Vehicle Code 22669 (a) and (d)

### **Budget Comments**

#### CMO Comments

Can This be Could the Level Of Contracted Out?

No Yes

Could the Level Of Service Be Changed?

What is the potential dollar reduced by contracting out take?

What is the potential dollar reduced by contracting out take?

How Many FTE Could be reduced by contracting out take?

### What is the Minimal Legal Requirement?

Code Compliance administers a Vehicle Abatement Program which is funded utilizing funds pursuant to section 22710 of the California Vehicle Code (CVC) and funded pursuant to section 9250.7. These sections of the CVC were enacted to impose a one dollar (S1) surcharge on vehicle registration and renewals on every vehicle built after 1973. The City receives partial reimbursement from the State Controller's Office for cost of administering the program.

The minimum legal requirement to continue operating in the program would require that the city continue to enforce a minimum of four CVC sections:

\*CVC 22669 (a): Authority to abate abandoned vehicle left on any city street or alley

- \*22669 (d): Authority to abate vehicles that are immobilized on any city street, alley, or public right-of-way that lacks parts necessary to operate or creates a hazard to the public
- \*22669 (o): Authority to abate vehicles parked on public right-of-way with expired registration in excess of six months
- \*22669 (k): Authority to abate vehicles parked in excess of 72 hours on a city street or alley

### Impact from Contracting Out? Change in LOS?

Contracting out for the Vehicle Abatement Program would impact efficiency and response times. Current staff understand the requirements of the California Vehicle Code and are efficient in the investigation and abatement of removing abandoned, wrecked and dismantled vehicles. Surrounding municipalities that have contracted this service out to private contractors, such as the City of Rancho Cordova, have moved away from this practice because this service requires coordination with tow companies, law

Complaints of abandoned, wrecked and dismantled vehicles have more than doubled annually over the past 5 years. The second largest demand for service (second to illegal dumping) is the removal of abandoned vehicles with more than 17,000 complaints filed last year.

Limited affordable housing combined with rising rents and a growing homeless population has increased complaints of abandoned, wrecked, and dismantled vehicles including recreational vehicles. The department anticipates that this volume will continue to grow annually as more people seek to live in their vehicles if rental prices continue to rise.

### What happens if we don't do this in Program? Who will enforce?

The State of California and the City of Sacramento have declared that abandoned, wrecked, and dismantled vehicles are a public nuisance. These vehicles contribute to blight and neighborhood deterioration. In some instances, these vehicles are used to commit crimes such as vandalism, prostitution, etc. If the City of Sacramento were to cease operation of this program, it may see an increase in neighborhood blight and criminal activity. Blight created by abandoned, wrecked, and dismantled vehicles have historically been tied to depreciating property values and a negative impact on quality of life (the Broken Window Theory).

The Sacramento Police Department (SPD) has full authority to administer and operate the Vehicle Abatement Program. SPD has the equipment, training, contracts, and capability to administer this type of program.

### Can revenues be increased - established to provide General Fund offset for this program?

Potentially. Some local municipalities transfer cost of abating abandoned, wrecked, and dismantled vehicles to the owner on file with the Department of Motor Vehicles. However, many of these municipalities, including the County of Sacramento, have shared that their collection rate is very minimal often having to write-off costs because it costs more to collect from the owner and there are provisions that do not allow certain costs be charged; previously cost recovery was provided by the Sacramento Vehicle Abatement Authority (SAVSA) ballot Measure C, which failed in June 2022 thereby ending this funding source. In many cases, abandoned and wrecked vehicles are worth less than the cost of abatement, so cost recovery is impractical.

A possible funding source could be to require a failed inspection fee for all non-compliant re-inspections after a warning notice has been issued and the time for compliance has expired. (This would cover the cost for the City to perform their duties.) Research if an ordinance could be passed to show that the fees are for the cost of service and are not penalties; therefore, they could not be appealed or waived. These fees would be a personal obligation and a collection and billing service would be required.

Counter Operations for Building Permits and Plan Review

#### **Program Description**

The Counter Operations is the hub for all development related application and permits for the city, which also includes the management of all major development projects. Project managers provide general and specific customer service and assist customers through the permit application, submission, and issuance process. They provide a specialized management team to oversee and facilitate projects valued at \$1 million and greater through the development review and construction process while maintaining a high level of service. The group develops and maintains operating processes and procedures with all stakeholders, and ensures the development and implementation of policies to streamline processes.

Counter operation staff process all related fees and fee programs for City departments and agencies using the permitting software platform, Accela. The counter operations collect, process, and distribute these fees and fee programs for a number of departments including: Utilities, Public Works, Finance (including Special Districts), Office of Economic Development, Fire, and YPCE. Development fees are also collected for outside agencies including: Regional Sanitation, SAFCA, SHRA, State Department of Conservation, Sacramento Transportation Authority, and California Building Standards Commission.

Can This be Could the Level Of Contracted Out? Service Be Changed?

Yes

Could the Level Of Service Be Changed?

What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out LOS Change?

How bong would contracting out take?

### What is the Minimal Legal Requirement?

City Code 9.44.250

### Impact from Contracting Out? Change in LOS?

Animal Care has already explored contracting out; however, no other service providers are interested in absorbing the operation and cost due to insufficient resources.

### What happens if we don't do this in Program? Who will enforce?

County cannot enforce City Code.

### Can revenues be increased - established to provide General Fund offset for this program?

We could increase shelter fees in FY24. However, we regularly waive or reduce shelter fees to decrease the length of stay of owned or shelter animals so that we don't have to continue providing veterinary care.

### If General Fund Support is cut what is the impact on Revenues?

We would have fewer employees to care for shelter animals, which would increase expenditures on basic and veterinary care for animals housed in the shelter.

#### **CMO Comments**

Can This be Could the Level Of Contracted Out? Service Be Changed? What is the potential dollar savings from contracting out LOS change? How Many FTE Could be reduced by contracting out LOS Change? How long would contracting out take?

### What is the Minimal Legal Requirement?

See legal requirements for program.

### Impact from Contracting Out? Change in LOS?

Reduce enforcement for barking dog complaints, and increase of the number of stray animals on city streets.

### What happens if we don't do this in Program? Who will enforce?

County cannot enforce City Code.

### Can revenues be increased - established to provide General Fund offset for this program?

We could increase fees; however, fees associated with enforcement tend to target our most underserved community members. This is why we try to provide education and warnings before issuing citations. If an animal owner continues to be non-compliant, citations are issued.

### If General Fund Support is cut what is the impact on Revenues?

We would see less revenue generated because the staff is already struggling to respond to calls for service that may result in a citation.

Weed Abatement of Vacant Private Property Lots

### **Program Description**

The program responds to complaints which provides the community mitigation of blighted and unsafe conditions (specifically fire hazards) related to vacant undeveloped lots, With over 4,600 privately owned vacant lots, the program conducts outreach to educate property owners of weed abatement requirements and enforces chapter \$.2\$ Weed and Rubbish Abatement and California Government Code 39501 and 39502. The program abates overgrown dry weeds if property owners not able or willing to comply and provides for cost recovery and related appeal processes.

The program will work in collaboration with the Vacant Lot Registration Program to ensure owners of the 4,600 lots provide contact information to the City to help increase compliance.

### Legal Requirement

### What is the Minimal Legal Requirement?

### Impact from Contracting Out? Change in LOS?

Abatements are currently outsourced to multiple local vendors via contracts.

### What happens if we don't do this in Program? Who will enforce?

Increase in hazards to public safety due to multiple grass fires, increase workload to the Fire Department to respond to increases in fires. Increase in structure fires due to large grass fires. Reduced revenue stream due to reduction of penalties issued for violations.

### Can revenues be increased - established to provide General Fund offset for this program?

Increase in revenues is possible if penalties are upheld and staff is a consistent unit, capable of applying and coordinating program.

Require a failed inspection fee for all non-compliant re-inspections after a warning notice has been issued and the time for compliance has expired. (This would cover the cost for the city to perform their duties.) Research if an ordinance can be passed show that fees are for the cost of service by the city and are not penalties therefore not able to be appealed or waived.

### If General Fund Support is cut what is the impact on Revenues?

Cannabis Inspection and Enforcement

### **Program Description**

The Cannabis Code Enforcement Unit was established to assist the Office of Cannabis Management with the enforcement of regulations adopted by the City for commercial cannabis. Code Compliance staff are opt-con to the Office of Cannabis Management. Code Enforcement Officers enforce operational conditionals outlined in Title 5 and Title 17 as it pertains to the adherence of cannabis conditional use permits and also ensure that cannabis businesses are operating in accordance to the California Bureau of Cannabis Control regulations. Chapter 5.150 of the Sacramento City Code provides the Cannabis Code Enforcement Unit the authority to enforce rules and regulations established as they relate to commercial cannabis facilities and illegal cannabis operations, including animal control/enforcement. The purpose and intent of the cannabis enforcement program is to regulate cannabis businesses, in compliance with state law and City ordinances to ensure a strong and effective enforcement plan to protect the health, safety, and welfare of the residents of the city.

### Legal Requirement

The cannabis enforcement program is funded utilizing funds obtained from the issuance of cannabis business permits. The legal minimum requirement of the program pursuant to 5037(a)(5) of BCC regulations is to provide regulatory inspections of cannabis operations to ensure local authorization which allows state authorization to operate legally in the State of California. The cannabis enforcement program is also legally required to enforce cannabis regulatory ordinances established by the city in Title 5, Chapter 5.150 of the city municipal code.

**CMO Comments** 

Can This be Contracted Out?

Could the Level Of Service Be Changed? What is the potential dollar savings from contracting out LOS change?

How Many FTE Could be reduced by contracting out • LOS Change?

How long would contracting out take?

No

No

### What is the Minimal Legal Requirement?

### Impact from Contracting Out? Change in LOS?

Contracting out for the Cannabis Enforcement Program would impact efficiency and enforcement of the program. Current staff understand the requirements of the California Bureau of Cannabis Control regulations and city ordinances pertaining to cannabis regulation and are efficient in the investigation of violations unique to the cannabis industry in the City of Sacramento. The efficiency of the program would also be impacted as the positive working relationships with internal customers such as Police, Fire, and the Building Department could potentially be compromised. Currently, the City of Sacramento is the only city that has implemented a successful and innovative Cannabis Enforcement Program that is comprised of a team that includes Code, Police, Fire, and Building. Due to the innovative enforcement technique that has been adopted by the city, other municipalities have looked to the city as a model and have begun to implement a similar approach to the regulation of their cannabis industries. In addition, many of the illegal cannabis facilities that the Cannabis Code Enforcement Program inspect contain immediate life and safety building issues which Cannabis Code Enforcement Officers have been trained to recognize, address, and refer to the appropriate building authorities. If the Cannabis Enforcement Program were to be contracted out, there would be a decrease in the level of service which would impact the safety of residents and the enforcement of permits that provide funding for the program.

### What happens if we don't do this in Program? Who will enforce?

One of the purposes of legalizing the use of cannabis was to eradicate the crime and burden on the legal system that the black market creates. If the ordinances and regulations established by the city and state were no longer enforced, the black market would thrive reducing the safety and quality of life for residents of the city and the reduction of revenue generated from permits from legal cannabis businesses would decrease.

Reallocating the responsibility of cannabis regulation to the police department would potentially increase operating costs of the program and would add additional stress to the police department#s limited resources and require extensive training.

### Can revenues be increased - established to provide General Fund offset for this program?

Require a failed inspection fee for all non-compliant re-inspections after a warning notice has been issued and the time for compliance has expired. (This would cover the cost for the city to perform their duties.) Research if an ordinance can be passed show that fees are for the cost of service by the city and are not penalties, therefore not able to be appealed or waived.

How Many FTE Could be reduced by contracting out - LOS Change?

How long would contracting out take?

Yes

Yes

### What is the Minimal Legal Requirement?

None.

### Impact from Contracting Out? Change in LOS?

Existing staff from another program area would have to manage consultants, resulting in reductions of services in other program areas. For this program to be effective it is important to have staff that can establish long-term and meaningful relationships with the community. It would be very challenging for outside consultants to form and maintain these types of critical relationships.

### What happens if we don't do this in Program? Who will enforce?

Neighborhood-based economic development and planning would not occur, limiting the City's ability to address historical disinvestment, to advance equity, and to facilitate revitalization of commercial corridors, challenged neighborhoods, and transit-oriented development.

### Can revenues be increased - established to provide General Fund offset for this program?

The General Plan Maintenance Fee could be utilized but would need to be increased so we can fund our other programs.

### If General Fund Support is cut what is the impact on Revenues?

None.

#### **Program Services**

Program services include the outreach and response portion, including 24 FTEs that support this function.

MYOPs include agreements for services provided to individuals experiencing homelessness. This includes collaboration in providing outreach and response, Citywide cleanup services and the operations of various programs.

#### **Program Description**

The Office of Community Outreach utilizes the City's 311 service to respond to calls for service relative to individuals experiencing homelessness.

Teams of social workers and outreach specialists provide an alternative response to traditional emergency response strategies, by utilizing evidence based practices such as cultural competency, motivational interviewing, and strengths-based approaches.

This POD includes budgets in the operation budget, 23001021 and in the Community Response MYOP series I23000100.

### Legal Requirement

City Council priority for life and safety.

#### **Budget Comments**

#### **CMO Comments**

Can This be Contracted Out?	Could the Level Of Service Se Changed?	What is the potential dollar savings from contracting out - LOS change?	How Many FTE Could be reduced by contracting out - LOS Change?	How long would contracting out take?
No	DCR Outreach and Response staff receive on average, 2,000 calls for service per month. They respond to anywhere between 85-90% of those calls. Reducing the level of service will result to more calls from the Community not being attended to.	n/a	n/a	n/a

### What is the Minimal Legal Requirement?

DCR works with service providers and community partners to deliver the programs. These programs are under contracts with different terms and conditions; therefore the legal obligations to be fulfilled.

#### Impact from Contracting Out? Change in LOS?

### What happens if we don't do this in Program? Who will enforce?

If the Outreach and Response portion of DCR no longer exists, the rapport DCR, on behalf of the City, will no longer exist. Over the past year, DCR has been instrumental in providing outreach to individuals experiencing homelessness and providing resources available such as help obtaining an IDI life documents, access into shelters, and other social services. This link between the City and the community will be broken.

### **Program Services**

Sacramento Public Library (SPLA) - Library Services 0-24

#### **Program Description**

Youth ages 0-24 represent 46% of Sacramento Public Library's cardholders, and 107,538 youth in the City of Sacramento have a library card.

Library cards provide youth not only access to books and materials for check out, they are able to reserve and utilize computers at all library locations and have access to databases purchased specifically to support learning, including homework help, test preparation, and research at all grade levels. In addition, the Library provides services like Job Coaches, Career Online High School, and Adult Literacy and English as a Second Language support for adult learners. These services are free for all city residents.

SPLA - Library Programs for Ages 0-18

#### **Program Description**

Sacramento Public Library tracks program data on youth ages 0-18 years. Youth ages 18-24 are counted in general adult programs, so specific numbers for this age range are not available. Library programming is generally offered for youth as a drop-in model to reduce barriers to participation and does not require registration or enrollment. Therefore, demographic information about youth participants is not available. These programs are offered free for all city residents.

Fare Free Transit for Youth

#### **Program Description**

The Fare Free Transit for Youth program provides prepaid fare passes to students from Transitional Kindergarten through 12th Grade (TK-12) residing in or attending school within the city limits of Sacramento. Funding for the Fare Free Transit for Youth Program is consistent with the goals and policies of the Sacramento 2035 General Plan and helps the City create and maintain a safe, comprehensive, and integrated transit system as an essential component of a multimodal transportation system as provided in Goal M3.1. Free transit for students who live or attend school in the City of Sacramento will allow the City to support SacRT to plan and implement reduced fare programs and/or universal "fare free" transit pass programs for certain high density/intensity areas (e.g., Central Business District) of the City, and to expand access to such programs among major employees and institutions, to facilitate increased transit ridership as provided in Policy M3.1.6 of the Sacramento 2035 General Plan.
