#### IN SUPPORT OF SEARCH WARRANT

#### STATEMENT OF PROBABLE CAUSE

#### EXPERIENCE AND TRAINING:

Your affiant's name is **Detective Thomas Patrick Higgins**. I have been a police officer for over 22 years for the City of Sacramento. I am currently assigned to the Homicide Unit and have been working in that capacity since 2003. I have a Bachelor of Arts degree in Criminal Justice from California State University, Sacramento. In addition, I have an Advanced P.O.S.T. certificate. I have attended a 76-hour Robert Presley Institute of Criminal Investigators Homicide Course. I have attended an 8 hour Behavior Analysis Training Institute Course on Non Verbal Communication. I have attended an 8 Hour Class on Street Gangs. I have attended a 36 hours DOJ Officer Involved Shootings Course. I have attended in excess of 300 hours of classes in the narcotics field. I am an instructor for the Robert Presley Institute of Criminal Justice and specifically teach in blocks of instruction on Officer Involved Shootings and Homicide Scene Investigation. I am committee member for the annual Robert Presley Institute of Criminal Justice Detective Symposium. I was a subject matter expert for the State of California Police Officer Standards and Training "Major Case Investigation Officer Down Telecourse."

As part of my employment with the aforementioned law enforcement agency, I was previously assigned to the uniformed patrol division as a field training officer during which

time your affiant conducted preliminary investigations into a variety of crimes, which included taking police reports, arresting suspects, and interviewing witnesses, victims, informants and suspects.

During the interviews of suspects, witnesses, victims and informants I have elicited information on how and why the crimes were committed. I also learned from my informal training and from other experienced officers how certain crimes are committed. In addition, I have also talked to numerous suspects about where they have kept the instrumentalities and fruits of their crimes. Suspects also have admitted their involvement in crimes and the manner in which they have disposed of, or retained, the instrumentality's of their crimes, including but not limited to firearms involved in such crimes.

I previously worked in the Narcotic/Gang Division of the Sacramento Police Department for 5 1/2 years and have investigated numerous gang and drug related crimes. I have testified as an expert in the possession for sale of Marijuana and Methamphetamine on dozens of occasions. I have investigated hundreds of cases involving the possession and possession for sale of marijuana and methamphetamine. I have participated in the investigation of no fewer than 25 homicides, and numerous felony assaults, misdemeanor assaults, missing persons, kidnappings, and possession of stolen property, narcotic offenses and domestic violence cases.

The following is a summary of the facts of this case as compiled from my personal observations and briefing given to me by other police personnel.

Approximately 1425 hours, 10/21/09, CSUS Police received a 911 call regarding a disturbance at Room [REDACTED] inside the [REDACTED] Dorm at CSUS, 6000 J Street, Sacramento, California. The call stated the someone was throwing stuff into the courtyard and acting crazy. CSUS Officers responded with Resident Advisor [REDACTED]

Officers located a victim, tentatively identified as [REDACTED] inside room [REDACTED] with major injuries. [REDACTED] was transported to UCD Hospital where he died from his injuries. Deputy Coroner Villalobos told me the victim had blunt force trauma to the head wound and other contusions to his body.

Homicide detectives responded to conduct an investigation. I personally observed Room [REDACTED] at the [REDACTED] Dorm at CSUS, 6000 J Street.

From the exterior of room [REDACTED] I observed a large amount of blood in the living room area. I also observed multiple holes in the wall on the east side of the living room that appeared to have been made by an blunt object such as a baseball bat or other heavy object. I observed the exterior window in the living room to be shattered. Based on the appearance of the interior of Room # [REDACTED] and the victim's injuries, it appears that he was killed inside of this room.

In the common hallway for the building outside of Room [REDACTED] I observed several shell casings, more blood and a black handle knife.

Detective Englefield interviewed [REDACTED] who told him the following in summary.

*I went there with Officer Soloman and the other officer. When we got to the door we heard grunting and sounds of a metal object hitting something. The officers announced their presence and requested entry. No one would open the door. Officer Soloman then used a card key that I gave him to open the door. At which point I heard the officers say "Drop the knife. Get on the ground." I also heard the officers say, "He's stabbing himself." Another officer had arrived and fired a pepper ball gun 5-10 times. The officers stepped back and I saw a male black subject [REDACTED] (identified by photo as [REDACTED]) step out of the room. [REDACTED] had a knife and lunged toward the officers. He got within one foot of the officers at which point I saw Officer Soloman fire one shot. [REDACTED] went down to his knee and continued to lunge at the officers at which point two more shots were fired. [REDACTED] then went down to the ground and they handcuffed him. Both the victim and the suspect live in Room # [REDACTED].*

Detective Merten briefly spoke with CSUS Officer Lueders at the crime scene. Lueders advised that after the shots were fired, officers entered room [REDACTED] to check for additional victims. Lueders advised that he had to use a key to unlock two or three of the bedrooms inside of room [REDACTED]. Lueders told Detective Merten that he could not remember which of the rooms he unlocked with a key. Based on this information it is my belief that

evidence may be located in any of the rooms (A-E) as I do not know which rooms the suspect had access to prior to the arrival of the officer. Also I do not know which doors were locked and which were unlocked at the time of this crime. Further, just because a door was locked when Officer Leuders checked it does not mean it was not shut and locked by the suspect after or during this incident.

Based on my experience and training and the facts of this case it is my belief that a blunt object was used in the homicide and a knife was used in the assault on the officers. It is my experience and training that these items with apparent or possible blood stains on them may be found in the residence of people who have committed assaults/murders.

It has been my experience that people will keep articles of personal property tending to establish the identity of the persons in control of the premises, vehicles, storage areas and containers being searched, including utility receipts, rent receipts, addressed envelopes, keys and photographs of said subjects and their associates. I also know from my experience and the experience of other trained investigators with whom I have spoken, that criminals who use weapons during the commission of a crime may keep those weapons in their primary residence to prevent their seizure by law enforcement. In the case of knives, I know that people may often have matching sets of knives inside their residence and knife sheaths.

It is my experience and training that evidence of the crimes of murder and or the identity of the murderers can be found by examining the scene for samples of hair, blood, saliva,

fingerprints, trace evidence, fibers and other bodily fluids. This examination may be enhanced by the use of alternative light sources and other modern scientific methods of trace evidence collection for the processing of objects within the premises for fingerprint and or impression evidence.

It is also my experience and training that evidence of the crime of murder or the identity of the suspects can be found by an examination of any and all writings, diaries, photos or journals, any recordings, any computers or electronic data storing including cellular phones, cameras or other devices to include hard-drives, internal files, folders, documents, and emails. An examination of these items may provide a motive for this crime, steps taken by the suspect to plan this crime and indications of suicidal thoughts which would explain why a subject would with a knife would charge officers. It has been my experience and the experience of other officers I have spoken to that frequently people with suicidal thoughts will attack officers in order to cause their own death. This is referred to as "Suicide by Cop." It is my opinion that an examination of these items will provide evidence of the commission of the crimes in this case and it may provide evidence which will tend to identify other persons who may have knowledge of or be involved in the commission of the crimes in this case, and it may tend to corroborate information given by other witnesses.

I further believe that these are not the types of items normally disposed of after the commission of a crime and that they will therefore likely still be found in the locations or on the persons to be searched.

I know as a result of my training and experience in Homicide investigations that subjects tend to use their primary residences, businesses, storage areas or vehicles to conceal evidence of the crime. I also know that at these locations there will be certain articles of personal property tending to establish the identity of the persons in control of the premises, vehicles, storage areas and containers being searched, including utility receipts, rent receipts, addressed envelopes, keys and photographs of said subjects and their associates.

It is your affiant's opinion that evidence may still be located Room # [REDACTED] at the [REDACTED] Dorm at CSUS, 6000 J Street. Based upon the foregoing it is my opinion that the felonies of murder and assault with a deadly weapon on a police officer have been committed inside of Room # [REDACTED] at the [REDACTED] Dorm at CSUS, 6000 J Street, which is in the city and county of Sacramento. It is also my opinion that the items sought are seizable pursuant to Penal Code section 1524 (means of committing a felony, tends to show a felony was committed or that a particular person committed it, etc.) and will be found within the described premises.

Based on the information set forth in this affidavit, and based on my experience and training as a law enforcement officer for over 24 years, it is your affiant's belief that sufficient probable cause exists for the issuance of a search warrant:

#### AFFADAVIT OF DETECTIVE THOMAS PATRICK HIGGINS

#### IN SUPPORT OF SEARCH WARRANT

#### STATEMENT OF PROBABLE CAUSE

#### EXPERIENCE AND TRAINING:

Your affiant's name is **Detective Thomas Patrick Higgins**. I have been a police officer for over 22 years for the City of Sacramento. I am currently assigned to the Homicide Unit and have been working in that capacity since 2003. I have a Bachelor of Arts degree in Criminal Justice from California State University, Sacramento. In addition, I have an Advanced P.O.S.T. certificate. I have attended a 76-hour Robert Presley Institute of Criminal Investigators Homicide Course. I have attended an 8 hour Behavior Analysis Training Institute Course on Non Verbal Communication. I have attended an 8 Hour Class on Street Gangs. I have attended a 36 hours DOJ Officer Involved Shootings Course. I have attended in excess of 300 hours of classes in the narcotics field. I am an instructor for the Robert Presley Institute of Criminal Justice and specifically teach in blocks of instruction on Officer Involved Shootings and Homicide Scene Investigation. I am committee member for the annual Robert Presley Institute of Criminal Justice Detective Symposium. I was a subject matter expert for the State of California Police Officer Standards and Training "Major Case Investigation Officer Down Telecourse."

As part of my employment with the aforementioned law enforcement agency, I was previously assigned to the uniformed patrol division as a field training officer during which

time your affiant conducted preliminary investigations into a variety of crimes, which included taking police reports, arresting suspects, and interviewing witnesses, victims, informants and suspects.

During the interviews of suspects, witnesses, victims and informants I have elicited information on how and why the crimes were committed. I also learned from my informal training and from other experienced officers how certain crimes are committed. In addition, I have also talked to numerous suspects about where they have kept the instrumentalities and fruits of their crimes. Suspects also have admitted their involvement in crimes and the manner in which they have disposed of, or retained, the instrumentality's of their crimes, including but not limited to firearms involved in such crimes.

I previously worked in the Narcotic/Gang Division of the Sacramento Police Department for 5 1/2 years and have investigated numerous gang and drug related crimes. I have testified as an expert in the possession for sale of Marijuana and Methamphetamine on dozens of occasions. I have investigated hundreds of cases involving the possession and possession for sale of marijuana and methamphetamine. I have participated in the investigation of no fewer than 25 homicides, and numerous felony assaults, misdemeanor assaults, missing persons, kidnappings, and possession of stolen property, narcotic offenses and domestic violence cases.

The following is a summary of the facts of this case as compiled from my personal observations and briefing given to me by other police personnel.

Approximately 1425 hours, 10/21/09, CSUS Police received a 911 call regarding a disturbance at Room # [REDACTED] inside the [REDACTED] Dorm at CSUS, 6000 J Street, Sacramento, California. The call stated the someone was throwing stuff into the courtyard and acting crazy. CSUS Officers responded with Resident Advisor [REDACTED].

Officers located a victim, tentatively identified as [REDACTED], inside room # [REDACTED] with major injuries. [REDACTED] was transported to UCD Hospital where he died from his injuries. Deputy Coroner Villalobos told me the victim had blunt force trauma to the head wound and other contusions to his body.

Homicide detectives responded to conduct an investigation. I personally observed Room # [REDACTED] at the [REDACTED] Dorm at CSUS, 6000 J Street.

From the exterior of room # [REDACTED] I observed a large amount of blood in the living room area. I also observed multiple holes in the wall on the east side of the living room that appeared to have been made by a blunt object such as a baseball bat or other heavy object. I observed the exterior window in the living room to be shattered. Based on the appearance of the interior of Room # [REDACTED] and the victim's injuries, it appears that he was killed inside of this room.

In the common hallway for the building outside of Room # [REDACTED], I observed several shell casings, more blood and a black handle knife.

Detective Englefield interviewed [REDACTED] who told him the following in summary.

*I went there with Officer Soloman and the other officer. When we got to the door we heard grunting and sounds of a metal object hitting something. The officers announced their presence and requested entry. No one would open the door. Officer Soloman then used a card key that I gave him to open the door. At which point I heard the officers say "Drop the knife. Get on the ground." I also heard the officers say, "He's stabbing himself." Another officer had arrived and fired a pepper ball gun 5-10 times. The officers stepped back and I saw a male black subject "[REDACTED]" (identified by photo as [REDACTED]) step out of the room. [REDACTED] had a knife and lunged toward the officers. He got within one foot of the officers at which point I saw Officer Soloman fire one shot. [REDACTED] went down to his knee and continued to lunge at the officers at which point two more shots were fired. [REDACTED] then went down to the ground and they handcuffed him. Both the victim and the suspect live in Room # [REDACTED].*

Detective Merten briefly spoke with CSUS Officer Lueders at the crime scene. Lueders advised that after the shots were fired, officers entered room [REDACTED] to check for additional victims. Leuders advised that he had to use a key to unlock two or three of the bedrooms inside of room [REDACTED]. Leuders told Detective Merten that he could not remember which of the rooms he unlocked with a key. Based on this information it is my belief that

evidence may be located in any of the rooms (A-E) as I do not know which rooms the suspect had access to prior to the arrival of the officer. Also I do not know which doors were locked and which were unlocked at the time of this crime. Further, just because a door was locked when Officer Leuders checked it does not mean it was not shut and locked by the suspect after or during this incident.

Based on my experience and training and the facts of this case it is my belief that a blunt object was used in the homicide and a knife was used in the assault on the officers. It is my experience and training that these items with apparent or possible blood stains on them may be found in the residence of people who have committed assaults/murders.

It has been my experience that people will keep articles of personal property tending to establish the identity of the persons in control of the premises, vehicles, storage areas and containers being searched, including utility receipts, rent receipts, addressed envelopes, keys and photographs of said subjects and their associates. I also know from my experience and the experience of other trained investigators with whom I have spoken, that criminals who use weapons during the commission of a crime may keep those weapons in their primary residence to prevent their seizure by law enforcement. In the case of knives, I know that people may often have matching sets of knives inside their residence and knife sheaths.

It is my experience and training that evidence of the crimes of murder and or the identity of the murderers can be found by examining the scene for samples of hair, blood, saliva,

fingerprints, trace evidence, fibers and other bodily fluids. This examination may be enhanced by the use of alternative light sources and other modern scientific methods of trace evidence collection for the processing of objects within the premises for fingerprint and or impression evidence.

It is also my experience and training that evidence of the crime of murder or the identity of the suspects can be found by an examination of any and all writings, diaries, photos or journals, any recordings, any computers or electronic data storing including cellular phones, cameras or other devices to include hard-drives, internal files, folders, documents, and emails. An examination of these items may provide a motive for this crime, steps taken by the suspect to plan this crime and indications of suicidal thoughts which would explain why a subject would with a knife would charge officers. It has been my experience and the experience of other officers I have spoken to that frequently people with suicidal thoughts will attack officers in order to cause their own death. This is referred to as "Suicide by Cop." It is my opinion that an examination of these items will provide evidence of the commission of the crimes in this case and it may provide evidence which will tend to identify other persons who may have knowledge of or be involved in the commission of the crimes in this case, and it may tend to corroborate information given by other witnesses.

I further believe that these are not the types of items normally disposed of after the commission of a crime and that they will therefore likely still be found in the locations or on the persons to be searched.

I know as a result of my training and experience in Homicide investigations that subjects tend to use their primary residences, businesses, storage areas or vehicles to conceal evidence of the crime. I also know that at these locations there will be certain articles of personal property tending to establish the identity of the persons in control of the premises, vehicles, storage areas and containers being searched, including utility receipts, rent receipts, addressed envelopes, keys and photographs of said subjects and their associates.

It is your affiant's opinion that evidence may still be located Room # [REDACTED] at the [REDACTED] Dorm at CSUS, 6000 J Street. Based upon the foregoing it is my opinion that the felonies of murder and assault with a deadly weapon on a police officer have been committed inside of Room # [REDACTED] at the [REDACTED] Dorm at CSUS, 6000 J Street, which is in the city and county of Sacramento. It is also my opinion that the items sought are seizable pursuant to Penal Code section 1524 (means of committing a felony, tends to show a felony was committed or that a particular person committed it, etc.) and will be found within the described premises.

Based on the information set forth in this affidavit, and based on my experience and training as a law enforcement officer for over 24 years, it is your affiant's belief that sufficient probable cause exists for the issuance of a search warrant:

**YOU ARE THEREFORE COMMANDED TO SEARCH:**

My name is [REDACTED], and I was recently interviewed in regards to the incident at Sacramento State on Wednesday. During my interview, I forgot to mention something about one of the involved parties, [REDACTED]. [REDACTED] takes an interest in hallucinogens in a spiritual context, much like the transcendental meditation culture of the 1970s. In particular, he has often discussed the compound Dimethyltryptamine or DMT as a gateway to powerful spirital experiences. He had never taken it, though he has often expressed interest in the compound and the hallucinations and spiritual experiences that it produces. He has also extended this interest to other psychedelic compounds, though had never used any (to my knowledge).

I did not know where to send this specifically, so I hope this goes to the right place. Hopefully this will help in the ongoing investigation.

██████████  
████████████████████  
6 November 2009

Brian Dedonder  
Homicide Unit  
Sacramento Police Department  
5770 Freeport Blvd Suite 100  
Sacramento, CA 95822

RE: Evidence / ██████████

Detective Dedonder,

As noted in our email of today, Sacramento State University personnel returned to us my son's eyeglasses which were damaged when he was attacked. The eyeglasses are enclosed. Also, on further examination of the returned items, we received ██████'s wristwatch. I am sending it to you as possible evidence because it was apparently struck with sufficient force to knock the second hand completely off.

Sincerely, ████████████████████  
██████████

### NARRATIVE:

On 10-29-09 I was contacted by Sacramento State Police Chief Dan Davis. He delivered to me five DVD disks which he told me had been obtained from the Sacramento Police Department and were the taped interviews of his officers who were involved in the shooting of a suspect upon the California State University, Sacramento campus on 10-21-09. Chief Davis requested that I review the DVDs and utilize them to complete a written synopsis of the activities of his officers during this incident.

### CRITICAL INCIDENT SYNOPSIS:

October 21, 2009 at 1425 hours, Sacramento State Police dispatch received a call of a male at the [REDACTED] who was acting violently and damaging property inside a first floor apartment. Two-man police unit Corporal Jeff Solomon and Officer Joe Lueders and a second unit, Officer Louis Bautista were dispatched to investigate. A third unit, Officer Thelma Matthews subsequently acknowledged the call and also responded. Corporal Solomon and Officer Lueders arrived first and were contacted by Residence Life Coordinator, [REDACTED]. [REDACTED] escorted the officers to the front door of room # [REDACTED] where the event was occurring. Officers heard noises from the interior which suggested someone was in distress. Corporal Solomon requested all additional available officers to respond to the incident

Upon her arrival, Officer Matthews subsequently takes up a position in the exterior courtyard of the complex and is able to observe a black male (suspect [REDACTED]) inside apartment [REDACTED] who was acting violently. Matthews observes the male swinging a baseball bat and using it to strike the interior walls and floor. She subsequently sees him obtain a knife which he places to his neck or throat.

Officer Bautista arrives with a pepperball rifle and contacts Officer Lueders and Cororal Solomon at the front door area of apartment [REDACTED]. Corporal Solomon decides that the interior resident(s) are in distress and to make entry to the apartment. Officer Lueders, Officer Bautista and Corporal Solomon are at the entry door and use a master key to open the locked front door. As the door is opened, officers see a male inside (suspect [REDACTED]) holding a knife to his facial area. Officers give numerous verbal commands for the male to drop the knife and get on ground, but he fails to comply. Officer Bautista fires several rounds from the pepperball rifle he is holding and strikes the male several times in the upper body.

The pepperball impacts fail to subdue the male and he advances toward Officer Lueders, Officer Bautista and Corporal Solomon while brandishing the

knife. Corporal Solomon fears for his safety and the safety of his fellow officers and discharges one round of ammunition from his handgun at the advancing suspect. Officer Bautista fears for his safety and the safety of his fellow officers and also discharges his handgun at the advancing suspect. Officer Bautista believes he discharges two rounds of ammunition.

After officers discharge their firearms, the advancing male fell to the ground in the doorway threshold of apartment # [REDACTED]. Officers handcuff him and then began checking the interior of the apartment for additional persons at which time a male victim is observed laying prone in the living area of the apartment. The victim is bleeding from the head area and shows signs of massive trauma. He is determined to be alive and is administered first aid by Officer Matthews. Officers note the interior of the apartment shows obvious signs of violent activities having occurred including many items broken and in disarray.

Additional police officers arrived at the scene including Sacramento State Police Sergeant Joe Green, Sergeant Bill Scholtz, Lieutenant Kelly Clark, and Officer Scott Christian (see their written statements).

Officers continued to administer first aid to the male suspect and the male victim and upon the arrival of Sacramento Fire department medical units, both the persons were transported by ambulance to the UC Davis Medical Center. Sergeant Joe Green accompanies victim [REDACTED] in the ambulance to receive any statements he may make. A Sacramento Police officer (unknown name as of this writing) accompanies suspect [REDACTED] in the ambulance to receive any statements he may make.

Due to the fact Sacramento State Police officers had been involved in a discharge of firearms, the crime scene was turned over to officers of the Sacramento Police Department to process and investigate. A SPD CSI and investigators of an Officer Involved Shooting Team subsequently responded and took charge of the investigation.

Involved officers were taken to the Sacramento Police department for videoed interviews.

### SUPPLEMENTAL:

Refer to original report 09-0961.

### NARRATIVE:

On 10-21-09, I was on duty, in uniform, attending a meeting at the Yosemite athletic building upon the campus of California State University, Sacramento. Upon the conclusion of my meeting, as I entered my police vehicle at approximately 1429 hours, I began to monitor radio traffic regarding an incident in progress at the CSUS residence halls. I did not copy the initial broadcast of the incident, therefore was not certain of the exact circumstances or location in the complex the event was occurring. Due to the apparent urgency of the transmissions I was listening to, I did not ask the dispatcher to clarify the circumstances of the call, as radio traffic was continuing and I was concerned I would cover priority traffic. I continued to monitor and began driving to the location of the [REDACTED] residential apartment complex.

As I arrived at the [REDACTED] complex, I saw two marked Sacramento State police cars parked on the sidewalk of the facility, directly in front of the main entry doors. I was copying that officers were broadcasting that they were about to force entry into a room, that it sounded as if someone was being injured or injuring themselves. I parked near these police cars and as I began to exit my car copied that Corporal Solomon was broadcasting "shots fired." I was uncertain as to the exact radio traffic, but I believe the transmission I initially copied was that the suspect had rushed officers with a knife.

As I entered the lobby of the residential hall, I could see north through the glass lobby doors outside of the building into the exterior open-air courtyard. A citizen was standing in the courtyard and motioning me towards another perimeter entry door on the west side of the building. The doorway led back into an adjacent west hallway of the interior of the building. I re-entered the residential apartment area through the door the citizen was directing me to and again began running northward down the 1000 wing of the apartment complex to where I believed the event and officers were.

As I ran northward, I observed uniformed officers standing near the doorway of apartment [REDACTED]. I observed Officer Christian, Corporal Solomon and Officer Lueders. I also observed a black male laying prone on the ground, handcuffed behind his back. The feet of the male were near the entry to the open door of apartment [REDACTED], his head was laying away from the door. On the ground in the area of the right side of the male's upper body I observed a single edged kitchen type knife, which had a red substance on the blade consistent with blood. The male was completely clothed and the officers told

me he had rushed them with a knife and they had been forced to shoot him to stop his advances. I knelt down next to the male to check his injuries and checked his carotid pulse noting that he did have a discernable one and that he was alive. I called to him to see if he could hear me and received no response. I noted a foam earplug in his ear and therefore removed it and dropped it to the ground, again calling to him to check for a reaction. Again, there was no reaction to my efforts.

I also observed another male laying inside the entry of the apartment in a large pool of blood which I assessed as primarily originating from the male's head. I also noted the apartment and entire area was permeated with a very strong smell of what I believed to be chemical mace. Officer Matthews was kneeling next to the male and administering first aid. My initial view of the apartment and impression was that a very violent confrontation had occurred inside, as there were many broken items and the contents in extreme disarray.

My initial observation of the interior of the apartment led me to believe the apartment was a multi-bedroom unit and I therefore asked if it had been searched thoroughly, as I was concerned there were additional suspects or victims. Talking to the officers, I was uncertain if the apartment had been searched, therefore I directed officers to search all rooms. Upon conclusion of the search, no other persons were found.

I briefly interviewed officers as to determine what had happened.

Corporal Solomon told me that he and other officers had responded to a disturbance at apartment [REDACTED] at the complex. As they stood at the locked entry door, officers heard what sounded like someone in extreme distress. Officers decided to enter the apartment using a master entry key. As they opened the door they observed a male (suspect) with a knife holding it to his cheek or inside his mouth, apparently cutting himself. A non-lethal pepperball gun was used by Officer Bautista to fire several rounds at the suspect and after several hits, the suspect charged the officers in the doorway with the knife with the apparent intent of injuring the officers. Both Corporal Solomon and Officer Bautista fired their sidearms at the rushing suspect, striking him and causing him to collapse in the doorway where I now observed him.

Officer Bautista was interviewed away from other officers. His statements were consistent with Corporal Solomon's.

I briefly spoke to Officer Lueders, also away from other officers. His statements were also consistent with those of Corporal Solomon's and Officer Bautista's.

I directed officers to continue administering first aid to the injured males and requested via radio that all available Community Service Officers (CSOs) that were on-duty respond to the location to help maintain a secure perimeter.

At the location, I was approached by plain clothes Sacramento State Police personnel, Sergeant Bill Scholtz and Sergeant Joe Green. As Sergeant Scholtz was the CSO coordinator, I directed that he utilize his staff to maintain scene security and directed that he check adjacent apartments for other persons that may be present. Sergeant Scholtz posted a CSO in the hallway near room [REDACTED] and I noted that the CSO deployed crime scene barrier tape to restrict access of all non-authorized persons. I directed the CSO (I did not recognize the CSO and as of this writing, do not know his name) to only let authorized persons past the barrier tape and to record in writing their names and times of entry and departure.

Upon the arrival of medics, both males were transported to outside waiting ambulances. I directed Sergeant Green to accompany one of the males (later determined to be victim [REDACTED]) to the hospital. I believed that the male's condition was extremely grave, therefore I told Sergeant Green his assignment was to receive a dying declaration from the victim if one were to be given.

I accompanied medics outside with the second injured male (later determined to be suspect [REDACTED]) and as he was being loaded into a second ambulance, observed uniformed Sacramento Police Officers arriving. I advised officers the suspect in the ambulance had been shot by my officers and asked if one was available to accompany the suspect to the hospital. I told the Sacramento Police officers that the suspect's status was also grave and told them the purpose of my request was to receive a possible dying declaration. One of the officers agreed to do so and entered the ambulance as it departed. I did not recognize the officer and as of this writing, do not know his identity.

Returning to within the designated scene, I contacted Officer Lueders, Corporal Solomon and Officer Bautista and directed them to respond together back to Sacramento State Police Department. I told them we would provide support and they would be interviewed there. I asked that they not discuss the incident or alter their equipment in any way.

I contacted Officer Christian and asked that he utilize arriving Sacramento Police officers and conduct a thorough search of all apartments in the wing of the complex for additional persons and if they were not involved, to escort them from their apartments and out of the secure perimeter crime scene area.

At the scene, I contacted Sacramento Police Acting Lieutenant Paul Freeman who identified himself to me as the current ranking Sacramento Police official at the location.

He agreed to take over this investigation since Sacramento State Police officers had been involved in a discharge of weapons. He told me that he would notify a Crime Scene Investigator (CSI) and a designated *Officer Involved Shooting Team* to respond.

I released supervision of the scene to Acting Lieutenant Freeman and left the scene at approximately 1626 hours.

As I arrived at Sacramento State Police office, I contacted dispatch supervisor, Ms. Katerina Donato. I requested Ms. Donato to make a recording of the radio traffic during this event. She subsequently did so and subsequently delivered to me two CDs which she told me contained two identical copies of the radio traffic which I requested. I initiated an evidence log and left one recording with dispatcher telling her to release the CD to a representative of the Sacramento Police Department upon request. As of this writing, I have not booked the second copy and it is still in my possession.

### RECOMMENDATIONS:

1. Attach this supplemental to original report 96-0961. Entire copy of report 09-0961 to be forwarded to the Sacramento Police Department upon request.

1 **DATE:** 10/21/2009  
2 **TIME:** 1425 hours

3  
4 **NOTIFICATION:** I copied a radio broadcast of a loud disturbance at the [REDACTED] Residence Hall.  
5 Subsequent transmissions from Corporal Solomon at the scene indicated that the situation appeared to be  
6 escalating, that he and officers at the scene were planning to deploy the pepperball gun, and that he wanted all  
7 available units to respond Code-3.

8  
9 **OFFICER ACTIONS/OBSERVATIONS:**

10 I was in plainclothes and rode to the scene from the station with Officer S. Christian #1349 who was in uniform and  
11 driving a marked unit. We arrived on scene at approximately 1430 hrs.  
12 We parked on the east exterior side of the complex and entered via the main entrance on that side. We exited on  
13 the opposite interior side of the wing and entered the courtyard area. At that time, I observed a large plate glass  
14 window broken out at the north end of the west wing facing the courtyard. As I was running toward the entry at the  
15 south end of the west wing I heard what sounded like the report of two to three gunshots coming from the area of  
16 the broken window. I then heard a radio transmission indicating that shots had been fired. I entered the hallway at  
17 the south entrance and walked towards the north end of the corridor.  
18 A male black subject, later identified as suspect [REDACTED], was lying prone on the hallway floor outside of room  
19 [REDACTED] had been handcuffed. I observed a large knife with blood on the blade lying to S. [REDACTED]' right side.  
20 Officer Christian and Officer Bautista were attending to [REDACTED]. Corporal Solomon then asked that I join him and  
21 Officer Lueders in clearing the remainder of the room for any additional suspects.  
22 As I entered the room, I observed the victim, later identified as [REDACTED], lying prone on the floor near the  
23 north wall of the common living area. [REDACTED] appeared to be unconscious and to have sustained severe trauma  
24 to the head. Much of the interior of the room appeared to have been destroyed with broken fixtures and furniture  
25 scattered about the kitchen and commons area. Corporal Solomon, Officer Lueders, and I then cleared the  
26 remainder of the room finding no other persons present. Officer Matthews was now attending to the victim. I exited  
27 the room and secured the hallway until the arrival of Community Service Officers a few minutes later.  
28 Upon the arrival of the Sacramento Fire Department paramedics, the victim was placed aboard an ambulance for  
29 transport to the UC Davis Medical Center in Sacramento. I accompanied V. [REDACTED] aboard the ambulance for  
30 purposes of receiving a statement from him should he regain consciousness. We arrived at the Medical Center at  
31 approximately 1500 hrs. V. [REDACTED] was taken into a treatment room in the hospital emergency room. S. [REDACTED]  
32 arrived at the Medical Center via SFD ambulance at approximately 1503 hrs and was taken into a treatment room.  
33 V. [REDACTED] was pronounced dead by attending physicians at 1517 hrs without ever regaining consciousness.

2 TIME: 1500 hours

3 **NOTIFICATION:**

4 On the above date and time, I performed follow-up assistance to Sacramento Police Department Detective Ashley  
5 Englefield, the SPD Homicide detective assigned to investigate the above case.

6 **OFFICER ACTIONS/OBSERVATIONS:**

7 I provided Englefield with UPD Sgt G. Revelez's supplement report for the above case. Revelez's supplement  
8 included the [REDACTED] key card activations for the access fob belonging to [REDACTED], the  
9 suspect in the case.

10 I also accompanied Englefield to the CSUS Residence Halls, when he obtained the complete copy of [REDACTED]'s  
11 access records for the [REDACTED] from [REDACTED], the IT consultant for the Residence Halls.  
12 [REDACTED] also provided me with a copy of the access records. See attached.

13 **RECOMMENDATIONS:**

14 Include this report with the master case file.

SERGEANT USE ONLY

With [REDACTED] I tested several readers including room [REDACTED] in the [REDACTED] to determine the time stamps and accuracy when compared with the BASIS server and the police dispatch.

The process followed was:

1. Go to [REDACTED]
2. Check and record time on PDA and Cell Phone ([REDACTED] s)
3. Swipe [REDACTED]'s fob against offline door reader
4. Download door reader history.
  - a. We performed this on [REDACTED], [REDACTED] and [REDACTED]
5. Return to office
6. Compare time on PDA to [REDACTED]'s Computer (hrl-[REDACTED])
7. Compare time on hrl-[REDACTED] to BASIS Server (hrl-srv2)
8. Upload door reader history from PDA to server
9. Compare server time to police dispatch time, compare cell phone time to police dispatch time.

The results are:

BASIS Server matches police dispatch time.

Cell Phone matches police dispatch time.

PDA and hrl-[REDACTED] do not match each other or dispatch times. The times used by these devices are not used by the readers or the server.

Door [REDACTED] is 3 minutes ahead of police dispatch time.

This was determined by comparing the known swipe time of the [REDACTED] fob as recorded via Cell Phone and PDA and the time recorded by the door access reader. Cell Phone matches dispatch time.

For comparison Door [REDACTED] is 3 minutes behind police dispatch time and Door [REDACTED] is 5 minutes ahead of dispatch time.

20091023 v1 – Document owned by [REDACTED], created by [REDACTED]; Initially email to HRL Staff.  
20091023 v1.1 – Added how time differential was determined.

### SUPPLEMENTAL/CONTINUATION

CRIME <b>HOMICIDE</b>	PARTY NAME [REDACTED]
--------------------------	--------------------------

1 **Date:** October 30, 2009  
2 **Time:** 0800

3  
4 **NOTIFICATION:** I was contacted by Lt. Clark regarding a possible unauthorized entry into the crime scene that  
5 may have occurred during the morning of October 22, 2009. Lt. Clark indicated to me that one of the three  
6 uninvolved residents of the room (unknown which) may have entered without clearance from the police or  
7 University Housing.  
8

9 In checking the CAD Dispatch report for the period from the initial occurrence of the incident at 1425 hrs on the  
10 21<sup>st</sup> to 0835 hrs on the 22<sup>nd</sup>, it appears that the perimeter was secure during the entire period. The CAD report  
11 indicates that the room was returned to the custody of University Housing at 0835 hrs on the 22<sup>nd</sup>.  
12

13 **0900 hrs:** I contacted Housing Director [REDACTED] at his office. [REDACTED] furnished me with a log sheet (att.)  
14 indicating entries into room [REDACTED] of the [REDACTED], the crime scene, from October 21<sup>st</sup> through  
15 October 22<sup>nd</sup>. All of the rooms in the residence hall are equipped with electronic access locks that log all entries  
16 made with a key fob issued to residents and staff. All key fobs are individual and indicate entry made by the person  
17 to whom the fob was issued by name. Residents are not issued conventional keys for their rooms; only residence  
18 hall staff is issued a master conventional type key. The log reflects the room number being changed to [REDACTED]  
19 instead of [REDACTED] as the electronic lock was changed to that room number to remove access by unauthorized  
20 persons on the morning of the 22<sup>nd</sup>. [REDACTED] indicated to me that this change was accomplished at approximately  
21 0745 hrs that morning. Prior to that time, the last entry indicated into the room was at 1416 hrs on the afternoon of  
22 the 21<sup>st</sup> by the victim, [REDACTED]. Responding officers in the instant case gained entry to the room during the  
23 incident by use of the Head Resident's master conventional key which is not logged. After that time, the room was  
24 secured as a crime scene with police personnel on scene until 0835 hrs on the morning of the 22<sup>nd</sup> at which time  
25 the room was returned to the custody of University Housing by Sgt. Revelez. [REDACTED] further told me that two of the  
26 residents requested entry to the room later in the afternoon of the 22<sup>nd</sup> in order to retrieve their belongings. [REDACTED]  
27 stated that he entered the room along with Head Resident [REDACTED] at 1348 hrs with two of the residents and  
28 two of their respective parents. [REDACTED] also requested that two psychological counselors from the CSUS Health  
29 Center accompany them with the residents. Together, [REDACTED], [REDACTED], the two residents, the two parents, and the  
30 two counselors entered the room and retrieved the belongings.  
31

32 **1100 hrs:** I spoke with [REDACTED], Director of the CSUS Psychological Counseling Services on the  
33 telephone. He confirmed the two counselors, [REDACTED] and [REDACTED], did indeed respond to the [REDACTED].  
34 [REDACTED] at Housing's request on the afternoon of the 22<sup>nd</sup>. [REDACTED] indicated that [REDACTED] and [REDACTED] believed  
35 that they responded somewhere between 1300 and 1400 hrs, met with the two students and two parents, and  
36 spent approximately 10 minutes with them in the room while they retrieved their belongings. [REDACTED] and [REDACTED] then  
37 left. Neither [REDACTED] nor [REDACTED] indicated that either resident mentioned that they had made prior entry into the room.  
38

39 **1120 hrs:** I spoke via telephone to Officer Sam Sanchez. Sanchez was on duty the evening of the homicide and  
40 assigned as a liaison with the Sacramento Police Dept. at the crime scene. Sanchez stated that the crime scene  
41 perimeter was maintained from the time of the incident by personnel of the University Police Dept. and the  
42 Sacramento Police Dept. Sanchez stated that he transported a witness to the Sacramento Police Dept. at  
43 approximately 1900 hrs on the 21<sup>st</sup> and then returned to the scene. Sanchez stated that an SPD CSO was  
44 maintaining perimeter security during that time. Sanchez stated that he helped maintain the perimeter until he was  
45 relieved by Officer Johnston and a Community Service Officer at approximately 0230 hrs on the 22<sup>nd</sup>. He stated  
46 that SPD CSI was still working in the room at that time.  
47

48 **1145 hrs:** I contacted Community Service Officer Andrew Scheidecker via telephone. The CAD log reflects  
49 Scheidecker as the CSO who relieved Officer Sanchez on the perimeter at 0240 hrs. Scheidecker stated that he  
50 arrived on the scene at approximately 0230 hrs and officially took control of the perimeter from Officer Johnston at

1 0240 hrs. Scheidecker stated that SPD CSI was completing their investigation as he started his shift. He stated  
 2 that he maintained the perimeter until 0740 hrs and that no one entered the crime scene during that time.  
 3 Scheidecker stated that the only time he left his post was for a restroom break during which time he was relieved  
 4 by Corp. Kroner. Scheidecker stated that he then turned over the perimeter to CSO Stephanie Monson at 0740  
 5 hrs.  
 6  
 7 **1220 hrs:** I spoke with CSO Stephanie Monson in my office. Monson stated that she relieved CSO Scheidecker at  
 8 0740 hrs on the perimeter. She stated that no one entered the perimeter until she was relieved by Sgt. Revelez at  
 9 0835 hrs.  
 10  
 11 The CAD log reflects that control of the room was released to University housing by Sgt. Revelez at 0835 hrs on  
 12 October 22<sup>nd</sup>. There does not appear to be any illicit entry into the scene during the period it was under the control  
 13 of the University Police Dept. or the Sacramento Police Dept.

7  
8 On the above date and time, I was working hospital watch detail on suspect [REDACTED]. The Charge  
9 Nurse ([REDACTED]) notified me that [REDACTED] had made statements about "going off" and that [REDACTED]  
10 further requested to speak to mental health staff.

11  
12 At 0836 hours, Nurse [REDACTED] told me the following in summary:

13  
14 **[REDACTED]'s Statement:**

15  
16 [REDACTED] spoke with his mother and his mother called our nurses station expressing concern for [REDACTED]'s  
17 mental health. [REDACTED] behavior had changed today and he seemed to be angry, asking me to get out of his  
18 room and being non-cooperative.

19  
20 At 0841 hours, I requested CSUS dispatch notify Cpl. Solomon of the situation.

21  
22 At 0901 hours, I meet with UCD Officer D. Sheffield and apprised him of the situation.

1 DATE: 11-16-2006  
2 TIME: 1530 hours

#### 3 NOTIFICATION:

4 On the above date and time, I conducted an in-person interview with a witness in the above case, Franklin Beardsley,  
5 regarding his actions and involvement in the above case.  
6

7 Beardsley works for the University Police Department as a community service officer, which is a paid student assistant  
8 position.  
9

#### 10 OFFICER ACTIONS/OBSERVATIONS:

11 I interviewed Beardsley in the UPD Investigations office. Beardsley told me the following in summary.  
12

#### 13 WITNESS STATEMENT (BEARDSLEY):

14 My name is Franklin Beardsley, and I work as a community service officer for the University Police Department. On the day  
15 of the shooting, I was working a bike theft detail, in plainclothes.  
16

17 The original radio call came out at approximately 1415. I was at the River Front Center, walking towards the [REDACTED]  
18 [REDACTED]. The original call indicated that the suspect had barricaded himself in his room in the [REDACTED] was going  
19 there to watch the bicycle racks there, because there were several bicycle thefts from that area.  
20

21 I had just arrived on scene when Officer L. Bautista arrived, and parked his car on the west side of the [REDACTED] on the access  
22 road between the main esplanade and the [REDACTED]. I asked Bautista if there was anything I could do to help, and he told me to  
23 stay near his patrol car, since he was parked near an emergency exit, in case the subject ran out of the building in my direction.  
24

25 After Bautista told me to stay near his car, he entered the [REDACTED] building through the emergency exit on the west side of the  
26 building, next to the gate that allows access from the service road to the interior of the courtyard. I waited near Bautista's  
27 vehicle until the shots fired call came over the radio, at approximately 1425 hours.  
28

29 After the shots fired call came over the radio, I walked around the building to the main entrance of the [REDACTED] located on the  
30 east side of the building, where I met with Sergeant Bill Scholtz, the CSO coordinator. Scholtz and I entered the main lobby of  
31 the [REDACTED] and made our way through the south side interior hallway to the crime scene at approximately 1430 hours.  
32

33 Once we arrived at the crime scene, Scholtz immediately sent me back to his vehicle to retrieve crime scene tape and bring it  
34 back to the crime scene. When I returned with the crime scene tape, Scholtz and I taped the crime scene off.  
35

36 After I finished taping the crime scene off, I returned to the east side main entrance to the [REDACTED] and waited for medical and  
37 fire units to arrive. This was around 1435 hours. When they arrived on scene, I escorted them to the crime scene.  
38

39 After medical aid and fire units departed the scene with both victims, CSO Edward Brandt and I taped off the east side main  
40 entrance to the building with crime scene tape, to keep spectators back.  
41

42 Scholtz put me in charge of the CSO's that were at the main entrance. We were assisting SPD officers in keeping the press  
43 and other spectators out of the lobby. I assigned CSO Jessica Schwend to keep a log of all the people coming out of the main  
44 lobby, since we didn't know who was in the building.  
45

46 At approximately 1555 hours, the CSO's that were on scene were instructed to return to the UPD, where we were debriefed by  
47 Scholtz.

Approximately 1415 a call came over the radio's that there was a disturbance going on in the [redacted]. The call said that the reporting person said that the subject had barricaded themselves in the room. I was in the area of [redacted] when the call came out so I headed over there to assist in any way. Officer Bautista placed me on the west side of the building near his patrol car. He then entered the building from the west side. Around 1425 the call that shots had been fired came out. After hearing that call on the radio I went around to the east side of the building where the main entrance was. Approximately 1430 I entered the building with Sergeant Scholtz. We made our way around the building to the scene. At that time he sent me back outside to his car to get caution tape so we could tape off the scene. Around 1435 I finished taping up the inner crime scene. Once that was finished I went outside to assist the medical units in entering the building and finding their way to the scene. At 1445 engine 8 arrived on scene and I escorted them around the building to the scene. Around 1500 the medics carried both subjects out of the scene and to their vehicles. Approximately 1510 myself along with CSO Edward Brant taped up the front of the building pushing the media and spectators back. From then until around 1555 I maintained control of the other CSO's were conducting business that needed to be conducted, as well as assisted Sacramento Police Department with anything else that they needed. At 1555 myself along with other CSO's left the scene and headed back to the police department where we received a debriefing from Sergeant Scholtz.

3  
 4 **NOTIFICATION:**  
 5 On the above date and time, I conducted an in-person interview with a witness in the above case, Sarah Liden, regarding her  
 6 actions and involvement in the above case.

7 Liden works for the University Police Department as a community service officer, which is a paid student assistant position.  
 8

9  
 10 **OFFICER ACTIONS/OBSERVATIONS:**  
 11 I interviewed Liden in the UPD Investigations office. Liden told me the following in summary.

12 **WITNESS STATEMENT (LIDEN):**  
 13 On 10/21/2009, I was in plainclothes, working a bicycle theft detail.

14  
 15 At approximately 1415 hours, when the original radio call came out, I was in the Library Quad. The call came out as a  
 16 disturbance in the [redacted] I heard Corporal Solomon say he was responding. Since I was in plainclothes, I  
 17 wanted to be in the area in case I was needed, but I knew I shouldn't respond to the scene because I wasn't in uniform, so I  
 18 responded to the main bus stop, across the street from the [redacted] and waited there.

19  
 20 I listened to the radio traffic, and, after the shots fired call was put out, a request came over the radio to dispatch to have  
 21 CSO's report to the scene. I don't know who put out the request, but dispatch told the person that there was only one CSO in  
 22 uniform, but the person said they didn't care if the CSOs were in uniform. I responded to the scene as a result of this request.

23  
 24 I arrived at the [redacted] and entered on the east side main entrance, and then exited into the courtyard, and entered the west wing  
 25 on from the southeast entrance door on the courtyard. I stood by the doorway, and kept people from walking north through  
 26 the hallway towards the scene.  
 27

28 At approximately this point, CSO Brandt arrived on scene with crime scene tape, and I placed crime scene tape across the  
 29 hallway, to keep people from walking northbound through the hallway to the scene.  
 30

31 After hanging the crime scene tape, I went to the east side main entrance, and directed the first set of paramedics to the scene.  
 32 While I was there, I told CSO Schwend to direct the second set of paramedics to the scene when they arrived. CSO Brandt  
 33 went with me, and waited with Schwend for the second set of paramedics to arrive.  
 34

35 After escorting the paramedics to the scene, I was told to go escort SPD Officer Matt Moore from the east side entrance to the  
 36 crime scene at approximately 1520 hours.  
 37

38 After escorting Moore to the crime scene, I was assigned along with CSO Sam Frias to maintain the crime scene log, which  
 39 was started by CSO Beardsley.  
 40

41 When SPD arrived and took control of the crime scene, the SPD CSO assigned to maintain the crime scene log took the crime  
 42 scene log Frias and I had and incorporated it into their crime scene log.  
 43

44 At approximately 1555 hours, after turning over the crime scene log over to SPD, I returned to the UPD station, where I was  
 45 debriefed by Sergeant Bill Scholtz, the CSO coordinator.

5 On the above date and time, I conducted an in-person interview with a witness in the above case, Edward K. Brandt, regarding  
6 his actions and involvement in the above case.

7  
8 Brandt works for the University Police Department as a community service officer, which is a paid student assistant position.

9  
10 **OFFICER ACTIONS/OBSERVATIONS:**

11 I interviewed Brandt in the UPD Investigations office. Brandt told me the following in summary.

12  
13 **WITNESS STATEMENT (BRANDT):**

14 On 10/21/2009, I was in plainclothes, working a bicycle theft detail.

15  
16 At approximately 1415 hours, when the original radio call came out, I was in the River Front Café, buying my lunch. I  
17 listened to the call on the radio, but since I wasn't called to the scene, I didn't respond to the scene until a radio call went out  
18 for all CSO's to respond for assistance.

19  
20 I arrived on scene, and entered the [REDACTED] from the east side main entrance, and was met in the main  
21 lobby by CSO Franklin Beardsley. Beardsley took me back to the south side of the corridor where the crime scene was  
22 located, where I was met by Sgt. Bill Scholtz, the CSO coordinator. Scholtz sent me back to the east side main entrance to  
23 put up crime scene tape to cordon off the main entrance.

24  
25 After putting up the crime scene tape, I directed fire and medical units from the Residence Halls Esplanade to the main  
26 entrance of the [REDACTED]. Medical aid arrived on scene at approximately 1445 hours.

27  
28 After doing that, I stayed at the east side main entrance, and kept the entrance clear. I was assisted by Beardsley in keeping  
29 the main entrance clear.

30  
31 At this point, the medical personnel brought out the first victim, and I assisted in keeping a pathway clear for the medical  
32 personnel to wheel the victim to the ambulance. People were crowding the gurney, trying to take pictures. While I was doing  
33 this, medical aid brought out the second victim, and took him to a waiting ambulance.

34  
35 After doing this, I stayed at the main entrance to the [REDACTED] with Beardsley, CSO Jessica Schwend, and CSO Sam Frias.  
36 Beardsley told Schwend to start a log of all the people coming out of the main entrance, but a SPD officer brought Schwend a  
37 SPD form that they use specifically for logging crime scene entry and exits. Schwend copied all the information from our log  
38 onto this form.

39  
40 When Beardsley, Schwend, Frias and I were told to go to the UPD station, we gave the log forms to CSO Fracasso, who  
41 stayed on scene after we left, which was around 1555. When we returned to the UPD station, all four of us were debriefed by  
42 Sergeant Bill Scholtz, the CSO coordinator.

About 1415 hours the call went out for a man barricaded in the [REDACTED] dorm rooms. He was described as hostile and breaking windows. When I heard the call I was at the River Front Café and began walking toward the dorms. It was then raised over the radio that shots were fired and to send all units code. 1420 David units were called in to assist securing the crime scene. I arrived on scene about 1423 and began clearing people from the lobby and front of the building for fire and medic. Engine 8 arrived on scene at 1445 and I directed them to the scene. 1450 I returned out front and awaited a medic in the street to direct them in. 1453 I backed in a Sac Metro Medic to the building. 1500 I cleared people for the first victim/suspect to be taken to the Ambulance. 1510 myself and Beardsley set up caution tape at the entrance of the lobby and pushed all spectators back onto the lawn. From then till 1540 we kept a log of all who exited the building. At 1555 we turned the log over to D-28, Angelo Fracasso. Arrived 924 at 1600 for 907.

9  
10  
11 **OFFICER ACTIONS/OBSERVATIONS:**

12 I interviewed Schwend in the UPD Investigations office. Schwend told me the following in summary.

13  
14 **WITNESS STATEMENT (SCHWEND):**

15 On 10/21/2009, I was in uniform, assigned to campus patrol.

16  
17 I was in the east side of CSUS Parking Lot #1 when the initial radio call came out. I stayed there and maintained observation  
18 of the [REDACTED] until officers at the scene requested that CSO's come to the scene to assist, which was after  
19 the shots fired call was put out on the radio.

20  
21 When I arrived at the [REDACTED] I went to the east side main entrance, crossing State University Drive East at the residence halls  
22 crosswalk. I was met at the cross walk by CSO's Sara Liden, Edward Brandt, and Sam Frias. We all arrived on scene at the  
23 same time, and were directed towards the crime scene by resident advisors in the lobby.

24  
25 Liden, Brandt, Frias and I made our way through the hallway towards the crime scene. Just south of the crime scene, near the  
26 elevators, we were met by CSO Franklin Beardsley and Sergeant Bill Scholtz, the CSO coordinator. There was already crime  
27 scene tape setup there.

28  
29 I was sent back to the east side main entrance to hold the doors for the medical personnel, after which I was told by Beardsley  
30 to go outside and help keep the crowd out of the building.

31  
32 When the second set of paramedics arrived, I escorted them to the crime scene. After escorting the paramedics to the scene, I  
33 went back to the main entrance to help keep people out of the building.

34  
35 I was told by a SPD officer to keep track of everyone coming out of the crime scene, and I kept a log on my notebook. I  
36 transcribed this to a SPD crime scene log form a little later when another SPD officer brought me an official SPD crime scene  
37 log form.

38  
39 I maintained the crime scene log at the east entrance to the building until I was relieved by CSO Fracasso, after which I was  
40 debriefed by Scholtz at the UPD station. I left the scene at approximately 1540 hours.

At approximately 1430 hours, I head the call of shots fired over the radio and began to move closer to the dorms in case I was needed. Approximately 10 to 15 minutes later I, D-20, was called to the [REDACTED] to assist officers in crowd control. As I arrived so did S. Liden, D-18, E. Brandt, D-35, F. Beardsley, D-16, and S. Frias, D-38. Upon arrival I was instructed to hold the inner door open for the paramedics. Once the third fire engine arrived, I was instructed to lead them to the scene. When they wheeled the victims out, I cleared a path for them in the hallways and once outside, I instructed students to get out of the way by having them stand on the grass. Once the scene was secure, I was in charge of getting the names, room and phone numbers of the students leaving the building. I was relived of my duty at approximately 1540 hours.

RE: Officer-Involved Shooting, Sacramento Police Department Case No. 2009-320856

Shooting Officer: CSUS Corporal Jeff Solomon  
CSUS Officer Louis Bautista

Person Shot: [REDACTED]  
(DOB [REDACTED]; X-ref [REDACTED])

Dear Chief Davis:

The District Attorney's Office, as an independent agency, has completed its investigation and review of the above-referenced officer involved shooting. Issues of civil liability, tactics, and departmental policies and procedures were not considered. We address only whether or not there is sufficient evidence to support the filing of a criminal action in connection with the shooting of [REDACTED]. For the reasons set forth below, we conclude that the shooting was lawful.

Written reports and other documentary items were reviewed. These consisted of: Sacramento Police Department report 2009-320856, video and audio recordings, CAD Event Reports, CSI photographs and CSI videos, diagrams, maps of the area, and reports prepared by District Attorney Investigators including report 2009-25136.

#### FACTUAL SUMMARY:

On October 21, 2009, at approximately 1425 hours, California State University Sacramento (CSUS) Police were dispatched to a call for service regarding a disturbance at Room # [REDACTED] inside the [REDACTED] Dorm at CSUS, 6000 J Street, Sacramento, California, in Sacramento County. The initial call for help was made by Resident Life Coordinator [REDACTED] who stated that a male student was throwing items out of a room, destroying the room, and being "violent." CSUS Corporal Jeff Solomon and his partner Officer Joseph Lueders were the first officers to respond to the scene via patrol vehicle. The only information they had at the time was that a black male adult wearing a blue or black jacket was banging his head against a window and barricading himself in the dorm room. They met [REDACTED] in the outside courtyard at the [REDACTED] Dorm. There they saw that a window was broken and a window screen was lying on the bushes. Corporal Solomon could hear screaming and noises coming from inside the room. [REDACTED] let the officers into the building and took them to the door where the noises were coming from, # [REDACTED], which is also the room that [REDACTED] resided in. From this position they heard banging and a strange moaning sound emitting from inside the room. Officers announced their presence at the door and tried to ascertain the welfare of any occupants in the room, but no one opened the door. Corporal Solomon stated, "This is the Police. We just want to talk to you."

Officer Thelma Matthews, who was positioned outside of the window in the courtyard, let the officers know that a subject inside the room, later identified as [REDACTED], was now hitting himself, the walls, and the floor with a baseball bat. He had also placed a table against the door. Officers then decided to enter the room to make a welfare check and to ascertain if [REDACTED] or anyone else was hurt. [REDACTED] then handed Corporal Solomon a key card to open the room door. By that time Officer Louis Bautista had responded and joined the other officers. A plan was devised whereby: Officer Lueders would use non-lethal force in the form of pepper spray and a baton, if necessary; Officer Bautista would employ non-lethal force in the form of pepper balls from a pepper ball gun, if necessary; and Corporal Solomon would be the one to employ deadly force, if necessary. Corporal Solomon handed the key card to Officer Lueders who used it to open the door after repeated requests for [REDACTED] to open the door failed. Prior to opening the door, the officers announced they were going to enter the room. Officer Lueders opened the door and noticed a plastic table was pushed up against the door. At that time he could see a white male adult, later identified as [REDACTED], lying in a pool of blood inside of the room.

Corporal Solomon, who was positioned to Officer Lueder's left side, observed [REDACTED] standing inside of the room with a knife pointed against his own face. It looked like he was stabbing himself. The knife in his hand was bloody. Corporal Solomon did not see [REDACTED] on the floor inside of the room from his vantage point. [REDACTED] was standing in the middle of the room and initially facing away from the door. Officers told him to show his hands and step out of the dorm room. [REDACTED] then turned, facing the open door and the officers. At this time officers noticed his mouth was bloody. Corporal Solomon, who was in the threshold of the doorway, ordered [REDACTED] to "get on the ground, drop the knife, drop the knife." [REDACTED] did not comply with officers' directives. Corporal Solomon ordered Officer Louis Bautista to use the pepper ball gun on [REDACTED]. Officer Louis Bautista fired multiple

pepper balls into the room and at [REDACTED], with no effect. [REDACTED] was hit in the chest area with the pepper balls; however, [REDACTED] then started moving toward Corporal Solomon with the knife positioned toward Corporal Solomon. Corporal Solomon was afraid for his life and the lives of his partners as [REDACTED] was within lunging distance of each of the officers.<sup>1</sup> [REDACTED] charged through the doorway to within three to five feet of Corporal Solomon. Corporal Solomon moved backward and fired one shot with his duty weapon at [REDACTED] as [REDACTED] continued to advance toward him. [REDACTED] stumbled onto the floor but then got up on his hands and knees, started to stand up, and started moving quickly toward Corporal Solomon a second time with the knife in his hand.

Officer Bautista observed [REDACTED] swiping the knife toward Corporal Solomon. Officer Bautista was concerned for the safety of Corporal Solomon. As [REDACTED] closed in and was within two feet of Corporal Solomon, who was retreating, Officer Bautista unholstered his duty weapon and fired two shots at [REDACTED]. Officer Bautista was positioned to the left of Corporal Solomon and the left of the doorway. After Officer Bautista fired two shots [REDACTED] flattened down on the floor. Seconds separated the shots fired by Corporal Solomon and Officer Bautista. The knife fell out of [REDACTED]' hand and was lying nearby. The knife appeared to be a kitchen knife with a six inch blade. Officer Bautista yelled, "Cover me, cover me, I'll cuff him," and he proceeded to handcuff [REDACTED]. While Officer Bautista was handcuffing [REDACTED], he looked into the dorm room. At that time he observed [REDACTED] lying in a pool of blood to the left side of the room.

The dorm room at the [REDACTED] dorm was on the first floor. It consists of a living room, five bedrooms and two bathrooms. The entrance door which leads from the dormitory hallway into the living room opens to the left. There is a large window in the living room that faces the outside courtyard. Law enforcement and student witnesses outside of the dormitory were able to see into the living room via the window. Witnesses later stated that the window to the dorm room was broken and the screen was off of the window frame. [REDACTED] had been observed walking back and forth in the living room, throwing things within that room and out of the window, and punching the walls. He was wearing dark colored clothing and appeared to be agitated. Witnesses also observed [REDACTED] hitting himself with a baseball bat. They could hear noises and moaning coming from the interior of the room. Witnesses could see that [REDACTED] had placed a table against the hallway door in an effort to barricade himself in the dorm room. Finally, witnesses saw [REDACTED] hit the floor or strike something on the floor with the baseball bat. At the time of the incident, the only two people in the dorm room were [REDACTED] and [REDACTED].

[REDACTED] was transported via ambulance to U.C. Davis Medical Center. [REDACTED] had suffered gunshot wounds to his right arm, left abdominal region, and the right buttocks. He also had a small laceration on his right cheek. One of the gunshot wounds severed his spinal cord, resulting in paralysis of his lower limbs. Toxicology tests performed on [REDACTED] revealed no alcohol or drugs in his system.

<sup>1</sup> Under the "Tueller Rule," based on the research of Sgt. Dennis Tueller of the Salt Lake City Police Department, at a distance of 21 feet or less, from a standing start, a subject with an edged weapon can cover the distance to an officer (or indeed any person) in less than two seconds. Various law enforcement research and training resources address the danger of dealing with a suspect armed with a knife at 20 feet or less.

██████████ had suffered multiple wounds to his head and other parts of his body. He was pronounced dead at U.C. Davis Medical Center. The Sacramento County Coroner's Office determined that he died as a result of blunt force trauma to the head.

The District Attorney's Homicide Unit filed charges against ██████████ on November 3, 2009, in Case ██████████. A warrant was issued for his arrest for Penal Code Section 187(a), for the murder of ██████████ and three counts of Penal Code Section 245(c), for the assault with a deadly weapon on Corporal Solomon, Officer Lueders, and Officer Bautista.

#### LEGAL ANALYSIS:

A peace officer may use deadly force under circumstances where it is reasonably necessary for self-defense or defense of another. Additionally, an officer who had reasonable cause to believe a person has committed a public offense or is a danger to others may use reasonable force to affect arrest or detention, to prevent escape or to overcome resistance. (*Tennessee v. Garner* (1985) 471 U.S. 1; *Graham v. Connor* (1989) 490 U.S. 386; *Kortum v. Alkire* (1977) 69 C.A. 3d 325; California Penal Code Section 833a; CALCRIM 2670.) An officer who attempts to arrest or detain a person need not retreat or desist from his efforts by reason of the resistance or threatened resistance of the person; nor shall the officer be deemed an aggressor or lose the right to self-defense by use of reasonable force. (California Penal Code section 835a.)

The person being detained or arrested may be subjected to such restraint as is reasonably necessary for his arrest and detention and has a concomitant duty to permit himself to be detained. (*People v. Allen* (1980) 109 C.A.3d 981, 985; CALCRIM 2670, 2671, 2672.) The rule "requires that the officer's lawful conduct be established as an objective fact; it does not establish any requirement with respect to the defendant's mens rea." (*People v. Jenkins* (2000) 22 Cal.4<sup>th</sup> 900, 1020.) California law permits the use of deadly force if the officer actually and reasonably believed he was in imminent danger of death or great bodily injury. (CALCRIM 3470.) An officer who uses deadly force must actually believe that force is necessary. The appearance of danger is all that is necessary; actual danger is not. (*People v. Toledo* (1948) 85 Cal.App.2d 577; *People v. Jackson* (1965) 233 Cal.App.2d 639.) Thus, the officer may employ all force reasonably believed necessary. (CALCRIM 3470.) "The 'reasonableness' of a particular use of force must be judged from the perspective of a reasonable officer on the scene, rather than with 20/20 vision of hindsight. The calculus of reasonableness must embody allowance for the fact that police officers are often forced to make split-second judgments—in circumstances that are tense, uncertain, and rapidly evolving—about the amount of force that is necessary in a particular situation." (*Graham v. Connor* (1989) 490 U.S. 386.)

Applying these legal principles to the factual circumstances, CSUS Corporal Solomon and CSUS Officer Bautista clearly had a right to act in defense of themselves or in defense of a fellow officer, or a combination of both. ██████████ had initially been destroying property and harming his own person, he refused to comply with verbal directives, he had been hit with pepper

balls and was still noncompliant, and he aggressively grabbed a knife and lunged toward Corporal Solomon, a uniformed deputy, in a threatening manner. After being shot, he continued to ignore directives and lunged at Corporal Solomon with the knife a second time. Corporal Solomon reasonably believed that [REDACTED] was going to stab him. [REDACTED]'s actions placed Corporal Solomon, Officer Bautista and other officers in imminent danger of death or serious bodily injury. While Corporal Solomon and Officer Bautista could not see the body of [REDACTED] from their position, their fear of great bodily injury or death was manifestly reasonable under the circumstances. Faced with this threat of death or serious bodily injury, Corporal Solomon and Officer Bautista were entitled to use deadly force to defend themselves and others.

Given the circumstances, Corporal Solomon and Officer Bautista were justified in using deadly force in self-defense. We find the shootings to be lawful and will take no further action in this matter.

Very truly yours,

Related date/time: **Oct-21-2009 (Wed.) 2200**

On 10/21/09 I interviewed Officer Louis Bautista of the California State University Sacramento Police Department. The interview was recorded and later booked at HOJ as evidence. For a more complete statement, refer the the video recording. I obtained the following statement in summary:

I have been with the department for four years. I have always worked in patrol. I am a certified bike officer. I have been trained in traffic collision investigation, active shooter, dui updates, paz training, and Dreager training, as well as other things.

I was dressed as you see me here. I normally carry a Sig Saur 226, .40 caliber. I do not carry a back up weapon. I have qualified with this pistol before. During this incident I deployed the pepper-ball gun as well.

The last time that I qualified with this pistol was earlier this year. The department has us qualify four times per year. Today the weapon was fully loaded prior to the shift. There are 12 rounds in the magazine and one in the chamber. I am the one that loaded the pistol. I always carry the same weapon and the same magazine. There is no special equipment on the pistol. Prior to today my last shift was Friday of last week. I work dayshift. My hours today were 0700 hours to 1900 hours.

I was notified of the call today at around 1300 hours. I heard the call on the radio. Cpl. Solomon had advised over the radio that a staff person had told him that a male subject was breaking out windows, and that someone and was swinging around a baseball bat in one of the █████ units. I was at the police station when I heard this over the radio. Initially I rode my bike there, but then he said that he needed a pepper-ball gun, so I got a pepper-ball gun and got into a police car. I got into police car #854 and drove code-3 to get there. The vehicles do not have ICC's inside them. I drove north on University Drive East to get there.

Cpl. Solomon advised on the radio that he was posted on the west side of the █████ building, he said that he needed all responding units to arrive at the west side of the █████ building. We entered the building through one of the emergency exit doors.

Officer Leuders is Cpl. Solomon's trainee. They are a training unit.

When I got there, Cpl. Solomon and Officer Lueders were on both sides of the door. I didn't know it at the time but Officer Matthews was on the other side of the building, near the window, to make sure that he did not jump out the window.

Somebody keyed the door, and it opened. I am not sure who did it. Before the door opened, Cpl. Solomon designated me to use the pepper-ball, and for Officer Lueders to use the pepper-spray. He designated himself as being responsible for lethal. It was Cpl. Solomon on the left of the door, I was in the middle, and Officer Lueders was on the right side of the door. I was a little farther back from the door than the other two. I had the pepper-ball gun out and I was aimed at the door. The door swung open to the left, and I noticed the window that had been broken out, and there were holes in the walls. I saw a male black adult wearing a black shirt standing in the middle of the room. I could not see his face initially because his back was facing towards us. I could not see his hands.

We told him to show us his hands and to step out of the unit. As he turned towards us I saw that he a knife in his left hand, and he was holding towards his mouth or neck. His tongue was sticking out and his eyes were wide open, but they were unfocused. It was like a halloween mask. He had that thousand yard stare, I have never seen anyone have that before.

He had a bloody mouth and the knife that he had was bloody. Cpl. Solomon ordered me to shoot with the pepper-ball gun. I shot at least seven to nine rounds into his upper torso area. Then the gun ceased firing. I kept on firing until it stopped. I don't know what happened to it. The suspect did not react to the pepper-ball gun at all. The suspect turned like he was going to walk down the interior hallway to his left.

I figured that the pepper-ball gun did not work so I threw it down to the floor. I saw Officer Lueders spray pepper spray into the room at that time. Cpl. Solomon told me to shoot some more from the pepper-ball gun, so I retrieved the pepper-ball gun from the floor. I figured that since Cpl. Solomon is the one that maintained the pepper-ball guns that he knew more about it, and knew that it might still be useful. I took my eyes off of the suspect while I retrieved the pepper-ball gun.

I saw movement from my right while I was doing so, where Cpl. Solomon was standing. I had dropped the pepper-ball gun to the left of the door, and so at that point I was to the left of him. As I did so I saw Cpl. Solomon moving backwards very fast, followed by the suspect. The suspect was giving chase towards Cpl. Solomon. I heard one shot, and the suspect fell towards

the ground. He was still on his hands and knees. His arms were flailing about, I saw his right hand wipe towards Cpl. Solomon. I don't remember seeing a weapon, but I know that he was making a furtive movement towards Cpl. Solomon. I never saw a knife falling during this time, so I surmised that he still had the knife. He was making swipes towards Cpl. Solomon.

I was on the left side of the door and the right side of the suspect. I saw that he was taking swipes at Cpl. Solomon, and figured that maybe he had missed when he had shot. I pulled out my weapon and shot two rounds, mid-center, on his back. That was it. He was out of commission after that.

After I shot I remember Cpl. Solomon saying 'stop'. I was not going to shot more anyway. I told Cpl. Solomon and Officer Lueders to cover me while I handcuffed the suspect. After I put the handcuffs on him, I put on latex gloves, and the searched the suspect for weapons. As I was doing so I looked into the open door of the unit, and I saw that there was a male white, laying face down in a pool of blood, on the far left of the unit. This was the first time that I knew there was an additional wounded person inside the unit.

Officer Matthews arrived from the southern end of the hallway, and administered first aid to the male white inside the unit. I did not see any specific injuries on him, but I saw the pool of blood around his head. I think that Officer Lueders conducted a quick search of the rest of the unit for any possible wounded or armed subjects. I went through the pockets of the suspect looking for ID. Somebody requested code-3 fire and ambulance.

When I arrived at the door I knew that there was a guy inside the unit that was busting out windows with a baseball bat. One of the things that I heard when I arrived on the radio, was that the suspect was breaking out windows with his own head. I felt that there was a crazed individual on the other side of the door. I don't remember if anyone identified themselves as police when I got there.

When the door swung open there was some type of folding table that had been propped up against the door. It looked like it had been used to block the door.

When the suspect was on the ground, and before I fired I saw his face. His eyes were still open and his tongue was still out of his mouth. He still had forward moment towards Cpl. Solomon. That is when I fired two shots towards his center of mass.

When I fired the shots I was concerned about Cpl. Solomon's safety. I had

not yet seen the male white adult when I fired the shots. There was no sense of anger. I was afraid that something bad would have happened if I did not fire. I thought that Cpl. Solomon might have been injured if I did not fire. There was less than one second between the time that Cpl. Solomon fired his weapon and I fired mine.

The distance between the suspect and Cpl. Solomon when I fired was less than three feet. They were almost right on top of each other. The distance between me and the suspect when I fired my weapon was about five feet. His head was towards Cpl. Solomon and his feet were towards me.

After he was handcuffed, I remember seeing a knife on the floor in the hallway. It was near the fire exit where I entered the hallway. When I fired the suspect was slightly raised up from horizontal, and was canted to his right side somewhat.

Det: This'll be real quick. Alright. Alright Joe. Ok, um how do you want to do this? You want me to do it, you guys wanna do it? Um, basically if you hand it to me and then I'll take it out. First off have you replaced any rounds in your gun since this incident?

Ofcr: No.

Det: Ok, then you did not shoot your gun at all?

Ofcr: No.

Det: Ok then you have a 60226 and what size magazine do you have in the?

Ofcr: I believe it's 15

Det: 15 rounds?

Ofcr: and then one in the chamber

Det: There's 15 in the magazine and one in the chamber?

Ofcr: Correct.

Other: 9mm or 40 cal?

Ofcr: 40.

Other: 15? Cause it's 14.

Ofcr: I thought it was 14 someone must have said 15, I didn't count it ? multiple people speaking

Ofcr: I just maxed it out.

Det: It's maxed out?

Ofcr: I can't fit anymore in there.

Det: Ok so your magazine is full and you have one in the chamber?

Ofcr: Right

Det: And then you got two extra magazines on your belt?

Ofcr: Right.

Det: And how many rounds do they hold?

Ofcr: 12.

Det: Ok, let's just deal with your magazines first.

Ofcr: Right.

Det: This is the first magazine?

Ofcr: Yep.

Sgt Martinson: One, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve. There is the first magazine. Ok, the second one: one, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve. Do you want to take a picture of them like this or?

CSI: Yeah, good, okay. (CSI takes photos)

Sgt. Martinson: Okay. You want to hold that?

Ofcr: That's the mag and you may want to check and make sure you can't get any more in there.

Sgt. Martinson: Okay this is the magazine out of your handgun?

Ofcr: Correct.

Sgt Martinson: Ok, here we go: one, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen. (CSI takes photos)

Det. Kirtlan: And you still have one in your?

Ofcr: Yes and I'll let you guys do that. **\*\*inaudible\*\***

Sgt. Martinson: Thank you, I appreciate that. And there is number 16. (Sgt Martinson places gun and round on the table) and one round. (CSI takes photos).

Other: How would you transcribe that?

Det Kirtlan: I usually put in parenthesis "phone's ringing - discourteous CSI". Laughter.

Sgt. Martinson: You got it?

CSI: Yeah, I just got to read that, can you read the serial number?

Det. Martinson: Ready?

CSI: Yeah

Sgt. Martinson: [REDACTED]

CSI: [REDACTED].

Sgt. Martinson: You see, **\*\*inaudible\*\*** P226. Got it?

CSI: Got it.

Sgt Martinson: Okay, now go ahead and load those up and make sure you get a loaded gun before you leave.

Ofcr: Yeah, I can do that.

Atty: The least you could do is load it for him! Laughter

Sgt. Martinson: We could do that.

More laughter, inaudible due to multiple people talking and laughter.

Unknown: Ok, I'm ok.

Sgt Martinson: You're officer Bautista?

Bautista: Yes sir.

Sgt Martinson: Let him in he's got the other handgun. What we're gonna to do just to start this thing off, is I'm going to take your extra magazines and your gun and we're going to count out all the rounds and then you'll be given another weapon right away by ahh

Bautista: Bill Schultz?

Sgt. Martinson: Yeah.

Bautista: Ok

Sgt Martinson: Ok?

Bautista: Sure

Atty: We don't need that part on tape. I'm mean, we'll it's up to you, but I don't care about that so

Det. Englefield: Ah what was going on prior to your arrival other than you **\*\*(inaudible)\*\*** a pepper ball gun and putting in your veh. Was anything else going on when you were enroute to the scene?

Bautista: Ah no. I just remember a lot of radio traffic, um, Corporal Solomon was updating information over the radio saying that um he and I was assuming Officer Leders were posted near the west side of the first floor of the [REDACTED] building. I believe he said that he had um I'm not quite sure if he said he had eyes into the room I don't think he did but he did say that um that he was, that he needed somebody immediately and that he advised responding units to arrive on the west end of the [REDACTED] building. And I remember pulling up on the west end, unzipping the pepper ball gun case and taking out the pepper ball gun and then entering the [REDACTED] building first floor through one of the emergency room, ah emergency doors.

Det. Englefield: Okay, um, you remember, you said there was a lot of radio traffic. Oh let me back up. You said you assumed it was Officer Leders?

Det. Englefield: And this is because?

Bautista: They are a training unit. Solomon is a FTO and Leders is our trainee.

Det. Englefield: Okay. So you want to tell me what happened once you got there.

Bautista: Well as soon as I got there I opened up the door and I saw Officer Solomon and Officer Leders of both sides of a closed door. Um, and this is, was a door that is pretty much directly across from the emergency stairwell door that I approached from. And um, um Corporal Solomon um, was I remember hearing him, seeing him and we were going to make entry pretty soon and he advised something through the window to Officer Matthews, who I didn't know it at the time, but was sitting on the other side of the broken window in the courtyard to um keep and eye out for him, to make sure he doesn't um jump out of the window or something like that.

Det. Englefield: Okay.

into the door of that dorm room and the door swung open and immediately as soon as I saw the door swing open I saw a, um and I, I do remember this also very clearly, that before we swung the door open, I think it was Corporal Solomon that was issuing the orders to Joe and I, he said to um that we were gonna be pepper ball, non-lethal, I'm going to be lethal, Joe your going to be on pepper spray, so I remember

Det. Englefield: So, so before he keyed the door,

Bautista: Hm hmm.

Det. Englfield: before Officer Solomon opened the door, he had set up or he had told you guys this is how/what we're gonna do?

Bautista: Yes.

Det. Englefield: And he said you're gonna be?

Det. Englefield: And then Officer Leder was gonna be?

Det. Englefield: Okay do you remember um, if you look at the door the door opens to the left or the right?

Bautista: To the left.

Det. Englefield: So the door opens to the left, can you describe to me sort of how you guys were standing?

Bautista: Yes, yes. Corporal Solomon was directly on the left edge of the doorway, Officer Leders was on the right edge of the doorway and I was directly right in the middle.

Det. Englefield: Okay, so left right one two three

Det. Englefield: Okay, and ah at that point you had the pepper ball gun out?

Bautista: Yes

Det. Englefield: Right.

Det. Englefield: Okay. So then you were telling me you puncture, who keyed the door open? Somebody keyed the door open?

Bautista: Yes.

Det. Englefield: And opened the door?

Bautista: Yes.

Det. Englefield: Let's go from there.

Bautista: Ok, there was small movement to the left, and what I saw immediately was well I noticed that there were holes in the wall, I noticed that there was a broken window. This is just all background periphery items that I saw. But standing, um from my vantage point, not in the middle of the doorway but further into the unit there was a black male adult. I believe he was wearing a black shirt and I didn't see his face immediately, he had his back facing towards us and we didn't see his hands, but I believe I saw both of his hands kind of up to his face, but again his back facing toward us, I didn't know what his hands were doing. And so we issued verbal challenges to him to show us your hands, turn around, step outside the unit. Um, I believe I as well as Corporal Solomon issued these verbal commands for him to show us our hands and to turn around slowly. He turned around slowly and I saw that he held um I think in his left hand a knife um and he was holding it up to his neck or his mouth area. His mouth was open, his tongue was sticking out, his eyes were wide open but it didn't seem like he was focused on any one of us. It was almost as if he gave us that thousand yard stare. It was almost as if **\*\*(inaudible)\*\*** mask. It was a look I had never seen anybody give, at all. Another thing I noticed about the black male, that he had a bloody mouth, and the knife he was holding with his left hand was also bloody and at that point Corporal Solomon issued an order to shoot with the pepper ball. So I shot, I want to say 7-9 rounds into his upper torso directly beneath his, his face. Um, everything that I had inside that pepperball gun up until it

didn't fire anymore. At that point um

Det. Englefield: Did, did it malfunction or?

Det. Englefield: Okay, you said at least seven rounds?

Bautista: At least seven rounds.

Det. Englefield: Did they all hit in the chest?

Bautista: Yes, they all hit in the same general focal point of the upper torso.

Det. Englefield: Okay.

Bautista: And um I noticed that the suspect didn't react to it at all whatsoever. Instead he turned around and started to enter towards the hallway that was directly to his left.

Det. Englefield: Okay.

Bautista: So at that point, believing that my pepperball gun was either out of ammunition or didn't have any viable working capacity, I threw the ah pepperball and I was looking to grab something out of my tool bag, tool belt. I knew that Corporal Solomon had a firearm. I also remember Officer Leder too I want to say I saw him also ah reach into the open doorway and spray pepper spray towards his direction but at this point as I remember the male subject was already starting to walk into the hallway that was away from us so, he had his back facing towards us at that point.

Det. Englefield: So he's facing you sort of like I'm facing you right now and he would have turned to his left or to his right to walk down the hall?

Atty: Interior hallway or exterior the hallway?

Bautista: Interior hallway.

Det. Englefield: Interior hallway of

Bautista: the unit, yes. Uh huh. And I remember there's like four or five separate bedrooms that are attached to this interior unit. So I ditched the pepperball gun and I was looking to reach into my tools and at this point Corporal Solomon said "hit him some more with the pepperball gun." So I figured you know maybe there are more rounds than just the seven or eight that I shot at this person. Keith the person ah that you know maintains the pepperball gun for us, you know assuming that he knew there were more rounds in there, so he believed I can shoot more, so I went back down and retrieved the pepperball gun which was at this point laying on the floor. And as I was doing that I had taken my eyes off of the suspect. I was assuming the suspect was going to proceed further down into the hallway.

Det Englefield: Do you remember how many steps did you saw him take when you did have eyes on him?

Bautista: I want to say one step and in the middle of a second step.

Det Englefield: Okay and so that's when you reached down to pick up the pepperball?

Bautista: Yes sir. And so I reached down to retrieve the pepperball I remember sensing or seeing movement very quickly on my right exactly where Corporal Solomon was at.

Det Englefield: Corporal Solomon was on your right?

Bautista: At this point yes. Because as I said at this point I was in the middle

Det Englefield: Uh huh

Bautista: and I was shooting and um the moment that I thought that the pepperball gun was completely out of commission I, I dropped it off on the floor, I left it on the floor and at this point I kind of moved around Corporal Solomon so that way I could be out of that funnel.

Det Englefield: So you moved, you moved to the left of the door when you did that?

Bautista: Yes,

Det. Englefield: So you on the left, Corporal Solomon in the middle and Officer Peters on the right?

Bautista: Yes.

Det. Englefield: Okay

Bautista: Un hmm and when I was, when I was retrieving that pepperball gun again from the same place, again I found myself in the same position and again I sensed movement on my right and it was Corporal Solomon moving backwards very fast and when I looked over to my right, the black, male adult followed suit very quickly after him. So, um Corporal Solomon had to tactically retreat and the black male adult started to give chase towards him. Very quickly, all in front of me, then I remember hearing one shot from me and the male black adult fell to the ground , but didn't go all the way to the ground was still on his hands and knees at this point. And at this point he's still looking like he's still wanting to fight because his hands are flailing about in a very quick manner and I also saw his right hand swipe towards Corporal Solomon and um

Det. Englefield: Does he have a weapon?

Baustista: I cannot say that I clearly saw a weapon in either hand, I just knew he was making that furtive movement towards Corporal Solomon. The last time I saw this male subject he had a knife in his left hand so, and on top of that when all this happened I never saw one time in my falling after the first sound of a gunshot so I surmised that he still has possession of the gun, of the, of the knife and he was making swipes towards Corporal Solomon.

Det. Englefield: You're on his right side and you're on the left side of the door?

Bautista: So, when I saw that he wasn't giving up, when I saw that he was still flailing about, moving very quickly looking like he's making some furtive attempts to swipe at Corporal Solomon, on top of that I didn't know if the guy was shot or not, he could have missed, so I pulled out and I don't remember actually unholstering my weapon, I remember at this point I had my gun already aimed at him and I shot two rounds into his um, his um, I guess mid center on his back so,

Det. Englefield: Okay.

Bautista: And that's, that's it. After I shot him twice, he moved around a little bit, but he was out of commission at that point.

Det. Englefield: Okay, so, we'll come back to that. So you shoot it, you shoot twice

Bautista: Yes,

Det. Englefield: then what?

Bautista: And then you know, I remember Jeff saying stop, Corporal Solomon saying stop. I remember him saying that. But at that point I was going to stop anyway. It didn't look like this guy was looking to gain further ground from where he was at right there. And ah

Det. Englefield: After you shoot him did he fall down or did?

Bautista: Yes,

Det. Englefield: Okay.

Bautista: after I shot him two times he fell further into the ground and I want to say that he at that point was still not completely laying on the ground, he still had his arms underneath and he was still moving. And I remember fumbling with my handcuffs because I didn't know whether or not I should apply latex gloves or not, you know I, but Corporal Solomon said cuff him so at that point I was careful with where I was touching him. And so I applied the handcuffs on um the suspect. And when I got the handcuffs on him that's when I got the latex gloves and began to do a check of his person for weapons, **\*\*(inaudible)\*\*** kind of like. Well as I was doing that I looked through the open window, I'm sorry the open door that he came running out of and I saw that there was a, a male white laying face forward in a pool of blood. Sound of tape recorder reaching the end of the tape and attorney turning it over and starting it again.

Atty: Sorry. Go on.

Bautista: And somehow Officer Matthews arrived on scene, and I'm not sure exactly which way she came from, she must have come from the southern end of the hallway, but all of a sudden she appeared in the hallway and entered into the unit where there was an injured male and she was tending to his needs, trying to see if there was any um, if there was any kind of first aid she could do, any kind of life saving measures she could do. I remember she was kind of compressing the head wound with a white towel or a white shirt um and I'm not sure where the wound was coming from I just remember a pool of blood was collecting directly underneath his head. Um, we were looking for ID, to see if we could ID ah the victim, if we could ID the suspect. Um, at this point I believe that Officer Leders somewhere in the mix of things um did a ah, cursory search of the rest of the unit to make sure there were no other armed suspects or injured people um, but. I remember going through some of the unit to see if there was any ID that I

could find and I remember Officer Leders um calling for Code 3, somebody actually, I don't know exactly who it was, either Officer Leders or Corporal Jeff Solomon but one of them requested Code 3 Fire and Ambulance. So we kind of just maintained that scene till Fire and medics came in.

Det. Englefield: Okay, um let's back up a little bit, back up all the way till when you first arrive on scene. So you arrived on scene and Officer Solomon and Leders were there and you told me Officer Solomon sort of set up what would be the tactical game plan so to speak.

Bautista: Yes.

Det. Englefield: You pepperball, you cover.

Bautista: Yes.

Det. Englefield: Um, what else did you perceive when the whole thing was going on?

Bautista: I'm sorry what was that?

Det. Englefield: What else do you perceive, what's going on besides just right there at the door?

Bautista: Ah nothing much. The only information I had at this point for me was that there was a guy that was busting ah, you know windows with a baseball bat, um, you know, hitting causing damage to the site and that this was becoming an emergency situation because I remember the last thing that, one of the last things I heard on the radio as I pulled up to the scene was that the suspect was now seen putting his head through the window. Busting his head through the window so you know, obviously we were you know very concerned whenever we hear about people who act in that manner. Obviously they are not of their right mind and they're capable of doing anything up to and including killing somebody or killing an officer so at that point um, we dealt with it kind of not knowing what to expect, but knowing there was a crazed individual on the other side of the door and that we needed to be ready for anything. But, yeah I remember Solomon, Jeff Solomon saying you less lethal, you less lethal and I've got lethal I've got lethal right here and we're gonna open the door.

Atty: Can I ask you a question? Did, while you guys were out there, did anyone identify themselves or try to get a response from inside?

Bautista: Not while I was there no. But, no not while I was out there,

not that I can recall, just unknown kind of.

Det. Englefield: You, you, you don't remember?

Bautista: I don't remember.

Det. Englefield: Okay, alright. Hand me a diagram of it um, sort of the doorway, the entrances, you know the main part of your diagram. The doorway a little bit of the hallway so I can get an idea of where you were, where the male black was, where the male black was that type of

Bautista: Okay and obviously this is going to be a birds eye

Det. Englefield: that's yeah

Bautista: floor plan right?

Atty: Coughs

Bautista: And this continues on a little bit more.

Det. Englefield: Okay, so this is the interior of the unit?

Bautista: Yes sir.

Det. Englefield: And this is the hallway?

Bautista: Yes sir.

Det. Englefield: Okay.

Bautista: Um, this is the fire escape that I came through, um I entered through here, here's the vehicle I left somewhere in there and I entered through the open doorway and immediately after I opened the doorway I see Corporal Solomon here, and again this door is closed at this point

Det. Englefield: Okay.

Bautista: and then Joe Leders is here.

Det. Englefield: Okay.

Bautista: and um when I showed up, I was here and this was when Corporal Solomon issued his orders, what we're responsible for less lethal, less

lethal, I'm lethal and um shortly before we go in I remember Jeff going up to this little arm plate here where there is a window and he was yelling out to Solo, ah to Officer Mathews, who was out here in the courtyard somewhere.

Det. Englefield: Okay

Bautista: And, you know, I think he said something like um you know, oh I remember he said **\*(inaudible)\*** try to distract him 'cause we're going to do entry. Try to distract him, get his attention towards you. Hell I don't know what Officer Matthews was doing to get his attention, but it must have worked because when Jeff Solomon returned back and um and issued us our assignments the door swung open and our suspect was ah, right here. And you know here's a cabinet, tree and here's like a table that's partially blocking the movement of the doorway that swung in. And I don't know what kind a folding table of some sort and it looked like it had been used, to kind of semi obstruct the flow of foot traffic in and out of the ah, doorway here. And here's like some I guess counter tops and the refrigerator. Basically we saw him right here and here is the broken windows. Here's the wall I remember and I remember seeing holes there 'cause he had damaged it. And so as soon as we open the door we see the suspect here facing the window, I'm here initially um, we challenge him, he turns around, we see that he is holding a knife, a bloody knife to his neck or his mouth which is also bloody at this point, and we issue him orders to drop the knife, drop the knife and um at this point Jeff Solomon tells me to engage with the pepperball. I do so. And in response the suspect turns around and starts walking this way and that was the last thing I saw him do right before I went around Jeff Solomon to, you know, um, throw away my pepperball gun. And when I came back around I was reaching for my tool belt to see what I could pull out, maybe possibly a firearm or something and um when I did that I remember seeing Officer Leders leaning into the doorway and him trying to engage the suspect with pepper spray. And again, the suspect had his back towards us, and I think he was still proceeding this way and I thought fine that was a step and a half into the hallway further. And then as he was going back into the hallway, Jeff Solomon told me to grab, you know shoot him some more with the pepperball, so I do that. I go back around here again, again for the second time, I'm picking up the pepper ball gun and as I'm picking it up at this point you see, Jeff Solomon now is in the middle.

Det. Englefield: Right. Let's, let's, let's stop here now. Let's go ahead why don't you put your ah, just finish all that. Ah, the, the, date and time. And you haven't seen the, the, ah male white?

Bautista: No. Not

Det. Englefield: at this point.

Bautista: yet.

Det. Englefield: Okay, alright, so let's keep going to the next. Same diagram this time.

Bautista: Okay can I just overlay it?

Det. Englefield: Yeah sure.

Bautista: So are we picking up where we left off?

Det Englefield: Yeah, so go ahead and, put the, draw me the positions of where you guys, where, where you were when the fight started.

Bautista: Okay.

Det Englefield: Let's \*(inaudible)\*\*.

Bautista: Okay, so there's me, Jeff Solomon, Joe Leders. And suspect, well at this point when I start to come back up he's not inside the unit, he's actually coming out. So, here I am right here at the corner again trying to put in well gain the pepperball because I'm looking to well think, maybe there's more thing, four more rounds maybe I can shoot him so more with this and it's just jammed on here or something and as I'm picking it up, well you know, crouching down to pick it up, I see, out of my periphery ah, Jeff Solomon retreating backward very quickly and shortly after that I see our suspect dart right after him like that. And, I mean I was at this point and Jeff had come around towards this way here, the suspect was here, so you know we weren't at a crossfire, I could see Jeff, I could see the suspect coming at him and at this point I look up um you know this guys already bleeding out into the hallway, Jeff's on \*(inaudible)\*\* and I only hear one shot.

Det. Englefield: Okay. Do you know where Leder's is at that point?

Bautista: Um he, unclear, unknown.

Det. Englefield: Okay.

this point, somewhere during this whole entire thing, I unholster my weapon, I start to aim it at this guy who at this point has got his back facing towards me and um, the suspect um, again is based on his fast, jerky, furtive movements I believe that he was still looking to attack Jeff Solomon. So,

Det. Englefield: Is he still going in that direction, the suspect?

Bautista: He was, I'm going to say yes, that's how I ah, perceived it.

Det. Englefield: Okay.

Bautista: That he was still, that he still had a bit of forward momentum.

Det. Englefield: Okay.

Bautista: But I know for sure that I can see a knife falling from him.

Atty: You did or you didn't.

Bautista: I did not, I did not see the knife fall from him when I heard the first shot.

Det. Englefield: Okay

Bautista: And I also knew that his arms were flailing and it looked like he was taking some furtive movements to take some swipes and Jeff Solomon who was still pretty close from my, from my perspective

Det. Englefield: Okay.

Bautista: So when I saw that,

Det. Englefield: So you, you, you saw him taking swipes at Solomon when he was moving forward on the ground?

Bautista: Yes. And from the look on his face too from my vantage point, you could tell they hadn't changed, they were still wide open, his mouth was still wide open and his tongue was still hanging out

Det. Englefield: Right.

Bautista: if was almost as if because he didn't change his facial expression that there was no effect.

Bautista: More or less yeah, maybe he was a little bit forward,

Det. Englefield: Okay.

Bautista: maybe Jeff Solomon was a bit, you know, backwards perhaps

Det. Englefield: Okay.

Bautista: because from my perspective Jeff was to my left, here's suspect to my right and you know, they're there in the distance from you.

Det. Englefield: Okay.

Bautista: But we pretty much had a time\*\*(inaudible)\*\* had a clear sight of Jeff, had a clear sign of, line of sight of the suspect.

Det. Englefield: But on his hands and knees?

anywhere. But yeah I just, I, I got one bike stolen while I was there.  
But I was bad so I just buy beater bikes like

Bautista: Damn. Yeah we heard some insane, ridiculous statistics for the  
month of September for bicycle thefts on campus. And I'm trying to think  
that maybe we're not getting hit because maybe the criminals are coming on  
campus and they're targeting specifically us at this particular time. But I  
think it's just the prevalence of students who are just careless.

Atty: Careless, well at, they're brand new, and you know semester just

Bautista: Yeah, yeah.

Atty: Um, food is really good.

Bautista: Which is good though, you know, I like that environment and I'm not sure if this is true with all the other ones, but the one near my house, they've got the kitchen \*\*\*\*\* are always complaining about Chinese food afterwards.

Atty: Yeah.

Det. Englefield re-enters the interview room.

Det. Englefield: Ok, just a few more things. After, you right?

Atty: Yeah.

Det. Englefield: After um, after you bend over you go to retrieve the pepperball gun a second time

Bautista: Yeah

Det. Englefield: You see him come out of the room, and Solomon fires his weapon, and you still see him coming

Bautista: Yes.

Det. Englefield: Right? Were you afraid for Solomon's safety when you fired that gun? Were you afraid something bad was going to happen?

Bautista: Yes, yes,

Det. Englefield: Okay.

Bautista: 'cause from my vantage point it looked like this guy was still at the, at the heels of Jeff Solomon.

Det. Englefield: Okay and you, what did you think was going to happen if you didn't fire?

Bautista: I thought that I was gonna shoot or Jeff was gonna shoot. Either way he was going to get shot for what he was doing.

Det. Englefield: Okay.

Bautista: Or Leders.

Det. Englefield: Okay, but you were afraid for Solomon's safety?

Bautista: Yes.

Det. Englefield: And that's why you fired?

Bautista: Yes.

Det. Englefield: Um.

Atty: Were you concerned that because he was still armed he could cut Jeff or lunge up towards him or something like that?

Bautista: Un huh, yeah, because at that point I didn't know if the shot actually landed

Det. Englefield: Okay.

Baustista: on the guy. I didn't know if he fell on his own footing trying to get at

Det. Englefield: Okay.

Bautista: Jeff so my mindset was that he was probably, perhaps, possibly one hundred percent capable and not hurt whatsoever. I wasn't going to take a chance.

Bautista: Yes, I would say less than, less than a second until I

Det. Englefield: Between the time that Solomon shot and you shot?

Bautista: Yes.

Det. Englefield: Okay, and your gun was obviously already out at that point?

Bautista: Yes.

Det. Englefield: Okay. Um, do you remember what the distance was between the suspect and Solomon when Solomon fired his weapon?

Bautista: You know what, it looked like to me that the guy was literally um maybe closer than he was to, you know between you and I are together right now.

Det. Englefield: Less than 3 feet?

Bautista: Yeah definitely.

Det. Englefield: Okay.

Bautista: From my vantage point when I saw him in my periphery, when I heard the shot and you know I was actually looking directly towards him when the shot occurred, um, and it looked like to me that he was less than three feet, he was less than, I mean he was still within arms reach with, of Jeff. It was almost as if they were right on top of each other.

Det. Englefield: Okay.

Bautista: So I felt, like, you know, if he had gotten shot it might have even been a contact shot.

Det. Englefield: Okay.

Det. Englefield: Okay, um the after you handcuffed him, um, you had him handcuffed, what does the scene look like outside of this hallway?

Bautista: I could see that um, you know I'm not sure exactly how much time had elapsed before I saw it this way,

Det. Englefield: Uh huh.

Bautista: I could see that there were um, people who were not in uniform, people I didn't recognize. I assumed that they were regular dorm residents. They were standing at the very, very far end of the hallway right before it actually cuts off \*\*\*\*\*.

Det. Englefield: Can you go ahead and indicate that however you want to where the knife actually was?

Det. Englefield: How close was he to that door? Oh, well, well, let's make it a little bit easier. You have, you know on your diagram here he was sort of in the middle of the hallway?

Bautista: No actually he was more closer to the doorway than he was to the middle. So he was somewhere between the doorway and the middle line of the hallway.

Det. Englefield: Okay so he, he was a quarter that way so if you had to draw lines, he was a quarter over, over this direction?

Bautista: Actually you know what, as I think about it right now, he was probably more on the middle if not just to the, um just barely to the side closer to the open doorway.

Det. Englefield: Okay

Det. Englefield: Mostly in the middle of the hallway?

depends. Um, yeah, but they're going through all the steps and doing everything they should.

Atty: Uh, hmm.

Bautista: I actually think you might even know him.

Atty: Um, ahh, I don't work the corrections in [REDACTED], I do the PO's who do the juvenile detentions

Det. Englefield: Okay, a couple more things. Um, when you fired you're two rounds, how close was the suspect to Officer Solomon?

Bautista: I want to say perhaps four feet, three to four feet \*\*\*\*\*

Det. Englefield: Where from?

Bautista: Well I want to say from the end of his hands to where I perceived Jeff's legs to be at. Yeah about maybe less than three feet then.

Det. Englefield: Okay, so this was the orientation? Can you go ahead and draw it yourself?

Bautista: Sure.

Det. Englefield: And why don't you go ahead and put, put Solomon in there. Okay, so this is the orientation at not only when he stopped moving, but as well when you shot him?

Bautista: Yes.

Det. Englefield: Okay, um, specifically, ah, when you fired, do you remember what the orientation of his back was? In other words was he, did he have a flat back in reference to the gun, was he, was he perpendicular to the ground, was he, was he up a little bit

Bautista: Yeah

Det. Englefield: 'cause you talked about him being on all fours, but was he, was he up a little bit or was he more flat?

Bautista: He was, he had lifted his body somewhat more on his left side so I could actually get a good, you know, a good, a good visual shot of his face.

Det. Englefield: Okay.

Bautista: So, um, I guess if you were me, and I saw a little bit of this where he was kind of, it looked like he was pushing himself off of the ground this way and I saw his face, with you know that crazy look on his face and um he, I would say his body lean was a little more candid to his right.

Det. Englefield: Okay.

past like the Walmart and stuff

Bautista: Ok, yeah, I've never really been to that area. I didn't know  
there was a Thai restaurant there.

On 10/21/09 I spoke with Officer Scott Christian of the California State University Sacramento Police Department. The interview was recorded and later booked into evidence at HOJ. For a more complete interview refer to this recording. I obtained the following statement in summary:

I was notified of the call this morning in my office. I was in uniform today because I was giving a presentation on the campus. I was in my office and heard the call on the radio around 1425 hours from down the hall where the dispatchers are.

I went outside and got into a police car with Sgt. Joe Green. We drove to the scene code-three. I could hear in Jeff's voice that something was not right. I heard Jeff asking for the pepper-ball gun.

I arrived on scene and went to the front entrance. I got into the quad and saw the broken window. I saw Thelma near the window, and I told her to watch the window. About that time I heard three pops. I ran around the long side of the hallway.

There was a black guy on the floor, that was ██████████. They were in the process of handcuffing him. Thelma said that she did not have her medic bag, so I ran out to my car and got mine, and double timed it back inside.

Sgt. Green went out to wait for the medics and to guide them in. I tried to rouse ██████████, but he did not open his eyes. I noticed that he had blue foam ear plugs in his ears, like the kind that you get from Walgreens.

The Lt had arrived on scene and found some ID's for the suspect and the victim. Fire arrived on scene, and I stayed on the scene until Sacramento PD arrived.

I worked with Sgt Matt Young and the K-9 Officer to clear all the rooms in that hallway. We only found one person in the rooms.

I did not see the male white adult until I was dealing with ██████████. They were holding a trauma pad to his head, Officer Lueders and Thelma. I never went into the room.

I am an instructor here at Sac State. I teach Kinesiology, which is a health and wellness class. ██████████ was a student of mine in that class. There are about 50 students in the class.

██████████ sat in the front of my class. He was attentive and not distracted while class was going on. He took notes and was one of the few students who asked a lot of questions. He was in fact a model student.

Afterwards he would sometimes stay and ask questions. He was polite towards other students when doing so.

██████████ turned in his assignments on time and only missed one or two days of class. He was doing well in class. I remember that he was interested in gaining weight, and in weight training. He wanted to gain ten pounds of muscle. On 09/15/09 he had an assignment to create a workout schedule. I don't know if he kept to that schedule or not.

I think that he was absent on 10/13/09.

On 10/21/09, at approximately 1500 hours, I (Detective Englefield) was advised by Sgt, Martinson of an officer involved shooting at Sacramento State University, 6000 J Street. Sgt. Martinson advised that CSUS officers had shot a subject on the campus grounds. I responded to the CSU Sacramento Police Public Service building on the campus of Sacramento State University.

At approximately 1520 hours, I arrived at the Public Service building. At approximately 1547 hours, CSUS Chief Dan Davis conducted a briefing as to the facts known to him at the time. Detectives Walker, Jasperson, Bales, Heinlein, Montoya, Vigon, Shrum, Burke, Higgins, DeDonder, CSO Hansen, Sgt. Weinrich, Sgt. McCloskey, Sgt. Martinson, Lt. Johnson, Captain LaCosse and CSI Noonan were present at the briefing. Chief Davis advised the following in summary:

CSUS officers responded to a disturbance of a subject throwing things out of the window inside of the ██████████ dormitories. Officers responded to room ██████████ and forced entry inside of the room. Officers observed a subject with severe injuries lying on the floor of the living room. Officers observed a subject inside of the room, holding a knife to his throat. Officers gave the subject commands and fired a pepper ball gun at the subject. The subject charged at the officers with a knife and several shots were fired by two CSUS officers. The officers involved were identified as Jeff Solomon, Joe Lueder, Louis Bautista and Resident Life Coordinator ██████████. The subject with the knife was identified as ██████████. The subject who was found lying on the floor of room ██████████ was identified as ██████████. Both subjects were transported to UCD Medical Center. ██████████ was pronounced deceased at UCD. ██████████ suffered several gunshot injuries and was currently in surgery.

Myself and Det. Dedonder responded the scene at the ██████████ dormitories, room # ██████████. We walked the scene with Sgt. Bickle. I viewed the interior of the room from the outside, near a window that been broken out of the main room of the unit. No entry of the room was made until a search warrant had been obtained. Officers that had responded to the scene had cordoned off the scene with police tape, and had kept

I then responded back to SPD Headquarters to conduct with interviews.

I interviewed witness CSUS Officer Scott Christian and obtained a statement. The interview was recorded and later booked as evidence at HOJ.

I interviewed CSUS Officer Louis Bautista and obtained a statement. The interview was recorded and later booked as evidence at HOJ.

The weapons of Officers Solomon and Bautista were collected as evidence, as well as all magazines and ammunition. From Officer Solomon I collected 14 rounds of .40 caliber ammunition from the magazine in his weapon, and 12 rounds each from each of his magazines that were located in his duty belt. I collected one round from the chamber of his weapon. From Officer Bautista I collected 10 rounds from the magazine located in his weapon, and 12 rounds each from the magazines located in his duty belt. I collected one round from the chamber of his weapon. This process was conducted in the interview room and was recorded on video. Det. Sgt. Martinson conducted this process.

On 10/22/09 at approx. 0045 hours, myself and Det. Sgt. Martinson and Det. Dedonder went to the UCD Med Center to interview [REDACTED]. The interview was recorded (video) and later booked as evidence at HOJ. [REDACTED] was intubated and could only answer 'yes' or 'no' questions. [REDACTED] did not remember being shot, where he lived, and various other facts.

On 10/23/09 I obtained an arrest warrant for [REDACTED] from the Honorable Judge Ransom. At approx. 1400 hours I obtained from Martina Rico-Ramos, a Sacramento County DHHS service log, outlining the service that had been provided for [REDACTED]. The log was later booked at HOJ as evidence.

At approx 1600 hours I obtained from [REDACTED] an initial report of the card key access for [REDACTED]. The report was later booked into evidence at HOJ. [REDACTED] then emailed to me a full report of all the residents of unit [REDACTED]. These reports were later booked into HOJ as

evidence.

At approx 1915 hours, myself and Det Sgt. McCloskey went to the UCD Med Center, to interview [REDACTED]. I had received word that [REDACTED] had been extubated, and that he was conscious and alert. [REDACTED] told me that he did not want to make a statement, and that I should speak with his attorney. No statement was obtained from [REDACTED].

At approx. 2000 hours I contacted witness [REDACTED] via cell phone. [REDACTED] told me that he had forgotten about a few things regarding [REDACTED] when he had spoken with Detectives. He emailed to me a brief written statement regarding the incident, and what he had forgotten to tell Detectives. The email was later booked at HOJ as evidence.

On 10/24/09 I searched the website 'www.youtube.com' for videos relating the homicide. From this website I downloaded twenty videos. These were later burned to DVD and booked into HOJ as evidence.

On 10/29/09 I spoke with [REDACTED]. He advised me that on the card key access logs, the device listed as "[REDACTED]", is in fact the device that allows entry into room # [REDACTED]. The told me that at the beginning of the semester there was a problem with the key, and instead of fixing the problem, the technician assigned a different room number to the key to allow access to room # [REDACTED]. In reviewing the card key access logs I determined the following:

[REDACTED] entered room # [REDACTED] at 0049 hours.  
[REDACTED] entered room # [REDACTED] at 1342 hours.  
[REDACTED] entered room # [REDACTED] at 1416 hours.

The CSUS CAD report indicates that the 911 call was received at 1425 hours, and that officers responded at 1425 hours.

On 10/29/09 I spoke with [REDACTED] on the campus of CSUS. I showed [REDACTED] the card key access logs, and had him note the fact that the records indicate that he entered room # [REDACTED] at 1342 hours. [REDACTED] stated that he had come from the laundry room and entered his room briefly to drop something off, and then left after only a few moments. He told me that he did not see or hear if [REDACTED] was in his room, as [REDACTED] often kept the door closed when he was inside.

At approx. 1515 hours I spoke with [REDACTED], a math instructor at CSUS.

He stated that ██████ appeared to be a normal and police student. ██████ related that ██████ had asked him to change a computer password for him, as the password contained the number '666' in it. ██████ stated that ██████ had told him that he was a Christian, and that it was against his religion to be associated with that number.

On 11/03/09 I spoke with ██████, and instructor at CSU Sacramento. I obtained a statement from her regarding ██████. From ██████ I obtained ██████' recent assignments. The assignments were later booked as evidence at HOJ.

On 11/04/09 I obtained a warrant, signed by the Honorable Judge Ransom, ordering the search of the Yahoo! Corp for all information relating to the account described as ██████@yahoo.com. The warrant was served on 11/05/09.

On 11/05/09 I obtained a warrant, signed by the Honorable Judge Ransom, ordering the search of the UCD Med Center, for all records relating to ██████. The warrant was served on 11/06/09.

On 11/17/09, I received from Yahoo! Corp, email history for the account described as ██████@yahoo.com. This information was booked at HOJ as evidence.

On 11/18/09 I obtained from Det. Gilleland a report documenting the browser history of the laptop computer owned by ██████. Some of the topics include:

"DMT - Dimethyltryptamine"

This substance is defined as

naturally-occurring tryptamine and potent psychedelic drug, found not only in many plants, but also in trace amounts in the human body where its natural function is undetermined. Structurally, it is analogous to the neurotransmitter serotonin (5-HT) and other psychedelic tryptamines such as 5-MeO-DMT, bufotenin (5-OH-DMT), and psilocin (4-OH-DMT). DMT is created in small amounts by the human body during normal metabolism by the enzyme tryptamine-N-methyltransferase. Many cultures, indigenous and modern, ingest DMT as a psychedelic in extracted or synthesized forms. Pure DMT at

"The dark night of the soul"

In the Christian tradition, one who has developed a strong prayer life and consistent devotion to God suddenly finds traditional prayer extremely difficult and unrewarding for an extended period of time during this "dark night." The individual may feel as though God has suddenly abandoned them or that his or her prayer life has collapsed. In the most pronounced cases, belief is lost in the very existence of God and/or validity of religion, rendering the individual an atheist, even if they continue with the outward expressions of faith[citation needed].

Rather than resulting in devastation, however, the dark night is perceived by mystics and others to be a blessing in disguise, whereby the individual is stripped (in the dark night of the senses) of the spiritual ecstasy associated with acts of virtue. Although the individual may for a time seem to outwardly decline in their practices of virtue, they in reality become more virtuous, as they are being virtuous less for the spiritual rewards (ecstasies in the cases of the first night) obtained and more out of a true love for God. It is this purgatory, a purgation of the soul, that brings purity and union with God.

Document: **02 WITNESS STATEMENT**

Author: **130 - BURKE, DANIEL 0474** (██████████)

Subject: **(WITNESS #12)** (██████████)

Related date/time: **Oct-21-2009 (Wed.) 1755**

On 10/21/09, approximately 1755 hrs, I spoke to ██████████ at the SPD Hall of Justice. The interview was recorded on DVD with an audio-only version that was recorded as well. The DVD malfunctioned and got cut off a few minutes prior to the conclusion of the interview. Please refer to the recorded version for full details of the interview. The following is a summary of ██████████'s statement:

I am a resident advisor at Sac State in the ██████████. I stay on the side of the building towards J St, and my window looks out towards Sierra Hall. There are a total of 7 resident advisors in the building right now. My responsibility is half of the third floor, but basically I am responsible for the entire building.

Today I was at the front desk doing homework and talking. I saw the housing director, my boss ██████████, and a few other higher-ups come into the lobby and walk through to the courtyard. I looked out the window across the courtyard and saw a window broken out at, what I later learned was, Room ██████████. From where I was, I believe the window was a common room window, and the unit would be likely a 5-bed / 2-bath unit based on the layout.

██████████ told me to get the building roster. I grabbed the binder, pulled out the roster and gave it to ██████████. ██████████ appointed ██████████ to stand outside of the room in the courtyard. I went there with ██████████, and we stood about 15-20 feet from the window on the walkway area. There were two other people sitting by us; ██████████ (sp) a MB, and ██████████ a MH or male Filipino. While on the walkway, I could see that both panes of the window were broken out and the screen had been knocked out. The front door was closed and there was a table propped up sideways against it.

I heard a male voice mumbling inside for a minute or two, but I couldn't make out what he was saying. I heard someone going through what sounded like the utensils in the kitchen. I could not see anyone. I saw two police officers come in through the courtyard and go in to the door to the left (south/west door) of me and enter the building. A female police officer on a bike came into the courtyard and told us to stand back.

I saw ██████████, our I.T. guy, and he told us to get out of the courtyard. I walked over to the door (indicated the south/east door to the courtyard)

behind me, and stood by to make sure no one would enter the courtyard. I had been in the courtyard for about 5-10 minutes at this point. I heard three to four shots fired when I was standing by the door to the courtyard. They didn't have a firecracker sound, but had more of a thud type of sound.

I was told to stay by the elevator near the (south/east) door to the courtyard so that no one would pass through towards the room. I stood there with a female from the housing office. I saw [REDACTED], a resident advisor from another building running back and forth. The female I was with left, and [REDACTED] stood by with me.

About 15 minutes after I heard the shots fired, medical personnel came through and moved towards the room. As medical staff was taking the first person, we were told to leave the hallway. We went to the lobby and waited. The first person's face was all bloody. I was later told that [REDACTED] was the name of the second person carried out in a stretcher after the first person came out.

I never heard any officers giving commands, and never heard anyone speaking, etc, inside the room other than the person that was mumbling unintelligibly. I never saw anyone inside the room.

I haven't responded to that room for any problems and am not aware of any problems.

\*\*\* End of statement. For full details, refer to the recording.\*\*\*

INVESTIGATIVE FOLLOW UP (WIT ( ) STATEMENT )

On 10-21-09, at approx. 1803 hrs., I (Det. Vigon) contacted wit. ( ) at HOJ. The interview was video recorded and the DVD later booked into evidence. He stated that following in summary:

I work as a Residence Advisor (R.A.) at the ( ) at Sac State. But I have the other wing of the building on the first floor. I am on the opposite side from where this occurred. The R.A. in charge of the wing where this happened is ( ). Her phone number is ( ).

I know of one of the subjects in today's incident. He was a student in my building last semester. I wasn't his R.A. at that time. That was at Sierra Hall. It was from January 2009 - May 2009. I heard he was involved in Marijuana. That subject's name was ( ). He was a MBA, 6'1-6'2, 180-190 lbs.. I never met him or interacted with him, I just saw him. I never talked to him.

I didn't see what happened today. I just saw it from the outside, from outside the broken window. I could not see in. I saw in the hallway when the police arrived. Then they sent me away.

I knew about his ( )'s reputation of being involved with Marijuana. I don't know if he was written up for it or if he was caught with it.

I was with ( ) right outside the door where this happened today. I was told by The main R.A. ( ) to watch the door and catch anyone coming outside. All I knew was that some guy was in there breaking the window. While we stood there I heard three noises. One like a carpet tearing or heavy ripping. One like very labored, rough breathing- it was very loud. The other noise was a loud clanging of like free weights being dropped on the ground. I heard that one multiple times, about 5-10 times in a span of 5 minutes.

When I first looked the window was already broken. We were in a meeting behind the front desk area. ( ) came in and told us someone is throwing stuff out a window to the court yard, breaking windows.

Det: Did you hear any other noises from inside when you were standing in the hall?

Wit: I can't recall any other noises other than those I told you. I don't recall. I can't be sure, not confident.

It sounded like one person was in there busting up the room.

Det: Did you knock, try to talk to or communicate with the person in the room?

Wit: We didn't knock or try to communicate in any way.

Det: Were you scared?

Wit: I was scared. It was a personal safety issue. I thought it was somebody inside on "Roid" rage.

Det: Do you have any knowledge of Roid rage in the background of anyone in that apartment?

Wit: No. That's not a noise problem room. It is not quiet, just not a problem.

I'm not sure which window was broken. I did see the broken window. I'm just not sure which room it pertains to in that unit. I saw it from the court yard.

As I was walking to the room I heard nothing until I was at the door. My boss (██████████) possibly saw the window get broken. ██████████ was in the study room with me. ██████████ also saw it. He walked thru the court yard with us. When the police told us to leave we went to the court yard to talk to ██████████. He told me to stay by the door to keep others from going to the court yard. I then heard someone yelling. It sounded authoritative so I think it was the police. I then heard 2-3 loud popping sounds, probably gunshots. At that time I was in the courtyard to the left of the entrance(as you walk in from the cage area).

A female cop came and told us to clear out students, then she told all of us to leave. I did not go look inside the window. I never got close enough. The closest I got was the middle of the grassy area in the courtyard.

Det: Do you know of any problems between ██████████ and his room mates or other residents?

Wit: No. I don't really know who lives there. ██████████ (██████████) would know. There are 460 residents and 7 R.A's in the building.

#### Witness statement: [REDACTED]

On 10/21/09 at approximately 1835 hrs, I, Det. Kirtlan, interviewed [REDACTED] at SPD headquarters in interview room #1. The interview was audio and video recorded. [REDACTED] stated the following in summary: (for full details of the interview, please refer to the DVD that has been booked as evidence)

I live on campus and I am employed full time as a Residence Life Coordinator. Today I was in my office within Sierra Hall. I was approached by two residents, [REDACTED] and his roommate. They told me that they heard gun shots coming from the [REDACTED] also known as "[REDACTED]." I then received a call from [REDACTED] who told me to get to "[REDACTED]" immediately. I went to "[REDACTED]" and I was told to direct traffic for the residents.

I don't know who was involved. I did not hear any gun shots. I am not familiar with any of the residents from "[REDACTED]." I did not see what happened.

[REDACTED] ([REDACTED]) just told me that he heard gun shots, he did not indicate that he actually saw what happened.

#### Witness statement: [REDACTED]

On 10/21/09 at approximately 1850 hrs, I, Det. Kirtlan, interviewed [REDACTED] at SPD headquarters in interview room #1. The interview was audio and video recorded. [REDACTED] stated the following in summary: (For full details of the interview, please refer to the DVD that has been booked as evidence. I also booked an overhead diagram as evidence that [REDACTED] drew on during the interview to indicate where he was during the incident.)

I am a 5th year accounting student at CSUS. I was hanging out doing homework at "[REDACTED]." I was in the study room on the first floor. ([REDACTED] later indicated on an overhead diagram of the scene that he was in room # [REDACTED]) I heard glass breaking so I looked out into room # [REDACTED] where I saw an African American male swinging a bat or a pick at the windows. I initially thought it was construction going on. I left the study room then I saw [REDACTED] in the hallway. I told him what I saw so [REDACTED] called [REDACTED]. We went outside to the grass area where we met [REDACTED].

The African American that I saw in # [REDACTED] was approximately 20 years old, he had medium to dark skin, a full head of short hair, and he was of skinny build. I did not see anyone else in the room with him. I saw him pacing back and forth and he was mumbling. While I was standing in the grass area, I saw him knocking out the windows and I saw him break off the screen. At times, he would leave my sight but I could hear something in the kitchen and I could hear him by his door.

Two "RA's", [REDACTED] and [REDACTED] went into the dorm hallway to keep an eye out to make sure that he didn't leave.

I saw [REDACTED] and [REDACTED] go into the dorm building with the cops. I did not hear gun shots but I saw [REDACTED] run out yelling that shots were fired. I left to guard the doors.

I could not hear any commands that may have been given by the police or by the "RA's". I didn't get a clear look at the suspect. I don't know anyone who lives there.

[REDACTED] told me what happened but I don't know if he saw it. There are a lot of rumors going around regarding what happened. [REDACTED]

Subject: **(WITNESS #13)** ██████████

Related date/time: **Oct-21-2009 (Wed.) 1850**

On 10/21/09, at approximately 1850 hrs, I spoke to W-██████████ at the SPD Hall of Justice. The interview was recorded on DVD and is available. Please see the recording for full details. The following is a summary of W-██████████'s statement:

This is my second year at Sac State. I stayed in the dorms last year - in Draper. This year, I've lived in the ██████████ this school year since the end of August. My roommates are ██████████, ██████████, ██████████, ██████████, and ██████████ - but I don't remember ██████████'s last name. I didn't know any of them when I moved in. I don't think any of us knew any of the others when we moved in.

The five of us don't hang out a lot. I spend most of my time in the union or the computer lab. ██████████ hangs out around the dorms a bit. ██████████ has a TV in his room, so he is around. ██████████ usually stays in his room with the door closed. ██████████ hung out at the dorm sometimes. He had one or two jobs, working at the Dining Commons for one of those jobs.

We don't really have any conflict there. Again, we don't see much of ██████████. I talked to ██████████ on the first day, and had a pleasant conversation with him on Monday or Tuesday. ██████████ goes out to night clubs a lot. The first few weeks he was getting annoying asking us if we wanted to go, but he figured out that we don't go clubbing.

About 3-4 weeks ago, ██████████ left his blinds open and was pretending to do sword play. He's a geek, into comics and stuff. He was doing the whole role play, fantasy thing. I guess ██████████ and a few people were outside and stuck a cell phone camera up in there and freaked him out. The last time I talked to him though, he said he was used to that and it wasn't really a big deal. It's kind of become a joke now, but not really to his face because he's in his room all the time.

Around a month and a half or two months ago, ██████████ went to talk to him because he wasn't cleaning his room and the smell was coming into the hall. ██████████ has a room right next to him, and ██████████'s room was starting to smell. We didn't really have any conflicts though that I've witnessed.

I see ██████████ from time to time. I saw him today I think, right after lunch. I haven't had a whole lot of conversations with him. I do spend a

bit of time with [REDACTED]. For a time, we were doing some light sparring. He's interested in mixed martial arts. I spent an hour in his room watching videos with him, talking about sun-dried things. Talking about the nutritional benefits of dried parsley at one point.

[REDACTED] doesn't take any medications that I'm aware of, but I do. I take [REDACTED] for [REDACTED]. [REDACTED] is a laid back guy. Last time I was in his room, he was watching a video of an Indian Yogi guy talking about philosophy. I think he's into cosmic stuff, but he's pretty laid back and cool. He doesn't have any mental conditions that I know of.

[REDACTED] has [REDACTED]. We were talking about that when we moved in. He's actually pretty sociable. He's seems pretty normal, but stays in his room a lot. He's interested in history. He's a pretty nice guy. I'd probably take more of a liking to him if he walked outside more often. I don't know if he was taking any medications.

Last night, I went to the computer lab after I had dinner. I was there until about 2:00 or 2:30 in the morning. When I got home, nothing was going on. I know that [REDACTED] was up, because there was a light on in his room. I think everyone else's lights were off. I stayed up for about an hour and made some Top Ramen. [REDACTED] may have come out and grabbed a glass of water. There were no issues last night after I got home. [REDACTED] didn't look upset or out of the ordinary when I saw him.

Today, I got up at 9:30 and went to class which started at 10:00. I didn't see anyone in our room when I got up and left. I got out of class at 10:50 and went back to the dorm to plug in or unplug my phone. I went to lunch at the Dining Commons, and passed by [REDACTED] in front of the building. After lunch I went to the student union. From there, I went to class from noon to 12:50. After that I went to the computer lab for a bit, then went to class from 2:00 to 5:00. I stayed in the computer lab for about 45 minutes after class and received a text message from my dad asking if I was ok.

My dad told me that there was an incident at the dorms, and was checking if I was ok. This was the first I'd heard of it. I found a news article from CBS. They hadn't really released any details, other than a baseball bat, a knife, and possibly a gun were involved. I think they said somebody died.

I started heading back to the dorms. I got a call from my friend [REDACTED], who doesn't go to Sac State. He had heard from [REDACTED], a resident at the dorms upstairs from my room. I talked to him and got the same information

except that he told me two of my roommates were involved; [REDACTED] and [REDACTED]. Or so he believed. I headed back to the dorms and saw [REDACTED] in front of the dorms. I got the same information from him that I'd just heard from [REDACTED].

I headed over to see if it actually was my roommates involved.

Det Burke: Was there any indication of any problems before where you could imagine something happening?

[REDACTED]: [REDACTED] may have gotten annoyed at [REDACTED] over the sword fighting incident, but he's a geek and used to that. He never really interacted with anyone else. [REDACTED] was annoyed with [REDACTED]'s room and the smell.

He's actually a pretty nice kid, and I don't think any of us had any problems other than what I've mentioned. We got along pretty well.

I think I talked to [REDACTED] most out of any of them. [REDACTED] never voiced any problems that he had with anyone. He never gave the impression that he had anything going on. We didn't really interact with each other, and we all did our own thing. In the evening we would see more of each other. There were a couple of nights that [REDACTED], [REDACTED], [REDACTED], and I would watch TV in [REDACTED]'s room.

No one has any weapons. There are kitchen knives. [REDACTED] has an orange aluminum baseball bat that's usually in the common room. There are no guns in the residence. There are no golf clubs that I know of.

(I asked [REDACTED] to tell me about any drug use in the suite.)

I think [REDACTED] smokes Marijuana. I don't know if [REDACTED] does. [REDACTED] might, but I doubt it. No idea about [REDACTED], but I don't think he's the kind of person that would. I don't smoke pot.

[REDACTED] drinks usually before he goes clubbing. [REDACTED] kind of gets drunk sometimes, not really drunk - just sort of. [REDACTED] and I got drunk on Saturday.

I don't know of anyone using any hard drugs at all in our apartment.

INVESTIGATIVE FOLLOW UP (WIT ██████████ STATEMENT )

On 10-21-09, at approx. 1915 hrs., I (Det. Vigon) contacted wit. (████████) at HOJ. The interview was video recorded and the DVD later booked into evidence. He stated that following in summary:

I was on my way to my room (first floor toward second floor) when I heard a window break and saw an R.A. come out. I was inside on my way to the second floor study room. I went to the window and saw the guy breaking the window more. I went to my room and got my room mate (████████). We went back to the second floor window and looked out.

I saw a MBA on the couch, mad, looked like he was crying. He started hitting himself in the head with a stick or bat. It looked like he was bleeding.

We went downstairs to the courtyard and went toward the window. We were about 20 feet away, on the cement, sitting on the edge of the grass. The R.A. came and told us to get away. We could hear him inside breaking things. When we were upstairs I had seen that the door was barricaded with a table. The cops came and told us to leave.

We went back upstairs to the second floor study room. We were at the open window and heard the cops breaking in to the unit. We then heard 4-6 gunshots. (He demonstrates the speed of the sounds, pow pow, ---pow, pow,pow.) I then heard the cops yelling "He's down, he's down. Clear, Clear."

I went to class. I came back and saw the news media here.

When he(suspect) was in there I could see him on the couch with blood on the side of his face. The couch was at the side of the kitchen, and a table blocking the door. I saw him pick up an (clothes)iron as I was moving away form window. I can not identify the guy(suspect). I don't know the people who live there. I could not hear any other people in there or the suspect when we were in the court yard. I could only hear banging and things breaking. The suspect did not say anything. He wasn't talking to the R.A.'s either. I saw ██████████ (an R.A.) go up to within 5 feet of the broken window, the suspect didn't talk to him. Then ██████████ called the

police. He's the main R.A. of the dorms.

Det: Have you heard any rumors about those guys? That they are involved in drugs or having conflicts?

Wit: No. I haven't heard any rumors or anything to do with that room.

Det: What day did people move into these dorms?

Wit: We moved in on August 28.

Det: Do you know the guys who live in that room? Do they have any conflict or have they had arguments at the cafeteria?

Wit: No. I don't know of any problems between them at the cafeteria.

Det: Could you hear the police giving the guy any commands?

Wit: No

Det: When you are looking out the second floor study room window, which way do you look to see the apartment?

Wit: To the right.

[At approx 1933 hrs., the witness drew a map depicting the locations of the scene, second floor study room, first floor conference room and front "cage" areas. That paper was later booked into evidence.]

On 10-21-2009, at approximately 1827 hours, I spoke to ( ) at the Hall of Justice. The interview was audio and video recorded for evidence. ( ) stated the following in summary:

I work at the Housing Office at Sac State. Today I was giving ( ) a tour of the ( ) when we observed the disturbance in one of the dorms. Upon walking into the courtyard, I heard glass breaking. We continued to walk into the complex and saw broken glass from outside of dorm # ( ). Through the window with the broken glass, I saw a male black adult in his early twenties.

( ) looked into the window and asked if everything was OK. We could see from outside the window, that there was damage in the room. While looking through the window, I could not see that there was anyone else in the room with the male black adult. At that time, ( ) called the police.

The male black adult continued to vandalize the interior of the room, while we made the necessary telephone calls to the authorities. Through the window, I observed what looked to be a folding table that the guy placed against the interior entry door.

The police officers and ( ) arrived on scene and entered the area. I also observed a female police officer there also. The female officer ordered everyone out of the courtyard. I helped evacuate the building.

I never saw any interaction between the police officers and the suspect. From where I was located, I could not hear voices of the officers or the suspect. I was near the elevator closest to the Conference Room.

I had never seen the male black adult that I saw through the window. I'm pretty sure the male black adult that was taken out on the gurney is the same guy I saw vandalizing the room.

( ) stayed with me at the start of everything, but went back to his office when things really started happening.

I heard the male black adult making noises in the room, but nothing

Subject: **Interview with [REDACTED]**

Related date/time: **Oct-21-2009 (Wed.)**

10-21-09/1559 hours - I contacted Witness [REDACTED] at SPD Headquarters in interview room #5. This is an audio/video recorded room.

Witness [REDACTED] is a resident of the same housing complex where the shooting occurred. He was identified as a pertinent witness by officers at the scene. He agreed to come to SPD Headquarters for an interview, and was transported by Ofc. Enkoji.

During my interview with him, he told me the following in summary:

I currently stay in the dorm, and expect to stay there until I finish school. I still have like three years (of school) to go. My current address is [REDACTED]. My other address is my parent's address, which is [REDACTED]. My cell # is [REDACTED].

I was in my living room watching T.V. when my roommate, [REDACTED] (Witness [REDACTED]), runs up and he says some guy is breaking out his window. He said let's go check it out, so I went to check it out. Our apartment is on the second floor.

The first thing we did was we went to the study room on the second floor. There's a study room on every floor. We went to the one on the second floor (the same floor as their room). It's a public study room, but we were the only people in there.

We went inside the study room, and from there you could see directly inside his room - the room where the window was broken out. The window was already just a little bit broken, and then there was some more breaking (after they got up there). We heard the glass breaking.

From the study room, I was able to see "him" and I also saw him having something in his hand. Most likely it was a bat (in his hand).

By "him", I'm referring to the guy I saw through the window. He was probably 5'10", skinny, wearing a dark sweater - navy blue or possibly black, he had a dark complexion - possibly African American, and he had short nappy-type hair.

Also, what I saw from there was that he had the bat - or the thing in his hand - and he was bashing it against his own head.

The object in his hand was long and thin. I would say it was a baseball bat. It was about this long (holding out his hands about 3' apart).

I couldn't hear any yelling or anything. I just saw him hitting his own head.

I couldn't see anyone else in the room. Just him.

After that, we went downstairs and outside into the courtyard. We saw two RA's (Resident Advisors) out there - [REDACTED] (Witness [REDACTED]) and a female one who I've never seen before. They were already out there. Then some more RA's came into the courtyard, maybe 3 or 4 more.

I could still see into his room, but I couldn't see him. I could hear all this noise though (coming from the room). I heard the sound of an aluminum bat hitting something a lot of times, and I heard a lot of moving of furniture. I also saw him moving a table to the door as if he was trying to barricade himself inside. I heard some more of the baseball bat hitting something. It sounded like it was hitting something hard. I continued to hear furniture being moved towards the door and the sounds of glass breaking, but it wasn't the window breaking so it must have come from somewhere inside the room. It was just all these noises and sounds of destruction.

[REDACTED] (the RA) went up to the window (of the dorm room) and he said "What are you doing?" There was no response. [REDACTED] then looked inside, and he said the whole room was demolished. He ([REDACTED]) said that he was going to call the police, and he called 911.

After that, everyone leaves (the courtyard) except me and my roommate ([REDACTED]). We sat on the curve of the little circle in the middle of the courtyard, and we didn't hear anything for probably 30-40 seconds. It was just completely silent. Then I started hearing the aluminum bat sound (being hit against something) maybe 3-4 times. I heard that, and I heard the continued movement of things (i.e. furniture).

That's about when the RA's and two officers come into the courtyard. They looked into the window. They didn't go all the way up to the window though. They were back by the grassy area.

I don't recall any noises coming from the room at that time.

There were several RA's and two police officers. The two police officers were uniformed officers. I don't know if they were Sac State cops, but I've seen one of the cops at a football game so they might have been Sac State cops. But it was obvious to me that they were cops. A hundred percent they were cops.

So then the cops go in to the entrance to the building (where room # [REDACTED] is located), and the RA's wait outside at various entrances to the courtyard. We (him and [REDACTED]) also wait outside. A female officer - she gets in there to the grassy area by the window (of dorm room # [REDACTED]). She was a uniformed officer also.

She yells something into the window. I can't remember what she said, but she got no response. He (the person inside the room) said nothing. That's one thing that I'll never forget - that he didn't say anything throughout the whole thing.

Then like a minute later, the RA's told us to "get back". All the RA's were starting to get back, and we just sat there for like a minute until the RA's said "everybody get in". They told us all to evacuate because the female cop had said to get out. Then we all went in here (he was pointing out on a hand-drawn map his actions, and at this point he showed me the building he evacuated to - which was a building on the opposite side of the courtyard from the building containing room [REDACTED]).

From inside that building, we could still see out to the courtyard. But we couldn't hear.

After we went in that building, me and [REDACTED] decided to go back into the building that has our room. So we went back over to that building, but we went to the first floor study room. We went there almost immediately after we went into the building that we were evacuated into.

From the first floor study room (of his building) you could see directly into the room ([REDACTED]) just like you could from the second floor study room.

Just me and [REDACTED] went into this room. We were talking in there for probably 1-2 minutes I would say, when after that we heard 5-6 gunshots.

I didn't hear anything before the gunshots like yelling or anything. The windows were closed in the first floor study room.

After the gunshots, we went upstairs and told one of our friends in our

dorm that we heard gunshots. Then we went into the second floor study room. We could see into the room and we saw an officer go in and pass by the broken window, but we didn't see anything else. We didn't see the guy.

I was with [REDACTED] the whole time. I remember exactly what time we left. We left the (second floor) study room at 2:45 (pm) because we had class at 3:00. That's after the whole thing was over. I would say it was 2:24 (pm) when [REDACTED] came and got me (when he was in the dorm room watching TV). I got a text message around the same time that he came and got me, and I remember that I was watching TV and the episode wasn't done yet. Plus we have clocks in our dorm.

I had never seen the guy before who I saw in the room ([REDACTED]).

Author: **1061 - WALKER, VONDA 7769**

Subject: **(WITNESS #3)** [REDACTED]

Related date/time: **Oct-22-2009 (Thu.) 1848**

On 10/21/09 approximately 1803 hours I, Detective V. Walker #0549 contacted witness [REDACTED] at the Public Safety Building in interview room #3 regarding case #09-320856. The interview was recorded and the recording was later booked into property as evidence. The following is [REDACTED]'s interview statement in summary:

I work at CSUS I am the IT person in the Housing Office. From the beginning, RA (Resident Assistant) [REDACTED], one of our resident advisors, I was over at the [REDACTED], were cleaning out the telephone closet. I was on the first floor over by the studies. The RA was in the study and ducked down the hall and said hey somebody just broke out one of the windows from inside of the room. [REDACTED] is not an RA in that building so he doesn't know protocol for the building. I was the first staffer that he saw so he mentioned it to me. So I ducked down to the study and looked out the window. We could see that the window was broken out and we could see somebody moving back and forth. So we went down to front desk. Sorry, I called the Resident Life Coordinator (RAL) [REDACTED] to let him know; hey we got this going on what do you want me to do? He didn't pick up the cell phone so I walked down to the front desk to see if he was in his office. He was so I walked around and keyed in and let him know. He had [REDACTED] one of his RA's in the office with him. So [REDACTED], [REDACTED] and I went out to the [REDACTED] and [REDACTED] went back to get his stuff that was left alone in the study; he had a computer and a few other things. So [REDACTED], [REDACTED] and I went out into the [REDACTED] and the windows were obviously broken out and we saw somebody in the room. [REDACTED] asked that [REDACTED] go inside and get the suite number. I asked [REDACTED] if he wanted me to back [REDACTED] up because I am a staffer; "Do you want me to help him out on this?" He said yes so I went into the building with [REDACTED]. We were in front of the suite which was [REDACTED]. I called the number out to [REDACTED] so that he could identify it to the police to respond. [REDACTED] was trying to?he had the window open from the inside to the outside. I could hear [REDACTED] talking into the room and also calling the police or 911. [REDACTED] was out with [REDACTED] and I am not sure who else was outside at that point. I new [REDACTED] and [REDACTED] were both outside the room. So [REDACTED] and I stayed at the room just in case the resident wanted to leave. We just kind of held our position. We were in the hallway just outside the door.

I was on the, as you are facing the door, to the left of the door looking out of the window and [REDACTED] was to the right of the door. So you would

hear banging out of the room. Loud metallic sounds, clanking, grunting, moaning, some very strange animalistic sounds coming to the door and moving away from the door. It sounded like carpet being torn up or tearing and furniture being torn, fabric being torn actually; strange sounds. A lot of strange sounds, wood on drywall, wood on wood; just a lot of noise.

We stayed in the hall and looking out of the window I saw [REDACTED] go an escort the officers in. To the officers came in and [REDACTED] and I went back down the hall. It's kind of a strange U shaped building so I went to the intersection that is closest to the room; that's elevator C. There is a stairwell and we had residents gathering there. I shoved them down the hall. [REDACTED] went down to elevator B to that intersection, that corner area and was blocking residence there. So I was just down the all essentially in front of suite [REDACTED] in front of the study lounge that was right there. We have a stairwell with entries to the first floor right there and the elevator so I held that position and [REDACTED] went down the hall. So I was there when the first two officers arrived and when the cyclist officer arrived also. I held that position through everything else.

So the officers are at the door and [REDACTED] was with them. [REDACTED] escorted them and stood by the door. Again I am a staffer and I am not student facing so I am just there to be a body. I am a body for the department in these scenarios and was the first time. So [REDACTED] was there with the officer and they were requesting entry into the room. Knocking on the door, requesting entrance, asking are you okay, can you come to the door, can you talk to us we need to verify that you are okay, we are campus police and we are police officers. While they were pounding and knocking on the door the officer, they were also communicating with on the outside on the bike and staying on the radio communicating. They made several attempts to get the person to open the door, repeated knockings. It was several minutes before they took the key from [REDACTED] to affect an entry, key in the door. They waited for a third officer to arrive who had the air soft gun, paint, pellet gun that had some caplets or something in it. They waited for him to arrive before opening the door.

They framed up with the officer with the air powered rifle in the center and the other two officers on each side. As soon as they opened the door the one officer called for support, more support and started yelling for the resident to "put it down, put it, put it down." They said there was a knife, he listed, it's very non in descript to me he listed that there is a knife, he's been cut, there is blood, he's been cut and they kept yelling "put it down, put it down and we have the air officer shooting. I want to say they said shoot but he started firing. He fired about twenty times

into the room. The officers were backing away and the resident came out. I am saying resident but I actually don't know if he is a resident or not. I am assuming that he's in there room therefore he is a resident or a former resident. He came out the door the officers kept yelling at him to "Stop, stop, stop, back up, lay down, get down on the ground, get away, put it down" and as they backed away he came out. He was coming out faster than they backed away. They fired or one fired. He fired once, hesitated, then he kept yelling "stop, get down" while they are radioing for medical at that point there is the constant communication, the constant flow. He hesitated after the first shot then he shot twice more and I want to shot twice more after that until the resident went down. Even after he was down he was still moving and crawling toward them. He was trying to move and trying to go before he went limp. I think they shot five times. It might have been more but for sure five. But after the first there was hesitation so...I know right where the hesitations were with the actual shots.

The cyclist officer, they yelled for her to come inside. She came down the hall running and I just said, "What do you need? What do you need us to do? What do you need us to do at this point?" She said "An ambulance is on the way we need somebody to make sure they can get in and get all the way through." So I went from my position down the hall to where [REDACTED] was at with the other RA's and told them that they need to keep blocking everybody. I think she (cyclist officer) had taken the position where I was at while I went out to the front and let [REDACTED] know that I was going out front. I was out front with one of the CSO's. The CSO's arrived shortly thereafter and I was in front with one of the CSO's waiting for them to come in. After the medical arrived I was at the doors entering that wing blocking students from entering the hallway.

[REDACTED] was shown a map of the building (architectural drawing taken from the CSUS web site). The map was later booked into property as evidence. [REDACTED] stated the following in summary while marking on the map:

We were over here in this area right here (marking the building to the north of room [REDACTED]'s [REDACTED] window) our dumpster is in the back. I am in the hallway taking carts and throwing them into the dumpster. [REDACTED] our RA was in the study. I had my student assistant with me. The reason why my student assistant is not a witness is because I told him to take the carts back because I was going to be a while because it's a new building and we are still learning how run it. Like anytime anything comes up it takes us a while to coordinate and communicate and we are also there to support [REDACTED]. We were inside looking out of the window when we saw the window break. I went to [REDACTED]'s office then we went outside. When I was in position I was right there (pointing to the south west bend of the

building that houses suite [REDACTED]).

([REDACTED] marked the route he took to get to room [REDACTED] in blue ink on the map and identified where people took up positions.)

The officers took up position at the door, one on the left and one on the right then the air soft officer came in and took up position in the middle. I could not see them because there is a pop out but I could see their on guard position into the door. So I could see the sides away from the door, so the officer that did the shooting I could see his gun side where his holster is and everything else. I could see that part of his body, so the right side of his body and I could see the other one's left and his back.

When I was in the [REDACTED] I could see the African American resident moving back and forth wearing a dark blue, looked like to me a dark blue sweat shirt, zipper front, like a sweat suit jacket kind of moving back and forth kind of hunched over. It was like a dark blue sweat suit or running suit jacket with a white zipper. The left side of the window was broken, the right side at that point wasn't broken but he still had the blinds drawn so he was just passing in front of the broken. It is a "low E" glass so it is highly reflective so the only real view you had was through the broken out area.

[REDACTED] and I came in behind him. [REDACTED] and [REDACTED] were outside. When I got inside the room to the door was shut and locked, they don't have access so we...access is kind of controlled into the rooms there are very few actual pass keys that can let you into the rooms. [REDACTED] has one and the rest are locked in a safe. Were inside and actually identified the room. So if it's a resident that is having a psychotic episode; you are there to make sure they don't come out and run out into the street. There is an emergency exit right here (marked map across the hall from suite [REDACTED]) that lets out onto the campus. So you are there to try and contain them until other people respond. So we were just there to essentially be witnesses to what was happening and to positively identify the suite room. Which we did and [REDACTED] called it in.

I backed up when the officer's got there. [REDACTED] stayed with them and I moved down. This is where we had students gathering (pointing to the location where he took up position). The facility is mine so I know all of the ins and outs of the building and I was part of the construction. So they are going to come down from the third and second floors to the first floor here to either go the study or this is one of the main paths. So with an elevator and everything else I assumed as an officer you would not want anyone going down there, that's just the position I took.

It was maybe three to four minutes before the officer with the air gun showed up it wasn't very long. No it was longer than that because the officers came in and I went down the hall, because they went down the hall when the cyclist showed up. So the first two showed up and they were just doing the gentle knocking, they weren't doing the hard pounding. Then they sent the cyclist outside to take up post outside the window. So it was probably seven minutes, eight minutes maybe ten. My time sense isn't very good. The incident started at like 1424 hours until...that is when I called [REDACTED]. So it was five to ten minutes. It did not start off as an escalated situation. It started off like just an inquiry where they were asking "Are you okay?" So they take position and they had the cyclist take position outside and right after that is when it escalated. When she came is when I went down to the hall to get completely out of the way. Probably from the time when she goes outside to the arrival of the air gun is probably five minutes.

They take up position by the door, air gun in the middle officers on both sides and [REDACTED] is down the hall a little ways. So once [REDACTED] gives them the key, he hands them the key and they real brief step away to get the master key from [REDACTED] and step right back up. I can't see the door open but the door does open. You can see that he has got the key and he steps in and when the doors go they go. I could see the motion of where his arm just kind of goes forward. I actually don't know what hand he went with but you could see the body motion where the door; it's that release and you can see the posture change.

As soon as the door opens that's when I hear all the yelling about code 3, need a back up, need medical, knife, blood, cutting, cut. That's when they go for their guns, that's when I see them reaching for their waist rather. Before that they had batons. One did. I think the one that opened the door didn't or it was still collapsed in his hand. Then right as they are yelling, the yell, put it down and everything else and then the air gun starts going off. I heard about twenty shots. They keep yelling, "Put it done, get down, put it down, don't do it, don't come forward, lay down, get on the ground, and then they back away rapidly. They just moved from the door. The resident came out really fast. He came out faster than they were moving away. Because the one with the air gun was trying to move really fast to get out of the way. [REDACTED] was moving really fast. People were moving really fast to get away from the door.

I saw the resident, African American male early twenties. I didn't get a look at his face. He had kind of a sweat suit on. Pretty much that was all I saw. Just him coming out the door and them yelling, "He's charging,

he doing it." And then the shot and he kept limping, he kept coming and then two more and then two more. And he did not really completely fall to the ground until the last set and even after that he was trying to get up and move. He was trying to move his arms. He might have been falling during the middle set but he was moving. He was still dynamically moving forward taking steps or trying to take steps. He went down outside of the room in the hallway about middle hallway. His head was pointing south. He was on his stomach and they rolled him over, frisking and patting him, checking it was clear before they...I didn't see them cuff him. At that point the cyclist officer was coming down the hall. I saw them checking him just making sure he was clean and clear making sure there was nothing going on.

( [REDACTED] initialed and dated the map) This is an old architectural drawing.

( [REDACTED] talked about the cameras in the building and stated that he was going to follow up with Detective Englefield.)

I would only recognize the resident only because I saw him on the stretcher. I had never seen him before that. I did not see anything in his hands when he was in front of the window. He was kind of hunched over moving back and forth. When I was in front of the door I could hear the guttural sounds and I could hear [REDACTED] trying to talk to him but I could not hear anything back. I mentioned to the officer earlier that the sound was "dopplering", you could hear it come close then move away from the door; it was not just static. [REDACTED] and I were like, is he gonna come out the door like this. It was very surreal; I mean the sounds were not real. I am equating it to when my cat went crazy Sunday. It was not normal human sounds "dopplering" off the back of the door.

End of statement.

### Narrative Text Report # 11

Document: **02 WITNESS STATEMENT**

Author: **1061 - WALKER, VONDA 7769**

Subject: **(WITNESS #4)** [REDACTED]

Related date/time: **Oct-23-2009 (Fri.) 1111**

On 10/21/09 approximately 1803 hours I, Detective V. Walker #0549 contacted witness [REDACTED] at the Public Safety Building in interview room #3 regarding case #09-320856. The interview was recorded and the recording was later booked into property as evidence. The following is [REDACTED]'s interview statement in summary:

I was told to come down because I talked to [REDACTED] ([REDACTED], DOB: [REDACTED]) last night.

Yesterday I want to say it was kind of like three-ish I was behind the front desk, came around and gave [REDACTED] a lock out; because basically he left his keys in his room. I was joking with him because last year he was my resident as well and he always had lock outs. We put a sign on his door, no more lock outs. I was joking saying we would have to do it again. He was kind of dressed in all of this snowboarding gear which I thought was kind of odd. I asked him if he was okay because he looked kind of sad. He said, "No it's just I don't want to talk about it right now." So I let him in his room and he talked a little bit more and he was holding himself differently than I am used to seeing him. I am kind of used to him smiling. He wasn't that way. That's basically it. I went to his room and he was like thank you and that was it.

He never talked to me about what was going on. I was like, hey you want to talk, but he didn't.

His roommates would be, um, I don't remember their last names off the top of my head, [REDACTED], [REDACTED], [REDACTED] and [REDACTED]. I was having a conversation with him about his roommates. I was like, "So your roommates what do you think of them?" I asked him if they chose to be together because they are kind of like a mixed lot. I said, "Did you guys choose to be together or did you guys get randomly put in a room?" He said, "Randomly got put in there."

Today I didn't see him but I was walking back from my class because we got out early and there were squad cars and I was talking to my dad telling him there are four police cars hanging out here. Then [REDACTED] stopped me and I asked him what was going on and he was like, "[REDACTED] saw somebody trying to kick out a window on your wing." Another RA named [REDACTED] came out and said, "You guys have to hang out here because they won't let you on your

wing." I said okay. I was hanging out down there and I figured it was, [REDACTED] said it was an African American male that he had seen and since [REDACTED] is the only African American on my floor I kind of figured it was him. I went upstairs onto the bridge after a while and helped keep people off the bridge. I saw them wheeling [REDACTED] out.

Last year he was quite to me. Like really non talkative unless he was talking about free boarding and snowboarding. He hung out with the two guys that lived across the hall from me, across the hall one door down. I know that he would hang out with them and talk. He was from San Francisco and he always had his SF hat and he played Fantasy Football with a bunch of the guys on my floor. I want to say, I think, he was on the intramural football team our floor created.

I don't know if he was on any social web sites. If my residences have sites I wait for them to invite me on it I don't want them to think I am being intrusive. I don't know of any social sites that students can blog on, not to my knowledge.

Yesterday he had on a big snow jacket and gloves and it looked like his eyes were watering. His eyes were watering and I don't know if he was getting ready to cry. I tried to look at his eyes, I kind of walked in front of him and turned around and talked trying to be bubbly and I couldn't see his eyes if his eyes were reddish or bloodshot or anything. From what I saw it looked like he was watering up.

Every time I saw him I was like, "Hey how are you? Is everything going okay, how are the roommates?" No one complained about his behavior. He never complained about anyone. I think he was undeclared the last time I talked to him. This was his second year. I don't know if he declared anything yet.

He was talking about the two guys that used to live across from him and how he almost walked in right before I walked in on a pot bust. He was like, "Oh my god I am so lucky I was just going to go over there. I almost got involved in that." I was like yeah you're lucky. It was last year and I don't know what happened after the campus cops got involved. I just know they were still there for the rest of the year so it was awkward.

I talked to his roommates, chit chat stuff. [REDACTED] was studious. Last time I saw [REDACTED] he was headed out to class. I just talked to [REDACTED] on the ride up here and [REDACTED] saw me before I left and was asking me, "Is that my room? Is that my room?" I told him, "I can't say anything. I'm so sorry." The last time I saw him he was outside talking to people in the grass. [REDACTED] and [REDACTED] were more quiet, I always saw [REDACTED] studying and [REDACTED]

on his bike on his way out, like heading out to class or something. [REDACTED] and [REDACTED] I would see in there little groups (hanging out with their friends) every now and then and [REDACTED] I would always see in passing. I know I saw [REDACTED] giving [REDACTED] a hair cut one time.

The residence opened in August. I am the RA for the A wing. I have 35 residences but I have 4 rooms that are empty. I would have 45 or 50 if I was at full capacity. Not all of the rooms on my floor are 5 bedrooms. I have; I am the only single, The RSV is on my floor as well, he is my boss [REDACTED]. I have got 5 x 2's, 4 x 2's and 2 x 2's. The 2 bedrooms have two residences in each bedroom and I have the only single.

night.

I knocked on his door because the music was really loud and I didn't want the other roommates to wake up. So I knocked on his door once, but he didn't answer. Then I came back and knocked again, but he still didn't answer. So I was kind of worried, but I just thought he was doing something and I didn't want to disturb him. Plus I had to go to weights, so I left.

That was unusual (for [REDACTED]'s music to be playing like that). I've never heard it before. Even if he's up, he's usually pretty quiet. He's always on YouTube or something on his computer. It was strange and that's why I knocked on his door.

I didn't call his name. I just knocked on his door. But I knocked pretty loud. He must have heard me.

Last night was pretty weird too because I walked in on him in the bathroom and the lights were off (inside the bathroom) and he had plugged something in to the outlet, which is on the outside of the bathroom. I think it was his blowdryer, but the lights were off. So I don't understand what was happening. I just walked in because the lights were off, and he was "Oh, oh, sorry. I forgot to lock the door."

I didn't see him because the lights were off, and he wasn't using the hair dryer. He was just sitting in there with the lights off. That's unusual.

[REDACTED] is really smart. He's in my history class and he reads a lot. But he does this really weird thing where he gets on his computer and he pretends that he's this heroic figure.

But he's nice to us. He gives me his recyclables.

[REDACTED] was always nice to us too. He always plays Madden (a video game) with [REDACTED]. He really didn't talk to [REDACTED] that much though.

I didn't see any real conflict between them ([REDACTED] and [REDACTED]) at all. [REDACTED] never came out of his room really.

There's really not a lot of interaction between any of us. But I do know that [REDACTED] and [REDACTED] are home more than [REDACTED], [REDACTED], and me during the day. So they would have had more time together.

[REDACTED] and [REDACTED] don't have friends, that's the thing about them. They're

not social at all. [REDACTED] might have maybe one or two friends, but I don't know them. He showed me a picture of one of them, but it was a friend from San Francisco. I think it was one of his childhood friends or something like that.

The only person who ever came over to visit him ([REDACTED]) was his foster dad. And that was just on move-in day that I saw him.

You need to know about this for [REDACTED]. He's suicidal. He told us that the first week when we were getting to know each other. He said that he got teased in high school, and he tried to commit suicide a couple years ago on his wrists or something like that. I think he tried to slit his wrists and his mom was there and she saved him. He never said that he wanted to hurt anyone else. It was just about himself.

\*Note: I asked him if he knew about any drug use by either [REDACTED] or [REDACTED]. He told me the following in summary:

[REDACTED] was always skeptical about alcohol and said that he didn't drink anymore. He said that he drank in high school and it wasn't good. Whether or not that's true I don't know, but I've never seen him drink. I don't think he drank at all.

Drugs....I've never seen any drugs, but just the way he was acting....I mean he did some weird things. Just the way he would stay up all night. I think that he might have been using them. It was his behavior that made me think that.

[REDACTED] might have taken medicine for his [REDACTED], but other than that I don't think he took drugs.

Also, for a while, [REDACTED] was eating oregano. You know how you get those condiment bottles (of spice)? He would just eat them. And his room smelled horrible. He told me he did that because there was like 16 times more protein in oregano than there is in a pound of meat.

[REDACTED] also used to wrestle people anytime he got a chance. He would wrestle [REDACTED], who's in Taekwondo. He would also wrestle [REDACTED]'s friend who came over. [REDACTED]'s a strong guy. He said he got something in the state for his weight class (when he used to wrestle - presumably in high school). He's just naturally athletic. He used to play football in high school too.

[REDACTED] spends a lot of time on his computer and on YouTube watching these

different videos. He's really into the religious stuff like life after death, where we go, and Christianity vs Hinduism.

\*NOTE: I then took a break in the interview and left the room. During this break, I was given a map of the dorm which included a layout of room [REDACTED]. I was asked to have Witness [REDACTED] identify who stayed in which room (out of the five rooms in their shared suite).

I asked him to write the first initial of the roommate inside the room (on the layout) where each roommate stayed. He did this with a red ink pen.

Specifically, he wrote the letters "[REDACTED]" (for [REDACTED]) inside the first room (A); the letter "[REDACTED]" (for [REDACTED]) inside the next room (B); the letter "[REDACTED]" (for [REDACTED]) inside the next room (C); the letter "[REDACTED]" (for [REDACTED]) inside the next room (D); and the letter "[REDACTED]" inside the last room (E).

(This map/layout will later be booked into evidence.)

Also during the break, I had received information from Sgt. Martinson that the baseball bat and knife involved in this incident may have belonged to Witness [REDACTED]. I asked him about this.

He told me that he does have a bat in the dorm room, and he described the bat as an orange TPX bat that he uses for baseball. He said it was in the living room when he left.

He also told me that he has two fillet knives that he uses for fishing. He said that he usually keeps them in his red/grey tackle box in the living room, or they could have been in a fishing backpack where he also keeps fishing stuff. He said one of his fillet knives has an orange handle and the other has a black handle.

He said there were also some knives in the kitchen drawers, and described those as small steak knives and chopping knives (basically kitchen-type knives).

I explained to Witness [REDACTED] that we were seeking a search warrant for his dorm room, but I also asked him for consent to search his room. He gave consent.

Document: **02 WITNESS STATEMENT**

Author: **227 - DEDONDER, BRIAN 0302** (██████████)

Subject: **(WITNESS #24)** (██████████)

Related date/time: **Oct-29-2009 (Thu.) 819**

10-21-09 @ 1730 hrs Det Englefield and I interviewed (W) (██████████) at HOJ interview room #4. He voluntarily came to HOJ to be interviewed regarding the incident. The interview was audio/videotaped and a copy was later booked into evidence at HOJ. He related the following in summary:

I am a Residence Life Coordinator at the (██████████) and I live in the building at (██████████). The (██████████) opened up in August but I've lived there since July 2009. My job is to deal with the conduct and problems of the students who live there. I am the professional live in staff member. I am the boss for the RA's (resident assistants). I live just around the corner from (██████████), where this incident occurred. I have never had any contact with this particular apartment unit. I have seen the subjects involved (victim and suspect) but I don't know them personally. I would say "HI" to them as we passed and would see them on a regular basis. I don't know their name or the names of any of the other roommates living in that unit.

I was in my office and I got a call on my personal cell phone from a co-worker, (██████████) and I ignored it because I didn't think anything of it. The call came into my phone at 2:19. He didn't leave a message or anything so I didn't think anything of it. About 3 minutes later he came to my office door and knocked. I opened the door and he told me that there was a student throwing things out of a window and he was rampaging in his room. I decided to go see what was going on so we go out into the courtyard area and I saw the window broken out and the screen was off. Also out in the courtyard was (██████████). She said she didn't know what was going on. There were two other students out there as well but I don't know their names. They said the the suspect was hitting the windows with a pool stick.

I could see in the window a person walking back and forth throwing things around, punching the wall and stuff. The guy was a black guy and it is someone that I recognized as a person named "█". I know who he is now because after this incident I looked at some pictures I have of all of my residents and I could tell who it was. I could recognize him if I saw his photo.

\*\*\* I showed (W) (██████████) a DMV photo of (W) (██████████) and (W) (██████████) positively identified him as "█" and the person he saw punching the walls inside the room. (W) (██████████) wrote on the DMV photo "I (██████████) recognize

this person to be the one punching wall and trying to stab officers". I later booked this photo at HOJ. \*\*\*

I don't know his name to be " [REDACTED] but the other RA, [REDACTED] called him that and thats why I called him "[REDACTED]". I had never spoken to him before.

I didn't see anyone else inside the apartment. I saw him ([REDACTED]) pacing back and forth making noises. I didn't know if he was in pain or if he was having a psychological breakdown. I went closer to the window and tried to communicate. I said "hey it's [REDACTED], the LC (life coordinator). What's going on with the window?" I went up to the window and moved off to the right side to look in the window and I could see all these holes and damage to the wall. At that point I realized something major was going on with him. It wasn't like an accidental broken window so I called Police Dispatch and asked them to send an officer because a student was damaging property and having a break-down of some sort. They put me on hold for a couple minutes so I had [REDACTED], an R/A, go down the hallway by the entrance so if he (suspect) left, we could stop him. [REDACTED] went with [REDACTED] by the way. I didn't see him with any weapons, I just thought he was having an mental break-down. It happens with students sometimes.

As I waited for Police, another R/A named [REDACTED] got the roster for the room and I got the room number this was occuring in from [REDACTED] who yelled to me room number [REDACTED]. I wanted to have the roster for that room for when the Police arrived.

OFC Solomon had called me while he was en-route and asked me what was going on. I told him that a student was having a mental attack and I needed Police here immediately. About 2 minutes later, OFC Solomon and an older Officer came and I showed them where this was happening. I first took them through the courtyard and showed them the window. They looked through the window from a distance and saw the kid in there throwing things around. It looked to be like he was barricading him in the room with a metal bedframe but I knew it wasn't a metal bedframe because we dont have those. He was barricading something against the apartment front door. I could hear pipes and things being thrown.

OFC Solomon asked what the quickest way to the room was so I sent them the way I sent [REDACTED], which was up the sidewalk ramp. I escorted them to the room. [REDACTED] and [REDACTED] the stepped back and Officers stood there for a second and listened. I could hear this noise, like monkey sounds. Like somebody hit their head. The sound was traveling inside the room so I believe it was the suspect making the noise. The officers were there for

like 15-20 seconds and they got on their radios and asked for more officers.

Officer Thelma, the female bike officer, showed up 2 or 3 minutes later and they asked her to go back outside to the courtyard. Officer Solomon and the other officer looked at each other and were like "do we enter? I don't know". Ofc Solomon asked for a sheild on the radio and said he needed more officers. They said they were going to wait for more officers. The grunting nioses got really loud and we could hear things being thrown around. The older officer said " I hear a pipe, he has a metal object." I could hear him like banging things and throwing things up against the door. He said "we got to go in, he's hurt, he's hurt". At that point I ran to like a kitty-corner across the hallway and one apartment down, I stood in that doorway and watched. I gave OFC Solomon my master key to get into the room. He knocked several times and said "Police. We are here to help, open up the door please. We need to be let in. Police". He kept announcing himself. I turned away and the next thing I know there is a 3rd Officer. I don't know where he came from. It was a blur. OFC Solomon made these announcement for about 15 seconds. He made these announcements 2 or 3 times and he was saying it loud. He was banging on the door so hard that I thought he was going to punch a hole in the door.

I think it was OFC Solomon who opened the door but I didn't see who opened the door but it was my assumption that it was OFC Solomon because I gave him the key and he looked to be the lead. He opened the door and then it's just a haze. They yell "hey, whats going on, get down on your knees, get down on the ground." It's OFC Solomon that's yelling that. He is leading the charge. "I need you to get back. I need you to get down." I'm sure the other Officers were saying stuff. It was just a big old commotion. OFC Solomon had his gun pulled before he even opened the door. He had it pointed into the room. The officers were in a SWAT type formation at the doorway. They were in a very tight formation protecting each other.

The 3rd officer that had showed up last had an air soft type gun that looked exactly like a paintball gun. They were trying to slightly enter the room just right at the doorway. I saw them take a quick step back and then the officer shot several times with the pepper things. That officer was in the back behind OFC Solomon and the other officer, over their shoulder. Then they got really loud, saying "get down on the ground, get down on the ground". Then I heard "he has a knife, he has a knife". That's the first time I heard "knife". Then I saw them back up, then I heard "shit, shit, he's hurting himself or he stabbed himself." I heard "he stabbed himself, he stabbed himself" They are like "drop the knife, drop the knife, get on the ground" continuously back over again. It seemed like forever but it was

probably just a couple seconds but they would step in, and then they would step back trying to give him space. The next thing I know is they are stepping way back into the hallway and he the suspect is out in the hallway lunging at the officers with a knife. He got like a foot away, if not closer, to one of the officers. I think it was OFC Solomon. The guy that was lunging at the officers with the knife was "█", the guy you showed me the picture of. I dont know how he was holding the knife and I don't know what the knife looked like. It was just a split second. I just thought, Oh God, and I turned away. I heard "drop the fucking knife" and I heard a shot, and them saying "drop the knife, drop the knife". I looked over and I saw the suspect still holding the knife trying to crawl at them. I heard another shot and then another shot. It was POP....POP.POP. And then I heard "handcuff him, handcuff him" and they handcuffed him. And then I left, because I felt safe.

OFC Solomon was the one that shot first. I saw the recoil of his hand. After he shot "█", he goes down but is still holding the knife and coming towards the officers. He was kind of on his knees but still up. He was still attacking, still going. I was like what the hell is he doing. I remember thinking this guy just got shot by those pepper things/bean bag things, whatever they were, non lethal things and he's still coming. And then he gets shot and he's still coming. I thought that this guy just wants to die. I was thinking that he just was trying to kill himself. Suicide by Officers.

After they got him in cuffs, OFC Solomon got on his radio and said "I need Medics, shots fired, Police officer shots fired." Whatever he said. Something along those lines.

I then went to the front of the █ and tried to keep students from coming down there and also to guide medics in.

Nobody saw more than me, other than the Officers. █ saw "█" in the room before this whole thing went down. There were a few students out there that you might want to talk to as well. I dont know the students' names but they said they saw the window break and the suspect broke it with his head.

When I saw this, I was probably about 10-15 feet away. The lighting was good and I have 20-30 vision with my contacts in which they were.

I later learned that there was another student in the room with "█". I saw him being gurneyed away and I heard that he passed away. He was a bigger, heavy set white guy. I looked at the roster which includes photos

and I'm pretty sure I could recognize him if I saw his picture too.

Subject: **HOMICIDE SGT'S OBSERVATION**

Related date/time: **Oct-22-2009 (Thu.)**

On 10-21-09 at approx 1445 hours, Lt. Johnson informed me of an officer involved shooting that occurred at CSU, Sacramento. He told me that CSUS PD officers responded to a disturbance at one of the dormitories and a suspect was shot. The Chief of CSUS PD had requested we respond to assist with the investigation. I advised detectives in the Homicide and Felony Assaults Units of the incident and informed them we would be meeting at the CSUS Police Department for a briefing.

I arrived at the Police Department at approximately 1540 hrs. At approx 1546 hours, CSUS PD Chief Dan Davis conducted a briefing. Present at the briefing were Capt. LaCosse, Lt. Johnson, Sgt. McCloskey, Sgt. Weinrich, Det. Jasperson, Det. Walker, Det. DeDonder, Det. Englefield, Det. Higgins, Det. Burke, Det. Merten, Det. Vigon, Det. Heinlein, Det. Shrum, Det. Bales, Det. Montoya, CSO Hansen, and Lead CSI Noonan.

Chief Davis informed us that officers responded to the ██████████ dormitories and on a report of a disturbance. Officers entered a dorm and located the suspect armed with a knife. Officers fired pepper-balls at the suspect. The suspect charged the officers and two of the officers shot the suspect. A victim was found inside the dorm room, transported to UCD hospital, and declared dead at the hospital.

SPD Sgt. Oliveira continued with the briefing and told us the incident occurred at the ██████████ dormitory, ██████████ J St., Room # ██████████. Officers involved in this incident were Ofc. Jeff Solomon, Ofc. Joe Lueders, and Ofc. Louis Bautista. The suspect was identified as ██████████ (██████████). The suspect had injuries to his cheek and gunshot wounds to right bicep, left abdomen, and left buttocks. The homicide victim was later identified as ██████████, MWA.

Sgt. McCloskey was assigned to supervise the crime scene. He proceeded there with Det. Heinlein, and Det. Bales. Det. Jasperson, Det. Walker, and Det. Vigon, were sent to the crime scene to locate potential witnesses and arrange to have them transported to the HOJ. Det. Montoya and Det. Shrum were assigned to UCD Medical Center to check on the suspect, collect any evidence, and locate any family or friends of either the victim or suspect and determine if they are potential witnesses. Det. Merten was assigned to gather any floor plans, dispatches, residents list etc. from the CSUS Police Department. Det. Higgins was assigned to return to HOJ and write a

search warrant for the involved dormitory. Det. DeDonder and Det. Englefield were assigned as lead detectives.

At approximately 1750 hrs., I went to the crime scene with Det. Merten, CSUS Ofc. Lueders and Attorney Lauro Paredes. At approximately 1753 hours, CSUS Ofc. Lueders conducted a walk-through of the scene. No one entered the dormitory during the walk-through.

Ofc. Lueders informed us that he was on the right side of the doorway and Ofc. Soloman and Bautista were on the left. Ofc. Lueders stated that once the door was open, he could see the victim on the floor inside the dorm. The suspect was inside the dorm. The suspect came at the officers with a knife. Ofc. Solomon fired at the suspect. Ofc. Bautista also fired at the suspect.

I returned to the Homicide office. I assisted Det. Englefield in counting and collecting the ammunition and handguns of Ofc. Bautista and Ofc. Solomon. We also counted the number of rounds possessed by Ofc. Lueders.

From Ofc. Lueders: Sixteen rounds were counted from his handgun and twelve each from his two duty magazines. The magazine from Ofc. Lueders' handgun has a capacity of fifteen rounds. The other two magazines have a capacity of twelve each. All rounds were returned to Ofc. Lueders.

From Officer Bautista: In addition to his handgun, we collected ten rounds from the magazine in his weapon, twelve rounds each from his two duty belt magazines, and one round from the chamber of his weapon. All three of Ofc. Bautista's magazine had a capacity of twelve rounds.

From Ofc Solomon: In addition to his handgun, we collected fourteen rounds from the magazine in his weapon, twelve rounds each from his two duty belt magazines and one round from the chamber of his weapon. The magazine from Ofc. Solomon's handgun has a capacity of fifteen rounds. The other two magazines have a capacity of twelve each.

#### **Observations: Detective Kirtlan**

On 10/21/09, I, Detective Kirtlan, was assigned as a detective to the Sacramento Police Department's homicide unit. I was notified of an officer involved shooting at California State University at Sacramento. I arrived at SPD headquarters and was briefed on the circumstances by Det. Jasperson and Sgt. Campbell at approximately 1825 hrs.

At approximately 1835 hrs, I interviewed [REDACTED] at SPD headquarters in interview room #1. The interview was audio and video recorded. [REDACTED] was not an eye witness to the event. He was made aware of shots being fired and then he went to the area of The [REDACTED]. (See witness statement for more details.) I booked the interview DVD as evidence.

At approximately 1850 hrs, I interviewed [REDACTED] at SPD headquarters in interview room #1. The interview was audio and video recorded. [REDACTED] observed the suspect breaking windows in dormitory # [REDACTED] from where he was sitting which was a study room in dormitory # [REDACTED]. After [REDACTED] observed the suspect breaking windows, he went to a grass area closer to # [REDACTED] where he observed the suspect inside of # [REDACTED] pacing back and forth while mumbling. [REDACTED] did not see anyone else inside of # [REDACTED]. [REDACTED] said he saw the suspect holding a bat or a pick while he was inside # [REDACTED]. [REDACTED] did not hear gun shots and he did not witness the suspect beating the victim or the officers confronting the suspect. (See witness statement for more details.) I booked the interview DVD as evidence.

On 10/21/09, at approximately 1500 hours, I (Detective Merten) was advised by Sgt, Martinson of an officer involved shooting at Sacramento State University, 6000 J Street. Sgt. Martinson advised that CSUS officers had shot a subject on the campus grounds. Detective Burke and I responded to Public Service building on the campus of Sacramento State University.

At approximately 1530 hours, Detective Burke and I arrived at the Public Service building. At approximately 1548 hours, CSUS Chief Dan Davis conducted a briefing as to the facts known to him at the time. Detectives Walker, Jaspersen, Bales, Heinlein, Montoya, Vigon, Shrum, Burke, Higgins, DeDonder, CSO Hansen, Sgt. Weinrich, Sgt. McCloskey, Sgt. Martinson, Lt. Johnson, Captain LaCosse and CSI Noonan were present at the briefing. Chief Davis advised the following in summary:

CSUS officers responded to a disturbance of a subject throwing things out of the window inside of the [REDACTED] dormitories. Officers responded to room [REDACTED] and forced entry inside of the room. Officers observed a subject with severe injuries lying on the floor of the living room. Officers observed a subject inside of the room, holding a knife to his throat. Officers gave the subject commands and fired a pepper ball gun at the subject. The subject charged at the officers with a knife and several shots were fired by two CSUS officers.

The officers involved were identified as Jeff Solomon, Joe Lueder, Louis Baptista and Resident Life Coordinator [REDACTED].

The subject with the knife was identified as [REDACTED]. The subject who was found lying on the floor of room [REDACTED] was identified as [REDACTED]. Both subjects were transported to UCD Medical Center. [REDACTED] was pronounced deceased at UCD. [REDACTED] suffered several gunshot injuries and was currently in surgery.

At approximately 1645 hours, CSUS dispatcher Katrina Donato provided me with a first floor map of [REDACTED] dormitories. Donato spoke with [REDACTED] and obtained a list of the five subjects who resided in room [REDACTED]. The floor plan was a 5 bedroom, 2 bath layout. The subjects were identified as [REDACTED], [REDACTED], [REDACTED], [REDACTED] and [REDACTED]. ██████ and ██████ to room space ██████.

At approximately 1737 hours, I spoke with ██████ over the telephone. ██████ advised that each individual bedroom had its own key lock.

At approximately 1750 hours, Sgt. Martinson and I arrived at the ██████ ██████ dormitories. At approximately 1753 hours, CSUS Officer Lueder conducted a walk-through of the scene. I observed what appeared to be blood on the carpet of the hallway, in several different areas. I observed a black handled knife, with a fixed blade, lying on the carpet in front of the front door of room ██████. I observed numerous items of clothing scattered on the hallway floor. I observed a red pair of bolt cutters and a crowbar like tool up against the hallway wall, just north of the front door. I observed what appeared to be a black pepper ball gun lying on the hallway floor north of the front door. From the open front door, I observed what appeared to be a large amount of blood on the living room floor of room ██████. I observed numerous holes in the living room wall. During the walk thru, no entry into room ██████ was made by any of the detectives, officers or CSI personnel.

Officer Lueder advised that Officer Baptista was standing to the left of the front door of room ██████. Lueder advised that Officer Solomon was standing in between Officers Baptista and Lueder. Lueder advised that he was standing on the right side of the front door of room ██████. Lueder advised that once the officers were able to open the front door, he observed a subject lying on the floor of the common area. Lueder advised that the suspect (██████) came at the officers with a knife. Lueder advised that Officer Solomon fired the first gunshots. CSI Noonan had Lueder place a marker on the ground indicating the position of each of the three officers. Lueder stated that Officer Baptista fired after Officer Solomon. Officer Lueder stated that he did not fire his handgun.

At approximately 1830 hours, I transported Officer Lueder to the Hall of Justice where he was subsequently interviewed by Detective Dedonder.

hall. The [REDACTED] residence hall is new and just opened in August 2009. The [REDACTED] has an apartment like setup. Officers received a report of some guy throwing things out of a window. Officers responded attempted to get the subject to open the door. Officers forced entry into the apartment to find the subject holding a knife to his throat. Officers attempted to get the subject to drop the knife. The suspect did not comply with officers orders to drop the knife. Officers shot the subject with a pepper ball gun in an attempt to get the subject to drop the knife. The subject charged the officers with the knife and officers shot the subject with their duty weapons. The subject was hit twice. The subject was transported to UCD Medical Center for treatment of the gunshot injuries. The subjects name was unknown at the time of the briefing.

The other subject in the room was beaten. He was also transported to UCD Medical Center where he was pronounced dead. The victim's name was unknown at the time of the briefing.

The call was to room [REDACTED]. CSU PD Officers Jeff Soloman, Joe Lueters and Louis Bautista were the officers involved in the incident. It is unknown which officers fired their weapons. Resident Assistant [REDACTED] was on scene and witnessed the shooting.

It was reported that there was yelling coming from the room, [REDACTED] provided officers with a key to open the door. Upon opening the door an African American male subject had a knife to his throat. The subject charged officers with the knife and the officers shot the subject.

SPD Sgt. Ellis provided the following information:

The victim of the beating was identified as [REDACTED], MW; Ht: 6'02"; Wt: 240; DOB: [REDACTED]; CDL#: [REDACTED]; address: [REDACTED]. [REDACTED] resided in room [REDACTED]. [REDACTED] had no criminal history in Sacramento County.

Approximately 1630 hours Sgt. Martinson requested that I respond to the [REDACTED] to contact witnesses and obtain statements along with Detectives Jasperson, Vigon and Burke. Upon arrival SPD Patrol Officers had the witness sequestered and they were conducting preliminary interviews. Upon the conclusion of the interviews SPD Sgt. Chase #3025 briefed us on the information obtained from witnesses. From that information we determined that eight of witnesses would to be transported to the Public Safety Building for follow up interviews. The witnesses were transported by POP6 officers.

I responded back to the Public Safety Building with Detectives Jasperson, Vigon and Burke. Upon arrival I obtained a statement from witness [REDACTED], DOB: [REDACTED]. [REDACTED] is the IT person for the CSUS Housing Office and was working in the north wing of the [REDACTED] when the incident occurred. [REDACTED] reported the following in summary:

He was told that someone broke out a window looked out and saw somebody moving in the room with the broken window. He notified [REDACTED] of the disturbance and responded with him to the courtyard side of room [REDACTED] where he observed an African American male through a broken window. [REDACTED] attempted to talk to the subject through the window. [REDACTED] responded to the front door, which was closed, could hear banging and grunting noises coming from inside of the apartment. Officers arrived attempted to talk the subject out of the apartment. Officer arrived with a pepper ball gun. Officers opened the door with a pass key. Officers began yelling for the subject to "put it down" repeatedly in addition to calling for back up, medical aid and stating that the subject had a knife. The officer with the pepper ball gun fired numerous rounds at the subject. The subject lunged at the officers who had weapons drawn. He said he heard one shot then the officer hesitated while telling the subject to put it down. The subject continued to advance towards the officers who fired more shots at the subject. The subject went down and continued toward the officers crawling and thrashing around. (See [REDACTED]'s witness statement for the full statement.)

Approximately 1900 hours I obtained a statement from witness [REDACTED]. [REDACTED] is the Resident Assistant for room [REDACTED]. [REDACTED] reported the following in summary:

She saw [REDACTED] yesterday, 10/20/09; he had locked himself out of his room and requested that she let him in. She said she was joking with [REDACTED] because she was his resident assistant last year and he would regularly lock himself out. I had previously noted that I had received information from Sgt. Ellis regarding the victim and suspect. I did not receive the information from Sgt. Ellis, I received the information regarding the victim and suspect from Sgt. Olivera # 3075. I later learned that the information regarding the victim was incorrect. The correct information is as follows:

[REDACTED]; MW; Ht: 5'06"; Wt: 172; DOB: [REDACTED]; CDL#: [REDACTED]; address: [REDACTED]. [REDACTED] resided in room [REDACTED]. [REDACTED] had no criminal history in Sacramento County.

On 10/22/09 approximately 1430 hours, I contacted CSU PD Officer Nathan Rice at the UCD Medical Center in the Intensive Care Unit. Rice told me that he had just returned from the operating room with [REDACTED]. Rice said that doctors recovered a round (bullet) out of [REDACTED]' spine. Rice said the doctor told him that [REDACTED] would never walk again because the bullet demolished his lumbar region. Rice said that the doctors thought that [REDACTED] lack of gross motor movement in his legs and hands was due to swelling. Rice said the doctors discovered that the lack of gross motor skills was caused by the bullet that had destroyed the nerves in [REDACTED]' lumbar region. Rice said the doctors removed a full round and two fragments from [REDACTED]' body during the operation. Rice said that [REDACTED]' toxicology report had returned and it was negative for drugs or alcohol.

I then spoke to [REDACTED]' nurse and obtained the following information:

[REDACTED]' doctor is [REDACTED]. [REDACTED] was heavily medicated and had just returned to the ICU. [REDACTED] was intubated and therefore he would not be able to talk when he regains consciousness. It was unknown how long [REDACTED] would be unconscious and it would be a few day before he would be moved from the ICU to a different room. [REDACTED]' toxicology results were negative.

I proved my business card to the nurse and requested to be contacted when [REDACTED] was ready to be moved from the ICU. The nurse entered a note regarding my request into [REDACTED] file.

I, Det. Jasperson, am currently assigned to the Homicide Unit. On 10-21-09 at approx 1455 hours, I was at SPD Headquarters when Sgt. Martinson advised me of a callout at CSU, Sacramento for a CSUS PD officer who was just involved in an on-campus officer-involved shooting (OIS). I was requested to respond and meet at the CSUS Police Department for the incident briefing. I subsequently responded and arrived at approx 1529 hours.

At approx 1546 hours, the briefing was conducted by CSUS PD Chief Dan Davis. Also present for this briefing were the following SPD personnel: Capt. LaCosse, Lt. Johnson, Sgt. Martinson, Sgt. McCloskey, Sgt. Weinrich, Det. DeDonder, Det. Englefield, Det. Higgins, Det. Walker, Det. Merten, Det. Burke, Det. Vigon, Det. Heinlein, Det. Shrum, Det. Bales, Det. Montoya, CSO Hansen, and Lead CSI Noonan.

Chief Davis provided a very limited briefing as to the circumstances of the case, as he said that he did not have much information yet since he had not personally been out to the scene. Basically, he told us that his department received a 911 call regarding a disturbance in the ██████████ dorm. His officers responded and ultimately forced entry to one of the dorm rooms, at which point they encountered a knife-wielding subject. The officers fired pepperball rounds at the subject, and then resorted to shooting him after the subject charged at them.

SPD K-9 Sgt. Oliveira came and provided additional information to include the actual location where the shooting occurred (room ██████████); the names of the involved officers (Ofcs. Jeff Solomon, Joe Lueders, and Louis Bautista); the name of the suspect who was shot by the officers (████████, MB/████████); and the name of the deceased victim (████████, MW ██████████) who was assaulted by the suspect prior to the officers' arrival.

After the briefing, I went to the ██████████ dorm to survey the exterior of the scene. (Note: Actual entry was not being made into the room until a search warrant was obtained.)

I then responded back to SPD Headquarters to assist with witness interviews. Once back at headquarters, I interviewed Witnesses ██████████ and ██████████. (See their attached statements.)

On 10-21-2009, at approximately 1730 hours, I Detective Jason was contacted by Homicide Detective Sergeant Campbell, who advised my assistance was needed regarding an officer involved shooting that occurred at California State University at Sacramento. I arrived at the Hall of Justice at approximately 1745 hours. Detective Jasperson and Sergeant Keller provided Detective Kirtlan and myself of a briefing of the facts known to them involving the case. Sergeant Campbell then directed me to conduct interviews with witnesses.

At approximately 1827 hours, I interviewed [REDACTED] at the Hall of Justice. The interview was audio and video recorded for evidence. During the interview, I provided [REDACTED] with a map of the dorms. She identified locations on the map where she heard glass breaking, the area where she saw broken glass and a male black adult in his twenties. The map and the audio/video recorded interview were later booked into the SPD Property Section.

At approximately 1943 hours, I spoke to [REDACTED] at the Hall of Justice. The interview was audio and video recorded for evidence. During the interview I obtained written consent from [REDACTED] for the search of his dorm at CSUS. I later booked the written consent form and the audio and video recorded statement into the SPD Property Section as evidence.

#### INVESTIGATIVE FOLLOW-UP:

At approximately 1505 hrs, 10/22/09, I (Detective Higgins) was working as Homicide Detective when Sergeant Martinson advised me to respond to CSU Sacramento regarding an officer-involved shooting.

I responded to the police station at CSUS, and arrived at approximately 1536 Hours.

At 1548 hrs, CSUS Police Chief Dan Davis gave a briefing of the circumstances known to him at that time.

At approximately 1620 hrs, I responded to the scene. Room [REDACTED] is at the end of a long hallway and is on the right side. I observed three shell casings on the ground outside of the room in the hall and from the open doorway could see a large amount on blood on the floor in the living room. I also observed a large kitchen knife on the ground outside of the room I viewed the scene from the interior hallway without entering the room and then went out to the exterior courtyard window. I noticed that the courtyard living room window was broken and the screen was lying in the planter area outside.

I was assigned the task of writing a search warrant for the residence. I wrote the search warrant and had it signed by Judge De Alba. I then responded back to the scene to assist in the search.

I observed the scene to be a five bedroom two bath unit. The living room and kitchen area were in total disarray with blood visible in all areas of both rooms.

On the door to Room # [REDACTED] there was a name card that said "[REDACTED]". On that card there were writings on it including "Kill evil doers. Be careful he has weapons." In Room # [REDACTED] was a laptop computer with its screen smashed.

There was a trash can just inside the door of room # [REDACTED] (suspect's room). In the trash can I located two pieces of paper with writing on them. On one piece of paper was a note stating that if "[REDACTED] ever dies?" he wanted to be put in an incinerator and burned to the last atom. The other piece of paper had writing on it that said, "I kill people."

The Homicide and Felony Unit were requested to respond to the CSUS Police Department building for a briefing of the incident. Det. Vigon and I responded from HOJ and arrived at approx 1520 hrs. I am currently assigned to the Office of Investigations, Homicide Unit. My primary responsibilities are to investigate kidnappings, homicides and officer-involved shootings. (OIS)

At approx 1546 hours, the briefing was conducted by CSUS PD Chief Dan Davis at the CSUS Police Department. The following detectives and administrators were present at the briefing: Capt. LaCosse, Lt. Johnson, Sgt. Martinson, Sgt. McCloskey, Sgt. Weinrich, Det. DeDonder, Det. Englefield, Det. Higgins, Det. Walker, Det. Merten, Det. Burke, Det. Vigon, Det. Shrum, Det. Bales, Det. Montoya, CSO Hansen, Lead CSI Noonan and I.

Chief Davis provided a very limited briefing as to the circumstances of the case. Chief Davis advised the investigative team that he had not been out to the scene and did not have much first-hand information. Chief Davis advised that his department received a 911 call regarding a disturbance in the [REDACTED] Residence Hall located on the north side of the campus. CSUS officers responded and ultimately forced entry to one of the dorm rooms, at which point they observed a subject holding a knife to his neck. The officers deployed pepper-ball rounds at the subject and then resorted to using lethal force. Chief Davis advised that two officers shot the suspect with the knife after the armed subject charged at them.

Sgt. Olivera (SPD K-9 Unit) came and provided additional information to include the actual location where the shooting occurred (room # [REDACTED]; the names of the involved officers (Ofc. Jeff Solomon, Ofc. Joe Lueders, and Ofc. Louis Bautista); the name of the suspect who was shot by the officers ([REDACTED], M/B/A, [REDACTED]). Sgt. Olivera also provided detectives with the name the deceased victim ([REDACTED], M/W/A, [REDACTED]) who was assaulted by the suspect prior to the officers' arrival and later was pronounced deceased at UCDMC.

After the briefing, Det. Bales and I were assigned to the scene. Det. Bales and I responded to the [REDACTED] Residence Hall to

assist in managing the scene and collecting evidence. We arrived at the residence hall at 1630 hrs.

The [REDACTED] Residence Hall is a 4-story stucco building which has multiple units surrounding a common outdoor communal courtyard area. Upon arrival at the the scene, I observed a broken exterior window on the first floor of the Residence Hall. The broken window faces east into the main courtyard of the Residence Hall. Both window panes were broken and the screen was on the ground outside of the room. Based on the amount of broken glass that was on the ground outside of the room, where the screen was located, it appeared that the window was broken from the inside out. Sgt. Chase advised me that the broken window was dorm room # [REDACTED] and where the incident occurred. Det. Bales, CSI Noonan, Sgt. McCloskey and I conducted a search of the exterior courtyard area for any bullets which might have exited through the window during the shooting. We could not located any evidence/damage that any bullet exited the residence at this time.

At approx. 1753 hrs, I attended a walk-thru of the scene (hallway only) with one of the involved officers, (Ofc. Lueders) for the purpose of evidence collection. The following people attended the walk-thru given by Ofc. Lueders: DA investigator Ron Garverick, Sgt. McCloskey, Det. Bales, Det. Merten, Lead CSI Nonnan, CSI Espindola, Labor Rep. Maredes, Attorney Pavedes and I. (See Det. Merten's Observations for details)

During the initial walk-thru given by Ofc. Lueders, I observed what appeared to be blood on the carpet of the hallway in several different areas. I observed a black handled, fixed open blade knife, on the carpet in front of the front door of room [REDACTED]. The knife appeared to have dried blood on the blade of the knife. I observed numerous items of clothing scattered on the hallway floor. I observed a red pair of bolt cutters and a "Hooligan" crowbar tool on the floor leaning against the hallway wall, just north of the front door. I observed a black "pepper ball" gun lying on the hallway floor north of the front door. From the open front door, I observed a large amount of blood on the living room floor of room # [REDACTED]. I observed numerous holes in the living room wall which appeared to be consistent with a baseball bat. During the initial walk-thru with Ofc. Lueders, no entry entry was made into room [REDACTED] by any of the detectives, officers or CSI personnel.

I was assigned as the "finder" in the search warrant service of 6000 J St # [REDACTED] - [REDACTED] Residence Hall by Sgt. McCloskey. My primary responsibilities were to assist CSI personnel in locating, documenting and collecting any evidence pertinent to the case or listed in

the search warrant. At approx. 2052 hrs, I was notified by Sgt. McCloskey that the search warrant had been signed and was ready to be executed. (See finder's observations for details of items collected.)

These items were packaged and released to CSI Wilson #6385 at 2359 hrs and booked into SPD property as evidence. I kept custody of Item A (broken Toshiba Laptop computer) and submitted it to the High Tech Crime Unit to be down-loaded by detectives. I left a receipt at the scene of the items which I collected. CSI personnel left an additional receipt of the items which they seized as evidence.

At approx. 0200 hrs, I received the Crime Scene Log and tenant resident list for dorm rooms [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED] and [REDACTED] from CSO Catelli #8181. I also received an exterior perimeter crime scene log from CSO Catelli. I attached these items to the report and booked the original into SPD property as evidence.

At approx. 0230 hrs, I returned a clip-board to SFD Station 8 that was accidentally left at the scene by fire personnel, Brett Marcos.

On 10/21/2009, at 1456 hours, I was assisting Det. Bales with an investigation in Oak Park. CSO Hansen was also with us. Det. Sgt. Weinrich called me and advised that we were to respond to Sac State for an officer involved shooting and to meet other investigators at Sacramento State's Police headquarters.

Det. Bales drove us to the University and we responded code 3 as radio broadcasts indicated the event was in progress and then drove normally after radio broadcasts clarified that the scene was stabilized.

We arrived at Sacramento State Police headquarters at 1506 hours and were met by Chief Davis. We waited for additional investigators and supervisors.

At 1546 hours, I attended a briefing inside Sac State's Police headquarters along with Sacramento Police CSI, felony assaults detectives, homicide detectives, and investigations supervisors. Chief Davis gave us details of the incident known to him at the time that included:

-Sac State Police responded to a 911 disturbance call at the [REDACTED] dorm building at around 1500 hours. The call reported a guy throwing things out of the window of the apartment.

-Two Sac State Police officers responded to the building and heard sounds of a struggle and possibly someone calling for help. They forced their way into a room and they shot a suspect who came at them with a knife. There was a victim in the room who was severely beaten and who had been transported to the hospital where he was pronounced dead.

Sacramento Police Sgt. Olivera was present at the briefing and he gave additional information including the names of the officers and Resident Life Coordinator (dorm monitor).

Det. Montoya and I were dispatched to the UCD Medical Center to investigate and collect evidence.

At the hospital, we inquired with triage and ER staff and there had been no friends or family inquiring about the suspect or deceased. The deceased was in an isolated room at the ER with officer Wiseman #346 present just outside the room. The deceased had been tagged as [REDACTED]. The coroner

had not arrived.

At 1655 hours, Det. Burke notified me by text that the suspect was [REDACTED] [REDACTED] mb from [REDACTED] and the deceased was [REDACTED] [REDACTED] mw from [REDACTED].

At 1700 hours, I went to the operating area of the second floor where the suspect was being treated. Police were not allowed into the operating area and I was unable to view the suspect. Officer Briggs #472 was just outside of the operating area at the nurse's station. Briggs told me that he had checked the ambulance that had brought the suspect and did not see any property for the suspect in it. CSI Woo was also present to assist. I spoke to nurse [REDACTED] and requested an opportunity to check the suspect's hands for gunshot residue and was told that was not possible. We asked that the suspect's hands be bagged to prevent additional contamination and an operating nurse agreed to bag the suspect's hands with paper bags provided by Woo. The suspect had been assigned the name [REDACTED].

Doctor [REDACTED] came out of the operating area and told me that she had been operating on the suspect. She told me that the suspect appeared to have one, possibly two, gunshot wounds to his right arm and his right humerus was broken. The suspect had a gunshot wound to his left side near the abdomen which was the most serious wound and the suspect was currently open as they were attempting to repair the injury. She told me that he also had what appeared to be a skive bullet wound to his right buttocks. She described a skive as a dimple in the skin. Doctor [REDACTED] told me that the suspect had a small laceration on his right cheek. Doctor [REDACTED] also told me that the suspect came into the O.R. without any clothes. She told me that he was awake when he came in but was unresponsive and did not talk or acknowledge anyone who asked questions. [REDACTED] told me that no bullets or fragments had been recovered yet. I requested a felony blood draw from the doctor and provided a blood draw kit. I asked to have the person that obtains the blood sample to bring it directly to me for the chain of custody.

Doctor [REDACTED] came out of the operating area with blood samples and told me that he had drawn blood from the victim. He brought me the open sample box with two vials of blood. I filled out the information for the sample kit and had [REDACTED] initial in the appropriate spaces. The sample tags have a space for a witnessing officer's name to the blood draw. Since I was unable to be present, I asked Doctor [REDACTED] if anyone else witnessed the blood draw and he told me that Doctor [REDACTED] was present with him. I sealed the sample kit and Doctor [REDACTED] and I both initialed the seal and completed the chain of custody. I asked Doctor [REDACTED] if the suspect was

given any blood transfusions prior to the collection of the samples and [REDACTED] told me the suspect was given four units of packed Red Blood Cells (pRBC) at approximately 180 cc's each and four units of Fresh Fluids and Plasma (FFp's) at approximately 220 cc's each for a total of eight units.

After collecting the sample, I left dispatch information with the O.R. nursing station and asked that we be called when the suspect is out of surgery so that we can test his hands for GSR and also be called for all bullets or fragments that are recovered.

I went down to the ER area and coroner [REDACTED] was present with the deceased. He described the victim's injuries to me as he pointed them out. The victim was a large male white. The victim had obvious and major injuries to his head and [REDACTED] indicated that a preliminary cause of death would be blunt force trauma to the head. The victim had faint bruising to his left lower leg and bruising on his left thigh. The victim's hands were covered and Villalobos told me that the victim had an abrasion on his left hand that could be a defensive injury. The victim had a laceration above his right eye and a large laceration to the left rear side of his head. The victim had a large hematoma to the front left top of his head and had a depression on the left side of his head that [REDACTED] told me appeared to be fractured. The victim had a large bruise on his left upper arm. The victim's left hand was covered and [REDACTED] told me that he saw and secured a longer reddish brown semi-curved hair that was stuck in the blood on the victim's left palm.

Det. Montoya obtained copies of the ambulance run sheets from the E.R. I gave the copies to Det. Englefield at Police headquarters.

I booked the blood draw sample into the drop box at the Sacramento County Jail.

10-21-09 @ 1900 hrs I interviewed (W) Thelma Matthews at HOJ interview room #6. OFC Matthews' attorney was also present during the interview. The interview was audio/video recorded and later downloaded to DVD. A copy was booked into evidence at HOJ. For exact content, see video. Officer Thelma Matthews related the following in summary:

I work as a Police Officer for Sacramento State University Police and have worked here for about 5 years. Prior to that I worked for over 3 years as a Correctional Officer for the San Joaquin County Sheriff's Dept in French Camp, CA.

I am currently assigned to the Bike Unit and have been so for the past 3 years. My shift is from 7 am to 7 pm. Today is the first day of my work week. Prior to this call, I had a call around noon regarding a bicycle theft but other than that, I hadn't had any other calls. Around 1:20 or so I went to lunch.

The call came to OFC Baptista and OFCS Solomon and Lueders. The dispatcher said there was a suspicious person hitting and breaking out the windows. I thought they might need assistance so I advised the dispatcher to put me on the call as well. I was by the Library Quad when I responded to the call and it took me no more than 5 minutes to ride over to the call. This call didn't sound right, especially in the middle of the day. Right before I got there, I heard over the radio that he contacted ██████████ who is an R.A for the complex who informed him that the suspect was barricading himself in the room and breaking out the windows. OFC Solomon said he might need more officers. A couple minutes later OFC Solomon and his trainee arrived on scene, as did I. When I got there, some other people, campus staff told me which way to go. They directed me to where OFC Solomon and Lueders went. I went out into the courtyard. I followed Solomon and Lueders and saw them at the end of the hallway. As I approached, OFC Solomon told me to go outside into the courtyard and cover the back window to make sure this guy didn't try to escape via the window. I positioned myself outside the broken window and walked towards the window to find out what was going on. Inside the room I saw a black male, skinny, holding a bat. He was hitting the walls. He turned around and was hitting the floor with the bat.

His eyes were wide open and one eye was looking one way and the other eye

was looking the other way. His tongue was hanging out of his mouth. He looked really strange. The whole time I saw him, he had his tongue hanging out of his mouth.

OFC Solomon came around to a window that looks out onto the courtyard and he told me to try to attract his attention so he would get away from the window. I noticed that this guy had a table propped up against the door that leads into the apartment so it would be hard for OFC Solomon to get inside the apartment. He (OFC Solomon) got the door open enough to pepperspray him. I dont know if it was pepperspray or the pepperball gun. I kinda heard that in the back of my mind.

When the suspect put the bat down and turned around, he had a knife pointed to his throat. I was getting ready to say on the radio that the supsect had a knife, but OFC Solomon said it first. It was so fast. OFC Solomon said he had a knife, they opened the door and I heard shots fired. I ran towards the door and when I got halfway down the hallway, I saw OFC Bautista with the suspect who was on the ground placing handcuffs on the suspect. The same person that I saw in the room with the knife/bat was the same person I saw laying in the hallway that OFC Bautista was handcuffing. I ask OFC Bautista if he was OK and he said that he was. I kneeled down to the suspect and I said, "check for weapons". I checked to see if he was bleeding. I heard OFC Solomon say that there was a victim or suspect inside the room bleeding badly from the head and to call for CODE-3 fire. I turned around and looked in the room and saw a person laying on the ground bleeding very badly from the head. This person was just inside the door a few feet away from where I was standing. I didnt have any first aid kit or anything so I thought I should have a rescue bag to provide first aid to this person. I turned around and saw OFC Christain coming towards my direction and instructed him to go back to the car and get a rescue bag. Once OFC Christian returned with the rescue bag I started putting pressure on his head. He was injured on left-top part of the head. I didn't see any other injuries on him. I asked OFC Lueders to check for more injuries. As we were trying to find/check for a pulse, I noticed that he was breathing. His breathing was labored. It sounded like he was snoring because so much blood was going down his throat.

OFC Lueders located an I.D for the victim in a backback that was near the victim. OFC Lueders went into another room and found the I.D for the other person laying in the hallway.

When I heard OFC Solomon say that the suspect had a knife, I don't know where the suspect was. I lost sight of him. He was in the middle of the room and then I didn't see him anymore. As soon as I heard "Shots fired,

Shots fired" or "He's coming towards me", I dont know. From there, I don't remember well. He said "he's coming towards us" and after that I heard the shots fired. He put that on the radio. He said "shots fired, shots fired". I don't know if the suspect was in the room when the shots were fired or not. Right after I heard the shots being fired, I ran around to the front. I ran to the left of the window and went in the single door. From the time I ran from the window to the time I got to the front was fast. About a minute or two. No more than two minutes. Actually no more than a minute.

The guy that I saw laying in the hallway, was laying in his belly. He was facing away from me as I came down the hallway. He was a male black in his twenties. He was tall, maybe 5-11. I don't remember what he was wearing. I searched for weapons and checked for injuries but I couldn't see anything. He was bleeding a little bit from his face but I didn't see anything else. The knife was on the floor about 4 feet away from him. The knife was very bloody.

When the Fire/Medical personell came, I was with the subject that was inside the apartment.

I had never been to this particular apartment room on a call before. I didn't know either of the two subjects (victim or suspect).

\*\*1928 hrs we took a short break and returned to the room at 1932 hrs with an architects map of the apartment complex. OFC Matthews indicated with an "X" where she was standing in the area by the window. She placed a small line where she parked her bike. She drew a line from where she was standing by the window to the area by the front door of the apartment. The line extended south through the courtyard, then southwest up the sidewalk to the door that leads to the hallway where she went north down the hallway.\*\*

When I was looking in through the window I saw the guy hitting the wall with the bat. He then turned around and was hitting the floor with the bat. He was hitting something on the floor.

\*\* I asked OFC Matthews to draw a diagram of the apartment room and where the victim was located insided the apartment. I also had her place an "X" where she was standing in relation to the window when she observed the incident. She placed a circle where she saw the suspect standing. \*\*

The suspect was hitting the area of the floor with the bat where the victim was discovered. I don't know if it was the same person or not (referring to the victim since she did not actually see the victim being hit due to her inability to view the floor/victim itself).

I didn't actually see the pepperspray/pepperball being used. The reason I know it was used was because when I finally went into the apartment I started coughing so badly I thought I was going to throw-up. The pepper smell was very strong. I know that I heard OFC Solomon ask for the pepperball gun and I heard OFC Bautista say he would get it.

When I first saw the guy with the knife after he put down the bat, he had it up to his throat. I can't remember if it was in his right hand or his left. He didn't say anything. I didn't hear him screaming or anything. His eyes were looking in different directions and his tongue was hanging out. It was pretty strange.

From the time I heard the Officer say that he had a knife and the time I heard the shots being fired only seconds went by. Just seconds. Right after that, I heard OFC Solomon saying "shots fired, shots fired".

I did hear OFC Solomon yelling "Put the bat down" and then "Put the knife down". I also heard him say "Open the door", "Come to the door". He said "this is the Police Dept, open the door". I don't know how long he (OFC Solomon) was saying this. He was asking for more officers and asking for a pepperball gun. I don't know how long.

\*\*\*The aerial drawing of the apartment and the drawing made by OFC Matthews of the apartment room was later booked at HOJ as evidence.\*\*\*

I, Det Burke #474, am assigned to the Office of Investigations, Homicide Unit. My duties include investigating homicides, serious assaults, kidnappings, and officer involved shootings.

On 10/21/09, at approximately 1455 hrs, Det Sgt Martinson asked myself and the other detectives present in the office to respond to CSU Sacramento regarding an officer-involved shooting.

Det Merten and I responded to the police station at CSUS, and arrived at approximately 1530 hrs. At 1548 hrs, CSUS Police Chief Dan Davis briefed SPD Detectives on the circumstances of the shooting and gave the following details:

There was a disturbance call in room [REDACTED] at the [REDACTED] (a dormitory) that stated a subject was throwing things around. Upon arrival, officer had to force entry due to sounds of a struggle. When the door came open, there was a male subject holding a knife to his throat. He charged officers, and two officers shot him in the chest and arm. Officers then located a victim on the ground who was badly beaten. There was a baseball bat nearby on the floor. This victim was transported to UCD Medical Center, and was pronounced dead.

\*\* Chief Davis cautioned that his information was very preliminary, and only to the best of his knowledge as he hadn't been out to the scene.\*\*

SPD K9 Sgt Olivera briefed officers on information he had regarding the circumstances. Officers Solomon and Lueders of CSUS PD responded on the call, and a third officer - Baptista later arrived. A resident advisor, [REDACTED] allowed the officers to use a pass key for entry. There was a male black holding a knife to his neck. The subject charged at officers, and they shot him.

The victim was identified as [REDACTED]. The suspect who was later shot by police was identified as [REDACTED]. The victim and suspect were possibly roommates in room [REDACTED]. [REDACTED] was said to be from [REDACTED], and [REDACTED] was said to be from [REDACTED].

At approximately 1640 hrs, I responded to the scene with Det Heinlein and Det Vigon. I checked in with scene recorder CSO Scheideker of CSUS PD. I viewed the scene from the courtyard. I observed a sliding window that was

I was directed to respond to the SPD Hall of Justice to conduct witness interviews. At approximately 1710 hrs, I responded with Det Vigon, Det Jasperson, and Det Walker to the SPD Hall of Justice.

At approximately 1755 hrs, I interviewed [REDACTED]. [REDACTED] is a resident advisor in the [REDACTED] dormitory. See his statement for details.

At approxiamtely 1850 hrs, I interviewed [REDACTED]. [REDACTED] is a roommate of the victim and suspect in the 5-bedroom studio. See his statement for details.

I later responded with Det Higgins to have a search warrant for the scene reviewed by the Honorable Judge De Alba. Judge De Alba signed the search warrant, and I notified Dets Heinlein and Bales, and Sgt McCloskey - all of whom were at the scene awaiting a signed search warrant.

Det Higgins and I responded to the scene to assist in the search. Det Heinlein noted items which I observed to be seized pursuant to the search warrant, including a laptop computer and cell phone. See Det Heinlein's supplement for details.

On 10/21/09 at approx 1510hrs I, Det Montoya #498 responded to the California State University of Sacramento (CSUS - 6000 J St) - Police Headquarters as part of a homicide callout (09-320856) initiated by Det. Sgt. Martinson. I arrived on scene at approx 1530hrs; the following Police personnel were on scene: Capitan LaCosse, Lieutenant Johnson, Sgt. Martinson, Sgt. Weinrich, Sgt. McCloskey, Det Englefield, Det Shrum, Det Vigon, Det Burke, Det Merten, Det Heinlein, Det Bales, Det Jasperson, Det Walker, Det Higgins, Det Dedonder, CSO Hansen, and Lead CSI D. Noonan.

At approx 1550hrs, CSUS Chief of Police D. Davis conducted a briefing regarding the facts known to him at that time. According to Chief Davis CSUS PD dispatch received a 911 call just after 3pm regarding a disturbance inside of dorm [REDACTED] in the [REDACTED] (dormitories). He advised that the call indicated that a male was throwing objects and that there was some sort of struggle inside of the room. Chief Davis advised that upon his Officer's arrival they hear someone from inside room [REDACTED] yell for help and make entry. Upon their entry they observe a male subject (later identified as [REDACTED]) holding a knife to his own throat; less lethal force is used in an effort to detain the subject but it is unsuccessful. The subject then turns the knife away from him and charges the Officers who then fire multiple rounds hitting the subject in the upper chest and left shoulder area; the subject is later detained. Chief Davis advises that Officers clear the remainder of the residence and locate a male white (later identified as [REDACTED]) inside of the residence that is severely beaten; this subject is transported to UCD where he is pronounced dead. According to Chief Davis the responding officers are Jeff Soloman, Joe Leuders, Luis Baptista and Resident Advisor [REDACTED]

At approx 1630hrs Det Sgt Martinson requests that Det Shrum and I respond to UCD to meet with the coroner and CSI. Det Sgt Martinson also requested that we obtain a felony blood draw from [REDACTED] as well as the SFD ambulance run sheet.

Upon our arrival at approx 1655hrs we met with Ofc Wiseman #346, CSI Woo and ER Nurse [REDACTED]. We were provided with the SFD ambulance run sheet (later provided to Det Englefield) and obtained a felony blood draw (see Det Shrum's observations for details).

At approx 1800hrs I was contacted by Det Sgt Weinrich to meet with the coroner's office to obtain an overview of the injuries suffered on the victim. I met with Deputy Coroner J. Villalobos #30 (09-04963) who advised me that the victim apparently suffered major blunt force trauma to the head. He advised that there was a massive hematoma to the right side of the upper portion of the victim's head. He advised that there was a large laceration to the left upper side of the victim's head, multiple skull fractures and several defensive types of wounds. He advised that there were no apparent injuries to the victim's back (none observed), mouth, jaw or nose.

I immediately observed that the victim was a male, white with a large amount of blood on his face and head. I observed the following apparent injuries on the victim: massive amounts of swelling just above the victim's right ear and temple, wet or fresh blood and bruising; a 1' laceration just above the right eyebrow with what appeared to be fresh or wet blood; a 2 1/2" - 3" laceration approx 1/2" thick just above the victim's left ear and wet or fresh blood; large, 3"x 4" faint bruise (developing as I was in the room) to the victim's left outer bicep/tricep just under the shoulder but above the left elbow; a long thin singular light brown or auburn strand of hair attached to the victim's wrist; faint bruising to the left thumb area; faint bruise (developing as I was in the room) approx 3"x4" on the inner portion of the victim's left thigh; faint bruise (developing as I was in the room) approx 3"x4" on the inner portion of the left calf and a small scratch or abrasion to his right pinkie finger.

10-21-09 @ 2041 hrs I interviewed OFC Lueders at HOJ interview room #6. OFC Lueders' attorney was also present during the interview. The interview was audio/videotaped and a copy was later booked as evidence at HOJ. For exact content, see video. OFC Lueders related the following in summary:

I just started working here for Sac State Police about 7 weeks ago. I actually started my Law Enforcement career in 1984 where I worked for Contra Costa Sheriffs Dept. I did 4 years at the Jail, 4 years in Danville, and 12 years in Richmond, Rodeo, El Sobrante.

My shift is from 7 AM to 7 PM. Today was my first workday of the week. My day started out slow as usual. Today, this was my first call of the day. We were back at the office and dispatch called us and said there was somebody at the ██████████ breaking out windows. It sounded like it was one person in the room tearing the place up. In the 7 weeks I had been here at Sac State, we had never had anything like this.

Corporal Solomon and I responded to the scene from the office via our patrol car. We pulled up in the front and walked through the main doors. Somewhere in the courtyard we met up with ██████████. He first showed us the window that was busted out and the screen laying in the bushes. We couldn't really hear a whole lot at that point so we followed ██████████ through the door off to the left. ██████████ took us all the way up to the door and we were hearing banging and a strange kind of moaning. It was strange because we weren't thinking at that time there were two people in there and somebody was beating him. I now think the moaning noise was coming from the victim but at the time we thought the guy did something to himself. We were saying through the door that we wanted to check on his welfare.

OFC Matthews goes around and covers the window side and OFC Bautista shows up. OFC Matthews gives us some information regarding the guy barricading the door. I was thinking that even though I had the key to the room which we got from ██████████, I thought it might be a little hard to get the door open but it actually opened up pretty easily. I think ██████████ gave the key to CPL Solomon who gave it to me. We then got our plan together that I would be non lethal, baton and pepperspray, and he would be lethal, just in case. When OFC Bautista shows up, he has the pepperball gun so I figured we had everything we need as long as everything goes right. One concern was that if he (suspect) goes out the window, then OFC Matthews was

out there by herself. I didnt know that Det. Christian was out there with her.

We told him that we were coming in, and keyed the door. I push the door open with my left hand and there was some sort of flimsy plastic table up against the door. I could see the victim laying there in the pool of blood. I'm kind of focusing on that and I was getting ready to call for code-3 fire/ambulance for him. Due to the way we were set up on the door, OFC Solomon and OFC Bautista couldn't see what I was seeing and I couldn't see what they were seeing. I hear "Drop the knife" and now things are starting to click in my mind that I wasn't seeing the whole story here. As I'm trying to get to my gun and put away my baton/spray, the pepperball gun was being deployed. In that much time, the guy came rushing out and shots were fired. I'm sure I let go of the door when I was transitioning from my pepperspray/baton to my gun and I'm not sure what held the door open when I let go of it. Someone else might have been holding it open or some of the chairs/table that he used to barricade the door might have prevented it from closing. The suspect might have grabbed the door as he was coming out too. I think he was just crossing the threshold of the door when the OFC Solomon fired his shots.

What OFC Solomon was saying while at the door was "this is the Police, we just want to talk to you". Basically try to calm him down and let him know that we were coming in. When I opened the door OFC Solomon began yelling "drop the knife, get on the ground". As fast as I could put my non lethal gear away this guy comes barreling out. As this guy was charging OFC Solomon, he fired what I think was three shots. The guy goes down but he got back up. I think at this point OFC Bautista shoots 2 shots. He starts coming up again and I'm a split second from firing my weapon, and then he starts to go down and I knew he was not getting up so I holstered my gun.

I was off to the right of the front door as you face it and OFC Solomon was off to the left side. OFC Bautista was off to the left of the door and to OFC Solomon's right side. All of that positioning switched pretty quickly between those two when he charged at him. The way I remember it, the suspect was already out of the apartment when OFC Solomon fired his shots at the suspect. He was coming by me. As he is barrelling through the doorway, I must have backed up to avoid a cross-fire situation.

\*\*\* I showed OFC Lueders an aerial drawing of the apartment complex and asked him to place an "X" where the window was broken out and the direction he entered the building from the courtyard area. I then asked OFC Lueders to draw a diagram of the doorway area of the apartment unit and indicate where he was in relation to the other Officers, victim, and suspect. I

later booked these items at HOJ. OFC Lueders drew the doorway and placed and "L" for himself, and "S" for OFC Solomon, a "B" for OFC Bautista, "V" for victim, and "Susp" for suspect. OFC Lueders drew a circle where the suspect fell and the letter "K" for where the knife was in relation to the suspect once he fell. \*\*\*

OFC Bautista shot 5 or 6 pepperballs at the suspect in pretty rapid succession just prior to OFC Solomon saying "drop the knife". Right then, the suspect came through the doorway and OFC Solomon and OFC Bautista shot.

As the suspect was initially on the ground, I couldn't see the knife in his hand because of where I was at. It was out of my view. I later saw the knife which was like a knife you would use in the kitchen. It had a black handle and was about 18 inches long total. There was a small amount of blood on the knife.

After the suspect was down, OFC Solomon and I went into the apartment to clear the rooms. There wasn't anyone else in there.

INVESTIGATIVE FOLLOW UP (DET. VIGON'S OBSERVATIONS )

On 10-21-09, at approx. 1500 hrs., I (Det. Vigon) was informed of a homicide call out by Sgt. Martinson regarding an Officer Involved Shooting. We were requested to respond to the CSUS Police department for a briefing. The officer was a CSUS Police officer and the shooting had just occurred in one of the dorms. I responded there with Det. Heinlein.

At approx 1523 hrs., we arrived at the CSUS Police Department . Also present were: Capt. LaCosse, Lt. Johnson, Sgt. Martinson, Sgt. McCloskey, Sgt. Weinrich, Detectives: Jasperson, Higgins, Burke, Dedonder, Englefield, Walker, Merten, Heinlein, Shrum, Bales, and Montoya. CSO Hansen, CSI Manager Ciarnelli, and Lead CSI Noonan also responded.

At approx., 1559 hrs., we were briefed by CSUS Police Chief Dan Davis. He stated that they received a 9-1-1 call informing them of a disturbance at room [REDACTED] in the [REDACTED] residence hall. They had information of a guy throwing objects out of a window at that location. Officers responded and heard sounds of a struggle inside. They forced entry to the room and saw a subject inside with a knife to his throat. Officers use pepperball on him. At that point the subject lunged at the officers and was shot by two of them. Upon entering the room, officers discovered another subject inside who was dead of an apparent beating. The suspect was transported to the hospital where he was alive and being treated.

Sgt. Oliveira then informed us of other details he had learned from CSUS Lt. Clark. He stated that there were three CSUS officers involved in the incident. Two of which shot the suspect. He stated that the officers walked to the room and heard yelling inside, possibly heard "help." The RA provided them with a key and they opened the door. They saw the suspect with a knife to his neck. He was pepperballed . He lunged at the officers and was shot. The suspect was [REDACTED], MBA, [REDACTED], CDL # [REDACTED]. The deceased victim was [REDACTED], MWA, [REDACTED], CDL # [REDACTED]. The scene was in the room with no other witnesses to the actual shooting.

At approx. 1634 hrs., we(Heinlein and I) went to the scene. We observed the court yard that had a view of the broken window from room [REDACTED]. We did not enter the hallway leading to the room. We did not walk up to the

10-21-09 @ 2310 hrs I interviewed (V) Officer Jeff Solomon at HOJ interview room #6. The interview was audio/videotaped. A copy was later booked into evidence at HOJ. Also present during the interview was OFC Solomon's attorney. For exact content of interview, see video. OFC Solomon related the following in summary:

I've been a police officer for about 14 years. I did 4 years with Placer County Sheriffs Dept. I worked for Grant School Dist for about 7 years and I've been with Sac State Police for about 5 years. I am a Corporal and a Field Training Officer as well as the training manager for the department. I went to the academy in Napa Valley. Today I was carrying my Sig Sauer P226, 40 cal. handgun. It has a 15 round mag inserted in it and I had 2 additional 12 round magazines. It has a sure-fire flashlight attachment. I carry a .357 revolver in my vest as back-up. I am a rangemaster.

I start my shift at 7 AM and my day ends at 7 PM. Today is my Monday and I just got back from a 10 day vacation. We didn't have any other calls today and were just clearing Code-7 (lunch) when we got the call. The dispatcher called and said that someone who was well known to us (██████████) was advising that someone was inside a dorm room breaking out windows and hitting his head against the wall, hurting himself. OFC Lueders was driving and we responded to the call. We did not drive code-3. As we were on our way over there, I called the complainant, ██████████, and wanted to get some additional information from him to see if we needed to respond code-3 or not. I spoke to ██████████ via cell phone and he told me that the guy was acting bizarre and was hitting his head against the window. I tell OFC Lueders that it sounds like this is a little bit more serious. I turned our overhead lights on and told OFC Lueders to get over there as fast as we could. We did not use the siren. I also got on the air and told the units that were responding code-3 to shut down their sirens before they got there because I didnt want to induce anything.

We pull up to the entrance on the East side of the building. We meet with ██████████ in the foyer and he walked us back to the courtyard. ██████████ showed us the broken out window and I could hear something going on inside the room. It sounded like mumbling and yelling. It was incoherent. I couldnt tell if it was distress or anger. I couldnt identify any words. I dont remember seeing anyone inside. I remember ██████████ told me that the guy inside hurting himself was wearing a dark blue sweater or jacket and he is an African

American guy.

\*\*\* I showed OFC Solomon the aerial drawing of the apartment building. He place an "X" where he and OFC Lueders parked their patrol car and drew a line indicating the path he took to get to the unit. OFC Solomon placed an "X" where he believed the doorway to the unit where the incident occurred.  
\*\*\*

██████ walked us down to the door and showed us which unit this was happening in. OFC Lueders is on the right side of the door and I'm on the left side of the door. We do the whole listening thing first. We hear the same noises as from before but I also hear breaking glass. It could have been moaning, it could have been anger. OFC Lueders said that it sounded bad. ██████ got a pass key for us within 2 minutes of us getting there. We listened for about a minute and it didnt sound good. It sounded like someone was getting hurt. I knew that he was barricading himself in there because ██████ had already told me that and I could hear things being placed up against the door. When I get the key I asked for more units and had officers stage. OFC Matthews was instructed to go outside into the courtyard to cover the back to make sure he doesn't go out the window and try to escape. OFC Bautista showed up and earlier I had asked for units to bring a pepperball gun and a ballistic shield. OFC Bautista ended up showing up with the Halligan tool (rip-n-ram) and the pepperball gun. At somepoint, I can't remember if OFC Bautista is there yet or not, I start knocking on the door and was saying "Police Department, come to the door, I'm here to make sure youre OK." I did this multiple times, I repeated the same thing.

After OFC Bautista gets there and I make a decision that we need to go into the apartment because I feel that someone needs help and is hurt, I go over to the window and ask OFC Matthews to create a distraction so we can more safely make entry. OFC Matthews tells me that he (suspect) is now hitting his head with a bat. This made me even more want to go into the apartment.

I turn to OFC Lueder and OFC Bautista and said, you guys will be less lethal, and I'll be lethal. I told OFC Bautista that he would be pepperball and OFC Lueders he would be pepperspray and had his baton ready. I put the key in and I believe I opened the door. I remember that I pushed it. Initially I think he was closer to the door and as we started to open the door he backed up. We pushed the door open an it was pretty hard to open. I stood in the breach of the door and had my firearm out. I immediately saw a male black holding a knife up to his left cheek. It was sticking in his left side of his cheek. He was just rolling it around and he had a crazy

stare on his face. Actually it was his right side that he had the knife up to so into his right cheek. I yelled at him "police department, get on the ground, drop the knife, drop the knife" repeatedly. I yelled it as loud as I could. I identified ourselves over and over and told him to drop the knife. At this point, I turned to OFC Bautista and said "less lethal, pepperball".

OFC Bautista fired the pepperball gun at him at least 5, 6 or 7 times. I remember the pepperball hitting him in the chest area and he didn't even flinch. I am an instructor for the pepperball and less lethal and usually when people get hit with this stuff they get the two winch. They get hit with the balls, then they get a whiff of the pepper/chemical reaction. There was no effect on this guy. I believe OFC Lueders hit him with pepperspray at the same time.

The suspect then turned away from us and took two or three steps down a hallway that leads to a few more rooms. He still had the knife in his cheek and he was moaning and grinding his teeth. He turned around real quick and still had the knife in his hand. He charged us at the doorway. He was 7 to 8 feet away from me when he turned around to charge at me. I was still in the doorway and it was only a couple steps for him to reach me. He had taken the knife away from his cheek and had it extended outward towards me. I yelled at him again to please drop the knife. At that point, for my own safety and him charging me, I was scared for my life and my partners, I believe I took one step back and fired a round at him. The suspect was about 5 feet from me when I shot the round. He was still in the apartment when I shot him. He was about 5 feet from the door jam. My recollection is that he was 4 feet from the door jam. He was running at me. I believe I took one step back and fired as he was moving forward.

\*\*\*Do you believe that if you didn't shoot him, he was going to stick you with the knife?\*\*\*

Oh, absolutely. 100%. It was either me or my partners that was going to get stuck. I dont know what he was looking at, but he was looking in our direction. When I shot, I was aiming for center/chest. After I fired my round, he kind of fell forward. Somehow, OFC Lueders and I moved off to the right. I kind of backed up at the door. As he came out, he kind of turned towards me and he still had the knife in his hand. I believe I heard one gunshot there and he fell down on the ground still grasping the knife. I backed up and was deciding if I was going to fire again or not. He started to stand up again with the knife in his hand and I heard another shot. It was all like that (very quick). I believe it was OFC Bautista who shot the other rounds. The first shot after mine the suspect was turned towards me

with the knife in his hand. He had stumbled from the first round I fired but was moving forward, closing distance on me. I was scrambling back. After OFC Bautista's first shot, he fell to the ground and still had the knife in his hand and in rapid succession I heard the next shot. After OFC Bautista's second round, the suspect kind of flattened down onto the ground. We were like, is everybody OK? OFC Bautista yells "Cover me, cover me, I'll cuff him". I yelled "watch the knife" and OFC Bautista cuffs him. OFC Bautista was approximately 5 to 6 feet away from the suspect when he shot him.

At this point, I hadn't even seen the other guy (victim) in the room. OFC Lueders had seen the victim but hadn't seen the knife guy. I had OFC Bautista watch the suspect and OFC Lueders and I made entry and clear the room to make sure nobody else was hurt. As we go in, we see this guy on the ground and OFC Lueders and I cleared the rest of the apartment. The only person in the apartment was the guy who had blunt trauma to his head and he was just inside the doorway off to the left. He was face down and was still gurgling.

\*\*\* I asked OFC Solomon to draw a diagram of the apartment/doorway/hallway area. He drew stick figures indicating where he and the other officers were situated during the incident. He also drew where the suspect was located inside the apartment when he first saw him and drew him again where the suspect was at when he shot him. He drew another stick figure indicating where the victim was located. He drew a stick figure indicating where he thought OFC Bautista was at when he fired. It should be noted that OFC Solomon places OFC Bautista being located on the right side (south side) of the doorway initially but OFC Solomon had stated that OFC Bautista had moved positions. OFC Lueders had placed OFC Bautista to the left side (north side) of the doorway when he believed OFC Bautista fired. (see diagram for details) \*\*\*

I was concerned about cross fire because OFC Bautista was on the other side of the doorway (north side) when I fired.

After we cleared the rooms I started making notifications to our supervisors. Lock down the perimeter and get medical here quick for both of them.

I think the reason OFC Bautista shot was his feeling was that this guy was too close to me. I dont remember who said it afterwards, but somebody said the he thought for sure he was going to stab me, he was too close.

\*\*\* Is there any reason why you didnt shoot again?\*\*\*

I just think that from my initial round that I fired, he kind of stumbled out and I kind of got of his distance and my concern was for my backdrop. I remember seeing OFC Bautista that was in front. I didnt want to take a chance at hitting OFC Bautista. By that time, two other rounds had been fired and there was no need for it. If the suspect would not have gone down after OFC Bautista's rounds, I would have fired again. He was trying to get up. If his aggression would not of stopped on us, I would have fired again. OFC Bautista's shots were the ones that stopped him from getting back up.

\*\*\* How close was the suspect to you when OFC Bautista shot?\*\*\*

I would say the closest he got was 2 feet. The suspecty was actively moving towards me when OFC Bautista shot him with the first round. The suspect then fell to the ground and started to get right back up. As he was getting back up, OFC Bautista shot him again. At that point I was 4 or 5 feet away from the suspect. He was within lunging distance of me. I would describe the knife as silver blade, about 6 inches long. It was a kitchen tpye knife.

10-21-09 @ 1845 hrs I spoke with (V) ██████████ ' father, ██████████  
via telephone. He related the following in summary:

My son was a very harmless person. He would have never defended himself. He was bullied very often as a teenager. We asked him often about his roommates and he had never said a bad word about his roommates. He was not a person to ever cause any offense. All of his roommates were strangers to him. He hadn't known any of them before. Most of them were people who had just transferred to Sac State. The roommate that they had described to us is the only one we hadnt met. He was the last one to join the room. We had met the other roommates briefly but not the one with the kind of Arabic name. I know he was an American and a Christian. The other roommates were white and the one we hadnt met was black.

My son does have asperger syndrome. It's high function autism. That did make him a little bit odd or quirkey sometimes to other people. That invited a certain amount of bullying. If someone were to ask him why he was talking too much about Roman History or something, he would tell them he has Assburger's syndrome.

██████████ had moved out of our house four or five years ago to go to ██████████ ██████████ in Oregon. He was there for 1 year. He then lived back at home with us and went to ██████████ for 4 years. 10-22-09 @ 1100 hrs I spoke to (S) (██████████) ' foster parent, (██████████) via the telephone. I digitally recorded our conversation and later downloaded it to CD and booked it into evidence. The following is a summary of our conversation:

I've been (██████████)'s foster parent for the past 6 1/2 years. (██████████) is the oldest of 3 brothers who live with me and my wife, (██████████). We are the legal guardians for (██████████) and his brother (██████████) (18 yrs old) and we are the adoptive parents of (██████████) (16 yrs old). The boys' birth mother was a drug addict and therefore the children were removed from her care. The biological mother's name is (██████████). Her phone number is (██████████). The biological father's name is (██████████). His phone number is (██████████). There was only limited contact between (██████████) and his father. (██████████) does maintain a relationship with his birth mother as she is clean and sober now. (██████████) is somewhat close to his brothers but there was always this sense of them knowing that (██████████) is a little bit wierd. They recongnize that (██████████) is a little bit 'OFF'.

(██████████)'s cell phone # is (██████████). It is an AT&T phone and (██████████) would have had it with him there in Sacramento. (██████████) did not have a girlfriend.

(██████████) was for the most part a sweet, quiet person. He has been through a lot of trauma in his life. He did have emotional troubles. He was never in any fights. His grades were OK. He was an awkward kid. He had a couple of friends but he mostly would stay at home. I think at home was where he was most comfortable. He was not social and was not a party-er. Nothing like this has ever happened before when he would just snap. I know he has been keeping a lot of emotions inside him. I dont know what happened yesterday and what triggered it, but something snapped and he obviously flipped out. If it hasnt happened already, I would highly recommend a psych eval at the hospital. He went off the deep end here. This was completely out of his character. The only outburst I can recall (██████████) having was one time he slammed a door and kicked a trash can when he was in Junior High school. He has always been a little bit weird.

Lately, (██████████) had been acting more strangely. A couple weeks ago, (██████████) came home from school and he hugged us and thanked us a lot. This was different behavior for (██████████). He has never done that in the whole time he

has been with us. He was thanking us for all the things we had done for him.

He apparently had been texting friends making confessions too. I found this out from one of his friends, [REDACTED]. He was apologizing for lying to him back during high school.

[REDACTED] was pretty homophobic so if the guy he is accused of beating was homosexual, that might have set him off. I had asked him before if he was getting along with his roommates and he said that he was. He's not a really chatty guy. When he first moved in, there were some poker games among the roommates. My guess though is that [REDACTED] pretty much kept to himself.

[REDACTED] uses his laptop computer frequently so you may want to check into that. He is prone to getting sucked into internet scams. He wanted to be successful and was looking at ways to be that. He was gullable in terms of being sucked into that sort of thing.

I am not aware of [REDACTED] using any types of illegal drugs. He was pretty against drugs because of what happened with his mom and dad. I doubt he used drugs but you never really know.

[REDACTED] was in his sophomore year at Sac State. He carried a lot of stress and was always trying to be the best. [REDACTED] was not up for any type of counseling either. He never was able to deal with his past. He made great strides in dealing with his past in the last couple years but unfortunately it is a long journey.

He had a roommate last year but I don't know his name. I don't think they were particularly close. Last year, his neighbors were his friends from High School. One is named [REDACTED] and the other is [REDACTED] (unk last name).

[REDACTED] has never been to a mental health facility before to my knowledge. He has never been arrested before. He was not Anti-police in any way.

Recently, [REDACTED] had been looking into being an Airforce/Marine Pilot or a fireman. He would change his career plans frequently.

The only other person I could think of that you may want to talk to about [REDACTED] is [REDACTED]. [REDACTED] became a mentor to [REDACTED] and was trying to help teach him about things. [REDACTED] is a friend of ours and went to our church and he decided he wanted to invest in [REDACTED]'s life. He started that relationship about 4 years ago.

I dont know if [REDACTED] would visit with us if we go see him at Jail. Quite frankly, [REDACTED] is the type to shut down and when he realizes what happened, its possible that he decides to forget about talking to anyone, ever. If I were to question [REDACTED] about something he did wrong, I would expect to get a confused reaction from him. [REDACTED] has difficulty communicating in general. Especially details. He has a hard time processing. If he is angry he just may not talk at all. He would just completely shut down to you guys (police). He may try to explain the story to you guys but it might not make any sense at all. Even when he is not in trouble or anything, just him trying to explain a story of what happened during a normal everyday event, its very difficult to get out the details and piece together what happened so in a situation like this where there was obviously an large amount of stress, it might be extremely difficult to get the information out of him. He may want to explain what happened but he may not be physically able to and it may come across as him trying to be evasive or trying to confuse the situation. That's just the way he is.

When he first came into foster care, he was supposed to see a therapist and he decided he wasnt going to speak with the therapist. He went for like 3 months, 12 or 13 consecutive 1 hours sessions without speaking a word. They gave up on that. He was making a lot of progress in our family.

10-27-09 @ 1100 hrs I contacted ██████████ via telephone. I had obtained her phone number from Sgt Martinson who advised me that she had called and left a message indicating she had some information pertaining to the Sac State homicide. The conversation was digitally recorded and later burned to a CD and booked at HOJ evidence. Ms. ██████████ related the following in summary:

I wasn't sure if I even should have called you because I don't know if what I have to say is important or not.

I had a run in with the perpetrator the night before the incident happened. I was getting out of one of my late night classes around 8:45 pm. I was coming down the stairs and I saw, I guess his name is ██████████, coming out of Mendocino Hall.

I felt kinda scared because I'm a girl and it was night-time. I kept walking and he asked me what time it was. He was about 7 feet away from me when he asked this. I told him it was 8:40. As I was turning back, he came up to me and was maybe within a foot from me. He asked for a hug and outstretched his arms. I work in a psychiatric facility and it felt kind of bizarre to me because he was in my boundaries. I stepped back and tried to stay calm. I asked him why he was asking me this. He told me it was contest for his dorm. I was like "at 9 o'clock?". I told him that I would just shake his hand and walked away. He was very bizarre. I felt really scared at that time as I walked to my car. I didn't know him and had never met him before. As we walked in opposite directions I looked back and he was walking really fast and bizarre. I figured he was just young and didn't realize you can't approach girls on campus at 9 o'clock at night.

I saw his pictures after the incident on the news and realized it was the same person that had come up to me that night.

10-21-09 at approx 1455 hours, I was at SPD Headquarters when Sgt. Martinson advised me of a callout at CSU, Sacramento for a CSUS PD officer who was just involved in an on-campus officer-involved shooting (OIS). I was requested to respond and meet at the CSUS Police Department for the incident briefing. I subsequently responded and arrived at approx 1540 hours.

At approx 1546 hours, the briefing was conducted by CSUS PD Chief Dan Davis. Also present for this briefing were the following SPD personnel: Capt. LaCosse, Lt. Johnson, Sgt. Martinson, Sgt. McCloskey, Sgt. Weinrich, Det. Jaspersen, Det. Englefield, Det. Higgins, Det. Walker, Det. Merten, Det. Burke, Det. Vigon, Det. Heinlein, Det. Shrum, Det. Bales, Det. Montoya, CSO Hansen, and Lead CSI Noonan.

Chief Davis provided a very limited briefing as to the circumstances of the case, as he said that he did not have much information yet since he had not personally been out to the scene. Basically, he told us that his department received a 911 call regarding a disturbance in the ██████████ dorm. His officers responded and ultimately forced entry to one of the dorm rooms, at which point they encountered a knife-wielding subject. The officers fired pepperball rounds at the subject, and then resorted to shooting him after the subject charged at them. Chief Davis advised that the suspect was alive and had sustained two gunshot wounds.

SPD K-9 Sgt. Oliveira came and provided additional information to include the actual location where the shooting occurred, ██████ J St (room ██████) of the ██████████ dormitory; the names of the involved officers (Ofcs. Jeff Solomon, Joe Lueders, and Louis Bautista); the name of the suspect who was shot by the officers (██████████, ME ██████████); and the name of the deceased victim (██████████, MW/██████████) who was assaulted by the suspect prior to the officers' arrival. Sgt Oliveira further advised that the suspect had injuries to his right cheek and gunshot wounds to his right bicep, left abdomen area, and left buttocks.

After the briefing, I went to the ██████████ dorm to survey the exterior of the scene. (Note: Actual entry was not being made into the room until a search warrant was obtained.) I observed a broken window on one of the ground floor rooms which was pointed out as being the room where the homicide/OIS took place. I looked into the room from the broken window

and observed the living room area and the front door on the opposite wall as the broken window. The wall to my left (south wall of living room) had several holes in it and the room was in disarray. I observed a pool of blood on the floor of the living room approx 6-8 feet from the front door.

I then responded back to SPD Headquarters to assist with witness/Officer interviews. Once back at headquarters, Det Englefield and I interviewed the original complainant, [REDACTED]. (see statement)

After the interview with [REDACTED], I called [REDACTED], who according to [REDACTED] had advised him that she had spoken to the suspect the night before and he was upset saying "things are going down". I made contact with [REDACTED] who agreed to come to HOJ to be interviewed. Det V. Walker interviewed Ms. [REDACTED]. (see statement)

I interviewed CSUS Police Officer Thelma Matthews at HOJ interview room #6. (see statemen)

I called the victim's father, [REDACTED], and spoke to him regarding the incident and obtained some general information about (V) [REDACTED]. The statment was digitally recorded. (see statement)

I interviewed CSUS Police Officer Joseph Lueders at HOJ interview room #6. (see statement)

I interviewed CSUS Police Officer Jeff Solomon at HOJ interview room #6. (see statement)

10-22-09 I contacted (S) [REDACTED]' foster father, [REDACTED], via telephone. The interview was digitally recorded. I obtained information from Mr [REDACTED] pertaining to [REDACTED]'s attitude, characteristics, demeanor, etc. (see statement)

10-27-09 I contacted [REDACTED] via telephone. The phone call was digitally recorded. Ms [REDACTED] spoke to me about a bizarre run-in she had with (S) [REDACTED] the night before the homicide. (see statement).

10-28-09 I viewed the report prepared by CSUS PD Officer Revelez #1215 who had obtained the badge access reports for (S) [REDACTED] and (V) [REDACTED] on the date of the homicide, 10-21-09. The report shows that (S) [REDACTED]' last entry into the building ([REDACTED]) was at 0045 hrs on 10-21-09. The report shows that the last entry into the building for (V) [REDACTED] was at 1412 hrs. It should be noted that the 911 call from [REDACTED] advising of the commotion in room [REDACTED] was placed at 1425 hrs,

13 minutes after (V) [REDACTED] entered the building. (see copies of badge access reports)

I also viewed two pages of handwritten notes that were located in (S) [REDACTED]' trash can in his bedroom by Det Higgins. The note read:

**"If [REDACTED] ever dies He [REDACTED] orders you to put his body in an incinerator so that every atom of his body is burned away. Thank you."**

Other scribbled writing was on the paper and most of it was indiscernible. There was one sentence that could be read on the paper that read:

**I kill people**

(see Det Higgins OBS regarding these handwritten pages)

I viewed the handwriting from the note apparently written by [REDACTED] described above and compared that writing to writing on the name plate on [REDACTED]'s door. On the name plate on (V) [REDACTED]'s door, there is handwritten the following: "Great Mystickal Warrior Prince", "Kills Evil doers.", "Be careful he has Weapons!", and "Down the hall". Although I am not a handwriting expert, it appears to be the same handwriting style as the letter found in (S) [REDACTED]' room.

10-28-09 I filled out and faxed the In Lieu of Crime Report Questionnaire form to the Victim/Witness Unit of the Sacramento County D.A's Office per their request. I placed a copy in the Records tray to be scanned into the report.

11-03-09 I contacted [REDACTED] via telephone. I obtained a statement from him that I recorded and later downloaded to CD and booked at HOJ. (see statement)

11-04-09 I contacted [REDACTED] via telephone. I obtained a statement from him that I recorded and later downloaded to CD and booked at HOJ. (see statement).

11-05-09 I was contacted by the victim's father, [REDACTED]. He inquired about obtaining his son's lap top computer, cell phone, and wallet, which were seized during the execution of the search warrant. I contacted DA John O'mara and he requested that I image the computer hard drive, cellebrite the cell phone and photocopy the contents of the victim's wallet prior to returning the items to the family. Mr [REDACTED] also informed me of a pair of eyeglasses that belonged to [REDACTED] that were bent/broken which were given to him by the University Staff. Mr [REDACTED] inquired as to

why the glasses were not collected by CSI. I did not know why so I asked him to mail the glasses to me, which he did. He also mailed a wristwatch/note explaining the reason for mailing the watch. (see CSI Noonan's obs regarding this). After learning about the eyeglasses, I contacted CSI Noonan and informed him that Mr [REDACTED] was mailing them to me. CSI Noonan said he located an eyeglass lens but for an unknown reason, he did not see the glasses frames.

I obtained PR#'s 619622-54 (victim's laptop), 619622-55 (victim's cell phone) and 619622-36 (victim's wallet) from property. I turned the computer and cell phone over to SPD computer forensics unit to perform the imaging of the computer and cell phone. I made photo copies of the contents of the wallet and had them scanned into the report. I also booked a set of the photocopies into evidence.

On 11-11-09 I was informed by Det Mello that the victim's cell phone and computer had been imaged.

On 11-12-09 I mailed the victim's laptop, cell phone, and wallet to his family in Santa Clara.

On 11-19-09 Det Englefield obtained copies of (S) [REDACTED]' medical records from UCDMC.

On 11-20-09 we took the copies of the medical records to the Sacramento Co. Crime Lab and had them placed on Mike Thomas' desk for his review.

1-12-10, I was contacted by OFC Scott Christian of Sac State Police. He advised me that [REDACTED] was going to be released from UCD Med Center and would be ready for transportation to the Jail. I contacted Det Englefield who transported (S) [REDACTED] to jail on the murder warrant.

On 10-21-09, at approximately 1458 hours I, Detective Bales #0857, Detective Shrum #362 and CSO Hansen # 8161 were at [REDACTED] 3rd Ave on an unrelated investigation when we were called by the Felony Assault Unit supervisor Sergeant Weinrich. We were instructed to immediately respond to California State University Sacramento (CSUS) police headquarters to assist in the investigation of an officer involved shooting. We responded Code 3 until it was broadcasted on the radio that the scene had been secured. We continued to CSUS and arrived at police headquarters at 1506 hours. I am currently assigned to the Felony Assaults Unit within the Office of Investigations. My primary responsibilities are to investigate felony assaults, kidnappings, and assist in homicide investigations. I observed the following in summary:

At approximately 1546 hours, I attended a briefing conducted by CSUS PD Chief Dan Davis. I observed the following police personnel at the briefing: Captain. LaCosse, Lieutenant Johnson, Sergeant Martinson, Sergeant McCloskey, Sergeant Weinrich, Detective DeDonder, Detective Englefield, Detective Higgins, Detective Walker, Detective Merten, Detective Heinlein, Detective Burke, Detective Vigon, Detective Shrum, Detective Montoya, CSO Hansen, CSI Noonan and I.

Chief Davis briefed that his dispatch received a 911 call regarding a disturbance in an apartment in the [REDACTED] Residence Hall located on the north side of the campus. The disturbance consisted of someone throwing items out of a window. CSUS officers responded heard a struggle occurring inside and had forced entry into the dorm apartment. Chief Davis stated the patrol officers observed a subject holding a knife to his own neck. One of the officers fired pepper-ball rounds at the subject which was ineffective. The officers eventually had to use lethal force. Chief Davis advised that two officers shot the suspect in the torso with the knife after the armed subject charged at them. Chief Davis emphasized that he had not yet been to the scene and had limited knowledge of all the circumstances surrounding the event.

Sacramento Police Sergeant Olivera arrived to the briefing and provided additional details. Sergeant Olivera briefed that the shooting occurred in room [REDACTED]; the names of the involved officers were Officer Jeff Solomon, Officer Joe Lueders, and Officer Louis Bautista; the name of the suspect who was shot by the officers was initially identified as [REDACTED], MBA,

██████████. Sergeant Olivera also provided the name the deceased victim which was ██████████, MWA, ██████████ who was assaulted by the Suspect ██████████ and had been pronounced deceased at UCDMC.

Sergeant McCloskey assigned Detective Heinlein, and I, to assist in the investigation at the scene. Detective Heinlein and I responded to the ██████████. I arrived at approximately 1632 hours. I observed that it was secured with yellow crime scene tape and had patrol officers protecting the perimeter and hallways leading to the apartment.

I entered the ██████████ Residence Hall dormitory complex which consists of a 4 story building which has multiple units around a common outdoor courtyard. I entered the courtyard and observed two broken windows and a broken screen on the ground outside of a first floor dorm room. The broken windows were is the same frame and faced east into the courtyard. I also observed broken glass on the ground and frame of the window on the exterior of the building. Sgt. Chase advised detectives that the broken windows were dorm room # ██████████ and where the incident occurred. Detective Heinlein, Sergeant McCloskey, CSI Noonan, and I conducted a search of the courtyard area for any possible bullets which might have penetrated the window during the shooting. We did not locate any evidence or possible bullet holes.

At approximately 1753 hrs, I entered the inner perimeter and checked in with the Crime Scene recorder. I along with DA investigator Ron Garverick, Sergeant McCloskey, Detective Heinlein, Detective Merten, CSI Nonnan, CSI Espindola, Labor Representative Maredes, Attorney Pavedes a walk-thru of the hallway with one of the three interior involved officers, Officer Lueders. Officer Lueders gave a brief description of the events which included the call description, general positions of the officers, and direction of fire by the other officers. In the hallway near room # ██████████ I observed scattered clothing on the ground, discarded wrappers by rescue personnel, and a black handled "kitchen style" knife with what appeared to be blood on it. From the scene at the door of the apartment # ██████████ going south through the hallway I observed what appeared to be several blood drops in the carpet. North of the room entrance lying in the hallway on the carpet were a pair of bolt cutters, a police crowbar entry tool, a clip board, and a "pepper ball" gun.

At approximately 2052 hrs Sgt. McCloskey stated that the search warrant had been signed and was ready to be executed. Detective Heinlein was designated at the "finder" (See Detective Heinlein's observations) and I assisted Detective Burke, Detective Higgins, Sergeant McCloskey, and CSI personnel in searching the apartment.

I met ██████████ through my church. ██████████ was about 13 years old when I met him and I started to hang out more with him when he was about 15 yeas old, so maybe 3 or 4 years ago. The main reason he wanted to hang out with me was because I was teaching him how to drive. The last time I hung out with ██████████ was this past summer, a few months ago when I gave him a driving lesson. Everything seemed normal at that time.

I did notice that about the time he moved to Sacramento to go to school this summer, he went quiet. What I mean by that is he used to text me quite regularly but he stopped once he started school.

I would describe ██████████ as sweet, sensitive, respectful, polite. His social skills were lacking.

The only friends that I am aware of are ██████████ (unk last name from ██████████) and ██████████ (later determined to likely be ██████████ I dont know what would have made ██████████ snap like that. I am not aware of him doing any drugs or anything like that.

11-04-09 @ 0900 hrs I contacted ██████████ via telephone. I had found ██████'s phone number in ██████████' cell phone contact list and believed this may be the "██████████" that ██████████ advised me of as having received odd text messages from ██████████ prior to the incident. The phone conversation with ██████████ was recorded and later downloaded to a CD and booked at HOJ. ██████████ related the following in summary:

I am a friend of ██████████. We skate together and I last saw him about 3 weeks prior to the incident. ██████████ is a very nice guy and quiet. I don't recall getting any text messages from ██████████ and if I did, my phone doesn't save them anyway. I would e-mail back and forth with ██████████ via Facebook but I haven't done that since about May. The last time I hung out with ██████████ was about 3 weeks ago. We went skateboarding down in San Mateo and there was a rail he was trying to ride. For some reason he couldn't do it and he just got really frustrated. He usually doesn't let things get at him but for some reason, this time it was different. I noticed a different behavior this time. He got really quiet and went back into the van. Usually he would keep trying to conquer the rail, but this time he just gave up. I have never seen ██████████ act violent.

I did notice that ██████████'s skateboard always seems to be broken. I don't know how or why it gets broken. I know ██████████ does try some pretty dangerous stunts on his skateboard but it still seems strange that his board always has problems. I don't know if he purposely damages his board or not but the damage doesn't seem consistent with his riding.

I remember that this last time we went riding, an Asian guy that rides fixed gear bicycles was talking a bit to ██████████. I remember the guy saying something to ██████████ that caused ██████████ to say something about religion and have a weird reaction to what the guy was saying. If you call ██████████ ██████████ in San Francisco (██████████) ask for the Asian guy that rides fixed gear bikes and they will know who you are talking about.

\*\*\*\*\* SERGEANT SUMMARY REGARDING HOMICIDE TEAM CALL OUT \*\*\*\*\*  
(SGT. BOB MCCLOSKEY - IV19)

### NOTIFICATION:

On 10-21-09, at 1506 hours, I was notified by Sergeant K.Campbell #3050 (IV25) of a homicide team call out regarding an officer-involved shooting at California State University Sacramento (CSUS) in East Sacramento. I was advised that CSUS Police Officers responded to a disturbance at one of the on-campus dormitories which resulted in a suspect being shot. Sergeants Martinson #3022 (IV15) and Weinrich #3007 (IV31), along with Detectives D.Burke #0474 (IV146), B.Dedonder #0302 (IV57), A.Englefield #0563 (IV67), B.Heinlein #0294 (IV156), P.Higgins #0447 (IV90), K.Jasperson #0440 (IV180), H.Merten #0751 (IV121), J.Vigon #0608 (IV181), V.Walker #0549 (IV126), Z.Bales #0857 (IV47), J.Montoya #0498 (IV134), T.Shrum #0362 (IV160), P.Hansen #8161 (CS070), and I (IV19) were requested and responded to the scene to conduct a death investigation. Lt. Johnson (IV7) was notified and responded to the homicide call out as well.

In accordance with Departmental agreement with the Sacramento County District Attorneys Office, District Attorney Investigators Dave Poroli and Ron Garverick responded to the location to conduct an independent investigation.

### ARRIVAL AND SCENE:

At 1535 hours, I arrived on scene. Lead CSI Officer Noonan #6377 (CSI37) also responded to the scene for processing (see CSI call). Once the homicide team was present, CSUS Chief Dan Davis briefed us about the incident and the circumstances known to him at the time. The scene ( [REDACTED] J Street # [REDACTED] ) and surrounding exterior hallway were secured with police barricade tape, and patrol officers had completed a neighborhood canvass. Evidence (victim's clothing, bullet casings, knife) were located on scene by patrol officers and pointed out to investigators. All evidence was left in place and the investigation was turned over to the homicide team at that time.

Follow Up Report # SA 1

The shooting incident occurred in the hallway of a four-story, multi-unit, multi-family dwelling located at [REDACTED] J Street, in Sacramento, CA. The interior first floor common hallway extends north to south between units that were located just east and west of the hallway. The involved dormitory has housing units on all four sides (creating a square-type structure) with a courtyard in the center. Unit # [REDACTED] was located in the northeast corner of the first (ground) floor level, on the western side of the building. The main entrance to the building faced east.

Detective Higgins and Burke responded to the scene with a signed search warrant for [REDACTED] J Street, Unit # [REDACTED]. Once the search warrant had been signed, all detectives and CSI units made entry into the residence to locate and collect evidence.

#### SCENE WALK THROUGH:

At 1753 hours, a scene walk through of the interior hallway of the first floor, just outside Unit # [REDACTED], was conducted with the following individuals: CSUS Officer Lueder, District Attorney Investigator Ron Garverick, Attorney Lauro Paredes (Goyette and Associates), Labor Representative Maredes, Sgt. Martinson, Detective Merten, Detective Heinlein, Detective Bales, CSI Espindola and I. All items of evidence, as well as the locations of the individual officers prior to the shooting, were pointed out by CSUS Officer Lueder. CSUS Officer Lueder placed colored markers on the ground to indicate where he believed the officers stood prior to the shooting to indicate the distance and direction of fire. These markers were provided by CSI Noonan during the walk-through.

#### DETECTIVE FOLLOW-UP:

Sergeant Martinson was assigned as the Lead Homicide Sergeant with responsibilities that included monitoring interviews at Police Headquarters, while I was assigned as the Homicide Scene Sergeant with responsibilities that included evidence identification, collection, and documentation. Detectives Heinlein and Bales, along with Lead CSI Officer Noonan were charged with the scene investigation.

#### WEAPONS:

During the altercation with CSUS Officers, suspect [REDACTED] was armed with a kitchen knife. The knife was recovered at the scene of the shooting in the first floor interior hallway by patrol officers and pointed out to investigators. The knife, along with the other items of evidence, was left in place by the CSUS officers and the scene was turned over to SPD for

On 10-21-09 at approx. 1511 hrs, I, Sgt. Oliveira (K9SM9), and my police service dog, K9 Angus, arrived in the area of 6000 J St to assist on a CSUS PD officer involved shooting call. Upon arrival, I observed the front of the ██████████ Dormitory to be secured with crime scene tape and officers. I made my way to the area of the primary scene inside the dormitory and made contact with CSUS PD Lt. Clark. He advised that the shooting had happened inside room ██████████ and that the scene was secured. Lt. Clark had assigned a CSUS PD CSO as a crime scene recorder. SPD Officer Frazer was with the involved officers and arrangements were being made to have them transported to the CSUS Police Headquarters. The suspect that was shot and an assault victim located in the dorm room were both transported to UCDMC before my arrival.

At approx 1521 hrs, Lt. Clark gave myself and Sgt. Ellis the following briefing. He stated that CSUS PD had received a disturbance call to room ██████████. He stated officers Jeff Soloman and Joe Lueders were the first to arrive followed by Officer Louis Baptista. He stated a dorm residence life coordinator, later identified as ██████████, was also with the officers. Lt. Clark advised that when the officers were at the door, they heard yelling inside and what sounded like someone calling for help. The officers

entered the room with a key and observed a Male Black Adult in the room holding a knife to his own throat. At some point the MBA turned the knife towards the officers and came at them. Lt. Clark stated that all three officers fired their weapons hitting the suspect. The suspect was taken into custody and a Male White Adult assault victim was found in the room. Lt. Clark stated it appeared the MWA victim had been beaten, possibly with a bat. Both the suspect and victim were transported to UCDMC. Lt. Clark did not have any identifying info on the suspect or the victim. Arrangements were made to have witness [REDACTED] transported to the CSUS PD Headquarters. Other potential witnesses were standing by with officers in a separate room.

Sgt. Bickel and Lt. Freeman arrived. Sgt. Bickel took over the scene and Lt. Freeman advised me to respond to CSUS PD Headquarters to brief Homicide Detectives. Upon arrival, I contacted Officer Briggs on the phone who advised that the MWA victim had been pronounced dead and that the MBA suspect was in surgery. Officer Briggs was unable to identify the victim or suspect. I briefed Homicide Detectives on the information I had received from Lt. Clark. I later spoke to Officer Briggs on the phone again and he advised that the MBA suspect had been identified as [REDACTED] and the MWA victim as [REDACTED] by CSUS PD. He didn't have birthdates or any other info on them. Officer Briggs later learned that [REDACTED] had a DOB of [REDACTED] and [REDACTED] had a DOB of [REDACTED]. I provided the information to Sgt. Martinson and Sgt. McCloskey.

10/21/09 at approximately 1630 hrs., I contacted ( ) in the courtyard of 6000 J St. and obtained her following statement in summary:

I live here on the first floor, over there. ( ) pointed to a middle apartment unit, approximately 75' across the courtyard, from the scene). I was in my bedroom and my roommate ( ) was in the living room.

( ) knocked on my bedroom door and said she heard a banging or thumping noise. I didn't hear anything, so I opened my bedroom window to see if it was coming from outside. ( ) bedroom faces the courtyard). I looked at the building across the way (northwest). I saw a stick hit the window in one of the apartments on the first floor.

The stick wasn't a bat, it looked more like the end of a metal golf club. The stick went through the window, shattering it. I could not see who was holding the stick. I just saw a hand that appeared to be white.

I couldn't tell if the person holding the stick was a male or a female. The stick was pulled back inside the apartment through the window. I didn't see

or hear anything else happen in that apartment.

I kept watching the apartment through my window. I saw a female, Hispanic bike officer ride up and stay outside (in the courtyard). Then I saw two other officers go in that door (off the courtyard, between [REDACTED]'s building and the south end of the building where the incident occurred). More officers followed the first two officers, into the building.

After the officers were in the building, I heard four very small (faint) gun shots. Then it got quiet. I heard a big boom. I thought it was possibly another gunshot, only this time louder. It got quiet again and I could only hear someone coughing. I still could not see or hear what was going on in that apartment from where I was at.

I don't know who lives in that apartment where the window was broken.

On 10-21-2009, at approximately 1628 hours, I, Officer Enkoji #588 contacted witness **( )** at 6000 J St. He related to me the following in summary:

I was walking to my room on the second floor when I heard what sounded like glass breaking. I walked up to the the study room on the second floor and looked out the window to see if I could see anything. When I looked out the window I saw this guy breaking the windows in his room. He was a black guy. I saw him walking walking around in his room breaking things too. After that, I saw him sit down and start to hit himself in head with an object. I don't know if it was broom stick or what he was hitting himself in the head with. He also blocked with the door with table or something.

I ended going back downstairs to see if I could see anything. When I got to the first floor study room, I could still hear the guy breaking things. The police showed up soon after and we were told to get further back from where we were. A little later, I heard about 4-6 gun-shots. I didn't anyone who stayed in that room.

The briefing was held at CSUS Police Department. CSUS Police Chief Dan Davis briefed the investigative team on the information known to him at the time.

The CSUS police department received a call of a disturbance in a residence hall located on campus, the [REDACTED]. The residence hall is new and had just opened for students in August 2009. A male was throwing things out of a window. Officers arrived on scene and made entry in the residence hall room ([REDACTED]). Officers saw an unknown male on the floor severely beaten and a male with a knife to his throat. The officers order the male to drop the knife. He did not comply and the pepper ball gun was deployed in order to get the male subject to drop the knife. The subject then advanced with the knife at the officers, who fired their duty weapons, striking the unknown male. Sacramento Fire Department Medics transported both males to the UC Davis Medical Center.

Additional briefing information was given by Sacramento Police Sgt. Olivera. The beating victim was identified as [REDACTED]; he was a resident of suite [REDACTED]. The subject that was shot by officers was identified as [REDACTED], also a resident of suite [REDACTED]. [REDACTED] is located on the first floor on the west side of the complex. There were three CSUS Officers involved in the event. The three officers were Officer Lueder, Officer Solomon and Officer Baptista. The officers heard yelling and were given a key to the dorm room by a resident advisor.

During the briefing it was confirmed that Mr. [REDACTED] was declared deceased by UC Davis Medical Staff.

#### Walk Through:

At approximately 1753 hours a walk through of the scene (hallway only) was conduct with CSUS Officer Lueder. officers were standing. Officers utilized a pepper ball gun and two duty weapons.

#### Scene:

██████████ was student residential housing, similar to an apartment like setting, located at ██████ J Street on the north side of the CSU Sacramento campus. The structure was a four story complex with housing on four sides (north, south, west and east) creating a courtyard in the center. The center courtyard was landscaped with ground cover, trees lawn and concrete walkways.

The ██████████ exterior was surrounded by a parking lot, walk ways and landscaping that included grass areas and trees. The main entrance to the building faced east.

#### Exterior of Residence Room # ██████ :

The west exterior courtyard wall, also served as the common wall (east) with the living room and room A-E of the residence rooms. The ground under the east facing living room window was landscaped with bark, low growing plants and trees. Under the window there was a window screen (item #1) and a large amount of broken window glass (item # 2). Lawn was east of the landscaped area. A walkway bordered the lawn area. The center of the courtyard was a raised lawn area. All of the building doors and gates that opened to the courtyard had surveillance cameras, which appeared to face the doors and gates only.

#### Interior Common Hallway:

The hallway was a north-south interior common hallway on the first floor of the residence hall. Residence rooms were located on both sides (east and west) of the hallway. The east wall along the hallway was a common wall with residence room ██████ (west wall of the residence).

Located at the north end of the hall were rooms ██████ and room ██████. The hallway ended at those rooms. To the left (west) was an exit door and to the right (east) was a short east-west extension of the hallway that had a window that faced east into the courtyard at the end of the hallway. The south wall of the east-west hallway was a common wall with room ██████ (north living room wall).

The hallway was carpeted. Blood samples (item 3 and 4) were collected on the south end of the hallway near the facilities storage room ██████. A Federal .40 S&W spent casing was slightly to the right (east of item #4). Located along the east wall on the floor were yellow caution tape (item #7) and a black jacket in a bloody and cut condition (item #8). A purple colored ear plug (item #9) was located to the left (east) of item #8. An

additional blood sample was taken from the carpet slightly to the left (east) of item #9. Along the east wall of the hallway, a pair of pants and a pair of shorts (item #11) were located. A black handled kitchen knife (item #12) was located in the hallway near the west exit door. One spent Federal .40 S&W casing (item #13) was located slightly left (west) of item #12 and in front of the west exit door. Midway across the interior side of the west exit door a blood sample (item #14) was collected. A Federal .40 S&W spent casing (item #15) was located on the floor up against the west door jamb of room [REDACTED]. Located to the right (east) and in the center of the hallway was a pair of black sweat pants (item #16). Located along the shared north wall of room [REDACTED] on the floor of the east-west hallway was a pepper ball gun (item #17). An additional blood sample (item #18) was collected from the exterior left (north) side of the door jamb of room [REDACTED].

Against the south wall of the east-west hallway slightly north of the front entry door of room [REDACTED], CSUS police officers left a Hooligan tool (a tool to force open doors) and a set of bolt cutters. A clip board was also inadvertently left behind by Sacramento Fire Department Medics. The tools and clipboard were photographed and returned to CSUS officers on scene and the clipboard was returned to Sacramento Fire Medics.

#### Residence Room [REDACTED]:

Room [REDACTED] was located on the west side of the complex on the first floor. Room [REDACTED] was a five bedroom suite with two complete bathrooms, a kitchenette and a common living area. The entry door was located off of the main hallway and entered into the common living area of Room [REDACTED]. The living room was furnished with a sectional sofa along the east wall under the window and an additional section of the sofa was also located along the south wall. In front of the sofa was a coffee table. On top of the coffee table were a black backpack (item #33,) miscellaneous papers and books, and an empty pizza box. Next to the sofa along the north wall was a black floor lamp in a broken condition. The lamp was broken in three places. Two (2) wooden folding chairs were leaning up against the north wall and also next to the lamp and sofa. Next to the chairs was a matching wooden folding table in the open position. On top of the folding table were pieces of broken sheet rock (item # 24). On the left (north) side of the sofa was a black end table. The center of the living room was open space. Several items were in the middle of the room. A green t-shirt and a blue sweat shirt were in a cut and bloody condition (item #20) was on the floor on the south side of the room. To the north of item #20 on the floor was a green t-shirt and a blue sweatshirt that was in a cut and bloody condition (item #21). Items #20 and #21 are the same green t-shirt and blue sweatshirt, the shirt and sweatshirt were cut in half by

Sacramento Fire Department Medics rendering medical aid. On the south side of the floor near the hallway were pepper ball fragments and pepper powder substance (item #19). A 10 pound bar bell (item #26) was located slightly in front of item #19.

To the right (south of the entry door was the kitchenette) there was a shelf wall with a counter top. On the north side of the self wall (living room side) was an over turned six (6) foot long plastic table. Under the table on the floor was a clothing iron (item # 25). The kitchenette was furnished with a full size refrigerator. The refrigerator was located along the south wall of the kitchenette. On the upper left hand corner near the hinge of the refrigerator was a hand written list of house rules (item #34) that was attached to the refrigerator with a magnet. Other than a microwave oven located on the counter along the west wall, there was no other oven or stove. The sink was located along the west wall and was surrounded by counter space and cabinets. The light fixture in the kitchenette was broken with broken pieces of the fixture and fluorescence lights on the floor. The center metal ballast cover (item #38) for the kitchen light fixture was still fixed to the ceiling and was in a dented and bent condition. The north upper drawer of the kitchen cabinet was in an open position. The drawer was in an open position when we entered the residence. The drawer contained miscellaneous kitchen utensils. A black cloth glove with a Velcro strap at the wrist (item #29) and a black handled kitchen knife (item #30) were inside the kitchen drawer.

The hallway was a north-south hallway and provided access to the bedrooms. Along the east wall of the hallway were the five bedrooms. Each of the bedrooms were lettered A-E. Room A being on the north end of the hallway and room E being at the south end of the hallway. On the floor of the hallway near room A were an Oster toaster oven (item #27) and a 10 pound bar bell (item #28). Each bed room was furnished with an armoire, bed, desk and chair. Each room also had an east facing window that looked out into the courtyard. Room A was registered to [REDACTED] (item #31 was located on the floor of room A near the open door), Room B was registered to [REDACTED], Room C was registered to [REDACTED], Room D was registered to [REDACTED] and Room E was registered to [REDACTED]. Rooms A-D faced west and opened into the hallway. The door to room E faced north down the hallway. The two (2) bathrooms were located along the west wall of the hallway. Each bathroom contained a shower and toilet. The bathrooms were located on either side of the common vanity area and were separated by privacy doors. Also located in the hallway was a storage closet (slightly south of the kitchen and slightly north of the bathroom).

On 10/21/09, at approximately 1505 hours, I responded to Sacramento State University at 6000 J St on a officer involved shooting call. I arrived on-scene at approximately 1515 hours and made the following observations in summary:

I responded to the scene and made contact with supervisors from CSU PD. They asked for assistance with the scene security and I assigned officers to the locations. Once that was completed, I asked if all of the adjacent rooms had been cleared and it was unknown. Due to shots being fired inside of the dorm, I was concerned that we could have rounds unaccounted for and wanted to conduct a welfare check of all of the rooms surrounding the crime scene. I along with SPD officers VanDussen #799, Moore #711, and CSU officer Christian #1349 cleared the following rooms in the dorm:

# : Located in unit and she was asked to clear the scene. The rest of the apartment was clear.

At the point that we were at the scene (# [REDACTED]), I asked if this unit had been checked in its entirety for victims and it was unknown. I then went inside of the unit to make sure that there were no additional victims inside. the front door was open and all of the interior doors to the unit were open. No one else was inside. It should be noted that I saw a baseball bat on the ground to one of the rooms to the left of the unit.

At approximately 1708 hours, I transported witnesses [REDACTED], [REDACTED], and [REDACTED] to Police headquarters for an interview by detectives. None of the witnesses spoke to each other about the incident during the ride to the station. I asked them general questions about school, where they were from, etc.

On 10/21/09 at 1459 hrs. I (Ofc. Clatterbuck #0386) was on routine patrol in a marked police vehicle and in full police uniform. I'm assigned to the School Resource unit as a School Resource Officer.

On the above date and time, I responded to 6000 J St regarding an Officer involved shooting. I arrived on scene at 1513 hrs. Upon arrival on scene, other Officers were already on scene and the scene was stable. Officers had already secured the crime scene.

I assisted with detaining witnesses of the incident and placing them into a separate room. All witnesses were placed away from each other and asked not to talk with each other. Ofc. Giy and Ofc. McLoughlin took over watching the witnesses for homicide detectives (see attached observations).

I assisted Officers with clearing out the front lobby of the building. Any people that were not witnesses were identified and sent on their way.

I spoke with a ( ) and ( ). and both stated they did not see or hear anything regarding the incident.

On 10-21-2009 at approx. 1630 Hrs I, Officer Moore #0711, contacted witness ( ) at the crime scene at Sacramento State University dorms. He told me the following in summary:

My roommate ( ) and I live here at the dorms. Our room is located on the second floor by the main entrance. The window to our room faces south towards the courtyard and towards where the incident took place. We heard the sounds of breaking glass. We went downstairs to the courtyard to see what was going on. I saw that the window to one of the dorms was busted out and the window screen on the ground. We walked closer to the room to approx 15 to 20 feet from the room. One of the Resident Assistance named ( ) was also outside with us.

I could see through the window a male hitting himself in the head with what appeared to be an aluminum baseball bat. He was in a rage and I could hear him breathing really loud. I could hear him hitting items in the room with the aluminum bat.

I heard someone calling 911 to get the Police here.

I saw that the man with the baseball bat was a male, dark complexion, possible African American, 5'10" tall, skinny build, and short nappy hair. I saw that he was wearing a black hooded sweat shirt. I do not know who he is.

I heard the sounds stop for about 30 seconds. I could hear heavy breathing coming from the room. I then heard more glass breaking. I then heard the sound of the aluminum baseball bat hitting something solid, something very hard. I saw that he was hitting something on the ground, but I could not see what it was. I also heard the sounds of items and things being drug inside the room. I did not hear him yelling at anyone, just breathing like he was upset. I did not see anyone else in the room.

A few minutes went by and then two Police Officer's arrived on scene and went into the dorms. They told us to go inside for our safety. I then saw a female Officer arrive on a bike. She went over to the window and looked inside the room. She yelled for people to evacuate the area. We walked into the main entrance to the lower level study hall.

Approx. two minutes later I heard the sounds of five to six gun shots. I did not see what happened to the suspect. I could not hear the officers yelling at the suspect. The incident ended around 1435 to 1440 Hrs.

I have lived in the dorms for approx. two months.

On 10/21/09 at approx. 1700 hrs, I spoke to witness [REDACTED] at [REDACTED] J St. I obtained the following statement in summary:

I am a resident advisor here at CSUS. My area of responsibility is the 1st floor of [REDACTED] J St, but I supervise the other wing (opposite of room [REDACTED]) of the building.

Today at a little before 3 pm, the IT guy [REDACTED] (witness) came and told me that someone was breaking out a window on the first floor of the opposite wing. I could see the window being broken from across the courtyard. I did not know the exact room number at that point; I only knew that it was near the end of the building.

I started walking over to the area using the interior hallway. I stopped near the closed door of room # [REDACTED] to wait for help. I knew that [REDACTED] and some other resident advisors were also standing by for help.

From a distance of about 6-8 feet outside the closed door, I heard several sounds coming from inside the room. First I heard a very loud tearing noise, like carpet being ripped apart. It sounded like there was a lot of friction between whatever was being torn. Then I heard very, very loud, labored breathing. It did not sound like gurgling or gasping, it just sounded very very loud and it sounded like the person was having a hard time breathing. Next I heard what sounded like about 5 free weights falling to the ground. There was a clanging sound followed by a loud thud. This sound repeated about 5 times.

I did not hear any voices or whispers or screams. I only heard the noises I described to you. I know the noises were coming from inside that room because it was very quiet and there were no other sounds or background noises. I could not tell how many people were inside the room from the sounds that were made.

I stood outside the door listening for about 3-5 minutes before the police showed up. I never saw inside the room. Once the CSUS officers arrived, they told me to wait down the hallway.

From a distance, I heard the officers shouting loudly. I could not hear exactly what they said, but their voices were very loud. Then I heard 3

A few minutes later, I saw the medics wheeling out a white male and a black male on stretchers. I did not recognize the white male. I recognized the black male as [REDACTED].

I know who [REDACTED] is because he was a student here last year too. I heard from other resident advisors that he was known around campus for marijuana. I don't know if he sold it or if he just used it or what. All I know is that he had a reputation for it. I don't know anything else about him.

I have not heard of room [REDACTED] being a 'problem spot' so far this year and I don't know of any previous disturbances.

On 10-21-09 at approximately 1530 hours, I contacted witness ██████ in the ████████████████████. I initially sent Mr. ██████ into an interview area where witnesses were sitting and waiting to speak to detectives. I later (1620 hours) spoke to witness ██████ in the courtyard behind ████████████████████ and took his statement. Mr. ██████ stated the following in summary:

I work here at Sac. State as a Residence Life Coordinator (RLC). I'm assigned to the Sierra room which is just behind this building. At about 2:39 P.M. two of the students in my area ran over to me and told me that they had just heard gun shots coming from the ████████████████████ area. I knew it was 2:39 P.M. because that's the same time I got a call from another RLC (██████████ ██████████). ██████ is the RLC that is assigned to the ████████████████████ Dorm area. He told me to come over and that he really needed me in his area. I knew it had something to do with the possible shots being fired, so I ran over here.

When I ran over to the ████████████████████ Dorm area, I saw that there were at least three police cars out front. I guess they were Sac. State police

On 10-21-09 at approximately 1458 hours, I was in a marked black and white patrol car in the area of Folsom Blvd and Florin Perkins Road. I was wearing a black police raid vest that clearly identified me as a police officer. I heard via the radio, channel-3 that there was a shooting that had just occurred at Sacramento State University (6000 J Street). Dispatch further advised that the shooting involved Sacramento State Police officers. I responded to the scene Code-3 (lights and siren).

I arrived on scene at approximately 1500 hours, and saw that at least three Sac. State police cars were on scene prior to my arrival. Once I arrived on scene dispatch advised that the suspect had been shot by Sac. State Police officer(s) and that no additional suspects were outstanding.

There was an ambulance backed in on the front patio area to the [REDACTED] and there was a subject in the back of the ambulance. I was contacted by Sacramento State Police, Lt. Kelly Clark. Lt. Clark told me that the individual in the ambulance was the victim/suspect. Lt. Clark further stated that the individual had a knife and had been shot by his officers. Lt. Clark also told me that the subject (suspect) was not handcuffed but had been searched for additional weapons.

Lt. Clark requested an SPD officer respond with the subject (suspect) to the hospital. 1B37, ofc. Yasonia #577 responded with the subject (suspect) in the back of the ambulance.

I assisted in setting up yellow crime tape in the outer and inner perimeter of the crime scene. There were several subjects (witnesses) in the foyer area of the [REDACTED]. At this time I did not know who was a witness or was just walking through the foyer, but I did advise anyone who saw or heard anything to not discuss it with each other. There were not enough officers on scene at this time to move witnesses to a secluded location.

I contacted witness [REDACTED] and took his initial statement. I contacted witness [REDACTED] who stated that she saw nothing, but that two other students [REDACTED] and Victim [REDACTED], who reside in room # [REDACTED], did see or hear the shooting. She stated that the two were currently somewhere on campus in class.

On 10/21/09 at approx. 1511 hours, I, CSO Catelli #8181 was dispatched to a call to assist on a homicide at 6000 J St. (Sacramento State dorms unit # ). I arrived on scene at approx. 1527 hours and made the following observations in summary:

I was directed by 2SM3/3SM3, SGT Bickel/SGT Chase to post at the end of the hall-way and to log people coming in/out of the crime scene.

A CSUS (California State University Sacramento) CSO had logged the names of Officer's who had arrived prior to my arrival. I transcribed those names onto my crime scene log.

As Officer's arrived, I noted their name, badge #, agency and unit identifier.

I escorted people living in the dorm rooms in and out of their rooms (away from the scene).

I was relieved by CSO Hein #8189 at approx. 0000 hours.

McLoughlin (681)(3PL3) responded to Sacramento State University ( ) located at 6000 J St regarding an assault with a deadly weapon and officer-involved shooting. My partner, Ofc. Giy (843)(3PL3) was with me. At approx 1610 hours, I took a preliminary statement from witness ( ) (DOB ( )) while sitting in the ( ). The following is her preliminary statement, in summary:

At approx 2:30pm I was giving a tour of the new dorm facilities to a colleague, ( ), who works in the budget office. We had just walked into the courtyard from the southwest corner door when we heard to sound of glass breaking. We walked toward it and we saw a room with the screen missing from the window and the glass broken from the inside out. The screen was in the bushes below the window.

( ), who is the RA of the north building, opened his window and asked if the noise was construction workers breaking something again. The building is finished mostly, but they are still fine tuning stuff and we have had workers out here frequently.

I told [REDACTED], "No".

I asked [REDACTED] if he knew the residents at that suite, and he said he didn't.

[REDACTED], another colleague, ran over and he went to the open window. He was talking to the guy inside, who was ignoring him from what I could tell. He thought maybe the kid inside was hurt or something. He was asking him if he was hurt or needed help. Then he said, 'He's not hurt, he's wrecking the room.' So we called the police.

[REDACTED] was on the phone with the police. I could see in the window and I could see that there were holes in the walls. I also heard sounds of things breaking and being thrown around, and what sounded like kitchen drawers opening and being spilled on the floor.

Inside I saw a male African-American around 19-20 years old. He had a shaved head and wore a black and blue hooded sweater or sweatshirt. He was about 5'6" or so and of medium build. I couldn't see his pants or shoes from where I stood.

He seemed to be really agitated and was constantly walking around, making strange noises. They were incoherent.

[REDACTED], our IT consultant went to the window to the right of the suite to try to see what suite it was. He went inside and then we told the police on the phone which suite the guy was tearing up.

I saw a table pushed up on its side against the front door, like the guy was trying to barricade himself inside. He was still walking around and breaking stuff.

I only saw him inside, no one else.

A female police officer arrived on scene and told us to clear the area, so I went to the southeast entrance to the courtyard and blocked it off so no one else could enter.

I saw two male officers go in and one got people away from the area and secured the gate.

I heard human noises like words and also like moaning but they were incoherent. I'm not sure when I heard them though.

Then I heard 2-4 pops, that I assume were gunshots. I stayed in the corner with [REDACTED] and made sure no one went in the courtyard area.

[REDACTED] said to go to the north security doors in the East wing and to only let paramedics and police in and out.

While I was there I saw the paramedics wheel out a male white adult on a gurney. I couldn't see his face. He had an oxygen mask on, and his head was so bloody and bandaged it was unrecognizable. I knew he was white because I saw his leg that was also covered in blood. I was surprised because I never saw anyone else inside the suite.

I also saw the African-American guy who I think was the same guy from inside the apartment, although I never saw his face. I think he had the same clothes. He was breathing hard, had a little spit around his mouth, and some blood from his nose.

That was it. Then I was told to come in here and not to talk about this to anyone else in the room.

On 10/21/09 at approx 1514 hours, I, Ofc. McLoughlin (681)(3PL3) responded to Sacramento State University **( )** located at 6000 J St regarding an assault with a deadly weapon and officer-involved shooting. My partner, Ofc. Giy (843)(3PL3) was with me. At approx 1640 hours, I took a preliminary statement from witness **( )** (DOB **( )**) while sitting in the **( )**. The following is his preliminary statement, in summary:

I was in the study room in the north building around 2:20pm-2:30pm when **( )** called and said to come outside, someone had broken a window of one of the dorms from the inside.

I went to **( )**'s office at the front desk and got him and RA **( )**. We came into the courtyard together and went to the window at the edge of the green.

Inside the room I saw a male black adult pacing back and forth. He wore a blue and black sweatshirt with a zipper and was thin. He was hunched over and swaying back and forth. He was very animated. He was walking around and we heard ripping and tearing sounds like maybe he was tearing up the carpet. I also heard a noise like maybe a weight-lifting bench was turned over, because it sounded like weights clanking. I also heard noises like wood hitting wood, and like wood hitting the wall. Through it all I heard animal moaning. It was like someone was in distress or maybe just like they were crazy.

I could hear **( )** asking the guy if he was okay and if he could help him.

The blinds to the other rooms of the suite were drawn so we couldn't see inside.

**( )** told **( )** and I to go around the other side so see what suite number this was all happening in. We stayed to see if the guy was gonna leave, and if so, where he would go.

Police officer started arriving and **( )** and I left our post and we blocked all traffic coming toward where the guy was.

I went to the southwest corner of the courtyard, near the stairs to make

sure no students came down the hallway.

I watched what happened at the other end of the hallway. I saw three police officers pounding on the door of the suite. They were identifying themselves and trying to get the guy to open the door. They were saying, "Police, can you open the door? We want to make sure you are okay in there. Campus Police, we need to talk to you to see if you are okay." They were very loud. They stated this about 5-6 times.

They couldn't get the guy to open the door, so they took a key from [REDACTED] and they opened the door.

They immediately started yelling, "He has a knife! He's cutting!" I heard the pepperball gun go off and probably shoot about 20 pepperballs. The pepperball officer was in front and in the center, and the other two officers were flanking him on either side.

I heard them also yelling for medical help, for something about code 3, if that's the right term, and immediate backup. They were screaming at the guy to drop the knife and to freeze and stop moving.

Then I saw them back up really fast while still yelling at the guy to stop and drop the knife. They all moved back north down the hall (or to the left if you were looking at the doorway) together.

The male black who was inside then came suddenly running out of the doorway in a really fast manner. He made a right, toward the officers, and advanced on them very fast. He was coming at them far more quickly than they could move away. I couldn't see anything in his hands but I hear them yelling for him to drop the knife.

Then I saw one officer shoot at the guy one time. He paused and then he was yelling, "You're down!" and then fired 2 more times, after the guy didn't stop advancing.

He might have shot two more times after that, but I'm not sure, since it happened fast. The officers were continually communicative with the guy.

I saw him go down and then the police cautiously approached him and rolled him over. They patted him down for weapons and then I think they handcuffed him but I'm not sure.

On 10/21/09 at approx 1514 hours, I, Ofc. McLoughlin (681)(3PL3) responded to Sacramento State University ██████████ located at 6000 J St regarding an assault with a deadly weapon and officer-involved shooting. My partner, Ofc. Giy (843)(3PL3) was with me. We did not respond code 3 as the scene had stabilized prior to our logging on. I arrived on scene at approx 1523 hours. The following is a summary of my observations:

Sgt Chase (3SM3) instructed Ofc. Giy and I to monitor possible witnesses that were sitting in a classroom, waiting to be interviewed. We relieved Ofc. Clatterbuck who was standing by with the possible witnesses.

I admonished all potential witnesses not to speak about what they had witnessed and separated them into different areas of the room. We also admonished them not to talk on their cell phones.

I took preliminary statements from witness ██████████ (DOB ██████████) and witness ██████████ (DOB ██████████).

Per Sgt. Chase, I stayed on scene and assisted in scene management with Ofc. Giy, specifically keeping citizens out of the crime scene/hallway area, and the courtyard area. No citizens entered the crime scene during our watch.

I was relieved by Ofc. Mateo (408)(1C34) and Ofc. Schneider (490)(1W38).

OBSERVATIONS:

On 10/21/09, I, Sgt. Chase was the mid shift patrol supervisor for Central Sacramento. At approx. 1458 Hrs, I heard several units advise on the radio that they were enroute to CSUS code 3. A/Lt. Freeman then came into roll call and advised mid shift that there was an officer involved shooting at a Sac State Dormitory. I told mid shift officers to head out and respond to the scene.

At approx. 1512 Hrs, I responded to CSUS. I arrived at 1523 Hrs. There was an outer perimeter around the dorm that was secured by crime scene tape and patrol officers. There was also an inner scene that was secured by officers and crime scene tape. I checked in the CSO Catelli who was the crime scene recorer. I contacted Sgt. Bickel on scene who asked if I could coordinate with the possilbe witnesses who were onscene.

I located approx. 13 witnesses who were inside a conference room on the first floor near the main entrance. There was an officer in the room with them so that they did not talk and share information.

I requested that Officer McLoughlin and Giy take positions with the witnesses. I asked Sgt. Bickel if the witnesses had been interviewed and was told that they were in the room if they saw or heard anything, but no formal statement was taken. I requested that officers conduct preliminary interviews of the witnesses to determine if they had crucial information and needed to be re-interviewed at headquarters. (see officer's supp)

Sgt. Ellis coordinated with transporting witnesses to headquarters for further interviews.

I requested that Officers Giy and McLoughlin protect the scene in the courtyard area.

I was contacted by Officer Briggs who was at the hospital. He told me that the victim was deceased and that UCD had taken him to the morgue. I requested an officer locate the victim and stay with him until the coroner took custody of him. Officer Wiseman responded to UCD and stayed with him. (see Wiseman's supp).

Officer Briggs stayed with the suspect until he was out of surgery. I advised Homicide that he was out so csi could process him.

No further action taken.

Please note that the records provided in this release do not include records or portions of records that are exempt from disclosure pursuant to applicable law. Without limiting other arguments against disclosure that may exist, the following records or portions of records are specifically prohibited or exempted from disclosure:

Records or information that constitutes the personal data or information of an officer or their family members (Cal. Pen. Code §§ 832.7(b)(4) and (b)(5)(A));

Records or information, the disclosure of which would compromise the anonymity of complainants or witnesses (Cal. Pen. Code § 832.7(b)(5)(B));

Records or information, the disclosure of which would constitute an unwarranted invasion of personal privacy (Cal. Pen. Code § 6254(c); see also *City of San Jose v. Superior Court* (1999) 74 Cal.App.4<sup>th</sup> 1008);

Records or information, the disclosure of which would pose a significant danger to the physical safety of the peace officer, custodial officer, or another person (Cal. Pen. Code § 832.7(b)(5)(D));

Records or information, the disclosure of which would reveal personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosure of the information (Cal. Pen. Code § 832.7(b)(6));

Records or information wherein the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure (Cal. Gov. Code § 6255(a));

Records or information that constitute confidential medical, financial, or other information, the disclosure of which is specifically prohibited by federal law or would cause an unwarranted invasion of personal privacy (Cal. Pen. Code § 832.7(b)(5)(C)); and

Records or information, the disclosure of which is exempted or prohibited pursuant to federal or state law (Cal. Gov. Code § 6254(k); see also Cal. Const. art. 1 Sec. 1; Cal. Pen. Code § 15150 et seq.; Cal. Pen. Code §§ 11105 and 13300; and HIPAA 45 CFR Part 160 and Subparts A and E of Part 164.
