

Blackbird Park Development (September 2020)

A 9.9-acre community park in North Natomas includes a 300' outfield baseball field with team dugouts, bullpens, bleachers, and scorer's table. There is a children's playground with swings, a blackbird climbing sculpture and two shade canopies, a large covered group picnic area with table seating for eighty, a serving table, and a group grill. The park includes a community garden with sixty regular and four accessible plots, a 1.6-acre large and 0.6-acre small dog parks, both with shade canopies, benches, drinking fountains, turf, and decomposed granite and shade trees. Also included is a 79-space parking lot, open turf area, walkways throughout the park with individual benches and tables, low water-use shrubs and large shade trees, drinking fountain, and park sign.
