## SCPRC RECOMMENDATION

GO 580.02 Use of Force

SPD does not provide enough data from its UOF incidents to meaningfully measure the impacts of the Department's policies, practices, or procedures.

Changes to Existing Policy(s): Require quarterly public posting on statistics related to use of force including, at a minimum:

- Type of force
- Types and degree of injury to suspect and officer
- Date and time
- Location of incident
- Officer's unit
- District station where the use of force occurred
- Number of officers using force in the incident
- Officer's activity when force was used
- Subject's activity requiring the officer to use force
- Officer's demographics (age, gender, race/ethnicity, rank, number of years with SPD, number of years as a police officer)
- Suspect demographics (race/ethnicity, age, gender, gender identity, primary language, and other factors such as mental illness, cognitive impairment, developmental disability, drug and alcohol use/addiction, and homelessness)
