Charges shall be based on a daily rate, notwithstanding State law requirements which indicate that no charge exceeding that for one day of storage will be made if, within 24 hours after the vehicle is placed in storage, a request is made for the release of the vehicle. If the request is made more than 24 hours after the vehicle in placed in storage, charges may be imposed on a full calendar basis for each day, or part thereof. The daily rate extends from midnight to midnight.

   3. Storage fees for passenger vehicles, vans, and light trucks shall be no more than $60.00 per day.

C. Contractor Billing and Rates – The Contractor shall bill the registered owner of the vehicle towed by the Contractor in accordance with the Tow Services Agreement. No vehicle towing or storage charges may be imposed unless the vehicle is hooked up to the tow truck and transit to the storage facility has commenced. The Contractor shall not charge the CITY or the owner of any vehicle towed pursuant to this Agreement more than the rates set forth in this Tow Services Agreement. All billing will be done in good faith. All efforts to locate the most current registered owner will be exhausted at the Contractor’s expense.

D. How Tow Rates are Charged – The Contractor shall base towing charges upon the class of vehicle being towed regardless of the class of truck used, except when vehicle recovery operations require a larger class truck.

Whenever services are requested, which are not covered by the Tow Services Agreement, the Contractor shall advise the CITY or the requesting party of the estimated cost of the service before it is performed.

The suspension will remain in effect until the Contractor has presented proof to the Chief of Police that reimbursement(s) have been made to the aggrieved customer(s). In addition, the Contractor shall be assessed a penalty of $100 for each instance of an overcharge. Three (3) violations of this section within any twelve (12) continuous months shall result in up to a thirty (30) day suspension from the tow rotation.

G. Invalid Tow - In the case of an invalid tow or similar instance where the CITY elects to pay for the towing and storage of a vehicle, the Contractor will bill the Department and not require pre-payment by the vehicle owner before releasing the vehicle. Evidence Impound Tow – The CITY has only one (1) Contractor for evidence-impound tows and no other rotation tow Contractor should maintain custody over vehicles that constitute evidence, at any time. If an officer impounds a vehicle for evidence and a rotational tow is dispatched, it is the responsibility of the Contractor to ensure compliance with section 22655.5 of the California Vehicle code.
If it is determined that a vehicle is to be retrieved for any evidence purpose, the evidence impound tow company will respond immediately to pick up the vehicle, 24 hours a day/7 days a week, from any rotation tow company covered by this agreement.

Nothing shall prohibit the original tow company from allowing the immediate pick-up of any vehicle that has been changed to evidence impound. All associated tow fees incurred at the original tow company will remain with that company. The evidence impound tow company shall not be responsible for advance payment of any fees to the original rotation tow company.

Once the evidence impound is concluded, the vehicle shall be released to the original tow company and their fees resume from that date forward. It is the originating tow companies’ discretion to accept delivery of the vehicle after the evidence impound is concluded. If delivery is declined, all tow fees associated with the original tow are forfeited and the vehicle remains with the evidence impound tow company.

C. Tow Sweeps and DUI Checkpoints – The CITY will notify the contractor of the date the Tow Sweep or DUI checkpoint will be held in their tow district. The contractor will be notified with the date and time frame of such activity via email or by telephone.

Vehicles are to be towed to a primary location. Only overflow vehicles are to be towed to a secondary location. As space opens up at the primary yard, vehicles will be moved to that location from any secondary storage yards, priority will be given to all theft recovery vehicles. The Contractor may not impose any additional fees or charges for storage at a secondary location.

Secondary storage facilities must meet the same standards as those subject to the CITY Code.

The fee payment for this inspection, if any, is the responsibility of the Contractor. Any secondary storage yards must be inspected and on file with the Tow Administrator.

(2) Address Change Notification - The Contractor must notify the CITY of any change in their primary or secondary storage location or business office at least thirty (30) days in advance of the actual change in location. F. **Business Hours** - Normal business hours shall not be less than 8:00 a.m. to 5:00 p.m., Monday through Friday, except for the following CITY recognized holidays: New Year's Day, Martin Luther King, Jr. Day, President's Day, Cesar Chavez’s Birthday, Memorial Day, Independence Day, Labor Day, Veterans’ Day, Thanksgiving Day, day after Thanksgiving, and Christmas Day.

Nothing set forth in this paragraph shall permit the Contractor to appeal any termination of the Tow Services Agreement effected by the CITY. Failure of the Contractor to request an appeal of the decision of the CITY within the seven (7) days required pursuant to this section shall constitute a waiver of the Contractor’s right to an administrative appeal of the decision. In the event the CITY elects to modify the discipline imposed on the Contractor, the Contractor agrees he or she shall not be entitled to recover any costs, compensation, damages, losses, and/or expenses of any type or description from or file a claim against the CITY, its officers, employees, and appointees, including but not limited to members of the Tow Review Committee, arising out of or related to, in any manner, a complaint filed against, or discipline imposed upon the Contractor.
