Incident Summary

On November 20, 2018 at approximately 1750 hours SSD / SPD PRCS team was conducting surveillance at the Canterbury Inn, 1900 Canterbury Road, for wanted subject [REDACTED]. [REDACTED] was known to have a Parole Violation warrant, a misdemeanor warrant and was known to resist arrest by high speed evasion. [REDACTED] was known to have been involved in two recent high speed pursuits with CHP and SSD in the same vehicle he was driving today. During surveillance, [REDACTED] was observed leaving a hotel room and walking towards his vehicle.

PRCS Team closed in on [REDACTED] and confronted him prior to him reaching his vehicle. [REDACTED] ran to his vehicle and entered through the drivers door. Sergeant Kirtlan, Officer Airoso and Officer Schoen used bodily force to affect the arrest. [REDACTED] violently resisted and Sergeant Kirtlan and Officer Airoso used pugilistic strikes in an attempt to control [REDACTED]. [REDACTED] was ultimately detained in handcuffs, to the front of his body, while still in the vehicle.

It was decided to move [REDACTED]'s handcuffed hands from the front to the traditional rear of his bodies. Officers advised [REDACTED] they would be moving his hands to the rear and if he resisted, force options would be utilized to control him and keep him in handcuffs. Sergeant Kirtlan, Officer Airoso, Officer Schoen and Officer Yasonia controlled [REDACTED] and unhandcuffed him. [REDACTED] immediately offered violent resistance. Officer Terstegee pulled out his taser, removed the cartridge and advised [REDACTED] he was going to get "tased." With [REDACTED] continuing to resist, Officer Terstegee cycled the taser away from [REDACTED] in hopes of the sound of the taser would gain compliance. Officer Terstegee did not make contact with [REDACTED] during this show of force. Officer Yasonia attempted to get [REDACTED]'s left arm behind his back and with [REDACTED]'s resistance heard a pop type noise to the arm. [REDACTED] immediately gave up and he was secured in handcuffs.

The Fire Department arrived and transported [REDACTED] to the hospital for further assessment and treatment. [REDACTED] was later cleared for incarceration and booked into the Sacramento County Main Jail.

I reviewed the reports related to this event. I also reviewed Officer Airoso's, Officers Yasonia's and Officer Schoen's Body Worn Camera (BWC) recordings. I had been advised on scene, Officer Schoen's BWC was activated some time after the incident had started and that Sergeant Kirtlan's BWC was not activated, but had fallen off of him during the incident. Officer Schoen and Sergeant Kirtlan advised the incident unfolded so quickly they were unable to get their BWC's activated in a timely manner. Officer Schoen's BWC recording started after [REDACTED] had been handcuffed behind his back and after the Use of Force was applied. After reviewing the reports and the BWC recordings, it appeared the Use of Force was reasonable and within policy.

See reports and recordings for further specifics.

Adam, second review for you. UoF times: Yasonia video 4:15 & Airoso (2nd one) at 1:30	
Comments/Response from Police Lieutenant-Exempt Adam Green:	
Comments: During a review of the video I observed that a CED was deployed and arced by Ofc. Tersteegge. It appears that the CED was arced without a dart cartridge. It does not appear that the subject was actually tased. The use of the CED was not noted on the CAD call and is not documented within the report. By policy the use of the CED, even if just arced, must be documented within the GO. Also for the purposes of the UOF report, it should be determined whether this was show of force or an accidental discharge. It also needs to be confirmed that the suspect was not actually tased. .

set forth below, a true, durable and legible copy of the requested records listed in the Exhibits "B" (See California Pen. Code, § 1524.2)

4. **Procedure:** The custodian shall complete and sign the "Declaration of Custodian" which accompanies this search warrant. The "Declaration of Custodian" shall be returned with a copy of the requested records. (See California Pen. Code, §§ 1546.1(d)(3), 1524.2 (b)(4).)
5. **Seal unrelated information:** All information that is unrelated to the objective of the warrant shall be sealed by the affiant and is not subject to further review, use, or disclosure without a court order.
6. **Night service authorization:** This warrant may be served on the provider at any hour of the day or night.
7. **Disposition of communications and/or data:** Pursuant to Penal Code §§ 1528(a), 1536. all communications and/or data seized pursuant to this search warrant shall be retained in Affiant's custody pending further court order.
8. **Delay of notification:** This matter having come before the Court pursuant to an application under Penal Code Section 1524 et seq, which application requests that notification of this warrant be delayed. Based upon the reading of the Search Warrant, and Affidavit in Support thereof, it appears that there is reason to believe that the notification of the existence of the warrant to any person will result in one of the following:

- Endangering the life or physical safety of an individual
- Lead to flight from prosecution
- Lead to destruction of or tampering with evidence
- Lead to intimidation of potential witnesses
- Seriously jeopardize an ongoing investigation
- Unduly delay a trial or otherwise lead to an adverse result

It is ordered that **Sprint** shall delay notification of the existence of the application or this Order of the Court, or the existence of the investigation, to the listed subscriber or to any other person, for a period of ninety days unless otherwise directed by the Court. IT IS FURTHER ORDERED that the notification by the government otherwise required under Penal Code Section 1546.2 (a) be delayed for a period of ninety days. It is also ordered that, if in the case of an apprehension of the target, or conclusion of the investigation of the target, that the target shall be notified concurrent with the target's apprehension or within three days of the conclusion of the investigation pursuant to Penal Code Section 1546.

9. **Notification Prior To Court Ordered Delay:** It is ordered that, if in the case of an apprehension of the target, or conclusion of the investigation of the target, that the target shall be notified concurrent with the target's apprehension or within three days of the conclusion of the investigation pursuant to Penal Code 1546.

YOU ARE COMMANDED, within five business days after receipt of this search warrant, to deliver by mail or otherwise, to the above named law enforcement officer, together with the declaration as set forth below, a true, durable and legible copy of the requested records listed in the Exhibits "B" (See California Pen. Code, § 1524.2)

PROCEDURE: The custodian shall complete and sign the "Declaration of Custodian" which accompanies this search warrant. The "Declaration of Custodian" shall be returned with a copy of the requested records. (See California Pen. Code, §§ 1546.1(d)(3), 1524.2 (b)(4).)

4. **Procedure:** The custodian shall complete and sign the "Declaration of Custodian" which accompanies this search warrant. The "Declaration of Custodian" shall be returned with a copy of the requested records. (See California Pen. Code, §§ 1546.1(d)(3), 1524.2 (b)(4).)
5. **Seal unrelated information:** All information that is unrelated to the objective of the warrant shall be sealed by the affiant and is not subject to further review, use, or disclosure without a court order.
6. **Night service authorization:** This warrant may be served on the provider at any hour of the day or night.
7. **Disposition of communications and/or data:** Pursuant to Penal Code §§ 1528(a), 1536. all communications and/or data seized pursuant to this search warrant shall be retained in Affiant's custody pending further court order.
8. **Delay of notification:** This matter having come before the Court pursuant to an application under Penal Code Section 1524 et seq, which application requests that notification of this warrant be delayed. Based upon the reading of the Search Warrant, and Affidavit in Support thereof, it appears that there is reason to believe that the notification of the existence of the warrant to any person will result in one of the following:

- Endangering the life or physical safety of an individual
- Lead to flight from prosecution
- Lead to destruction of or tampering with evidence
- Lead to intimidation of potential witnesses
- Seriously jeopardize an ongoing investigation
- Unduly delay a trial or otherwise lead to an adverse result

It is ordered that **Sprint** shall delay notification of the existence of the application or this Order of the Court, or the existence of the investigation, to the listed subscriber or to any other person, for a period of ninety days unless otherwise directed by the Court. IT IS FURTHER ORDERED that the notification by the government otherwise required under Penal Code Section 1546.2 (a) be delayed for a period of ninety days. It is also ordered that, if in the case of an apprehension of the target, or conclusion of the investigation of the target, that the target shall be notified concurrent with the target's apprehension or within three days of the conclusion of the investigation pursuant to Penal Code Section 1546.

9. **Notification Prior To Court Ordered Delay:** It is ordered that, if in the case of an apprehension of the target, or conclusion of the investigation of the target, that the target shall be notified concurrent with the target's apprehension or within three days of the conclusion of the investigation pursuant to Penal Code 1546.

YOU ARE COMMANDED, within five business days after receipt of this search warrant, to deliver by mail or otherwise, to the above named law enforcement officer, together with the declaration as set forth below, a true, durable and legible copy of the requested records listed in the Exhibits "B" (See California Pen. Code, § 1524.2)

PROCEDURE: The custodian shall complete and sign the "Declaration of Custodian" which accompanies this search warrant. The "Declaration of Custodian" shall be returned with a copy of the requested records. (See California Pen. Code, §§ 1546.1(d)(3), 1524.2 (b)(4).)

AFFIDAVIT OF KEVIN LAWRENCE

IN SUPPORT OF ISSUANCE OF SEARCH WARRANT

I, Kevin Lawrence, your affiant, have been a duly sworn peace officer with the Sacramento County Sheriff's Department since January 2005. I am currently assigned to the Sheriff's Department's Field and Investigative Services in the Central Area Division. I am additionally assigned to the Sacramento Police Department's Regional Post Release Community Supervision Team (PRCS). I currently possess my Advanced POST Certificate.

I received training from the Sacramento County Sheriff's Basic Recruit Academy in 2003 (03-SBRA-3) which consisted of approximately 912 hours of training. Training included instruction on the laws of crimes and rules of evidence, radio procedures, patrol procedures, defensive tactics, use of firearms and how to investigate crimes such as robbery, burglary, assaults, grand theft, homicide, petty theft, alcohol related, narcotics related and controlled substance violations. I have received additional POST certified training on the subject of the use, classification, packaging, sales and concealment of controlled substances as well as the identification of various narcotics and symptoms of narcotic use. In December 2013 I attended a twenty four (24) hour Drug Influence and Recognition and H&S 11550 course.

I have spent no less than four hundred (400) hours participating in advanced law enforcement training. This training has included, but is not limited to, the manufacturing, nomenclature, assembly and use of handguns and assault rifles, gang awareness, recognition of persons under the influence of narcotics, and conducting investigations of crimes.

I was assigned for over eight (8) years in Correctional Services at the Rio Consumnes Correctional Center. I had the opportunity to speak with and interview numerous persons who were in custody for possession of controlled substance, possessions for sales of controlled substances, manufacturing of controlled substance, cultivation of marijuana, and drug influence. Many of these subjects were willing to talk about the ways they used, sold, transported, and manufactured controlled substances.

I have been assigned for over five (5) years working as a Patrol Officer. I have conducted criminal investigations, either complete or preliminary, regarding homicide, rape, assault, burglary, robbery, theft, possession of stolen property, traffic offenses, possession of illegal firearms and weapons, the possession, possession for sale, cultivation, and/or transportation of marijuana, heroin, methamphetamine, and cocaine (both HCL and base). I have conducted no less than forty (40) narcotic investigations, including possession for sales, transportation for sales, and sales of narcotics and/or controlled substances. I have conducted, or participated in no less than one hundred (100) probation and parole searches on individuals, residences and vehicles. No less than twenty five (25) of these searches have resulted in arrests for narcotic or controlled substance related offenses. During these arrests, I had the opportunity to see how different controlled substances and narcotics appear and how they are packaged for both personal use and sales.

I have performed Valtox, Nar-Tec, and Nik-Kit tests on the following controlled substances: cocaine, methamphetamine and heroin on no fewer than sixty (60) occasions. The results were later confirmed by the Sacramento County Crime Lab.

During my time in the jail and as a patrol Deputy, I have interviewed no fewer than one hundred (100) individuals that have used, are addicted to or have sold narcotics. The content of my interviews has

included, but was not limited to, an individual's personal use, possession, purchase, sales, and techniques for transportation of narcotics. I have become familiar with how controlled substances are manufactured, transported, packaged for sale, hidden and ingested. I have also become familiar with many of the street terms used for controlled substances.

On April 24th, 2018 I attended an eight (8) hour course on Nuestra Familia. In the course I received training on gang organizational operations in prison and on the street, as well as methods of cultivating and managing gang informants.

On May 11th, 2018 I attended a sixteen (16) hour course titled "Cell Phone Use in Drug Trafficking Investigations" hosted by the Northeast Counter Drug Training Center. In the course I was taught the use of historical communication data, real-time surveillance options, physical cell phone forensic considerations, cell phone tower site information, legal considerations regarding obtaining data, surveillance operation considerations, courtroom presentation, and mapping cell phone geographic data.

On May 21st, 2018 I attended a course titled "Crime Scene Correlation Training" hosted by the California Department of Corrections and Rehabilitation in which I received training regarding mapping and GPS monitoring of CDCR parolees.

On July 11th, 2018, I attended an 8-hour Electronic Surveillance (Wiretap) State Certification course presented by the California Department of Justice. This 8-hour course is for peace officers, federal law enforcement officers and qualified individuals assigned to intercept and record wire communications ("wiretaps"). This class covered the legal basis for California wiretap operations as well as the practical and tactical aspects of operating and monitoring a wiretap. Penal Code Section 629.94 requires successful completion of this course before seeking authorization for, or participating in, wiretap operations.

I have authored approximately twenty-five (25) Cell Phone/GPS Ping warrants for the following telephone companies: Metro PCS, Sprint, Verizon, AT&T and T-Mobile. I have also authored approximately ten (10) Pen Register / Trap & Trace warrants for Facebook and Instagram. The above warrants have been used to locate and apprehend wanted subjects.

I am currently assigned to the Central Division as a patrol officer and a Field Training Officer (FTO). I am also assigned to the Sacramento Police Department's Regional Post Release Community Supervision Team, which is a joint team between the Sacramento Police Department and the Sacramento County Sheriff's Department. We are tasked with identifying, monitoring, and closely supervising AB109 releases that have a high probability of relapsing into criminal behavior. Our focus is on intervention and referrals, participation in surveillance, searches, apprehension of persons with fresh charges, probable cause wants, outstanding warrants and responding to regional crime series.

STATEMENT OF PROBABLE CAUSE

The information contained in this affidavit is based upon information provided by officers and witnesses to whom I have personally spoken with, and upon reports and other documents I have reviewed. Because this affidavit is being submitted for the limited purpose of reviewing cell phone records, your affiant has not included each fact known to your affiant concerning this investigation. Your affiant has set forth only the facts that your affiant believes are necessary and appropriate to establish the appropriate foundation for a search warrant authorizing the release of cell phone records.

[REDACTED] has an outstanding felony no bail Parole violation (PC 3056) arrest warrant which was issued on October 25th, 2018 by the California Department of Corrections and Rehabilitation (CDCR) [REDACTED]

[REDACTED] also has an outstanding \$10,500 bail bench warrant for HS 11377 (Possession of narcotics) which was issued on October 29th, 2018 by Honorable Judge Jennifer Rockwell [REDACTED]

[REDACTED] was on Parole as of September 9th, 2016 for several offenses including PC 459 (Burglary) and PC 12021 (Firearm possession) ([REDACTED]). [REDACTED] is currently a Parolee-at-Large and his Parole status is suspended.

On November 15th, 2018 I spoke with CDCR Parole Agent Anthony Quintana who told me that he and Parole Agent McCowan contacted [REDACTED] s father, [REDACTED], on November 13th, 2018. [REDACTED] told Parole Agent McCowan that he did not know where [REDACTED] was currently staying. [REDACTED] told Parole Agent McCowan that [REDACTED] is always with his girlfriend, [REDACTED].

[REDACTED] told Parole Agents McCowan and Quintana that [REDACTED] s phone number is [REDACTED]. [REDACTED] stated he has received several telephone calls and text messages from [REDACTED] while he used [REDACTED] most recently as of November 13th, 2018.

Parole Agent Quintana told me that the information he received from [REDACTED] was that [REDACTED] also frequently uses [REDACTED] s phone number [REDACTED].

Parole Agent Quintana told me he also spoke to [REDACTED] s mother, [REDACTED], on November 13th, 2018. [REDACTED] showed Agent Quintana her contacts in her phone in which she lists the phone number for [REDACTED] as [REDACTED]. Parole Agent Quintana saw that [REDACTED] sent [REDACTED] a text message from [REDACTED] on November 11th, 2018.

Parole Agent Quintana told me that [REDACTED] reported the contact phone number [REDACTED] to CDCR on July 19th, 2018.

On November 15th, 2018 I authored a Search Warrant for phone number [REDACTED] and [REDACTED]. The Search Warrant was issued by Honorable Judge Allen Sumner. Prior to executing the Search Warrant Sacramento Police Officer Nick Buno spoke with [REDACTED] over the phone. [REDACTED] stated that [REDACTED] was an old phone number for [REDACTED] and was provided in error. She stated that [REDACTED] current number is [REDACTED]. [REDACTED] again stated that

██████████ and ██████████ were always together. She stated she recently saw them together when they visited her house on **November 14th, 2018**.

I ran a query on the Zetx database for phone number ██████████ which revealed the number was active on the **Sprint** network to ██████████

On **November 15th, 2018** I executed the initial Search Warrant only for target number ██████████. I am currently receiving GPS Location data for the phone number but the data for phone has been largely between 1000-3000 meter radiuses which have made it difficult to pinpoint ██████████ location.

██████████ current whereabouts are unknown. Based on information received during the investigation, I believe that ██████████ is in possession of cellular phone(s) with the phone number(s) ██████████. It is the opinion of your affiant that obtaining GPS Coordinates and Precision Locate results related to telephone number(s) ██████████ could possibly lead to information on the whereabouts of ██████████

██████████ has an extensive criminal history including arrests for carrying a loaded firearm, burglary, domestic violence, and narcotics possession.

Based on your affiant's training and experience, and the facts contained in this affidavit, it is the opinion of your affiant that obtaining the subscriber records for the incoming and outgoing calls, along with the text messages, call detail records, and cell tower records on telephone number(s), reviewing All GPS Coordinates, Precision Location results, Triangulation results, registered cellular phone call tower data related to ██████████ could possibly lead to information on the suspect, other associates, family members, friends and/or the suspects and their additional phone numbers, as well as information on the suspect and their possible whereabouts. It has been my experience that suspects in these types of crimes will often communicate with and/or talk about the crime by phone and/or text with their family, friends, and/or associates to keep in contact.

Based on your affiant's training and experience, and the training and experience of other seasoned detectives, individuals will use cellular phones prior to, during, and after the commission of crimes to contact other conspirators, family, friends and associates and to facilitate other criminal conduct and to continually avoid apprehension.

Based on your Affiant's training and experience, and the training and experience of other seasoned detectives with whom I have spoken, suspect(s), associates, accomplices, and co-conspirators use pre-paid, disposable type cell phones to aid in committing crimes, to communicate and avoid detection and apprehension following the commission of crimes. They often use multiple phones, with multiple phone numbers, continuously disposing current phones and activating new ones to avoid police detection and convolute the investigation. Methods that your affiant has encountered include, but are not limited to, the use of a new handset with a current account, the use of the same handset with a new account, obtaining a new SIM card for use in a current or old handset, and obtaining a new cell phone number on the same account.

The following telephone companies operate in the Sacramento and the State of California area, T-Mobile Wireless, Verizon Wireless Inc, Metro PCS, AT&T Mobility, Sprint, U.S. Cellular. I also know that numbers called from the Sacramento area may be serviced by other telecommunications companies outside this area (hereinafter, the Telecommunications Companies). I request these

Telecommunications Companies all be ordered to supply all subscriber information in their files with respect to persons called by the Target Telephone and/or for persons calling the Target Telephone (except the contents of communications), whether published, or non-published.

The utility company(ies) listed on the court order is/are able to accept service of this Court Order by fax transmission. The faxed Court Order will be accomplished by a peace officer within the meaning of Penal Code Section 1560.

I believe if the subscriber to the target telephone and/or the subscribers to any of the called numbers from the target telephone became aware of this order and investigation that they would most likely notify the targets of the investigation of law enforcement's interest. I therefore request the Telecommunications Companies be ordered not to disclose this Court Order or evidence of this investigation to the subscribers of their services.

DELAY OF NOTIFICATION:

I believe if [REDACTED] became aware of this order and investigation that he would not take the phone(s) with him to places that were unknown to law enforcement, hindering the effectiveness of the investigation. I know from my training and experience, and that of more experienced investigators with whom I have spoken, that if an individual becomes aware that law enforcement is attempting to locate them, they will take steps (such as discontinuing use of a cellular phone, social media accounts, obtaining a different vehicle, altering their appearances) to avoid capture by law enforcement. Taken together, these actions would seriously jeopardize efforts to locate him. Therefore, I request that a delay of notification be granted as such notification would lead to one or more of the following adverse results, to include:

- Endangering the life or physical safety of an individual
- Lead to flight from prosecution
- Lead to destruction of or tampering with evidence
- Lead to intimidation of potential witnesses
- Seriously jeopardize an investigation
- Unduly delay a trial or otherwise lead to an adverse result

set forth below, a true, durable and legible copy of the requested records listed in the Exhibits "B" (See California Pen. Code, § 1524.2)

4. **Procedure:** The custodian shall complete and sign the "Declaration of Custodian" which accompanies this search warrant. The "Declaration of Custodian" shall be returned with a copy of the requested records. (See California Pen. Code, §§ 1546.1(d)(3), 1524.2 (b)(4).)
5. **Seal unrelated information:** All information that is unrelated to the objective of the warrant shall be sealed by the affiant and is not subject to further review, use, or disclosure without a court order.
6. **Night service authorization:** This warrant may be served on the provider at any hour of the day or night.
7. **Disposition of communications and/or data:** Pursuant to Penal Code §§ 1528(a), 1536. all communications and/or data seized pursuant to this search warrant shall be retained in Affiant's custody pending further court order.
8. **Delay of notification:** This matter having come before the Court pursuant to an application under Penal Code Section 1524 et seq, which application requests that notification of this warrant be delayed. Based upon the reading of the Search Warrant, and Affidavit in Support thereof, it appears that there is reason to believe that the notification of the existence of the warrant to any person will result in one of the following:

- Endangering the life or physical safety of an individual
- Lead to flight from prosecution
- Lead to destruction of or tampering with evidence
- Lead to intimidation of potential witnesses
- Seriously jeopardize an ongoing investigation
- Unduly delay a trial or otherwise lead to an adverse result

It is ordered that **Sprint** shall delay notification of the existence of the application or this Order of the Court, or the existence of the investigation, to the listed subscriber or to any other person, for a period of ninety days unless otherwise directed by the Court. IT IS FURTHER ORDERED that the notification by the government otherwise required under Penal Code Section 1546.2 (a) be delayed for a period of ninety days. It is also ordered that, if in the case of an apprehension of the target, or conclusion of the investigation of the target, that the target shall be notified concurrent with the target's apprehension or within three days of the conclusion of the investigation pursuant to Penal Code Section 1546.

9. **Notification Prior To Court Ordered Delay:** It is ordered that, if in the case of an apprehension of the target, or conclusion of the investigation of the target, that the target shall be notified concurrent with the target's apprehension or within three days of the conclusion of the investigation pursuant to Penal Code 1546.

YOU ARE COMMANDED, within five business days after receipt of this search warrant, to deliver by mail or otherwise, to the above named law enforcement officer, together with the declaration as set forth below, a true, durable and legible copy of the requested records listed in the Exhibits "B" (See California Pen. Code, § 1524.2)

PROCEDURE: The custodian shall complete and sign the "Declaration of Custodian" which accompanies this search warrant. The "Declaration of Custodian" shall be returned with a copy of the requested records. (See California Pen. Code, §§ 1546.1(d)(3), 1524.2 (b)(4).)

AFFIDAVIT OF KEVIN LAWRENCE

IN SUPPORT OF ISSUANCE OF SEARCH WARRANT

I, Kevin Lawrence, your affiant, have been a duly sworn peace officer with the Sacramento County Sheriff's Department since January 2005. I am currently assigned to the Sheriff's Department's Field and Investigative Services in the Central Area Division. I am additionally assigned to the Sacramento Police Department's Regional Post Release Community Supervision Team (PRCS). I currently possess my Advanced POST Certificate.

I received training from the Sacramento County Sheriff's Basic Recruit Academy in 2003 (03-SBRA-3) which consisted of approximately 912 hours of training. Training included instruction on the laws of crimes and rules of evidence, radio procedures, patrol procedures, defensive tactics, use of firearms and how to investigate crimes such as robbery, burglary, assaults, grand theft, homicide, petty theft, alcohol related, narcotics related and controlled substance violations. I have received additional POST certified training on the subject of the use, classification, packaging, sales and concealment of controlled substances as well as the identification of various narcotics and symptoms of narcotic use. In December 2013 I attended a twenty four (24) hour Drug Influence and Recognition and H&S 11550 course.

I have spent no less than four hundred (400) hours participating in advanced law enforcement training. This training has included, but is not limited to, the manufacturing, nomenclature, assembly and use of handguns and assault rifles, gang awareness, recognition of persons under the influence of narcotics, and conducting investigations of crimes.

I was assigned for over eight (8) years in Correctional Services at the Rio Consumnes Correctional Center. I had the opportunity to speak with and interview numerous persons who were in custody for possession of controlled substance, possessions for sales of controlled substances, manufacturing of controlled substance, cultivation of marijuana, and drug influence. Many of these subjects were willing to talk about the ways they used, sold, transported, and manufactured controlled substances.

I have been assigned for over five (5) years working as a Patrol Officer. I have conducted criminal investigations, either complete or preliminary, regarding homicide, rape, assault, burglary, robbery, theft, possession of stolen property, traffic offenses, possession of illegal firearms and weapons, the possession, possession for sale, cultivation, and/or transportation of marijuana, heroin, methamphetamine, and cocaine (both HCL and base). I have conducted no less than forty (40) narcotic investigations, including possession for sales, transportation for sales, and sales of narcotics and/or controlled substances. I have conducted, or participated in no less than one hundred (100) probation and parole searches on individuals, residences and vehicles. No less than twenty five (25) of these searches have resulted in arrests for narcotic or controlled substance related offenses. During these arrests, I had the opportunity to see how different controlled substances and narcotics appear and how they are packaged for both personal use and sales.

I have performed Valtox, Nar-Tec, and Nik-Kit tests on the following controlled substances: cocaine, methamphetamine and heroin on no fewer than sixty (60) occasions. The results were later confirmed by the Sacramento County Crime Lab.

During my time in the jail and as a patrol Deputy, I have interviewed no fewer than one hundred (100) individuals that have used, are addicted to or have sold narcotics. The content of my interviews has

included, but was not limited to, an individual's personal use, possession, purchase, sales, and techniques for transportation of narcotics. I have become familiar with how controlled substances are manufactured, transported, packaged for sale, hidden and ingested. I have also become familiar with many of the street terms used for controlled substances.

On April 24th, 2018 I attended an eight (8) hour course on Nuestra Familia. In the course I received training on gang organizational operations in prison and on the street, as well as methods of cultivating and managing gang informants.

On May 11th, 2018 I attended a sixteen (16) hour course titled "Cell Phone Use in Drug Trafficking Investigations" hosted by the Northeast Counter Drug Training Center. In the course I was taught the use of historical communication data, real-time surveillance options, physical cell phone forensic considerations, cell phone tower site information, legal considerations regarding obtaining data, surveillance operation considerations, courtroom presentation, and mapping cell phone geographic data.

On May 21st, 2018 I attended a course titled "Crime Scene Correlation Training" hosted by the California Department of Corrections and Rehabilitation in which I received training regarding mapping and GPS monitoring of CDCR parolees.

On July 11th, 2018, I attended an 8-hour Electronic Surveillance (Wiretap) State Certification course presented by the California Department of Justice. This 8-hour course is for peace officers, federal law enforcement officers and qualified individuals assigned to intercept and record wire communications ("wiretaps"). This class covered the legal basis for California wiretap operations as well as the practical and tactical aspects of operating and monitoring a wiretap. Penal Code Section 629.94 requires successful completion of this course before seeking authorization for, or participating in, wiretap operations.

I have authored approximately twenty-five (25) Cell Phone/GPS Ping warrants for the following telephone companies: Metro PCS, Sprint, Verizon, AT&T and T-Mobile. I have also authored approximately ten (10) Pen Register / Trap & Trace warrants for Facebook and Instagram. The above warrants have been used to locate and apprehend wanted subjects.

I am currently assigned to the Central Division as a patrol officer and a Field Training Officer (FTO). I am also assigned to the Sacramento Police Department's Regional Post Release Community Supervision Team, which is a joint team between the Sacramento Police Department and the Sacramento County Sheriff's Department. We are tasked with identifying, monitoring, and closely supervising AB109 releases that have a high probability of relapsing into criminal behavior. Our focus is on intervention and referrals, participation in surveillance, searches, apprehension of persons with fresh charges, probable cause wants, outstanding warrants and responding to regional crime series.

STATEMENT OF PROBABLE CAUSE

The information contained in this affidavit is based upon information provided by officers and witnesses to whom I have personally spoken with, and upon reports and other documents I have reviewed. Because this affidavit is being submitted for the limited purpose of reviewing cell phone records, your affiant has not included each fact known to your affiant concerning this investigation. Your affiant has set forth only the facts that your affiant believes are necessary and appropriate to establish the appropriate foundation for a search warrant authorizing the release of cell phone records.

[REDACTED] has an outstanding felony no bail Parole violation (PC 3056) arrest warrant which was issued on October 25th, 2018 by the California Department of Corrections and Rehabilitation (CDCR) [REDACTED]

[REDACTED] also has an outstanding \$10,500 bail bench warrant for HS 11377 (Possession of narcotics) which was issued on October 29th, 2018 by Honorable Judge Jennifer Rockwell [REDACTED]

[REDACTED] was on Parole as of September 9th, 2016 for several offenses including PC 459 (Burglary) and PC 12021 (Firearm possession) [REDACTED] is currently a Parolee-at-Large and his Parole is suspended.

On November 15th, 2018 I spoke with CDCR Parole Agent Anthony Quintana who told me that he and Parole Agent McCowan contacted [REDACTED] father, [REDACTED] on November 13th, 2018. [REDACTED] told Parole Agent McCowan that he did not know where [REDACTED] was currently staying. [REDACTED] told Parole Agent McCowan that [REDACTED] is always with his girlfriend, [REDACTED]

[REDACTED] told Parole Agents McCowan and Quintana that [REDACTED] phone number is [REDACTED]. [REDACTED] stated he has received several telephone calls and text message from [REDACTED] while he used [REDACTED] most recently as of November 13th, 2018.

[REDACTED] also stated that [REDACTED] current phone number is [REDACTED]. [REDACTED] stated that [REDACTED] also frequently uses [REDACTED] phone at [REDACTED]. [REDACTED] stated he spoke with [REDACTED] on [REDACTED] on November 13th, 2018.

Parole Agent Quintana told me he also spoke to [REDACTED] mother, [REDACTED] on November 13th, 2018. [REDACTED] showed Agent Quintana her contacts in her phone in which she lists the phone number for [REDACTED] as [REDACTED]. Parole Agent Quintana saw that [REDACTED] sent [REDACTED] a text message from [REDACTED] on November 11th, 2018.

Parole Agent Quintana told me that [REDACTED] reported the contact phone number [REDACTED] to CDCR on July 19th, 2018.

I ran a query on the Zetx database for phone number [REDACTED] which revealed the phone number was active on Sprint network to [REDACTED]. I contacted Sprint who confirmed the number was assigned to their network.

I ran a query on the Zetx database for phone number [REDACTED] which revealed the phone number was active on Sprint network to "WIRELESS CALLER". I contacted Sprint who confirmed the number was assigned to their network.

[REDACTED] current whereabouts are unknown. Based on information received during the investigation, I believe that [REDACTED] is in possession of cellular phone(s) with the phone number(s) [REDACTED]. It is the opinion of your affiant that obtaining GPS Coordinates and Precision Locate results related to telephone numbers [REDACTED] could possibly lead to information on the whereabouts of [REDACTED].

[REDACTED] has an extensive criminal history including arrests for carrying a loaded firearm, burglary, domestic violence, and narcotics possession.

Based on your affiant's training and experience, and the facts contained in this affidavit, it is the opinion of your affiant that obtaining the subscriber records for the incoming and outgoing calls, along with the text messages, call detail records, and cell tower records on telephone number(s), reviewing All GPS Coordinates, Precision Location results, Triangulation results, registered cellular phone call tower data related to [REDACTED] could possibly lead to information on the suspect, other associates, family members, friends and/or the suspects and their additional phone numbers, as well as information on the suspect and their possible whereabouts. It has been my experience that suspects in these types of crimes will often communicate with and/or talk about the crime by phone and/or text with their family, friends, and/or associates to keep in contact.

Based on your affiant's training and experience, and the training and experience of other seasoned detectives, individuals will use cellular phones prior to, during, and after the commission of crimes to contact other conspirators, family, friends and associates and to facilitate other criminal conduct and to continually avoid apprehension.

Based on your Affiant's training and experience, and the training and experience of other seasoned detectives with whom I have spoken, suspect(s), associates, accomplices, and co-conspirators use pre-paid, disposable type cell phones to aid in committing crimes, to communicate and avoid detection and apprehension following the commission of crimes. They often use multiple phones, with multiple phone numbers, continuously disposing current phones and activating new ones to avoid police detection and convolute the investigation. Methods that your affiant has encountered include, but are not limited to, the use of a new handset with a current account, the use of the same handset with a new account, obtaining a new SIM card for use in a current or old handset, and obtaining a new cell phone number on the same account.

The following telephone companies operate in the Sacramento and the State of California area, T-Mobile Wireless, Verizon Wireless Inc, Metro PCS, AT&T Mobility, Sprint, U.S. Cellular. I also know that numbers called from the Sacramento area may be serviced by other telecommunications companies outside this area (hereinafter, the Telecommunications Companies). I request these Telecommunications Companies all be ordered to supply all subscriber information in their files with respect to persons called by the Target Telephone and/or for persons calling the Target Telephone (except the contents of communications), whether published, or non-published.

The utility company(ies) listed on the court order is/are able to accept service of this Court Order by fax

transmission. The faxed Court Order will be accomplished by a peace officer within the meaning of Penal Code Section 1560.

I believe if the subscriber to the target telephone and/or the subscribers to any of the called numbers from the target telephone became aware of this order and investigation that they would most likely notify the targets of the investigation of law enforcement's interest. I therefore request the Telecommunications Companies be ordered not to disclose this Court Order or evidence of this investigation to the subscribers of their services.

DELAY OF NOTIFICATION:

I believe if [REDACTED] became aware of this order and investigation that he would not take the phone(s) with him to places that were unknown to law enforcement, hindering the effectiveness of the investigation. I know from my training and experience, and that of more experienced investigators with whom I have spoken, that if an individual becomes aware that law enforcement is attempting to locate them, they will take steps (such as discontinuing use of a cellular phone, social media accounts, obtaining a different vehicle, altering their appearances) to avoid capture by law enforcement. Taken together, these actions would seriously jeopardize efforts to locate him. Therefore, I request that a delay of notification be granted as such notification would lead to one or more of the following adverse results, to include:

- Endangering the life or physical safety of an individual
- Lead to flight from prosecution
- Lead to destruction of or tampering with evidence
- Lead to intimidation of potential witnesses
- Seriously jeopardize an investigation
- Unduly delay a trial or otherwise lead to an adverse result

VEHICLE OWNER:

TOW COMPANY:

CHIMAS TOW
1952 AUBURN BLVD
SACRAMENTO CA 95815
(916) 568-6905

This notice is to inform you that the attached listed vehicle has been towed and stored. If you no longer own this vehicle, you must contact the California Department of Motor Vehicles Registration at (800) 777-0133 (5900-5902 CVC).

The legal or registered owner of record or their agent has the right to request a post storage hearing within ten (10) days of the date on this letter. This request can be made by calling (916) 808-6135 or via an e-mail to tow-administrator@pd.cityofsacramento.org. Please include your name, daytime phone number, vehicle license plate number and driver's license number in the request.

All tow hearing requests are completed by **telephone**. After the request with **complete** information as outlined above is received, you will be contacted within two (2) working days after the day you make the request. Failure to request or participate in the hearing shall satisfy the post storage-hearing requirement. This hearing process is not applicable if the vehicle has been towed under the abandoned vehicle abatement program (22660-22668, 22710 CVC), impounded for investigation (22655 CVC), removed from private property (22658 CVC), or abandoned (22669 CVC) with an estimated value of \$500 or less. Vehicles towed as abandoned and valued at less than \$500 may be disposed of fifteen (15) days from the date of tow.

This notice was prepared and deposited for mailing on: Monday, November 26, 2018.

On 11-20-2018, I, Ofc. Schoen #326 contacted witness [REDACTED], who was sitting in the driver seat of his tan SUV parked in the parking lot of 1900 Canterbury Road. My body worn camera was activated during the citizen contact. W-[REDACTED] provided the following statement in summary:

Just before you arrived, I went from my hotel room to my tan SUV which was parked next to the black Chevrolet Impala. I was sitting in my tan SUV with my head down watching YouTube videos and smoking a cigarette. I saw a male (S-[REDACTED]) and female look like they were going to get inside of the car (black Impala). The male attempted to get into the car, then I heard "Come over here" and "Get over here", and then the male tried to run into the car. I then saw the police officers struggle with him in the car. I initially saw two police officers. I could hear the male saying "Get off of me, leave me alone!" and the police were saying "Hold still, give me your hands!" The male in the car was resisting in my opinion. After that, another police officer came and attempted to handcuff him and then more officers came to help. It happened so quickly.

On 11/20/2018, I Ofc. Buno #387, I spoke to [REDACTED] in the parking lot of 1900 Canterbury Road. [REDACTED] was handcuffed and in the back seat of a marked patrol vehicle. I read her miranda rights verbatim from my SPD issued #133 card to which she replied "yes" that she understood her rights. She told me the following in summary:

[REDACTED] and I are boyfriend and girlfriend. We met thru a friend of a friend a while back. I have a daughter but not with him who stays with my mom in Elk Grove.

[REDACTED] and I have been staying in and out of motels here in town. For the past couple of days we have been staying with a friend of [REDACTED] over off of Keifer Blvd. I am not sure the address though.

I was in the passenger seat today when you guys tried to pull us over in the Calvine Area. We were trying to go to my storage unit and then [REDACTED] got spooked by what he thought was the cops. Then you guys started following us and when you tried to pull us over he just gassed it. We drove around for a bit and then ended up in the Del Paso Heights area. We parked near a park and just waited. He told me to turn my phone off because he said you guys were probably tracking us by our cell phones. We hung out at the park for a while and then drove over here to the motel where we are now. Vincent put new plates on the car and we went up to the room.

I was not with [REDACTED] when he went on the pursuit the other day (referring to SSD pursuit). I was however with [REDACTED] when we got pulled over near Chico. The cop was being cool and [REDACTED] just took off after he ran our info probably because he knew he had the parole warrant. [REDACTED] just started driving really fast until we couldn't even see the lights anymore.

I don't know whats in the backpack [REDACTED] had. None of that stuff belongs to me. I guess he has a friend in Paradise CA that he told me he was holding that paperwork for.

I smoke methamphetamine. I last smoked this morning.

On 11-20-2018 at approximately 2130 hours, I, Ofc. Schoen #326 contacted suspect [REDACTED] who was in a hospital bed at [REDACTED]. I advised S-[REDACTED] of his rights under Miranda. He advised that he understood each of his rights and provided the following statement, in summary. It should be noted that my body worn camera was activated during the contact.

Earlier today I was on Elk Grove Florin and Calvine near my storage unit. I saw a grey Impala (SSD Deputy Labane) when I was driving. I was driving a black Impala and my girlfriends [REDACTED] was a passenger. I did not see a blue van or a black Tahoe.

When I was at the hotel tonight I noticed a white truck when I was walking to the Impala. I just went blank. I know that you guys were looking for me. When you showed up I tried to get into the car because my intention was to leave. I didn't hear you say anything at all, I just wanted to leave.

I agree with you that I was resisting arrest.

I wasn't trying to hurt you guys.

I just remember being on the ground. I heard you tell me to stop resisting.

I stopped but you kept pushing.

I was just visiting the hotel room because I know the guy in blue who was at the hotel.

Regarding the backpack that I had on me- I found the backpack earlier today. I found it over off arden in an alley. I knew what was in the backpack. It was a lot of information, a lot of personal information. There were checkbooks, credit cards, paperwork, and personal stuff.

Last night I stay at a house off of Kiefer Blvd. and I left there to come here to the hotel. I found the backpack on the way to the hotel.

I left Kiefer Blvd. at about 6 and arrived to the hotel at about 8. So I found the backpack between 6 and 8 this morning. I did not go up towards the Camp Fires. I did go to Chico to visit a friend who does my tattoos though. His name is [REDACTED] I did not want to run from the police up in Chico but I wanted to get home to my daughter.

The Impala is a rental car that I rented a month ago. I pay for it week by week. I didn't steal it. The dealer license plate that is on the car is a license plate that I had. The other license plates I steal off of rental cars or abandoned cars in Sacramento.

I did not take the stuff in the backpack. All that stuff is stuff that they deserve back because of the fires. I didn't use any of the stuff or anything. I understand that there is a bunch of bank information but I never took their money.

I, Ofc. Buno #387, am currently assigned to the Sacramento Regional Post Release Community Supervision Team. Our primary duties include, but not limited to, identifying, monitoring, and closely supervising AB 109 releases that have a high probability of relapsing into criminal behavior, intervention and referrals, participation in surveillance, searches and apprehension of persons with fresh criminal charges, probable cause wants, outstanding warrants and responding to regional crime series.

On 11/15/2018, PRCS officers began an investigation into locating wanted parolee at large [REDACTED]. [REDACTED] was on active CDCR parole ([REDACTED]) for 4573.6 PC and I confirmed he had (1) active felony parole violation warrant as well as one (1) active misdemeanor 11377(a) HS warrant. In addition to having the above warrants, [REDACTED] had been identified as the suspect in a vehicle pursuit that occurred in the county on 11/11/2018 in the area of Lerwick Road / Morse Ave ([REDACTED]). During that pursuit, a marked SSD patrol vehicle attempted to stop a black Chevrolet Impala with CA license plate [REDACTED] which then fled the area at a high rate of speed and eventually got away. In summary, SSD deputies positively identified [REDACTED] as the driver of the vehicle that fled (See SSD report for details). PRCS officers reviewed this SSD report and determined [REDACTED] was PC arrestable for 2800.2 VC.

I reviewed [REDACTED] arrest history which included arrests for 12021 PC, 273.5 PC, 459 PC, 12025 PC and 3056 PC.

On 11/15/2018, I spoke to [REDACTED] Parole officer Jesse Mccowan who confirmed [REDACTED] suspended parole status.

On 11/15/2018, PRCS Dep. Lawrence authored a GPS locate search warrant for [REDACTED] cellular phone ([REDACTED]). The warrant was signed and uploaded to Sprint for processing. Later that day, PRCS officers began receiving gps location data for the device assigned number [REDACTED] that showed it to be in Placerville CA.

On 11/19/2018, PRCS Dep. Lawrence authored another GPS locate search warrant for [REDACTED] girlfriend [REDACTED]. PRCS officers had received information from several sources that they were both currently on the run together and her current cellular phone number was [REDACTED]. This search warrant was signed and also uploaded to Sprint for processing.

On 11/20/2018, PRCS officers began monitoring GPS location data for [REDACTED] as well as [REDACTED]. The GPS location data showed them both to be in the Rosemont area of Sacramento with a radius of approx. 2141 meters. PRCS officers responded to the area in unmarked police vehicles however could not locate either [REDACTED] or [REDACTED]. At approx. 1200 hours, GPS location data showed

both devices to be in the area of Calvine Road and Waterman road. PRCS officers had received information that [REDACTED] had a storage unit located at [REDACTED] Calvine Road which is in the area where both cellular phone devices showed to be near.

While searching the area of [REDACTED] Calvine Road, Dep. Labane observed [REDACTED] driving a black Chevy Impala with CA plate [REDACTED] with [REDACTED] in the passenger seat. PRCS officers began following [REDACTED] attempting to get additional marked patrol deputies to assist. (See Dep. Labane's Observations for details.) In the area of Pebble Field Way and Stone Cliff Way, I was able to catch up to Dep. Labane and Ofc. Schoen who were still following [REDACTED] [REDACTED] began making numerous turns and appeared to be doing counter surveillance as unmarked units were following him. I was driving an unmarked black police chevy tahoe equipped with forward facing red/blue emergency lights and siren. I observed [REDACTED] driving the above Impala westbound Pebble Field Way at a high rate of speed directly at me. I activated my red/blue emergency lights in an attempt to get [REDACTED] to stop however he accelerated and drove around my vehicle and fled at a high rate of speed. I deactivated and began checking the area for [REDACTED] as he made multiple turns in the neighborhood and I had lost him.

PRCS officers continued monitoring GPS location data which showed [REDACTED] and [REDACTED] drive to the Rancho Cordova area and then to the North Sacramento Area. PRCS officers responded to the area and began checking to locate them.

At approx. 1725 hours, PRCS Sgt. Kirtlan located the black Chevy Impala we had seen [REDACTED] driving in the parking lot of 1900 Canterbury Road which is the SureStay Plus by Best Western. The above plate ([REDACTED]) had been removed and now the vehicle had paper plates affixed to it. PRCS officers set up surveillance on the vehicle and motel in an attempt to locate [REDACTED] and [REDACTED] PRCS officers requested SPD K9 and SPD Gang Enforcement officers respond to assist as [REDACTED] was likely to flee again. PRCS officers were dressed in plain clothes wearing black colored tactical raid vest's with the word "POLICE" printed on the front/back and full police duty belts with badges.

At approx. 1749 hours, I observed [REDACTED] and [REDACTED] exit room # [REDACTED] of the motel and began walking w/b on the 2nd story towards the staircase. I was on foot on the frontage road to the south watching the motel through a wrought iron fence. [REDACTED] was wearing a red t-shirt, black pants and had a black back pack on his back. He was also carrying a black bag that had black Toshiba Laptop. Two additional male hispanics later identified as [REDACTED] and [REDACTED] were with [REDACTED] and [REDACTED] walking westbound on the 2nd story. I radioed this information to units and they began moving in to arrest [REDACTED] [REDACTED] and [REDACTED] had already made it down the stairs and were now walking to the black Chevy Impala parked in the parking lot. [REDACTED] began looking around in all directions and observed unmarked and marked units approaching. I observed [REDACTED] drop several items and run towards the black Impala and disappear out of my view as there was another vehicle parked to the right of it. I then observed [REDACTED] began running in an eastbound direction on the 2nd Story away from officers. [REDACTED] was wearing a blue shirt and I could see his numerous face tattoos. I radioed this information and observed K9 Ofc. Henderson responding to the area and attempting to cut [REDACTED] off. K9 Ofc. Henderson was able to pass [REDACTED] as he continued to run and held him at gunpoint. I was able to bend the wrought iron fence enough to sneak through and I ran into the motel from the south parking lot and placed [REDACTED] in handcuffs without incident. I did not know at the time, however

my body cam fell off and got stuck to the metal wrought iron fence while trying to sneak thru. I then walked [REDACTED] out to the front where [REDACTED] had been detained along with [REDACTED] and [REDACTED]. [REDACTED] was seated on the curb in handcuffs and appeared to be sweating profusely. He sat there calm while I sat [REDACTED] right next to him and was unaware he had attempted to start the vehicle and flee while officers were trying to arrest him. While walking [REDACTED] he advised me that there was nothing illegal inside of room # [REDACTED] and that he had a key. I later gave this key to arriving officers who performed a protective sweep/parole search of the room.

A records check of [REDACTED] showed him to be on active PRCS probation for 2800.2 VC and 29800 PC. Dep. Labane spoke to probation officer Rossi #531 who authorized a 3454 PC (flash incarceration) on [REDACTED].

A records check of [REDACTED] showed him to currently be on active CDCR parole for 459 PC. Dep. Labane contacted Parole after hours who authorized a 3056 PC for [REDACTED].

PRCS officers performed a parole search of room # [REDACTED] that was negative for contraband.

I inspected the black chevy impala and noted the vin was covered. A vin query from the drivers door revealed the vehicle to have a plate of [REDACTED]. This is the same vehicle SSD pursued on 11/11/2018. It should be noted the plates Dep. Labane observed on the vehicle ([REDACTED] in the area of Calvine Road came back to a different Chevy vehicle registered to [REDACTED]. It is our belief [REDACTED] was "cold plating" the vehicle to avoid law enforcement contact. I performed a search of the black impala there was negative for contraband. In the trunk I located a large bag that contained towels, mens/womans underwear and toiletries.

Fire responded and transported [REDACTED] to [REDACTED] for his injuries he sustained. Ofc. Scheon rode in the ambulance with [REDACTED] to [REDACTED].

I conducted a search of the black back pack I observed [REDACTED] carrying when he and [REDACTED] exited the motel room. Inside of the back pack were numerous items of what appeared to be identity theft. I located numerous passports, checks, financial information, credit cards, drivers licenses, notepad with what appears to be account information passwords, login codes, security questions/answers, phone number and addresses. These items will be later be examined by SSD Hi Tech Crimes division in an attempt to contact the rightful owners of the above property along with the Toshiba Laptop.

I obtained a mirandized statement from [REDACTED] (See Statement).

Chimas Tow responded and towed the [REDACTED] Chevy impala per 2265.3 VC.

I later booked a small amount of methamphetamine and glass smoking pipe that Dep. Labane located in [REDACTED] purse for destruction at Police Property.

I scanned in all relevant search warrants as well as the data into this report as attachments.

I, Deputy Labane #533 (Unit U46), am currently assigned to the Sacramento Regional Post Release Community Supervision (PRCS) Team. Our primary duties include, but are not limited to, identifying, monitoring, and closely supervising AB 109, probation and parole releases that have a high probability of relapsing into criminal behavior, intervention and referrals, participation in surveillance, searches and apprehension of persons with fresh criminal charges, probable cause wants, outstanding warrants and responding to regional crime series.

1305 Hours, 11/20/2018 (Tuesday): The PRCS team was conducting surveillance for [REDACTED] (S1) who was a CDCR parolee at large that had a misdemeanor warrant and was probable cause arrestable for feloniously evading Sacramento County Sheriff deputies on November 11th, 2018 ([REDACTED]). During the felony evading, [REDACTED] was driving a black colored 2018 Chevy Impala with the license plate (CA [REDACTED]). The registration showed the vehicle belonged [REDACTED].

I was driving my unmarked Sacramento County Sheriff detective vehicle (gray colored 2007 Chevy Impala) in the shopping in the southeast corner of Elk Grove Florin Road and Calvin Road. I was in that particular area looking for [REDACTED] (S1) because we received information that him and his girlfriend [REDACTED] (W) frequented the storage unit located at [REDACTED] Calvin Road in Sacramento ([REDACTED]). I was driving northbound down an ally behind the Bel Air supermarket and noticed a newer black Chevy Impala driving towards me from the south. The vehicle had a front CA license plate of [REDACTED] I performed a DMV records check that revealed that plate belonged to a 2018 Chevy 4 door to [REDACTED].

I noticed when the vehicle passed me, there was a female in the passenger seat and the driver's window was rolled down approximately half way. The window had dark window tint on it but I could see the driver had dark brown or black colored hair. I thought the female in the passenger seat closely resembled [REDACTED] (W). I tried to read the rear license plate in my side mirror in an attempt to make sure the vehicle was not "cold plated" or had mismatched or stolen license plates on it. I voiced my findings to my partners over the radio. They began to research that license plate [REDACTED] through LPR (license plate reader) that revealed the plate has been scanned on a black colored Chevy Impala. The vehicle continued southbound and I continued northbound in an attempt to loop around to see the driver and rear license plate. I was on the west side of the Bel Air when the vehicle passed me going northbound. I could not see the driver but was able to confirm the rear place was CA, [REDACTED].

SPD Officer Schoen # 326 (Unit U45) was parked on the north side of Calvin Road and conducting surveillance of the [REDACTED]. He radioed that he observed the black Chevy Impala made an eastbound turn onto Calvin Road. I thought that it was strange the vehicle pulled into the large shopping center with no intention of stopping, then it exited the same way it entered. I attempted to drive after the Impala and conduct rolling surveillance. I lost sight of the vehicle but soon observed it turning northbound onto Watterman Road from Calvin road. The Impala signaled to turn west onto Lucchesi Drive and merged into the turn pocket. I continued driving past

the Impala as to not alert the driver they were being followed. I soon noticed the Impala canceled its turn, and accelerated in my direction. I began driving at a slow pace and made a westbound turn onto Vintage Park Drive. The Impala continued to follow me before finally turning southbound onto Montevina Drive.

I made a u-turn and followed after the Impala at a distance. I radioed to SPD Sergeant Kirtlan #3122 (U40) about the situation and if he wanted me to continue following, even though the driver of the Impala would be more aware I was following him. Sgt. Kirtlan told me to continue following the black Impala, to which I did. I travelled southbound Montevina Drive that made a sweeping westbound turn. The Impala abruptly pulled over the north curb line of Montevina Drive, on the west corner of Durness Way. I noticed the driver's window rolled down and I continued driving by, in fear of an assault or confrontation was about to ensue. I drove to the stop sign at Montevina Drive and Caymus Drive and noticed the Impala pulled in right behind me, right off my rear bumper. I looked into my rear view mirror and was able to positively identify the driver of the Impala as [REDACTED] (S1). I radioed my observations to my team who was already rapidly driving to my location to assist me.

I made a southbound turn onto Caymus Drive and then stopped at the stop sign at Brittany Park Drive. I attempted to stall [REDACTED] (S1) by not moving, and he began honking the car horn. At this time I could see my partner SPD Officer M. Schoen driving southbound towards us. I told Officer Schoen where the vehicle was as it turned westbound turn onto Cobble Point Way. I continued south bound Caymus Drive and got onto the main radio channel and voiced that I needed assistance, all the while attempting to turn around and catch up to Officer Schoen who was pursuing [REDACTED] (S1). SPD Officer Buno #387 (U43) observed [REDACTED] driving straight at him around Pebble Field Way and Cobble Point Way. Officer Buno turned on his red solid forward facing light and siren and [REDACTED] drove around Officer Buno and fled at a high rate of speed. I sent a Be On the Look Out (BOLO) that [REDACTED] was likely armed and fled towards the Rancho Cordova area. [REDACTED] avoided capture at that time.

1725 Hours: Sergeant Kirtlan radioed that he was at the SureStay hotel that used to be the old Canterbury Hotel (1900 Canterbury Road, Sacramento) and observed a newer black colored Chevy Impala with front window tint and paper plates from a car dealership in Placerville. Officer Schoen, Buno, and I began setting up in the parking lot of the hotel and conducted surveillance. Officer Buno observed a hispanic male in a white tee shirt (later determined to be [REDACTED] (S3), pacing outside of hotel room [REDACTED]

I donned my tactical vest that had "Sheriff" patches on the chest and upper back. I was wearing a full duty belt with a metal "Deputy Sheriff" badge on my right hip. I was wearing a black tee shirt, tan 5.11 tactical pants, and gray tennis shoes.

1749 Hours: SPD Officer Buno radioed that [REDACTED] (S1) was walking out of the hotel room. Sergeant Kirtlan, Officer Schoen, and I, drove towards the south east corner of the hotel where [REDACTED] was observed. I immediately observed a hispanic male adult wearing a white tee shirt and blue jeans (later identified as [REDACTED] (S3)) run westbound, away from the room that [REDACTED] was at. He locked eyes with me and I yelled out "Sheriff's Department, Stop!" [REDACTED] continued running. I gave no less than three commands to stop and pulled my department issued taser. [REDACTED] continued to run and I turned the taser on (turning the laser beam and flashlight on) and pointed it at him. I would "Taze" him if he didn't stop. At that point, [REDACTED] realized that he

was not going to get away as other Sacramento Police Department units began flooding the parking lot. [REDACTED] stopped and told me that he doesn't know the other guys ([REDACTED] (S1) and [REDACTED] (S2)). I told [REDACTED] to get on the ground, to which he finally complied.

A records check confirmed that [REDACTED] (S3) is on active CDCR parole for burglary, with a max discharge date of 3/27/2021. A records check revealed that [REDACTED] (S1), [REDACTED] (S2), and [REDACTED] (S3) are actually associates and are/were members of the [REDACTED]. [REDACTED] (S3) completely disregarded my commands until I used a show of force, as well as the additional arrival of marked Sacramento Police Department units. [REDACTED] declined knowing [REDACTED] (S1) and [REDACTED] (S2) even though officers, witnesses, and surveillance footage shows otherwise.

I called the 24hr parole hot-line and informed them of the situation. I requested a parole hold be authorized and they granted it.

I, Ofc. Schoen #326, am currently assigned to the Sacramento Regional Post Release Community Supervision Task Force. On 11-20-2018 at approximately 1749 hours, I was actively attempting to locate [REDACTED]. I was in the north west parking lot of 1900 Canterbury Road Sacramento, CA. I was operating a dark blue Chevrolet van police vehicle that features a forward facing red light, flashing blue light and audible police siren. Officers and Deputies on scene were operating in marked and un-marked vehicles and were wearing duty belts with modified uniforms consisting of tan pants and black tactical vests with the words "POLICE" or "SHERIFF" clearly visible on both sides of the vests in approximate 4" lettering. I observed/performed the following in summary:

Via radio SPD Ofc. Buno advised that he observed [REDACTED] exit a hotel room on the upper floor on the south east side of the structure. Furthermore, he advised that [REDACTED] and his girlfriend [REDACTED] were walking down the stairs and walking towards their black Chevrolet Impala. SPD Sgt. Joshua Kirtlan (driving a white unmarked police truck) and myself drove from the west parking lot towards the south parking lot. I activated my overhead forward facing red light and observed [REDACTED] immediately start to run east bound towards the black Impala which was parked in between (2) two other vehicles. It should be noted that W-[REDACTED] was sitting in the driver's seat of his tan SUV and witnessed the event.

Due to the fact that the events unfolded rapidly, and I was dressed in undercover attire, I quickly donned my police vest and was unable to activate my body worn camera until the middle stages of the event.

Sgt. Kirtlan positioned his white police truck in front of the Impala, and I positioned my blue police van behind the white truck with activated red light.

I observed [REDACTED] run behind the Impala and circle around to enter the driver's seat of the vehicle with the door in the open position. I then observed Sgt. Kirtlan run to the driver's side of the Impala and give [REDACTED] verbal commands at gun point to get out of the vehicle (See Sgt. Kirtlan's supplement). As I approached the front of the Impala I observed [REDACTED] reach his right hand towards the right side of the steering column as if he was attempting to start the vehicle. [REDACTED] was not complying with any verbal commands given and appeared to be actively resisting. I then ran around around the back of the vehicle and noticed that the rear brake lights were on indicating that his foot had depressed the brake pedal as if he were trying to put the vehicle into "drive". When I approached the open driver's door I assisted Sgt. Kirtlan who was attempting to control [REDACTED] hands from touching the ignition and the steering wheel. Due to the lack off room in the

driver's compartment I exited the front seat area and entered the driver's side rear seat and attempted to restrain [REDACTED] from behind while he actively resisted and appeared to continue to try and operate the vehicle. At this time I observed SPD Ofc. Airoso enter the passenger seat of the vehicle and help to control [REDACTED] hands and place him in hand cuffs. (See Ofc. Airoso's supplement). Due to the fact that [REDACTED] was in the front seat, sitting down, I was attempting to assist with handcuffing [REDACTED] in front of his body temporarily to control his movements and remove him from the vehicle. I gave [REDACTED] no less than (3) commands to "stop". Once [REDACTED] was handcuffed (in front) Sgt. Kirtlan and I removed [REDACTED] from the front seat area. Because myself and other officers had limited space between the Impala and the tan SUV parked immediately adjacent (approximately 3') I attempted to pull [REDACTED] towards the rear of the vehicle so that we would not be pinned between the two vehicles. Once myself, Sgt. Kirtlan and [REDACTED] reached the back of the vehicle I assisted [REDACTED] to the ground. Due to the fact that [REDACTED] was handcuffed in front of his body and had not been searched, I attempted to pin him to the ground so that he could not access anything in his waistband until a proper search was conducted. Once [REDACTED] was on the ground I completed a partial search of his person, and located an approximate 5" razor knife in his front right pocket.

Once [REDACTED] was secured enough to assess the rest of the scene, and the scene was secured. Officer's devised a plan to place [REDACTED] in handcuffs behind his body instead of the front and complete a thorough search. (See K9 Ofc. Yasonia's supplement).

I conducted a canvass of the area and observed surveillance cameras affixed to the hotel. I obtained a statement from witness [REDACTED] who was in the driver's seat of the tan SUV. (See statement).

I escorted [REDACTED] to [REDACTED] in the back of the Sacramento City Fire ambulance.

I obtained a Mirandized statement from [REDACTED] (See statement).

I initiated a hospital watch log.

***** 11-21-2018 *****

At approximately 1000 hours, I contacted the management at the [REDACTED] and obtained high definition surveillance footage of the aforementioned incident. It should be noted that the time stamp on the footage has a 1 hour deviation to real time.

I burned the footage onto a compact disk and booked it into evidence at 300 Richards Blvd.

I, Deputy Lawrence #685, am currently assigned to the Sacramento Regional Post Release Community Supervision (PRCS) Team. Our primary duties include, but are not limited to, identifying, monitoring, and closely supervising AB 109, probation and parole releases that have a high probability of relapsing into criminal behavior, intervention and referrals, participation in surveillance, searches and apprehension of persons with fresh criminal charges, probable cause wants, outstanding warrants and responding to regional crime series.

On November 15th, 2018 the PRCS team received information that [REDACTED] [REDACTED] had an outstanding felony no bail Parole violation (PC 3056) arrest warrant which was issued on October 25th, 2018 by the California Department of Corrections and Rehabilitation (CDCR) ([REDACTED] [REDACTED]).

On November 15th, 2018 I authored a GPS locate warrant for target numbers [REDACTED] and [REDACTED] based on information I had obtained which led me to believe these phone numbers were being used by [REDACTED] [REDACTED] and [REDACTED]. The Search Warrant was issued by Honorable Judge Allen Sumner. After the search warrant was issued by Judge Sumner I received information that [REDACTED] may be an old phone number that is no longer in use. I executed the Search Warrant on November 15th, 2018 solely for target number [REDACTED]. (See attachment)

On November 19th, 2018 I authored a GPS locate warrant for target number [REDACTED] based on information I had obtained which led my to believe these phone number were being used by [REDACTED] and [REDACTED] [REDACTED]. The Search Warrant was issued by Honorable Judge David W. Abbott and I executed the search warrant on the same date. (See attachment)

The results of the search warrants were additionally provided to Sacramento Police Officer Buno who attached the results to this report. (See attachments)

On 11/20/18 at approx. 1725 hrs., I (Kirtlan #3122) was on duty as the sergeant of the Post Release Community Supervision Team. We are a multi-jurisdictional fugitive team. I was wearing a plain clothes uniform and at the time of this incident I had donned a black vest which has "POLICE" written in yellow lettering on the front and back of it. I was driving an unmarked white Ford F150 pick-up truck.

We were looking for parolee-at-large [REDACTED] at the request of Supervising Parole Agent A. Quintana. He had requested our assistance last week with locating and apprehending [REDACTED] due to him being wanted by parole (felony warrant) and for taking SSD on a high speed pursuit (PC want). He also had a misd. warrant for a violation of 11377(a) HS. I was also told that I reviewed [REDACTED] past and current charges and told Agent Quintana that we would assist.

At approx. 1725 hrs., I was at 1900 Canterbury Rd. (SureStay Plus Hotel) looking for the 2018 Chevy Impala that we knew [REDACTED] was possibly driving. When I got to the south side of the building, I observed a car backed in that matched but that had a paper plate on the front. The paper plate was from [REDACTED] in Placerville. I likely knew that I had the right car based upon ties that [REDACTED] has in that area. I radioed to my team to start my way. I parked to the west of the car as I did not want to get burned. I would of been able to see it leave but not necessarily if someone got in it from the bottom floor of the hotel. I would of been able to see someone come down the stairs from the second floor towards the car but not get into it.

Officer Buno was able to get eyes on the south side of the hotel (see his observations). We requested K9 and had Gang Suppression Units start our way. We also requested air support. My body worn camera was not activated due to the fact that I forgot to activate it due to all the other things I was dealing with such as coordinating units, getting units into position, listening to Officer Buno give updates, and eventually moving in on [REDACTED] in a hasty fashion.

At approx. 1749 hrs., Officer Buno said that he saw [REDACTED] walking towards the stairs. Once [REDACTED] started walking down the stairs, the decision to move in was made in an effort to keep [REDACTED] out of the car due to his propensity to flee from law enforcement. I was the lead car. I pulled up in front of the Impala and got out. [REDACTED] looked at me as he was on the passenger side of the Impala. He ran around the back of the car and got into the drivers seat. I ran over and held the door open. I was giving him verbal commands to stop however he did not comply. I holstered my handgun and went hands on with [REDACTED] in an attempt to keep him from starting the car and taking off. He had his left hand on the steering wheel and his right hand was feverishly pushing a button on the dashboard to the right of the steering wheel. I figured that this was the ignition button. I was trying to pull [REDACTED] arms away from the steering wheel and the button that he was pushing but my efforts were futile as [REDACTED] was showing ungodly strength for a man of his stature. Fearing for my life as well as for other officers on scene, I knew if [REDACTED] started the car and drove away (and most likely into my truck) that I or others would of sustained grave bodily injury. I began to use closed fist hand strikes to the area of [REDACTED] face and chest in an attempt to get him to comply. My attempts were to no avail. Officer Schoen got into the backseat to assist me (see his observations) and Officer Airoso got into the front passenger seat to assist me.

We were finally able to get [REDACTED] handcuffed albeit in the front of his body. We had no other choice at that point. I was able to drag [REDACTED] from the car. The incident in the car lasted approximately 1 minute and 50 seconds er the surveillance footage from the hotel. Once out of the car, [REDACTED] was able to regain some balance.

Officer Schoen was able to take [REDACTED] to the ground in an attempt to not let him flee. I assisted with the take down and control of [REDACTED]. Eventually the decision was made to get the handcuffs to the rear of [REDACTED] (see Officer Yasonia's observations).

I requested code-3 fire as I was advised that [REDACTED] may have sustained an injury to his arm. Shortly thereafter, SFD Engine 20 and SFD Medic 4 arrived on scene. Medic 4 transported [REDACTED] to the [REDACTED] as Officer Schoen rode with them for safety purposes.

CSI25 arrived on scene for photos.

Once the scene was stabilized, I went to the hospital to assist Officer Schoen. Several hours later, we were notified by hospital staff that [REDACTED] had a fractured left humerus and that it would require surgery.

On 11-20-2018, at approximately 1731 hours, I was working full uniformed patrol in a marked Sacramento Police Department "K9" patrol vehicle. I contacted and briefed by Officer Buno regarding an active operation they were working at 1900 Canterbury Rd. He advised that (S) [REDACTED] was an wanted parolee at large and had fled from officers earlier in the day. I responded to the area of the location and arrived on scene at approximately 1742 hours. I observed the following in summary:

I conducted records checks and confirmed that [REDACTED] ([REDACTED]) was a parolee at large. I also observed that he had an active misdemeanor warrant for his arrest for 11377(A) HS. A check through WEBKPF showed him to have priors for burglary, unlawful possession of firearms, and DUI.

At approximately 1750 hours, Officer Buno put out over the radio that (S) [REDACTED] along with multiple other subjects were exiting a room and walking toward a vehicle in the parking lot. I began to respond to the south parking lot of the complex along with multiple officers of the PRCS team and Gang Enforcement Team (GET).

I observed officers start to attempt to detain (S) [REDACTED] and another male

subject he was with. At this time Officer Buno put out that one of the other males was running eastbound on the 2nd level of the complex. I responded to the east side of the complex and observed a male subject on the 2nd level attempting to flee our contact (later identified as [REDACTED]). I held the subject at gunpoint and ordered him to get onto the ground. He complied. I kept him at gunpoint until Officer Buno responded to my location and handcuffed him.

I then responded back to the south side of the lot to assist. I observed multiple officers still struggling with (S) [REDACTED] on the ground near a black Chevrolet sedan. They were attempting to handcuff him but he appeared to be flexing and preventing their attempts. One of the officers cut off his backpack and I assisted in taking the backpack from the officer and placing it on a PRCS vehicle.

Officer Buno advised that he was concerned with the room that he observed them exit while we were still attempting to get everyone detained. I set up an entry team with GET officers and Officer Yasonia. I gave multiple knock and notice admonishments to room # [REDACTED] advising of a parole search to no response. We were able to key the door and clear the room. Nobody was located inside.

(Body worn camera activated after [REDACTED] was detained on the east side of the lot.)

I then assisted the PRCS team in scene security. No further actions.

I, Ofc. Airoso #554, am currently assigned to the Gang Enforcement Team in the North Sacramento area. Our responsibilities are to gather intelligence regarding gang related activity, to respond to and investigate gang related crimes, and to conduct pro-active enforcement to help reduce gang and gun violence in the Sacramento area.

*****Body worn camera on and functioning*****

On 11/20/2018 at approx. 1729 hrs, I (Ofc. Airoso #554) responded to the area of 1900 Canterbury Rd to assist the Sacramento Police PRCS team with an attempt pick up of a known, wanted subject, identified as [REDACTED]. Prior to my arrival I conducted a records check of (S) [REDACTED] via Sacramento Co. WEB KPF and found him to be on active PRCS parole and was listed as a parole at large. I contacted Sgt. Kirtlan who advised (S) [REDACTED] was confirmed a Parole at large and has a history of running from the police. I observed the following in summary.

I arrived on scene and positioned my vehicle north of the parking lot. I was advised by unmarked units on scene that (S) [REDACTED] was walking down the stairs towards his vehicle. At the order of the PRCS units, myself and

an additional K9 unit moved into the area.

As I entered the parking lot, I could hear, units on the radio advise a subject was running. I rounded the corner and observed several unmarked units already on scene. I exited my vehicle and observed Sgt. Kirtlin inside of the driver's side door of (S) [REDACTED] vehicle. I appeared he was struggling with (S) [REDACTED].

I was in fear that because (S) [REDACTED] knew he was wanted and has fled from police in the past, he may be willing to do anything to get away and could possibly be armed.

I entered the vehicle through the unlocked passenger side front door and observed (S) [REDACTED] actively resisting Sgt. Kirtlin's attempts to detain him.

I observed (S) [REDACTED] using his hands in a pushing motion, punching at Sgt. Kirtlin. I attempted to gain control of (S) [REDACTED] right hand and I could feel him pull away and he struck me one time in the chest. I again attempted to gain control of (S) [REDACTED] right hand and he again pulled away from me and punched at my self and Sgt. Kirtlin.

I observed (S) [REDACTED] grab his left wrist with his right hand and refused to let go. I gave him many verbal commands to stop resisting and stop fighting.

I could not break (S) [REDACTED] grip so I several pugilistic distracting blows to the wrist lock to gain compliance. (S) [REDACTED] then released his grip and used his right hand an attempted to strike.

I reached into my hand cuff case and retrieved my handcuffs. When I attempted to detain (S) [REDACTED] in hand cuffs, I observed (S) [REDACTED] use his right hand an attempt to start his vehicle. I was in fear that (S) [REDACTED] may start his vehicle and attempt to flee with officers in the vehicle.

(S) [REDACTED] continued to attempt to pull his arms away and fight with officers on scene. During the duration of the incident, I continuously gave (S) [REDACTED] loud verbal commands to stop resisting and stop fighting.

I was able to finally secure (S) [REDACTED] in handcuffs. I observed Sgt. Kirtlin pull (S) [REDACTED] out of the vehicle and he grabbed the steering wheel. (S) [REDACTED] lost his grip on the steering wheel and he was removed from the driver seat.

I exited the vehicle and observed (S) [REDACTED], detained on the ground with his hands cuffed in the front.

Ofc. Schoen told (S) [REDACTED] to relax and stop resisting. As we attempted to position (S) [REDACTED] to re-secure his hands to the rear, he began to tense up and kick his legs.

At this point I began to feel the fatigue of the incident and I was in fear that if (S) [REDACTED] continued to resist, I could lose my ability to protect my self. I put my bent knee on his back and used my body weight to keep him from getting up. I again told (S) [REDACTED] to stop resisting and accessed my taser. I told (S) [REDACTED] to stop resisting or he would be tased.

I could feel (S) [REDACTED] tensing his body and pulling his arms underneath him. I grabbed the handcuff chain and pulled his hands out from under his body, which he resisted my efforts. I gave (S) [REDACTED] several more commands to stop resisting. It took three officers to prevent (S) [REDACTED] from getting up.

We again attempted to position (S) [REDACTED] with his hands behind his back. I attempted to secure his hands. I could feel (S) [REDACTED] tense up again and he tried to pull his hands under his body.

Ofc. Yasonia arrived on scene and relieved me. (See Ofc. Yasonia's obs).

I assisted officers as they attempted to place (S) [REDACTED] hands behind his back. (S) [REDACTED] left hand was removed from handcuffs and was secured by Ofc. Yasonia. I secured (S) [REDACTED] right hand and could feel (S) [REDACTED] tense up again and attempt to pull his arms away from officers.

After a short struggle we were able to secure (S) [REDACTED] hands behind his back.

After (S) [REDACTED] was hands were detained behind his back, I sat him up in the seated position.

I conducted a search incident to arrest of the front passenger seat with nothing of not located.

I remained on scene while PRCS units completed their investigation. I completed a SAC PD 188 form and requested a tow for the vehicle.

On Tuesday 11/20/18 at approximately 1736hrs, I Ofc. Yasonia (577) was dispatched to the area of 1900 Canterbury to assist the PRCS (Post Release Community Supervision Team) with an attempt pickup of (s) [REDACTED]. Officers had a visual of (s) [REDACTED] at the location and were waiting until K9 resources were in place prior to making contact. I was in full K9 duty uniform and driving a marked K9 patrol vehicle. I observed the following in summary:

I was initially made aware of this call around 1500hrs when K97 (Ofc. Harshbarger) and K93 (Ofc. Hoversten) were assisting the PRCS team in looking for (s) [REDACTED]. I conducted a records check on (s) [REDACTED] and found him to be a parolee-at-large (3056PC). I also viewed [REDACTED] recent booking photo. [REDACTED] had an extensive criminal history which included prior arrests for: 273.5PC (Domestic violence), 12021PC (Possession of a firearm by a felon), 12025PC (Carrying a concealed firearm), 459PC (Burglary) and multiple parole violations (3056PC). The notes on the call also had him listed as being PC arrestable. Ofc. Harshbarger and Hoversten advised that he had a PC want for 2800PC (Felony evading).

When I was requested at 1736hrs, I responded to the area to help with

containment of the suspect. While en-route, Sgt. Kirtlan (UNN40 #3122) authorized the use of K9 to search for and if necessary apprehend [REDACTED] based on the following information known at the time:

- 1) [REDACTED] was wanted for a parole violation (3056PC-Felony). [REDACTED] was on parole for 459PC (Burglary) and 12021PC (Possession of a firearm by a felon). In [REDACTED] parole conditions it stated that he shall not consume alcohol or drugs and that he cannot have any contact with any gang members or have any gang related indicia on him.
- 2) [REDACTED] had a PC want for 2800.2VC (Felony Evasion).
- 3) [REDACTED] had prior arrest for multiple firearms violations. [REDACTED] person and vehicle were unsearched for traditional and non-traditional weapons.
- 4) If allowed to escape on foot or in a vehicle, [REDACTED] would be entering a residential neighborhood. Any flight by [REDACTED] would increase the risk of injury to the public and officers. The utilization of a trained police service K9 sent directly to apprehend [REDACTED] in the event he fled could prevent him from concealing himself in another location, gaining access to traditional and non-traditional weapons that could be used against officers or citizens and would increase the safety of officers who would be searching [REDACTED] as well as the public.

Just prior to arriving on scene Ofc Buno broadcast over the radio that (s) [REDACTED] exited the hotel room and was walking towards the stairs. [REDACTED] was identified as wearing a red shirt and black pants. I then heard an officer broadcast that a MHA was running eastbound through the complex. Based on this information and not knowing whether or not it was [REDACTED] I responded to the area of Garden St and Oxford St in case the subject went northbound through the gate or ran into the neighborhood. A short time later Sgt. Kirtlan (UNN40) broadcast over the radio that he was still fighting with one. I responded code 3 to the south side of the business to assist officers.

I arrived on scene and found Sgt Kirtlan, Ofc. Airoso and Ofc. Schoen in between a black sedan and tan SUV. They had one subject (later identified as (s) [REDACTED] on the ground and officers were telling him to "STOP" and that they were going to taze him. Based on officer's commands for [REDACTED] to stop it was evident that [REDACTED] was actively resisting officers. A female in the background (identified as (S) [REDACTED] girlfriend) was yelling at [REDACTED] and said, "STOP!" At the same time Ofc. building at which point I ran upstairs and around the building. I met with Ofc. Buno who advised he was stable and Ofc. Henderson went back to the other side of the building. Knowing this I ran back to the officers who were attempting to take [REDACTED] into custody. As I was running back to Sgt. Kirtlan, Ofc. Airoso and Ofc. Schoen additional officers arrived on scene. I had them detain [REDACTED] and (s) [REDACTED].

I met with Sgt. Kirtlan who was attempting to control [REDACTED] [REDACTED] was still actively struggling on the ground as officers were attempting to control him and were still giving him commands. Officers were tell [REDACTED] to, "STOP." [REDACTED] had a large black backpack on his back and his hands were cuffed in front. I removed [REDACTED] backpack in order to make it easier for officers to place his hands behind his back and cuff him properly per SPD policy. I told Ofc. Schoen to control his legs to prevent him from moving. It should be noted that [REDACTED] was actively rolling around and moving with three (3) officers on top of him. I was unaware of [REDACTED] being thoroughly searched for weapons or contraband. Sgt. Kirtlan advised there was a screwdriver on the ground right next to [REDACTED] Sgt. Kirtlan moved the screwdriver away from officers.

I took over primary control over [REDACTED] and took a prone handcuffing position over him. Prior to removing [REDACTED] handcuffs from the front to move them to the rear, I ordered [REDACTED] to place his hands behind his back. I told him that if he did anything other than what he was told to do, force would be used against him. [REDACTED] verbally acknowledged my admonishment by saying, "Yeah." Sgt. Kirtlan also told [REDACTED] that there were multiple cops over him and to not play any games. Sgt. Kirtlan had control of [REDACTED] hips, Ofc. Schoen had control of [REDACTED] legs and Ofc. Airoso had control over [REDACTED] right arm which had the handcuff still on it. I removed [REDACTED] left hand from the cuff and began to bring it around to his back. As I was trying to place his hand behind his back he made his left hand into a fist and tensed up his arm to prevent me from bringing his arm behind his back. At this point it was evident that [REDACTED] was not going to cooperate with officers. It should be noted that [REDACTED] right arm had a handcuff on it that was actively moving around and posed a potential stabbing threat to officers. I had [REDACTED] left forearm and was attempting to put his hand behind his back.

Ofc. Airoso, Ofc. Schoen and I are all over 240lbs with our gear on and Sgt. Kirtlan is also over 240lbs with his gear on. During the altercation [REDACTED] was able to roll to his right side with all of us on top of him with what appeared to be little effort. When he rolled on his right side it put his back to the front bumper of a SUV that was next to us. With his back against the front bumper I was unable to get his arm behind his back.

Follow Up Report # SA 6

The whole time officers were fighting with [REDACTED] he was given multiple commands to put his hands behind his back. He failed to comply with officers lawful commands and continued to resist our attempts to take him in custody. Due to [REDACTED] being unsearched for weapons and his history of fleeing is was not safe for officers to disengage with him and try alternative means to overcome his resistance. During the altercation [REDACTED] moved away from the vehicle enough to allow officers to regain some control over his lower body, but we could not gain complete control over him and get him into a prone position. [REDACTED] was still violently resisting officers. I was able to get his left arm behind his back and I was attempting to control to his arm to get pain compliance over [REDACTED] As his arm was behind his back and I was attempting to control it by applying leverage to it, [REDACTED] showed no compliance or response to any type of pain or control hold applied to him. When I had his arm behind his back and was applying pressure to it, [REDACTED] was laying on his right shoulder. [REDACTED] made a movement elevating his right shoulder which pushed against my hold and directly increased the pressure on his left arm. When [REDACTED] made that movement, his left arm popped. When [REDACTED] arm popped he screamed and became compliant with officers and placed his hands behind his back at which point officers placed him in handcuffs.

After the struggle I noticed that all officers involved in the altercation were breathing heavily as a result of the intensity and duration of the incident.

Once [REDACTED] was placed in handcuffs I requested code 3 fire and medical. [REDACTED] was also placed into the recovery position. Sac fire medic 4 and engine 20 arrived on scene. Medic 4 transported [REDACTED] to [REDACTED].

While officer's remained with [REDACTED] I assisted officers with clearing room [REDACTED] No one was located inside the room.

See supplements for other officers actions and canvass (see supplement).

My body worn camera was on during the incident.

On 11-20-18 at approx. 1751 hrs, I (Ofc. Tersteege #425) was dispatched to 1900 Canterbury Rd regarding PRCS units doing an attempt pick-up on a wanted fugitive.

I responded CODE 3 with my overhead emergency lights activated and my siren activated. All incidents were captured on my body worn camera and in car camera. I arrived on scene at approx. 1753 hrs. I observed the following in summary:

Five officers/deputies attempting to detain a suspect in handcuffs. The suspect was face down on the ground and was actively resisting with law enforcement. I was able to see some of the officers/deputies were panting, trying to catch their breath and physically struggling to detain this suspect. So much so that they were tensing their muscles trying to overcome resistance.

I removed my taser and removed the cartridge from the taser. I yelled, "Put you fucking hands behind your back or you will be tazed!"

I began to say the same thing again. This time I held the taser in my left

hand down behind the left side of my body and activated the taser. I "arced" the taser as a show of force to gain compliance from the suspect.

I then repeated that he would be tazed. I let the taser arc for a full cycle (5 seconds) then shut it off and placed it on the ground s I assisted in placing the suspects hands behind his back.

No one including the suspect were tazed.

I then was advised to clear the scene and did so.
