

## **Sacramento Police Department After-Academy Training Course**

### **Course Title: Infectious Disease**

**Course Description:** To educate officers as to what an “exposure event” is and what the procedure is if they get exposed on duty.

**Course Objectives:** Upon completion of this course, the student will be able to:

- ☐ Understand the various modes of transmission (bloodborne, airborne, and droplet)
- ☐ Identify what is an exposure event and what is not
- ☐ Understand the reporting/testing procedure following an exposure event
- ☐ Learn different ways to help protect themselves from an exposure event (using appropriate PPE, covering open wounds with bandages during their shift, washing hands with soap and water, etc)

**Representative Methods of Evaluation:**

- ☐ Class participation
