

## **Sacramento Police Department After-Academy Training Course**

### **Course Title: Basic Traffic Collision Investigation**

**Course Description:** This course fulfills the requirements of 40600 CVC. Topics include traffic law, scene management, evidence identification, collision causation factors, reporting procedures, sketching and diagramming, and court testimony. The course includes a practical exercise.

**Course Objectives:** Upon completion of this course the student will be able to:

- ☐ Understand the various factors that cause or contribute to collisions
- ☐ Develop the ability to identify and interpret collision related physical evidence
- ☐ Learn the procedures used in investigating collisions
- ☐ Develop the skills necessary to properly document the collision investigation
- ☐ Demonstrate learned skills during a practical mock-collision investigation

**Representative Methods of Evaluation:**

- ☐ Class participation
- ☐ Class performance
- ☐ Written Examination (POST Test)
- ☐ Demonstrate and pass skills test
