

Simple party crowns

You will need: Toilet paper rolls, washi tape, scissors, elastic cord and hole punch pliers (you could also use a darning needle to make the holes).

Do like this: Tape with the washi tape around the paper roll. Cut the points of the crown. Make two holes at the bottom. Thread the elastic cord through the holes and tie a double knot to fit a child's head.

**If you don't have washi tape, you can paint or color the paper roll.*
