Good morning,

The above blue team is finished being reviewed and has been provided with a disposition. In accordance with new procedures, I am sending the list of involved officers so that you can provide them with the email below. Please let me know if you have any questions or concerns.

The involved officers are:

Ofc. Vincent Catricala #379

Thank you,

Colleen

> *Hello,*
>
> *A review of use of force 25-78973 has been completed. The incident was found to be:*
>
> *UOFRB found the incident to be within policy.*
>
> *You are receiving this email because you were involved in the Blue Team review. By accepting this email, you are not agreeing to the contents, only confirming that you have received it.*
>
> *If you wish to review the contents of the Blue Team review, please contact your Chain of Command. They can either provide a verbal review with you, or request a redacted copy, pending your preference.*
>
> *If you wish to provide a written response, please provide your response in memorandum format. The memorandum should be sent to your assigned Captain and the Professional Standards Unit (Sergeant Ryan Davis and Colleen Barker) within 30 days from receipt of this email. If you do not wish to make a written response, no further action is required.*

Thank you,

Colleen Gray

MEMORANDUM **Sacramento Police Department**

TO: Dan Monk, Deputy Chief
Office of Operations

Date: 04/23/2025

Adam Green, Deputy Chief
Office of Specialized Services

Zack Bales, Deputy Chief
Office of Investigations

Blake Norton, Chief Strategy Officer
Office of Strategy and Compliance

ATTN: Ryan Davis, Acting Lieutenant
Office of Strategy and Compliance, Professional Standards Unit

FROM: Clayton Buchanan, Captain
Office of Strategy and Compliance, Administrative Services

SUBJECT: **Use of Force Review Board Meeting April 23, 2025**

The Sacramento Police Department Use of Force Review Board met at 1000 hours on Wednesday, 04/23/2025. In attendance were members:

1. DC Dan Monk, OOO
2. DC Adam Green, OSS
3. DC Zack Bales, OOI
4. Chief Strategy Officer Blake Norton, OSC
5. Capt. Bryce Heinlein, Central Command
6. Capt. James Harrington, East Command
7. Capt. Neil Cybulski, North Command
8. Capt. Jeffrey Shiraishi, South Command
9. Capt. Brent Kaneyuki, Metro Command
10. Capt. Vance Chandler, Research and Development/Training Division
11. Capt. Ethan Hanson, Office of Investigations
12. Capt. Clayton Buchanan, Office of Strategy and Compliance
13. Capt. Stephen Moore, Communications Division

Also, in attendance:

1. Lt. Justin Thompson, East Command
2. Lt. Chad Coughran, South Command
3. Sgt. Curtis Gates, Force Investigation Team
4. Det. Trevor Schwertfeger, Force Investigation Team

The following UOF incidents were reviewed with the findings and recommendations of the Board as follows:

522.02
MEDICAL TREATMENT
03-12-2025

PURPOSE
The purpose of this order is to establish procedures for providing medical treatment to individuals.

POLICY
It shall be the policy of the Sacramento Police Department (SPD) to provide emergency medical treatment to individuals under police care or control while ensuring their safety and that of others during treatment.

PROCEDURE
A. GENERAL
   1. Officers and community service officers shall:
      a. Be issued a first aid kit.
      b. Maintain their assigned first aid kit in good working order.
      c. As soon as practical, replenish used first aid supplies from:
         (1) Designated first aid supply officers.
         (2) Assigned station supplies.
      d. Contact their supervisor to report any deficiencies with their assigned first aid kit.
      e. Receive mandated training related to emergency care every two years in accordance with California Code of Regulations, Title 22, § 100017, which includes:
         (1) First aid.
         (2) Cardiopulmonary Resuscitation (CPR).
         (3) Use of the Automated External Defibrator (AED).
         (4) Blood borne pathogens.

B. EMERGENCY MEDICAL TREATMENT
   1. Officers and community service officers shall provide medical aid (e.g., first aid, use of an AED, or CPR) to individuals in need of immediate care if treatment does not jeopardize the safety of any person.
      a. Aid is based on an employee's level of training and current certifications.
   2. When employees determine medical treatment is necessary, employees shall notify the SPD Communications Center to request emergency medical services (EMS) response.
      a. If a subject requests medical aid, employees shall request EMS. The failure of a subject to give a reason for requesting medical aid shall not deter an employee from requesting EMS.
      b. Employees shall provide the following information to the SPD Communications Center to ensure an appropriate EMS response:
         (1) Location.
         (2) Nature of the incident, if apparent.
         (3) Any known scene hazards.
         (4) Known or apparent information of the person's medical condition, including but not limited to:
            (a) Observed signs and symptoms.
            (b) Changes in apparent condition.
            (c) If known, number of persons, gender, and age.
            (d) Level and status of consciousness, breathing, and alertness.
            (e) Signs or symptoms of medical distress; perceived consumption of drugs or alcohol.
   3. Employees should take universal precautions when providing medical aid in accordance with General Order 522.05 (Infectious Disease Exposures).
   4. If an employee believes a person is suffering from medical distress, they should place the person into a comfortable position (e.g., seated or supine position) and attempt to keep them calm until EMS arrives.
      a. Behaviors indicative of medical distress include, but are not limited to, irrational or aggressive behavior, incoherent speech, fear, panic, paranoia, unexplained jumping into water, public disrobing, self-inflicted injuries, violence toward or destruction of inanimate objects, extreme pain tolerance, continued struggle despite restraint, dilated pupils, high body temperature, profuse

sweating, unexplained shivering, inconsistent breathing patterns, seizure, unexpected physical strength, or sudden tranquility.

b. If the person is restrained, assign a patient safety officer to monitor the person's breathing and consciousness continuously during and after any restraint until the arrival of medical personnel.

5. If an officer or community service officer believes a person is experiencing a medical emergency involving:
   a. An overdose of opioids, they should administer Narcan in accordance with General Order 522.06 (Administration of Naloxone [Narcan]).
   b. Cardiac arrest, they shall:
      (1) When practical and safe, render first aid.
      (2) Request EMS.
      (3) Request or utilize an AED in accordance with General Order 522.07 (Automated External Defibrillator [AED]).

C. MEDICAL AID RELATED TO USE OF FORCE
1. If an employee applies force to any person, they shall act in accordance with General Order 580.02 (Use of Force).

D. TRANSPORTING ILL AND INJURED PERSONS
1. Unless no reasonable alternatives exist, employees should not transport individuals who are unconscious, have serious injuries, or may be seriously ill. EMS personnel should be called to handle patient transportation.
2. Officers shall search any person in their custody before releasing them to EMS for transport.
3. If it is safe, officers should consider removing handcuffs if advantageous to medical treatment when a person in their custody becomes unconscious or incapacitated.
4. Transportation of prisoners shall be in accordance with General Order 523.02 (Prisoner Security).
5. An officer should accompany any individual during transport in an ambulance when:
   a. A security concern arises.
   b. It is necessary for investigative purposes (e.g., to obtain a dying declaration).
   c. Directed by a supervisor.
6. Officers should not provide emergency (code-3) escort for medical transport or civilian vehicles.

E. EMERGENCY MEDICAL AUTHORITY
1. A person with the highest-level of medical aid training and current certifications on scene is in charge and responsible for the examination, treatment, and transportation of medical patients.
2. Officers shall inform EMS if a patient is in custody and request the patient be transported to a facility designated to handle prisoners.
3. Employees do not have the authority to order any person to cease performing CPR or interfere with EMS.

F. RESPONDING TO MEDICAL AID-ONLY CALLS
1. When the SPD Communications Center receives a call from the fire department for assistance with a medical aid-only call, the dispatcher or dispatch supervisor, shall advise the district sergeant or watch commander.
   a. The district sergeant shall determine if officers will be dispatched and should evaluate the need for a supervisor to respond to the call.
   b. The fire department shall be considered the lead agency of medical aid-only calls and have primary scene control for the purpose of rendering medical aid.
2. If questions or concerns arise on medical aid-only calls, the on-duty watch commander shall coordinate with the on-duty fire battalion chief to ensure police and fire personnel are working together to handle the call properly.
3. Officers shall not apply force to any subject of a medical aid-only call for service, unless in accordance with:
   a. General Order 580.02 (Use of Force).
   b. General Order 522.01 (Handling Mentally Ill Persons).

G. REFUSAL OF MEDICAL ATTENTION
1. The SPD does not have authority to force a non-arrestable injured or ill person of a sound mental state to receive or submit to medical treatment or to be transported to a medical facility.

a. In cases in which mental health disorder may be a factor when rendering medical aid, officers shall evaluate the person for a detention for evaluation and treatment in accordance with Welfare and Institutions § 5150 and General Order 522.01 (Handling Mentally Ill Persons).

2. When officers encounter a non-arrestable injured or ill person involving a refusal to accept medical treatment and EMS has not responded, they shall complete an incident report that documents all of the facts and circumstances.

525.07
BODY-WORN CAMERA
1-16-19

PURPOSE

This policy is intended to provide officers with instructions on when and how to use body-worn cameras (BWCs) so that they may reliably record their investigations and enforcement activity in accordance with the law and in order to provide accountability and transparency to the public.

POLICY

It shall be the policy of the Sacramento Police Department (SPD) to utilize a BWC in a manner that will assist in criminal investigations and prosecutions as well as civil litigation, by providing a recording of the incident that may supplement an employee's report and help document police conduct, investigations, and enforcement activity.

PROCEDURE

A. DEFINITIONS

1. On Position - Switching the on/off switch of the camera into a standby mode which allows the camera, when activated, to capture the previous 30 seconds of video.
2. Activation - Triggering the Body Worn Camera by touch or any other method, which initiates the audio and video recording functions.
3. De-Activation – Discontinuing audio and video recording and returning the camera to a standby mode in the on position.
4. BLUE TEAM (BT) – IA Pro Blue Team is Web-based computer software that allows sergeants to enter use of force incidents, pursuits, and audits from a Department computer.
5. Muting – A function of the BWC that allows for video recording while audio recording is disabled.
6. Stealth Mode – A function of the BWC where the LED indicator lights, sounds, and vibrations are disabled.

B. GENERAL

1. All employees issued a BWC are required to wear and use their BWCs while working in uniform. A "uniform" is to be considered the standard uniform of the day based on assignment. This would include, but is not limited to, any apparel (e.g., tactical/raid vests, visible badge and firearm) that identifies the wearer as a police officer.
    a. Exceptions:
        (1) Uniformed personnel attending a formal event or funeral.
        (2) Personnel working in an undercover capacity or while conducting plain clothes surveillance where the intent is not to be identified as a police officer and no enforcement action is planned.
        (3) Personnel working in an administrative assignment. However, they shall always have them readily available to use in accordance with this general order.
        (4) Personnel with express managerial approval under special circumstances.
2. BWC video recordings help provide context and capture beneficial information during police investigations and enforcement contacts with members of the public. Because BWC recordings provide only a limited perspective of the encounter, all other available evidence, such as witness statements, employee interviews, forensic analysis, and documentary evidence should be considered before any conclusions are reached.
3. BWC should assist in the following:
    a. Documenting an initial police response.

b. Collecting evidence for use in investigations and prosecutions.
c. Helping employees with completing reports and testifying in court.
d. Deterring criminal activity and uncooperative behavior during police-public interactions.
e. Promoting accountability.
f. Recording video for use in training SPD employees.
g. Documenting the performance and professionalism of SPD employees.

4. BWC video is not meant to replace or to relieve the employee from submitting any documentation as required by policy.
5. All recordings made using BWCs are the property of SPD and will not be released or disseminated to the public without the express written consent of the Chief of Police (COP) or authorized designee or unless otherwise expressly required by federal or state law.

C. EMPLOYEE RESPONSIBILITY

1. Employees issued a BWC shall be trained in the proper use of the device prior to deployment.
2. Employees issued a BWC shall:
   a. Be responsible for the reasonable care and maintenance of the BWC they are issued.
   b. Ensure the BWCs are functioning properly.
   c. Affix their issued BWC to their uniforms above the beltline at the beginning of their shift in accordance with training and the manufacturer's guidelines. The BWC shall be worn for the entire shift.
   d. Ensure their issued BWC is fully charged and has adequate video storage to complete the shift.
   e. Only use BWCs that have been approved by the Department.
   f. Ensure the BWC is placed in the on position after leaving a police facility or a detention facility.
3. Generally, employees shall begin downloading all media prior to the end of their shift; however, supervisors may approve other download schedules when appropriate.
4. When a report is generated, employees shall document their use of the BWC or ensure that it is documented by another employee. Employees are required to spell out “body-worn camera” at least once in the associated report prior to referring to the initials “BWC” later in the report.
5. Employees are authorized to review their own BWC recordings, including prior to giving a statement after being involved in a critical incident, when writing a report, testifying in court or other proceeding, or for any other official use.
6. Employees may be authorized to review other employees’ BWC recording after being involved in a critical incident.
7. Employees shall not tamper with or modify any part of the BWC system.

D. EQUIPMENT REPLACEMENT

In the event an employee’s BWC is malfunctioning, damaged, lost, or unavailable for use:

1. The employee shall notify their supervisor as soon as reasonably practical.
2. The supervisor shall issue a replacement BWC, which are available at each station.
3. The supervisor shall send an email to Public Safety Information Technology (PSIT) that includes the serial number, Blue Tag number, description of the problem, and to whom the BWC was issued.
4. Only a watch commander or higher can authorize an employee to go in service without a BWC due to an equipment shortage or malfunction.

E. REQUIRED ACTIVATION OF THE BODY-WORN CAMERA

1. This policy is not intended to describe every situation in which the BWC should be activated, but rather is designed to provide general guidance. Not all situations will start out as necessitating the activation of the BWC, nor will all events have a clear ending when the BWC is no longer necessary.

2. If immediate activation of the BWC is not feasible due to risk to the safety of the employee or others, the employee should activate the BWC as soon as it is safe to do so.
3. Employees shall activate their BWC during investigations and enforcement activity, including evidence collection, whether self-initiated or in response to a dispatched call.
4. If the BWC was not activated during an investigation or enforcement activity, or malfunctioned, the reason shall be documented on the CAD call.
5. Employees are not required to give notice they are recording when speaking with private citizens during the course and scope of their official duties, even when the contact occurs in a private residence. If asked, employees shall advise citizens they are being recorded. Moreover, employees should strongly consider advising citizens that they are being recorded as a tool to de-escalate a situation.
6. Generally, employees should not record informal or casual encounters with members of the public. Employees should consider that recording people in some circumstances may inhibit sharing information or developing strong ties between members of the community and employees.
7. Absent a deliberate intent to not comply or repeated pattern of non-compliance, the failure to activate the BWC shall not alone constitute cause for discipline.

F. DEACTIVATION OF THE BODY-WORN CAMERA

1. Once their BWC is activated, employees shall not deactivate their BWCs until the investigative or enforcement activity has concluded. If investigative or enforcement activity resumes, the employee shall re-activate the BWC and continue recording.
2. Lieutenants and above have the discretion to authorize or order officers to deactivate their BWCs when appropriate.
3. After a recorded public safety statement is obtained during an OIS the patrol sergeant will instruct involved officers to turn off their BWC so that they can be collected as evidence.
4. Employees shall audibly record the reason for deactivation in all instances.

G. RESTRICTED USE OF THE BODY-WORN CAMERA AND/OR STORED MEDIA

1. Except those instances involving a criminal investigation of department personnel, a conversation amongst Department employees shall not be intentionally recorded without all parties to the conversation being aware that it is being recorded.
2. No BWC will be intentionally activated to record Department personnel during briefings, meetings, roll calls, or while in private spaces such as locker rooms, restrooms, or any other place where a reasonable expectation of privacy exists.
3. The BWC shall not intentionally be activated to record confidential informants or undercover employees.
4. Prior to conducting a strip search, the employee shall record a 360-degree video of where the strip search will be conducted. During the strip search, the BWC will be activated to capture only audio of the event by positioning the camera away from the individual to be searched.
5. Employees should not normally record patients during medical or psychological evaluation by a clinician or similar professional or during treatment, unless necessitated by investigatory or safety concerns. Employees shall be aware of patients' rights to privacy when in hospital settings. When recording in hospitals and other medical facilities, employees should be careful to avoid recording persons other than those who are the focus of the investigations.
6. Employees shall not play back body-worn footage for citizens or the media without prior approval from the COP or authorized designee unless for investigative purposes.
7. Employees who have made an inadvertent recording may request to have that video deleted. Requests shall be submitted to their division captain.
8. Employees shall not:
   a. make copies of any recorded event for personal use.

b. use a recording device such as a cell phone camera or secondary video camera to record a BWC file or image.
c. copy, upload, or disseminate any BWC recordings publicly or privately, nor shall employees post recordings on social media for personal use.

H. SUPERVISOR RESPONSIBILITY

Supervisors shall:

1. ensure that employees issued a BWC have completed required training and are familiar with applicable policies and procedures.
2. conduct periodic inspections of employees issued BWC equipment and ensure that the BWCs are properly affixed to the employees' uniforms and fully operable.
3. have the opportunity to view recordings in the field to mitigate and address citizen complaints when necessary.
4. have access to video footage of all users. This will allow instant access when creating or reviewing a pursuit or a use of force report for training or administrative purposes.
5. conduct audits and ensure compliance in accordance with section M of this general order.

I. USE OF VIDEO FOR TRAINING

1. Recordings may be used for training purposes.
2. When a recording contains footage that may embarrass an employee, consideration should be given before the video is used for training.
3. If a video will be used for training purposes, the Department will notify the employee. If an involved employee objects to the use of a recording, the employee may object in writing through their chain of command to the COP or authorized designee to determine if the training value outweighs the employee's objection. In no event shall any recording be used for the purpose of ridiculing or embarrassing any employee.

J. BODY-WORN CAMERA RECORDING DUPLICATION

1. BWC duplications shall not be made without an approved SPD 524 (Video Request Form). The SPD 524 may be approved by:
   a. a sergeant or higher authority.
   b. the Internal Affairs Division.
   c. the Professional Standards Unit.
   d. the City Attorney's Office.
   e. a Supervising Police Records Assistant in response to a subpoena.
2. Duplication requests shall be received by the Evidence and Property Section (EPS) at least seven (7) business days prior to the date required.
3. An SPD 524 is NOT required when the BWC recording is downloaded by:
   a. a sergeant or higher authority.
   b. the Internal Affairs Division.
   c. the Professional Standards Unit.
   d. court liaison personnel.
   e. authorized PSIT personnel.
   f. employees for their own incidents for official purposes.
4. When a copy is made, the BWC software will create a traceable audit trail for that particular video that contains the date/time of the copy and employee's name and badge number. A remark in the "Notes" section shall be added to the video giving the reason for the copy and the name of the approving supervisor if required.
5. Recordings created by the BWC system are not to be booked as evidence unless they contain evidentiary information useful in investigations including, but not limited to:
   a. Homicide investigations.
   b. Officer-involved shooting investigations.

c. In-custody death investigations.
d. Major officer-involved vehicle collisions.
e. Upon the direction of a lieutenant or designee.

K. OUTSIDE LAW ENFORCEMENT AGENCY REQUESTS
1. All outside law enforcement agency requests for recordings of BWC footage or footage captured from the Air Unit shall be sent to PSU.
2. The PSU supervisor shall approve these requests. Exception: A watch commander may authorize the immediate copy and release of BWC footage to outside law enforcement agencies when it is essential to an ongoing investigation.
3. Approved requests shall be processed by EPS, except for Air Unit footage. The Air Unit supervisor can make copies of Air Unit footage when requested by PSU or EPS personnel.

L. DATA MANAGEMENT AND FILE RETENTION
1. BWC recordings will be retained for a minimum of two and a half years from the date created in accordance with the City of Sacramento Retention Schedule. Video recordings that become evidence will be kept in accordance with the crime classification listing in the City of Sacramento Retention Schedule SPD-007.
2. Any attempt to erase, alter, or tamper with the BWC or its recordings, except as authorized by law or Department policy, will be considered employee misconduct.
3. PSU shall facilitate an external audit bi-annually.
4. Digital evidence captured by BWC shall be treated as official records and handled pursuant to existing Department policies and procedures.

M. AUDIT/COMPLIANCE PROCEDURES
1. Periodic Review
   a. PSIT shall generate a BWC audit on a monthly basis and make that information accessible to all employees.
   b. Supervisors should periodically review the body worn camera audit mentioned in M(1)(a) to help determine if officers are utilizing their BWC in accordance with this policy.
2. Bi-annual Review
   a. Supervisors are required to complete a compliance review for each employee they supervise prior to the completion of the employee's mid-year and end-of-the-year performance evaluations.
   b. Supervisors shall:
      (1) Randomly choose two BWC videos for each employee they supervise which:
         (i) are at least ten minutes in duration.
         (ii) have an associated RMS report.
      (2) Compare the two videos mentioned above, along with ICC video, if captured, and the associated report, to ensure compliance with this policy.
      (3) Generate a Blue Team entry for each BWC video they review.
3. The mid-year and end-of-the-year performance evaluations will have a BWC compliance check box to be marked upon completion of the audit.

580.02
USE OF FORCE
12-16-21

PURPOSE

This policy establishes guidelines for the use and application of force, as well as the procedures for after-force medical care.

POLICY

The Sacramento Police Department (SPD) values the sanctity of human life and the freedoms guaranteed by the United States and California constitutions. Use of force (UOF) by peace officers is of important concern to the community. The role of law enforcement is to safeguard life, dignity, and liberty of all persons, without prejudice to anyone. Peace officers shall carry out duties, including UOF, in a manner that is fair and unbiased. This policy will be regularly reviewed and updated by the Professional Standards Division to reflect developing practices and procedures.

It is the policy of the Department that a peace officer is justified in using deadly force upon another person only as a last resort when reasonable alternatives have been exhausted or are not feasible and the officer reasonably believes, based on the totality of the circumstances, that such force is necessary.

This policy is based upon Assembly Bill 392 as codified in Penal Code 835a which states:

(a) The Legislature finds and declares all of the following:

(1) That the authority to use physical force, conferred on peace officers by this section, is a serious responsibility that shall be exercised judiciously and with respect for human rights and dignity and for the sanctity of every human life. The Legislature further finds and declares that every person has a right to be free from excessive use of force by officers acting under color of law.

(2) As set forth below, it is the intent of the Legislature that peace officers use deadly force only when necessary in defense of human life. In determining whether deadly force is necessary, officers shall evaluate each situation in light of the particular circumstances of each case and shall use other available resources and techniques if reasonably safe and feasible to an objectively reasonable officer.

(3) That the decision by a peace officer to use force shall be evaluated carefully and thoroughly, in a manner that reflects the gravity of that authority and the serious consequences of the use of force by peace officers, in order to ensure that officers use force consistent with law and agency policies.

(4) That the decision by a peace officer to use force shall be evaluated from the perspective of a reasonable officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time, rather than with the benefit of hindsight, and that the totality of the circumstances shall account for occasions when officers may be forced to make quick judgments about using force.

(5) That individuals with physical, mental health, developmental, or intellectual disabilities are significantly more likely to experience greater levels of physical force during police interactions, as their disability may affect their ability to understand or comply with commands from peace officers. It is estimated that individuals with disabilities are involved in between one-third and one-half of all fatal encounters with law enforcement.

(b) Any peace officer who has reasonable cause to believe that the person to be arrested has committed a public offense may use objectively reasonable force to effect the arrest, to prevent escape, or to overcome resistance.

(c) (1) Notwithstanding subdivision (b), a peace officer is justified in using deadly force upon another person only when the officer reasonably believes, based on the totality of the circumstances, that such force is necessary for either of the following reasons:

(A) To defend against an imminent threat of death or serious bodily injury to the officer or to another person.

(B) To apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, a peace officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

(2) A peace officer shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the peace officer or to another person.

(d) A peace officer who makes or attempts to make an arrest need not retreat or desist from their efforts by reason of the resistance or threatened resistance of the person being arrested. A peace officer shall not be deemed an aggressor or lose the right to self-defense by the use of objectively reasonable force in compliance with subdivisions (b) and (c) to effect the arrest or to prevent escape or to overcome resistance. For the purposes of this subdivision, “retreat” does not mean tactical repositioning or other de-escalation tactics.

(e) For purposes of this section, the following definitions shall apply:

(1) “Deadly force” means any use of force that creates a substantial risk of causing death or serious bodily injury, including, but not limited to, the discharge of a firearm.

(2) A threat of death or serious bodily injury is “imminent” when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the peace officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed.

(3) “Totality of the circumstances” means all facts known to the peace officer at the time, including the conduct of the officer and the subject leading up to the use of deadly force.

POLICY AND PROCEDURE

A. DEFINITIONS AND CONCEPTS

1. IMMINENT THREAT OF DEATH OR SERIOUS BODILY INJURY - A threat of death or serious bodily injury is “imminent” when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the peace officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed.
2. FEASIBLE - Reasonably capable of being done or carried out under the totality of the circumstances to successfully achieve the lawful objective without increasing risk to the peace officer or another person.

3. TOTALITY OF THE CIRCUMSTANCES – All facts known to, or perceived by, the peace officer at the time, including the conduct of the officer and the subject leading up to the UOF.
4. PROPORTIONALITY - The balance of the severity of the offense committed, the threat to public safety and the level of force needed to overcome resistance based on the totality of the circumstances known to, or perceived by, the officer at the time.
5. DE-ESCALATION - Taking action or communicating verbally or nonverbally during a potential force encounter in an attempt to stabilize the situation and reduce the immediacy of the threat so that more time, options, and resources can be called upon to resolve the situation without the UOF or with a reduction of the force necessary. De-escalation tactics include, but are not limited to, warnings, verbal persuasion, and tactical repositioning.
6. CRISIS INTERVENTION TECHNIQUES (CIT) - A collaborative approach to safely and effectively address the needs of people with mental illnesses, link them to appropriate services, and divert them from the criminal justice system if appropriate. The primary goal of CIT is to improve peace officer and mental health consumer safety while reducing injuries to peace officers and consumers during law enforcement contacts. Crisis intervention techniques include using distance, time, verbal tactics, or other tactics to de-escalate a situation.
7. REACTIVE AUTHORITY- Pre-determined set of force directives given during a critical incident, provided by the Incident Commander or designee, regarding the type of force authorized to effect an arrest, overcome resistance, prevent escape, and/or to preserve life. The reactive authority shall be consistent with current policy and law.
8. PERSONAL BODY WEAPON (PBW) - Improvised use of a part of a peace officer's body, including but not limited to the head, hands, arms, legs, and feet, as a weapon.
9. LEVELS OF RESISTANCE
    a. COMPLIANT - Subject offers no resistance.
    b. PASSIVE NON-COMPLIANCE – Subject does not respond to verbal commands but also offers no physical form of resistance.
    c. ACTIVE RESISTANCE – Subject uses evasive movements in an attempt to defeat a peace officer's attempt at control, including bracing, tensing, running away, verbally or physically signaling an intention to avoid or prevent being taken into or retained in custody.
    d. ASSAULTIVE – The subject is aggressive or combative; attempting to assault the peace officer or another person, verbally or physically displays an intention to assault the peace officer or another person.
    e. LIFE-THREATENING – The subject is taking action likely to result in serious bodily injury or death of the peace officer or another person.
10. FORCE DEFINITIONS
    a. REPORTABLE UOF - Any UOF that causes injury as defined below; any UOF whether or not it results in injury, involving the discharge of a firearm, a canine bite, or use of an impact weapon, chemical agent, or CED; and any UOF, whether or not it results in injury, that deviates from the techniques taught and the equipment provided by the department (section G.4. & G.5.).
    b. LESS LETHAL FORCE- Any force that is not reasonably likely to cause death. Less lethal force options include, but are not limited to, the use of the CED, baton, chemical agents, 40mm projectiles, bean bag shotgun rounds, personal body weapons, and control holds.
    c. DEADLY FORCE - Any use of force that creates a substantial risk of causing death or serious bodily injury, including, but not limited to, the discharge of a firearm.
11. INJURY DEFINITIONS
    a. INJURY - Any visible bodily injury or complaint of bodily injury (non-visible injury) reasonably related to the UOF applied. This type of injury does not include the temporary pain associated with the proper application of control holds and/or restraints.

b. SERIOUS BODILY INJURY- Bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ.

12. POSTITIONAL ASPHYXIA – Situating a person in a manner that compresses their airway and reduces the ability to sustain adequate breathing. This includes, without limitation, the use of any physical restraint that causes a person's respiratory airway to be compressed or impairs the person's breathing or respiratory capacity, including any action in which pressure or body weight is unreasonably applied against a restrained person's neck, torso, or back, or positioning a restrained person without reasonable monitoring for signs of asphyxia.
13. RETALIATION – Demotion, failure to promote to a higher position when warranted by merit, denial of access to training and professional development opportunities, denial of access to resources necessary for an officer to properly perform their duties, or intimidation, harassment, or the threat of injury while on duty of off duty.
14. INTERCEDE- For purposes of this policy, the term "intercede" includes, but is not limited to, physically stopping an excessive use of force, recording the excessive force, if equipped with a body-worn camera, and documenting efforts to intervene, efforts to deescalate the offending officer's excessive use of force, and confronting the offending officer about the excessive force during the use of force; and if the offending officer continues, reporting to dispatch or the watch commander on duty and stating the offending officer's name, unit, location, time, and situa tion, in order to establish a duty for that officer to intervene.
15. EXCESSIVE FORCE- A level of force that is found to have violated Section 835a of the Penal Code, the requirements on the use of force required by this section, or any other law or statute, including Section 835a of the Penal Code and Section 7286 of the Government Code.
16. KINETIC ENERGY PROJECTILES- For purposes of this policy, the term "kinetic energy projectiles" means any type of device designed as less lethal, to be launched from any device as a projectile that may cause bodily injury through the transfer of kinetic energy and blunt force trauma. For purposes of this section, the term includes, but is not limited to, items commonly referred to as rubber bullets, plastic bullets, beanbag rounds, and foam tipped plastic rounds.
17. CHEMICAL AGENTS- For purposes of this policy, the term "chemical agents" means any chemical that can rapidly produce sensory irritation or disabling physical effects in humans, which disappear within a short time following termination of exposure. For purposes of this section, the term includes, but is not limited to, chloroacetophenone tear gas, commonly known as CN tear gas; 2-chlorobenzalmalononitrile gas, commonly known as CS gas; and items commonly referred to as pepper balls, pepper spray, or oleoresin capsicum.

B. <u>DUTY TO INTERCEDE</u>

1. If a peace officer observes another officer using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, taking into account the possibility that other officers may have additional information regarding the threat posed by a subject, the peace officer shall intercede, when feasible to do so under the totality of the circumstances. If they do not do so, they shall be subject to discipline to the same severity as if they themselves engaged in the excessive force.
2. Peace officers shall immediately report potential excessive force to a superior officer when present and observing another officer using force that the officer believes to be beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances based upon the totality of information actually known to the officer.
3. Retaliation against a peace officer that reports a suspected violation of a law or regulation of another officer to a supervisor or IA is prohibited.

C. <u>VERBAL WARNING</u>

If feasible, and if doing so would not increase the danger to the peace officer or another person, the peace officer shall make every attempt to identify themselves and to issue a clear and comprehensible verbal warning before using any force that is likely to cause serious bodily injury or death, so that the subject(s) are given the opportunity to submit to the authority of the peace officer.

D. RENDERING MEDICAL AID

Peace officers on scene shall promptly render aid and/or summon medical assistance when reasonable and safe to do so pursuant to GO 522.02 (Emergency Care for Individuals Under Police Care or Control) when any UOF has resulted in any type of injury or death regardless of custody status.

E. USE OF FORCE DURING AN ASSEMBLY, PROTEST, OR DEMONSTRATION

1. Peace officers using kinetic energy projectiles or chemical agents during an assembly, protest, or demonstration shall ensure that such force is used pursuant to RM 532.11 (First Amendment Assembly Manual) and GO 580.12 (Less Lethal Munitions).
2. Peace officers shall only use kinetic energy projectiles or chemical agents during an assembly, protest, or demonstration if the use is objectively reasonable to defend against a threat of life or serious bodily injury to any individual, including a peace officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control, and only in accordance with all of the following requirements:
    a. De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
    b. Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
    c. Persons are given an objectively reasonable opportunity to disperse and leave the scene.
    d. An objectively reasonable effort has been made to identify persons engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of persons.
    e. Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
    f. Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
    g. An objectively reasonable effort has been made to extract individuals in distress.
    h. Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
    i. Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
    j. Kinetic energy projectiles or chemical agents shall not be used by any law enforcement agency solely due to any of the following:
        (1) A violation of an imposed curfew.
        (2) A verbal threat.
        (3) Noncompliance with a law enforcement directive.
    k. If the chemical agent to be deployed is tear gas, only a lieutenant or above at the scene of the assembly, protest, or demonstration may authorize the use of tear gas.

F. GENERAL CONSIDERATIONS GOVERNING USE OF FORCE

1. Any peace officer who has reasonable cause to believe that the person to be arrested has committed a public offense may use objectively reasonable force necessary to effect the arrest, to prevent escape, or to overcome resistance.
2. A peace officer who makes or attempts to make an arrest need not retreat or desist from his efforts by reason of the resistance or threatened resistance of the person being arrested. A peace officer shall not be deemed an aggressor or lose his right to self-defense by the use of objectively reasonable force in

compliance with subsections E.1 and F.1-2 to effect the arrest or to prevent escape or to overcome resistance. For the purposes of this paragraph, “retreat” does not mean tactical repositioning or other de-escalation tactics.

3. A peace officer shall consider the principles of proportionality in looking at the totality of the circumstances by weighing the severity of the offense, the reasonably perceived level of resistance and the need for apprehension prior to the utilization of force. A peace officer shall continually evaluate tactics when determining the appropriate UOF response.
4. The decision by a peace officer to use force shall be evaluated carefully and thoroughly, in a manner that reflects the gravity of that authority and the serious consequences of the use of force by peace officers, in order to ensure that officers use force consistent with law and department policies.
5. The decision by a peace officer to use force shall be evaluated from the perspective of a reasonable peace officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time, rather than with the benefit of hindsight. The totality of the circumstances shall account for occasions when peace officers may be forced to make quick judgments about using force.

    a. Circumstances of consideration may include, but are not limited to:
        (1) The immediacy and severity of the perceived threat
        (2) The conduct of the subject
        (3) Officer versus subject factors such as age, size, relative strength, skill level, injuries sustained, level of exhaustion and number of peace officers available versus subjects
        (4) The conduct of the involved peace officer
        (5) The effects of drugs or alcohol
        (6) The subject’s apparent mental state or capacity
        (7) The subject’s apparent ability to understand and comply with officer commands
        (8) The proximity or access of weapons to the subject
        (9) The level of threat or resistance presented by the subject
        (10) The availability of other reasonable and feasible options and their possible effectiveness
        (11) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained
        (12) The seriousness of the subject offense or reason for contact with the subject
        (13) The training and experience of the peace officer
        (14) The potential for injury to peace officers, subjects or another person
        (15) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the peace officer
        (16) The risk and reasonably foreseeable consequences of escape or apparent attempt by the subject
        (17) Prior contacts with the subject or awareness of any propensity for violence
        (18) Environmental factors and/or other exigent circumstances
        (19) The availability of other resources

        Not all of the above factors may be present or relevant in a particular situation, and there may be additional factors not listed.

6. When using force, a peace officer should only use techniques and equipment that are approved by the department. Circumstances may arise in which a peace officer reasonably believes that it would be impractical or ineffective to use any of the tools, weapons or techniques provided by SPD. A peace officer may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the peace officer may resort to using any objectively reasonable means of force. The use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

7. When feasible, peace officers shall attempt to de-escalate situations.
8. When a peace officer reasonably believes they are dealing with a mentally ill, developmentally disabled, or an emotionally disturbed subject, the officer shall, if time and circumstances reasonably permit, utilize CIT.

F. CONSIDERATIONS GOVERNING USE OF DEADLY FORCE

1. Notwithstanding subsection E.1, a peace officer is justified in using deadly force upon another person only as a last resort when reasonable alternatives have been exhausted or are not feasible and the officer reasonably believes, based on the totality of the circumstances, that such force is necessary for either of the following reasons:
   a. To defend against an imminent threat of death or serious bodily injury to the officer or to another person.
   b. To apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, a peace officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.
2. A peace officer shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the peace officer or to another person.
3. A subject gaining control of one or more pieces of a peace officer's equipment, without the subject presenting an imminent threat of serious bodily injury or death, is not enough by itself to justify the use of deadly force.
4. A peace officer may discharge a firearm in the performance of their official duty:
   a. Pursuant to Section F. 1.-4; or
   b. At a firing range, pursuant to all safety rules and regulations; or
   c. In order to stop a potentially aggressive animal, such as a dog, if the animal reasonably appears to pose an imminent threat of serious bodily injury or death to a peace officer or to another person and alternative methods are not feasible or would likely be ineffective.
      (1) In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Conducted Energy Device, oleoresin capsicum (OC) spray, animal control peace officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.
5. Firearms shall not be discharged as a warning.
6. Peace officers shall consider their surroundings and potential risks to bystanders and other peace officers to the extent reasonable under the circumstances, before discharging a firearm.
7. When a peace officers discharges or attempts to discharge a firearm while on or off duty, intentionally or accidentally, the employee shall immediately notify the on-duty watch commander. This does not include intentional discharges at a range or for recreational purposes (e.g., hunting, private target practice, or other similar activities).

G. PROHIBITED USES OF FORCE

1. Peace officers shall not use force:
   a. By means of a carotid restraint, choke hold, or any other type of neck restraint.
   b. Or utilize any transport methods that involve a substantial risk of positional asphyxia.
   c. Against subjects who are not subject to arrest or detention, except to protect the officer or another person.
   d. Against subjects who are handcuffed or otherwise restrained, except where the subject is actively resisting, attempting escape, or poses an imminent threat of harm to the peace officer, themselves or another person.

e. For the sole purpose of preventing the exercise of first amendment rights, when a legitimate law enforcement purpose does not exist.
f. For the sole purpose punishment or retaliation.
g. To stop a subject from swallowing a substance that is already in their mouth.

H. VERBALIZATION DURING UNLAWFUL ASSEMBLY OR PROTEST

1. When feasible, peace officers should verbalize any use of force that is utilized during a mass protest/unlawful assembly. The following should be verbalized on body worn camera:
   a. Location of where the use of force occurred
   b. Type of force that was utilized
   c. Reason for the use of force
   d. Description of subject for whom the use of force was intended

I. FORCE OPTIONS

1. Peace officers have a variety of force options available to them. Peace officers do not need to follow a continuum of force but shall select the UOF they deem appropriate for the circumstances, ensuring their UOF complies with the law, the provisions of this policy and any specific SPD policies or manuals governing the type of force they select to use.
2. Peace officers shall continue to assess their UOF selection and either transition to a different UOF option or discontinue a UOF based on their assessment, ensuring their UOF option remains reasonable for the circumstances.
3. Equipment for Sworn Peace Officers
   a. Issued and required on person
      (1) Firearm
      (2) Conductive Energy Devices (CED)
      (3) Impact weapons (Baton)
      (4) Handcuffs
      (5) Radio
      (6) Oleoresin Capsicum (OC) spray
      (7) Body Worn Camera (BWC)
      (8) Flexible Body Armor
   b. Issued and need to have readily available. This is not a complete list of other issued equipment:
      (1) Less Lethal Shotgun (readily available in patrol vehicle)
      (2) Patrol rifle (readily available in patrol vehicle and for qualified sworn personnel)
      (3) Flashlight
      (4) Gas Mask
      (5) Ballistic Helmet
      (6) Orange reflective vest
4. Required Equipment Issuance and UOF options for Non-Sworn Uniformed Department Personnel
   a. Issued and required on duty belt:
      (1) Oleoresin Capsicum (OC) spray
      (2) Conductive Energy Devices (CED)
5. UOF Options for Sworn Peace Officers
   a. The following is an alphabetical list of UOF options. This is not a complete list of options:
      (1) Bola Wrap
      (2) Chemical Agents
      (3) Conductive Energy Devices (CED)
      (4) Control Holds
      (5) Discharge of Firearms and Other Deadly Force
      (6) Impact Weapons (baton)
      (7) Less Lethal Weapons Systems
      (8) Personal Body Weapons

(9) Pointing of a Firearm at a Person
(10) Takedowns
(11) Use of Canine
(12) Verbal Commands/Instructions/Command Presence

6. UOF Options for Authorized, Non-Sworn Uniformed Personnel
   a. Authorized non-sworn uniformed department personnel shall only use the CED or OC in immediate defense of themselves or another member of the department.
   b. Authorized non-sworn uniformed department personnel who use the CED or OC in defense of themselves or another person shall:
      (1) Attempt to get away from the situation as soon as possible.
      (2) Call for code-3 assistance from sworn peace officers as soon as feasible.
7. The following is a list of SPD policies and manuals address specific UOF topics:
   a. GO 522.02 (Emergency Care for Individuals Under Police Care or Control)
   b. GO 580.03 (Use of Force Reporting, Investigations and Response)
   c. GO 580.06 (De-escalation and Planned Response)
   d. GO 580.04 (Firearms)
   e. GO 580.10 (Use of the Conductive Energy Device (CED)
   f. GO 580.12 (Less Lethal Weapons Systems)
   g. GO 580.14 (Use of Canine)
   h. RM 523.02 (Search and Handcuff Manual)
   i. RM 532.09 (Arrest of Passive Resisters Manual)
   j. RM 532.11 (Crowd and Riot Control Manual)
   k. RM 580.07 (Chemical Agents Manual)
   l. RM 580.08 (Baton Manual)

J. USE OF PERSONAL BODY WEAPONS (PBWs)
1. A peace officer may use PBWs to transition to a better position of advantage (i.e., positional change, handcuffing, etc.) to create distance/space, or overcome an assaultive subject.
2. When PBWs are used, peace officers must continually evaluate the ability to transition to a more advantageous position and/or recognize the signs of submission/compliance by the subject.
3. PBWs shall not be utilized against subjects solely engaging in passive non-compliance or merely active resistance.
4. PBWs should not be used on handcuffed persons unless they are exhibiting active aggression and/or to prevent subjects from harming themselves or another person.

K. USE OF A CONDUCTIVE ENERGY DEVICE (CED)
1. The CED shall be used pursuant to GO 580.10 (Use of the Conducted Energy Device).
2. A peace officer may deploy and use the CED under the following circumstances:
   a. To incapacitate a subject whose conduct rises at least to the level of active resistance. This includes threats or pre-indicators leading up to assaultive or resistive behavior.
   b. To incapacitate a suicidal subject who can't be safely controlled through crisis intervention techniques or other force options.
3. Peace officers shall avoid using the CED for more than a total of three (3) five-second cycles (15 seconds), unless the totality of the circumstances are such that a reasonable peace officer would conclude that each subsequent application of the CED, analyzed separately, is warranted by the imminent threat to the officer or another person.
4. CED deployment shall cease when the subject no longer poses an imminent threat of harm to the peace officer or another person.
5. The use of the CED is considered a serious UOF. Each individual cycle of the CED must be objectively reasonable under the circumstances.
6. The CED should not be used on handcuffed persons unless they are actively resisting or exhibiting active aggression and/or to prevent subjects from harming themselves or another person.

L. POINTING A FIREARM
1. Nothing in this policy shall preclude a peace officer from drawing of a firearm when the officer reasonably believes it necessary for the safety of the officer or another.
2. Detentions involving the pointing of a firearm at a person shall be entered into the Racial Identify Profiling Act database (RIPA) pursuant to GO 210.09.
3. The pointing of a firearm at a person shall be documented in the appropriate report, RIPA and on the Computer Aided Dispatch (CAD) call using the abbreviation “FPAP” (Firearm Pointed At Person).

M. MOVING VEHICLES
1. A peace officer shall make every reasonable effort to move out of the path of an approaching vehicle.
2. A peace officer shall make every reasonable effort to not intentionally place themselves in a position where a vehicle could be perceived as a threat to the officer.
3. Peace officers shall not discharge a firearm at or from a moving vehicle unless one of the following circumstances exists:
   a. The peace officer reasonably believes that there is an imminent threat of death or serious bodily injury to a peace officer or another person, by means other than the moving vehicle.
   b. The peace officer reasonably believes that the driver is using or is attempting to use the vehicle as a means to cause imminent threat of death or serious bodily injury to the peace officer or another person.

N. TRAINING
1. At least annually, all sworn personnel shall receive training related to this agency’s UOF policy and related legal updates for the following:
   a. Legal standards for UOF
   b. Duty to intercede
   c. The use of objectively reasonable force
   d. Supervisory responsibilities
   e. UOF review and analysis
   f. Guidelines for the use of deadly force
   g. State required reporting
2. Additional regular and periodic training shall include:
   a. Training standards and requirements relating to demonstrating knowledge and understanding of the law enforcement agency’s UOF policy.
   b. Training and guidelines regarding vulnerable populations, including, but not limited to, children, elderly persons, people who are pregnant, and people with physical, mental, and developmental disabilities.
   c. Minimum training and course titles related to the objectives in the UOF policy include but are not limited to, the standards in Peace Officers Standards and Training (POST) Learning Domain 20 (Use of Force), and the following:
      (1) De-escalation and interpersonal communication training, including tactical methods that use time, distance, cover, and concealment, to avoid escalating situations that lead to violence.
      (2) Implicit and explicit bias and cultural competency.
      (3) Skills including de-escalation (crisis intervention) techniques to effectively, safely, and respectfully interact with people with disabilities or behavioral health issues.
      (4) Alternatives to the use of deadly force and physical force, so that de-escalation tactics and less lethal alternatives are, where feasible, part of the decision-making process leading up to the consideration of deadly force. Enhancing a peace officer’s discretion and judgment in using less lethal and deadly force in accordance with this policy.
      (5) Mental health and policing, including bias and stigma.
      (6) Using public service, including the rendering of first aid, to provide a positive point of contact between law enforcement peace officers and community members to increase trust and reduce conflicts.
      (7) UOF scenario training including simulations of low-frequency, high-risk situations and calls for service, shoot-or-don’t-shoot situations, and real-time force option decision making.

3. All UOF training provided to all sworn personnel shall be documented by the department.
4. Any officer that receives a sustained internal affairs complaint for excessive force will not be allowed to train any officer(s) for a period of three years from the date the complaint is substantiated. This includes:
   a. Field training
   b. In-service training
   c. Academy instruction or evaluation
   d. Roll Call presentations
5. Officers shall advise any supervisor that tasks him/her with a training assignment that they are not authorized to instruct, teach, or train. Failure to do so will be cause for discipline.
   a. The officer is not obligated to go into detail about the prior incident or complaint as to why they cannot train other than to advise the supervisor that in accordance with applicable law they are not authorized to train at that time.

O. REPORTING

1. Supervisors Responsibilities. Upon notification of a reportable UOF, the peace officer's field supervisor shall:
   a. Respond to the location of the arrest to ensure that a thorough investigation takes place. A thorough investigation into a UOF by a peace officer should include, but is not limited to, an area canvass (for witnesses, evidence and surveillance video), witness statements (which should be obtained by a supervisor or peace officers not involved in the UOF), subject statements, and photographs of the scene and any injuries. If the supervisor is unable to respond to the location of the arrest, the supervisor shall note the reasons why on the call.
   b. Review the incident with the arresting peace officer and/or other officers.
   c. Review all recordings (both audio and video) of the event, including In-Car Camera, Body Worn Camera video, and any available surveillance video).
   d. Assess the appropriateness of the UOF and any charge(s) against the subject.
   e. Consider arranging for other peace officers to transport and book the subject in the event the subject continues to display hostile, confrontational, or oppositional behavior toward the arresting officer(s).
   f. A peace officer's field supervisor shall advise the watch commander of any incident involving UOF and initiate a management level review by making a tracking software entry whenever the following reportable UOF events occur:
      (1) Any reportable UOF that results in the subject requiring a medical clearance (Fit for Incarceration report) prior to booking or, if the subject is not booked into jail or juvenile hall, any injury that would likely require a Fit for Incarceration report.
      (2) Any reportable UOF, involving the discharge of a firearm, a canine bite, or the use of an impact weapon, chemical agent, or CED.
      (3) Any reportable UOF that deviates from the techniques taught or the equipment provided by the department.
      (4) Any UOF the supervisor or Watch Commander determines should be subject to a management level review.
   g. The field supervisor shall enter the following information into the tracking software:
      (1) peace officer(s) involved
      (2) type of force used
      (3) extent of injuries (if any) to the peace officer and/or subject
      (4) supervisor's response or reason for no response
      (5) any administrative actions taken by a supervisor or other managerial personnel
      (6) all pertinent documents related to the incident (i.e. Red Border, Blue Border, Taser download, etc.)
   h. Tracking software entries should be completed within 30 days of the incident date and routed in accordance to department procedure.

(1) In cases where a firearm has been discharged or the UOF results in serious bodily injury or death, the tracking software entry shall be completed by FIT personnel.
(2) All uses of force shall be categorized using the level of force definitions. (See Appendix #1.)

P. DISCLOSURE OF PUBLIC RECORDS

The department will disclose public records pursuant to applicable law, including Penal Code Section 832.7.

Q. REPORTING TO THE CALIFORNIA DEPARTMENT OF JUSTICE

PSU shall submit statistical data regarding all qualifying officer-involved shootings and incidents involving UOF resulting in serious bodily injury is to be reported to the California Department of Justice (URSUS) as required by Government Code Section 12525.2.

R. COMPLIANCE

Any member of the public can submit a complaint to any member of the Department and in any form (i.e. in person, telephone, email, etc.). Once the complaint is received, it should be routed to the Internal Affairs Division in accordance with General Order 220.01 (Personnel Complaints).

S. LEGAL REFERENCES

1. California Penal Code Sections 196, 835a, 13652 and 13652.1.
2. California Government Code Sections 7286 and 12525.2.
3. *GRAHAM V. CONNOR* 490 U.S. 386 (1989) sets the legal standard for reasonable force. The court's decision "requires careful attention to the facts and circumstances of each particular case, including the severity of the crime at issue, whether the suspect poses an imminent threat to the safety of the officer or others, and whether he is actively resisting arrest or attempting to evade arrest by flight." In addition, "the 'reasonableness' of a particular use of force must be judged from the perspective of a reasonable officer on scene, rather than with 20/20 vision of hindsight... the question is whether the officers' actions are 'objectively reasonable' in light of the facts and circumstances confronting them."
4. *TENNESSEE V. GARNER* 471 U.S. 1 (1985) is a civil case in which the Supreme Court of the United States held that, under the Fourth Amendment, when a law enforcement officer is pursuing a fleeing suspect, the officer may not use deadly force to prevent escape unless "the officer has probable cause to believe that the suspect poses a significant threat of death or serious physical injury to the officer or others." It was found that use of deadly force to prevent escape is an unreasonable seizure under the Fourth Amendment, in the absence of probable cause that the fleeing suspect posed a physical danger.

LEVEL 1	LEVEL 2	LEVEL 3
• UOF resulting in death • UOF resulting in Serious Bodily Injury (SBI) • Officer involved shooting resulting in injury or death • Officer involved shooting-subject missed • Use of vehicle as weapon resulting in SBI • In-custody death • Use of non-issued equipment resulting in SBI or death	• Officer involved shooting of an animal • Canine bite • CED deployment-probe • Use of chemical agents • Use of baton • Use of CED drive stun • Use of personal body weapons • Use of less lethal weapons systems • Use of BolaWrap®	• Any UOF used to overcome a combative, physically aggressive, or fleeing subject who has delayed, obstructed, or fought with an officer • Any UOF that results in a visible injury or complaint of pain by the subject to whom force was applied to. Example: visible scratch, abrasion, complaint of pain however not minor discomfort by application of certain control holds or handcuffs

REPORTING REQUIREMENTS FOR LEVEL 1	REPORTING REQUIREMENTS FOR LEVEL 2	REPORTING REQUIREMENTS FOR LEVEL 3
• Sergeant notification • Homicide call out • CSI request • IAD call out • PSU call out • PIO call out • District Attorney response team • OPSA • Crime or casualty report • Red border form (RM 3) • Tracking software entry All call outs are based on the needs of the incident.	• Sergeant notification • Crime or casualty report • CSI request • Red border form (RM 3) • Tracking software entry • Watch commander investigation (shooting of an animal)	• Sergeant notification • Incident/crime report • CSI request • Red border form (RM 3) if there is visible injury • No tracking software entry

580.03
USE OF FORCE REPORTING, INVESTIGATIONS AND RESPONSE
12-16-21

PURPOSE

This policy establishes guidelines for the reporting, investigation and review of incidents after an application of force.

POLICY

It shall be the policy of the Sacramento Police Department (SPD) to promptly report and objectively evaluate peace officer or authorized non-sworn uniformed Department personnel use of force incidents to ensure that force is used lawfully, appropriately and is consistent with training and policy. Any use of force by a member of this Department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why they believed the use of force was reasonable under the circumstance. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in Department policy, procedure or law.

PROCEDURE

A. DEFINITIONS
   1. Force Investigation Team (FIT) – Ancillary position within the Professional Standards Unit (PSU), which conducts use of force investigations and reviews. Members are the lead administrative investigators for officer involved shootings, in custody deaths and uses of force resulting in serious bodily injury.
   2. Serious Bodily Injury – Bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ.

B. RESPONSE
   1. Employees' Responsibilities
      a. Employees shall notify the field district supervisor or watch commander as soon as practical anytime any employee uses force in compliance with General Order 580.02.
      b. A reportable use of force (UOF) is one in which any of the following apply:
         (1) The UOF involves:
            a) The discharge of a firearm.
            b) A canine bite.
            c) The use of an impact weapon.
            d) The use of a chemical agent.
            e) The application caused a visible injury.
            f) The subject subjected to the force complained of injury or continuing pain.
            g) Any application of a Conducted Energy Device (CED).
            h) The subject of the UOF was rendered unconscious.
            i) The use of personal body weapons.
            j) Any UOF as outlined in Appendix #1 with the corresponding reporting requirements in Appendix #2 (refer to Appendix #1 and #2 at end of policy).
            k) A subject alleges any of the above has occurred.
         (2) The UOF deviates from the techniques taught or the equipment provided by the Department (see in section G.4. & G.5.).
         (3) The UOF causes injury.
            a) For the purpose of determining if a UOF is reportable, an injury is defined as any visible bodily injury or complaint of bodily injury (non-visible injury). The injury must be reasonably related

to the UOF applied. The temporary pain associated with the proper application of control holds and/or restraints is not an injury for purposes of determining if a UOF is reportable.

c. If an employee is in doubt as to whether a UOF is reportable, the employee shall notify their district supervisor or watch commander, who will be responsible for making the determination.
d. Whether or not a UOF is reportable under Department policy, any UOF used to overcome a combative, physically aggressive, or fleeing subject who has delayed, obstructed, or fought with a peace officer shall be documented in a crime, casualty, or incident report. The peace officer's district supervisor or watch commander shall be notified. Brief resistance to the application of departmentally approved control holds does not require a report.
e. A peace officer booking an arrested subject shall notify the appropriate jail medical staff employee of the injury and type of force used.

2. Supervisors' Responsibilities
   a. Upon notification of a reportable UOF, the district supervisor shall:
      (1) Respond to the location of the incident to ensure that a thorough investigation takes place. A thorough investigation into a UOF by an employee should include, but is not limited to, an area canvass (for witnesses, evidence and surveillance video), witness statements (which should be obtained by a supervisor or peace officers not involved in the UOF), subject statements, and photographs of the scene and any injuries. If the supervisor is unable to respond to the location of the arrest, the supervisor shall notify the Watch Commander.
      (2) Review the incident with the employee who used force and any witnessing employees if present.
      (3) Review all recordings (both audio and video) of the event, including In-Car Camera, Body Worn Camera video, and any available surveillance video.
      (4) Assess the appropriateness of the UOF and any charge(s) against the subject.
      (5) Consider arranging for other peace officers to transport and book the subject in the event the subject continues to display hostile, confrontational, or oppositional behavior toward the arresting officer(s).
      (6) Immediately notify the Watch Commander.
3. Command Responsibilities
   a. The Watch Commander shall review with the field supervisor any uses of force. If, after the review, the Watch Commander determines that the UOF was inconsistent with Department policy, the Watch Commander shall contact the employee(s) captain and review the incident. If necessary, the captain will refer the incident to Internal Affairs.
   b. UOF applied by supervisors
      (1) In the event a sergeant uses force or gives a peace officer a direct order to deploy force that triggers the reporting requirements set forth in this order, the Watch Commander will be responsible for identifying a different supervisor responsible for complying with investigatory and reporting obligations.
      (2) In the event a lieutenant or above uses force or gives a peace officer a direct order to deploy force that triggers the reporting requirements set forth in this order, the manager shall notify the Force Investigations Team.
      (3) The authorization of force or issuance of reactive authority does not qualify for the reporting and investigative requirements of this section.
4. Force Investigations Team Responsibilities
   a. FIT will respond to the following:
      (1) Any use of force resulting in serious bodily injury
      (2) Any use of force by a lieutenant or above
      (3) Any officer involved shooting
      (4) Any in custody death
      (5) Any force incident as requested by the Watch Commander
   b. For UOF incidents defined in this section, FIT Members shall:

(1) respond and confirm investigative steps and coordinate any follow-up.
(2) add a use of force entry into the proper software and attach any relevant policies.
(3) conduct a thorough use of force investigation and policy review.
(4) review any less lethal force used pursuant to GO 580.12(Less Lethal Weapons Systems) during an incident.
(5) prepare a memorandum and present the fact pattern to the Use of Force Review Board no later than 30 days after the incident or as directed by management.
(6) identify any related policies that may need to be reviewed and/or revised.

C. USE OF FORCE REPORTING

1. Employee responsibilities:
   a. The employee shall complete the applicable report(s) (crime, casualty, and/or incident). The report shall include a complete detailed description of how and why force was used, as well as a description of injuries that the subject received or claims to have received.
   b. All employees on scene shall write supplemental observations whether or not they used force.
   c. The employee shall forward through the chain of command to PSU a completed red border form (RM 3).
2. Supervisor responsibilities:
   a. The peace officer's field supervisor shall initiate a management level review by making a tracking software entry whenever the following reportable UOF events occur:
      (1) Any reportable UOF that results in the subject requiring a medical clearance (Fit for Incarceration report) prior to booking or, if the subject is not booked into jail or juvenile hall, any injury that would likely require a Fit for Incarceration report.
      (2) Any reportable UOF, involving the discharge of a firearm, a canine bite, or the use of an impact weapon, chemical agent, or CED.
      (3) Any reportable UOF that deviates from the techniques taught or the equipment provided by the Department.
      (4) Any UOF the supervisor or Watch Commander determines should be subject to a management level review.
   b. The field supervisor shall enter the following information into the tracking software:
      (1) peace officer(s) involved
      (2) type of force used
      (3) extent of injuries (if any) to the peace officer and/or subject
      (4) supervisor's response or reason for no response
      (5) any administrative actions taken by a supervisor or management personnel
      (6) all pertinent documents related to the incident (i.e. Red Border, Blue Border, Taser download, etc.)
   c. Tracking software entries should be completed within 30 days of the incident date and routed in accordance to Department procedure.
      (1) In cases where a firearm has been discharged or the UOF results in serious bodily injury or death, the tracking software entry shall be completed by FIT personnel.
      (2) All uses of force shall be categorized using the level of force definitions. (See Appendix #1.)
3. Kinetic Energy Projectiles and Chemical Agents deployed for crowd control
   a. In the event that kinetic energy projectiles or chemical agents are deployed for crowd control, a captain from the Office of the Chief shall publish a summary of such use on the internet website within 60 days of each reportable incident. That period of time may be extended for an additional 30 days (total not to exceed 90 days) for demonstrable good cause.
   b. The watch commander or incident commander shall prepare a summary of the use of kinetic energy projectiles and chemical agents and provide that summary to the Deputy Chief (Office of Operations) and the Public Information Officer (PIO) for publication on the Department's website.

c. The summary shall include only the information known at the time of the report and include only the following:
(1) A description of the assembly, protest, demonstration, or incident, including the approximate crowd size and the number of officers involved.
(2) The type of kinetic energy projectile or chemical agent deployed.
(3) The number of rounds or quantity of chemical agent dispersed, as applicable.
(4) The number of documented injuries as a result of the kinetic energy projectile or chemical agent deployment.
(5) The justification for using the kinetic energy projectile or chemical agent, including any de-escalation tactics or protocols and other measures that were taken at the time of the event to de-escalate tensions and avoid the necessity of using the kinetic energy projectile or chemical agent.

B. OFFICER INVOLVED SHOOTING RESPONSE AND INVESTIGATION

1. Officer Involved Shooting/Deadly Force Investigation

a. Care should be taken to preserve the integrity of any physical evidence present on the involved peace officer(s) and the officer(s)' equipment and/or clothing (e.g. blood, fingerprints, etc.) until investigators or Forensic Investigators (FI) can properly retrieve it.
b. Peace officers shall ensure that a crime scene barrier is placed to preserve the scene and shield the public's view of a deceased subject after they have been declared deceased.
c. Evidence collection shall consist of, but is not limited to, the following:
(1) Retrieving and booking any expended cartridges, bullets, along with all live ammunition pertinent to the incident.
(2) Diagramming of the crime scene, including positions of persons and objects and the trajectories of expended shots.
(3) Producing adequate pictorial sketches and photographs, including the use of a video camera if necessary, of damaged property.
(4) Obtaining a recording of all radio transmissions within ten (10) days or as soon as they are available.
(5) Obtaining copies of the peace officer(s)' firearm training records.
(6) Determining factors of probable cause, if present, that contributed to the peace officer(s)' decision in discharging a weapon.
(7) Ensuring all items of evidence related to the shooting are collected and booked.
(8) Noting the condition of city equipment that may be associated with the weapon discharge. Removing from service for later inspection all such equipment that could remotely be attributed to or may have been damaged, For example:
(a) If a weapon discharged due to being caught on the peace officer's gun belt or clothing, book all such articles.
(b) If the discharge was the result of a vehicle door closing on a peace officer with the weapon drawn, remove the vehicle from service.
(9) Obtaining statements from all person's present.
(10) Having the area canvassed for witnesses and obtain statements.
(11) Involving peace officers shall not review any video at the scene without supervisor approval except for exigent public safety reasons (e.g., providing subject description, subject's direction of travel, vehicle description, weapon type etc.).

2. Duties of the Initial Supervisor

In any peace officer-involved shooting, the supervisor and/or district sergeant shall:
a. Respond immediately, take charge, and ensure the Watch Commander has been notified of the incident.
b. Stabilize the situation and establish protection of the crime scene. All personnel desiring to gain access to the scene shall be referred to the crime scene recorder.
c. Obtain a brief overview of the situation.

(1) The supervisor shall obtain a public safety statement from at least one shooting officer. The on-scene supervisor shall ensure shooting peace officers are only contacted once and that additional supervisors do not repeat the request for a public safety statement.
(2) Public safety statements shall be conducted using SPD 136 and, if practical, should be recorded on body worn or in car camera video. The supervisor will ask the preliminary questions contained on SPD 136. The SPD 136 questions are:
a) What was your approximate location(s) when you discharged your firearm?
b) What was the approximate number of rounds you fired and in what direction?
c) Do you know if any other peace officers fired any rounds?
d) Is it possible the suspect(s) fired rounds at you? If so, from what direction?
e) Are you aware of any victims/witnesses/injured people? Location?
f) Are there any outstanding suspect(s)? If so, what is their description, direction and mode of travel? Are there weapons involved?
g) Are there any weapons/evidence that need to be secured? If so, what is their location?
(3) If a peace officer declines to give a public safety statement, the supervisor may administratively order any SPD officer to immediately provide limited public safety information necessary to secure the scene, locate witnesses/evidence, request additional resources and pursue outstanding suspect(s). If the shooting involves peace officers from an outside agency involved within city limits, the supervisor will have to coordinate obtaining the above information with a supervisor from that outside agency.

d. After obtaining a public safety statement, administratively order each involved peace officer not to discuss the incident with other peace officers until they receive further direction from a supervisor and to turn off their body-worn cameras.
e. Shall physically collect the body-worn cameras from all involved peace officers and place them into separate manila envelopes to start the chain of custody. This camera(s) will later be turned over to investigators for downloading of their contents.
f. Separate involved officer(s), assign a Peer Support member to each officer, and coordinate with the Watch Commander to move the officer(s) to an off-site staging area.
g. After turning the scene over to the Homicide Sergeant, the supervisor shall prepare a supplemental report, memorializing the Public Safety Statement(s) and other actions taken at the scene for the general offense report (GO).
h. Give consideration toward GO 570.03 (Post-Trauma Response) and offer the employee(s) peer support pursuant to GO 570.04 (Peer Support Program).

3. <u>Surrender/Inspection of Weapons Following an Officer Involved Shooting</u>
a. A peace officer shall be allowed to retain a handgun while at the scene. Firearms other than the involved officer(s)' handgun (e.g., rifles, etc.) that have been discharged shall be secured by the watch commander after the situation has been stabilized. A peace officer may be required to surrender their handguns at the scene if a replacement weapon is immediately available. If this occurs, it shall be accomplished in a private area outside the view of the public or the media.
b. The peace officer(s)' weapon(s) shall be inspected by an investigator who is familiar with the weapon system used, and documented as follows:
(1) The magazine shall be removed.
(2) The chamber shall be checked and cleared, and its condition noted.
(3) All live rounds shall be counted, or the cylinder be opened, and the number and location of spent and live rounds described and diagrammed (if necessary).
(4) The serial number shall be recorded.
(5) The weapon shall then be reloaded and returned to the peace officer or booked at the discretion of the investigator.
c. On an accidental discharge, the weapon shall be booked and referred to the armorer for inspection.

d. The peace officer's supervisor shall ensure that a replacement weapon is issued in a timely manner. Replacement weapons shall minimally be kept available at all substations and in the Detective Division.
e. Any other weapon at the scene may be inspected by the investigating peace officers at their discretion.

4 Death Notifications:
a. The Office of Investigations Captain or designee shall contact the Coroner's Office as soon as practical in an attempt to identify the next of kin of any subject who dies in police custody or as result of a UOF incident.
b. The Coroner's Office shall make the death notification to the next of kin.
c. The Office of Investigations Captain or designee shall identify an investigative sergeant to serve as an information liaison between the deceased subject's next of kin and the Department. Investigative updates shall be provided to the next of kin as needed or requested.

5. Watch Level Investigation Following an Officer Involved Shooting
a. The following shooting incidents shall be investigated by a watch commander or designee:
(1) Shooting of an animal.
(2) Accidental discharge without injury.
(3) Unsuccessful attempted discharge (e.g., weapon malfunction).
b. The on-duty Watch Commander shall:
(1) Initiate an administrative investigation involving the discharge of firearms, except accidental discharges at the range. The investigation shall be documented in a memorandum and sent through the chain of command to the appropriate office chief. The report shall then be forwarded to the Professional Standards Unit (PSU), where the report shall be kept on file.
(2) Designate a sergeant as the principal investigating supervisor.

6. Homicide Unit Responsibilities Following an Officer Involved Shooting
a. The Homicide Unit shall investigate the following shooting incidents:
(1) Discharge at a person.
(2) Discharge resulting in serious bodily injury or death to a person.
b. After the scene has been stabilized, imminent threats of hostility neutralized and a preliminary briefing has been given to the Homicide Unit, command of the scene shall be relinquished to the Homicide Unit supervisor.
c. Homicide detectives shall be aware that any shooting may have a traumatic effect upon involved and uninvolved peace officers. Detectives shall conduct their investigation in a professional manner that shall not add unnecessary trauma to the situation.
d. District Attorney's (DA) Office Notification
(1) The DA or their designees shall be notified to respond to all officer-involved shootings that result in injury to another person.
(2) The DA shall be permitted access to the incident scene to the extent possible without contaminating evidence or otherwise disturbing the scene. Their presence is to merely observe and familiarize themselves with the situation.
(3) The DA shall conduct an independent assessment of the circumstances and will issue written findings.

7. Transportation from the Scene
a. As soon as is practical, the involved peace officer(s) shall be transported from the scene to an offsite staging area, usually the nearest Department facility. The peace officer(s) shall be kept secure from public or other external confrontations pursuant to (GO 570.04) Peer Support Program.
b. Peer Support members shall not remove the involved peace officer(s) from the scene without approval of the Incident Commander (IC).

c. A peace officer being transported to a police facility in a marked unit shall not be placed in the rear seat unless under arrest. A peace officer may be transported from the scene by their Sacramento Police Officer Association representative and/or their attorney when appropriate.

8. Incident Documentation
   a. Every peace officer shall prepare a written report of their activity and observations as soon as reasonably practical unless an oral statement is taken from detectives. Peace officers who complete oral interviews are not required to prepare a written report.
   b. A peace officer may be directed to prepare reports at the Detective Division at the discretion of the investigating supervisor or higher authority.
   c. Injured peace officers are exempt from preparing a report until physically capable.
   d. Reports shall be submitted and approved prior to end of watch unless circumstances make the completion of a report unreasonable as determined by an appropriate supervisor.
   e. Outside agency personnel may use their own report forms. Copies of the reports may serve as Department supplements.
   f. A peace officer shall be advised of their Miranda rights when:
      (1) Under arrest.
      (2) Information available to the investigator(s) causes them to believe the peace officer is criminally responsible.
      (3) The peace officer makes incriminating statements during an oral interview.
   g. While a peace officer(s) is providing a voluntary oral interview for statement under Miranda, the following personnel may view the process:
      (1) Assigned detectives, supervisors, Internal Affairs Division (IAD) investigator, FIT representative, DA investigator, OPSA representative, and/or the peace officer's legal representative.
      (2) Except with the expressed authorization of the ranking detective or supervisor, no others shall be allowed to view the interview.
   h. When an oral interview is conducted, it shall be audio recorded. The peace officer(s) shall be informed that the interview is being recorded.
   i. No more than two (2) detectives shall be in the interview room with a peace officer. A peace officer may have representation present during any interview. The representative shall not obstruct or otherwise interfere with the investigative process. However, the representative may invoke Miranda to protect the peace officer from self-incrimination.
   j. Involved peace officer(s) and their representatives will have access to their In-Car Camera and Body-Worn Camera recordings and/or other reasonably available recordings of the incident that depicts the involved peace officer or the perspective of the involved peace officer at the time of the incident. However, if such a recording also contains significant content outside these parameters, the Chief of Police, or designee, may redact or withhold the portions of the video containing the content. The peace officer and their representative shall be notified of any redactions or withholdings. A peace officer shall be encouraged to recall the circumstances and provide a chronological outline of the incident. The peace officer(s) shall have the opportunity to talk to an SPOA representative or attorney prior to giving an oral or written statement.
   k. The interviewing detective shall be sensitive to the physical needs and emotional well-being of the peace officer. When appropriate, food and drink shall be provided. The detective shall:
      (1) Ensure that the peace officer is able to move about the office without confronting subjects, witnesses, or the media.
      (2) Ask the peace officer(s) if they wish to talk with the police chaplain and/or a Peer Support member pursuant to (GO 570.04) Peer Support Program.
   l. A peace officer who is an eyewitness to a shooting shall:
      (1) Respond to the Detective Division to complete a written report or oral interview.
      (2) Be directed to an available desk away from other peace officers or distractions.
      (3) Proceed with the preparation of a written report or make notes for the oral interview.

m. If applicable, the investigating supervisor shall complete or shall ensure the completion of:
(1) An After-Action Report (SPD 005) pursuant to GO 532.13 (After Action/Debriefing Reports).
(2) A red border form (RM3).

9. Shooting by SPD Peace Officers Outside City Jurisdiction
   a. Whenever a peace officer, by discharge of a firearm, causes a death or injury outside the city jurisdiction, the peace officer shall notify the agency having jurisdiction and their Watch Commander, who shall ensure IAD and FIT is notified and assigned to assist the agency conducting the investigation for purposes of coordination and keeping informed of the investigation.
   b. If the agency having jurisdiction does not have the resources available to conduct the investigation and requests the SPD conduct the investigation, the Watch Commander shall be notified. The Watch Commander shall assess whether SPD will conduct the investigation.
10. Shooting by Peace Officers of Another Law Enforcement Agency Within City Jurisdiction
   a. If death or injury is the result of a shooting by another law enforcement agency, the Homicide Unit shall be notified to handle the investigation. The other agency shall be notified immediately so they may monitor the investigation pursuant to GO 560.01 (Arrest and Investigation by Allied Agencies).
11. Refresher Training

Any peace officer involved in an on-duty discharge of a firearm, other than during training or qualifying, shall undergo firearms refresher training prior to returning to full duty. Refresher training:

   a. Shall be in accordance with the module prepared by the Training Section.
   b. May include topics such as officer safety tactics, policy, and the law.
   c. Shall be conducted by an authorized range master who shall direct a memorandum to the Captain, Personnel Service Division (PSD), or designee, indicating that the peace officer has received firearm refresher training.
   d. Shall be documented and submitted to the PSD to be placed in the peace officer's personnel file and a copy forwarded to PSU to be placed in the Department's incident folder and tracking software system.
12. Return to Duty

Return to duty for each employee involved in a fatal or injury shooting shall only occur after:

   a. Consideration has been given to GO 570.03 (Post Trauma Response).
   b. The COP, or designee, has notified the City Manager.

C. REVIEW PROCEDURES

5. Internal Affairs Division
   a. The IAD captain shall direct IAD investigators to respond as needed.
   b. If an involved peace officer has elected to not provide criminal investigators with a voluntary statement, the assigned IAD investigator shall conduct an administrative interview to determine all relevant information.
   c. IAD may be directed to be the lead administrative investigators by the COP or designee.
6. Force Investigations Team
   a. Notify Office of Public Safety Accountability (OPSA) and Inspector General or designee of any officer involved shooting or any UOF that caused serious bodily injury or death.
      (1) OPSA and the Inspector General shall be permitted access to the incident scene to the extent possible without contaminating evidence or otherwise disturbing the scene. Their presence is to merely observe and familiarize themselves with the situation.
   b. Actively monitor the Office of Operations Investigation and participate in the public safety walk-through alongside the assigned Internal Affairs Division (IAD) investigator.
   c. Monitor voluntary statements given by involved officers.
   d. Prepare a summary of basic information of the incident and forward it to the designated redaction personnel.
   e. Add a use of force incident into the tracking software and attach any related policies to the administrative review.

f. Review any less lethal force used pursuant to GO 580.12 (Less Lethal Weapons Systems) during an OIS/ICD incident.
g. Will complete for documentation a 60-day preliminary administrative presentation for executive command staff covering:
   (1) Policy overview.
   (2) Serious policy concerns.
   (3) Suggested changes to policy, training, and or equipment.

7. Professional Standards Unit
   a. Have access to all reports and investigative materials regarding any officer shooting incident with the exception of IAD investigative files.
   b. Keep and maintain reports and related material indefinitely.
   c. Contact the City of Sacramento Risk Manager by the next business day to discuss any potential civil liability issues.
   d. Schedule and facilitate a preliminary review and final review.
   e. Collect data and report statistics on UOF incidents.
   f. Maintain the Early Intervention Program (EIP).
8. Administrative Review
   a. Officer involved shootings, other uses of force resulting in death, in custody deaths and other significant events at the discretion of the Chief of Police shall be reviewed via the following two-step process:
      (1) Preliminary Review
         a) This review shall take place within the first 30 days following the incident. Extensions beyond the 30-day deadline must be approved by the Chief of Police.
         b) The Preliminary Review is intended to be a high-level analysis of the incident, with a focus on organizational performance. This review should be facilitated by the Area Captain.
         c) If the incident involved a UOF, the policy issues related to the specific application of force during the event shall not be addressed.
         d) Areas covered should include an overview of facts, initial response, training, equipment, policy considerations other than the specific application of force and internal and external communication.
         e) The Captain of the Office of the Chief shall prepare and submit a memo documenting the findings of the preliminary review to PSU.
      (2) Force Investigation Team Administrative Investigation
         a) FIT shall investigate the incident for policy compliance.
         b) Any policy violations identified during the investigation will be reported to the Office of the Chief Administrative Services Captain and the Internal Affairs Captain by the FIT Sergeant. At the direction of the COP or designee IAD may be assigned as the lead administrative investigators. In these instances, FIT would cease their investigation and IAD would complete the remaining FIT responsibilities.
         c) The investigation into the UOF application will not conclude until all criminal investigations have been completed.
         d) Once the FIT or IAD investigation of the UOF application has been completed, the final policy review will be scheduled.
      (3) Final Policy Review
         a) An administrative review to determine if the force used during the incident complied with Department policy. Prior to the final review debrief all presentations and documents shall be sent to the FIT Lieutenant or designee for review and approval.
         b) Shall be chaired by the Deputy Chief, Office of Investigations, and minimally consist of:
            i. Captain(s) of the involved employee(s)
            ii. Lieutenant, Training Division

iii. Watch Commander
iv. Department Range Master
v. PSU
vi. Risk Management
vii. Office of Public Safety Accountability Director
viii. Office of the Inspector General
ix. SPOA President

a) Lieutenants and above managers attending the Final Policy Review shall recommend to the COP whether the specific UOF was within Department policy.
b) FIT shall be prepared to fully explain the investigation during the final policy review.
c) The Homicide Sergeant shall ensure that a copy of the District Attorney's review letter is forwarded to PSU for proper filing and distribution to the involved employee(s).
d) Once FIT has completed the administrative investigation, it will be forwarded to the COP through the employee's chain of command.
e) FIT shall complete a final policy disposition letter to be signed by the COP. The letter shall address the following:
   i. If the incident was within policy
   ii. Any policy or equipment changes
   iii. Any directed retraining for involved employees
   NOTE: If the incident is investigated by IAD, the final disposition may be documented through the complaint process on an SPD 330 and SPD 332.

D. UOF REVIEW BOARD

All Level 1 and Level 2 UOF incidents will be reviewed on a monthly basis pursuant to GO 580.01 (UOF Review Board).

E. DISCLOSURE OF PUBLIC RECORDS

The Department will disclose public records pursuant to state and federal law.

F. REPORTING TO THE CALIFORNIA DEPARTMENT OF JUSTICE

PSU shall submit statistical data regarding all qualifying officer-involved shootings and incidents involving UOF resulting in serious bodily injury is to be reported to the California Department of Justice (URSUS) as required by Government Code 12525.2.

G. UOF ANALYSIS AND POLICY REVIEW

5. At least annually, PSU shall prepare an analysis report on UOF incidents. The report should be submitted to the Chief of Police. The report should not contain the names of peace officers, subjects or case number but should include:
   a. The identification of any trends in the UOF by members.
   b. Training needs recommendations.
   c. Equipment needs recommendations.
   d. Policy review and revision recommendations.

LEVEL 1	LEVEL 2	LEVEL 3
• UOF resulting in death • UOF resulting in Serious Bodily Injury (SBI) • Officer involved shooting resulting in injury or death • Officer involved shooting-subject missed • Use of vehicle as weapon resulting in SBI • In-custody death • Use of non-issued equipment resulting in SBI or death	• Officer involved shooting of an animal • Canine bite • CED deployment-probe • Use of chemical agents • Use of baton • Use of CED drive stun • Use of personal body weapons • Use of less lethal weapons systems • Use of BolaWrap®	• Any UOF used to overcome a combative, physically aggressive, or fleeing subject who has delayed, obstructed, or fought with an officer • Any UOF that results in a visible injury or complaint of pain by the subject to whom force was applied to. Example: visible scratch, abrasion, complaint of pain however not minor discomfort by application of certain control holds or handcuffs

REPORTING REQUIREMENTS FOR LEVEL 1	REPORTING REQUIREMENTS FOR LEVEL 2	REPORTING REQUIREMENTS FOR LEVEL 3
• Sergeant notification • Homicide call out • CSI request • IAD call out • PSU call out • PIO call out • District Attorney response team • OPSA • Crime or casualty report • Red border form (RM 3) • Tracking software entry All call outs are based on the needs of the incident.	• Sergeant notification • Crime or casualty report • CSI request • Red border form (RM 3) • Tracking software entry • Watch Commander investigation (shooting of an animal)	• Sergeant notification • Incident/crime report • CSI request • Red border form (RM 3) if there is visible injury • No tracking software entry

580.14
USE OF CANINES
6-27-22

PURPOSE

This policy establishes guidelines for the use of department canines to augment police services in the community including, but not limited to, locating suspects, contraband and apprehending criminal offenders.

POLICY

The Sacramento Police Department values the sanctity of human life and the freedoms guaranteed by the United States and California Constitutions. It is the policy of the Sacramento Police Department that canine handlers meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives pursuant to GO 580.02 Use of Force policy and GO 522.02 Emergency Care for Individuals in Police Care or Control policy.

PHILOSOPHY

The Sacramento Police Department's primary use of canines is to safely locate suspect(s) in areas that are difficult or dangerous to search, while preserving the handler's option to use minimal force or avoid force altogether, to apprehend and place the suspect into custody. Canines will be deployed based on the criteria listed in this policy. Nothing in this policy supersedes the Sacramento Police Department's Use of Force Policy to include de-escalation, proportionality, and or crisis intervention techniques.

The Sacramento Police Department primarily deploys canines utilizing voice commands from the handler as a method of control. Repeated notice on the presence of a canine and request to surrender are given during a deployment when possible. The canines are deployed for suspects wanted for violent felonies, specific felonies listed in this policy, other crimes where a suspect is fleeing and officers believe the suspect is armed with a weapon, or when a suspect is actively resisting arrest. The canine is used to search and locate a suspect(s). Should the suspect(s) surrender the canine will be called back by the handler. Should the suspect resist or continue to evade officers, the canine will engage the suspect and be called off as soon as safely possible by the handler.

PROCEDURE

A. DEFINITIONS

1. Canine handler - Sworn members who have been POST trained and have attended the canine training school to be certified and qualified to perform all responsibilities of a canine handler.
2. Handler control methodology - The training methodology employed by the department for both the canine and handler in which the handler demonstrates that they are able to maintain physical or verbal control over the actions of their canines.

B. GENERAL

1. Approval shall be obtained from a field supervisor prior to using a canine to search for, or apprehend, a suspect. Exception: A rapidly evolving situation that is within the deployment guidelines, but in which it is impractical to obtain supervisory approval.

NOTE: It is recognized that situations may arise that do not fall within the provisions set forth in this policy; in such a case, **a watch commander can use a standard of reasonableness to review the decision** to deploy a canine in view of the totality of circumstances.

2. Watch commanders shall notify the Metro Special Operations Section Lieutenant of any performance issues regarding handlers or canines.
3. [redacted].

C. DEPLOYMENT GUIDELINES

The deployment of a canine shall be continuously re-evaluated during an incident to determine appropriateness of its use. During deployments when practical and safe to do so, the handler shall try to maintain visual sight, verbal control and/or have physical control of the canine.

1. Canines shall not be deployed for subjects in the following circumstances:
    a. Infractions
    b. Misdemeanor crimes not involving a weapon likely to cause serious bodily injury (such as simple assault, petty theft, vandalism, city code violations)
    c. Mere flight from an officer unless one of the factors in C. 2. are present
    d. Petty thefts that escalate to the level of a robbery due to the suspect's resistance towards the victim's efforts to stop the theft (absent actions resulting in great bodily injury (GBI) or a weapon being involved).
    e. Stolen vehicles involving a named suspect or civil in nature such as a rental car non-return
    f. Protest or crowd control situations
2. Canines can be deployed for suspects in the following circumstances:
    a. Wanted for violent felonies (such as homicide, robberies, kidnapping, serious assaults, drive by shootings, sexual assaults)
    b. Reasonable belief the person may be in possession of a weapon likely to cause serious bodily injury
    c. Specific felony property crimes:
        i. Burglaries
        ii. Stolen vehicles (when factors in section C.1.e don't exist)
        iii. Felony vehicle evading
    d. Warrant service where any of the following are met:
        i. Wanted for violent felony
        ii. Has a violent criminal history
        iii. Has a criminal history with firearms
        iv. Has a criminal history of felony evasion or being physically assaultive towards law enforcement
    e. Suspect is actively resisting arrest
3. When a canine has engaged a suspect, the handler shall direct the canine to release its hold as quickly as possible when the totality of the circumstances indicates the suspect is surrendering or when adequate resources are available to take the suspect safely into custody. Factors in assessing when a suspect is surrendering include, but are not limited to:
    a. Suspect verbally surrenders
    b. Suspect's hands can be seen and are not in possession of a weapon
    c. Suspect physically complies (i.e., hands in the air, follows verbal commands or body language indicative of surrendering)

D. CONSIDERATIONS PRIOR TO DEPLOYMENT

Prior to the use of a department canine to search for or apprehend a suspect, the canine handler and/or supervisor at the scene shall consider all pertinent information reasonably available at the time. The information shall include, but is not limited to:

1. The suspect's age or an estimate thereof.
2. The nature of the suspected offense.
3. Any potential danger to the public and/or other officers at the scene if the canine is utilized.
4. The degree of resistance, if any, the suspect has shown.
5. The potential for escape or flight if the canine is not utilized.
6. The potential for injury to officers or the public caused by the suspect if the canine is not used.
7. Ability of suspect to understand and comprehend canine warnings to include mental health, language and other disabilities.
8. Having other less lethal force options available to aid the canine during a deployment.

E. BUILDING AND AREA SEARCHES

Whenever practical, a perimeter should be established before the canine is used for a building/area search. Canine officers shall:

1. If necessary, make search recommendations to the field supervisor.
2. Provide verbal warnings in a loud voice, or by use of amplified sound prior to releasing the canine:
    a. Announce the presence of the canine unit.
    b. Order the suspect out of hiding.
    c. Warn the suspect that he or she may be bitten.
    d. After allowing for a reasonable period of compliance, repeat the warning. If no response is received after again waiting for a reasonable period of compliance, the search may begin.
    e. With the approval of the watch commander, the canine handler may omit or forgo canine warnings when exigent circumstances exist.
3. Repeat additional warnings when appropriate and safe to do so or when encountering structures where initial canine warnings may not have been heard. Supervisors and canine handlers should consider foregoing additional canine warnings when either of the following are present:
    a. when there is increased risk to officer safety due to the reasonable belief the suspect (s) is armed with a weapon likely to cause great bodily injury
    b. where the suspect (s) continues to elude officers during an area search based on the proximity of the canine
4. [redacted]
5. Officer should attempt to contact residents prior to utilizing a canine for yard searches. If a resident or responsible is unable to be contacted, then an additional canine warning shall be made by the handler prior to deploying the canine to search the backyard.
6. Advise Communications after initial warnings are given, and when possible, record on In Car Camera (ICC) and/or Body Worn Camera (BWC).
    a. When feasible for area searches, verify the announcement could be heard by another officer on the perimeter opposite of the warning.
7. Notify communications and perimeter officers that the search has begun.
8. Maintain verbal control and frequent visual contact of the canine during the search.

F. CANINE OFFICERS

1. Canine officers shall:
    a. Take a pro-active approach in dealing with priority calls, game plans, and attempt pickups where the use of a police canine would benefit the safety of the public and the officers involved.
    b. When applicable, notify the field supervisor if there is a possibility of a potential canine deployment within that supervisor's area of responsibility.
2. Canine officers should not:
    a. Be assigned to handle routine report calls.
    b. Be dispatched to misdemeanor calls; i.e., 415s, 5150s, 901s, or traffic control.

G. CANINE SERGEANT

1. Intentional Apprehensions
    a. The canine Sergeant shall be notified as soon as practical regarding the apprehension and the circumstances of the call.
    b. The canine Sergeant shall review all pertinent reports, in-car camera video and body worn camera video related to the canine apprehension.
    c. Based on the review, the canine Sergeant may go over the incident with the handlers but will not determine any policy findings pending outcome from the Use of Force committee.
2. Unintentional Bite
    a. The canine Sergeant shall:
        i. be notified as soon as possible of any unintentional apprehension.
        ii. respond to the scene when possible.
        iii. notify the Metro Special Operations Section Lieutenant.
        iv. review all pertinent in-car camera video and body worn camera video related to the apprehension.
        v. coordinate with the Professional Standards Unit and the Metro Command to determine if a field settlement agreement is appropriate based on the totality of the incident.
        vi. identify any training lessons learned from the incident and address with the handler and canine unit for educational and training purposes after concurrence by the Metro Captain that no policy violations need to be addressed.
        vii. ensure a report and a red border form (RM3) is completed.
        viii. document findings in a memorandum to the Deputy Chief of Office of Specialized Services.

H. CARE OF CANINE AND EQUIPMENT

1. Canine officers shall:
    a. Be responsible for the health and welfare of the canine, ensuring that the canine receives the proper nutrition, grooming, training, medical care, and living conditions.
    b. Not expose the canine to any foreseeable and unreasonable risk of harm, unless required by a particular application.
    c. Maintain department canine equipment under their control in a clean and serviceable condition.
    d. Permit the canine unit sergeant to conduct on-site inspections of affected areas of the residence to verify that conditions and equipment conform to this policy. The canine unit sergeant shall minimally provide 24-hour notice prior to the inspection.

e. Report to the canine unit sergeant any changes in living status that may affect the lodging or environment of the canine.
f. Report any injury or illness of the canine to the canine unit sergeant.
g. Advise the canine unit sergeant prior to taking their canine to the veterinarian for a routine examination or for minor medical problems.
h. Take the canine to the nearest available veterinarian if the canine is seriously injured or requires immediate medical attention. The canine unit sergeant shall be notified as soon as time permits.

I. TRAINING

1. Prior to assignment in the field, each canine team shall:
   a. Be trained and certified to meet POST standards.
   b. Receive training as defined in the current contract with the department canine training provider.
   c. Conduct all canine training while on duty unless otherwise approved by the canine sergeant.
   d. Demonstrate an understanding and ability to use the handler control methodology, including the ability to control the canine both physically and with verbal commands.

J. CROSS TRAINED CANINES

1. Canines trained in more than one discipline shall assist with investigations as directed by the Metro Special Operations Section Lieutenant.
2. Cross trained canine teams shall meet POST certifications.
3. Narcotics and firearm detection canines shall:
   a. Assist in the search for narcotics or firearms during a search warrant service.
   b. Search vehicles, buildings, and any other articles deemed necessary.
   c. Not be used to search a person.
4. Explosives detection canines shall:
   a. Assist in the search of a location where a bomb threat has been established. NOTE: Prior to responding, credibility of the threat shall be assessed.
   b. Conduct preventive searches at locations such as special events, dignitary visits and restricted areas.
   c. Not be used to clear a suspicious package.
   d. Not be used to search a person.
   e. Narcotics, article and explosive searches do not require verbal warnings prior to deployment.
5. SWAT deployment canines:
   a. Shall be used in SWAT operations. NOTE: Only canine teams that have received specialized training and the approval from the Metro Special Operations Section Lieutenant will be utilized in this capacity.
   b. Shall participate in bi-annual training with the SWAT team.

K. OUTSIDE AGENCY ASSISTANCE

Upon request from an outside agency for the assistance of a department canine, the following conditions shall be met:

1. The Communications Division shall:
   a. Obtain all necessary information including location, type of incident, suspect description, contact person, etc.
   b. Notify the watch commander.

2. The watch commander will respond to the request, taking into consideration personnel availability, the availability of the requesting agency's canine, and whether the need for the canine is consistent with department policy.
3. Prior to deployment, the canine officer will ensure that the use of the canine is within department policy.
4. Following a reportable injury caused by canine use of force, the nearest district sergeant or assigned field supervisor shall follow the supervisor's reporting procedures and responsibilities pursuant to GO 580.02 (Use of Force), including the completion of a tracking software entry.

L. REPORTING REQUIREMENTS FOR INJURIES INFLICTED BY A CANINE UPON AN INTENDED SUSPECT AT THE DIRECTION OF THE HANDLER

Canine officers shall:

1. Ensure first aid is rendered pursuant to (GO 522.02 Emergency Care for Individuals under Police Care or Control).
2. Notify the district sergeant, who shall follow the supervisor's reporting procedures and responsibilities pursuant to GO 580.02 (Use of Force), including the completion of a tracking software entry.
3. Obtain a statement from the intended suspect or witnesses relevant to the use of the canine when possible.
4. Notify CSI for photos of suspect's injury(ies). If CSI is unavailable, notify the district sergeant for photographs.
5. Complete appropriate reports detailing the incident including documentation of warnings issued prior to the deployment of the canine when applicable.
6. Complete a red border form (RM 3).

M. REPORTING REQUIREMENTS FOR INJURIES INFLICTED BY A CANINE UPON AN UNINTENDED INDIVIDUAL

Canine officers shall:

1. Ensure first aid is rendered pursuant to (GO 522.02 Emergency Care for Individuals under Police Care or Control).
2. Notify the watch commander and canine sergeant.
3. Ensure an attempt was made to obtain a statement from the individual who was unintentionally injured by the canine or witness(es) relevant to the use of the canine when possible.
4. Notify CSI for photos of victim's injury(ies). If CSI is unavailable, notify the district sergeant and request they respond for photographs.
5. The canine sergeant will coordinate with the Professional Standards Unit and the Metro Command to determine if a field settlement agreement is appropriate based on the totality of the incident.
6. Complete appropriate reports or department memorandum detailing the incident, including circumstances that led or contributed to the unintended bite.
7. Complete a City of Sacramento Workers' Compensation form WC001 (first report of injury form) if a City employee is the unintended individual.
8. Complete a red border form (RM 3).

N. ADMINISTRATIVE REVIEW

1. The canine unit sergeant shall:
   a. Review all incidents in which a department canine injures any person. This does not replace or circumvent the Use of Force committee.

b. Notify the Metro Special Operations Section Lieutenant of any deployment or training issues.
c. When applicable, implement corrective and/or preventative action for any training, equipment, or canine issues that have been discovered as a result of the review. Any corrective actions should be approved by the Metro Captain so there is no conflict based on the Use of Force committees recommendations.
d. Maintain a record, cross referenced by officer, on all injuries involving department canines for a period of five (5) years from the date of injury.

2. The Metro Captain and the Metro Special Operations Section Lieutenant shall:
   a. Review all incidents in which a department canine injures any person.
   b. Review the Blue Team entry, making a determination as to the appropriateness of the use of the canine.
   c. The deployment is then brought before the Use of Force Committee to determine whether the incident is within policy.

Narrative Text

Type 04 OBSERVATIONS
Related Person (ARREST/CITE #1) MCKEE, ZACHARY J (DOB: Jun-22-1991)
Subject OFC. BUCHANAN #392
Author 4687 - BUCHANAN, BRADLEY 0392
Related Date Mar-30-2025 23:16

On 03/30/2025, at approximately 2029 hours, Ofc. Cairns #200 and I (Ofc. Buchanan, B. #392) responded to [redacted] O St #[redacted] regarding an Attempt Pick-Up. Per the text of the call, the male subject that was involved in a 273.5 PC and a 215 PC from last night (03/29/2025) was back at the above stated location. The subject was Zachary McKee, male white, 5'10, thin build, wearing a black baseball cap and black hooded sweatshirt. No weapons seen. Caller had just seen him and another person dragging something down the stairs and then walked away. The second subject was a male white adult, 30 years old, black baseball cap and black sweatshirt. Unknown if they left in a vehicle. We seen walking down O St, unknown direction. We arrived on scene at approximately 2033 hours. To the best of my knowledge, our bodyworn and in car cameras were activated. I observed the following in summary:

Based on my prior knowledge, Ofc. Vazquez #298, Ofc. Morgan #335, Ofc. Roberts #751 and I responded to this residence on 03/30/2025 regarding a domestic violence (SPD 25-78054). It was determined through that course of the investigation that there was a Probable Cause Want of 273.5 PC and 215 PC for Zachary McKee, DOB: 06/22/1991 (XREF: [redacted] It was also known that there was an additional Probable Cause Want felony 594 PC, 487 PC (SPD 25-78491).

Ofc. Lopez #776 was on scene prior to our arrival. Ofc. Lopez advised over the radio that a male and a female had came out of Apt [redacted] They stated they were friends, confirmed that S/MCKEE was inside Apt [redacted] and that S/MCKEE should be alone inside the apartment. (See Ofc. Lopez supplemental for further)

A perimeter was set up around the apartment complex, to prevent S/MCKEE from fleeing the scene. I made PA announcements for S/MCKEE to come to the front door and comply with Officers commands. During this time, S/MCKEE did not come to the front door.

Ofc. Khang #272 attempted to call S/MCKEE's cell phone. Ofc. Khang advised over the radio that he was talking with S/MCKEE over the phone. S/MCKEE confirmed that he was in fact inside the apartment. Ofc. Khang then advised over the radio shortly after that S/MCKEE had hung up.

I had contacted Victim of the Domestic Violence who lived in Apt [redacted] via telephone. The victim gave Officer verbal consent to enter the apartment.

A plan was formulated to breach the front door, in an effort to apprehend S/MCKEE. A contact team was

formulated. Officers approached the front door and made several announcements for S/MCKEE to come to the front door. There was no answer. Ofc. Vazquez #298 and Ofc. Lopez breached the front door. More announcements were made. After the front door was breached, it was learned that K9 Officer Catricala was in the mist of apprehending S/MCKEE. K9 Officer Catricala #379 and his K9 partner apprehended S/MCKEE (See Ofc. Catricala's supplemental report regarding the apprehension).

S/MCKEE was placed in handcuffs. Sacramento Fire was requested to the scene to provide medical aid to S/MCKEE for the injuries he had sustained during the apprehension.

Based on the fact that S/MCKEE had attempted to run after jumping from the second story back bedroom window, and after being given clear instructions to come to the front door any comply with Officer's commands, S/MCKEE was determined to be in violation of 148(a) PC (Obstructing/Resisting Arrest).

Due to S/MCKEE's injuries, S/MCKEE was transported to UC Davis Medical Center to be medically treated and determined medically fit for incarceration.

CSI was requested to the scene for scene photographs and suspect injury photographs.

At the time of writing this report, S/MCKEE was still at UC Davis Medical Center. Once he is determined medically fit for incarceration, S/MCKEE was to be booked at Sacramento County Main Jail for 148 PC, and the the PC WANT of 273.5 PC, 215 PC, 594 PC and 487 PC.

Narrative Text

Type 04 OBSERVATIONS
Subject CATRICALA #379
Author 4154 - CATRICALA, VINCENT 0379
Related Date Mar-30-2025 21:55

On 03/30/25, at approx. 2034 hours, I, Officer Catricala #379, and my K9 partner Buster, responded to [redacted] O St #[redacted] to assist Officers with the attempt to contact and the arrest of Zachary McGee (11/13/92). McGee was arrestable for 273.5 PC (felony domestic violence) and 215 PC (carjacking). These two crimes occurred on 03/29/25 (SPD #25-78054). It should be noted that on 03/29/25 Officers attempted to contact and arrest McGee at his apartment, but McGee was able to evade capture by jumping out of his approx. 10 ft high second story apartment window. A perimeter was established and K9 search was conducted, but McGee was able to get away. Tonight, a neighbor called into dispatch and advised that McGee was back at his apartment.

On this date and time, I was wearing full police uniform, including a body worn camera (BWC), and driving a fully marked patrol vehicle. My patrol vehicle was equipped with an in car camera (ICC). Both my BWC and ICC were on and recording during this incident. The following is a summary of my actions:

(SEE OTHER OFFICER REPORTS / SUPPLEMENTS REGARDING ABOVE INFORMATION / DETAILS)

Officers were near the front of the apartment on O Street when they observed a subject matching McGee's physical descriptors walk towards the street. They called out to him, but the subject fled south into the apartment complex and towards the ally. As this was occurring, I was driving west in the ally towards the apartment building in an attempt to cut the subject off. As I neared the apartment building, the subject appeared at a run and looked towards me. I used my vehicle's PA system to administer a K9 announcement to stop. My announcement identified myself as a police K9 Officer and I advised the subject to not run. The subject decided to turn and run away from me up the apartment building stairs to the second story walkway. The subject ran northbound on the second story and began banging on a door. He yelled, "Let me in! Let me in!" The subject was able to get inside the apartment. I retrieved K9 Buster from my rear passenger compartment and we ran to the rear of the apartment to hold a containment position. Officer Hambly came with me was my cover Officer. At this time it was unclear if this subject was in fact McGee.

A short time later, an individual came out of the apartment in question and advised to Officers at the front that McGee was the one who ran from them and yelled to let him inside. The apartment he ran into was #[redacted] (which belonged to McGee). The individual advised that McGee was the only person inside of the apartment. Once McGee was identified as the person who ran and was inside of the apartment, Officers made contact with him via telephone in an attempt to get him to come out and surrender peacefully. McGee didn't speak to Officers on the phone for very long, but the information that they were able to gather while talking to him was that he was in fact inside of the apartment. The telephone call ended with McGee abruptly hanging up the phone and refusing to come outside. All of this information was relayed to Officers via the radio.

A plan was developed that I would remain in the rear with K9 Buster and Officer Hambly. A contact team of Officers at the front would breach the front door of the apartment and provide McGee with further announcements to surrender. Prior to this occurring, I spoke with Sgt. Beal and received permission to not provide McGee with any further K9 warnings in order to prevent him from continuing to flee and potentially escape, leaving Officers and citizens in the area in danger.

As Officers breached the front and yelled for McGee to come out and surrender, the rear window opened and McGee stood perched on the window sill. McGee began scanning the area looking for potential routes of escape. McGee used his cell phone light in an attempt to illuminate the area. Again, Officers at the front provided McGee with more announcement to surrender. McGee then jumped down from the approx. 10 ft high second story window (the same window he did the day before) and began to flee south towards the ally.

It was at this point that I deployed K9 Buster and did so for the following:

1. McGee was to be arrested for two felony crimes: 215 PC (Carjacking) and 273.5 PC (Domestic Violence).
2. McGee was to be arrested for misdemeanor 148 PC (Resisting Arrest).
3. McGee showed a high level of resistance by fleeing from myself and other Officers at initial contact. Throughout the call, McGee displayed his commitment to this resistance by remaining in his apartment instead of surrendering peacefully to Officers at the front, and by jumping from his second story window to flee on foot once the Officers breached his front door and again requested his surrender.
4. McGee had not been searched prior to fleeing and could have been armed with a weapon that could in turn be used to harm citizens in the area or arresting Officers.
5. It is safer and more efficient to use a police K9's speed, agility and power to catch fleeing individuals.

I directed K9 Buster towards McGee. K9 Buster pursued after McGee south towards the ally and out of my view. Officer Hambly and I gave chase. As I came around the corner, I observed K9 Buster making contact with McGee on the right ankle. I yelled for McGee to show me his hands numerous times. He did not. McGee began to struggle with K9 Buster and their momentum carried the two of them into the ally. McGee fell to the ground while holding K9 Buster"s lower torso. McGee let go of K9 Buster attempted to get back to his feet, but I forced him back onto the ground while K9 Buster was holding onto his right ankle. By this time, several Officers had transitioned from the front of the apartment to the ally where we were. I took positive control of K9 Buster as other Officers grabbed McGee. I removed K9 Buster and McGee was taken into custody shortly after.

McGee complained of pain to his hand and ankle. McGee sustained the following injuries as a result of his contact with K9 Buster:

1. Right index finger: laceration and tearing near the tip.
2. Right ankle / calf: large section of skin and flesh pulled and torn back exposing muscle and tendon.
3. Right knee: approx. 4 inch laceration and exposed muscle behind right knee.

Sacramento City Fire personnel responded to the scene and provided medical attention to McGee. He was later transported to UC Davis Medical Center where he is currently receiving care as of writing this report.

CSI responded to the scene to take photographs. CSI was also requested to take photographs of McGee at the hospital.

I completed a City of Sacramento red border form documenting the injury that McGee received during this incident.

Sgt. Beal was on scene during this incident.

No further observations.

On 03/30/2024, I, OFC Stasyuk #526, was working as a patrol officer (1A36), patrolling the city streets of central Sacramento area. I was in a marked police vehicle and full police uniform, both clearly displaying the emblem of the Sacramento Police Department. At approximately 2247 hours, I responded to 2315 Stockton Blvd (UC Davis Hospital) to relieve officers. I arrived on scene at approximately 2259 hours and I was with McKee until 0509 hours. During my time with McKee, he made multiple spontaneous statements. Due to being at the hospital and with HIPAA concerns, my body worn camera was not activated. McKee advised the following in summary:

She lied. I was falsely accused of all of the crimes. I never stole her car, she stole my car. She stole my stuff and she kept it hostage from me. I want to report my car stolen she also stole my TV. I'm the one who got arrested.

On Sunday 03/30/2025 at approximately 2029 hours Officer Corliss and I Officer Crivellone #695, were dispatched to [redacted] O Street regarding an attempt pickup. The text of the call advised that the suspect from a previous domestic violence returned to the address. I arrived on scene at approximately 2029 hours. My body worn camera was activated and recording during the investigation. I observed the following in summaru:

I arrived on scene and assisted with detaining the suspect and then with a canvass of the area. I knocked on unit #[redacted] and contacted [redacted] who advised that a male black adult knocked on his door asking for "Zack" the suspect of the domestic violence. [redacted] advised that Zach does not live at that unit and then saw Zach and the male black adult walking together and arguing while walking towards O Street.

In addition [redacted] advised that he heard the Officers outside yelling (making announcements).

On Sunday, 03/31/2025, I contacted [redacted] in Opera Alley and obtained a statement from her. [redacted] told me the following in summary;

My boyfriend ([redacted] and I are homeless in this area of downtown Sacramento. We had met him (Zachary McGee) one time prior at the Salvation Army. We were in this area when we saw McGee on the street. McGee offered to allow us to sleep on his couch for the night. McGee was in and out of his apartment. At one point, he ran into the apartment, slammed the door behind him, and either said "The cops are here, lock the door," or just " Lock the door." Quickly after he ran into the apartment, I heard the police outside. I am pregnant and don't want any problems, so my boyfriend and I came outside.

While we were outside, I heard the police use their loudspeaker and make multiple announcements for McGee to come outside. The police's instructions were clear and loud.

I did not see McGee get arrested because we had moved out of the way further down the alley, and behind a fence.

[redacted] had nothing further to add.

On Sunday, 03/31/2025, I contacted [redacted] in Opera Alley and obtained a statement from her. [redacted] told me the following in summary;

I don't even really know that guy (McGee). My girlfriend and I are homeless and he offered to let us sleep on his couch tonight. We got to his apartment 15-20 minutes before the police showed up. McGee ran into the apartment and said something about locking the door. He was running from something, and I figured it was the police. My girlfriend and I went outside because we didn't want anything to do with the situation.

When we were outside, I heard the police make multiple announcements on their loudspeaker. I don't know if the commands could be heard inside.

We did not see McGee get arrested because we were down the alley and behind a fence.

Winston had nothing further to add.

Related Date Mar-31-2025 12:14

On Sunday, 03/30/2025, at 2009 hours, I was dispatched to an attempt pick up in the area of [redacted] O Street. The complainant reported Zachary McGee was back at his apartment. McGee was PC arrestable for 273.5 PC and 215 PC from an incident on 03/29/2025. I arrived on scene at 2033 hours as officers broadcast McGee was running back into his apartment. I activated my body worn camera, which remained active for the duration of my investigation. On 03/29/2025, when Officers attempted to apprehend McGee, we jumped out of his second story window an fled, evading officers.

I observed McGee run up stairs towards his apartment door. Officer Catricala, his K9 partner Buster, and I were positioned in Opera Alley. Officer Carticala yelled to McGee that he could be bit by the K9. Entered his apartment and closed the door behind him. Officer Catricala, Buster, and I went into the back courtyard area of the apartment complex and it was apparent McGee had not fled through the window.

We positioned ourselves in an tactical advantageous portion of the rear courtyard to prevent McGee from escaping. Other officers on scene formed a contact team and breached the front door of the residence. Shortly after the front door was breached, McGee jumped out of the second story rear window into the courtyard, and started to flee towards the alley. K9 Buster was utilized to prevent McGee from escaping. See Officer Catricala's supplemental report for details.

I obtained statements from two witnesses on scene, [redacted] and [redacted] See their attached statements for further.

Narrative Text

Type 04 OBSERVATIONS
Subject OFFICER KHANG #272
Author 4910 - KHANG, JIMMY 0272
Related Date Mar-30-2025 23:17

On Sunday March 30, 2025, at approximately 2029 hours, Officer King (#784) and I (Officer Khang #272) responded to [redacted] O Street #[redacted] Sacramento, CA, to assist other units on an attempt pickup of Zachary McGee for a Domestic Violence and Carjacking incident that occurred the night before.

While en-route to the call, Officers on scene advised that subjects on scene advised that McGee was inside of the apartment.

I was in my full Sacramento Police Department patrol uniform and in a fully-marked Sacramento Police Department patrol vehicle with functioning emergency lights and siren. Officer King and I arrived on scene at approximately 2034 hours. My body-worn camera was activated and recording for the duration of the investigation. I observed the following in summary:

Upon arrival, I contacted Officer Buchanan (#392) who provided me with McGee's phone number. I contacted McGee over the phone and identified myself as Officer Khang with the Sacramento Police Department. McGee refused to come out of the apartment and speak with Officers and eventually hung up on me. I tried multiple callbacks after that, but the calls went straight to voicemail.

Sergeant Beal (3SM3) was advised of the call results.

I, then, responded to the front of the apartment where I stood by while other Officers forced entry into the apartment. Once the Officers successfully forced entry into the residence, I heard a rustling noise coming from behind (west) the apartment complex. I responded to the the west side of the building in Opera Alley and observed McGee open the back gate. When McGee came out from the back into the alley, I observed him carrying the Police K9 on his right shoulder. While McGee was turning around, the Police K9 fell on the ground and bit on to one of McGee's legs.

I observed McGee still standing and attempting to flee as he was actively pulling away from the Police K9. K9 Officer Catricala (#379) pushed McGee, causing him to fall backwards on to the ground. At this point, McGee sat up and I grabbed on to his right arm in an attempt to gain control of him and place him in handcuffs. Other Officers responded and assisted me in detaining McGee. Once McGee was placed on his stomach on the ground, I placed his right arm behind his back. Once Officers were able to place McGee's left arm behind his back, he was handcuffed without further incident.

McGee was, then, placed in a sitting position and we waited for the Fire Department to respond to the scene. I observed McGee to have an open wound with fresh blood coming out of it on his right index finger. I also observed him to have an open would on his lower right shin sustained from the K9 bite. Once the Fire Department arrived on scene, I stood back while they provided medical aid to McGee.

At the direction of Sergeant Masis (3SM6), I assisted Officer Vazquez (#298) with a canvass of the surrounding residences with the following results:

[redacted] P Street #[redacted] Nothing seen or heard.

[redacted] 23rd Street #[redacted] Was not home.

[redacted] 23rd Street #[redacted] Nothing seen.

I responded back to the scene and advised Sergeant Beal. I stood by on scene until Forensiclean was finished cleaning up the blood in the alleyway.

No further actions from this Officer.

Type 04 OBSERVATIONS
Subject OFFICER LOPEZ #776
Author 5233 - LOPEZ, OSCAR R 0776
Related Date Mar-30-2025 23:26

On 03-30-2025 at approximately 2009 hours, 1E34 (Ofc. Kraintz #536), 1C33 (Ofc. Hambly #525) I, Officer Lopez #776 were dispatched to [redacted] O St, Apt#[redacted] regarding an attempt pick-up. Per the text of the call, a male subject that was involved in a 273.5 PC / 215 PC incident from last night is back at his house. I arrived on scene at approximately 2025 hours. I was wearing my department issued body worn camera and it was recording during my investigation. I observed the following in summary:

Upon arrival at the scene, I was traveling east bound on O St near the intersection of 23rd St.

I observed a dark colored Ford pick-up truck (CAL#[redacted] parked in the middle of the road with its hazard lights on. The Ford ([redacted] was facing east bound. I observed an unidentified subject enter the front passenger door. An unidentified male subject entered the driver side and another male subject (later identified as suspect Mckee, Zachary) entered the rear passenger door.

I slowly approached behind the Ford ([redacted] in my marked patrol vehicle. Due to the updates on the call advising that (S) Mckee was moving items in and out of his apartment, I suspected one of the male subjects to be Zachary Mckee. The Ford (CAL#[redacted] began to move forward and I activated my "take down" white lights. The unidentified male subject in the driver seat opened his door and peaked his body backwards. I asked him who was in the backseat. The male subject in the driver seat replied, "Joe". I advised the driver not to leave and he stated, "are you security?" and I advised him I was Sacramento Police.

I then observed (S) Mckee exit the rear passenger side door. I yelled at him, "come here" and he began walking south bound towards his apartment. I was wearing my full Sacramento Police Department uniform. He then began running. I observed (S) Mckee go up the stairs and into Apartment #[redacted] Before entering he stated words to the affect of, "open the door".

I maintained visual of apartment #[redacted] I observed a male subject (later identified as [redacted] and a female subject (who verbally identified herself as [redacted] DOB [redacted] exit out of apartment #[redacted] Subject [redacted] and Subject [redacted] advised me that they were just friends in the apartment and that Zachary McKee was now inside alone.

I was later part of a contact team to attempt contact with (S) McKee. I kicked down the front door to Apartment #[redacted] After kicking the door I heard yelling from the alley and words to the affect of, "he jumped out of the window." I went down towards the alley and officers were actively trying to detain (S) McKee. I

assisted officers by grabbing (S) Mckee's left arm. He was actively resisting by tensing/pulling his arm and I had to use my strength to assist officers in arresting (S) McKee in handcuffs.

Canvass:

[redacted] O St, Apt# [redacted] - Contacted a female subject (later identified as witness [redacted] to obtain her statement. (See attached)

[redacted] O St, Apt# [redacted] - Contacted a male subject (later identified as [redacted] to obtain his statement. (See attached)

[redacted] O St, Apt# [redacted] - No answer at the door.

[redacted] O St, Apt# [redacted] - No answer at the door.

I later completed a Red Border Form for the damage to the front door of Apt# [redacted]

While at the scene, I took possession of two cellphones from Officer Crivellone #695. Ofc. Crivellone observed them on the hood of his patrol vehicle. I observed (S) McKee holding a cellphone in his left hand when officers tried to detain him. I suspected both phones must have belonged to (S) Mckee. (S) McKee was no longer on scene to confirm ownership, but based on the circumstances, I seized the phones and maintained possession of them on my person.

I later booked the following items as evidence at the property warehouse located at 555 Sequoia Pacific Blvd.

- Blue Apple Iphone
- Black Samsung phone
