DESIGN FEEDBACK

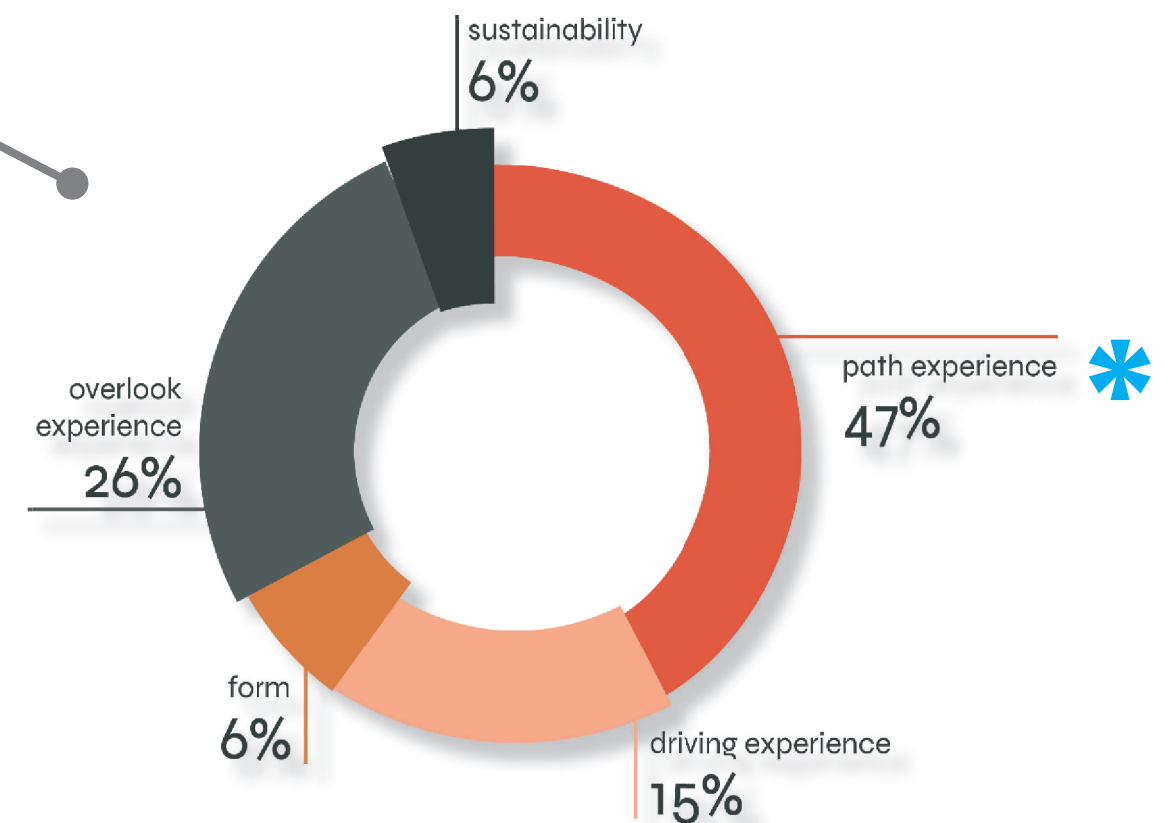

DESIGN FEEDBACK

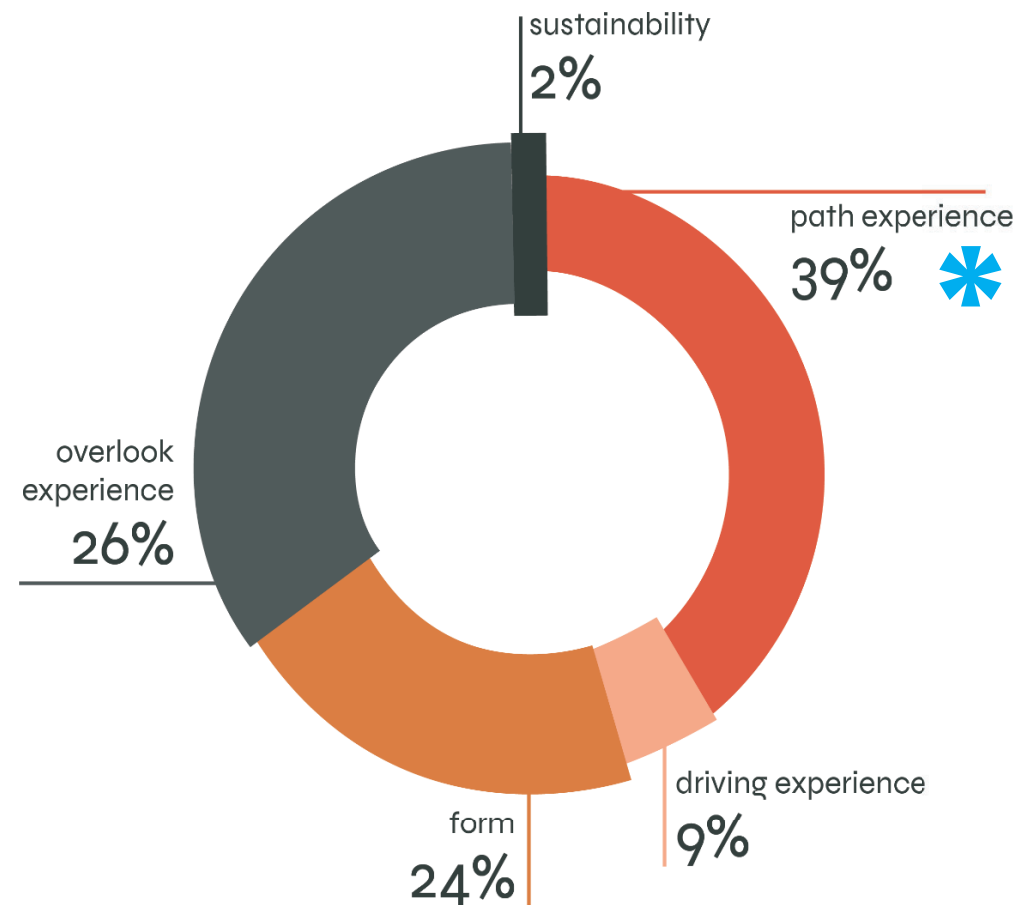

- Modern interpretation of historic bridge form.
- People inhabit & activate the structure.
- Understated elegance, simplicity.

- Improve tower proportions.
- Make truss more transparent.
- Add shade on overlooks.

DESIGN FEEDBACK

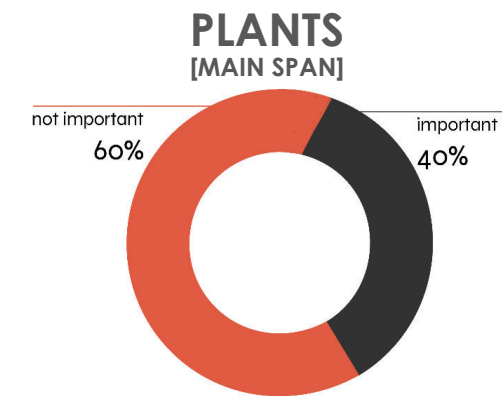

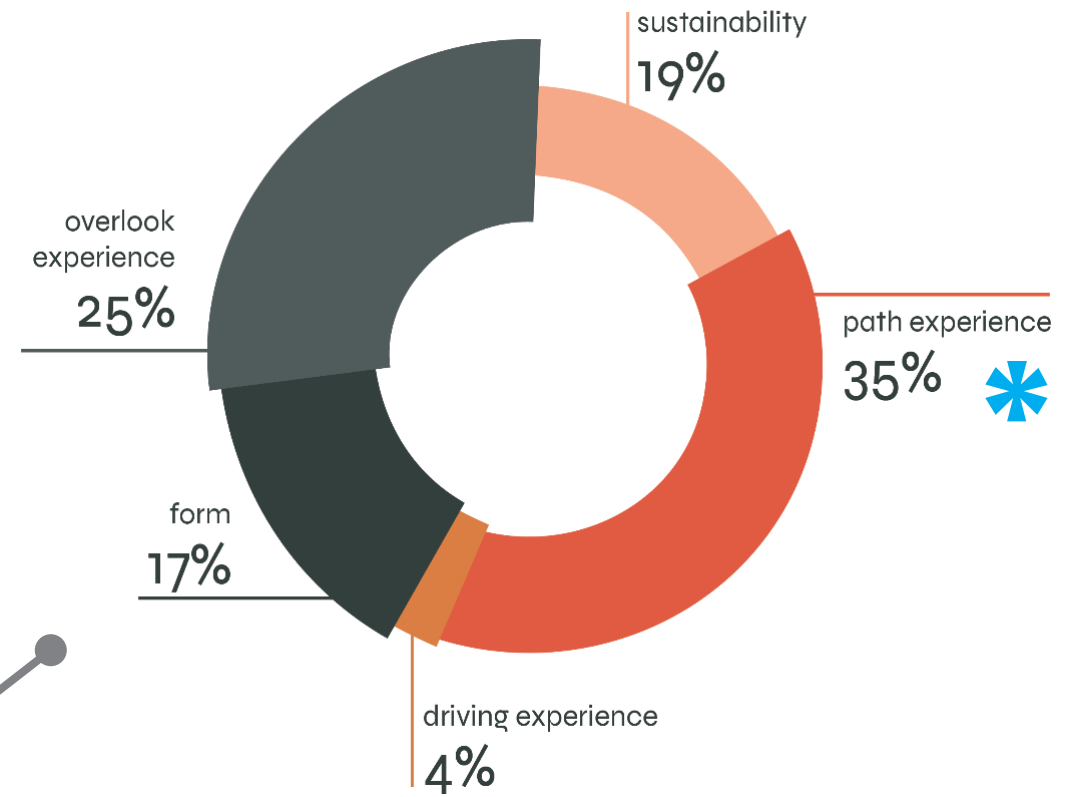

- Unique structure type for the city.
- Overlook seating away from traffic.
- Transparent, allows for open views of river.

- Improve tower proportions.
- Slim overall deck width.

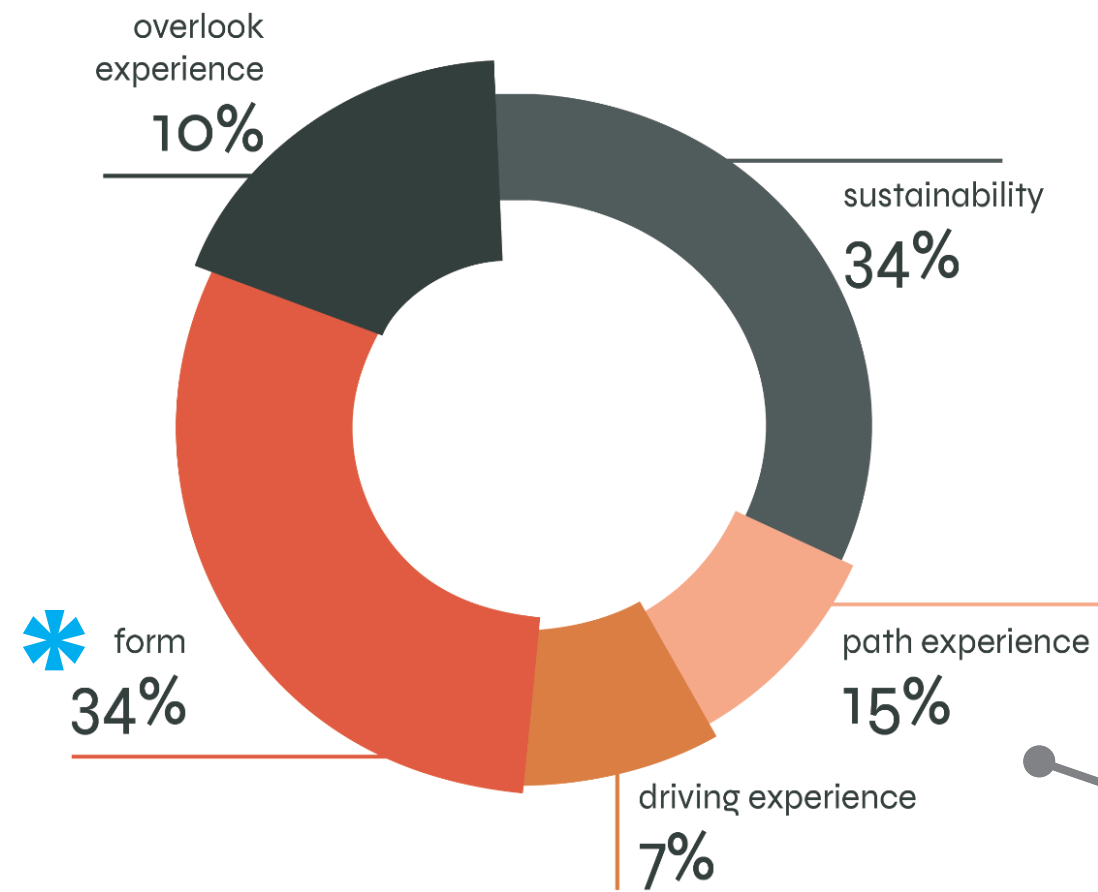

DESIGN FEEDBACK

- Dynamic path experience - split, diverse.
- Riverbanks connected by fluid lines.
- Non-traditional tower forms.

- Plants not essential on main span.
- Add shade.

DESIGN FEEDBACK

- Embodies the "green infrastructure" ideal.
- "Powers itself."
- Iconic, soaring form.

Improve path experience.
