For your review

11/25/2025 06:50 — CG

Police Sergeant Curtis Gates

Tyson,

Is there a better, more applicable, option for the injury description? I know that "minor" is subjective, but I'm not sure that's entirely accurate.

On the subject of injuries, keep this one in your queue until we determine whether it's a Level 1 (SBI) or a Level 2. That way we don't have to change it later.

Please also attach the following: Applicable ICC, General Orders Reviewed, CAD Call, Report, Hard Copy Red Border.

Thanks,

Curtis

SACRAMENTO POLICE DEPARTMENT
Force Investigation Team
Serious Bodily Injury Response

This is a summary of SPD 25-306462 that occurred on 11/23/2025 at approximately 0121 hours at 2004 Terracina Dr. in the city and county of Sacramento. The below information is what is currently known to FIT at the time of this writing and prior to the completion of all associated reports.

Call Type
503T/ Stolen vehicle time element

Call Number
SPD 25-306462

Location:
2004 Terracina Dr.

Watch Commander:
Lt. Bevins #4014

District Sergeant:
Sgt. Suehowicz #3023

Primary Officer(s):
Officer Phelan #927

Secondary Officer(s):

N/A

Injured Subject(s):
Lao Vang (12/09/1983, X[redacted])

Witness(s):
Ofc. Kappas #219, Ofc. Ramirez #625 , Ofc Harris #408

Surveillance cameras:
N/A

CSI Response:
Pending

Body Worn Cameras Observed:
Officer Phelan #927

In-Car Camera Observed:
No ICC footage captured the incident

Injuries:
Punctures and scrapes to the calf of right leg
Punctures and scrapes to the shin of the right leg
Laceration to the left finger (from grabbing fence)

Hospital subject transported to:
Kaiser Morse

SB 1421 applicable:
Pending

Summary:

On 11/23/25 at approximately 0346 hours, the Force Investigation Team was notified of a FIT call out related to an incident that occurred earlier in the morning. FIT responded to the SPD North station, where Sergeant Jason Suehowicz #3023 briefed the incident. FIT was provided with the following information.

On 11/23/25 at approximately 0121 hours, SPD K9 Officer Phelan #927 was in the area of Terracina Dr./ Truxel Rd. tracking a stolen car taken from [redacted] N St. from a delivery driver. Ofc. Phelan located the vehicle occupied at Seamist Dr./Waterwheel Dr. where a pursuit was initiated as additional officers arrived. At the time the pursuit was initiated Sgt. Suehowicz #3023 authorized K9. After two unsuccessful PIT attempts and a successful stop stick deployment the vehicle drove through a metal pole and onto a bike path after becoming disabled at 2004 Terracina Dr. The suspect (Lao Vang 12/09/83, X[redacted]) fled on foot until coming to a tall fence where Ofc. Phelan's canine apprehended him with a bite to the right calf/shin area.

Vang was taken into custody and the Sacramento Fire Department responded to the scene. Vang was transported to Kaiser Morse for medical treatment and an update on the severity of his injuries is pending.

Hello,

The above blue team is finished being reviewed and has been provided with a disposition. In accordance with new procedures, I am sending the list of involved officers so that you can provide them with the email below. Please let me know if you have any questions or concerns.

The involved officers are:

Ofc. Michael Phelan #927

Thank you,

Colleen

Hello,

A review of use of force 25-306462 has been completed. The incident was found to be:

UOFRB found the incident to be within policy.

You are receiving this email because you were involved in the Blue Team review. By accepting this email, you are not agreeing to the contents, only confirming that you have received it.

If you wish to review the contents of the Blue Team review, please contact your Chain of Command. They can either provide a verbal review with you, or request a redacted copy, pending your preference.

If you wish to provide a written response, please provide your response in memorandum format. The memorandum should be sent to your assigned Captain and the Professional Standards Unit (Sergeant Ryan Davis and Colleen Barker) within 30 days from

receipt of this email. If you do not wish to make a written response, no further action is required.

Thank you,

Colleen Gray

522.02
MEDICAL TREATMENT
03-12-2025

PURPOSE
The purpose of this order is to establish procedures for providing medical treatment to individuals.

POLICY
It shall be the policy of the Sacramento Police Department (SPD) to provide emergency medical treatment to individuals under police care or control while ensuring their safety and that of others during treatment.

PROCEDURE
A. GENERAL
   1. Officers and community service officers shall:
      a. Be issued a first aid kit.
      b. Maintain their assigned first aid kit in good working order.
      c. As soon as practical, replenish used first aid supplies from:
         (1) Designated first aid supply officers.
         (2) Assigned station supplies.
      d. Contact their supervisor to report any deficiencies with their assigned first aid kit.
      e. Receive mandated training related to emergency care every two years in accordance with California Code of Regulations, Title 22, § 100017, which includes:
         (1) First aid.
         (2) Cardiopulmonary Resuscitation (CPR).
         (3) Use of the Automated External Defibrator (AED).
         (4) Blood borne pathogens.

B. EMERGENCY MEDICAL TREATMENT
   1. Officers and community service officers shall provide medical aid (e.g., first aid, use of an AED, or CPR) to individuals in need of immediate care if treatment does not jeopardize the safety of any person.
      a. Aid is based on an employee's level of training and current certifications.
   2. When employees determine medical treatment is necessary, employees shall notify the SPD Communications Center to request emergency medical services (EMS) response.
      a. If a subject requests medical aid, employees shall request EMS. The failure of a subject to give a reason for requesting medical aid shall not deter an employee from requesting EMS.
      b. Employees shall provide the following information to the SPD Communications Center to ensure an appropriate EMS response:
         (1) Location.
         (2) Nature of the incident, if apparent.
         (3) Any known scene hazards.
         (4) Known or apparent information of the person's medical condition, including but not limited to:
            (a) Observed signs and symptoms.
            (b) Changes in apparent condition.
            (c) If known, number of persons, gender, and age.
            (d) Level and status of consciousness, breathing, and alertness.
            (e) Signs or symptoms of medical distress; perceived consumption of drugs or alcohol.
   3. Employees should take universal precautions when providing medical aid in accordance with General Order 522.05 (Infectious Disease Exposures).
   4. If an employee believes a person is suffering from medical distress, they should place the person into a comfortable position (e.g., seated or supine position) and attempt to keep them calm until EMS arrives.
      a. Behaviors indicative of medical distress include, but are not limited to, irrational or aggressive behavior, incoherent speech, fear, panic, paranoia, unexplained jumping into water, public disrobing, self-inflicted injuries, violence toward or destruction of inanimate objects, extreme pain tolerance, continued struggle despite restraint, dilated pupils, high body temperature, profuse

sweating, unexplained shivering, inconsistent breathing patterns, seizure, unexpected physical strength, or sudden tranquility.

b. If the person is restrained, assign a patient safety officer to monitor the person's breathing and consciousness continuously during and after any restraint until the arrival of medical personnel.

5. If an officer or community service officer believes a person is experiencing a medical emergency involving:
   a. An overdose of opioids, they should administer Narcan in accordance with General Order 522.06 (Administration of Naloxone [Narcan]).
   b. Cardiac arrest, they shall:
      (1) When practical and safe, render first aid.
      (2) Request EMS.
      (3) Request or utilize an AED in accordance with General Order 522.07 (Automated External Defibrillator [AED]).

C. MEDICAL AID RELATED TO USE OF FORCE
1. If an employee applies force to any person, they shall act in accordance with General Order 580.02 (Use of Force).

D. TRANSPORTING ILL AND INJURED PERSONS
1. Unless no reasonable alternatives exist, employees should not transport individuals who are unconscious, have serious injuries, or may be seriously ill. EMS personnel should be called to handle patient transportation.
2. Officers shall search any person in their custody before releasing them to EMS for transport.
3. If it is safe, officers should consider removing handcuffs if advantageous to medical treatment when a person in their custody becomes unconscious or incapacitated.
4. Transportation of prisoners shall be in accordance with General Order 523.02 (Prisoner Security).
5. An officer should accompany any individual during transport in an ambulance when:
   a. A security concern arises.
   b. It is necessary for investigative purposes (e.g., to obtain a dying declaration).
   c. Directed by a supervisor.
6. Officers should not provide emergency (code-3) escort for medical transport or civilian vehicles.

E. EMERGENCY MEDICAL AUTHORITY
1. A person with the highest-level of medical aid training and current certifications on scene is in charge and responsible for the examination, treatment, and transportation of medical patients.
2. Officers shall inform EMS if a patient is in custody and request the patient be transported to a facility designated to handle prisoners.
3. Employees do not have the authority to order any person to cease performing CPR or interfere with EMS.

F. RESPONDING TO MEDICAL AID-ONLY CALLS
1. When the SPD Communications Center receives a call from the fire department for assistance with a medical aid-only call, the dispatcher or dispatch supervisor, shall advise the district sergeant or watch commander.
   a. The district sergeant shall determine if officers will be dispatched and should evaluate the need for a supervisor to respond to the call.
   b. The fire department shall be considered the lead agency of medical aid-only calls and have primary scene control for the purpose of rendering medical aid.
2. If questions or concerns arise on medical aid-only calls, the on-duty watch commander shall coordinate with the on-duty fire battalion chief to ensure police and fire personnel are working together to handle the call properly.
3. Officers shall not apply force to any subject of a medical aid-only call for service, unless in accordance with:
   a. General Order 580.02 (Use of Force).
   b. General Order 522.01 (Handling Mentally Ill Persons).

G. REFUSAL OF MEDICAL ATTENTION
1. The SPD does not have authority to force a non-arrestable injured or ill person of a sound mental state to receive or submit to medical treatment or to be transported to a medical facility.

a. In cases in which mental health disorder may be a factor when rendering medical aid, officers shall evaluate the person for a detention for evaluation and treatment in accordance with Welfare and Institutions § 5150 and General Order 522.01 (Handling Mentally Ill Persons).

2. When officers encounter a non-arrestable injured or ill person involving a refusal to accept medical treatment and EMS has not responded, they shall complete an incident report that documents all of the facts and circumstances.

525.03
IN-CAR CAMERA
03-03-15

PURPOSE
The purpose of this order is to establish procedures to ensure that digital in-car camera systems are used to accurately and independently document the actions of citizens and employees.

POLICY
It shall be the policy of the Sacramento Police Department to use digital in-car cameras in a manner that will assist in criminal prosecutions or civil litigation by providing a recording of the incident that may supplement an officer's report and help document professional police conduct.

PROCEDURE
A. DEFINITIONS
1. ICC Front End Client – Panasonic ICC Arbitrator 360's software solution to control the system's functionality in the mobile environment.
2. ICC Back End Client – Panasonic ICC Arbitrator 360's software solution used to view and archive recorded ICC video after it has been off-loaded from the vehicle.

B. USE OF THE EQUIPMENT
1. All employees shall utilize the in-car camera (ICC) system in accordance with Department training and this order whenever operating a vehicle equipped with an ICC.
2. All employees who utilize the ICC system shall have an operational wireless microphone.
   a. If an employee's microphone is malfunctioning, the employee shall immediately contact his/her supervisor, if available, or the district supervisor for a replacement.
   b. If an employee's microphone is lost or stolen, the employee shall immediately contact his or her supervisor and submit a Red Border form (as required in G.O. 410.02) through the chain of command with a summary of the circumstances.
   c. If no replacement microphone is available, that fact shall be noted in the Remarks section of the MDC log-on screen along with the supervisor's name.
3. At the start of a shift, employees operating an ICC equipped vehicle shall check the system to ensure that it is operating properly. This shall include
   a. Checking the wireless microphone for function and battery strength.
   b. Positioning the transmitter and microphone properly. Wireless microphones shall be carried on or above the employee's duty belt. Suggested positions for the wireless microphone are
      (1) The duty belt.
      (2) Inside the uniform shirt pocket.
      (3) On the uniform epaulette.
   c. Positioning the cameras to record events.
   d. Activating the system and recording a five- (5) second test. The employee will then confirm on playback that the system recorded.
4. In the event an ICC equipped vehicle is malfunctioning, employees shall
   a. Place the vehicle on the "dead line."
   b. Prepare a Fleet Management Equipment Request/Repair Form that includes a description of the problem.
   c. Notify the employee's supervisor of the malfunction.
   d. Take another ICC equipped vehicle from the "ready line."
      NOTE: In the event of a shortage of vehicles for a scheduled shift, only a sergeant or higher authority can authorize an officer to use a vehicle with a non-functioning ICC system; officers

shall list the name of the authorizing supervisor and that the ICC system is not functioning in the Remarks section of the MDC log-on screen.

5. During a shift, employees who encounter a problem with the ICC system shall contact their supervisor. Supervisors shall determine if a vehicle should be dead-lined if the ICC system is not functioning.
6. Employees shall complete a journal entry on their unit history, to include the nature of the problem, the name of the notified supervisor, and whether the vehicle was dead-lined or remained in service.

C. USING THE SYSTEM

1. Prior to going in service, each officer will be required to log into the ICC Front End Client with a username and password.
2. The ICC system can be activated manually by pressing the "Record" button on the camera, wireless microphone, or the "Arbitrator 360 Front End Client Application."
3. The ICC system has four (4) automatic activation triggers
   a. Light Control: The ICC system will automatically begin to record when the patrol vehicle's emergency lights are activated.
   b. Speed Activation: The ICC system will automatically begin to record when the patrol vehicle's GPS speed reaches 90 MPH.
   c. [redacted]
   d. Crash Sensor: The ICC system will automatically begin to record if the vehicle is involved in a collision.
4. The ICC system will save 30 seconds of video recorded before the system was activated by any of the triggers. The ICC system will record an additional 30 seconds of video after the system is stopped.
5. The ICC system (audio and video recording) shall be activated as soon as practical whenever an officer in an ICC equipped vehicle makes any field contact for enforcement or investigative purposes (e.g., suspicious vehicle, suspicious subject, traffic stop, bike stop, subject stop), whether self-initiated or in response to a dispatched call. When the system has been activated in response to any of the above, the incident/contact shall be recorded until the incident/contact has reasonably concluded.
6. [redacted]
7. The ICC system shall be activated whenever a patrol vehicle is involved in a pursuit or operating Code 3. Officers who reduce driving Code 3, but continue to the call, shall not turn off their ICC until the incident has reasonably concluded. [see GO 521.01 (Pursuit of Vehicles) and GO 521.02 (Code 3 Driving)].
8. If an employee is unable to activate the ICC system, or the system fails to record all or part of an event, the employee shall immediately contact his/her supervisor and note the reason that a recording was not made on the call history and in the appropriate report(s).
9. In the event that an employee has recorded an incident that may have significant evidentiary value, the employee shall contact the appropriate supervisor as soon as practical. If the supervisor determines that the recorded material is of significant evidentiary value, the vehicle shall be driven to the nearest station for wireless video offload as soon as possible.
10. Employees shall note in reports, on citations, or on the related calls (e.g., when no report is generated) if the ICC system was used during the event being documented. Employees clearing a call in CAD in which the ICC system was activated shall
    a. Note in the "Remarks" data field that a recording was made.
    b. Classify the recording by selecting a specific incident type from the drop-down list.
    c. Enter the call number in the notes box.

11. Employees may review videos and make notes in recordings using the ICC Front End Client prior to the video being wirelessly off-loaded from the vehicle. After the video is off-loaded, officers will only be able to review and make notes using the ICC Back End Client. Employees will only have access to the video footage captured by their assigned ICC.
12. Supervisors will have the ability to view all recorded ICC video utilizing the ICC Back End Client.
13. Employees shall not tamper with or modify any part of the ICC system.

D. SUPERVISORS' RESPONSIBILITY
1. Sergeants shall ensure that a burned DVD for an event listed in F1 is properly booked under the corresponding case number.
2. Watch commanders, Homicide supervisors and Internal Affairs shall
   a. Maintain keys to the ICC recorder locker (located in the vehicle's trunk) in the event the vehicle is disabled or recordings are required immediately.
   b. Download the ICC video into the Back-end Client by using a card reader located at the nearest station.
   c. Return the SD Card to PSIT in a completed SD Card envelope.

E. VIDEO REVIEW
1. Authorized employees may review video footage captured by the ICC system via the Back End Client application.
2. Sergeants and above shall have access to video footage of all users. This will allow instant access when creating or reviewing a Pursuit Report or Use of Force Report in Blue Team and for training or administrative purposes.
3. Officers who are assigned as a long-term Acting Sergeant (pursuant to a transfer order) may be granted access to review video footage. Access shall be removed when the officer is no longer a designated long-term Acting Sergeant.
4. Digital recordings shall only be reviewed by authorized personnel when it is
   a. Part of a Department investigation that is referred to the Internal Affairs Division.
   b. Part of a personnel complaint.
   c. Part of a civil claim.
   d. Part of an administrative investigation.
   e. Necessary to ensure compliance with this order.
   f. Needed by officers for their own cases (e.g., in response to a subpoena for traffic court).

F. ICC RECORDING DUPLICATION
1. ICC duplications shall not be made without an approved SPD 524 (Video Request Form). The SPD 524 may be approved by
   a. A sergeant or higher authority.
   b. The Internal Affairs Division.
   c. The Professional Standards Unit.
   d. The District Attorney's Office.
   e. The City Attorney's Office.
   f. A Supervising Police Records Assistant in response to a subpoena.
2. Duplication requests shall be received by EPS at least seven (7) business days before the date required.
3. An SPD 524 is NOT required when the Digital ICC recording is downloaded by
   a. A sergeant or higher authority.
   b. The Internal Affairs Division.
   c. The Professional Standards Unit.
   d. Court Liaison personnel.
   e. Authorized Public Safety IT personnel.
   f. Officers for their own incidents.

4. When a copy is made, the back-end client will create a traceable journal entry for that particular video that contains the date/time of the copy and employee's name and badge number. NOTE: A remark shall be added to the video giving the reason for the copy and the name of the approving supervisor.
5. Recordings created by the ICC system are not to be booked as evidence unless they contain evidentiary information useful in investigations, including, but not limited to
   a. Homicide investigations.
   b. Officer involved shooting investigations.
   c. In custody death investigations.
   d. Major officer involved collisions.
   e. Upon the direction of a lieutenant or designee.

G. OUTSIDE LAW ENFORCEMENT AGENCY REQUESTS

1. All outside law enforcement agency requests for recordings of In-Car Camera footage or footage captured from the Air Unit shall be sent to the Professional Standards Unit.
2. These requests shall be approved by the PSU supervisor. Exception: A watch commander may authorize the immediate copy and release of ICC footage to outside law enforcement agencies when it is essential to an ongoing investigation.
3. Approved requests shall be processed by the Evidence & Property Section, except for Air Unit footage. The Air Unit supervisor can make copies of Air Unit ICC footage when requested by PSU or EPS personnel.

H. ICC RECORDING ARCHIVE

1. Original recordings produced by the ICC system must be maintained for a period of eighteen months from the date they were created. Original recordings that are evidence in any criminal case, administrative investigation, any claim filed, or any litigation shall be preserved until the matter is resolved.
2. Original recordings produced by the ICC system and any copies made are the property of the Department and may not be used for any personal or commercial purposes. Copies made for court or other review purposes shall be securely destroyed or returned to EPS as soon as practical. Once returned, the copied DVD shall be destroyed if it is not needed for further proceedings.

525.07
BODY-WORN CAMERA
1-16-19

PURPOSE

This policy is intended to provide officers with instructions on when and how to use body-worn cameras (BWCs) so that they may reliably record their investigations and enforcement activity in accordance with the law and in order to provide accountability and transparency to the public.

POLICY

It shall be the policy of the Sacramento Police Department (SPD) to utilize a BWC in a manner that will assist in criminal investigations and prosecutions as well as civil litigation, by providing a recording of the incident that may supplement an employee's report and help document police conduct, investigations, and enforcement activity.

PROCEDURE

A. DEFINITIONS

1. On Position - Switching the on/off switch of the camera into a standby mode which allows the camera, when activated, to capture the previous 30 seconds of video.
2. Activation - Triggering the Body Worn Camera by touch or any other method, which initiates the audio and video recording functions.
3. De-Activation – Discontinuing audio and video recording and returning the camera to a standby mode in the on position.
4. BLUE TEAM (BT) – IA Pro Blue Team is Web-based computer software that allows sergeants to enter use of force incidents, pursuits, and audits from a Department computer.
5. Muting – A function of the BWC that allows for video recording while audio recording is disabled.
6. Stealth Mode – A function of the BWC where the LED indicator lights, sounds, and vibrations are disabled.

B. GENERAL

1. All employees issued a BWC are required to wear and use their BWCs while working in uniform. A "uniform" is to be considered the standard uniform of the day based on assignment. This would include, but is not limited to, any apparel (e.g., tactical/raid vests, visible badge and firearm) that identifies the wearer as a police officer.
    a. Exceptions:
        (1) Uniformed personnel attending a formal event or funeral.
        (2) Personnel working in an undercover capacity or while conducting plain clothes surveillance where the intent is not to be identified as a police officer and no enforcement action is planned.
        (3) Personnel working in an administrative assignment. However, they shall always have them readily available to use in accordance with this general order.
        (4) Personnel with express managerial approval under special circumstances.
2. BWC video recordings help provide context and capture beneficial information during police investigations and enforcement contacts with members of the public. Because BWC recordings provide only a limited perspective of the encounter, all other available evidence, such as witness statements, employee interviews, forensic analysis, and documentary evidence should be considered before any conclusions are reached.
3. BWC should assist in the following:
    a. Documenting an initial police response.

b. Collecting evidence for use in investigations and prosecutions.
c. Helping employees with completing reports and testifying in court.
d. Deterring criminal activity and uncooperative behavior during police-public interactions.
e. Promoting accountability.
f. Recording video for use in training SPD employees.
g. Documenting the performance and professionalism of SPD employees.

4. BWC video is not meant to replace or to relieve the employee from submitting any documentation as required by policy.
5. All recordings made using BWCs are the property of SPD and will not be released or disseminated to the public without the express written consent of the Chief of Police (COP) or authorized designee or unless otherwise expressly required by federal or state law.

C. EMPLOYEE RESPONSIBILITY

1. Employees issued a BWC shall be trained in the proper use of the device prior to deployment.
2. Employees issued a BWC shall:
   a. Be responsible for the reasonable care and maintenance of the BWC they are issued.
   b. Ensure the BWCs are functioning properly.
   c. Affix their issued BWC to their uniforms above the beltline at the beginning of their shift in accordance with training and the manufacturer's guidelines. The BWC shall be worn for the entire shift.
   d. Ensure their issued BWC is fully charged and has adequate video storage to complete the shift.
   e. Only use BWCs that have been approved by the Department.
   f. Ensure the BWC is placed in the on position after leaving a police facility or a detention facility.
3. Generally, employees shall begin downloading all media prior to the end of their shift; however, supervisors may approve other download schedules when appropriate.
4. When a report is generated, employees shall document their use of the BWC or ensure that it is documented by another employee. Employees are required to spell out “body-worn camera” at least once in the associated report prior to referring to the initials “BWC” later in the report.
5. Employees are authorized to review their own BWC recordings, including prior to giving a statement after being involved in a critical incident, when writing a report, testifying in court or other proceeding, or for any other official use.
6. Employees may be authorized to review other employees’ BWC recording after being involved in a critical incident.
7. Employees shall not tamper with or modify any part of the BWC system.

D. EQUIPMENT REPLACEMENT

In the event an employee’s BWC is malfunctioning, damaged, lost, or unavailable for use:

1. The employee shall notify their supervisor as soon as reasonably practical.
2. The supervisor shall issue a replacement BWC, which are available at each station.
3. The supervisor shall send an email to Public Safety Information Technology (PSIT) that includes the serial number, Blue Tag number, description of the problem, and to whom the BWC was issued.
4. Only a watch commander or higher can authorize an employee to go in service without a BWC due to an equipment shortage or malfunction.

E. REQUIRED ACTIVATION OF THE BODY-WORN CAMERA

1. This policy is not intended to describe every situation in which the BWC should be activated, but rather is designed to provide general guidance. Not all situations will start out as necessitating the activation of the BWC, nor will all events have a clear ending when the BWC is no longer necessary.

2. If immediate activation of the BWC is not feasible due to risk to the safety of the employee or others, the employee should activate the BWC as soon as it is safe to do so.
3. Employees shall activate their BWC during investigations and enforcement activity, including evidence collection, whether self-initiated or in response to a dispatched call.
4. If the BWC was not activated during an investigation or enforcement activity, or malfunctioned, the reason shall be documented on the CAD call.
5. Employees are not required to give notice they are recording when speaking with private citizens during the course and scope of their official duties, even when the contact occurs in a private residence. If asked, employees shall advise citizens they are being recorded. Moreover, employees should strongly consider advising citizens that they are being recorded as a tool to de-escalate a situation.
6. Generally, employees should not record informal or casual encounters with members of the public. Employees should consider that recording people in some circumstances may inhibit sharing information or developing strong ties between members of the community and employees.
7. Absent a deliberate intent to not comply or repeated pattern of non-compliance, the failure to activate the BWC shall not alone constitute cause for discipline.

F. DEACTIVATION OF THE BODY-WORN CAMERA

1. Once their BWC is activated, employees shall not deactivate their BWCs until the investigative or enforcement activity has concluded. If investigative or enforcement activity resumes, the employee shall re-activate the BWC and continue recording.
2. Lieutenants and above have the discretion to authorize or order officers to deactivate their BWCs when appropriate.
3. After a recorded public safety statement is obtained during an OIS the patrol sergeant will instruct involved officers to turn off their BWC so that they can be collected as evidence.
4. Employees shall audibly record the reason for deactivation in all instances.

G. RESTRICTED USE OF THE BODY-WORN CAMERA AND/OR STORED MEDIA

1. Except those instances involving a criminal investigation of department personnel, a conversation amongst Department employees shall not be intentionally recorded without all parties to the conversation being aware that it is being recorded.
2. No BWC will be intentionally activated to record Department personnel during briefings, meetings, roll calls, or while in private spaces such as locker rooms, restrooms, or any other place where a reasonable expectation of privacy exists.
3. The BWC shall not intentionally be activated to record confidential informants or undercover employees.
4. Prior to conducting a strip search, the employee shall record a 360-degree video of where the strip search will be conducted. During the strip search, the BWC will be activated to capture only audio of the event by positioning the camera away from the individual to be searched.
5. Employees should not normally record patients during medical or psychological evaluation by a clinician or similar professional or during treatment, unless necessitated by investigatory or safety concerns. Employees shall be aware of patients' rights to privacy when in hospital settings. When recording in hospitals and other medical facilities, employees should be careful to avoid recording persons other than those who are the focus of the investigations.
6. Employees shall not play back body-worn footage for citizens or the media without prior approval from the COP or authorized designee unless for investigative purposes.
7. Employees who have made an inadvertent recording may request to have that video deleted. Requests shall be submitted to their division captain.
8. Employees shall not:
   a. make copies of any recorded event for personal use.

b. use a recording device such as a cell phone camera or secondary video camera to record a BWC file or image.
c. copy, upload, or disseminate any BWC recordings publicly or privately, nor shall employees post recordings on social media for personal use.

H. SUPERVISOR RESPONSIBILITY

Supervisors shall:

1. ensure that employees issued a BWC have completed required training and are familiar with applicable policies and procedures.
2. conduct periodic inspections of employees issued BWC equipment and ensure that the BWCs are properly affixed to the employees' uniforms and fully operable.
3. have the opportunity to view recordings in the field to mitigate and address citizen complaints when necessary.
4. have access to video footage of all users. This will allow instant access when creating or reviewing a pursuit or a use of force report for training or administrative purposes.
5. conduct audits and ensure compliance in accordance with section M of this general order.

I. USE OF VIDEO FOR TRAINING

1. Recordings may be used for training purposes.
2. When a recording contains footage that may embarrass an employee, consideration should be given before the video is used for training.
3. If a video will be used for training purposes, the Department will notify the employee. If an involved employee objects to the use of a recording, the employee may object in writing through their chain of command to the COP or authorized designee to determine if the training value outweighs the employee's objection. In no event shall any recording be used for the purpose of ridiculing or embarrassing any employee.

J. BODY-WORN CAMERA RECORDING DUPLICATION

1. BWC duplications shall not be made without an approved SPD 524 (Video Request Form). The SPD 524 may be approved by:
   a. a sergeant or higher authority.
   b. the Internal Affairs Division.
   c. the Professional Standards Unit.
   d. the City Attorney's Office.
   e. a Supervising Police Records Assistant in response to a subpoena.
2. Duplication requests shall be received by the Evidence and Property Section (EPS) at least seven (7) business days prior to the date required.
3. An SPD 524 is NOT required when the BWC recording is downloaded by:
   a. a sergeant or higher authority.
   b. the Internal Affairs Division.
   c. the Professional Standards Unit.
   d. court liaison personnel.
   e. authorized PSIT personnel.
   f. employees for their own incidents for official purposes.
4. When a copy is made, the BWC software will create a traceable audit trail for that particular video that contains the date/time of the copy and employee's name and badge number. A remark in the "Notes" section shall be added to the video giving the reason for the copy and the name of the approving supervisor if required.
5. Recordings created by the BWC system are not to be booked as evidence unless they contain evidentiary information useful in investigations including, but not limited to:
   a. Homicide investigations.
   b. Officer-involved shooting investigations.

c. In-custody death investigations.
d. Major officer-involved vehicle collisions.
e. Upon the direction of a lieutenant or designee.

K. OUTSIDE LAW ENFORCEMENT AGENCY REQUESTS
1. All outside law enforcement agency requests for recordings of BWC footage or footage captured from the Air Unit shall be sent to PSU.
2. The PSU supervisor shall approve these requests. Exception: A watch commander may authorize the immediate copy and release of BWC footage to outside law enforcement agencies when it is essential to an ongoing investigation.
3. Approved requests shall be processed by EPS, except for Air Unit footage. The Air Unit supervisor can make copies of Air Unit footage when requested by PSU or EPS personnel.

L. DATA MANAGEMENT AND FILE RETENTION
1. BWC recordings will be retained for a minimum of two and a half years from the date created in accordance with the City of Sacramento Retention Schedule. Video recordings that become evidence will be kept in accordance with the crime classification listing in the City of Sacramento Retention Schedule SPD-007.
2. Any attempt to erase, alter, or tamper with the BWC or its recordings, except as authorized by law or Department policy, will be considered employee misconduct.
3. PSU shall facilitate an external audit bi-annually.
4. Digital evidence captured by BWC shall be treated as official records and handled pursuant to existing Department policies and procedures.

M. AUDIT/COMPLIANCE PROCEDURES
1. Periodic Review
   a. PSIT shall generate a BWC audit on a monthly basis and make that information accessible to all employees.
   b. Supervisors should periodically review the body worn camera audit mentioned in M(1)(a) to help determine if officers are utilizing their BWC in accordance with this policy.
2. Bi-annual Review
   a. Supervisors are required to complete a compliance review for each employee they supervise prior to the completion of the employee's mid-year and end-of-the-year performance evaluations.
   b. Supervisors shall:
      (1) Randomly choose two BWC videos for each employee they supervise which:
         (i) are at least ten minutes in duration.
         (ii) have an associated RMS report.
      (2) Compare the two videos mentioned above, along with ICC video, if captured, and the associated report, to ensure compliance with this policy.
      (3) Generate a Blue Team entry for each BWC video they review.
3. The mid-year and end-of-the-year performance evaluations will have a BWC compliance check box to be marked upon completion of the audit.

580.02
USE OF FORCE
12-16-21

PURPOSE

This policy establishes guidelines for the use and application of force, as well as the procedures for after-force medical care.

POLICY

The Sacramento Police Department (SPD) values the sanctity of human life and the freedoms guaranteed by the United States and California constitutions. Use of force (UOF) by peace officers is of important concern to the community. The role of law enforcement is to safeguard life, dignity, and liberty of all persons, without prejudice to anyone. Peace officers shall carry out duties, including UOF, in a manner that is fair and unbiased. This policy will be regularly reviewed and updated by the Professional Standards Division to reflect developing practices and procedures.

It is the policy of the Department that a peace officer is justified in using deadly force upon another person only as a last resort when reasonable alternatives have been exhausted or are not feasible and the officer reasonably believes, based on the totality of the circumstances, that such force is necessary.

This policy is based upon Assembly Bill 392 as codified in Penal Code 835a which states:

(a) The Legislature finds and declares all of the following:

(1) That the authority to use physical force, conferred on peace officers by this section, is a serious responsibility that shall be exercised judiciously and with respect for human rights and dignity and for the sanctity of every human life. The Legislature further finds and declares that every person has a right to be free from excessive use of force by officers acting under color of law.

(2) As set forth below, it is the intent of the Legislature that peace officers use deadly force only when necessary in defense of human life. In determining whether deadly force is necessary, officers shall evaluate each situation in light of the particular circumstances of each case and shall use other available resources and techniques if reasonably safe and feasible to an objectively reasonable officer.

(3) That the decision by a peace officer to use force shall be evaluated carefully and thoroughly, in a manner that reflects the gravity of that authority and the serious consequences of the use of force by peace officers, in order to ensure that officers use force consistent with law and agency policies.

(4) That the decision by a peace officer to use force shall be evaluated from the perspective of a reasonable officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time, rather than with the benefit of hindsight, and that the totality of the circumstances shall account for occasions when officers may be forced to make quick judgments about using force.

(5) That individuals with physical, mental health, developmental, or intellectual disabilities are significantly more likely to experience greater levels of physical force during police interactions, as their disability may affect their ability to understand or comply with commands from peace officers. It is estimated that individuals with disabilities are involved in between one-third and one-half of all fatal encounters with law enforcement.

(b) Any peace officer who has reasonable cause to believe that the person to be arrested has committed a public offense may use objectively reasonable force to effect the arrest, to prevent escape, or to overcome resistance.

(c) (1) Notwithstanding subdivision (b), a peace officer is justified in using deadly force upon another person only when the officer reasonably believes, based on the totality of the circumstances, that such force is necessary for either of the following reasons:

(A) To defend against an imminent threat of death or serious bodily injury to the officer or to another person.

(B) To apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, a peace officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

(2) A peace officer shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the peace officer or to another person.

(d) A peace officer who makes or attempts to make an arrest need not retreat or desist from their efforts by reason of the resistance or threatened resistance of the person being arrested. A peace officer shall not be deemed an aggressor or lose the right to self-defense by the use of objectively reasonable force in compliance with subdivisions (b) and (c) to effect the arrest or to prevent escape or to overcome resistance. For the purposes of this subdivision, “retreat” does not mean tactical repositioning or other de-escalation tactics.

(e) For purposes of this section, the following definitions shall apply:

(1) “Deadly force” means any use of force that creates a substantial risk of causing death or serious bodily injury, including, but not limited to, the discharge of a firearm.

(2) A threat of death or serious bodily injury is “imminent” when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the peace officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed.

(3) “Totality of the circumstances” means all facts known to the peace officer at the time, including the conduct of the officer and the subject leading up to the use of deadly force.

POLICY AND PROCEDURE

A. DEFINITIONS AND CONCEPTS

1. IMMINENT THREAT OF DEATH OR SERIOUS BODILY INJURY - A threat of death or serious bodily injury is “imminent” when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the peace officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed.
2. FEASIBLE - Reasonably capable of being done or carried out under the totality of the circumstances to successfully achieve the lawful objective without increasing risk to the peace officer or another person.

3. TOTALITY OF THE CIRCUMSTANCES – All facts known to, or perceived by, the peace officer at the time, including the conduct of the officer and the subject leading up to the UOF.
4. PROPORTIONALITY - The balance of the severity of the offense committed, the threat to public safety and the level of force needed to overcome resistance based on the totality of the circumstances known to, or perceived by, the officer at the time.
5. DE-ESCALATION - Taking action or communicating verbally or nonverbally during a potential force encounter in an attempt to stabilize the situation and reduce the immediacy of the threat so that more time, options, and resources can be called upon to resolve the situation without the UOF or with a reduction of the force necessary. De-escalation tactics include, but are not limited to, warnings, verbal persuasion, and tactical repositioning.
6. CRISIS INTERVENTION TECHNIQUES (CIT) - A collaborative approach to safely and effectively address the needs of people with mental illnesses, link them to appropriate services, and divert them from the criminal justice system if appropriate. The primary goal of CIT is to improve peace officer and mental health consumer safety while reducing injuries to peace officers and consumers during law enforcement contacts. Crisis intervention techniques include using distance, time, verbal tactics, or other tactics to de-escalate a situation.
7. REACTIVE AUTHORITY- Pre-determined set of force directives given during a critical incident, provided by the Incident Commander or designee, regarding the type of force authorized to effect an arrest, overcome resistance, prevent escape, and/or to preserve life. The reactive authority shall be consistent with current policy and law.
8. PERSONAL BODY WEAPON (PBW) - Improvised use of a part of a peace officer's body, including but not limited to the head, hands, arms, legs, and feet, as a weapon.
9. LEVELS OF RESISTANCE
    a. COMPLIANT - Subject offers no resistance.
    b. PASSIVE NON-COMPLIANCE – Subject does not respond to verbal commands but also offers no physical form of resistance.
    c. ACTIVE RESISTANCE – Subject uses evasive movements in an attempt to defeat a peace officer's attempt at control, including bracing, tensing, running away, verbally or physically signaling an intention to avoid or prevent being taken into or retained in custody.
    d. ASSAULTIVE – The subject is aggressive or combative; attempting to assault the peace officer or another person, verbally or physically displays an intention to assault the peace officer or another person.
    e. LIFE-THREATENING – The subject is taking action likely to result in serious bodily injury or death of the peace officer or another person.
10. FORCE DEFINITIONS
    a. REPORTABLE UOF - Any UOF that causes injury as defined below; any UOF whether or not it results in injury, involving the discharge of a firearm, a canine bite, or use of an impact weapon, chemical agent, or CED; and any UOF, whether or not it results in injury, that deviates from the techniques taught and the equipment provided by the department (section G.4. & G.5.).
    b. LESS LETHAL FORCE- Any force that is not reasonably likely to cause death. Less lethal force options include, but are not limited to, the use of the CED, baton, chemical agents, 40mm projectiles, bean bag shotgun rounds, personal body weapons, and control holds.
    c. DEADLY FORCE - Any use of force that creates a substantial risk of causing death or serious bodily injury, including, but not limited to, the discharge of a firearm.
11. INJURY DEFINITIONS
    a. INJURY - Any visible bodily injury or complaint of bodily injury (non-visible injury) reasonably related to the UOF applied. This type of injury does not include the temporary pain associated with the proper application of control holds and/or restraints.

b. SERIOUS BODILY INJURY- Bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ.

12. POSTITIONAL ASPHYXIA – Situating a person in a manner that compresses their airway and reduces the ability to sustain adequate breathing. This includes, without limitation, the use of any physical restraint that causes a person's respiratory airway to be compressed or impairs the person's breathing or respiratory capacity, including any action in which pressure or body weight is unreasonably applied against a restrained person's neck, torso, or back, or positioning a restrained person without reasonable monitoring for signs of asphyxia.
13. RETALIATION – Demotion, failure to promote to a higher position when warranted by merit, denial of access to training and professional development opportunities, denial of access to resources necessary for an officer to properly perform their duties, or intimidation, harassment, or the threat of injury while on duty of off duty.
14. INTERCEDE- For purposes of this policy, the term "intercede" includes, but is not limited to, physically stopping an excessive use of force, recording the excessive force, if equipped with a body-worn camera, and documenting efforts to intervene, efforts to deescalate the offending officer's excessive use of force, and confronting the offending officer about the excessive force during the use of force; and if the offending officer continues, reporting to dispatch or the watch commander on duty and stating the offending officer's name, unit, location, time, and situa tion, in order to establish a duty for that officer to intervene.
15. EXCESSIVE FORCE- A level of force that is found to have violated Section 835a of the Penal Code, the requirements on the use of force required by this section, or any other law or statute, including Section 835a of the Penal Code and Section 7286 of the Government Code.
16. KINETIC ENERGY PROJECTILES- For purposes of this policy, the term "kinetic energy projectiles" means any type of device designed as less lethal, to be launched from any device as a projectile that may cause bodily injury through the transfer of kinetic energy and blunt force trauma. For purposes of this section, the term includes, but is not limited to, items commonly referred to as rubber bullets, plastic bullets, beanbag rounds, and foam tipped plastic rounds.
17. CHEMICAL AGENTS- For purposes of this policy, the term "chemical agents" means any chemical that can rapidly produce sensory irritation or disabling physical effects in humans, which disappear within a short time following termination of exposure. For purposes of this section, the term includes, but is not limited to, chloroacetophenone tear gas, commonly known as CN tear gas; 2-chlorobenzalmalononitrile gas, commonly known as CS gas; and items commonly referred to as pepper balls, pepper spray, or oleoresin capsicum.

B. <u>DUTY TO INTERCEDE</u>

1. If a peace officer observes another officer using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, taking into account the possibility that other officers may have additional information regarding the threat posed by a subject, the peace officer shall intercede, when feasible to do so under the totality of the circumstances. If they do not do so, they shall be subject to discipline to the same severity as if they themselves engaged in the excessive force.
2. Peace officers shall immediately report potential excessive force to a superior officer when present and observing another officer using force that the officer believes to be beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances based upon the totality of information actually known to the officer.
3. Retaliation against a peace officer that reports a suspected violation of a law or regulation of another officer to a supervisor or IA is prohibited.

C. <u>VERBAL WARNING</u>

If feasible, and if doing so would not increase the danger to the peace officer or another person, the peace officer shall make every attempt to identify themselves and to issue a clear and comprehensible verbal warning before using any force that is likely to cause serious bodily injury or death, so that the subject(s) are given the opportunity to submit to the authority of the peace officer.

D. RENDERING MEDICAL AID

Peace officers on scene shall promptly render aid and/or summon medical assistance when reasonable and safe to do so pursuant to GO 522.02 (Emergency Care for Individuals Under Police Care or Control) when any UOF has resulted in any type of injury or death regardless of custody status.

E. USE OF FORCE DURING AN ASSEMBLY, PROTEST, OR DEMONSTRATION

1. Peace officers using kinetic energy projectiles or chemical agents during an assembly, protest, or demonstration shall ensure that such force is used pursuant to RM 532.11 (First Amendment Assembly Manual) and GO 580.12 (Less Lethal Munitions).
2. Peace officers shall only use kinetic energy projectiles or chemical agents during an assembly, protest, or demonstration if the use is objectively reasonable to defend against a threat of life or serious bodily injury to any individual, including a peace officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control, and only in accordance with all of the following requirements:
    a. De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
    b. Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
    c. Persons are given an objectively reasonable opportunity to disperse and leave the scene.
    d. An objectively reasonable effort has been made to identify persons engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of persons.
    e. Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
    f. Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
    g. An objectively reasonable effort has been made to extract individuals in distress.
    h. Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
    i. Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
    j. Kinetic energy projectiles or chemical agents shall not be used by any law enforcement agency solely due to any of the following:
        (1) A violation of an imposed curfew.
        (2) A verbal threat.
        (3) Noncompliance with a law enforcement directive.
    k. If the chemical agent to be deployed is tear gas, only a lieutenant or above at the scene of the assembly, protest, or demonstration may authorize the use of tear gas.

F. GENERAL CONSIDERATIONS GOVERNING USE OF FORCE

1. Any peace officer who has reasonable cause to believe that the person to be arrested has committed a public offense may use objectively reasonable force necessary to effect the arrest, to prevent escape, or to overcome resistance.
2. A peace officer who makes or attempts to make an arrest need not retreat or desist from his efforts by reason of the resistance or threatened resistance of the person being arrested. A peace officer shall not be deemed an aggressor or lose his right to self-defense by the use of objectively reasonable force in

compliance with subsections E.1 and F.1-2 to effect the arrest or to prevent escape or to overcome resistance. For the purposes of this paragraph, “retreat” does not mean tactical repositioning or other de-escalation tactics.

3. A peace officer shall consider the principles of proportionality in looking at the totality of the circumstances by weighing the severity of the offense, the reasonably perceived level of resistance and the need for apprehension prior to the utilization of force. A peace officer shall continually evaluate tactics when determining the appropriate UOF response.
4. The decision by a peace officer to use force shall be evaluated carefully and thoroughly, in a manner that reflects the gravity of that authority and the serious consequences of the use of force by peace officers, in order to ensure that officers use force consistent with law and department policies.
5. The decision by a peace officer to use force shall be evaluated from the perspective of a reasonable peace officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time, rather than with the benefit of hindsight. The totality of the circumstances shall account for occasions when peace officers may be forced to make quick judgments about using force.

    a. Circumstances of consideration may include, but are not limited to:
        (1) The immediacy and severity of the perceived threat
        (2) The conduct of the subject
        (3) Officer versus subject factors such as age, size, relative strength, skill level, injuries sustained, level of exhaustion and number of peace officers available versus subjects
        (4) The conduct of the involved peace officer
        (5) The effects of drugs or alcohol
        (6) The subject’s apparent mental state or capacity
        (7) The subject’s apparent ability to understand and comply with officer commands
        (8) The proximity or access of weapons to the subject
        (9) The level of threat or resistance presented by the subject
        (10) The availability of other reasonable and feasible options and their possible effectiveness
        (11) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained
        (12) The seriousness of the subject offense or reason for contact with the subject
        (13) The training and experience of the peace officer
        (14) The potential for injury to peace officers, subjects or another person
        (15) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the peace officer
        (16) The risk and reasonably foreseeable consequences of escape or apparent attempt by the subject
        (17) Prior contacts with the subject or awareness of any propensity for violence
        (18) Environmental factors and/or other exigent circumstances
        (19) The availability of other resources

        Not all of the above factors may be present or relevant in a particular situation, and there may be additional factors not listed.

6. When using force, a peace officer should only use techniques and equipment that are approved by the department. Circumstances may arise in which a peace officer reasonably believes that it would be impractical or ineffective to use any of the tools, weapons or techniques provided by SPD. A peace officer may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the peace officer may resort to using any objectively reasonable means of force. The use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

7. When feasible, peace officers shall attempt to de-escalate situations.
8. When a peace officer reasonably believes they are dealing with a mentally ill, developmentally disabled, or an emotionally disturbed subject, the officer shall, if time and circumstances reasonably permit, utilize CIT.

F. CONSIDERATIONS GOVERNING USE OF DEADLY FORCE

1. Notwithstanding subsection E.1, a peace officer is justified in using deadly force upon another person only as a last resort when reasonable alternatives have been exhausted or are not feasible and the officer reasonably believes, based on the totality of the circumstances, that such force is necessary for either of the following reasons:
   a. To defend against an imminent threat of death or serious bodily injury to the officer or to another person.
   b. To apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, a peace officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.
2. A peace officer shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the peace officer or to another person.
3. A subject gaining control of one or more pieces of a peace officer's equipment, without the subject presenting an imminent threat of serious bodily injury or death, is not enough by itself to justify the use of deadly force.
4. A peace officer may discharge a firearm in the performance of their official duty:
   a. Pursuant to Section F. 1.-4; or
   b. At a firing range, pursuant to all safety rules and regulations; or
   c. In order to stop a potentially aggressive animal, such as a dog, if the animal reasonably appears to pose an imminent threat of serious bodily injury or death to a peace officer or to another person and alternative methods are not feasible or would likely be ineffective.
      (1) In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Conducted Energy Device, oleoresin capsicum (OC) spray, animal control peace officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.
5. Firearms shall not be discharged as a warning.
6. Peace officers shall consider their surroundings and potential risks to bystanders and other peace officers to the extent reasonable under the circumstances, before discharging a firearm.
7. When a peace officers discharges or attempts to discharge a firearm while on or off duty, intentionally or accidentally, the employee shall immediately notify the on-duty watch commander. This does not include intentional discharges at a range or for recreational purposes (e.g., hunting, private target practice, or other similar activities).

G. PROHIBITED USES OF FORCE

1. Peace officers shall not use force:
   a. By means of a carotid restraint, choke hold, or any other type of neck restraint.
   b. Or utilize any transport methods that involve a substantial risk of positional asphyxia.
   c. Against subjects who are not subject to arrest or detention, except to protect the officer or another person.
   d. Against subjects who are handcuffed or otherwise restrained, except where the subject is actively resisting, attempting escape, or poses an imminent threat of harm to the peace officer, themselves or another person.

e. For the sole purpose of preventing the exercise of first amendment rights, when a legitimate law enforcement purpose does not exist.
f. For the sole purpose punishment or retaliation.
g. To stop a subject from swallowing a substance that is already in their mouth.

H. VERBALIZATION DURING UNLAWFUL ASSEMBLY OR PROTEST

1. When feasible, peace officers should verbalize any use of force that is utilized during a mass protest/unlawful assembly. The following should be verbalized on body worn camera:
   a. Location of where the use of force occurred
   b. Type of force that was utilized
   c. Reason for the use of force
   d. Description of subject for whom the use of force was intended

I. FORCE OPTIONS

1. Peace officers have a variety of force options available to them. Peace officers do not need to follow a continuum of force but shall select the UOF they deem appropriate for the circumstances, ensuring their UOF complies with the law, the provisions of this policy and any specific SPD policies or manuals governing the type of force they select to use.
2. Peace officers shall continue to assess their UOF selection and either transition to a different UOF option or discontinue a UOF based on their assessment, ensuring their UOF option remains reasonable for the circumstances.
3. Equipment for Sworn Peace Officers
   a. Issued and required on person
      (1) Firearm
      (2) Conductive Energy Devices (CED)
      (3) Impact weapons (Baton)
      (4) Handcuffs
      (5) Radio
      (6) Oleoresin Capsicum (OC) spray
      (7) Body Worn Camera (BWC)
      (8) Flexible Body Armor
   b. Issued and need to have readily available. This is not a complete list of other issued equipment:
      (1) Less Lethal Shotgun (readily available in patrol vehicle)
      (2) Patrol rifle (readily available in patrol vehicle and for qualified sworn personnel)
      (3) Flashlight
      (4) Gas Mask
      (5) Ballistic Helmet
      (6) Orange reflective vest
4. Required Equipment Issuance and UOF options for Non-Sworn Uniformed Department Personnel
   a. Issued and required on duty belt:
      (1) Oleoresin Capsicum (OC) spray
      (2) Conductive Energy Devices (CED)
5. UOF Options for Sworn Peace Officers
   a. The following is an alphabetical list of UOF options. This is not a complete list of options:
      (1) Bola Wrap
      (2) Chemical Agents
      (3) Conductive Energy Devices (CED)
      (4) Control Holds
      (5) Discharge of Firearms and Other Deadly Force
      (6) Impact Weapons (baton)
      (7) Less Lethal Weapons Systems
      (8) Personal Body Weapons

(9) Pointing of a Firearm at a Person
(10) Takedowns
(11) Use of Canine
(12) Verbal Commands/Instructions/Command Presence

6. UOF Options for Authorized, Non-Sworn Uniformed Personnel
   a. Authorized non-sworn uniformed department personnel shall only use the CED or OC in immediate defense of themselves or another member of the department.
   b. Authorized non-sworn uniformed department personnel who use the CED or OC in defense of themselves or another person shall:
      (1) Attempt to get away from the situation as soon as possible.
      (2) Call for code-3 assistance from sworn peace officers as soon as feasible.
7. The following is a list of SPD policies and manuals address specific UOF topics:
   a. GO 522.02 (Emergency Care for Individuals Under Police Care or Control)
   b. GO 580.03 (Use of Force Reporting, Investigations and Response)
   c. GO 580.06 (De-escalation and Planned Response)
   d. GO 580.04 (Firearms)
   e. GO 580.10 (Use of the Conductive Energy Device (CED)
   f. GO 580.12 (Less Lethal Weapons Systems)
   g. GO 580.14 (Use of Canine)
   h. RM 523.02 (Search and Handcuff Manual)
   i. RM 532.09 (Arrest of Passive Resisters Manual)
   j. RM 532.11 (Crowd and Riot Control Manual)
   k. RM 580.07 (Chemical Agents Manual)
   l. RM 580.08 (Baton Manual)

J. USE OF PERSONAL BODY WEAPONS (PBWs)
1. A peace officer may use PBWs to transition to a better position of advantage (i.e., positional change, handcuffing, etc.) to create distance/space, or overcome an assaultive subject.
2. When PBWs are used, peace officers must continually evaluate the ability to transition to a more advantageous position and/or recognize the signs of submission/compliance by the subject.
3. PBWs shall not be utilized against subjects solely engaging in passive non-compliance or merely active resistance.
4. PBWs should not be used on handcuffed persons unless they are exhibiting active aggression and/or to prevent subjects from harming themselves or another person.

K. USE OF A CONDUCTIVE ENERGY DEVICE (CED)
1. The CED shall be used pursuant to GO 580.10 (Use of the Conducted Energy Device).
2. A peace officer may deploy and use the CED under the following circumstances:
   a. To incapacitate a subject whose conduct rises at least to the level of active resistance. This includes threats or pre-indicators leading up to assaultive or resistive behavior.
   b. To incapacitate a suicidal subject who can't be safely controlled through crisis intervention techniques or other force options.
3. Peace officers shall avoid using the CED for more than a total of three (3) five-second cycles (15 seconds), unless the totality of the circumstances are such that a reasonable peace officer would conclude that each subsequent application of the CED, analyzed separately, is warranted by the imminent threat to the officer or another person.
4. CED deployment shall cease when the subject no longer poses an imminent threat of harm to the peace officer or another person.
5. The use of the CED is considered a serious UOF. Each individual cycle of the CED must be objectively reasonable under the circumstances.
6. The CED should not be used on handcuffed persons unless they are actively resisting or exhibiting active aggression and/or to prevent subjects from harming themselves or another person.

L. POINTING A FIREARM
1. Nothing in this policy shall preclude a peace officer from drawing of a firearm when the officer reasonably believes it necessary for the safety of the officer or another.
2. Detentions involving the pointing of a firearm at a person shall be entered into the Racial Identify Profiling Act database (RIPA) pursuant to GO 210.09.
3. The pointing of a firearm at a person shall be documented in the appropriate report, RIPA and on the Computer Aided Dispatch (CAD) call using the abbreviation “FPAP” (Firearm Pointed At Person).

M. MOVING VEHICLES
1. A peace officer shall make every reasonable effort to move out of the path of an approaching vehicle.
2. A peace officer shall make every reasonable effort to not intentionally place themselves in a position where a vehicle could be perceived as a threat to the officer.
3. Peace officers shall not discharge a firearm at or from a moving vehicle unless one of the following circumstances exists:
   a. The peace officer reasonably believes that there is an imminent threat of death or serious bodily injury to a peace officer or another person, by means other than the moving vehicle.
   b. The peace officer reasonably believes that the driver is using or is attempting to use the vehicle as a means to cause imminent threat of death or serious bodily injury to the peace officer or another person.

N. TRAINING
1. At least annually, all sworn personnel shall receive training related to this agency’s UOF policy and related legal updates for the following:
   a. Legal standards for UOF
   b. Duty to intercede
   c. The use of objectively reasonable force
   d. Supervisory responsibilities
   e. UOF review and analysis
   f. Guidelines for the use of deadly force
   g. State required reporting
2. Additional regular and periodic training shall include:
   a. Training standards and requirements relating to demonstrating knowledge and understanding of the law enforcement agency’s UOF policy.
   b. Training and guidelines regarding vulnerable populations, including, but not limited to, children, elderly persons, people who are pregnant, and people with physical, mental, and developmental disabilities.
   c. Minimum training and course titles related to the objectives in the UOF policy include but are not limited to, the standards in Peace Officers Standards and Training (POST) Learning Domain 20 (Use of Force), and the following:
      (1) De-escalation and interpersonal communication training, including tactical methods that use time, distance, cover, and concealment, to avoid escalating situations that lead to violence.
      (2) Implicit and explicit bias and cultural competency.
      (3) Skills including de-escalation (crisis intervention) techniques to effectively, safely, and respectfully interact with people with disabilities or behavioral health issues.
      (4) Alternatives to the use of deadly force and physical force, so that de-escalation tactics and less lethal alternatives are, where feasible, part of the decision-making process leading up to the consideration of deadly force. Enhancing a peace officer’s discretion and judgment in using less lethal and deadly force in accordance with this policy.
      (5) Mental health and policing, including bias and stigma.
      (6) Using public service, including the rendering of first aid, to provide a positive point of contact between law enforcement peace officers and community members to increase trust and reduce conflicts.
      (7) UOF scenario training including simulations of low-frequency, high-risk situations and calls for service, shoot-or-don’t-shoot situations, and real-time force option decision making.

3. All UOF training provided to all sworn personnel shall be documented by the department.
4. Any officer that receives a sustained internal affairs complaint for excessive force will not be allowed to train any officer(s) for a period of three years from the date the complaint is substantiated. This includes:
   a. Field training
   b. In-service training
   c. Academy instruction or evaluation
   d. Roll Call presentations
5. Officers shall advise any supervisor that tasks him/her with a training assignment that they are not authorized to instruct, teach, or train. Failure to do so will be cause for discipline.
   a. The officer is not obligated to go into detail about the prior incident or complaint as to why they cannot train other than to advise the supervisor that in accordance with applicable law they are not authorized to train at that time.

O. REPORTING

1. Supervisors Responsibilities. Upon notification of a reportable UOF, the peace officer's field supervisor shall:
   a. Respond to the location of the arrest to ensure that a thorough investigation takes place. A thorough investigation into a UOF by a peace officer should include, but is not limited to, an area canvass (for witnesses, evidence and surveillance video), witness statements (which should be obtained by a supervisor or peace officers not involved in the UOF), subject statements, and photographs of the scene and any injuries. If the supervisor is unable to respond to the location of the arrest, the supervisor shall note the reasons why on the call.
   b. Review the incident with the arresting peace officer and/or other officers.
   c. Review all recordings (both audio and video) of the event, including In-Car Camera, Body Worn Camera video, and any available surveillance video).
   d. Assess the appropriateness of the UOF and any charge(s) against the subject.
   e. Consider arranging for other peace officers to transport and book the subject in the event the subject continues to display hostile, confrontational, or oppositional behavior toward the arresting officer(s).
   f. A peace officer's field supervisor shall advise the watch commander of any incident involving UOF and initiate a management level review by making a tracking software entry whenever the following reportable UOF events occur:
      (1) Any reportable UOF that results in the subject requiring a medical clearance (Fit for Incarceration report) prior to booking or, if the subject is not booked into jail or juvenile hall, any injury that would likely require a Fit for Incarceration report.
      (2) Any reportable UOF, involving the discharge of a firearm, a canine bite, or the use of an impact weapon, chemical agent, or CED.
      (3) Any reportable UOF that deviates from the techniques taught or the equipment provided by the department.
      (4) Any UOF the supervisor or Watch Commander determines should be subject to a management level review.
   g. The field supervisor shall enter the following information into the tracking software:
      (1) peace officer(s) involved
      (2) type of force used
      (3) extent of injuries (if any) to the peace officer and/or subject
      (4) supervisor's response or reason for no response
      (5) any administrative actions taken by a supervisor or other managerial personnel
      (6) all pertinent documents related to the incident (i.e. Red Border, Blue Border, Taser download, etc.)
   h. Tracking software entries should be completed within 30 days of the incident date and routed in accordance to department procedure.

(1) In cases where a firearm has been discharged or the UOF results in serious bodily injury or death, the tracking software entry shall be completed by FIT personnel.
(2) All uses of force shall be categorized using the level of force definitions. (See Appendix #1.)

P. DISCLOSURE OF PUBLIC RECORDS

The department will disclose public records pursuant to applicable law, including Penal Code Section 832.7.

Q. REPORTING TO THE CALIFORNIA DEPARTMENT OF JUSTICE

PSU shall submit statistical data regarding all qualifying officer-involved shootings and incidents involving UOF resulting in serious bodily injury is to be reported to the California Department of Justice (URSUS) as required by Government Code Section 12525.2.

R. COMPLIANCE

Any member of the public can submit a complaint to any member of the Department and in any form (i.e. in person, telephone, email, etc.). Once the complaint is received, it should be routed to the Internal Affairs Division in accordance with General Order 220.01 (Personnel Complaints).

S. LEGAL REFERENCES

1. California Penal Code Sections 196, 835a, 13652 and 13652.1.
2. California Government Code Sections 7286 and 12525.2.
3. *GRAHAM V. CONNOR* 490 U.S. 386 (1989) sets the legal standard for reasonable force. The court's decision "requires careful attention to the facts and circumstances of each particular case, including the severity of the crime at issue, whether the suspect poses an imminent threat to the safety of the officer or others, and whether he is actively resisting arrest or attempting to evade arrest by flight." In addition, "the 'reasonableness' of a particular use of force must be judged from the perspective of a reasonable officer on scene, rather than with 20/20 vision of hindsight... the question is whether the officers' actions are 'objectively reasonable' in light of the facts and circumstances confronting them."
4. *TENNESSEE V. GARNER* 471 U.S. 1 (1985) is a civil case in which the Supreme Court of the United States held that, under the Fourth Amendment, when a law enforcement officer is pursuing a fleeing suspect, the officer may not use deadly force to prevent escape unless "the officer has probable cause to believe that the suspect poses a significant threat of death or serious physical injury to the officer or others." It was found that use of deadly force to prevent escape is an unreasonable seizure under the Fourth Amendment, in the absence of probable cause that the fleeing suspect posed a physical danger.

LEVEL 1	LEVEL 2	LEVEL 3
• UOF resulting in death • UOF resulting in Serious Bodily Injury (SBI) • Officer involved shooting resulting in injury or death • Officer involved shooting-subject missed • Use of vehicle as weapon resulting in SBI • In-custody death • Use of non-issued equipment resulting in SBI or death	• Officer involved shooting of an animal • Canine bite • CED deployment-probe • Use of chemical agents • Use of baton • Use of CED drive stun • Use of personal body weapons • Use of less lethal weapons systems • Use of BolaWrap®	• Any UOF used to overcome a combative, physically aggressive, or fleeing subject who has delayed, obstructed, or fought with an officer • Any UOF that results in a visible injury or complaint of pain by the subject to whom force was applied to. Example: visible scratch, abrasion, complaint of pain however not minor discomfort by application of certain control holds or handcuffs

REPORTING REQUIREMENTS FOR LEVEL 1	REPORTING REQUIREMENTS FOR LEVEL 2	REPORTING REQUIREMENTS FOR LEVEL 3
• Sergeant notification • Homicide call out • CSI request • IAD call out • PSU call out • PIO call out • District Attorney response team • OPSA • Crime or casualty report • Red border form (RM 3) • Tracking software entry All call outs are based on the needs of the incident.	• Sergeant notification • Crime or casualty report • CSI request • Red border form (RM 3) • Tracking software entry • Watch commander investigation (shooting of an animal)	• Sergeant notification • Incident/crime report • CSI request • Red border form (RM 3) if there is visible injury • No tracking software entry

580.03
USE OF FORCE REPORTING, INVESTIGATIONS AND RESPONSE
12-16-21

PURPOSE

This policy establishes guidelines for the reporting, investigation and review of incidents after an application of force.

POLICY

It shall be the policy of the Sacramento Police Department (SPD) to promptly report and objectively evaluate peace officer or authorized non-sworn uniformed Department personnel use of force incidents to ensure that force is used lawfully, appropriately and is consistent with training and policy. Any use of force by a member of this Department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why they believed the use of force was reasonable under the circumstance. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in Department policy, procedure or law.

PROCEDURE

A. DEFINITIONS
   1. Force Investigation Team (FIT) – Ancillary position within the Professional Standards Unit (PSU), which conducts use of force investigations and reviews. Members are the lead administrative investigators for officer involved shootings, in custody deaths and uses of force resulting in serious bodily injury.
   2. Serious Bodily Injury – Bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ.

B. RESPONSE
   1. Employees' Responsibilities
      a. Employees shall notify the field district supervisor or watch commander as soon as practical anytime any employee uses force in compliance with General Order 580.02.
      b. A reportable use of force (UOF) is one in which any of the following apply:
         (1) The UOF involves:
            a) The discharge of a firearm.
            b) A canine bite.
            c) The use of an impact weapon.
            d) The use of a chemical agent.
            e) The application caused a visible injury.
            f) The subject subjected to the force complained of injury or continuing pain.
            g) Any application of a Conducted Energy Device (CED).
            h) The subject of the UOF was rendered unconscious.
            i) The use of personal body weapons.
            j) Any UOF as outlined in Appendix #1 with the corresponding reporting requirements in Appendix #2 (refer to Appendix #1 and #2 at end of policy).
            k) A subject alleges any of the above has occurred.
         (2) The UOF deviates from the techniques taught or the equipment provided by the Department (see in section G.4. & G.5.).
         (3) The UOF causes injury.
            a) For the purpose of determining if a UOF is reportable, an injury is defined as any visible bodily injury or complaint of bodily injury (non-visible injury). The injury must be reasonably related

to the UOF applied. The temporary pain associated with the proper application of control holds and/or restraints is not an injury for purposes of determining if a UOF is reportable.

c. If an employee is in doubt as to whether a UOF is reportable, the employee shall notify their district supervisor or watch commander, who will be responsible for making the determination.
d. Whether or not a UOF is reportable under Department policy, any UOF used to overcome a combative, physically aggressive, or fleeing subject who has delayed, obstructed, or fought with a peace officer shall be documented in a crime, casualty, or incident report. The peace officer's district supervisor or watch commander shall be notified. Brief resistance to the application of departmentally approved control holds does not require a report.
e. A peace officer booking an arrested subject shall notify the appropriate jail medical staff employee of the injury and type of force used.

2. Supervisors' Responsibilities
   a. Upon notification of a reportable UOF, the district supervisor shall:
      (1) Respond to the location of the incident to ensure that a thorough investigation takes place. A thorough investigation into a UOF by an employee should include, but is not limited to, an area canvass (for witnesses, evidence and surveillance video), witness statements (which should be obtained by a supervisor or peace officers not involved in the UOF), subject statements, and photographs of the scene and any injuries. If the supervisor is unable to respond to the location of the arrest, the supervisor shall notify the Watch Commander.
      (2) Review the incident with the employee who used force and any witnessing employees if present.
      (3) Review all recordings (both audio and video) of the event, including In-Car Camera, Body Worn Camera video, and any available surveillance video.
      (4) Assess the appropriateness of the UOF and any charge(s) against the subject.
      (5) Consider arranging for other peace officers to transport and book the subject in the event the subject continues to display hostile, confrontational, or oppositional behavior toward the arresting officer(s).
      (6) Immediately notify the Watch Commander.
3. Command Responsibilities
   a. The Watch Commander shall review with the field supervisor any uses of force. If, after the review, the Watch Commander determines that the UOF was inconsistent with Department policy, the Watch Commander shall contact the employee(s) captain and review the incident. If necessary, the captain will refer the incident to Internal Affairs.
   b. UOF applied by supervisors
      (1) In the event a sergeant uses force or gives a peace officer a direct order to deploy force that triggers the reporting requirements set forth in this order, the Watch Commander will be responsible for identifying a different supervisor responsible for complying with investigatory and reporting obligations.
      (2) In the event a lieutenant or above uses force or gives a peace officer a direct order to deploy force that triggers the reporting requirements set forth in this order, the manager shall notify the Force Investigations Team.
      (3) The authorization of force or issuance of reactive authority does not qualify for the reporting and investigative requirements of this section.
4. Force Investigations Team Responsibilities
   a. FIT will respond to the following:
      (1) Any use of force resulting in serious bodily injury
      (2) Any use of force by a lieutenant or above
      (3) Any officer involved shooting
      (4) Any in custody death
      (5) Any force incident as requested by the Watch Commander
   b. For UOF incidents defined in this section, FIT Members shall:

(1) respond and confirm investigative steps and coordinate any follow-up.
(2) add a use of force entry into the proper software and attach any relevant policies.
(3) conduct a thorough use of force investigation and policy review.
(4) review any less lethal force used pursuant to GO 580.12(Less Lethal Weapons Systems) during an incident.
(5) prepare a memorandum and present the fact pattern to the Use of Force Review Board no later than 30 days after the incident or as directed by management.
(6) identify any related policies that may need to be reviewed and/or revised.

C. USE OF FORCE REPORTING

1. Employee responsibilities:
   a. The employee shall complete the applicable report(s) (crime, casualty, and/or incident). The report shall include a complete detailed description of how and why force was used, as well as a description of injuries that the subject received or claims to have received.
   b. All employees on scene shall write supplemental observations whether or not they used force.
   c. The employee shall forward through the chain of command to PSU a completed red border form (RM 3).
2. Supervisor responsibilities:
   a. The peace officer's field supervisor shall initiate a management level review by making a tracking software entry whenever the following reportable UOF events occur:
      (1) Any reportable UOF that results in the subject requiring a medical clearance (Fit for Incarceration report) prior to booking or, if the subject is not booked into jail or juvenile hall, any injury that would likely require a Fit for Incarceration report.
      (2) Any reportable UOF, involving the discharge of a firearm, a canine bite, or the use of an impact weapon, chemical agent, or CED.
      (3) Any reportable UOF that deviates from the techniques taught or the equipment provided by the Department.
      (4) Any UOF the supervisor or Watch Commander determines should be subject to a management level review.
   b. The field supervisor shall enter the following information into the tracking software:
      (1) peace officer(s) involved
      (2) type of force used
      (3) extent of injuries (if any) to the peace officer and/or subject
      (4) supervisor's response or reason for no response
      (5) any administrative actions taken by a supervisor or management personnel
      (6) all pertinent documents related to the incident (i.e. Red Border, Blue Border, Taser download, etc.)
   c. Tracking software entries should be completed within 30 days of the incident date and routed in accordance to Department procedure.
      (1) In cases where a firearm has been discharged or the UOF results in serious bodily injury or death, the tracking software entry shall be completed by FIT personnel.
      (2) All uses of force shall be categorized using the level of force definitions. (See Appendix #1.)
3. Kinetic Energy Projectiles and Chemical Agents deployed for crowd control
   a. In the event that kinetic energy projectiles or chemical agents are deployed for crowd control, a captain from the Office of the Chief shall publish a summary of such use on the internet website within 60 days of each reportable incident. That period of time may be extended for an additional 30 days (total not to exceed 90 days) for demonstrable good cause.
   b. The watch commander or incident commander shall prepare a summary of the use of kinetic energy projectiles and chemical agents and provide that summary to the Deputy Chief (Office of Operations) and the Public Information Officer (PIO) for publication on the Department's website.

c. The summary shall include only the information known at the time of the report and include only the following:
(1) A description of the assembly, protest, demonstration, or incident, including the approximate crowd size and the number of officers involved.
(2) The type of kinetic energy projectile or chemical agent deployed.
(3) The number of rounds or quantity of chemical agent dispersed, as applicable.
(4) The number of documented injuries as a result of the kinetic energy projectile or chemical agent deployment.
(5) The justification for using the kinetic energy projectile or chemical agent, including any de-escalation tactics or protocols and other measures that were taken at the time of the event to de-escalate tensions and avoid the necessity of using the kinetic energy projectile or chemical agent.

B. OFFICER INVOLVED SHOOTING RESPONSE AND INVESTIGATION

1. Officer Involved Shooting/Deadly Force Investigation

a. Care should be taken to preserve the integrity of any physical evidence present on the involved peace officer(s) and the officer(s)' equipment and/or clothing (e.g. blood, fingerprints, etc.) until investigators or Forensic Investigators (FI) can properly retrieve it.
b. Peace officers shall ensure that a crime scene barrier is placed to preserve the scene and shield the public's view of a deceased subject after they have been declared deceased.
c. Evidence collection shall consist of, but is not limited to, the following:
(1) Retrieving and booking any expended cartridges, bullets, along with all live ammunition pertinent to the incident.
(2) Diagramming of the crime scene, including positions of persons and objects and the trajectories of expended shots.
(3) Producing adequate pictorial sketches and photographs, including the use of a video camera if necessary, of damaged property.
(4) Obtaining a recording of all radio transmissions within ten (10) days or as soon as they are available.
(5) Obtaining copies of the peace officer(s)' firearm training records.
(6) Determining factors of probable cause, if present, that contributed to the peace officer(s)' decision in discharging a weapon.
(7) Ensuring all items of evidence related to the shooting are collected and booked.
(8) Noting the condition of city equipment that may be associated with the weapon discharge. Removing from service for later inspection all such equipment that could remotely be attributed to or may have been damaged, For example:
(a) If a weapon discharged due to being caught on the peace officer's gun belt or clothing, book all such articles.
(b) If the discharge was the result of a vehicle door closing on a peace officer with the weapon drawn, remove the vehicle from service.
(9) Obtaining statements from all person's present.
(10) Having the area canvassed for witnesses and obtain statements.
(11) Involving peace officers shall not review any video at the scene without supervisor approval except for exigent public safety reasons (e.g., providing subject description, subject's direction of travel, vehicle description, weapon type etc.).

2. Duties of the Initial Supervisor

In any peace officer-involved shooting, the supervisor and/or district sergeant shall:
a. Respond immediately, take charge, and ensure the Watch Commander has been notified of the incident.
b. Stabilize the situation and establish protection of the crime scene. All personnel desiring to gain access to the scene shall be referred to the crime scene recorder.
c. Obtain a brief overview of the situation.

(1) The supervisor shall obtain a public safety statement from at least one shooting officer. The on-scene supervisor shall ensure shooting peace officers are only contacted once and that additional supervisors do not repeat the request for a public safety statement.
(2) Public safety statements shall be conducted using SPD 136 and, if practical, should be recorded on body worn or in car camera video. The supervisor will ask the preliminary questions contained on SPD 136. The SPD 136 questions are:
a) What was your approximate location(s) when you discharged your firearm?
b) What was the approximate number of rounds you fired and in what direction?
c) Do you know if any other peace officers fired any rounds?
d) Is it possible the suspect(s) fired rounds at you? If so, from what direction?
e) Are you aware of any victims/witnesses/injured people? Location?
f) Are there any outstanding suspect(s)? If so, what is their description, direction and mode of travel? Are there weapons involved?
g) Are there any weapons/evidence that need to be secured? If so, what is their location?
(3) If a peace officer declines to give a public safety statement, the supervisor may administratively order any SPD officer to immediately provide limited public safety information necessary to secure the scene, locate witnesses/evidence, request additional resources and pursue outstanding suspect(s). If the shooting involves peace officers from an outside agency involved within city limits, the supervisor will have to coordinate obtaining the above information with a supervisor from that outside agency.

d. After obtaining a public safety statement, administratively order each involved peace officer not to discuss the incident with other peace officers until they receive further direction from a supervisor and to turn off their body-worn cameras.
e. Shall physically collect the body-worn cameras from all involved peace officers and place them into separate manila envelopes to start the chain of custody. This camera(s) will later be turned over to investigators for downloading of their contents.
f. Separate involved officer(s), assign a Peer Support member to each officer, and coordinate with the Watch Commander to move the officer(s) to an off-site staging area.
g. After turning the scene over to the Homicide Sergeant, the supervisor shall prepare a supplemental report, memorializing the Public Safety Statement(s) and other actions taken at the scene for the general offense report (GO).
h. Give consideration toward GO 570.03 (Post-Trauma Response) and offer the employee(s) peer support pursuant to GO 570.04 (Peer Support Program).

3. <u>Surrender/Inspection of Weapons Following an Officer Involved Shooting</u>
a. A peace officer shall be allowed to retain a handgun while at the scene. Firearms other than the involved officer(s)' handgun (e.g., rifles, etc.) that have been discharged shall be secured by the watch commander after the situation has been stabilized. A peace officer may be required to surrender their handguns at the scene if a replacement weapon is immediately available. If this occurs, it shall be accomplished in a private area outside the view of the public or the media.
b. The peace officer(s)' weapon(s) shall be inspected by an investigator who is familiar with the weapon system used, and documented as follows:
(1) The magazine shall be removed.
(2) The chamber shall be checked and cleared, and its condition noted.
(3) All live rounds shall be counted, or the cylinder be opened, and the number and location of spent and live rounds described and diagrammed (if necessary).
(4) The serial number shall be recorded.
(5) The weapon shall then be reloaded and returned to the peace officer or booked at the discretion of the investigator.
c. On an accidental discharge, the weapon shall be booked and referred to the armorer for inspection.

d. The peace officer's supervisor shall ensure that a replacement weapon is issued in a timely manner. Replacement weapons shall minimally be kept available at all substations and in the Detective Division.
e. Any other weapon at the scene may be inspected by the investigating peace officers at their discretion.

4 Death Notifications:
a. The Office of Investigations Captain or designee shall contact the Coroner's Office as soon as practical in an attempt to identify the next of kin of any subject who dies in police custody or as result of a UOF incident.
b. The Coroner's Office shall make the death notification to the next of kin.
c. The Office of Investigations Captain or designee shall identify an investigative sergeant to serve as an information liaison between the deceased subject's next of kin and the Department. Investigative updates shall be provided to the next of kin as needed or requested.

5. Watch Level Investigation Following an Officer Involved Shooting
a. The following shooting incidents shall be investigated by a watch commander or designee:
(1) Shooting of an animal.
(2) Accidental discharge without injury.
(3) Unsuccessful attempted discharge (e.g., weapon malfunction).
b. The on-duty Watch Commander shall:
(1) Initiate an administrative investigation involving the discharge of firearms, except accidental discharges at the range. The investigation shall be documented in a memorandum and sent through the chain of command to the appropriate office chief. The report shall then be forwarded to the Professional Standards Unit (PSU), where the report shall be kept on file.
(2) Designate a sergeant as the principal investigating supervisor.

6. Homicide Unit Responsibilities Following an Officer Involved Shooting
a. The Homicide Unit shall investigate the following shooting incidents:
(1) Discharge at a person.
(2) Discharge resulting in serious bodily injury or death to a person.
b. After the scene has been stabilized, imminent threats of hostility neutralized and a preliminary briefing has been given to the Homicide Unit, command of the scene shall be relinquished to the Homicide Unit supervisor.
c. Homicide detectives shall be aware that any shooting may have a traumatic effect upon involved and uninvolved peace officers. Detectives shall conduct their investigation in a professional manner that shall not add unnecessary trauma to the situation.
d. District Attorney's (DA) Office Notification
(1) The DA or their designees shall be notified to respond to all officer-involved shootings that result in injury to another person.
(2) The DA shall be permitted access to the incident scene to the extent possible without contaminating evidence or otherwise disturbing the scene. Their presence is to merely observe and familiarize themselves with the situation.
(3) The DA shall conduct an independent assessment of the circumstances and will issue written findings.

7. Transportation from the Scene
a. As soon as is practical, the involved peace officer(s) shall be transported from the scene to an offsite staging area, usually the nearest Department facility. The peace officer(s) shall be kept secure from public or other external confrontations pursuant to (GO 570.04) Peer Support Program.
b. Peer Support members shall not remove the involved peace officer(s) from the scene without approval of the Incident Commander (IC).

c. A peace officer being transported to a police facility in a marked unit shall not be placed in the rear seat unless under arrest. A peace officer may be transported from the scene by their Sacramento Police Officer Association representative and/or their attorney when appropriate.

8. Incident Documentation
   a. Every peace officer shall prepare a written report of their activity and observations as soon as reasonably practical unless an oral statement is taken from detectives. Peace officers who complete oral interviews are not required to prepare a written report.
   b. A peace officer may be directed to prepare reports at the Detective Division at the discretion of the investigating supervisor or higher authority.
   c. Injured peace officers are exempt from preparing a report until physically capable.
   d. Reports shall be submitted and approved prior to end of watch unless circumstances make the completion of a report unreasonable as determined by an appropriate supervisor.
   e. Outside agency personnel may use their own report forms. Copies of the reports may serve as Department supplements.
   f. A peace officer shall be advised of their Miranda rights when:
      (1) Under arrest.
      (2) Information available to the investigator(s) causes them to believe the peace officer is criminally responsible.
      (3) The peace officer makes incriminating statements during an oral interview.
   g. While a peace officer(s) is providing a voluntary oral interview for statement under Miranda, the following personnel may view the process:
      (1) Assigned detectives, supervisors, Internal Affairs Division (IAD) investigator, FIT representative, DA investigator, OPSA representative, and/or the peace officer's legal representative.
      (2) Except with the expressed authorization of the ranking detective or supervisor, no others shall be allowed to view the interview.
   h. When an oral interview is conducted, it shall be audio recorded. The peace officer(s) shall be informed that the interview is being recorded.
   i. No more than two (2) detectives shall be in the interview room with a peace officer. A peace officer may have representation present during any interview. The representative shall not obstruct or otherwise interfere with the investigative process. However, the representative may invoke Miranda to protect the peace officer from self-incrimination.
   j. Involved peace officer(s) and their representatives will have access to their In-Car Camera and Body-Worn Camera recordings and/or other reasonably available recordings of the incident that depicts the involved peace officer or the perspective of the involved peace officer at the time of the incident. However, if such a recording also contains significant content outside these parameters, the Chief of Police, or designee, may redact or withhold the portions of the video containing the content. The peace officer and their representative shall be notified of any redactions or withholdings. A peace officer shall be encouraged to recall the circumstances and provide a chronological outline of the incident. The peace officer(s) shall have the opportunity to talk to an SPOA representative or attorney prior to giving an oral or written statement.
   k. The interviewing detective shall be sensitive to the physical needs and emotional well-being of the peace officer. When appropriate, food and drink shall be provided. The detective shall:
      (1) Ensure that the peace officer is able to move about the office without confronting subjects, witnesses, or the media.
      (2) Ask the peace officer(s) if they wish to talk with the police chaplain and/or a Peer Support member pursuant to (GO 570.04) Peer Support Program.
   l. A peace officer who is an eyewitness to a shooting shall:
      (1) Respond to the Detective Division to complete a written report or oral interview.
      (2) Be directed to an available desk away from other peace officers or distractions.
      (3) Proceed with the preparation of a written report or make notes for the oral interview.

m. If applicable, the investigating supervisor shall complete or shall ensure the completion of:
(1) An After-Action Report (SPD 005) pursuant to GO 532.13 (After Action/Debriefing Reports).
(2) A red border form (RM3).

9. Shooting by SPD Peace Officers Outside City Jurisdiction
   a. Whenever a peace officer, by discharge of a firearm, causes a death or injury outside the city jurisdiction, the peace officer shall notify the agency having jurisdiction and their Watch Commander, who shall ensure IAD and FIT is notified and assigned to assist the agency conducting the investigation for purposes of coordination and keeping informed of the investigation.
   b. If the agency having jurisdiction does not have the resources available to conduct the investigation and requests the SPD conduct the investigation, the Watch Commander shall be notified. The Watch Commander shall assess whether SPD will conduct the investigation.
10. Shooting by Peace Officers of Another Law Enforcement Agency Within City Jurisdiction
   a. If death or injury is the result of a shooting by another law enforcement agency, the Homicide Unit shall be notified to handle the investigation. The other agency shall be notified immediately so they may monitor the investigation pursuant to GO 560.01 (Arrest and Investigation by Allied Agencies).
11. Refresher Training

Any peace officer involved in an on-duty discharge of a firearm, other than during training or qualifying, shall undergo firearms refresher training prior to returning to full duty. Refresher training:

   a. Shall be in accordance with the module prepared by the Training Section.
   b. May include topics such as officer safety tactics, policy, and the law.
   c. Shall be conducted by an authorized range master who shall direct a memorandum to the Captain, Personnel Service Division (PSD), or designee, indicating that the peace officer has received firearm refresher training.
   d. Shall be documented and submitted to the PSD to be placed in the peace officer's personnel file and a copy forwarded to PSU to be placed in the Department's incident folder and tracking software system.
12. Return to Duty

Return to duty for each employee involved in a fatal or injury shooting shall only occur after:

   a. Consideration has been given to GO 570.03 (Post Trauma Response).
   b. The COP, or designee, has notified the City Manager.

C. REVIEW PROCEDURES

5. Internal Affairs Division
   a. The IAD captain shall direct IAD investigators to respond as needed.
   b. If an involved peace officer has elected to not provide criminal investigators with a voluntary statement, the assigned IAD investigator shall conduct an administrative interview to determine all relevant information.
   c. IAD may be directed to be the lead administrative investigators by the COP or designee.
6. Force Investigations Team
   a. Notify Office of Public Safety Accountability (OPSA) and Inspector General or designee of any officer involved shooting or any UOF that caused serious bodily injury or death.
      (1) OPSA and the Inspector General shall be permitted access to the incident scene to the extent possible without contaminating evidence or otherwise disturbing the scene. Their presence is to merely observe and familiarize themselves with the situation.
   b. Actively monitor the Office of Operations Investigation and participate in the public safety walk-through alongside the assigned Internal Affairs Division (IAD) investigator.
   c. Monitor voluntary statements given by involved officers.
   d. Prepare a summary of basic information of the incident and forward it to the designated redaction personnel.
   e. Add a use of force incident into the tracking software and attach any related policies to the administrative review.

f. Review any less lethal force used pursuant to GO 580.12 (Less Lethal Weapons Systems) during an OIS/ICD incident.
g. Will complete for documentation a 60-day preliminary administrative presentation for executive command staff covering:
   (1) Policy overview.
   (2) Serious policy concerns.
   (3) Suggested changes to policy, training, and or equipment.

7. Professional Standards Unit
   a. Have access to all reports and investigative materials regarding any officer shooting incident with the exception of IAD investigative files.
   b. Keep and maintain reports and related material indefinitely.
   c. Contact the City of Sacramento Risk Manager by the next business day to discuss any potential civil liability issues.
   d. Schedule and facilitate a preliminary review and final review.
   e. Collect data and report statistics on UOF incidents.
   f. Maintain the Early Intervention Program (EIP).
8. Administrative Review
   a. Officer involved shootings, other uses of force resulting in death, in custody deaths and other significant events at the discretion of the Chief of Police shall be reviewed via the following two-step process:
      (1) Preliminary Review
         a) This review shall take place within the first 30 days following the incident. Extensions beyond the 30-day deadline must be approved by the Chief of Police.
         b) The Preliminary Review is intended to be a high-level analysis of the incident, with a focus on organizational performance. This review should be facilitated by the Area Captain.
         c) If the incident involved a UOF, the policy issues related to the specific application of force during the event shall not be addressed.
         d) Areas covered should include an overview of facts, initial response, training, equipment, policy considerations other than the specific application of force and internal and external communication.
         e) The Captain of the Office of the Chief shall prepare and submit a memo documenting the findings of the preliminary review to PSU.
      (2) Force Investigation Team Administrative Investigation
         a) FIT shall investigate the incident for policy compliance.
         b) Any policy violations identified during the investigation will be reported to the Office of the Chief Administrative Services Captain and the Internal Affairs Captain by the FIT Sergeant. At the direction of the COP or designee IAD may be assigned as the lead administrative investigators. In these instances, FIT would cease their investigation and IAD would complete the remaining FIT responsibilities.
         c) The investigation into the UOF application will not conclude until all criminal investigations have been completed.
         d) Once the FIT or IAD investigation of the UOF application has been completed, the final policy review will be scheduled.
      (3) Final Policy Review
         a) An administrative review to determine if the force used during the incident complied with Department policy. Prior to the final review debrief all presentations and documents shall be sent to the FIT Lieutenant or designee for review and approval.
         b) Shall be chaired by the Deputy Chief, Office of Investigations, and minimally consist of:
            i. Captain(s) of the involved employee(s)
            ii. Lieutenant, Training Division

iii. Watch Commander
iv. Department Range Master
v. PSU
vi. Risk Management
vii. Office of Public Safety Accountability Director
viii. Office of the Inspector General
ix. SPOA President

a) Lieutenants and above managers attending the Final Policy Review shall recommend to the COP whether the specific UOF was within Department policy.
b) FIT shall be prepared to fully explain the investigation during the final policy review.
c) The Homicide Sergeant shall ensure that a copy of the District Attorney's review letter is forwarded to PSU for proper filing and distribution to the involved employee(s).
d) Once FIT has completed the administrative investigation, it will be forwarded to the COP through the employee's chain of command.
e) FIT shall complete a final policy disposition letter to be signed by the COP. The letter shall address the following:
   i. If the incident was within policy
   ii. Any policy or equipment changes
   iii. Any directed retraining for involved employees
   NOTE: If the incident is investigated by IAD, the final disposition may be documented through the complaint process on an SPD 330 and SPD 332.

D. UOF REVIEW BOARD

All Level 1 and Level 2 UOF incidents will be reviewed on a monthly basis pursuant to GO 580.01 (UOF Review Board).

E. DISCLOSURE OF PUBLIC RECORDS

The Department will disclose public records pursuant to state and federal law.

F. REPORTING TO THE CALIFORNIA DEPARTMENT OF JUSTICE

PSU shall submit statistical data regarding all qualifying officer-involved shootings and incidents involving UOF resulting in serious bodily injury is to be reported to the California Department of Justice (URSUS) as required by Government Code 12525.2.

G. UOF ANALYSIS AND POLICY REVIEW

5. At least annually, PSU shall prepare an analysis report on UOF incidents. The report should be submitted to the Chief of Police. The report should not contain the names of peace officers, subjects or case number but should include:
   a. The identification of any trends in the UOF by members.
   b. Training needs recommendations.
   c. Equipment needs recommendations.
   d. Policy review and revision recommendations.

LEVEL 1	LEVEL 2	LEVEL 3
• UOF resulting in death • UOF resulting in Serious Bodily Injury (SBI) • Officer involved shooting resulting in injury or death • Officer involved shooting-subject missed • Use of vehicle as weapon resulting in SBI • In-custody death • Use of non-issued equipment resulting in SBI or death	• Officer involved shooting of an animal • Canine bite • CED deployment-probe • Use of chemical agents • Use of baton • Use of CED drive stun • Use of personal body weapons • Use of less lethal weapons systems • Use of BolaWrap®	• Any UOF used to overcome a combative, physically aggressive, or fleeing subject who has delayed, obstructed, or fought with an officer • Any UOF that results in a visible injury or complaint of pain by the subject to whom force was applied to. Example: visible scratch, abrasion, complaint of pain however not minor discomfort by application of certain control holds or handcuffs

REPORTING REQUIREMENTS FOR LEVEL 1	REPORTING REQUIREMENTS FOR LEVEL 2	REPORTING REQUIREMENTS FOR LEVEL 3
• Sergeant notification • Homicide call out • CSI request • IAD call out • PSU call out • PIO call out • District Attorney response team • OPSA • Crime or casualty report • Red border form (RM 3) • Tracking software entry All call outs are based on the needs of the incident.	• Sergeant notification • Crime or casualty report • CSI request • Red border form (RM 3) • Tracking software entry • Watch Commander investigation (shooting of an animal)	• Sergeant notification • Incident/crime report • CSI request • Red border form (RM 3) if there is visible injury • No tracking software entry

580.14
USE OF CANINES
6-27-22

PURPOSE

This policy establishes guidelines for the use of department canines to augment police services in the community including, but not limited to, locating suspects, contraband and apprehending criminal offenders.

POLICY

The Sacramento Police Department values the sanctity of human life and the freedoms guaranteed by the United States and California Constitutions. It is the policy of the Sacramento Police Department that canine handlers meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives pursuant to GO 580.02 Use of Force policy and GO 522.02 Emergency Care for Individuals in Police Care or Control policy.

PHILOSOPHY

The Sacramento Police Department's primary use of canines is to safely locate suspect(s) in areas that are difficult or dangerous to search, while preserving the handler's option to use minimal force or avoid force altogether, to apprehend and place the suspect into custody. Canines will be deployed based on the criteria listed in this policy. Nothing in this policy supersedes the Sacramento Police Department's Use of Force Policy to include de-escalation, proportionality, and or crisis intervention techniques.

The Sacramento Police Department primarily deploys canines utilizing voice commands from the handler as a method of control. Repeated notice on the presence of a canine and request to surrender are given during a deployment when possible. The canines are deployed for suspects wanted for violent felonies, specific felonies listed in this policy, other crimes where a suspect is fleeing and officers believe the suspect is armed with a weapon, or when a suspect is actively resisting arrest. The canine is used to search and locate a suspect(s). Should the suspect(s) surrender the canine will be called back by the handler. Should the suspect resist or continue to evade officers, the canine will engage the suspect and be called off as soon as safely possible by the handler.

PROCEDURE

A. DEFINITIONS

1. Canine handler - Sworn members who have been POST trained and have attended the canine training school to be certified and qualified to perform all responsibilities of a canine handler.
2. Handler control methodology - The training methodology employed by the department for both the canine and handler in which the handler demonstrates that they are able to maintain physical or verbal control over the actions of their canines.

B. GENERAL

1. Approval shall be obtained from a field supervisor prior to using a canine to search for, or apprehend, a suspect. Exception: A rapidly evolving situation that is within the deployment guidelines, but in which it is impractical to obtain supervisory approval.

NOTE: It is recognized that situations may arise that do not fall within the provisions set forth in this policy; in such a case, **a watch commander can use a standard of reasonableness to review the decision** to deploy a canine in view of the totality of circumstances.

2. Watch commanders shall notify the Metro Special Operations Section Lieutenant of any performance issues regarding handlers or canines.
3. [redacted]

C. DEPLOYMENT GUIDELINES

The deployment of a canine shall be continuously re-evaluated during an incident to determine appropriateness of its use. During deployments when practical and safe to do so, the handler shall try to maintain visual sight, verbal control and/or have physical control of the canine.

1. Canines shall not be deployed for subjects in the following circumstances:
    a. Infractions
    b. Misdemeanor crimes not involving a weapon likely to cause serious bodily injury (such as simple assault, petty theft, vandalism, city code violations)
    c. Mere flight from an officer unless one of the factors in C. 2. are present
    d. Petty thefts that escalate to the level of a robbery due to the suspect's resistance towards the victim's efforts to stop the theft (absent actions resulting in great bodily injury (GBI) or a weapon being involved).
    e. Stolen vehicles involving a named suspect or civil in nature such as a rental car non-return
    f. Protest or crowd control situations
2. Canines can be deployed for suspects in the following circumstances:
    a. Wanted for violent felonies (such as homicide, robberies, kidnapping, serious assaults, drive by shootings, sexual assaults)
    b. Reasonable belief the person may be in possession of a weapon likely to cause serious bodily injury
    c. Specific felony property crimes:
        i. Burglaries
        ii. Stolen vehicles (when factors in section C.1.e don't exist)
        iii. Felony vehicle evading
    d. Warrant service where any of the following are met:
        i. Wanted for violent felony
        ii. Has a violent criminal history
        iii. Has a criminal history with firearms
        iv. Has a criminal history of felony evasion or being physically assaultive towards law enforcement
    e. Suspect is actively resisting arrest
3. When a canine has engaged a suspect, the handler shall direct the canine to release its hold as quickly as possible when the totality of the circumstances indicates the suspect is surrendering or when adequate resources are available to take the suspect safely into custody. Factors in assessing when a suspect is surrendering include, but are not limited to:
    a. Suspect verbally surrenders
    b. Suspect's hands can be seen and are not in possession of a weapon
    c. Suspect physically complies (i.e., hands in the air, follows verbal commands or body language indicative of surrendering)

D. CONSIDERATIONS PRIOR TO DEPLOYMENT

Prior to the use of a department canine to search for or apprehend a suspect, the canine handler and/or supervisor at the scene shall consider all pertinent information reasonably available at the time. The information shall include, but is not limited to:

1. The suspect's age or an estimate thereof.
2. The nature of the suspected offense.
3. Any potential danger to the public and/or other officers at the scene if the canine is utilized.
4. The degree of resistance, if any, the suspect has shown.
5. The potential for escape or flight if the canine is not utilized.
6. The potential for injury to officers or the public caused by the suspect if the canine is not used.
7. Ability of suspect to understand and comprehend canine warnings to include mental health, language and other disabilities.
8. Having other less lethal force options available to aid the canine during a deployment.

E. BUILDING AND AREA SEARCHES

Whenever practical, a perimeter should be established before the canine is used for a building/area search. Canine officers shall:

1. If necessary, make search recommendations to the field supervisor.
2. Provide verbal warnings in a loud voice, or by use of amplified sound prior to releasing the canine:
    a. Announce the presence of the canine unit.
    b. Order the suspect out of hiding.
    c. Warn the suspect that he or she may be bitten.
    d. After allowing for a reasonable period of compliance, repeat the warning. If no response is received after again waiting for a reasonable period of compliance, the search may begin.
    e. With the approval of the watch commander, the canine handler may omit or forgo canine warnings when exigent circumstances exist.
3. Repeat additional warnings when appropriate and safe to do so or when encountering structures where initial canine warnings may not have been heard. Supervisors and canine handlers should consider foregoing additional canine warnings when either of the following are present:
    a. when there is increased risk to officer safety due to the reasonable belief the suspect (s) is armed with a weapon likely to cause great bodily injury
    b. where the suspect (s) continues to elude officers during an area search based on the proximity of the canine
4. [redacted].
5. Officer should attempt to contact residents prior to utilizing a canine for yard searches. If a resident or responsible is unable to be contacted, then an additional canine warning shall be made by the handler prior to deploying the canine to search the backyard.
6. Advise Communications after initial warnings are given, and when possible, record on In Car Camera (ICC) and/or Body Worn Camera (BWC).
    a. When feasible for area searches, verify the announcement could be heard by another officer on the perimeter opposite of the warning.
7. Notify communications and perimeter officers that the search has begun.
8. Maintain verbal control and frequent visual contact of the canine during the search.

F. CANINE OFFICERS

1. Canine officers shall:
    a. Take a pro-active approach in dealing with priority calls, game plans, and attempt pickups where the use of a police canine would benefit the safety of the public and the officers involved.
    b. When applicable, notify the field supervisor if there is a possibility of a potential canine deployment within that supervisor's area of responsibility.
2. Canine officers should not:
    a. Be assigned to handle routine report calls.
    b. Be dispatched to misdemeanor calls; i.e., 415s, 5150s, 901s, or traffic control.

G. CANINE SERGEANT

1. Intentional Apprehensions
    a. The canine Sergeant shall be notified as soon as practical regarding the apprehension and the circumstances of the call.
    b. The canine Sergeant shall review all pertinent reports, in-car camera video and body worn camera video related to the canine apprehension.
    c. Based on the review, the canine Sergeant may go over the incident with the handlers but will not determine any policy findings pending outcome from the Use of Force committee.
2. Unintentional Bite
    a. The canine Sergeant shall:
        i. be notified as soon as possible of any unintentional apprehension.
        ii. respond to the scene when possible.
        iii. notify the Metro Special Operations Section Lieutenant.
        iv. review all pertinent in-car camera video and body worn camera video related to the apprehension.
        v. coordinate with the Professional Standards Unit and the Metro Command to determine if a field settlement agreement is appropriate based on the totality of the incident.
        vi. identify any training lessons learned from the incident and address with the handler and canine unit for educational and training purposes after concurrence by the Metro Captain that no policy violations need to be addressed.
        vii. ensure a report and a red border form (RM3) is completed.
        viii. document findings in a memorandum to the Deputy Chief of Office of Specialized Services.

H. CARE OF CANINE AND EQUIPMENT

1. Canine officers shall:
    a. Be responsible for the health and welfare of the canine, ensuring that the canine receives the proper nutrition, grooming, training, medical care, and living conditions.
    b. Not expose the canine to any foreseeable and unreasonable risk of harm, unless required by a particular application.
    c. Maintain department canine equipment under their control in a clean and serviceable condition.
    d. Permit the canine unit sergeant to conduct on-site inspections of affected areas of the residence to verify that conditions and equipment conform to this policy. The canine unit sergeant shall minimally provide 24-hour notice prior to the inspection.

e. Report to the canine unit sergeant any changes in living status that may affect the lodging or environment of the canine.
f. Report any injury or illness of the canine to the canine unit sergeant.
g. Advise the canine unit sergeant prior to taking their canine to the veterinarian for a routine examination or for minor medical problems.
h. Take the canine to the nearest available veterinarian if the canine is seriously injured or requires immediate medical attention. The canine unit sergeant shall be notified as soon as time permits.

I. TRAINING

1. Prior to assignment in the field, each canine team shall:
   a. Be trained and certified to meet POST standards.
   b. Receive training as defined in the current contract with the department canine training provider.
   c. Conduct all canine training while on duty unless otherwise approved by the canine sergeant.
   d. Demonstrate an understanding and ability to use the handler control methodology, including the ability to control the canine both physically and with verbal commands.

J. CROSS TRAINED CANINES

1. Canines trained in more than one discipline shall assist with investigations as directed by the Metro Special Operations Section Lieutenant.
2. Cross trained canine teams shall meet POST certifications.
3. Narcotics and firearm detection canines shall:
   a. Assist in the search for narcotics or firearms during a search warrant service.
   b. Search vehicles, buildings, and any other articles deemed necessary.
   c. Not be used to search a person.
4. Explosives detection canines shall:
   a. Assist in the search of a location where a bomb threat has been established. NOTE: Prior to responding, credibility of the threat shall be assessed.
   b. Conduct preventive searches at locations such as special events, dignitary visits and restricted areas.
   c. Not be used to clear a suspicious package.
   d. Not be used to search a person.
   e. Narcotics, article and explosive searches do not require verbal warnings prior to deployment.
5. SWAT deployment canines:
   a. Shall be used in SWAT operations. NOTE: Only canine teams that have received specialized training and the approval from the Metro Special Operations Section Lieutenant will be utilized in this capacity.
   b. Shall participate in bi-annual training with the SWAT team.

K. OUTSIDE AGENCY ASSISTANCE

Upon request from an outside agency for the assistance of a department canine, the following conditions shall be met:

1. The Communications Division shall:
   a. Obtain all necessary information including location, type of incident, suspect description, contact person, etc.
   b. Notify the watch commander.

2. The watch commander will respond to the request, taking into consideration personnel availability, the availability of the requesting agency's canine, and whether the need for the canine is consistent with department policy.
3. Prior to deployment, the canine officer will ensure that the use of the canine is within department policy.
4. Following a reportable injury caused by canine use of force, the nearest district sergeant or assigned field supervisor shall follow the supervisor's reporting procedures and responsibilities pursuant to GO 580.02 (Use of Force), including the completion of a tracking software entry.

L. REPORTING REQUIREMENTS FOR INJURIES INFLICTED BY A CANINE UPON AN INTENDED SUSPECT AT THE DIRECTION OF THE HANDLER

Canine officers shall:

1. Ensure first aid is rendered pursuant to (GO 522.02 Emergency Care for Individuals under Police Care or Control).
2. Notify the district sergeant, who shall follow the supervisor's reporting procedures and responsibilities pursuant to GO 580.02 (Use of Force), including the completion of a tracking software entry.
3. Obtain a statement from the intended suspect or witnesses relevant to the use of the canine when possible.
4. Notify CSI for photos of suspect's injury(ies). If CSI is unavailable, notify the district sergeant for photographs.
5. Complete appropriate reports detailing the incident including documentation of warnings issued prior to the deployment of the canine when applicable.
6. Complete a red border form (RM 3).

M. REPORTING REQUIREMENTS FOR INJURIES INFLICTED BY A CANINE UPON AN UNINTENDED INDIVIDUAL

Canine officers shall:

1. Ensure first aid is rendered pursuant to (GO 522.02 Emergency Care for Individuals under Police Care or Control).
2. Notify the watch commander and canine sergeant.
3. Ensure an attempt was made to obtain a statement from the individual who was unintentionally injured by the canine or witness(es) relevant to the use of the canine when possible.
4. Notify CSI for photos of victim's injury(ies). If CSI is unavailable, notify the district sergeant and request they respond for photographs.
5. The canine sergeant will coordinate with the Professional Standards Unit and the Metro Command to determine if a field settlement agreement is appropriate based on the totality of the incident.
6. Complete appropriate reports or department memorandum detailing the incident, including circumstances that led or contributed to the unintended bite.
7. Complete a City of Sacramento Workers' Compensation form WC001 (first report of injury form) if a City employee is the unintended individual.
8. Complete a red border form (RM 3).

N. ADMINISTRATIVE REVIEW

1. The canine unit sergeant shall:
   a. Review all incidents in which a department canine injures any person. This does not replace or circumvent the Use of Force committee.

b. Notify the Metro Special Operations Section Lieutenant of any deployment or training issues.
c. When applicable, implement corrective and/or preventative action for any training, equipment, or canine issues that have been discovered as a result of the review. Any corrective actions should be approved by the Metro Captain so there is no conflict based on the Use of Force committees recommendations.
d. Maintain a record, cross referenced by officer, on all injuries involving department canines for a period of five (5) years from the date of injury.

2. The Metro Captain and the Metro Special Operations Section Lieutenant shall:
   a. Review all incidents in which a department canine injures any person.
   b. Review the Blue Team entry, making a determination as to the appropriateness of the use of the canine.
   c. The deployment is then brought before the Use of Force Committee to determine whether the incident is within policy.

MEMORANDUM **Sacramento Police Department**

TO: Dan Monk, Deputy Chief
Office of Operations

Bryce Heinlein, Deputy Chief
Office of Specialized Services

Zack Bales, Deputy Chief
Office of Investigations

Blake Norton, Chief Strategy Officer
Office of Strategy and Compliance

DATE: 1/15/2026

FROM: Clayton Buchanan, Captain
Office of Strategy and Compliance, Administrative Services

SUBJECT: **Use of Force Review Board Meeting January 15, 2026**

The Sacramento Police Department Use of Force Review Board met at 1000 hours on Thursday, 1/15/2026. In attendance were voting members:

1. DC Dan Monk, OOO
2. DC Bryce Heinlein, OSS
3. DC Zack Bales, OOI
4. James Harrington, East Command
5. A/Capt. Robert Young, Central Command
6. Capt. Neil Cybulski, North Command
7. A/Capt. Sean Cunningham, South Command
8. Capt. Brent Kaneyuki, Metro Command
9. Capt. Vance Chandler, Research and Development/Training Division
10. Capt. Ethan Hanson, Office of Investigations
11. Capt. Clayton Buchanan, Administrative Services

Also, in attendance:

1. Capt. Stephen Moore
2. Lt. Justin Thompson
3. Lt. Edward Macaulay
4. Lt. Coughran
5. Sgt. Ryan Davis
6. Sgt. Jacob Casella, Force Investigation Team

The following UOF incidents were reviewed with the findings and recommendations of the Board as follows:

Date/Time of Occurrence	11/23/2025 01:53
Date/Time Entered	12/06/2025 21:27
Record ID Number	35335
Report Number	25-306462
IA No	OIP2025-224
Sacramento PD Blue Team Assigned Investigator	Administrative Analyst Colleen Barker
IAPro Assigned Investigator	AA Colleen Barker #6445

Incident Location

Location of Occurrence: 1 - Northwest

Erin Dr / W. El Camino Ave
Sacramento, CA, 95833

0.00000, 0.00000

Precinct: 1B

Incident Summary

After reviewing ICC, BWC, and reports I have the following concerns.

1. Three units and A K9 unit were authorized. Video shows up to 7 units engaged in the pursuit.

2. Ofc. [redacted] (driver) and [redacted] after conducting the first PIT got back into the pursuit when there were already more units in the pursuit than authorized.

3. Ofc. [redacted] was briefly the 4th non-K9 unit in the pursuit before the first PIT and then became the 3rd non-K9 unit.

4. Ofc. [redacted] engaged in the pursuit after there were already more units in pursuit than were authorized. His comment added to the call stated he never engaged in the pursuit.

5. Ofc. [redacted] engaged in the pursuit after there were already more units in the

pursuit than were authorized. His comment added to the call stated he was never in pursuit.

6. Ofc. Arreola's BWC was not activated.

Police Sergeant Matthew Suehowicz » Police Lieutenant Tod Bevins (Police Sergeant Adam Vassallo Police Officer Caleb Peckinpaugh Police Officer James Gannon Police Clerk II Matthew Rhodes Police Sergeant Jeffrey Rath Police Officer Roy Hastings)

Hello,

Please review this pursuit.

Thanks,
Matt

12/26/2025 13:33 — TB

Police Lieutenant Tod Bevins

After reviewing the report. cad call and all associated video I concur with all of Sgt. Suehowicz's concerns. Furthermore, I observed the following actions by these involved Officers:

-Ofc. [redacted], while trying to catch up to the pursuit that already had enough units involved, drove up to 80 MPH on surface streets prior to activating his lights and siren.

-Ofc. [redacted] responds to the call c3, prior to it becoming a pursuit, he properly deactivates his lights and siren when he gets close to the suspect vehicle, however, when he deactivates he is still going 80 MPH on surface streets. He was also not wearing his seat belt for approx. the first minute of his c3 driving.

-Ofc. [redacted] did not have his seat belt on at the beginning of the pursuit.

-Ofc.'s [redacted] and [redacted] were involved in the pursuit but did not enter any comments on the call as to their involvement.

Police Captain Neil Cybulski
This pursuit has been reviewed and found to be in policy. Minor concerns have been addressed at the watch level.

02/10/2026 10:07 — CB
Administrative Analyst Colleen Barker » Police Sergeant Matthew Suehowicz
Hello,

Please confirm the injuries. Thank you,

Colleen

02/18/2026 20:10 — MS
Police Sergeant Matthew Suehowicz
Completion notes: The injuries on the 187 now match the blue team.

-Matt

02/19/2026 12:10 — CB
Administrative Analyst Colleen Barker » Administrative Analyst Colleen Barker
The injuries will be updated to use vehicle pursuit categories. which match the CHP 187 form.

02/19/2026 12:14 — CB
Administrative Analyst Colleen Barker
[Forward to IA/PSU by Administrative Analyst Colleen Barker without completion notes]

Hello,

The above blue team is finished being reviewed and has been provided with a disposition. In accordance with procedures, I am sending the list of involved officers so that you can provide them with the email below. Please let me know if you have any questions or concerns.

The involved officers are:

Ofc. Colby Anderson #908
Ofc. Fransisco Arreola #639
Ofc. Robert Carrancho #343
Ofc. LaTauruss Harris #408
Ofc. Ruben Hurtado #280
Ofc. Nelson Kappas #219
Ofc. Michael Phelan #927
Ofc. Andy Ramirez #625

Thank you,

Colleen

> *Hello,*
>
> *A review of vehicle pursuit 25-306462, has been completed. The incident was found to be within policy. You are receiving this email because you were involved in the Blue Team review. By accepting this email, you are not agreeing to the contents, only confirming that you have received it.*
>
> *If you wish to review the contents of the Blue Team review, please contact your Chain of Command. They can either provide a verbal review with you, or request a redacted copy, pending your preference.*
>
> *If you wish to provide a written response, please provide your response in memorandum format. The memorandum should be sent to your assigned Captain and the Professional Standards Unit (Sergeant Ryan Davis and Colleen Barker) within 30 days from receipt of this email. If you do not wish to make a written response, no further action is required.*

Thank you,
Colleen Gray

Notification:

On 11/23/2025 at 0149 hours, I (CSO Whitehead #8143) and Ofc. Anderson #908 were dispatched to 1212 Brewerton Dr regarding the pursuit of an occupied located stolen vehicle see (K9 Ofc Phelan #927 pursuit report). All times, speeds, and measurements in this investigation were approximate. Measurements were taken via MDT measuring device because the cross street was too far away to pace. We arrived on scene at 0200 hours. My Sacramento Police Department issued body worn camera was activated and recording for the duration of the investigation. I observed the following in summary.

Scene Description:

Terracina Dr was an eastbound/southbound city street. 2004 Terracina Dr was a river levee with a bike trail flanking the side of it. The river levee and the bike trail traveled both northbound/southbound. The river levee was straight and level. The surface was composed of dirt and gravel. The bike trail was straight and level. The surface was primarily composed of asphalt. There was a pole blocking the entrance of vehicles to the north part of the bike trail where it intersected with Terracina Dr. There was a fence which blocked off the south of the river levee.

Parties:

P-1 (Vang, Lao) was located on scene and was identified via name and date of birth (DOB: 12/09/1983). Vang was booked at the Sacramento County Main Jail (see report).

V-1 (Stolen Vehicle) 2020 Chevrolet Equinox (CA LP: [redacted] was located on scene and sustained major front end damage, moderate passenger side damage, along with no front right tire. Central Valley Towing towed the vehicle from the scene.

Hit-and-Run:

I (CSO Whitehead #8143) observed P-1 fleeing officers eastbound on Terracina Dr and turn southbound onto private property. After turning southbound I observed V-1 run over a pole which blocked the bike trail off from the main road. The pole was bent down and P-1 did not stop after hitting it. The vehicle continued to flee southbound from officers on the river levee. The vehicle made no attempt to stop after hitting the pole. The vehicle then crashed into a fence that blocked off the river levee. P-1 got out of the drivers side of the vehicle and fled southbound from officers on foot.

Statements:

No statement was taken from party #1 regarding the vehicle collision.

Opinions and Conclusions:

P-1 was fleeing and eluding from officers and went off of the road onto private property and hit

two objects at two separate area of impacts. Based on the evidence available to me, it was my opinion P-1 was at fault for the collision due to the fact that he went off of the roadway and collided into two fixed objects.

Area of Impact:

AOI #1 (V-1)) was on the SCL of Terracina Dr and approximately .213 miles E/ECL of Truxel Rd.

Cause:

Based on the evidence available to me, it was my opinion P-1 was at fault for the collision by failing to maintain safe speeds for conditions which was in violation of 22350 CVC. P-1 was also at fault for 20002 CVC.

22350 CVC states: No person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent having due regard for weather, visibility, the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property.

20002 CVC states: The driver of any vehicle involved in an accident resulting only in damage to any property, including vehicles, shall immediately stop the vehicle at the nearest location that will not impede traffic or otherwise jeopardize the safety of other motorists. Moving the vehicle in accordance with this subdivision does not affect the question of fault.

Recommendations:

None.

TOW COMPANY:

CENTRAL VALLEY TOWING
8240 14TH AVE
SACRAMENTO, CA 95826
916-457-4000

This notice is to inform you that the attached listed vehicle has been towed and stored. If you no longer own this vehicle, you must contact the California Department of Motor Vehicles Registration at (800) 777-0133 (5900-5902 CVC).

The legal or registered owner of record or their agent has the right to request a post storage hearing within ten (10) days of the date on this letter. This request can be made by calling (916) 808-6135 or via an e-mail to tow-administrator@pd.cityofsacramento.org. Please include your name, daytime phone number, vehicle license plate number and driver's license number in the request.

All tow hearing requests are completed by **telephone**. After the request with **complete** information as outlined above is received, you will be contacted within two (2) working days after the day you make the request. Failure to request or participate in the hearing shall satisfy the post storage-hearing requirement. This hearing process is not applicable if the vehicle has been towed under the abandoned vehicle abatement program (22660-22668, 22710 CVC), impounded for investigation (22655 CVC), removed from private property (22658 CVC), or abandoned (22669 CVC) with an estimated value of $500 or less. Vehicles towed as abandoned and valued at less than $500 may be disposed of fifteen (15) days from the date of tow.

If your vehicle was towed as a recovered stolen vehicle and not impounded for investigation per 22655 CVC, you can call the above referenced tow company directly. You do not need to contact SPD regarding the towing and storage of your vehicle.

This notice was prepared and deposited for mailing on: Wednesday, November 26, 2025.

Type 01 VICTIM STATEMENT
Related Person (VICTIM #1) [redacted] (DOB: [redacted])
Subject [redacted] DOB: [redacted]
Author 5202 - RAMIREZ, ANDY 0625
Related Date Nov-23-2025 7:17

On Sunday, 11/23/2025 at approximately 0138 hours, I, Officer Ramirez #625 obtained a victim statement from [redacted] (DOB: [redacted]) through phone contact on my department issued cell phone. I was wearing my body worn camera and it was recording during his victim statement. [redacted] related the following to me in summary:

It was around 1:20 pm when I noticed it was stolen. I went to these apartment buildings off [redacted] N St to deliver food. I was in there for about two minutes and came back out then my vehicle was stolen. I'm getting the location from my girlfriend because we have an air tag in the car. Last known location is 2153 Sandcastle way. My car is a white Chevy Equinox. It was random, I don't know who could've taken the car.

I left the key fob inside of the car's cup holder but I had the key with me which attaches to the key fob.

I don't remember locking it or not.

Nobody else has permission to drive my car.

I purchased the car for about $20,000.

I would like to press charges.

Type 04 OBSERVATIONS
Subject A. RAMIREZ #625
Author 5202 - RAMIREZ, ANDY 0625
Related Date Nov-23-2025 5:58

On Sunday, 11/23/2025 at approximately 0136 hours, Officer Kappas #219 and I, Officer Ramirez #625 were dispatched to [redacted] N St regarding a stolen vehicle incident. Per text of the call, just occurred, the complainant went inside to drop off DoorDash order. Left the vehicle on and went inside. The complainant went back outside and the vehicle is gone. White 2020 Chevy Equinox (License plate: [redacted] We arrived on scene at approximately 0136 hours. I was wearing my body worn camera and it was recording during this investigation. I observed the following summary:

Upon arrival, I made phone contact with the male complainant (later identified as [redacted], DOB: [redacted]) and obtained his statement (see attached) through my department issued cell phone.

Victim [redacted] advised he was delivering food at [redacted] N St. V- [redacted] advised after delivering the food, he took approximately two minutes to get back to his vehicle and observed the vehicle was no longer where he had left it. V- [redacted] advised his 2020 Chevy Equinox (License plate: [redacted]) was stolen.

I conducted a records check of the vehicle which showed it was registered to victim [redacted].

During V- [redacted]'s statement. He advised there was an Apple Air Tag inside of the vehicle which provided him with the location of the Chevy Equinox (License plate: [redacted]).

V- [redacted] advised the vehicle was mapping near 1508 W El Camino Ave.

Officer Kappas and I, headed towards the area of 1508 W El Camino Ave in (Sector 1).

While en route, V- [redacted] advised the updated location to the vehicle was near 2153 Sandcastle way.

K9 Officer Phelan #927 arrived on scene and assisted Officer Kappas and I, in checking the area for the stolen vehicle.

K9 Officer Phelan located the vehicle occupied on the roadway in the area of Seamist Dr/ Water Wheel Dr.

We pulled behind K9 Officer Phelan's patrol vehicle at the intersection of Seamist Dr/ W El Camino Ave. We followed the stolen vehicle and then activated our overhead lights to conduct a stop while heading southbound Erin Dr near the intersection of Brewerton Dr. The siren was then activated. The vehicle began to flee at a slow rate of speed. K9 Officer Phelan advised of the pursuit. We were in the number two position of the pursuit. (See Officer Kappas supplement for further details on our involvement in the pursuit)

The stolen vehicle came to a dead end while heading eastbound on Terracina Dr from Truxel Rd and drove through a post. The stolen vehicle continued to flee southbound on a bike trail. The stolen vehicle then had hit a chain link fence at 2008 Terracina Dr. The suspect, who was the only occupant of the stolen vehicle then foot bailed, headed southbound and was then apprehended by a police K9. (See Officer Phelan's attached supplement for further details on the pursuit and apprehension of the suspect)

Officer Kappas placed the male suspect in handcuffs. The suspect was identified as Lao Vang (DOB: 1/9/1983). His identity was verified through a WebKPF photograph (XREF: [redacted]).

S- Lao Vang was arrested for 10851 CVC, 496d PC, 2800.2 CVC, 2800.4 CVC, 2002(a) CVC, and 148 PC.

(See CSO Whitehead's #8143 attached supplement for the vehicle collision portion)

Medic 30 arrived on scene.

S- Lao Vang was transported to Kaiser Permanente (2025 Morse Ave). I rode with S- Vang inside of the ambulance to the hospital.

I attempted to obtain a statement under miranda from S- Vang in which he refused to provide a statement.

Central Valley Tow arrived on scene and towed the 2020 Chevy Equinox.

V- [redacted] advised the vehicle was worth approximately $20,000.

V- [redacted] advised nobody else had permission to drive the vehicle.

I provided V- [redacted] with the report number through phone contact with my department issued cell phone.

It shall be noted, at the time of writing this report, S- Vang is still being provided with medical treatment at Kaiser for his injuries and had not been booked at Sacramento County Main Jail.

I contacted vehicle update and had the vehicle 2020 Chevy Equinox (License plate: [redacted]) input as stolen then recovered. (FCN: 4302532700914)

1SM1 (Sgt. Suehowicz #3023) was aware of the circumstances.

Type 04 OBSERVATIONS
Subject OFFICER KAPPAS #219
Author 5189 - KAPPAS, NELSON L 0219
Related Date Nov-23-2025 3:18

On 11/23/2025 at approximately 0149 hours, I, Officer Kappas #219, was driving a marked police vehicle with Officer Ramirez #625 riding as front passenger. We were both wearing Sac PD patrol uniforms. Officer Phelan #927, who is an officer with a police K9, located a stolen white Chevy Equinox with a license plate of [redacted]. Officer Phelan was driving behind the stolen vehicle. I pulled my patrol car behind Officer Phelan's vehicle at the intersection of Seamist Dr and W El Camino Ave. My body worn camera was activated, as was my in-car-camera (ICC). The following occurred in summary:

We followed the stolen vehicle and then activated our overhead lights to conduct a stop while going southbound on Erin Dr near the intersection of Brewerton Dr. I activated my vehicle's siren.

The stolen vehicle did not stop and began to flee at slow speed. Officer Phelan advised of the pursuit over police radio. I was in the #2 position. The stolen vehicle took a westbound turn onto W El Camino Ave from Erin Dr and failed to stop at the stop sign in violation of 22450 CVC.

The stolen vehicle continued westbound on W El Camino Ave at slow speeds. Speeds were approximately 30 MPH as we approached the intersection with Seamist Drive. There was a red light at Seamist drive which the stolen vehicle came to a near or total stop at, before continuing through the red light in violation of 21453 CVC.

A PIT (precision immobilization technique) maneuver was authorized by 1SM1 (Sgt Suehowicz) over police radio. I am trained in this technique. I recognized that a PIT, when performed according to policy, is a less lethal technique which can safely bring a pursuit to a close. I recognized that a vehicle pursuit is very dangerous for officers, the suspect, and the general public. A police pursuit can easily lead to great bodily or death. I recognized that by conducting a PIT on the stolen vehicle, I could possibly bring the pursuit to a quick and safe resolution. I recognized that the suspect was driving dangerously, as evidenced by his moving violations.

As the stolen vehicle continued westbound on W El Camino Ave and approached the intersection with Truxel Road I took the #1 spot and drove my police vehicle up to the back right rear portion of the stolen vehicle and conducted the PIT. My speed when making contact with the suspect vehicle was approximately 26 miles per hour, which is an approved speed per policy for conducting a PIT. The PIT was successful in turning the stolen vehicle around. However, the suspect continued to flee in the stolen vehicle.

While conducting the PIT I observed that there were no civilian vehicles or pedestrians nearby on the roadway.

The pursuit continued northbound on Truxel Road (see Officer Phelan's observations).

At the intersection of Truxel Road and Terracina Dr I observed the stolen vehicle drive eastbound on the wrong side of a highway divided by a median in violation of 2800.4 CVC. I re-obtained the #2 spot in the pursuit.

The stolen vehicle came up on a dead end while going eastbound on Terracina Dr and drove through a post to continue to flee southbound on a bike trail and then service-style road. The stolen vehicle then hit a chain link fence at 2008 Terracina Dr. The suspect, who was the only occupant of the stolen vehicle, then fled on foot southbound and was apprehended with the assistance of a police K9. I handcuffed the suspect.

See Officer Phelan's observations for additional details on the pursuit and on the apprehension of the suspect once he fled on foot.

The suspect was identified as Lao Vang (12/09/1983). I verified his identity via Web KPF Photo.

I recognized that the the call regarding the stolen Equinox came in at approximately 0121 hours, and per the text of the call, the theft just occurred. The stolen Equinox was located by Officer Phelan at approximately 0148 hours, which is less than thirty minutes later. Based on this short amount of time passing, along with the attempt to flee by Vang, I believed that Vang was the one to have stolen the vehicle. Based on my training and experience, I recognize that suspects flee when they having knowingly committed a crime or are knowingly wanted. Vang did not have any outstanding warrants or separate wants. Vang's flight showed his awareness of the vehicle being stolen.

Vang was arrested for 10851 CVC, 496d PC, 2800.2 CVC, 2800.4 CVC, 2002(a) CVC, and 148 PC.

See other Officers' reports for additional.

On 11/23/25, at approximately 0249 hours, I, Forensic Investigator B. Hill #6375 (CSI14) arrived in the area of Terracina Dr. & the bike trail to take photographs regarding a use-of-force incident. Upon arrival, I contacted Officer R. Hurtado #280.

PHOTOGRAPHS:

I took one hundred seven (107) photographs of the following, which were uploaded to Evidence.com:

Overall condition of scene at Terracina Dr. & the bike trail (City Utility Facility)

-Miscellaneous vehicle debris on grass below North fence line along bike trail

Damage to the following items:

- North fence line along bike trail
- North curb line under fence along bike trail

Overall condition of white 4-door Chevrolet Equinox (CA-[redacted]) stopped facing South with front end into North fence line along bike trail

Damage to the following areas:

- rear bumper
- front driver exterior handle
- passenger side quarter panel
- rear passenger door
- front passenger door
- passenger side fender
- rear passenger tire
- front passenger tire
- driver side fender
- front end

Overall condition of black and white Ford Police Interceptor (CA Exempt-1635018/vehicle #14235) parked on bike trail near Terracina Dr.

Damage to the following areas:

- front driver wheel well trim
- front push bar
- front bumper
- passenger fender
- front passenger door
- rear passenger door

I cleared the scene at approximately 0313 hours, I changed my location to 2025 Morse Ave. - Kaiser North Hospital to take additional photographs. Upon arrival, at approximately 0331 hours, I contacted Officer N. Kappas #219.

PHOTOGRAPHS:

I took nine (9) photographs of the following, which were uploaded to Evidence.com:

Overall condition of black and white Ford Police Interceptor (CA Exempt-1643140/vehicle #14224)

-Condition of driver side push bar

I cleared the call at approximately 0413 hours.

Type 04 OBSERVATIONS
Subject M. PHELAN #927
Author 4276 - PHELAN, MICHAEL 0927
Related Date Nov-23-2025 20:13

On 11-23-2025 at approx 01:41 hours, while on patrol in a marked Police K9 vehicle and in full Police uniform, I, Officer Phelan #927 and my K9 partner Shep, responded to the area of 2153 Sandcastle way regarding a report of a stolen vehicle. Per the text of the call, the complainant advised his white 2020 Chevy Equinox ([redacted]) had been stolen. The complainant stated he left the vehicle to deliver a Door Dash order in the downtown area and when he returned on foot it was gone. SPD Dispatched advised that the stolen Equinox had an Apple Airtag inside the vehicle and it's last known GPS coordinates were mapping in the area of 2153 Sandcastle way. While canvassing the area I located the Equinox turning eastbound onto Waterwheel Dr from Mossy Bank Dr. I positioned my marked patrol vehicle behind the Equinox and confirmed the rear plate was a match to the one just provided by Dispatch ([redacted]). I broadcasted via radio that I was behind the stolen Equinox and that the vehicle was occupied and again confirmed the plate with dispatch via radio. Additional units responded to assist with a high risk felony stop. I observed the following in summary:

The suspect driving the stolen Equinox (later identified as Lao Vang / Suspect) continued northbound on Seamist Dr from Waterwheel Dr across W El Camino Ave onto Stonecreek Dr before turning eastbound onto Brewerton Dr while staying at or under the speed limit while additional units responded to the area. As Vang approached Erin Dr sufficient additional units had arrived to assist with a felony stop. As Vang turned southbound onto Erin Dr I activated my overhead emergency red and blue lights to initiate a felony stop on the stolen Equinox. Vang did not stop the vehicle or pull over to the right shoulder of Erin Dr.

Vang continued southbound on Erin Dr at a speed of approx 19 MPH. At this time I activated my siren continuously and broadcasted via radio that I was in pursuit of the stolen Equinox.

Vang turned westbound onto W El Camino Ave from Erin Dr without using a turn signal, failing to stop at the stop sign on Erin Dr in violation of 22107 CVC and 22450 CVC.

Vang continued westbound on W El Camino up to Seamist Dr where he stopped the Equinox for a brief moment at a red light. At this time I attempted to de-escalate the incident and encourage Vang to Surrender by giving Vang a K9 warning. I de-activated my Siren and administered the warning via the public announcement system equipped in my patrol vehicle. I stated through the PA "Police K9, don't run. If you run you will be bit". I was directly behind the Equinox with about one car length of distance between my patrol vehicle and the Equinox when I administered the K9 warning. I could hear the warning reverberating off the rear of the Equinox from the interior of my patrol vehicle.

Vang refused to comply. Immediately after giving Vang a K9 warning he began to flee again westbound on W El Camino Ave running through the solid circular red traffic light at Seamist Dr in violation of 21453 CVC.

At this time SGT Suehowicz (1SM1) authorized units to conduct a pursuit immobilization technique (PIT). As Vang approached Truxel Rd I advised his speeds were only 25 MPH and directed Officer Kappas #219 and Officer Ramirez #625 (2A31) to take the #1 position in the pursuit and attempt a PIT maneuver. 2A31 completed a PIT maneuver on W El Camino Ave just before Truxel Rd which ended with the Equinox facing eastbound in the westbound lanes, head on with my patrol vehicle (see Officer Kappas' supplemental observations for further detail). Vang then drove wrong way against traffic on W El Camino

Ave (eastbound in the westbound lanes) before pulling into the parking lot of 1599 W El Camino Ave (Shell gas station) in violation of 21651 (b) CVC.

While Vang was positioned head on with my patrol vehicle and as he drove passed me window to window, the headlights and emergency lights of my patrol vehicle illuminated the interior of the stolen Equinox. I could see at this time that he was the only occupant in the vehicle.

I watched as Vang drove through the Shell parking lot as Officer Hurtado #280 gave chase as the primary pursuing unit. I could see his only exit was back out onto the northbound lanes of Truxel Rd. I then turned northbound onto Truxel Rd and intercepted the Equinox again and took the #1 position in the pursuit as the primary pursuing Officer.

At this time Vang elected to accelerate and increase his speed northbound on Truxel Rd from W El Camino Ave passing Brewerton Dr, Pebblestone Way, and Pebblewood Dr, and Terabla Way reaching speeds of approx 74 MPH in a posted 40 MPH speed limit zone (posted 40MPH road sign on Truxel Rd just north of W El Camino Ave) in violation of 22350 CVC.

Officer Melloch #602 advised via radio that he had tac strips deployed at San Juan Rd. I updated on the radio that the Equinox was driving in the #2 lane as we approached San Juan Rd. I observed the Equinox drive over the tac strips and advised via radio that the tac strip deployment was successful.

Vang continued to flee northbound on Truxel Rd passed San Juan Rd before failing to stop at another solid red circular traffic light for the I-80 eastbound off ramp at a speed of approx 43 MPH in violation of 21453 CVC and 22350 CVC.

Vang then failed to stop again for a solid red circular traffic light for the I-80 westbound off ramp in violation of 21453 CVC.

The pursuit continued northbound on Truxel Rd as Vang ran a 4th solid red light at Gateway Park Blvd again in violation of 21453 CVC.

Officer Anderson #908 requested that we attempt another PIT maneuver on the Equinox. Officer Hurtado then took the #1 position in the pursuit as Vang continued to flee northbound on Truxel Rd running another red light at Prosper Rd at a speed of approx 48 MPH in violation of 21453 CVC and 22350 CVC.

As we approached Terracina Dr the pursuit slowed from approx 50 MPH down to approx 25 MPH. Officer Hurtado then completed a second PIT maneuver on the north side of the intersection which ended with the Equinox facing southbound in the northbound lanes head on with my patrol vehicle again (see Officer Hurtado's supplemental observations for further detail).

Again the headlights and emergency lights of my patrol vehicle illuminated the interior of the stolen Equinox as Vang drove passed me a second time. I could again clearly see that he was the only occupant inside the stolen Equinox.

Vang accelerated away again from a complete stop wrong way against traffic in the intersection and then continued wrong way eastbound in the westbound lanes of Terracina Dr with both the headlights and the tail lights of the Equinox deactivated in total darkness in violation of 21651 (b) CVC and 24250 CVC.

I took the #1 position in the pursuit again as Vang pulled back into the right way (eastbound) lanes of Terracina Dr. The pursuit continued eastbound on Terracina Dr to a dead end. Vang then turned southbound onto a narrow bike trail that paralleled a canal ramming through a vehicle barricade leaving the roadway to gain access to the bike trail in violation of 23127 CVC and 20002 (a) CVC (hit and run).

Vang continued southbound on the bike trail for approx 150 yards before driving on top of the levee of the canal and crashing into a chain link perimeter fence of a city water treatment plant (near 2000 Terracina Dr).

My patrol vehicle was positioned directly behind the Equinox when it collided with the fence. I observed the driver door of the Equinox open. I observed Vang flee from the driver seat of the Equinox matching the same physical descriptors that I had observed both times I was head on with him during the pursuit (bald male Asian adult with a dark puffy jacket). I did not observe any other movement inside the Equinox.

Vang continued to flee southbound on foot along the canal next to the chain link perimeter fence of the water treatment plant.

At this time I directed K9 Shep to apprehend suspect Vang based on the following facts and circumstances known to me at the time:

-The suspect was wanted for 10851 CVC (motor vehicle theft), 496 PC (felony possession of stolen property), 2800.2 CVC (felony evading), two counts of 20002 CVC (hit and run) and 148 (a)(1) PC (resisting arrest)

-The suspect was refusing to stop running despite being given a K9 admonishment by a uniformed patrol Officer, showing a high level of commitment and resistance to being detained in violation of 148(a)(1) PC

-The suspect had already shown a high level of resistance by his willingness to flee from the stolen vehicle on foot after crashing the stolen Equinox through a vehicle barricade in an effort to further evade Officers with complete disregard for the safety of pedestrian vehicle traffic, pedestrians on the bike trail, or residents in the area

-The outstanding suspect posed a threat to residents in the area if the suspect was not located

-Neither the vehicle nor the suspect had not been searched for weapons and it was unknown if the suspect had gained access to weapons (conventional or unconventional) inside the vehicle

-The suspect had fled from a stolen vehicle. I know from my training and experience that suspects will often utilize stolen vehicles for further nefarious activities that are often more violent and premeditated in nature in an attempt to avoid identification and capture by law enforcement for future premeditated crimes

-The suspect had stolen the Equinox just 25 minutes prior to this incident and had not yet been identified for purposes of the motor vehicle theft investigation

-Vang was was running down a narrow pathway along side a tall fence on his right and a large canal on his left. I believed that if Vang was not apprehended by K9 Shep, that he may jump into the canal or attempt to climb the fence in a further attempt to avoid capture

-There were no other means of less lethal force other than K9 that would have been viable or effective at the time Vang was fleeing on foot

-The use of K9 in this situation would help enhance the safety of Officers tasked with apprehending the suspect on scene

K9 Shep apprehended Vang on his right calf approx 30 yards south from where he had initially fled on foot from the stolen vehicle. As I caught up with K9 Shep and Vang, I heard Vang yell out "Oh fuck". I illuminated Vang with my weapon mounted flashlight equipped on my firearm. I could see that Vang was climbing up the chain link fence that led into the water treatment plant. Immediately after I illuminated Vang

with my weapon light, he climbed higher onto the fence stepping onto a concrete ledge utilizing his left leg to push himself higher, lifting K9 Shep's front and back legs off the ground. I ordered Vang to surrender at gunpoint by yelling in a loud voice "get on the ground". Vang refused to comply. I again repeated the order to Vang a second time by yelling in a loud voice "get on the ground now". Vang refused to let go of the fence and continued to lift K9 Shep off the ground. At this time when I had additional units with me I holstered my firearm and grabbed Vang by the clothing and pulled him to the ground.

When Officer Kappas and Officer Ramirez were hands on with Vang and had control of his arms I gained positive control of K9 Shep's collar and gave K9 Shep the command to release his hold of Vang and removed K9 Shep from Vang's right calf.

I requested via radio that Sacramento Fire Department Personnel respond to the scene CODE 3 to treat Vang for his injuries and provided a detailed description of our location to dispatch.

Once Vang was handcuffed I placed K9 Shep back in my patrol vehicle and then responded to Officer Kappas' patrol vehicle to provide medical aid to Vang. I utilized trauma shears to remove a portion of Vang's right pant leg to further assess if he needed medical treatment.

I observed two avulsions (one approx 2 inches in length and one approx 3 inches in length) on Vang's right calf and four punctures on Vang's right shin. These injuries were consistent with injuries one would sustain from a police K9 apprehension. I advised Vang that he was going to be okay, that he was not bleeding profusely, that he did not require any emergency trauma treatment and that the Fire Department was almost on scene.

Vang stated that he thought he may have been apprehended on his right finger as well. I then examined Vang's right hand. I located a clean laceration on the middle of Vang's right ring finger (approx 1 centimetre in length). This injury appeared to be more of a clean cut rather than a puncture or a tear. At no point did I observe K9 Shep contact Vang anywhere else on his body other than his right calf. I observed that the fence Vang was climbing had barbed wire. I advised Vang that he likely cut his hand when he fled from the vehicle or while he was climbing the fence.

Sacramento Fire Department Engine #30 and Medic #30 arrived on scene and treated Vang's injuries on scene before he was transported to Kaiser Morse Medical Center.

CSI14 responded to photograph the scene of the apprehension and an additional CSI call was generated to photograph Vang's injuries at Kaiser Morse Medical Center.

I was the primary pursuing Officer for majority of the pursuit. My overhead emergency lights and my siren were activated throughout the entirety of the pursuit. Vang reached a maximum speed of approximately 74 MPH while I was the primary pursuing Officer. The pursuit totaled an approx distance of 3.9 miles.

My body worn camera and my in car camera were activated and recording during this investigation.

SGT Suehowicz #3023 (1SM1) was on scene and made aware of the details on the call.

It should be noted that this report is a summary of the incident. For exact or specific details please see my body worn camera.

Type 04 OBSERVATIONS
Subject OFC. HURTADO #280
Author 4953 - HURTADO, RUBEN 0280
Related Date Nov-24-2025 1:37

On 11/23/2025 at approx. 0151 hours, I, Officer Hurtado #280 was assisting with a stolen vehicle in progress at Brewerton Dr and Mendel Way. My body worn camera was activated and recording. I observed the following in summary:

I overheard on the radio that K912 Officer Phelan #927 was behind a stolen vehicle, a white Chevrolet Equinox CA LIC [redacted] in the area of Stonecreek Dr and Brewerton Dr. I responded to the area with my overhead lights and siren activated. I deactivated my equipment as I got closer to where K912 advised they were at.

I took the #3 position behind the stolen vehicle in the area of Brewerton Dr and Mendel Way.

When K912 advised over the radio that we were going to initiate a traffic enforcement stop of the Chevrolet I activated my overhead red and blue lights equipped with a solid red burning forward facing light and my siren. I observed that the Chevrolet was not coming to a stop and K912 began broadcasting that we were going to be in pursuit.

I remained in the #3 position until the first P.I.T. was deployed at the intersection of W El Camino Ave and Truxel Rd. I briefly assumed the #1 position behind the Chevrolet until K912 took over the #1 position as we turned north bound on Truxel Rd. I then had the #2 position and I broadcast that I would take over the radio transmissions for the path/conditions of the pursuit. I continued to broadcast the path of the pursuit until I conducted a pursuit intervention technique at Truxel Rd / Terracina Dr.

Prior to conducting the P.I.T. maneuver I took over the #1 position in the pursuit as we traveled north bound on Truxel Rd at the intersection with Natomas Crossing. I pursued the Chevrolet northbound on Truxel Rd. When we approached the intersection with Terracina Dr I observed that my speeds were approx. 32 mph. I then conducted a P.I.T. maneuver on the right side of the Chevrolet. As the Chevrolet spun out around my patrol vehicle it made contact with the passenger side of my patrol vehicle.

Once I had completed the P.I.T. I drove out of the area so that Officers could conduct a high risk felony stop. I overheard on the radio that the Chevrolet instead continued east bound on Terracina Dr. I then responded to the area where the pursuit terminated.

Officer Kappas later completed a blue border form for my police vehicle that sustained minor damage to

the front bumper.

I updated Sgt. Suehowicz with all pertinent information.

I later put my patrol vehicle on the deadline for inspection after the damage.

On 11/23/25 at approximately 0700 hrs. I Ofc. Butler responded to Kaiser North Hospital (2025 Morse Ave) to contact suspect Lao Vang. Vang had been bitten by a Sacramento Police canine after fleeing from a stolen car. I contacted Vang in his room and asked if he would be willing to sign a Kaiser Patient Medical release form so that we could later determine the extent of his injuries. He said he would sign and I presented the form for his signature. He signed the form with no hesitation or questions.

On 11/24/25 at approximately 0700 hrs. I scanned the signed form into Versedex under the associated report number and destroyed the original.
