Have your most recent payment statements/pay stubs from this year available when using the estimator. At the beginning of next year, use the estimator again to recheck your withholding.

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See pages 2 and 3 for more information on each step, when to use the estimator at www.irs.gov/W4App, and how to elect to have no federal income tax withheld (if permitted).

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about any future developments related to Form W-4P, such as legislation enacted after it was published, go to www.irs.gov/FormW4P.

Purpose of form. Complete Form W-4P to have payers withhold the correct amount of federal income tax from your periodic pension, annuity (including commercial annuities), profit-sharing and stock bonus plan, or IRA payments. Federal income tax withholding applies to the taxable part of these payments. Periodic payments are made in installments at regular intervals (for example, annually, quarterly, or monthly) over a period of more than 1 year. Don't use Form W-4P for a nonperiodic payment (note that distributions from an IRA that are payable on demand are treated as nonperiodic payments) or an eligible rollover distribution (including a lump-sum pension payment). Instead, use Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions, for these payments/distributions. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Choosing not to have income tax withheld. You can choose not to have federal income tax withheld from your payments by checking the box in the *No withholding* section. Then, complete Steps 1(a), 1(b), and 5. Generally, if you are a U.S. citizen or a resident alien, you are not permitted to elect not to have federal income tax withheld on payments to be delivered outside the United States and its territories.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. If your tax situation changes, or you chose not to have federal income tax withheld and you now want withholding, you should submit a new Form W-4P.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Are submitting this form after the beginning of the year;
2. Have social security, dividend, capital gain, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax;
3. Receive these payments or pension and annuity payments for only part of the year; or
4. Have changes during the year in your marital status, number of pensions/jobs for you (and/or your spouse if married filing jointly), number of dependents, or changes in your deductions or credits.

TIP: Have your most recent payment statements/pay stubs from this year available when using the estimator to account for federal income tax that has already been withheld this year. At the beginning of next year, use the estimator again to recheck your withholding.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you (or you and your spouse) receive. If you do not have a job and want to pay these taxes through withholding from your payments, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Payments to nonresident aliens and foreign estates. Do not use Form W-4P. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, check the box in the *No withholding*

section. See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions

Submit a **separate Form W-4P** for each pension, annuity, or other periodic payments you receive.

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you have at least one of the following: income from a job, income from more than one pension/annuity, and/or a spouse (if married filing jointly) that receives income from a job/pension/annuity. The following examples will assist you in completing Step 2(b).

Example 1. Taylor, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Taylor also has a job that pays \$25,000 a year. Taylor has no other pensions or annuities. Taylor will enter \$25,000 in Step 2(b)(i) and in Step 2(b)(iii).

If Taylor also has \$1,000 of interest income, which she entered on Form W-4, Step 4(a), then she will instead enter \$26,000 in Step 2(b)(i) and in Step 2(b)(iii). She will make no entries in Step 4(a) on this Form W-4P.

Example 2. Casey, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Casey does not have a job, but receives another pension for \$25,000 a year (which pays less annually than the \$50,000 pension). Casey will enter \$25,000 in Step 2(b)(ii) and in Step 2(b)(iii).

If Casey also has \$1,000 of interest income, then he will enter \$1,000 in Step 4(a) of this Form W-4P.

Example 3. Sam, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Sam does not have a job, but receives another pension for \$75,000 a year (which pays more annually than the \$50,000 pension). Sam will not enter any amounts in Step 2.

If Sam also has \$1,000 of interest income, she won't enter that amount on this Form W-4P because she entered the \$1,000 on the Form W-4P for the higher paying \$75,000 pension.

Example 4. Alex, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Alex also has a job that pays \$25,000 a year and another pension that pays \$20,000 a year. Alex will enter \$25,000 in Step 2(b)(i), \$20,000 in Step 2(b)(ii), and \$45,000 in Step 2(b)(iii).

If Alex also has \$1,000 of interest income, which he entered on Form W-4, Step 4(a), he will instead enter \$26,000 in Step 2(b)(i), leave Step 2(b)(ii) unchanged, and enter \$46,000 in Step 2(b)(iii). He will make no entries in Step 4(a) of this Form W-4P.

If you are married filing jointly, the entries described above do not change if your spouse is the one who has the job or the other pension/annuity instead of you.

Multiple sources of pensions/annuities or jobs. If you (or if married filing jointly, you and/or your spouse) have a job(s), do NOT complete Steps 3 through 4(b) on Form W-4P. Instead, complete Steps 3 through 4(b) on the Form W-4 for the job. If you (or if married filing jointly, you and your spouse) do not have a job, complete Steps 3 through 4(b) on Form W-4P for **only** the pension/annuity that pays the most annually. Leave those steps blank for the other pensions/annuities.

Social security number and other requirements for credits and deductions. You (and/or your spouse if married filing jointly) must have the required social security number to claim certain credits and deductions. For additional eligibility requirements for these credits and deductions, see Pub. 501, Dependents, Standard Deduction, and Filing Information.

Specific Instructions *(continued)*

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative.

For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. Including these credits will increase your payments and reduce the amount of any refund you may receive when you file your tax return.

Step 4.

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include amounts from any job(s) or pension/annuity payments. If you complete Step 4(a), you likely won't have to make estimated tax payments for

that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your pension, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 17, if you expect to claim deductions other than the basic standard deduction on your 2026 tax return and want to reduce your withholding to account for these deductions. This includes itemized deductions, the additional standard deduction for those 65 and over, and other deductions such as for qualified tips, overtime compensation, and passenger vehicle loan interest; student loan interest; IRAs; and seniors.

Step 4(c). Enter in this step any additional tax you want withheld from **each payment**. Entering an amount here will reduce your payments and will either increase your refund or reduce any amount of tax that you owe when you file your tax return.

Note: If you don't give Form W-4P to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer will withhold tax from your payments as if your filing status is single with no adjustments in Steps 2 through 4. For payments that began before 2026, your current withholding election (or your default rate) remains in effect unless you submit a new Form W-4P.

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to provide this information only if you want to (a) request federal income tax withholding from pension or annuity payments based on your filing status and adjustments; (b) request additional federal income tax withholding from your pension or annuity payments; (c) choose not to have federal income tax withheld, when permitted; or (d) change a previous Form W-4P. To do any of the aforementioned, you are required by sections 3405(e) and 6109 and their regulations to provide the information requested on this form. Failure to provide this information may result in inaccurate withholding on your payment(s). Failure to provide a properly completed form will result in your being treated as a single person with no other entries on the form; providing fraudulent information may subject you to penalties.

Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their tax laws. We may

_____ **Cut Here** _____

Give the top part of this form to your pension payer or annuity. Keep the lower part for your records.

Note: Unless you elect otherwise, state law requires that California Personal Income Tax (PIT) be withheld from payments of pensions and annuities.

This form DE 4P allows you to:

- (1) Claim a different number of allowances for California PIT withholding than for federal income tax withholding.
- (2) Elect not to have California PIT withheld from your periodic, or nonperiodic, pension or annuity payments.
- (3) Elect to have California PIT withheld on periodic or nonperiodic payments based on:
 - (a) The filing status and number of allowances specified.
 - (b) A designated dollar amount.
- (4) Update the DE 4P previously filed.

Withholding from Pensions and Annuities: Generally, withholding applies to payments made from pension, profit-sharing, stock bonus, annuity, and certain deferred compensation plans, from Individual Retirement Arrangements (IRA), and from commercial annuities. Withholding also applies to property other than cash distributed.

In compliance with federal law, California PIT is not to be withheld from pension recipients who reside outside of California.

Periodic and nonperiodic payments from all the items above are treated as wages for the purpose of withholding.

A periodic payment is both:

- Included in your income for tax purposes.
- Received in installments at regular intervals over a period of more than one full year from the pension or annuity's starting date. The intervals can be annual, quarterly, monthly, etc.

For example, if you receive a monthly pension or annuity payment and will continue to receive payments for more than a year, the payments are periodic. However, distributions from an IRA that are payable upon demand are treated as nonperiodic payments.

There are some kinds of periodic and nonperiodic payments that do not require a DE 4P since they are already defined as wages subject to PIT withholding. Your payer should be able to tell you whether a DE 4P is required.

Your certificate is usually effective 30 days after you file the form. The certificate stays in effect until you change or revoke it.

Methods of Withholding: The payer can use one of the following three methods:

- (1) An amount determined by using the California withholding schedules. Payee completes line 2 and if applicable line 3 above.
- (2) A dollar amount that you designate. Payee completes line 4 above.

- (3) Ten percent of the federal withholding amount computed pursuant to section 3405 of the Internal Revenue Code (law.cornell.edu/uscode/text/26/3405). Payee completes line 4 above.

Completing the Form: Fill in your full name, home address, Social Security number, and the identification number (if any) of the pension or annuity.

Line 1, Exemption from Withholding: Check this box if you do not want any PIT withheld from your payment. You do not need a reason for claiming the exemption from withholding.

Caution: Remember that there are penalties for not paying enough tax during the year, either through withholding or estimated tax payments. You may be able to avoid paying quarterly estimated tax to the Franchise Tax Board (FTB) by having enough tax withheld from your pension or annuity using the DE 4P.

Revoking the Exemption from Withholding: If you want to revoke your previously filed exemption from withholding for periodic and nonperiodic payments, file another DE 4P completing lines 2, 3, or 4.

Line 2, Withholding Based on Specified Withholding Allowances:

If you want withholding to be calculated based on a specified filing status and number of allowances, check the filing status box you want and write the number of allowances on line 2. The worksheets accompanying this form may be used to figure out your withholding allowance.

Line 3, Multiple Pensions or More than One Income: Indicate additional amount to be withheld from each payment. You may use Worksheet C, accompanying this form, to determine the additional amount.

Line 4, Withholding a Designated Dollar Amount: Indicate dollar amount you want withheld on this line instead of claiming withholding allowances.

Instructions — 1 — Allowances*

When determining your withholding allowances, you must consider your personal situation:

- Do you claim allowances for dependents or blindness?
- Will you itemize your deductions?
- Do you have more than one income coming into the household?

If you have a working spouse, more than one job or income, it is best to figure the total number of allowances you are entitled to claim on all jobs using the worksheets from only one DE 4P. Allowances can then be claimed with one payer only or split among payers.

Worksheet A Regular Withholding Allowances

| A) Allowance for yourself — enter 1. | (A) _____ |
| B) Allowance for your spouse (if not separately claimed by your spouse) — enter 1. | (B) _____ |

| E) Allowances for dependents — do not include yourself or your spouse. | (E) _____ |
| F) Total — add lines (A) through (E) above and enter on line 2b of the DE 4P. | (F) _____ |

Instructions — 2 — Additional Withholding Allowances

If you expect to itemize deductions on your California income tax return, you can claim additional withholding allowances. Use Worksheet B to determine whether your expected estimated deductions may entitle you to claim one or more additional withholding allowances. Use last year's FTB Form 540 as a model to calculate this year's withholding amounts.

You may reduce the amount of tax withheld from your wages by claiming one additional withholding allowance for each \$1,000, or fraction of \$1,000, by which you expect your estimated deductions for the year to exceed your allowable standard deduction.
