¹ In May 2019, the Department of Utilities implemented new billing software. As a result, the write-off process was not activated during fiscal year 2020. The uncollected Wastewater System charges for FY2020 in the amount of \$99,502 (Regional Sanitation in the amount \$58,804); DOU: \$40,698 will be reported in fiscal year 2021.

² Beginning in FY24, the Wastewater Fund started recovering all uncollected charges from the Sacramento Area Sewer District (formerly known as Regional San before the merger effective January 1, 2024) for their accounts. In addition, in FY24 the Wastewater Fund retroactively collected outstanding charges from FY23 (\$23,764) and eight months of FY22 (\$44,990). These amounts are no longer liabilities for the Wastewater Fund. The table above reflects updated figures for FY22-24.

- ¹ The interest and investment revenue reported for FY25 includes further recovery of unrealized losses of fixed income securities in the City's Pool A portfolio reported in FY22. The figure also includes FY25 Pool A interest apportionment for the Wastewater Fund, which is invested in the City's Pool A portfolio.
- ² Miscellaneous revenues refers to Revenues From Other Agencies. It does not include contributed capital for the private development dedications.
- ³ The Wastewater Fund receives Wastewater Impact Fees that are deposited into a separate fund; however, the Wastewater Impact Fees are restricted and can only be used to cover eligible costs specified in the Sacramento City Code.
- ⁴ Pursuant to Measure I of the City Code (Section 41.10.150), the voter-approved general fund tax is equal to 11% of the collected utility rate revenue. City utility service rates are set at the amounts necessary to pay the City's costs of service, which includes the general fund tax. The general fund tax is calculated on an annual basis and transferred to the City's General Fund each year to support city wide services.
- ⁵ As part of the formal rating agency surveillance, rating agencies were informed that the Wastewater fund may eliminate the Rate Stabilization Reserve. The rating agencies felt that if the Rate Stabilization Reserve was eliminated, there would not be an impairment to the credit rating. Per the Revised Department of Utilities Designated Reserve Policy adopted by City Council on June 18, 2024 (Motion ID 2024-0161), the Balance in the Rate Stabilization Reserve was transferred to the Capital Reserve in the amount of \$1.2 million in Fiscal Year 2023-24.
