RECONNECTING OLD NORTH SACRAMENTO

Community Advisory Group Overview

The Reconnecting Old North Sacramento Plan (Plan) will address the lasting impacts of past transportation decisions and identify programs, projects, and policies that reflect community priorities and support pathways to opportunity across Old North Sacramento. Building on recent community engagement and planning efforts in the area, the Plan will establish a shared Community Vision and a clear roadmap for a more connected Old North Sacramento. This effort aims to improve and expand walking, bicycling, and transit access to local businesses, schools, parks, jobs, healthcare, and other important destinations for all residents.

The City of Sacramento is seeking 10 Community Advisory Group (CAG) members to ensure community voices are at the center of this planning process.

All individuals will be compensated hourly for their time spent on:

- Meeting attendance for eight (8) 90-minute meetings
- Participation in one (1) engagement event (approximately 90 minutes of participation plus reasonable travel time)
- Preparation and document review prior to meetings
- Outreach or promotion associated with community engagement activities when requested as part of the CAG role.

Applications close at **11:59 PM on Monday, November 16, 2026.**

Selected applicants will be notified no later than **5:00 PM on Monday, December 7, 2026**

If you have any questions please contact Pristina Zhang at pzhang@civicthread.org

CAG Responsibilities

As a CAG member, you will:

- **Participate in CAG Meetings:** Attend and meaningfully participate in up to nine (9) CAG meetings/events throughout the project. Work with other CAG members and the project team to share community perspectives, learn from one another, and help shape the ideas, solutions, and strategies that will inform the Reconnecting Old North Sacramento Plan.
- **Shape the Community Engagement Approach:** Help develop and refine the Community Engagement Plan, identify trusted locations and organizations, recommend engagement approaches, and help the project reach communities that have historically been excluded from planning processes.
- **Bring Community and Lived Experience:** Identify important routes, destinations, connections, physical barriers, community gathering spaces, and local needs that should inform the project.
- **Ground-Truth Technical Findings:** Review technical analyses and identify where data may not reflect community experience, local knowledge, or the ways people actually navigate Old North Sacramento.
- **Shape the Community Vision:** Help translate community priorities and lived experience into a Community Vision that guides project concepts, place-based recommendations, and implementation actions.
- **Review Concepts and Recommendations:** Review conceptual designs, project concepts, place-based recommendations, and implementation actions and provide ideas and feedback on how and whether they reflect community priorities.
- **Support Broader Community Engagement:** Participate in and help promote engagement activities and connect the project team with residents, community leaders, businesses, organizations, and other community members.
- **Identify Missing Voices:** Help identify communities, perspectives, organizations, or community champions who should be involved but may not yet be represented in the engagement process.
- **Review the Draft Plan:** Assess whether the Draft Reconnecting Old North Sacramento Plan accurately reflects community perspectives, priorities, and local knowledge gathered throughout the project.
- **Prepare for Meaningful Participation:** Complete reasonable preparation, document review, capacity-building, and follow-up activities necessary to participate meaningfully in CAG discussions and decisions.
